WOULD BUILD POST OFFICE

Bill Introduced in Congress Provides for Construction of Building Here.

A bill appropriating \$50,000 for the construction of a post office building here on property purchased for this purpose by the government, and situated at the corner of Church and West Streets, has been reintroduced in Congress by Representative R. Walton Moore, of this district. The bill has been referred to the Committee on Public Buildings and Grounds.

A similar bill was introduced at the last session of Congress, but failed to be enacted. It is expected, however, that the bill will be favorably acted on at the present session.

In his message to Congress, President Coolidge directed attention to the failure to provide necessary public buildings throughout the country, and recommended the construction of such additional buildings as had been made necessary by the increase in government business.

Congress is expected to be more liberal in appropriations for public buildings at this session than for the past several sessions, and it is believed that the chances for the passage of the bill authorizing construction of the building here are good.

HIGH SCHOOL LOSES

The Manassas high school basketball team lost its first game of the season Saturday night at Marshall, when the high school team of that place defeated the local school by the score of 19 to 9.

BANKS CLOSE DEC. 25 AND 26

Governor Declares Saturday Holiday—Post Office to Close Christmas.

Because Christmas comes on Friday, and at the request of the President of the Virginia Bankers' Association, Governor E. Lee Trinkle, by official proclamation, has declared Saturday, December 26, a legal holiday in Virginia, and local banks will therefore be closed from Thursday evening of next week until the following Monday morning.

Local stores are expected to close Christmas day as usual, but they will reopen Saturday morning. The local post office will be closed Christmas day, and there will be no rural delivery that day.

The proclamation issued by Governor Trinkle reads as follows:

"Whereas, Saturday, December 26, of the present year falls between Christmas Day and a Sabbath, and, whereas, under our present customs all Saturdays are observed as half holidays by the State and municipal governments and by the banks throughout the Commonwealth, and, whereas, personal appeal has been made to my office by the President of the Virginia Bankers' Association that, in the interests of the common good I designate Saturday, December 26, of this year, as a day set apart for a continuance of holiday observance, and,

"Whereas, under Section 5753 of the Code the Governor is vested with authority to designate as a holiday for purposes of prayer and of thanksgiving by the people any date which to him may seem appropriate for the purposes named, now,

"Therefore, I, E. Lee Trinkle, Governor of Virginia, do hereby designate the said Saturday, December 26, 1925, as a holiday, to be set aside as a period in which to continue actively and in spirit that performance of thanksgiving and of prayer customary among Christian people during the Christmas holidays.

"Given under my hand and under the lesser Seal of the Commonwealth, at Richmond, this fourteenth day of December, in the year of our Lord one thousand nine hundred and twenty-five and in the one hundred and fiftieth year of the Commonwealth."

TRAINS RUNNING LATE

Owing to the heavy passenger and express traffic many local Southern Railway trains have been running late during the past few days.

SUPERVISORS MEET MONDAY

The regular monthly meeting of the Board of Supervisors will be held at 10 o'clock Monday morning, instead of Tuesday as usual. The date for the December meeting was changed because of the approaching holidays.

REID—MAYHUGH

Shirley M. Reid, 25 years old, son of Mr. and Mrs. John M. Reid, and Miss Lessie Lucille Mayhugh, 21 years old, daughter of Mr. and Mrs. T. B. Mayhugh, both of Greenwich, were issued a marriage license at the clerk's office here Tuesday.

JARMANS NOW TOWN OFFICER

County Jailer Elected as Additional Officer by Town Council Monday.

Robert Jarmans, county jailer, was elected to the police force at a special meeting of the Town Council held on Monday night for the purpose of considering the question of putting on another officer. Jarmans was immediately assigned to duty, and under instructions from the Mayor went on duty Tuesday morning. Town Sergeant W. H. Jeffries was assigned to night duty.

The increase in the police force is expected to be permanent, although the matter of placing the additional officer on duty was probably hastened by requests from merchants and others for better protection during the holidays.

Mr. Jarmans has been a deputy sheriff and county jailer for several years, and has on numerous occasions during that period, been placed on duty as a special town officer.

Other applications for the position had been filed with the Council but the election of Mr. Jarmans followed a decision of the applicants.

26 DRY LAW CONVICTIONS

Over Seven Thousand Gallons of Mash Destroyed According to Officer's Report.

Seven thousand, four hundred and fifty-eight gallons of mash, ninety-nine gallons of liquor and twelve stills taken, and twenty-six persons whom he arrested were convicted for violations of the state prohibition law, according to a report of Special County Officer R. H. Duval, covering the period from February 21, this year, when he was appointed, to December 10.

The jail sentences of persons whom he arrested for violations of the state prohibition law totaled thirty-three months and ten days. Three automobiles were seized, as well as a wagon, buggy and harness and horse. Total fines imposed on persons whom he arrested amounted to \$1,890.

In addition to the twenty-six convictions for violation of the state prohibition law, nine persons were arrested and later convicted for violating the state highway laws and similar misdemeanors.

Two cases in which Duval was the arresting officer are now pending in the Circuit court, according to the report.

CIRCUIT COURT SESSION ENDS

Several Criminal and Civil Cases Disposed of at December Term Last Week.

After disposing of several small civil cases Friday the December term of Prince William county circuit court was adjourned that afternoon by Judge Samuel G. Brent. A number of civil and criminal cases went over to the February term of court.

During the five days that court was in session many criminal and civil cases were disposed of. One robbery case and three prohibition cases resulted in convictions.

An automobile and a horse and buggy taken in prohibition cases were ordered sold by the court.

COUNTY DELEGATION RETURNS FROM ROAD HEARING MUCH ENCOURAGED OVER PROSPECTS

Believe Highway Commission Will Agree to Complete Milford Road as Result of Open Hearing Yesterday.

A delegation of over twenty representative citizens from Manassas and Prince William county returned from Charlottesville last night after appearing before the State Highway Commission yesterday in the interest of the completion of the Manassas-Warrenton road, much encouraged over the prospects for the completion of this road next year and the possibility of having the state take over for maintenance a road connecting the Richmond-Washington and Lee and Jackson highways. The Highway Commission held its open hearing on the allocation of road funds and the two and one-half per cent mileage addition to the state highway system in the courthouse at Charlottesville.

Commonwealth's Attorney Thos. H. Lion, B. Lynn Robertson, R. S. Hynson and James R. Larkin addressed the commission in behalf of the delegation from this county. Mr. Lion opened the discussion before the commission by stating the purpose of the attendance of the delegation from this county. He spoke of the advisability of taking over a highway through this county which would connect all of the main North and South highways leading out of Washington to the South and Southwest, and then introduced B. Lynn Robertson.

Mr. Robertson discussed the historic value of a highway passing through the Manassas battlefields and, of its present military value in offering an outlet to the West for the marine base at Quantico. He read to the Commission a letter written by the commandant of the marine corps commending the effort to build a road from near Quantico on the Richmond-Washington highway, through Manassas to the Stone House where it would cross the Lee Highway and thence West, crossing the Jackson Highway in Loudoun county.

R. S. Hynson brought to the attention of the Commission the fact that citizens of Prince William county had contributed \$12,000 towards the construction of a road from Manassas to Warrenton under an agreement with the state to build the road, but that the road had never been completed.

James R. Larkin, chairman of the Board of Supervisors, discussed the advantages of completing the Manassas-Warrenton road as a detour for the Lee Highway, while that road is under construction.

The following were among those from Manassas who attended the meeting:

Thos. H. Lion, James R. Larkin, A. S. Boatwright, J. C. Parrish, T. T.

SHAMROCK WINS OPENING GAME

Local Athletic Club Basket Ball Team Defeat Team From Alexandria.

The Shamrock Athletic Club won its opening game of the season here Tuesday night, when it defeated the St. Mary's Celtics, of Alexandria, on the high school gymnasium court by the score of 33 to 29. The game was fast throughout the four periods and was featured by long shots which Lynn made twice in succession from the center of the floor. Lynn was easily the star of the game, caging no less than eleven field goals.

The Shamrocks will play Warrenton Athletic Club, at Warrenton, Tuesday night, December 22.

The line-up of the teams follows:

Muddiman	rg	Allen
Myers	lg	Latham
Curtis	c	Meade
Baker	lf	Moore
Lynn	rf	Wingfield

Substitutions: Manassas—Seeley for Baker. St. Mary's Celtics, Pierpont for Allen, Brenner for Latham, Cronin for Meade, Gorman for Moore and Zimmerman for Wingfield.

The Shamrocks made six personal fouls and the Celtics two personal fouls.

Curtis, W. Hill Brown, B. Lynn Robertson, R. S. Hynson, J. P. Leachman and G. Raymond Ratcliffe.

The following were among those present from the county:

Lindsay Dawson, Rolfe Robertson, J. E. Keys, T. R. Hurst, C. C. Lynn, W. L. Heuser, W. L. Latham, T. O. Latham, Dr. Wade C. Payne, Moffett Spilman, William Jordan and C. C. Furr.

Members of the commission present were H. J. Shirley, chairman, and Wade H. Massie and Hugh B. Sproul.

The Staunton district was first called and delegates appeared from the following counties: Page, Rockingham, Augusta, Alleghany, Rockbridge and the city of Buena Vista. The Alleghany county delegation submitted a brief in behalf of a modern State highway from Lexington to the West Virginia State line and passing through Longdale, Clifton Forge and Covington, setting forth claims for the rapid completion of this road, and urging the commission to utilize all funds, Federal or State, which may be available for this purpose.

From the Lynchburg district came delegates from Campbell, Pittsylvania and Appomattox counties. A delegation from Alexandria urged the allocation of funds for the building of a new bridge over Hunting Creek.

Projects in the Culpeper district were urged by representatives from Albemarle, Arlington, Culpeper, Fairfax, Fauquier, Fluvanna, Greene, Loudoun, Louisa, Madison, Orange, Rappahannock and Spotsylvania counties. Representatives from Arlington county expressed interest in the proposed Piedmont Highway from Washington over the Columbia Pike, by way of Manassas, Culpeper, Orange, Charlottesville, Lynchburg, Danville and into the Carolinas as far as Kinks Mountain.

Projects in the State Highway System as one of the main thoroughfares from Washington to the South. This route, they say, needs only a few connecting links to make it complete, and should prove one of the most important highways of the state, as it would traverse the heart of Virginia.

The name for the proposed route, suggested by Senator J. Cloyd Byars, of Arlington, is the Monticello Highway. Representatives from Louisa county asked for the improvement of the road from Mineral to Ashland, and the four miles from Mechanicsville to Troy.

Former Senator John S. Chapman, of Greene, urged that work on the Spotswood trail be continued as far as Standardsville.

WOMAN INJURED BY TRAIN HERE

Buggy in Which Colored Woman Was Riding Struck By Passenger Train.

Alice A. Taylor, colored, wife of W. C. Taylor, principal of the Manassas Industrial School for colored youth, was thrown several feet and seriously injured when a buggy in which she was riding was struck and completely demolished by Southern southbound passenger train No. 15, due here at 6:18 o'clock last night, as the woman was attempting to drive across the tracks at the West street crossing, near the local passenger station. A freight train, northbound, had just passed the crossing when the woman started to drive across the tracks from the passenger station towards Centre street. She is reported to have said that she did not see the approaching passenger train, which was already slowing down for the station when it struck her.

The horse which the woman was driving had cleared the main line tracks, and only the rear wheels of the buggy were across the tracks when the engine of the passenger train struck it, smashing it to pieces and throwing the woman several feet.

FAUQUIER FARMER DIES

Charlie Daniell, a well-known Fauquier county horseman, died at his home near Warrenton Tuesday afternoon. Dr. F. A. Georger was immediately summoned but death had been instantaneous.

Mr. Daniell was 72 years old. He was twice married; his first wife being Miss Anne Hooe. His second wife was Miss Elizabeth Payne, who survives him as does an only daughter, Mrs. William Alexander Sergeant, of Roanoke, and one brother, Ray W. Daniell, of Warrenton. Mr. Daniell served as a major in the British army in the Boer war.

DONATE \$810 TO PARK DRIVE

Portner Realty Company Makes Large Contribution Towards Shenandoah Park.

The Portner Realty Company has contributed \$810 for the purchase of 135 acres in the Blue Ridge mountains as its part of the Prince William county quota in the drive for funds for the Shenandoah National Park, according to an announcement made by B. Lynn Robertson, county chairman. A check for \$135 has been forwarded Mr. Robertson as the first payment on the subscription, the balance to be paid if the National Park is located in Virginia.

The Prince William county quota is 1,333 acres, or \$7,998. Approximately 1,100 acres have been purchased in this county, leaving 235 acres still to be sold in order to complete the county quota.

An effort will be made to complete the county quota either before or during Shenandoah National Park week, the date for which will be fixed in the near future. During that week a state-wide campaign will be launched to complete the entire state's quota of \$2,500,000 for the park.

CAPTURES TWO LARGE STILLS

Prohibition Officer R. H. Duval Raids Big Distilleries Near Black Hills.

Two large distilling outfits, one of eighty gallons and the other of forty gallons capacity, each of them complete in every detail including large fermentors, were captured Tuesday by Special County Officer R. H. Duval, near Black Hills, this county. Duval was accompanied on the raids by a federal prohibition officer.

The eighty-gallon capacity still was equipped with steam boiler, 50-gallon doubler, flake stand, condensing box, four 500-gallon fermentors, mash vat and many tools used around the still. Fifteen hundred gallons of mash and four gallons of liquor were destroyed and two bags of meal confiscated.

The forty-gallon capacity still was complete with copper cap and coil, doubler, flake stand, cooling vat, stone jars, tubs and other utensils. Two hundred gallons of mash was destroyed. Fourteen barrels were used as fermentors.

No persons were found at the stills, and no arrests have been made in connection with the raids.

KIWANIS PLAN YEAR'S WORK

Local Club to be Represented at Meeting in Charlottesville on Saturday.

The Manassas Kiwanis Club will be represented at a meeting of Capital District officers and committees to be held in Charlottesville Saturday for the purpose of framing a program of work to be undertaken by the clubs during the ensuing year. The meeting will be held at 9 o'clock Saturday morning.

In addition to the Capital District officers, the officers of the various clubs are expected to attend. The local club will be represented by President G. Raymond Ratcliffe, and possibly other members of the Manassas club.

The local club will hold its regular weekly meeting tomorrow night.

KIWANIS HEAR HAYMARKET MEN

Gainesville District Citizens Agree to Present United Front Before Commission.

A resolution proposing that citizens from throughout the county should present a united front in appealing to the State Highway Commission to take into the state highway system a road connecting the Richmond-Washington highway and the Lee and Jackson highways was adopted at a meeting of the Board of Directors of the Kiwanis Club held at the National Bank of Manassas Friday afternoon. The meeting was attended by Holmes Robertson, Rolfe Robertson, W. M. Jordan, F. H. Sanders, Charles R. McDonald and Moffett Spilman, all of Gainesville district, who represented that district at the conference. The resolution proposing that the citizens leave the question of the route open until a decision has been reached by the Highway Commission was introduced by Mr. Spilman.

Under the resolution, citizens of this county will ask that a road connecting the three highways be taken into the state highway system, with the route to be fixed by the commission.

The regular weekly meeting of the Kiwanis Club followed the meeting of the Board of Directors, and was held in the Masonic building. Plans for securing a large attendance at the meeting of the Highway Commission in Charlottesville yesterday were discussed and preparations made to present the county's claims for road construction. The usual chorus singing was indulged in, led by the club sponsors.

TO HOLD CHILD HEALTH CLINIC

Community League Will Co-operate With Board of Health in Nutrition Clinic.

At a special meeting of the Community League on Thursday afternoon, December 10, it agreed to promote the work among the seriously underweight children in the school which had been proposed for the winter months by the Bureau of Tuberculosis Education of the State Board of Health. The work was explained by Miss Agnes D. Randolph, Director of the Bureau, and was discussed in some detail by various members of the league. Miss Randolph will return to Manassas in January and will bring with her Miss Ella Whitten, field nurse for the bureau, who will have charge of the work here. Miss Whitten will remain in Manassas for three months and will work in close co-operation with Miss Eugenia Osborn, principal of the schools, and the local physicians.

The state has had nutrition work in the schools for only two or three years, and the work will be conducted in only four towns this year. Miss Randolph stated that the five chief causes of serious underweight were: physical defects, such as tonsils and bad teeth; lack of home control about early bed hours; sweets between meals; too long hours of work and play; bad food habits, either as to quantity, quality or method of eating; and improper health habits, such as sleeping with closed windows, and so on. The local physicians have pledged their co-operation, and will make physical examinations for those children whose parents are willing to undertake the work. The children who agree to aid the work will be asked to keep diet books, and to learn simple facts about regulating diet in healthy living.

The league appointed Mrs. J. L. Bushong chairman of a committee to assist in the work. Miss Mamie Lynch, Mrs. C. R. C. Johnson and Mrs. E. H. Marsteller will serve on the committee.

PRESENTED WITH SHOWER

The Radiant Bible Class of the Presbyterian Church, in appreciation of the interest of the Rev. J. Halpenny in the work of the class, presented him with a shower at his home last night. Several members of the Presbyterian congregation called to express their appreciation of his work.

FARM CONDITIONS IMPROVING

The position of the farmer in the economic structure of the country has improved during the past year, according to the annual report of the Secretary of Agriculture, although farm products, as a whole, have not reached the relative price levels of other industries. Farm products average 144 per cent of the pre-war levels. High freight rates are held responsible for lower prices on farm products.

Freight rates, the report of the Secretary of Agriculture shows, have reached 158 per cent of the pre-war levels, and need adjustment in the interest of the farmer.

The report of the Department of Agriculture, while not entirely satisfactory from the standpoint of the agricultural communities, is very encouraging, and couched in far more optimistic terms than similar reports for the past two or three years.

STREET IMPROVEMENT

A bill permitting the people of Virginia to vote on an amendment to the state constitution which at present forbids cities and towns from assessing abutting property owners for a part of the cost of street improvement is expected to be passed at the coming session of the Legislature. The town of Manassas is interested in the matter for the reason that the refusal of abutting property owners to agree to pay a part of the cost of street improvement here has blocked plans for constructing several blocks of hard surfaced streets.

At the last session of the Legislature a similar bill was introduced, but met with opposition from representatives of the city of Richmond. Richmond is now said to favor the amendment.

Some opposition to the measure developed in rural sections, due to the fact that it was feared that the law might be stretched to cover the construction of roads, but such a fear appears groundless, for it is realized that this would not be practicable, and furthermore, the proposed law only affected cities and towns.

If the proposed amendment is adopted, it would probably result in a far more rapid development and improvement of small towns, and Manassas should be one of those to benefit.

PIEDMONT, INCORPORATED

A meeting is being held at Warrenton today for the purpose of organizing Piedmont, Incorporated, an organization whose purpose will be to advance the interests of the Piedmont section of the state. Representatives from all towns and cities from Alexandria to Lynchburg are expected to attend the meeting.

It is proposed to perfect the organization and select a location for the headquarters of the association, which will co-operate with civic organizations in the various cities, towns and counties in advertising and advancing the interests of this section of Virginia.

The Valley of Virginia has its organization, Shenandoah Valley, Inc.; the Eastern seaboard has its organization, Tidewater, Incorporated; the Northern neck counties have organized the Northern Neck, Inc., and the Southwest has its Southwest,

Incorporated. It appears to be necessary, if this section of the state is to progress, to establish some central organization through which the different communities may co-operate in advancing the general welfare of this entire section. We therefore, hope for a successful organization meeting today in Warrenton.

FARMERS AFTER HAYES

The Virginia Farmers' Educational and Co-operative Union, representing thousands of farmers in the state, will ask the Legislature to abolish the office of the Motor Vehicle Commissioner and make automobile licenses available at all county clerks' offices. The Union has also gone on record favoring the abolishment of a state tax on real estate, consolidation of state departments and greater efficiency in government. The program announced by the Union will no doubt be approved by many progressives within the democratic party, but it is doubtful if they can attain their program.

To the average citizen there appears to be no reason why the sale of automobile licenses could not be handled just like all other state licenses are handled, and at practically no additional expense to the state. The Motor Vehicle Commissioner is very strongly entrenched, however, and the farmers will meet strong opposition in attempting to drive him from his position. Politics, like a modern trench system, has many wire entanglements, and at present the Motor Vehicle Commissioner appears to be "pulling the wires."

CLAIMING OUR COUNTY

A dispatch to the Richmond Times-Dispatch under a Warrenton date line, and supposedly forwarded that paper by its Warrenton correspondent, reads in part as follows:

"The Buckland Hall Farm, while located just across the line in Prince William County, is looked upon as a Warrenton and Fauquier territory."

The dispatch related that a short horn bull from the farm mentioned had won first prize at the International Live Stock Exposition in Chicago. Buckland Hall Farm, as the dispatch indicated, in Prince William County, and just why any part of this county should be regarded as a part of Warrenton and Fauquier territory is beyond comprehension.

Of course, we have every reason to believe that our contemporary would like to claim everything in Prince William county, and while this is complimentary to Prince William, yet we cannot see just what it is hoped to accomplish.

The Quakers

The Quakers besides being loyal to their religion are lovers of home and fireside. Incidentally, they usually are expert bakers of breads.

There are not so many Quakers in this immediate section, but among them White Rose flour has many loyal friends. Quakers are loyal to their home grown, home ground product.

A Worthy Quotation

"All works of quality must bear a price in proportion to the skill, time, expense and risk attending their invention and manufacture. Those things called dear are, when justly estimated, the cheapest. A composition for cheapness and excellence of workmanship is the most frequent and certain cause of the rapid decay and entire destruction of arts and manufactures."

WOMAN INJURED

(Continued from First Page)

She received a long deep cut across the top of her head, a badly sprained hip and possibly other injuries in addition to being badly bruised about the body.

Several people were standing nearby when the accident occurred and rushed to the woman's assistance. She was removed to the office of Dr. E. H. Marsteller where her injuries were treated, and she was later taken to Washington for x-ray examination of her head wounds. She was reported as resting comfortably today.

The engineer on No. 15 saw the woman too late to stop his train in time to prevent the accident, it was said, but the train came to a stop only 100 feet south of the crossing. It was running very slow at the time in preparation for making the usual stop at the local station.

The horse which the woman was driving dashed up West street, but was finally caught.

Penetrates Through the Skin Clear to the Bone

Liniment Called Mexican
Mustang Has Strange Power

A lame back, a strained muscle or aching joints will stop aching and become limber and natural if you will apply a little of that old-fashioned liniment known as Mexican Mustang. Druggists and other authorities agree that its great power to relieve pain is due to its magical penetrating action—it goes through the outer layers of the skin without burning or a trace of blister, right to the sore spot. It is not like the smarting, strong, burning mixtures usually known as liniments. No matter if all other outside applications have failed, you will not be disappointed with Mexican Mustang Liniment—it also heals cuts, burns and sores and so makes a valuable remedy to have in the home at all times. All druggists and wholesalers sell Mustang Liniment or can get it for you.

BRENTSVILLE SCHOOL

Dear Editor—

I suppose everyone thinks we are awful slow in sending in items from our school, but I guess this will be better late than never. Our school has been going along as smoothly as ever. All of us are studying real hard and trying to help our teachers as much as possible.

We are busy planning a Christmas program. We are trying to make it the best that has been had in the Old Court House. We hope it will be a success. We are planning to have it on Monday night, December 21.

Oh yes! A photographer came, to our school the other day and snapped all of our pictures. I don't think any of us broke the camera. He was a Mr. Miller from Luray, Virginia. He had spent some years in Idaho. He gave us a very interesting talk on how they irrigate their land in Idaho, and also about how they catch and can salmon. We enjoyed his talk very much. He also sang a song about "The Little Red School House on the Hill."

Say, Nokesville! We didn't think it was very "broad minded" of you in saying that we did not like that you beat us in that ball game, and that we were a little stingy. We didn't get "peevish" a bit because you beat us. We enjoyed the game as much as if we had won. We were simply stating the facts. Anyhow we believe in fair play.

We noticed that "Betsy Ross," of the Nokesville school, was asking which of their writers were the best. Well, we'll admit they were all pretty good, but we won't say which one

was the best, because if we did, the one we would decide on might get stuck on themselves, and we don't want to make any more "swell heads" at Nokesville, because there are enough there already. Well as it is getting near Christmas, it is about time for Santa Claus to visit us. We will wish you all a Happy Christmas, and hope that Santa will fill all of your stockings up to the brim.

MARTHA WASHINGTON.

BRENTSVILLE

A Christmas program will be given at the school on Monday night, December 21, at 7:30 o'clock. A short business meeting of the School League will be held at this time.

The Presbyterian Sunday School will give their Christmas program and tree on Saturday night, December 26, at 7:30 o'clock.

The condition of Mrs. R. H. Keys, who is ill at Sibley hospital, Washington, continues very grave according to latest reports from her bedside.

Mr. Herman Lam was able to return to his home here this week from a Washington hospital. He is improving very slowly. His son, Mr. Jason Lam, of Washington, visited him Tuesday.

Mr. Floyd Munday, of Manassas, visited at the home of Mrs. Alice Holsinger this week.

Mr. James has moved on his property here which he recently purchased from Mr. D. Wright, who has moved away from Brentsville.

Tell your neighbor The Journal is only \$1.50 a year in advance.

IN MEMORIAM

In sad, but loving remembrance of my dear, kind, little friend, Marie Flickenger, daughter of Mr. and Mrs. T. B. Flickenger, near Nokesville, Va., aged fourteen years. A little jewel which sparkled and shone, brightening all the dark corners with her glad smile, who departed this life one year ago, December 17, 1924. She fell asleep, dear, sweet Marie in the early twilight hour.

So peacefully, calm, she sank to rest, A beautiful, budding flower. She was the lovely little "Rie," Upon her burial day, With lilies white and roses red, As she in her casket lay. Her cheerful life was a golden light Although her years were few, A mother's joy, a father's pride, A sister pure and true. Her last adieu was a kind farewell Till the glorious by and by, For in her pain she whispered low O, mamma please don't cry. Her mission filled, life's journey run, We humbly trust some day to meet She crossed the shining strand, And clasp her little hand.

MRS. ANDERSON B. MANUEL.
