LET SOME ACTION BE TAKEN.

It is to be hoped that at the meeting of the city council on Monday night, some action will be taken toward solving the problem of the 18th Street bridge being built in the wrong location.

The council has already decided that there is no definite answer to the question of whether or not the bridge should be built on the 18th Street. However, it is probable that some action will be taken toward making the bridge more suitable for the needs of the community.
