THE TRUE STATE OF MANASAS' FINANCIAL CONDITION

BY CHAPMAN

How much Manassas' financial condition is in need of much improvement. The town is in debt, and the only way it can be relieved is through the sale of property. The town has a large amount of property that can be sold, and this would be a good way to get the money needed to pay off the debt.

Here are authentic figures from the Ford factory in Detroit. They are the results of a survey made throughout the Ford organization and mark a new chapter in the life of the customer, for April's production already 1,000,000 additional cars and trucks were delivered, making the actual total of the millions sold by Ford. These figures show that the demand for Ford products is growing in direct proportion to the increase in population. Already the Ford Motor Company is planning a new plant in this country to meet the growing demand. Other companies are not making such plans. Ford is leading the way in this country.

Meat that is Good to Eat
Meat that is good to eat is of all kinds—good for both the body and the mind. It is not the meat alone which is good for the body, but the meat and the mind which are good for the body. The meat and the mind which are good for the body are the meat and the mind which are good for the mind. The meat and the mind which are good for the mind are the meat and the mind which are good for the body.
