What Our Folks Say About F. J.

"It is a queer little paper. I have sometimes read "Farm Journal is like a bit of sunshine in our home It is making a better class of people out of farmers. It was first sent me as a Christmas present, and I think it the choicest present I ever received," says P. R. LeValley.

"We have read your dear little paper for nearly 40 years. Now we don't live on the farm any more, yet a still haves hankering for the old paper. I feel that I belong to the family, and every page is as dear and familiar as the faces of old friends," says Mrs. B. W. Edwards.

'How to raise hogs'—we who only use bacon in glass jars! 'How to keep cows clean!—when we use condensed milk even for rice pudding! 'How to plant' onions!—when we never plant anything more fragrant than lilies of the valley. I accepted the gift with thanks, for we are too well-bred to look a gift horse in the mouth. Soon my eye was saught by a beautiful poem. I began to read it, then when I wanted the Farm Journal I found my husband deeply interested in an article. Then my oliest son began to ask, 'Has the Farm Journal come yet?' He's a jeweler, and hasn't much time for literature; but we find Somuch interest and uplift in this fine paper that we appreciate our New Year's wift more and more." writes Ells B. Burkman.
