MANASSAS BOY PAINFULLY HURT

Vehicle in Which He Was Riding
Struck By Automobile and
Completely Demolished.

Thomas Fately, young son of Mr. and Mrs. C. D. Fately, was painfully injured on Saturday night of last week when a buggy, in which he was riding with Ernest Twine, the latter colored, was struck and demolished by an automobile supposed to have been driven by Otis Breeden, son of Mr. A. H. Breeden, who lives between Manassas and Milford Mills.

Young Fately and Twine are both employed by the Sanitary Lunch Room. While the two were on their way from work to their respective homes at a late hour on Saturday night they were run down on Main street, near the residence of Mr. E. B. Giddings. The automobile struck the horse drawn vehicle with such force that the latter was torn loose from the horse and completely demolished. Fately, who was riding on the left side of the buggy seat, was thrown out of the vehicle and badly bruised from head to foot. At this time he is apparently recovering from his injuries, and it is not thought that he is seriously hurt. Twine saved himself by jumping from the buggy before the automobile collided with it.

The screams of young Fately were heard by persons living near the scene of the accident, who, after rendering such first aid treatment as they could, conveyed the young man to the home of his parents.

The driver of the automobile, either wantonly, or by reason of the excited state of his mind following the collision, did not stop to render the injured boy aid or assistance. The officers of the town upon being informed of the accident, immediately set to work to discover, if possible, the guilty party or parties, and it was soon learned that suspicion pointed strongly to young Breeden. After gathering certain rather damaging evidence against him, he was placed under arrest Wednesday afternoon charged with violating Chapter 407, Acts 1922, and will be given a hearing before Mayor Davis this afternoon. He is now out on bail in the sum of \$500.

For the information of the automobile driver the act referred to is published herewith in full:

"Be it enacted by the General Assembly of Virginia, that it shall be unlawful for the driver or operator of any motor vehicle or other vehicle, which shall have run into, over, or collided with, or in any way injured, any person, persons or property upon the public highways, streets or alleys of this State, to fail to stop such vehicle and return to the place of the accident and render such aid and assistance to the person, persons or property so injured as may be necessary or possible under the circumstances, giving his name and address to the person or persons so injured.

"Any person violating any of the provisions of this act shall be guilty of a misdemeanor, and upon conviction, shall be fined not more than two hundred dollars, or be imprisoned not exceeding one year, or both."

GAINESVILLE

Meredith Holstein herd, numbering forty-eight animals; also to the Hackland herd, near Gainesville, owned by Mr. Green Carter. The test proved both herds free of tuberculosis and they are eligible to be classed on the state record as accredited herds.

—We have been informed by Supt. Gue of the Municipal plant that there will be neither light nor power next Sunday from 7 a. m. owing to necessary repairs being made at the power plant.

MANASSAS MAN CHOSEN

Mr. B. Lynn Robertson Will Represent State at Wheat Conference.

Mr. B. Lynn Robertson, proprietor of the Manassas Feed and Milling Co., has been appointed by Governor E. Lee Trinkle, a delegate to represent the State of Virginia at the National Wheat Conference to be held in Chicago June 19 and 20, 1923.

This is a conference called by the governors of the different states for the purpose of finding a satisfactory solution for the wheat problem which now confronts the nation.

To this conference have been invited representatives of organizations of agriculture, commerce, elevators, millers, bakers, retailers and railroads as well as of educational bodies interested in the production and consumption of our wheat crop.

It is not a market that is needed for the wheat but a more profitable market, and realizing that higher prices for wheat can only come through increased demand, an outlet for the surplus production in the United States must be found by educating the public to consume more wheat in the form of bread and cereals.

QUANTICO BANK CLOSES DOORS

Fredericksburg Man Appointed Receiver of Institution by Judge S. G. Brent.

A special dispatch from Fredericksburg under date of June 10, to the Times-Dispatch, says:

The Bank of Quantico was closed Saturday evening, following examination by F. B. Richardson, chief state bank examiner, and W. J. Ford, of Fredericksburg, has been appointed receiver by Judge S. G. Brent, of the Prince William County Circuit Court. Closing of the bank is reported to have been due to holding paper, which became questionable when a cotton mill in North Carolina failed, and not having sufficient capital and surplus to absorb the loss. The bank has \$10,000 paid-in capital, \$7,500 surplus and profits, deposits of \$150,000 and \$50,000 in reserve funds.

The depositors are principally officers of the Marine Corps, stationed at Quantico. It is believed that the depositors will suffer only small loss. The bank is controlled by interests in North Carolina, it is reported.

HAYMARKET

The finals for Haymarket graded school were held on Tuesday evening and the high school on Wednesday evening at the Parish Hall. On both occasions the programs presented were very attractive and well arranged, and were composed of songs, pantomimes, short plays and drills.

A large number of pupils in both schools received certificates of promotion. There were no graduates, this being the first year of the full high school for Haymarket.

Supt. Chas. R. McDonald made an address on Wednesday evening. The finals were attended by a large number of patrons and friends.

Mr. and Mrs. W. M. C. Dodge and family have reopened their home here, after an absence of six months spent in Washington.

Rev. and Mrs. W. W. Gillis, of Baltimore and Haymarket, have opened their bungalow here for the summer.

DEMONSTRATION AGENTS TO MEET

Conference Will Be Held Monday to Complete Plan for Tri-County Short Course.

(Miss Lillian V. Gilbert, County Home Demonstration Agent)

Next Monday, June 18, Misses Annie L. Garrett and Roberta Moncre will be in Manassas to complete plans for the tri-county short course for girls of Stafford, Fairfax and Prince William.

One of the most helpful programs ever used in the county will be used this year. Girls are busy getting ready to attend, and it is hoped that no mother will keep her daughter away if she is eligible to come.

It is the plan of demonstration work to select as many girls as possible, who may possibly make local leaders. It is hoped that two girls will attend from each club in the county. If nothing happens to prevent, the program of the work will be printed in the next issue of The Journal.

This short course will be held at Eastern College July 9-14. The girls will live in the college, coming in the afternoon of the 9th and leaving on the afternoon of the 14th.

The county girls are busy now getting started with their bread work. During the months of June, July and August the girls will study the making of soda and baking powder biscuits, and corn meal muffins. Demonstrations in judging good bread will be given and this course will close with the three girls in the county making the best record, meeting three girls from each of ten counties at Charlottesville, where the final contest will be held. The three girls making the best record there will be given a scholarship to the state short course in 1924.

The thirty-three girls will be entertained free of charge and will also be given a trip to Monticello.

Another opportunity that comes to the girls of the state this year is through the efforts of Miss Hannah Wessling, formerly bread specialist in the Washington office.

Miss Wessling is still interested in the women and girls of the south and through her efforts a state short course scholarship will be given in each district. The girls entering this contest make loaf bread. The bread will be judged at the state fair, and the scholarship awarded to the girl in each district making the highest score. It is not too late for girls to enter this contest. Yeast is furnished each girl; also books giving recipes.

We are sorry we are not going to have a county fair this year. The next best thing is district fairs. The people in three districts have completed their organization and prospects are good for little county fairs in the districts. They are starting off as follows:

Brentsville district, with Mr. J. B. Manuel at the head; fair to be held at Nokesville, September 27th.

Coles district, with Mr. C. R. Earhart as president; to be held at Gold Ridge; date yet later.

It is urged that representatives from all communities in the district attend this meeting.

Ocoquan district completed its organization, with Mr. J. L. Dawson, president. This fair will be held at Bethel high school, the date, Friday, October 12th. A meeting is called for Monday evening, June 18th, at which time final plans for the catalogue will be made.

It is the plan in each district to have the catalogue ready as early in July as possible.
