

**MOTION:**

**December 21, 2021  
Regular Meeting**

**SECOND:**

**Ord. No. 21-**

**RE:           ADOPT 2021 REDISTRICTING PLAN**

**ACTION:**

**WHEREAS**, Article VII, Section 5 of the Virginia Constitution, and Section 24.2-304.1, VA Code Ann., requires the Prince William Board of County Supervisors (Board) to reapportion, or redistrict, the representation of the governing body among the election districts of the County; and

**WHEREAS**, on May 18, 2021, the Board adopted a set of redistricting criteria to aid an independent contractor, and the Board, in creating optional redistricting plans for consideration; and

**WHEREAS**, on August 4, 2021, after a competitive bidding process, the Board selected ARCBridge Consulting and Training, Inc. (ARCBridge) to serve as an objective, non-partisan vendor to draft optional redistricting plans for the Board's consideration; and

**WHEREAS**, on September 16, 2021, after a considerable delay, the United States Census Bureau released 2021 census data, and on September 30, 2021, the census data was adjusted by the Virginia Division of Legislative Services as required by law, the receipt of all such data being necessary before ARCBridge and the Board could begin the drafting of balanced election districts and redistricting plans; and

**WHEREAS**, in accordance with the instructions of the Board, ARCBridge drafted two (2) alternate maps, one with seven districts (Plan 1 seven districts), and one with eight districts (Plan 1 eight districts); and

**WHEREAS**, on November 9, 2021, ARCBridge presented the Board with the draft seven district and eight district maps, and after careful consideration, the Board resolved that ARCBridge should direct its efforts towards continuing with the drafting of a seven district map; and

**WHEREAS**, on December 7, 2021, ARCBridge presented the Board with a second seven district map (Plan 2), based on feedback from the public and Board members, and after consideration, the Board directed Staff to advertise the Plan 2 map for public hearing; and

**WHEREAS**, prior to advertising the Plan 2 map, County staff and the Office of Elections adjusted precinct boundaries where necessary to ensure that each precinct was wholly contained within a single congressional district, Senate district, House of Delegates district, and local election district, as required by Section 24.2-307, VA Code Ann.; and

**December 21, 2021**  
**Regular Meeting**  
**Ord. No. 21-**  
**Page Two**

**WHEREAS**, in accordance with Section 24.2-306, VA Code Ann., on December 9 and 16, 2021, the Board published notice of the proposed changes to election districts, precincts, and polling places and advertised the public hearing in The Prince William Times, a newspaper having general circulation in the County, together with instructions on how interactive maps and descriptions of changes could be viewed on the County website; and

**WHEREAS**, the redistricting material was available on the County's website for public review and comment, and a public hearing, duly advertised in a local newspaper for a period of two (2) weeks, was held by the Board on December 21, 2021, and interested citizens were heard; and

**WHEREAS**, all of the election district, precinct, and polling place changes must be submitted to the Virginia Attorney General for certification of no objection, pursuant to the Voting Rights Act of Virginia;

**NOW, THEREFORE, BE IT ORDAINED** that all existing election district boundaries, precinct boundaries, and polling places shall be abolished effective immediately, and shall be replaced and adopted with those boundaries and polling places set forth on the attached map and written descriptions, incorporated by reference herein;

**BE IT FURTHER ORDAINED** that the Prince William Board of County Supervisors hereby directs the Clerk to record a copy of this ordinance in the official minutes and to send certified copies of this ordinance, including a description of the boundaries and a GIS map showing the boundaries to the local Electoral Board, the Secretary of the Commonwealth, the Department of Elections, and the Division of Legislative Services in accordance with Sections 24.2-304.3 and 24.2-306 VA Code Ann.;

**BE IT FURTHER ORDAINED** that the Prince William Board of County Supervisors hereby directs the County Attorney to submit this redistricting plan to the Virginia Attorney General as required by the Voting Rights Act of Virginia.

## **EXECUTIVE SUMMARY**

---

The Constitution of Virginia requires the Prince William Board of County Supervisors (Board) to change its district boundaries every ten (10) years in the year ending in one (1) using the most recent decennial population figures. Therefore, the Board is required to adopt a redistricting ordinance in 2021.

On May 18, 2021, the Board adopted its Redistricting Criteria, asked staff to consider seven and eight districts, and decided to use a consultant to serve as an objective, non-partisan vendor to draft redistricting plans for the Board’s consideration. After a competitive bidding process, ARCBridge Consulting and Training, Inc. (ARCBridge) was selected as the county’s consultant for the 2021 redistricting process.

Using the U.S. Census Bureau data, as well as Board and staff feedback, ARCBridge drafted two (2) maps for the Board’s consideration, a seven-district plan and an eight-district plan. During its meeting on November 9, 2021, the Board decided to move forward with the draft seven-district plan, Plan 1, to gain public input and additional feedback from Board members. Based on that feedback, ARCBridge drafted Plan 2 for the Board’s consideration.

During its meeting on December 7, 2021, the Board decided to move forward in advertising Plan 2 for the redistricting public hearing, scheduled for December 21, 2021. All the redistricting material is available on the county’s website for public review and comment, and a public hearing, duly advertised in a local newspaper for a period of two (2) weeks, will be held by the Board on December 21, 2021.

Prior to advertising the Plan 2 map, county staff and the Office of Elections adjusted precinct boundaries where necessary to ensure that each precinct was wholly contained within a single congressional district, Senate district, House of Delegates district, and local election district, as required by the Code of Virginia.

The Plan 2 map meets the criteria and legal requirements of redistricting, fairly apportions the county’s population, and has a low maximum deviation of 2.66 percent, far less than the maximum permissible deviation threshold of 10 percent. Therefore, it is recommended that the Board adopts the 2021 Redistricting Plan, to include the ordinance, precincts, and polling places attached.

**BACKGROUND**

Redistricting is the process of redrawing lines for election districts and precincts and establishing polling places in order to give, as nearly as practicable, representation on the basis of population. The Constitution of Virginia requires localities to change their district boundaries every ten (10) years in the year ending in one (1). The Code of Virginia requires localities to use the most recent decennial population figures from the U.S. Census for the purpose of redistricting and reapportionment, so that election districts are of equal proportion and the population of the county will have equal representation. Local election districts must be established and altered by adoption of an ordinance. Therefore, the Board is required to adopt a redistricting ordinance in 2021 using the most recent data from the U.S. Census, as adjusted by the Virginia Division of Legislative Services.

Local redistricting will also alter the districts for the members of the School Board, as they are elected from the same districts as the Board (other than the chairs for each board, who are elected at large).

On May 18, 2021, the Board adopted criteria to guide the process of revising local election district boundaries. The following criteria provide guidance to the Board, contractor, and staff in the development of redistricting maps:

- Election districts shall be “as nearly equal in population as practicable.”
- Election district populations shall not exceed five percent less or five percent more than the ideal district population.
- Election districts shall be drawn in a way that assures equal opportunities for racial and ethnic communities to participate in the political process and shall not diminish their right to elect candidates of their choice, as mandated by the Voting Rights Act.
- Election districts shall be compact and contiguous, with due regard to natural features and accessibility of voting places.
- Election district boundaries shall follow clearly observable boundaries.
- Election districts shall avoid splitting precincts, as precincts must be wholly contained within single congressional, state, and local election districts.

- Election district boundaries shall preserve communities of interest, to the maximum extent possible. A community of interest means a neighborhood or any geographically defined group of people living in an area who share similar social, cultural, and economic interests.
- Election district boundaries shall recognize incumbency of both the Prince William Board of County Supervisors and the Prince William County School Board, to the maximum extent permissible under law and consistent with the other criteria, so that existing incumbent office holders remain in separate districts.
- Election district boundaries shall maintain existing boundary lines, where possible, if existing locations can be reasonably accommodated.
- Election district boundaries shall be politically fair, so as to not unduly favor or disfavor any political party.
- The redistricting process should result in meeting the basic representational and constitutional requirement of “one person, one vote,” as applied by the Supreme Court in Reynolds v. Sims.

The U.S. Census Bureau released the legacy Census data on Aug. 13, 2021, and released the prison population adjusted data, which the Board is required to use for reapportionment purposes, in September 2021. Based on that data and feedback from the Board members and staff, ARCBridge drafted two (2) maps for the Board’s consideration, a seven-district plan and an eight-district plan.

During its meeting on November 9, 2021, the Board decided to move forward with a seven-district plan, Plan 1. The plan was then posted on the county’s website and public comment was received on the map over a period of several weeks. A total of 39 comments were received from the public regarding Plan 1. Based on the feedback from the public and the Board, ARCBridge drafted Plan 2 for the Board’s consideration.

**Maximum Deviation is 2.66%**

During its December 7, 2021, meeting, the Board decided to move forward in advertising Plan 2 for the redistricting public hearing, scheduled for December 21, 2021. The Plan 2 map was posted on the county's website, and in accordance with the Code of Virginia, the Board published notice of the proposed changes to election districts, precincts, and polling places and advertised the public hearing in a newspaper two (2) weeks before the public hearing date, together with instructions on how interactive maps and descriptions of changes could be viewed on the county website.

Prior to advertising the Plan 2 map, county staff and the Office of Elections adjusted precinct boundaries where necessary to ensure that each precinct was wholly contained within a single congressional district, Senate district, House of Delegates district, and local election district, as required by the Code of Virginia. While the Board is responsible for drawing the local election boundary lines, the Virginia Supreme Court is responsible for drawing the congressional election boundaries, as well as the boundaries for the state senate and state house election districts. Therefore, it is recognized that staff will have to reprecinct in early 2022 once the Supreme Court of Virginia adopts new congressional and state election district boundaries.

All the redistricting material is available on the county's website for public review and comment, and a public hearing, duly advertised in a local newspaper for a period of two (2) weeks, will be held by the Board on December 21, 2021.

Once the Board adopts the 2021 Redistricting Plan, all of the election district, precinct, and polling place changes must be submitted to the Virginia Attorney General for certification of no objection, pursuant to the Voting Rights Act of Virginia.

## **STAFF RECOMMENDATION**

---

It is the recommendation of staff that the Board adopts the 2021 Redistricting Plan.

### **Service Level / Policy Impact**

The purpose of adopting a redistricting plan ensures that the County will have election districts of equal proportion and the population of the County will have equal representation, which are in compliance with state and federal laws and regulations.

### **Fiscal Impact**

No costs will be incurred by the Board adopting the 2021 Redistricting Plan. It is important to note that there are costs associated with the creation and administration of new precincts and polling places; however, the total of that number will not be known until the Supreme Court of Virginia adopts new state and congressional districts, allowing the county to reprecinct in early 2022 to ensure that precincts meet the legal requirements of being wholly located within local, state, and congressional districts. The county's Fiscal Year 2022 Budget added \$600,000 to the Office of Election's budget, which assumed approximately ten (10) new precincts. If additional precincts are required beyond the (10) precincts included in the Fiscal Year 2022 Budget, those costs will be included in the Proposed Fiscal Year 2023 Budget.

### **Legal Impact**

The Constitution of Virginia and the Virginia Code require that the County adopt a redistricting plan in 2021 that reapportions the County's population into nearly equal districts. Adopting the attached 2021 Redistricting Plan will satisfy the Board's obligations under the law.
