HIDDEN MONEY

Question show that the percentage of money spent in banks is greater than that held in
bank vaults by over 100 per cent. And yet more money is driven away by
stealing, misappropriation, counterfeiting, etc., waiting for it to be
replaced. Moreover, not
alone in this land, but abroad
in every country and every
state there are bank failures
that are due to this
money's being
lodged in banks.

"Joy Among the Cooks"

We have just installed a new Purifier in our mill at a cost of $200.00, and given the mill a general overhauling, and have with us an expert miller, and our flour is giving entire satisfaction. We guarantee it to be as good as any of the Patent Flour shipped in the State. Five bushels wheat gets you 1 barrel of flour, and 5½ bushels of wheat gets you 1 barrel of flour and 66 pounds of offal. Your patronage solicited.

A LAWFUL FENCE

All men have a right to defend their property. The mere fact that a fence is an obstacle to the free use of a road or to travel does not free the owner of the fence from the obligation to make the fence as free from obstruction as possible. The right of the owner of the fence to make it as free from obstruction as possible is a matter of property rights, and the owner of the fence has the right to make it as free from obstruction as possible. The right of the owner of the fence to make it as free from obstruction as possible is a matter of property rights, and the owner of the fence has the right to make it as free from obstruction as possible.

GROWTH OF THE CORPORATION

Without new machinery, no corporation can grow. The corporation is the backbone of the community, and it is the backbone of the community. The corporation is the backbone of the community, and it is the backbone of the community.
