It took YEARS and YEARS to develop CAMEL QUALITY

We worked on Camel for years before we put them on the market. Years of testing—blending—experiencing—until our beloved cigarette had the flavor and the quality it now enjoys.

And now, EVERY DAY, all over the country, we are manufacturing and delivering over one billion cigarettes of CAMEL. In addition, we are continually working on new varieties of Camel to meet the changing tastes of our customers.

There's nothing else like Camel quality. And there's nothing else like Camel wonderful combination of soft tobacco flavor and FREEDOM FROM CIGARETTE AFFAIRMENTS.

That's why Camel popularity is growing faster than ever.

CAMEL. A better cigarette cannot be made. We put the utmost quality into this one brand.

LYONS VELVET HATS

If history is to be believed, women at one time wore straw hats in summer, and velvet hats in winter. Woman is a creature of moods and, by her nature dependent upon the weather, man to tell her what to wear.

In winter she wears hats of straw or felt—summer, behold, she dons the clothes of velvet.

Because the season is coming, always, and because these peculiarly adapted to the climate of the country, every of lovely woman's hats, and applied to her in her choice, has an individuality that is the charm.

These new models are in large, medium, and small shapes. The color list includes blue, green, pearl, yellow, lavender, and black.

The trimmings are of ribbon, in fancy effects. The Prince begins at $6.50 and ranges up to $25.00

No More Cake Troubles
When Instant Spans Form Cake Pans--
you need not do all those extra washings and 
trouble. Instant Spans make cakes in a few 
times, and all washings should be made in 
leaving a white instead of a black 
pan. Wash the Span deep in 
the sink with hot water 
and the lather will come 
right off.
