DON'T CROWD
WE'VE GOT PLENTY

Have you tried Sunoco Oil yet?
J. B. Glasgow, of Hialeah City, Mo., gives us the first "dose" of judging when he sent in a sample of his new six-course. He then drew hard. Here's what he wrote back:

"The stuff I got from you proved to be fine-especially for the Haynes. The car works better than it ever has before. I bought it. I have been trying to buy some oil of this type myself but, for some reason or other, there has been none. I am trying it in the factory today to have them see and see it." You, Mr. Prince William Motors, do not have to send to the factory for your valuable automobiles. You can get it right here in Manassas by dropping around to our garage.

And the reason you "suck" your motor, the reason you will get out of your car or any of your during the day because your car or all of it because your car is not going to be any good if you don't have a Sunoco Oil in it. We ask you use of them.

To the President of the United States,
White House, Washington, D.C.

Mr. President: At a crisis, I assume your attention in the matter of the current economic conditions. The situation is grave and urgent. It is not the place for a detailed report on the part of the man in the street; but I venture to suggest that if you will give the matter your best consideration, there is a possibility of avoiding a serious situation.

Yours truly,

Addressee

THE WAY TO WIN

How can you get a start?
The answer is plain: SAVE YOUR MONEY.

Unless you do, you will always be limited in the receipts you can make, the things you wish to buy, the trips you wish to take. That places the mark of a serious handicap, for The Peoples National Bank, where your money is safe, has the funds to aid you in all these ways.

No matter how small the amount, you will then be able instead of limited.

This is the way to win. Once it is won.

What Is A Bank For?

"There's money for everything. Did you ever ask yourself what a bank is for? The answer is simple. It is the largest and best stock just passed into your hand or stock you own. Your right to that stock is your money. If you sell it, you turn its money value into cash. Your right to that money is your bank...

Get your mony every time you need it. But you need it. And you need your bank...

LYONS VELVET HATS

If history is to be believed, women at one time wore straw hats

because of the fashion. Women is a crea-

ture of moods and by no means depends upon the weather

to tell her what to wear.

In winter sit wears hats of straw or lace—in summer, behold,

there is the change of season.

Because it is becoming almost always, and because it makes

so much of classical beauty, it has become the fashion

to cover the head through the seasons.

The summer season is one of the most gay and

brilliant in the year. The women are always

adorned with a gay headdress, whether it be

a hat or a scarf. The choice of the color and

style is usually left to the discretion of the

individual, who may select the one that

most suits her own taste.
