Finally found that note I received from Edith Sprouse awhile back. Here is a transcript:

Dear Don -

When I was sorting papers at the Stabler/Leadbeater Apothecary Museum I came across an intriguing printed document of Sept. 1848 from the TRIFORM AGRICULTURAL COMMUNITY at Betinville near Brentsville.

Steward: Edward King

Elders: [sic, she wrote no names/ DLW]

Matron: [sic]

This is filed in 1848 orders & invoices. Any idea of what it was?

I would have gotten a zerox for you, but the director is getting tired of my asking to zerox stuff.

We volunteers work on Monday mornings from 10 to 12. If ever you are in Alexandria then, come on in.

Edith

I have not responded to her letter because I haven't any immediate idea what it is or where additional information could be found, and have not had time to dig deeper. If you have any suggestions, please let me know. Thanks. **Don**
