HIDDEN MONEY

Quarries show that the percentage of money taken from the counties is higher than that shown by the official reports. The following figures, compiled by the Internal Revenue Service, are based on a study of financial transactions in various states:

<table>
<thead>
<tr>
<th>State</th>
<th>Percentage Taken from Counties</th>
</tr>
</thead>
<tbody>
<tr>
<td>Virginia</td>
<td>12%</td>
</tr>
<tr>
<td>Tennessee</td>
<td>15%</td>
</tr>
<tr>
<td>North Carolina</td>
<td>20%</td>
</tr>
<tr>
<td>South Carolina</td>
<td>25%</td>
</tr>
<tr>
<td>Georgia</td>
<td>30%</td>
</tr>
</tbody>
</table>

The above figures do not include the amount of money taken by the federal government through taxation and other means. The true amount of money taken from the counties is likely much higher.

Avoid all such contingencies by depositing your money with THE MANASSAS NATIONAL BANK OF MANASSAS.

Dear Sir:
