LACK OF HARMONY IN OUR MILITIA

The lack of harmony in our militia has been the subject of much talk lately. It is said that there is a feud between some of the officers and the men. The officers are accused of being too strict and the men are said to dislike their methods. It is hoped that this matter can be settled soon.

PERMANENT PASTURE A VALUABLE ASSET

Permanent pasture is a valuable asset to the farmer. It is said that many farmers who have permanent pasture on their farms are able to support a larger number of animals than those who do not have it. It is also said that permanent pasture is more profitable than cultivated land.
