White Loaf Flour
HAS MADE MILFORD MILLS FAMOUS

Why not keep your money in the Country? Why do you buy flour from other mills that steal a penny's worth every year? Why not keep your money at home instead of letting an outsider take your money? Our flour has made you a fortune, and if you will only try it, you will find it good and clean. Made up to date, why would you want to grind and sell it all the time and to the same trade? We have regular customers for White Loaf Flour who have been using all kinds of flour for years. We insist upon our money with those who spend their money with us.

Farmers' Business

We give particular attention to the business of farmers.

A checking account with a bank is a convenience for farmers and is by far the priority of the savings department. It is very advantageous to take advantage of the interest on your savings.

Our savings department is another excellent feature, offering, as it does, the privilege of putting small amounts in the bank without the disadvantage of not having enough money to draw interest on them.

We cordially invite the farmers to make use of this Banking House.
