We're Always at Your Service

We are making good in our business by making good with the motorists. Good tires, quick service and moderate charges form the combination that is winning us bigger trade every day.

By good tires we mean Miller Tires—wned for uniform mileage. Uniform Miller means a tire that is because they are built by a process of uniform mixing and baking, from the mixing of the raw material to the baking. A tire trained all Miller Tires make to a single standard.

We tried to look in buying tires with Miller where you couldn't go wrong. One point more—the quick, telling service that we are rendering is our speciality, especially to those who have been using our tires.

Give us a chance to earn your patronage and you'll be glad you did here.
