A "DIRTY" MISTAKE

There appears to be considerable unfavorable comment upon the action of the street committee in removing the accumulation of filth from one street and depositing it, as a filth, upon others.

In this "day and generation," when the world has gone mad on the germ theory, the objection of citizens to the depositing of such filth in front of their premises is well founded and the practice should be abated by the Town authorities.

WHY WOULDN'T IT?

THOUSANDS of Democrats who will attend the Baltimore convention may want to visit the battlefields of Bull Run, and other places of historical interest in this section of the state should the matter be looked after by those who may be interested in their coming.

Would it not be well for the Battlefield Park Committee to send a committee to Baltimore with full information as to hotel accommodations, transportation charges from Manassas to the battlefields and such other information as may be required by those who may care to visit these historic plains?

OMNIBUS CLAIMS BILL

UNLESS Senators Martin and Swanson can have the House items retained in the omnibus claims bill, Virginians will be the losers to a great extent, as the result of a decision of the Senate Committee on Commerce to side-track practically all such claims in this year's bill.

When the bill left the House there was something like one hundred items for losses sustained by individuals, lodges, associations and churches in Virginia during the war among the

FOLLOWING scenes of the wildest excitement the Newman faction of the District Democracy of Washington bolted the convention at the New Masonic Temple yesterday afternoon, soon after the convention was called to order and proceeded to the Odd Fellows Temple, on Seventh street, where they held a convention of their own. Two sets of delegates thus will go to the Baltimore convention. Edwin A. Newman, district national committeeman, who led the boltors, is an avowed supporter of Champ Clark for the presidency, and a brother of Acting Mayor of Newman of Manassas.

EASTERN COLLEGE

At noon yesterday, marked the closing of the thirteenth annual session of Eastern College. The work accomplished is highly gratifying to the head of the institution and its patrons.

Dr. Roop, president of the college, has labored diligently and laboriously against a multitude of difficulties, in his efforts to place Eastern College upon the high plane upon which it now stands as an institution of learning. He has viewed, with almost dismay, the hazards which confronted him along the pathway of his cherished ambition, but, at last, he now sees a gleam of light shining through the clouds of difficulty, which will brighten the way to the ultimate success, from every standpoint, of the institution, which Manassas should be proud.

WHO IS TO BLAME

By a decision recently handed down in the case of Toledo, et al. Railroad company versus Lander, 26 N. E. 319, a person approaching a railroad crossing has a right to expect that the statutory crossing signal, but the failure of the company in this respect will not excuse such person from the exercise of due care in the knowledge that he is approaching a railroad crossing. Many like accidents occur through carelessness of parties and which are in every case laid at the door of the railway company.

There is scarcely a day that the jumping off and on moving trains in the Manassas yards is not practiced by both men and boys, both against the warning of the railroad officials and in great danger to themselves. If the town authorities would sound a more effective warning by putting a fine upon the party found guilty of trespassing upon the railroad company's rule in such cases, the practice would soon be abandoned to the good of all parties concerned.

Whilst the practice of climbing over freight trains which are blocking the crossings should also be abolished by like means, and the town ordinances forbidding the blocking of crossings should be rigidly enforced.

FAKE ADVERTISING

THERE appears to be a strenuous campaign going on throughout the country against fake advertising. Several representatives of the Advertising Club of America attended the convention held in Dallas, Texas, Sunday, and from pupils of that city were delivered addresses to the various congregations, emphasizing the necessity of truthful advertising. We believe that such addresses will be conducive of much good throughout the land, as there is no one thing better calculated to stimulate business and trade as newspaper and magazine advertising, but the keynote of success in any kind of advertising is conformity with facts.

When the public once becomes convinced that the word of a business house is just as good when given in an advertisement as it is by word of mouth, in financial or other transactions, that house is sure to reap a splendid harvest and a just reward for the money expended in such advertisements. When on the other hand, a house stoops to untrue, wilful exaggerations, fake reduction sales and chicanery, then the day of such concerns are numbered and each advertisement of like nature but hastens its end.

The day is passed when an advertisement is simply a means of attracting attention, like a sign-board on the public highway, as a benefit to the buying public. An advertisement should truthfully tell the buyer what the seller is offering and the true price at which he is selling it. If advertisements are false in the representations the customer soon finds it out and the house loses his trade and his confidence. The last session of the Virginia legislature had this matter under serious consideration.

MISPLACED CONFIDENCE

It appears from well-authenticated information that Hon. G. J. Metze was the victim of misplaced confidence in the Eighth Congressional district convention, in Norfolk, last week.

While on board the steamer, "Southland," for Norfolk, the Prince William delegation held a meeting and organized by itself H. Thornton Davies, chairman, and Mr. Metze, secretary.

Upon inquiry as to whether any of the delegation desired anything at the hands of the convention, R. A. Hutchison stated that he desired to be selected as Elector for the Eighth District and Mr. Metze expressed his wish to be sent as a delegate to the Baltimore convention, whereupon there was a motion adopted by which the Prince William delegation unanimously pledged its support to both Mr. Hutchison and Mr. Metze in carrying out their respective wishes. Upon further motion the unit rule was adopted.

The following morning in the convention, Mr. Davies, chairman of the Prince William delegation, nominated Mr. Hutchison as elector, in accordance with his expressed wish, and in accordance with the pledge of the delegation, but declined to nominate Mr. Metze as delegate to Baltimore.

To say the least, if the foregoing statement is true, this was bad treatment and is apt to be remembered by the voters of Prince William county in the future.

PARAGRAPHS

SOME people are like monkeys; the higher they climb the plainer they show—their dirty feet.

LILLIAN RUSSELL, the famous actress, beauty and matrimonial artist, is actually going to marry some Moore.

THE ONLY hope Taft has in succeeding himself in office lies in the probability of a different result in the general election than in the referential primaries.

This week has been quite a slippery time in crossing the streets of Manassas but those who contributed to the Oil Fund are making tantalizing faces at the dust.

BALTIMOREANS say the Democrats will win because they will have their convention in Baltimore, and that the Republicans will lose because they chose some other city. Nothing like "whooping up" your own town.

IN THE early part of the campaign the Tafites claimed that Roosevelt has violated the oath of office sworn to on the same bible Lincoln kissed. Now these same politicians are scrambling to get above the Roosevelt bandwagon.

When the little building on the new Prince William hotel lot, on Main street, left its foundation this week for its out-in-the-country location, it having been purchased for the meager sum of \$10 by T. H. Athey, one of the oldest inhabitants of the town passed into history.

This building was primarily built for a drug store for Alexander & Lauck, who were succeeded in the drug business by Dr. J. W. Hernbaker, and was subsequently occupied as a jewelry and watch-repairing establishment by Burton A. Reale, T. F. Hollowell and H. B. Wenzel.

It was also in this little building that Mrs. Agnes Wey, aunt of Acting Mayor Newman, began the first confectionery business carried on in Manassas. The building was also used as a law office by the late J. L. Davies and Lucian A. Larkin, Jr., and lastly by Robert A. Hutchinson who vacated it upon taking possession of his more up-to-date apartments on Main street.

vilion, recently erected by the Ladies' Memorial Association, within the shadow of the Confederate monument, and decorated with Confederate colors, the assembly was called to order by Dr. H. L. Quarles, Master of Ceremonies, after which the Massas orchestra, led by Mrs. J. Walter Bernhard, rendered a stirring number. This was followed by General Lee's favorite hymn—"How Firm a Foundation," which was creditably rendered by W. E. Dubois.

Dr. H. U. Roop, tenor and Chas. Collins, basso, accompanied by the orchestra.

The invocation was delivered by Rev. P. A. Arthur, rector of Trinity Episcopal church of Manassas, who prayed for the noble women who labored to keep green and each year strew with flowers the graves of Southern heroes, and whose object it is to hand down to posterity the memory of those who had fallen in defense of the homes they once enjoyed in the prime of youth and manhood.

The ritual of the U. D. C., which breathed the spirit of pure devotion to the Southern cause and offered thanks for the privilege of coming through years of trial and struggle with untiring efforts pure, patriotic and courageous people untarnished, and nothing to regret in the defense of the right and of the honor of the Southland, was heartily responded to by the assembly.

The assembly, led by Mrs. B. T. Hodge, repeated the favorite song of that great chieftain

who led the Southern forces to victory, in the face of overwhelming odds, upon the "firm foundation" which was breathed in that sacred melody. This was followed by the song, having for its title the last words of the immortal Stonewall Jackson—"Let us pass over the river and rest under the shade of the trees," which was sung by the school children with Miss Hodge as leader.

While the graves were being strewn with flowers by the children, dressed in spotless white, the orchestra rendered in subdued strains the old plantation melodies which were so dear to the hearts beneath the sacred sod, and whose ears were deaf to the sweet melodies that were mingled with the flowers being tenderly placed upon their graves.

One of the most pathetic features of the ceremony came with the roll-call of Fowell Camp Confederate Veterans, and the shout of crosses of honor. These hoary head veterans, now few in number, are fast marching to their bivouac beyond.

The crosses of honor were bestowed upon Mr. George H. Smith, G. H. T. Morris of F.A.C., John R. Tillett, of F.A.C., and to Misses Anne Virginia Baker, formerly of Richmond; by Mrs. A. W. Sinclair, president of the Manassas Chapter United Daughters of the Confederacy who spoke feelingly of the value of the Confederate soldier who merited the honor of these bibles which it was the pleasure of her chapter to bestow upon them.

A touching tribute entitled "Hannpy Day" was sweetly sung by Mrs. B. Frank Pattle, with Mrs. Dr. W. A. Newman as accompanist. A beautiful and touching tribute to the Southern dead was paid by Dr. H. M. Clarkson in a poem composed by him for the occasion, entitled "Not all in vain."

A unanimous vote of thanks was tendered to Congressmen Sisson for his excellent address, after which the benediction was pronounced by Rev. Chas. L. DeLong, pastor of Grace M. E. Church, South.

Dr. H. L. Quarles, as chairman of the Committee to award a prize to the pupil of the graded school of Manassas for the best essay on the Battle of Shiloh, awarded the great, consisting of a two-and-a-half dollar gold coin to Miss Senie B. Cockrell and gave honorable mention to Miss Virginia Valentine Walker for the next best essay.

Modern Application of Jesus' Words by Pastor Russell

Wee Unto You, Doctors of Divinity! Ye Have Taken Away the Key of Knowledge: Ye Entered Not in Your Own Right, Therefore Are Ye Hindered.

Brooklyn, N. Y., May 5.—The Academy of Music was crowded today to hear Pastor Russell's discourse on "Jesus' Words to the Doctors of Divinity."

Knowledge, taking his text from Luke xi, 52, he said:

In the New Testament the word lawyer has a very different meaning from our general usage—it means those religious teachers of the Jews who made special professions of sanctity of heart and earnest desire to know God's will, as well as in the Mosaic Law, and to teach the same to the people. The corresponding class of today are designated Doctors of Divinity. Our text, therefore, with this correction, reads: "Wee Unto You, Doctors of Divinity! Ye have taken away the Key of Knowledge: Ye entered not in your own right, therefore are ye hindered."

When the common people heard Jesus, gladly they inquired "Have any of the Scribes and Pharisees believed on Him? Have the Doctors of Law endorsed Him?"

The Key of Knowledge Buried.

In our text Jesus charged the Jewish Doctors of Divinity with the responsibility of having buried the Key of Knowledge in order to keep it from the people.

It is this matter of misleading the people, deviating them, that constituted the basic of Jesus' charge against the Jewish Doctors of Divinity.

It is this matter of "misleading the people" that Jesus charged against the Doctors of Divinity when he said: "Ye have hidden the Key of Knowledge; ye have not entered in yourselves, and them that were entering ye hindered."

Necessity for Knowledge.

Knowledge of God, the knowledge of salvation, is indispensable for the attainment of the great prize of the High Calling. Thus Jesus said: "This is life eternal, that they might have light in it." The life of the world, God, and Jesus Christ, whom thou hast seen." (John xxi, 8.)

We are not to understand this to signify that anyone who has merely been made acquainted with the fact that there is one Creator, and that Jesus is His Son, is on account of this knowledge entitled to salvation. The "key" of knowledge is given to the elect, that they may be granted everlasting life.

Our Lord's words, however, refer to a knowledge of God, of His Son, and of ourselves—of personal acquaintance with God and His Son. And such an intimate acquaintance is not obtained merely by an introduction, but by companionship; it signifies an intimacy of acquaintance, a familiarity with God, which alone guarantees everlasting life.

To those who have come under the sanctifying influence of His Word, the Lord says today, as He did to His beloved apostle Peter, "I give unto thee the keys of the Kingdom of God, but to all outside these things are spoken in parables and dark sayings; that hearing they might not understand, and seeing they might not perceive." The outsiders—the Doctors of Divinity—are not permitted the Key of Knowledge.

"Even so, Father, for so it is in Thy Word." (Matthew xvi, 25, 26.)

What constitutes the Key?

The Key of Knowledge consists of the faithful study of God's Word, with an honest desire to know the things which are freely given unto us of God.

This implies a consecration of heart, for none—them who really desire that they might do the Divine will—and this implies also a faith in our Lord's promises that "he that doeth the will of My Father shall know of the Kingdom of God." (John iii, 21.)

**Mayor Gaynor
As a Champion
Of Liberty**

One of the greatest of the reforms instituted in New York by Mayor Gaynor related to indiscriminate and unnecessary arrests and the old practice of demanding bail in all cases no matter how trivial. When Mr. Gaynor entered the city hall he had a better knowledge of police conditions than any man who had preceded him. For years he had been expounding his contention that "this is a government of laws and not of men." He knew that the police had been arresting people without justification or warrant and that wholesale injustice had resulted.

Arrests of citizens were being arrested improperly and compelled to spend a night in jail or employ a professional balmancer.

He set his face straight against this, and the police were instructed to conform to the law in a lawful way. In consequence the number of arrests has largely decreased while respect for the law has greatly increased. In 1909 the New York police made 220,343 arrests. In 1910, which was Mr. Gaynor's first year in office, only 170,821 arrests were made, and last year this figure, despite the increase in the city's population, decreased to a total of 153,788, of which number 18,701 were made on summonses.

Mr. Gaynor's attitude on this question was made clear by his remarks to the new chief magistrate whom he had appointed for Manhattan and Brooklyn. He said to the chief magistrate: "The secret of chief magistrates is the most important of all. The state gives you large powers, and I expect you to exercise them. And, of all things, I trust you will gradually do away with trivial arrests and also the punishment of shall be trivial cases. There is no law compelling magistrates to require bail in every case. Bail is only

to be paid in every case. We have a public school, you know. His class has heads. It is a fine row. All writing is deficient. But it is known that he is a good teacher."

But his school is not the only one. A woolen mitt. As well as grammar could; he is a good teacher."

But his school is not the only one.
