## MANASSAS MINUS TOWN MANAGER

W. R. Smith Resigns Position—Parking Conditions on Center Street Discussed.

Manassas, after three and a half months of government under a town manager, is without the services of that office. At the meeting of the town council Monday night the resignation of Town Manager W. R. Smith was accepted. While his original resignation would have become effective November 30, an amendment, offered by Councilman H. P. Davis, provided to relieve Mr. Smith of his duties October 31, the date of the meeting. The town manager's salary for the month of November will be paid, it was stipulated in the amendment, which was passed by the vote of the council.

Mr. Smith's plans for the future were not disclosed, nor according to Mayor C. A. Sinclair, has any provision been made to name a successor or a temporary town manager. The matter, it is expected, will be brought up at the next regular meeting of the council, unless a request for a special meeting is made through the proper channels.

Mr. Smith, who came to Manassas from Burdette, Va., was employed at a salary of \$2,400 a year. He was chosen from a field of 26 candidates. The ordinance providing the town manager form of government is effective four years, beginning last September 1.

Among the other matters brought before the council was the request of T. H. Lion that the parking restriction on Center street be removed to allow parking on both sides of the street, whereas one side only at present may be used, the side being changed from time to time that the benefits may be evenly distributed among the merchants. Mr. Lion's contention was that the ordinance was a source of annoyance to drivers coming to Manassas who were unfamiliar with the town and particularly with the parking law applying to the busy section of Center street. The matter was referred to a committee composed of Councilmen Davis and E. G. Parrish for investigation and report.

The memorial trees on Lee avenue, which were planted in honor of soldiers of the World War, will be replaced, those that have failed to live. The matter was called to the attention of the council by the Rev. A. Stuart Gibson, rector of the Trinity Episcopal Church. Councilman Parrish was appointed to obtain the trees and have them planted.

A police gong, or alarm, was ordered purchased to be placed in some central position in the business district of the town. It will be operated from the telephone office and is designed especially for use by persons in the outer sections of the community, who, when in need of police protection, will call central, who, in turn, will ring the gong and its telephone, the use of which will be free.

The sum of \$187 was appropriated for the use of the Ladies Rest Room for the period of September 1, 1927, to August 31, 1928. The motion was made by Councilman D. J. Arrington.

Mr. Lion, who made the motion to have the Center street parking restriction lifted, also requested that free burying space be provided in the cemetery for inmates of the county home. The matter was turned over to Councilmen Arrington and Whitmore for investigation and report.

The treasurer's report was read and approved. Fines to the amount of \$64 for the month of October were reported, along with a special 1927-28 license for \$5. A number of bills were ordered paid.

### EASTERN STAR MEETS

Wimodausis Chapter, O. E. S., had a very enjoyable meeting here Saturday night. Many distinguished guests were present, among them being Mrs. Carrie Lee, grand matron of the state of Virginia; Mrs. Percy Clift, of Alexandria, past grand matron; Mr. Emerick Beall, past grand patron, state of Virginia, and others. Visitors from Culpeper, Alexandria, Clarendon, Clifton and other nearby places were present. Addresses were made and delicious refreshments were served by the local chapter.

### W. C. U. TO MEET

The Woman's Christian Temperance Union will meet at the home of Mrs. Bywaters, Wednesday, November 9, at 8 p. m.

## Midnight Curfew On Public Dances

Cinderella had to be home before the clock finished striking the hour of midnight and so will the followers of the terpsichorean who attend the public dances in Manassas hereafter, according to a motion passed by the town council at its meeting Monday night. The provision was prompted, it seems, from conditions of the past which have accompanied some of the dances in public halls.

The motion was made by Councilman H. P. Davis and passed by the vote of the council. It provides "that it shall be unlawful for any person to dance in a public hall or public place in the town of Manassas at a later hour than 12 o'clock midnight." The fine for violation will be not less than \$5 nor more than \$20.

## CAPTAIN HOBSON TO SPEAK HERE

Hero of The Spanish-American War, to Lecture Monday on "The Crisis."

Capt. Richmond Pearson Hobson, who will speak here in Conner's Hall Monday night at 8 o'clock, is an outstanding example of a soldier who has beat his sword into a plowshare. He was one of the outstanding heroes of the Spanish-American War, but the hero-worship bestowed upon him by a grateful nation did not cause him to rest upon his laurels. His particular act of heroism during the war was the sinking of the Merrimac in the harbor of Santiago which completely bottled up the Spanish fleet operating in Cuban waters.

The subject of the lecture, which will be delivered free, will be "The Crisis." In it he outlines his views on the destructive havoc wrought by alcohol and he will give arguments in favor of prohibition. His oratory is known the country over.

As representative in Congress from Alabama, he introduced the resolution submitting to the states the prohibition amendment to the Federal Constitution prohibiting the manufacture, importation and exportation of ardent spirits for beverage purposes. His activity for this purpose is declared to have been largely responsible for the final submission of the amendment to the states for ratification.

The sponsors of the lecture have invited the public to attend.

## MILK-FOR-HEALTH CAMPAIGN SUCCESS

Prominent Men and Women of County Comment on Beneficial Results Expected.

Prince William County's first milk-for-health campaign came to a close Saturday, October 29.

Enthusiastic comments have been made on the campaign's success and the results which are expected from it.

Mr. R. C. Haydon, division superintendent of schools, says: "My observation is that it has stimulated a great deal of thought along the line of health."

Miss Grace Moran, rural supervisor of schools, says: "The milk campaign has been very successful. The response on the part of the parents, teachers, and pupils has been very gratifying."

Mrs. C. R. C. Johnson remarked: "Why put on a milk campaign when there is not sufficient milk to supply the demand? But if we do create a demand for milk, the supply will come."

Miss Helen Ricks, district home demonstration agent from Blacksburg, commented upon the enthusiastic manner in which her audiences responded to her talks.

Miss Hall, U. S. Department of Agriculture, stated that the milk-for-health posters were among the most attractive she had ever seen.

### COUNTY NURSE SECURED

Prince William county has been most fortunate in securing, through the Public Health Service and Red Cross, Miss Ruby Ryman, graduate nurse of Johns Hopkins Hospital in Baltimore. Miss Ryman will be well able to supervise and do the county nursing, as she has done in the wild, mountainous sections of Tennessee.

## HEALTH OBJECT OF CAMPAIGN

Urge Use of Dairy Products in Daily Diet—Farmers Asked to Increase Herds.

The Milk-for-Health and Dairy Improvement campaign has as its objective not only the improvement of the health of the children in the county by use of more dairy products in the diet, but much attention has been devoted to plans for increasing the number of dairy cows kept on the farms of the county.

The speakers who have visited the farmers at farm meetings during the campaign week and talked at night in school houses throughout the county have emphasized the need for getting more dairy cows kept on the farms and the necessity of feeding and caring for these cows so that they will produce milk during the entire year.

It has been shown by the speakers that some dairy cows have been capable of making good returns for feed given them while others furnished a very unprofitable market for crops grown on the farm. One of the speakers brought out the fact that from actual study of dairy cows, it has been found that the cows which produced 150 pounds of butterfat per year paid only \$8.32 per ton for the hay consumed, and \$21.70 per ton for the grain consumed. Under the same conditions and the same kind of feed, cows that produced 300 pounds of butterfat per year paid \$33.10 per ton for hay consumed, and \$92.50 per ton for grain consumed. In the first instance the cows proved to be a very poor market for the crops on the farm; in the other instance, they were a very profitable market for such crops.

The plans for the county agricultural extension office are to get information as to what people of the county need cows and then work up a co-operative car load purchase of cows needed.

Plans are also to be put under way for organizing a dairy calf club which will not only be the means of getting more dairy cattle into the county, but will also increase the interest of boys and girls in dairy farming.

Among the speakers who talked to farmers during the week were: Messrs. H. C. Bates, agricultural agent of the Southern Railroad; George Cary, Jr., assistant dairy husbandman of V. P. I.; J. P. Pullen, agricultural instructor of Manassas High School, and F. A. Buchanan, dairy specialist of V. P. I. extension service.

## ACCOMAC COUNTY LEADS IN POTATO PRODUCTION

Peninsular Province Boasts of Raising Over One-third of State's Crop in 1925.

Richmond, Va., Nov. 3.—Of the 17,134,931 bushels of white potatoes raised in Virginia during 1925, the last year for which authenticated figures by counties is available; Accomac and Northampton counties raised nearly 13,000,000. These figures are made public by the Virginia State Chamber of Commerce from the Statistical Survey of Virginia compiled by Dr. Wilson Gee and J. J. Corson, Third, for the University of Virginia.

Accomac is credited with being the leading potato producing county in the Old Dominion with a total production of 6,707,910 bushels, while Northampton produced 6,165,840. Arlington county raised the smallest amount of potatoes grown in Virginia, 1,389 bushels. The average per county for the states is given as 171,349.

Eighty-two of the Virginia counties raised more than 10,000 bushels of potatoes each, while forty-three counties raised more than 25,000 bushels of potatoes. With the exception of the two counties on the Eastern Shore of Virginia, there was no county which raised 1,000,000 bushels. Seven besides the two leaders mentioned above, however, raised more than 100,000 bushels each. They were Norfolk, Princess Anne, Nansemond, James City, Middlesex, York and Hanover.

### CAN YOU BEAT THEM?

Mr. W. S. Athey brought to this office on Friday, four potatoes of the Rural New York variety, weighing six pounds and fifteen ounces. The largest potato weighed one pound and eleven ounces. They were grown on a lot at Swaley.

## GEORGE CLARK TO BE HONORED

Representatives From Several States to Visit—Virginia Soon to Honor Soldier.

Richmond, Va., Nov. 3.—Virginia cities are preparing to greet with open arms the representatives of her children, Indiana, Illinois, Michigan, Ohio and Kentucky, who will come to Virginia, November 17, 18 and 19, to honor George Rogers Clark, Virginia soldier who conquered the old northwest territory. Receptions and entertainments for the distinguished delegation which will number approximately 75 are being prepared at Williamsburg, Richmond and Charlottesville by local organizations who will entertain the party.

Colonel LeRoy Hodges, managing director of the Virginia State Chamber of Commerce, has just returned from Indianapolis, where final arrangements for the visit of the delegation in honor of the Virginia soldier were perfected. Present indications are that the personnel of the visiting party, which is being assembled by the Indiana George Rogers Clark Memorial Commission, will include Nicholas Longworth, Senator Watson, of Indiana, and representatives of the governors of all the states mentioned above.

The visitors plan to spend November 16 in Washington, D. C., capital of the Nation, leaving for Richmond, old capital of the Confederacy, at 12:40 o'clock. They will arrive here at 3:25 o'clock and immediately go on a tour of the interesting spots in the city. At 7 o'clock they will be guests at a dinner to be given in their honor at the Jefferson Hotel, to which it is planned to invite Governor Byrd, Senator Glass and representatives Montague to be among the speakers.

On November 18 the party will leave for Williamsburg at 9 o'clock to inspect the ancient capital of Virginia, with a side trip to Jamestown and Yorktown. In the evening the visitors will entrain for Charlottesville, arriving at 9:50 o'clock. The next day will be devoted to pilgrimages to the birthplace of George Rogers Clark, to Monticello, home of Jefferson, Clark's best friend and a visit to the University of Virginia. A speaking program will also be arranged for a luncheon to be given by the Charlottesville Chamber.

## AGED LEGISLATOR AND SOLDIER PASSES AWAY

P. B. Young, Eighty-five-Year-Old Confederate Veteran Dies at Shipman.

Richmond, Va., Nov. 3.—In the recent passing at Shipman of P. B. Young, death removed from the general assembly of Virginia the last of her representatives who wore the gray. Mr. Young served his district in the lower branch for the past four sessions. He was eighty-five years old.

An almost unprecedented distinction was twice accorded the veteran legislator and soldier when the House of Delegates placed itself as a body on record through resolution in requesting his constituency to return Mr. Young to the halls of legislation. This tribute was intended as a mark of confidence and of affection. Its recipient at all times held the highest respect of his associates.

The aged law-maker was conspicuous for gallantry in battle. He was desperately wounded during an engagement in the Civil War, from the effects of which disablement he never entirely recovered. He narrowly escaped with his life in Richmond some years ago when the old Lexington Hotel was burned.

To those who knew him and who were thrown with him, the memory of "the gentleman from Nelson" will remain always as a treasured pleasure. He was a soldier, a legislator, a gentleman and a man. He was one who brought down into the present generation that high standard of honor which characterized the men of the Old South. He was one of the last of the fighting men who followed Lee.

### RAISES LARGE POTATOES

Amanda Barnes, colored, brought to this office this week two Irish potatoes each weighing one and three-quarter pounds. They were raised on a farm near Independent Hill at one time said to have been the poorest farm in Prince William county.

## Nimrods Urged to Observe Laws

In a statement given out by Major A. Willis Robertson, chairman of the Commission of Game and Inland Fisheries he says that in a short time there will be some in a number of counties and especially in those counties where quail are mature who will be attempting to get the jump on other hunters by shooting before the open season on November 15, and he urgently appeals to the sportsmanship and good citizenship of the people of Virginia to await the opening of the lawful season.

In his appeal he draws a comparison with Pennsylvania, which spends five times as much as Virginia in game conservation, which has no open season on turkeys and quail and much shorter seasons on other game. Pennsylvania resident hunters pay a license of two dollars.

## LARGE PER CENT TAKE TREATMENT

Immunity to Diphtheria Attained by Toxin Anti-Toxin Inoculation.

The boys and girls of today will be the men and women of tomorrow, and without physical health there is little hope for mental health, so we must strive to make the younger generation "healthy, peppy and wise." Darwin stressed the importance of health in his "Five Link Chain" when he illustrates the survival of the fittest.

The doctors and educators of today realize what a great factor health is in the development of children, and since the introduction of toxin anti-toxin into medical science, they have been urging it to be given in schools.

The Prince William county schools have given the children their first of three inoculations, and the second will be given according to the schedule announced by The Journal last week.

The county has been very fortunate in procuring the services of Drs. McBryde, Marteller, Gray, Payne, Cook, Hornbaker, Starkweather and Williams.

The State Board of Health is helping in the work by sending Dr. Anderson and Dr. Chapin and Nurse Cowling, all of whom are associated with the Board.

The new county nurse, Miss Ryman, will also assist in this work.

Diphtheria is a dreaded disease, and once it breaks out, an epidemic will probably follow, but with these toxin anti-toxin injections one becomes immune to it.

A large percentage of the school children have taken advantage of this opportunity and it is hoped that they will take the other two injections in order to attain immunity, as the three inoculations, one taken each week for three weeks is absolutely necessary.

## STATISTICAL REPORT OF VIRGINIA GAS TAX

Director of Motor Vehicles Expects Fund For 1927 to Be Seven Million Dollars.

Richmond, Va., Nov. 3.—The director of the division of motor vehicles reports the collection of \$738,309.86 for September tax, 4 1-2c on each gallon of gasoline used in Virginia. The corresponding month of 1926 was \$630,840.98, an increase of \$107,468.88, with all the collections not in, in other words, 17 per cent increase.

The first nine months of 1926, the department collected \$4,484,284.08. In the first nine months of 1927, \$5,530,444.23, or \$1,045,560.15 increase, being an increase of 23 1-3 per cent. This heavy percentage of increase is due to the fact that the first part of 1926, that is January and February, and the first ten days in March, the tax was only 3c. Since that time the tax has been 4 1-2c.

From the collections for the first nine months of 1927, five and a half million, it would seem that the department would easily collect a million and a half more for the next three months, which will make the amount of seven million estimated.

### EMERY—MAY

Charles J. Emery and Maphie E. May were married on October 31, at the United Brethren parsonage, the Rev. Lee E. Sheaffer officiating.

## SUPERVISORS MET ON OCTOBER 25

Statistical Report Given on Prince William County Road Expenditures.

At the regular monthly meeting of the Prince William county board of supervisors held at the courthouse, Tuesday, October 25, a report on the following district road expenditures was made:

Dumfries district, \$979.56; Brentsville district, \$16.00; Gainesville district, \$138.20; Occoquan district, \$156.75.

J. P. Leachman's report showed that he had paid out for payrolls, from August 27 to October 22, \$3,112.83. This money was derived from the Manassas gas tax fund.

The Gainesville district road fund report showed that it had paid out on payrolls from September 3 to October 15, \$2,614.20.

The members of the board of supervisors agreed that the State Highway Commission be requested to add to the state highway system a road which would pass through Thoroughfare Gap to Gainesville. This road would be through Linden Gap in the Blue Ridge mountains via Oak Hill, the former home of Chief Justice John Marshall, for whom the road would be named. From Oak Hill the road would follow along the line of the historic march of Stonewall Jackson at the time of the second battle of Manassas. It would then pass through Thoroughfare Gap.

The objective of this road would be linking the northern end of the proposed Shenandoah National Park with Washington, D. C. The motion of this proposal was lost.

An amendment of this resolution was made, however, providing for the road to connect with route number 31 in the lower end of Prince William county. This motion was also lost.

It was decided at this meeting that the Rivers and Streams Electric Corporation be given permission to erect and maintain necessary poles and lines along the prince William county highways. A provision was made, of course, that they should be so constructed and maintained as not to interrupt the use of the highways or interfere with the lines of other corporations now using the same route. It was ordered that the foot bridge at J. Frank Wheat's ford be completed at a cost not exceeding fifty dollars.

It was further ordered at this meeting that the board accept the view of superintendent of roads leading from a point on Bethel road to Richmond-Washington Highway in Occoquan district, also the road from King's crossroads to Whetzel's corner, in Brentsville district, and that the applications to open the said roads be denied a change.

The supervisor of roads was asked to investigate and report on the application of Mrs. M. Baggott to open a road from the Baggott farm, adjoining T. E. Vance, to the Aden-Nokesville road in Brentsville district, and also to learn whether the road would be public or private.

The clerk was authorized to buy a couple of desks and tables for his office, after which the meeting adjourned.

### MILK-FOR-HEALTH JINGLES

The Jingle Contest conducted in connection with Milk-for-Health Contest carried on in the schools of Prince William county during the past week created a great deal of interest among the children. Two hundred and fifty jingles were sent in to the office of Mr. T. T. Curtis, county agent. The jingles were judged by Miss Florence Hall U. S. D. A., Bureau of Dairying, Washington, and Miss Eleanor Eurig, West Virginia State Dairy Council, Blacksburg, Va., awarding the prizes to the following acted as judges.

Ten \$1 prizes have been awarded to the following prize winners:

Lorraine Abel, Dumfries; Anne Lynn, Manassas; Barbara Stone, Dumfries; Eula Miller, Haymarket; Anna Hines, Quantico; Margaret Sealeman, Occoquan; Kathleen Browner, Dumfries; Ambrose Cheshire, Hoadly; Frances Mildred Brunt, Occoquan; Mildred Hornbaker, Lorton.

### COLBERT—CROUCH

John Colbert and Geneva Crouch were married October 27, by Rev. Lee E. Sheaffer at the home of the officiating minister. Mr. Colbert is the son of Mr. and Mrs. Lee Colbert and the bride is the daughter of Mr. and Mrs. Elias Crouch.

### ONCE AGAIN — REMEMBER TUESDAY'S ELECTION

The Journal again calls the attention of its readers to the general election which will be held throughout the state on Tuesday, at which time all who voted in the democratic primary will be expected to go to the polls and vote a straight democratic ticket. This paper feels that it is unnecessary to mention again the reasons which should impel every voter in the recent primary to fulfill this duty, but it does wish to stress once more the desirability and the importance of a strong vote for the candidates whom the party has nominated.

To repeat one argument recently set forth, the great danger is that the democratic nominees may receive a relatively small vote because many well meaning people will consider the matter as practically settled, and will neglect to register their votes in the general election. The Journal sincerely hopes that this will not be the case at this election, but that each of the candidates who have been honored with the party's nomination may be accorded the full and hearty support of every democrat in the county.

### AMERICAN JUSTICE ON TRIAL

The collapse of the trial of Albert B. Fall and Harry F. Sinclair in connection with the leasing of the Teapot Dome Oil Reserve is deeply to be regretted. But it is far better that the fact of efforts to tamper with the jury be discovered thus early in the trial than for them not to be discovered at all. The entire jury system of nation is on trial in the present case. In the first place, it is considered to be notoriously hard to obtain conviction of defendants who have large means at their disposal. Few people have ever had any idea that either Fall or Sinclair would be punished for their shameless bartering away of the nation's oil reserves, even after the Supreme Court had publicly proclaimed the fraud of this transaction. In the second place, the question arises, can twelve people be selected from the ordinary walks of life who are able to resist the tremendous temptation of easy money and walk steadfastly in the path of their sworn duty? The present case would seem to supply a negative answer.

The fact that a nationally known detective bureau is charged with having employed a force of men to shadow this jury and discover the best means of reaching them, and that the employment of this bureau is said to have been traced directly to one of the defendants in the case is enough to cause every thoughtful citizen to blush to think that men in high position would thus prostitute the cause of justice in this nation. That a juror who has sworn to find a true verdict should brazenly proclaim that he intends to sell his honor for a paltry mess of pottage, as Juror Kidwell is reported to have done, demands and should receive a punishment befitting the gravity of the offense. The Journal hopes that the District Court may meet out justice with an even hand to each offender.

### THE CURSE OF THE HOUSE OF HARDING

In the midst of the country's indignation at the fast and loose way in which the nation's valuable oil reserves in Wyoming were turned over to private interests for a mere song, one can yet pause for a moment to consider the pitiful spectacle of a man who has held high position in the honor and trust of his countrymen arraigned before a bar of justice to be tried for betraying that trust and facing the possibility of ending his days with the brand of the criminal upon him. Those who knew Albert B. Fall in the days of his strength, when his influence as a senator was felt throughout the country, or when later he became Secretary of the Interior under President Harding—who observed the bold challenge of his stride through the corridors of the capitol and the magic influence of his name in the post-war politics cannot but be impressed with the innate frailty of all things, that are human. Today he is a broken old man waiting on the word of twelve plain people to say whether or not he shall end his days in prison.

A strange curse seems to have fallen upon the Harding administration. One by one its high lights have been dimmed and the shadow of shame has fallen upon its leaders. Hughes alone appears untouched by the trail of infamy. The coterie that disarmed Woodrow Wilson and hurled the nation down from its pinnacle of world respect has been revealed in its true light. "The mills of the gods grind slow, but they grind exceeding fine."

### HOW HAVE WE SPENT THE DAY?

When the sun sets low in the western sky,  
And the lengthening shadows fall;  
When the world is slowly sinking to rest,  
And silence is over all—  
Let us think of the day that is ebbing away,  
And how we have spent all its hours.  
Have we walked in the paths of duty,  
Or sought those strewn with flowers?  
Have we cheered a heart that was bowed with care,  
And longing for kindness and love;  
Or did we forget the cheer-bringing word,  
To lift and to point it above?  
"In His Name" did we offer the cool brimming cup  
To the stranger we met today?  
Or were we too busy to notice his need  
As we passed him there in the way?  
Did we smile and sing 'mid the toil and the strife,  
Did we do what He'd have us to do;  
Or allow the world and its selfishness  
To overcome the good and the true?  
Did we utter an angry, a hasty word,  
Which pierced like a cruel dart,  
Which, cutting and keen, as the sharpest sword,  
Has wounded some brother's heart?  
If the deepening shades of the twilight hours  
To our heart brings joy and rest,  
That is won by smoothing another's path,  
Then we indeed are blest.  
But if sorrow or care we've brought  
To some one whose path we crossed,  
Or thoughtlessly waster the hours on self,  
Then count that day as lost.  
—Lillian White.

**Don't dose a Child's Cold**

**VICKS VAPORUB**  
CONTINUAL dosing upsets children's delicate stomachs. Vicks is applied externally and therefore cannot disturb the digestion. It acts in two ways:  
(1) The body heat releases the ingredients in the form of vapors which are inhaled.  
(2) At the same time Vicks "draws out" the soreness like a poultice.

### For Supervisor, Dumfries District.

BEATREND E. BROWN.

Decree, October Term, 1927.  
At a Circuit Court for the County of Prince William, continued and held at the Court House thereof, at Manassas, Virginia, on Tuesday, October 11, 1927.  
Present Hon. Samuel G. Brent, Judge.  
DOROTHY BROWN  
vs.  
BEATREND E. BROWN.

Decree, October Term, 1927.  
This cause came on this day to be heard on the motion of the complainant to restore above styled cause to the active docket of this court; the petition of complainant filed September 22, 1927, and affidavit filed this day showing that said defendant is not a resident of this state and that his last known address was Charleston, S. C., and was argued by counsel.

Wherefore it is adjudged, ordered and decreed that this cause be and the same is hereby restored to the active docket of this court; that an order of publication do issue against the defendant and that this cause be continued for such further proceedings as may be proper.

In the Clerk's office of the Circuit Court of the County of Prince William, October 17, 1927.  
DOROTHY BROWN  
vs.  
BEATREND E. BROWN.

ORDER OF PUBLICATION.  
The object of this suit, as stated in the petition mentioned in the above decree, is to merge the divorce a mensa et thoro which was granted to the complainant at the June, 1926 term of this court into a divorce from the bond of matrimony, and that the petitioner may have such other, further and general relief in the premises as may be just and proper.  
It is therefore ordered that the defendant, Beatrend E. Brown, do appear here within ten days after due publication of this order and do what is necessary to protect his interest in this suit.  
It is further ordered that this order be published once a week for four consecutive weeks, in the Manassas Journal, a newspaper published and circulated in Prince William county, a copy sent by registered mail by the clerk of this court, to the defendant at the address given in the affidavit mentioned in the above decree, to-wit: Charleston, S. C., and a copy posted at the front door of the courthouse of Prince William county, as required by law.

At a Circuit Court for the County of Prince William, continued and held at the Court House thereof, on Tuesday, October 11, 1927.  
Present Hon. Samuel G. Brent, Judge.  
ANNIE E. ALCOTT  
vs.  
F. W. BRUCH.

This day came the plaintiff by her attorney, and it appearing that the attachment issued against the estate of the defendant was returned on the 3rd day of October, that being the first day of the October, 1927 term of this court, by E. M. Cornwell, constable of Prince William County, showing that the same was executed by levying on certain personal property described in said return and stated to be the property of the said defendant, and the said return showing that the said officer's bailiwick, and an affidavit being now filed in open court that the said defendant, F. W. Bruch, is not a resident of the State of Virginia, and that his last known place of address is Cleveland, Ohio, it is ordered that an order of publication be had and made against the said defendant, as follows:  
ANNIE E. ALCOTT, Plaintiff  
vs.  
F. W. BRUCH, Defendant.

ON ATTACHMENT  
The object of this suit is to recover of the said defendant, F. W. Bruch, the sum of \$3,142.00, and the costs of this proceeding; to attach the estate, real and personal, within Prince William County, Va., of the said defendant, and subject the same to the payment of the said debt.  
And it appearing by affidavit filed according to law, that F. W. Bruch, the above named defendant, is not a resident of this State, it is therefore ordered that the said F. W. Bruch do appear within ten days after due publication of this order and do what is necessary to protect his interest.

### VIRGINIA: In the Circuit Court of Prince William County.

NOTICE RE: AUTOMOBILE  
An information having been filed in the Circuit Court of Prince William County, at the October, 1927, term thereof, as provided by law, alleging that one J. A. Whitford, on the 13th day of August, 1927, in the County of Prince William, did unlawfully transport and drive a certain Ford touring automobile, painted in a greenish color, with District of Columbia License No. G-2228, with engine No. 5875601, and praying that said automobile may be condemned and sold according to law.  
Therefore, it is ordered, in accordance with an Act of the General Assembly of Virginia, approved March 23, 1926, Chapter 231, that the said J. A. Whitford and all other persons concerned in interest do appear before our said court on the first day of the December, 1927, term thereof, to-wit: December 5, 1927, to show cause, if any they can, why said automobile should not be condemned and sold as provided by law.

The World's Champion

Senger challenges the world of modern medical science to produce an article superior to Senger's Ointment for boils, runarounds, ringworm, fresh cuts or bruises, or old sores of years standing. Senger's ointment cures them. Corns, bunions, eczema, piles, and even the old so-called white swelling.

If suffering with old sores, call on J. H. Senger, or Dr. C. R. C. Johnson's Drug Store, in Manassas, Va., for Senger's Ointment, and get relief.  
J. H. SENGER, Manassas, Va.

TESTIMONIAL:  
"This is to certify that I suffered with a fractured knee cap 2 1/2 years; a draining sore for more than 2 years. I used 18 different ointments and salves without permanent results. Senger's Ointment gave perfect satisfaction. John Hanley, 626 Virginia Avenue, S. E., Washington, D. C."

## HIGH SCHOOL NOTES

(By Senior Class)

The Senior English class of the high school is planning to see Hamlet, which will be played in Washington, D. C., on Monday, November 7. The members of the class are fortunate in having this opportunity of seeing famous actors in this play, which they are now studying.

On Thursday evening, November 10 the High School Patrons' League will sponsor a silver tea which will be given for the benefit of the library fund. It is a great advantage to both pupils of the school and the public to have the library open again, and it is hoped that everyone possible will come and contribute to this worthy cause.

Two new typewriters have been added to the business department. This makes a total of fifteen machines for a class of fifty-four who are now taking typewriting.

The high school has two new tennis courts that are being much enjoyed by all pupils and teachers who desire to play.

Work on the girls' basket ball began in earnest on Friday when the first practice was held. Much enthusiasm was shown by those who have registered to play and a good, strong team is expected.

The Home Economic Department has registered an unusually large first year class and work in food study, sewing, drawing and designing is already well under way. Laboratory work in foods will be started next week. This is a very valuable course and one which should have a place in the education of every girl. The second year work includes home nursing, home management and the planning of menus and serving of meats. This too, is an essential part of the well educated woman.

A large number of pupils of the high school were inoculated against diphtheria on Tuesday of this week. Diphtheria is a dread disease and parents and guardians should guard against this by having children take the serum. A state-wide (nation-wide?) campaign is now on to have all children of schools inoculated against the disease. If this is done, it is estimated that within three years diphtheria will have practically disappeared.

The Agricultural Department has now fifty-seven pupils enrolled for all time work and twelve for part-time. This department of the school, by the last rating among the one hundred schools in Virginia, holds sixth place. Miss Mary Hall went to Washington on Monday night, to hear Madam Shuman-Heinke.

Major William T. Morgan, formerly manager of the Educational Research Bureau of the International Correspondence Schools, located at Scranton, Pa., and a noted lecturer and speaker, visited the school on Friday, October 28. In his interesting and impressive lecture, "Some Objectives for School Life," he pointed out the necessity for having some objective in view, and always striving to obtain that end. He also stressed the need for each person to follow only one trade after mastering it to the best of his or her ability.

After his talk, he kindly consented to remain at the school until the late train in order to have more time to consult with the boys and girls. Many students took advantage of the opportunity of discussing their life's work with this famous instructor.

Although he was called away so that he could not be at the school to confer with the students Monday, his inspiring talk was appreciated by all those who heard him. Manassas High School is very fortunate in securing him, and appreciate the honor bestowed on the school by his presence.

Last week proved full of many and varied interests to the high school. On Tuesday an assembly was held in the interests of the "Milk Campaign," and urgent reasons for the importance of drinking milk were presented by the two speakers, Mr. Buchanan, of the Polytechnic Institute, and Mr. Bates, Agricultural Agent for the Southern Railway. Later in the week Mr. Buchanan spoke on dairying to the senior agricultural class.

That night also a meeting for the same purpose was held for the public in the high school auditorium under the patronage of the Bennett School. Moving pictures, showing the value of milk drinking, were shown in addition to addresses given by several speakers.

On Thursday an assembly was called in the interests of the clinic to be held this week for the administering of the diphtheria toxin anti-toxin. An address was made by Superintendent Haydon in which he described the interest shown by the people of Prince William in this anti-diphtheria drive put on by the State Board of Health, and also their appreciation of its great importance. Much interest was also shown by the students, and a large proportion of them took the treatment at the clinic held at the high school Tuesday of this week.

## HUNDREDS OF YOUNG SINGERS FOUND IN HUNT FOR TALENT

RADIO AUDITION MEDAL

MADAM LOUISE HOMER

MRS. EDGAR STILLMAN KELLEY

A. ATWATER KENT

**T**EN young American singers—presumably the best in the country—will face the microphone at Station WEAJ in New York City early in December to sing for fame and fortune. They will be the finalists in the National Radio Audition of the Atwater Kent Foundation of Philadelphia.

This nation-wide quest for radio voices has already revealed hundreds of young singers of promise, who have entered the contests eagerly because the auditions offer them recognition at home and a chance to compete for prizes aggregating \$17,500. Distinctive figures are sponsoring the undertaking as a National Audition Committee. They are Madam Louise Homer, the Metropolitan Opera star; Mrs. Edgar Stillman Kelley, president of the National Federation of Music Clubs; Edward W. Bok, former editor of the Ladies' Home Journal, and Mrs. Otto H. Kahn, wife of the world-famous New York banker and music patron.

Winners of state auditions—one boy and one girl—receive silver medals and are taken to their district auditions at the expense of the Foundation to compete with young singers from their neighboring states. Winners of each of the five district auditions—one young man and one young woman in each—receive gold medals and are

taken to New York by the Atwater Kent Foundation for the finals, which will be broadcast over a national network of stations. The awards for these will be as follows:

Winners of first place—one young man and one young woman—will each receive \$5,000 cash and two years' tuition in a musical conservatory.

Winners of second place will each receive \$2,000 cash and one year's tuition.

Winners of third place will each receive \$1,000 and one year's tuition.

Winners of fourth place will each receive \$500.

## Beau-ootiful Soo-oop

© The Macmillan Co.

"Beautiful Soup! Who cares for fish,  
'Come, or any other dish?  
Who would not give all else for two  
Pennyworth only of beautiful Soup?  
Pennyworth only of beautiful Soup?  
Beau-ootiful Soo-oop!  
Beau-ootiful Soo-oop!  
Soo-oop of the e-e-evening,  
Beautiful, beauti-FUL SOUP!"

**S**O sang the Mock-turtle to Alice in Wonderland in Lewis Carroll's immortal book. He must have been a European mock-turtle and not of American descent, because Americans seldom think of soup as a thing of the evening, nor as anything particularly beautiful.

In this country, though, the urge for soup is constantly growing. Twenty-five years ago there were only 500,000 cans of soup sold yearly in the United States. Today, one establishment puts up as many as 18,000,000 cans in a single week. The great variety of soups now canned is probably the chief reason for the increase. Once upon a time soup was a treat, today almost any delicious soup can be bought for a dime.

Tomato soup, can be made "beautiful" by merely adding milk instead of water before heating or by floating a billow of whipped cream along its surface. A little grated parsley and paprika transforms delicious plain celery soup into a soup of the evening. Some like a little onion juice grated into the pea soup, others a bit of grated cheese with corn soup. When you have on hand some soup stock made from boiling a bone, and you want soup quickly, add a can of peas, tomatoes, or other vegetable.

And now that the cool days of fall are coming, perhaps the family will become ecstatic as the mock-turtle did with, say "two p—ennyworth only of beautiful Soup"—which is just about the cost per person.

On last Friday, there was an oyster supper at the new Occoquan district high school, under the auspices of the Senior League. A good supper was served—Oysters, stewed and fried, chicken, ham, potato salad and all the trimmings, and cooked to the "Queen's taste," too. Many patrons and friends came to enjoy this supper. The proceeds will be used mainly for the library, which is badly needed. This is the first of a series of entertainments to raise funds for the many immediate needs of this new school building.

**SILVER TEA FOR LIBRARY**

The library committee of the Manassas High School Community League announces the formal opening to the public of the Ruffner-Carnegie Library in its new quarters in the new high school building, next Thursday night, November 10, at 8 o'clock. A "Silver Tea" will be held in connection with the opening. Refreshments will be served and a silver offering taken at the door for the benefit of the book fund. As the library has as yet no appropriation for its support, the committee is giving the "Silver Tea" in addition to the play "Safety First," recently presented for the purpose of supplying new fiction and other books of contemporary interest, so much needed if the library is to give satisfactory service to the public. It is planned also to give a concert later in the year for the same purpose. All interested in building up an efficient library service for the town and county are invited to help the cause by being present next Thursday night.

**WILL SUPPORT NOMINEES**

To My Friends and the Voters of Prince William County:

I am informed that a rumor has been circulated over the county that I will not support the democratic nominees, and especially Mr. R. M. Weir, in the approaching general election. I take this means to deny such a report, and to state that it is my intention to vote for the full democratic ticket at said election. I am in no wise a party to the reported arrangement that I would be deputy commissioner of the revenue in the event the republican candidate should be elected to that office. Mr. R. M. Weir and I are the best of friends and I shall give him my full support. T. M. RUSSELL.

**COMMERCIAL CLUB MEETS**

The Myers Commercial Club of Manassas High School met at the beginning of the term, and elected its officers for the year. Hazel Beahm was elected as president; Bine Selman, vice-president; Edgar Arey, secretary, and Treva Holler, treasurer.

The meeting was called to order last Thursday afternoon by the president, and a very interesting program was given by members of the club. The meeting adjourned to meet again next Wednesday afternoon, November 9.

## LEAPS WHEN CAR HITS FREIGHT

Strikes Train at Catholic Crossing Saturday Morning—Jump Saves Life.

William P. Callahan, 30 years old, of Washington, D. C., is in the Alexandria Hospital as the result of an automobile accident here at 1:50 o'clock Saturday morning, where he is said to have jumped from his Ford coupe as it swerved and struck a northbound freight train.

He was taken to Alexandria and treated by Dr. M. D. Delaney.

According to railroad officials the machine was at the Catholic Church crossing when it swerved and struck the train. Callahan jumped, and as he did his head hit some hard object. His car was only slightly damaged.

The train was No. 4806 and was in charge of Engineer C. L. King and Conductor John Armack.

His condition is reported greatly improved, and he did not sustain a fracture of the skull, as first reported.

## SALE OF BEN LOMOND SUCCESS

The sale of the F. W. Bruch real and personal property held by the Louisville Real Estate and Development Company on October 31 and November 1, appears to have been very successfully conducted. A crowd estimated at 1000 was in attendance on each day of the sale. It is learned that the entire property, including personalty, brought between \$30,000 and \$35,000. The main tract of land, including buildings, was purchased by Mr. J. M. Hempstead, of Washington, D. C.

## IN MEMORIAM

In loving memory of my dear sister, Lucy Kincheloe, who departed this life three months ago, July 26, 1927.

Just a line of sweet remembrance, Just a memory, sad and true, Just the love and sweet devotion Of the ones who think of you.

Three sad months have passed, dear Lucy.

And our heart aches just the same, And many silent tears have fallen, As we think of your dear name.

May the Heavenly winds blow softly O'er that sweet and hallowed spot, Mid the changing scenes of life, You will never be forgot.

But how sweet it will be in that beautiful land, So free from all sorrow and pain, With songs on our lips and harps in our hand, We will meet one another again, October 26, 1927. NANNIE.

**FOR SALE OR RENT**—Seven-room house, almost two acres of land, barn, woodshed, henhouse, fruit of all kinds. Apply Mrs. D. R. Lewis, Box 185, Manassas, Va. 42-5\*

VIRGINIA: In the Circuit Court of Prince William County.

Information having been filed in the Circuit Court of Prince William County, at the October, 1927, term thereof, as provided by law, alleging that persons unknown on the day of July, 1927, in the County of Prince William, did unlawfully transport and send spirits in a certain Hudson Coach automobile, with Virginia License No. 21410 for 1927, and engine or motor No. 439684, and praying that said automobile may be condemned and sold according to law.

Therefore, it is ordered, in accordance with an Act of the General Assembly of Virginia, approved March 23, 1926, Chapter 231, that the said unknown parties and all others in interest do appear before our said court on the first day of the December, 1927, term thereof, to-wit: December 5, 1927, to show cause, if any they can, why said automobile should not be condemned and sold as provided by law.

GEO. G. TYLER, Clerk.

## Stoves—Furniture

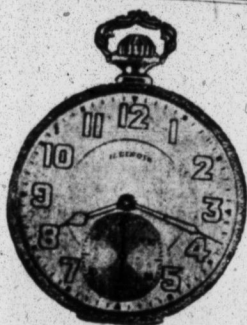

If you are interested in the collecting of antique furniture, it is worth your while to see the pieces on display in my warehouse. A frequent visit may bring to light a choice piece of walnut, mahogany, maple or other fine wood of bygone days. The prices, too, are reasonable. Or if you want modern furniture slightly used you will find that here too.

Summer temperatures can't last forever and it is time to install your heating equipment, of which I have a full line with prices remarkably low for both small and large stoves.

Then there is a line of hardware on which I can save you money.

Auto Insurance

Every car owner is responsible to the public for the operation of his car; whether he drives it himself or allows others to drive it.

With congested traffic today complete protection is a necessity. Your auto may burn, it may be stolen, you may have an accident in which someone is injured or killed, you may damage property of others, you may damage your car.

In short, a policy will, so far as the owner desires, step into his shoes, assume his liability, his worries, save him time, regrets, money and possible serious losses to his estate.

Ask for the cost of this important protection, you will find it moderate.

## CATHARPIN

The bazaar, which was held at Sudley, October 28, was a decided success. The ladies feel very much indebted to the people for their attendance and liberal patronage, especially to those living in other communities. Sudley is always glad to greet her old friends, and to make new ones.

The Milk-for-Health meeting, which was held at Catharpin Thursday night was a very enjoyable one. The children of the school gave a short program, and the instructive talks by Mr. F. A. Buchanan, Dairy Specialist, V. P. L., Extension Bureau, and Miss Helen Ricks, District Home Demonstration Agent from Blacksburg, were very much appreciated. Refreshments were served by the school. Miss Ricks, who also visited the other schools in upper Prince William during the same day, expressed her appreciation of the gracious manner with which she was received by the teachers, and the responsiveness shown by the school children.

Miss Selina Hindle spent the week-end at her home in Amelia.

Mrs. B. B. Tulloss has returned from a two weeks' stay in Washington.

Mrs. Lucile Radford, who has a business position in Washington, was at her home here for the week-end.

The meeting in behalf of the milk-for-health campaign, held at parish hall last Thursday evening, was very largely attended and the interest evidenced by the people of the community most encouraging to the cause.

The Halloween party at the Masonic hall Saturday evening drew a big crowd, and a nice sum was realized for the school library fund.

The children of Haymarket and vicinity had a jolly time at the Halloween party given at the parish hall on Monday evening by the Mother's Guild. There was quite an array of amusing and attractive costume. Jim Gilliss as a Chinaman was awarded the prize for the best costume, and Brice Tulloss as a pickaninnie won the prize for the most amusing costume.

## BUCKLAND

Miss Evelyn Graham is spending some time with her sister, Miss Mildred Graham, of Washington.

Mr. and Mrs. Benjamin Owens, who have been residing with Mrs. Owens' parents, Mr. and Mrs. Bertram C. Gough, at Buckland Hall farm, since their recent marriage, have moved this week to "Falkland" farm, where Mr. Owens will be employed for the coming year.

## CLIFTON

Rev. T. H. MacLeod preached in the Presbyterian Church Sunday morning at the usual hour.

Christian Endeavor meeting at 7:30 p.m., with Miss Doak as leader.

The Home Demonstration Club met at the home of Mrs. Joseph Beasley, Thursday afternoon, with a good attendance. Miss Lippard demonstrated in a very entertaining and effective manner unusual ways of preparing winter vegetables, having some different dishes prepared in a very appetizing way.

Mrs. Quigg, Mrs. Buckley, Mrs. Gordon with the president, Mrs. Curran, were named as a committee to confer with the town council on the improvement of the school road.

The president reported she had received the five dollars given by the County Fair Association for our booth at the fair, and after the sum of two dollars was paid for the cost of the booth, the balance of three dollars was turned over to the secretary, Mrs. Quigg, to be added to funds for the road.

Each member was appointed a committee of one to solicit funds for the road.

The secretary reported that Mr. George Kidwell had offered to grade the road, widening and giving it proper draining for what it would cost him to have it done, and that in his estimation it would not cost any more than \$100, and possibly less. He also stated he would donate \$5.00 of the cost of the improvement. His advice was not to do the work now unless cinders could be gotten from the railway to cover it.

The Community League met Thursday night in the school auditorium. The question of improving walks to the front of school was discussed.

Mrs. W. H. Richards continues ill at her home here.

Mrs. Agn Hart is still very ill here. Misses Buckley were Washington shoppers Saturday.

Miss Alice Mantiply gave Miss Nancy Merchant a birthday party at her home last Wednesday night.

Mrs. Miriam Spraker and children were dinner guests of Mr. and Mrs. Spraker, Sr., Sunday.

Mrs. W. H. Mathers is visiting her son and daughter-in-law, Mr. and Mrs. Kenneth W. Mathers, at their home in Philadelphia, Pa.

Mr. Koontz has returned home from a visit to Harper's Ferry.

Mr. James Cross demonstrated a fire extinguisher of which he is agent, and the League referred him to the school board and said they would go fifty-fifty with the board if he could persuade them to have two put in the building, as it is certainly a very wise precaution to have protection in a building of this sort, and it was also suggested that a fire drill would be an excellent thing to put in practice.

Miss Burke said Mr. Summers had asked her to bring the subject of purchasing maps for the school. She showed the maps which were of a very durable material and were priced at \$8 per map, and there were five maps in the set which would cost \$40 for the entire set. It was thought this was rather a large price for the maps and unless they could be bought cheaper it would be best not to purchase.

The treasurer reported \$46 in the treasury.

Mrs. Quigg and Miss Helen Quigg were appointed delegates to the Co-operative Educational meeting in Richmond Thanksgiving week.

The Hill Billies rendered a very interesting program in the school auditorium Tuesday night under the auspices of the school athletic association.

Both basketball teams went down in defeat to the Fairfax teams on Friday last.

The girls' team is to play a game with the Alumni girls next Saturday on the school court. The Alumni playing will be Misses Buckley, Curtis, Detwiler, Brown, Riordan and Quigg.

The Christian Endeavor Society will meet in the Presbyterian Church, November 6, at 6:45 p.m. Topic—"What Should Be the Christian's Attitude Towards War?" Leader—Miss Katherine Detwiler.

## NEWS OF WEEK IN OLD VIRGINIA

### High Lights of Happenings in State Told in Short Paragraphs

#### Attorney Dies.

Lynchburg.—Major, Alfred B. Percy, 58, prominent attorney-at-law here, died Thursday morning at Mayo Brothers' Sanatorium, Rochester, Minn., where he underwent an operation October 11 for ulcerated stomach. He was graduated from the law department of the University of Virginia and began practice here in 1897. Major Percy was a veteran of the Spanish American and World Wars. During the World War he was assistant to the adjutant at Provision Depot at Spartanburg, S. C.

#### Fauquier Limits Huntsmen.

Loudoun.—The Board of Supervisors of Fauquier, has fixed November 15 as the official opening day of the hunting season and placed a limit on the bag of rabbits and birds.

Turkeys are permitted to be hunted this year after some years of protection and a number of these game birds have been reported throughout the lower end of Fauquier county.

#### Women as Farmers.

Richmond.—According to Commissioner Koiner of the Virginia Department of Agriculture, there are 50 women operating farms in Virginia, at least that is what his records show. This became known after Mr. Koiner received a questionnaire from a Southern woman's college requesting statistics on women in agriculture.

The college proposes to make a nation-wide survey to show that women are succeeding in the agricultural business and may be the ones to rescue farming from its present undesirable situation.

#### Former Virginian Dies.

Luray.—Patrick McAllister, 102 years old, born in Luray ten years before the first dwelling house was erected here, is dead in Colorado, according to information received in this place.

Mr. McAllister was born six years before Page county was formed and went West in 1845. He is said to have become rich in mining silver. Many of the irrigation projects of Colorado were drafted by Mr. McAllister. His father, Henry McAllister, was born in Madison county, and is said to have been an intimate friend of Patrick Henry.

#### Named to Aid Gloth.

Potomac.—Crandall Mackey, a former Commonwealth's attorney of Arlington county, has been appointed to assist Commonwealth's Attorney William C. Gloth in fighting against the annexation of any territory of this county by the city of Alexandria. It is expected that other associates will be named by the board of supervisors.

#### Passes Ordinance.

Alexandria.—The City Council at its meeting Thursday passed an ordinance providing for the issuance of \$225,000 public improvement and funding bonds. The funding or paying of outstanding notes will require \$85,000 of that amount, while \$92,000 will be used for street, bridge and sewer improvements and \$48,000 for a public school building in Rosemont and payment of the lot already purchased as the site of the school.

The council passed, on final reading, an ordinance providing for payment of \$5,000 to City Attorney Albert V. Bryan and his associates for their services in connection with the petition of Alexandria for the annexation of territory in Arlington and Fairfax counties.

#### Grayson Purchases Horse.

Winchester.—Admiral Cary T. Grayson, who last week purchased a two-year-old chestnut colt by Grand Parade in England for a price reported to be \$61,000, expects to have the youngster trained in Clarke County, Va., it was understood here, for the Kentucky Derby.

E. E. Coussell made the purchase for Admiral Grayson in London. The colt, yet to be named, won two races in England this year and ran unplaced in a third.

#### Held For Authorities.

Lancaster.—Myrtle Lee Dodson, 20, of Harrisonburg, was arrested here Thursday night charged with attempting to smuggle a hacksaw concealed in a loaf of bread to George Shaffer, a prisoner in the Harrisonburg jail. She was held for the Virginia authorities.

#### Expected to Edit Papers.

Alexandria.—Because he believes writing "should be fun," and because he wants to "keep the fun," Sherwood Anderson, noted writer and poet, is seeking to own two Virginia weeklies. In response to an inquiry, he wired the United Press from his Marion, Va., home Friday that the deal for two weeklies near his town is practically closed.

"If I secure them," Anderson wired, "I expect to run and edit them personally."

sonally. I am doing this to keep me in closer touch with the people among whom I live and incidentally to make a part of my living outside my regular writing."

#### Old Edifice Mecca for Tourists.

Culpeper.—The recent summer tourist travel, supplemented by many motorists from Culpeper, has added greatly to the interest felt in the historical Hebron Lutheran Church, located in a beautiful little valley just out of Madison Court House. This church, which has the distinction of many other colonial churches, has been in continuous use since it was erected in 1740 by a small band of settlers who came from the larger settlement from near Germanna, to make their homes on the Robinson River and in the valley of White Oak Run. And there they established the first white settlement between Culpeper and the Pacific Ocean.

The building itself has several times been enlarged, and the completed structure is in the form of a cross. Special interest is attached to the furnishing of the church on account of the history of the pipe organ and the communion service.

#### Donates to Hospital.

Fredericksburg.—A gift of \$40,000 from Mrs. Charles Steele of New York to the Mary Washington Hospital of Fredericksburg has just been announced by hospital officials here. This donation is to supplement the fund of nearly \$100,000 raised in a campaign here last year for the erection of the new building, and will make possible the completion of the entire structure, work on which has already begun.

Mrs. Steele is the wife of Charles Steele, a partner in the firm of J. P. Morgan & Co., of New York. She is a native of Fredericksburg, being the former Miss Nannie French, daughter of the late Mr. and Mrs. Seth Barton French. Her father was once in business here, but moved to New York, where he became very wealthy. Mrs. Steele has previously aided the local hospital with substantial gifts and through her generosity a large part of the original hospital building was made possible. In addition, she gives \$500 yearly for use by the hospital in any way needed. In making the gift of \$40,000 Mrs. Steele said it was a memorial to her mother and father, and to her cousin, the late Miss Nannie Mercer Forbes, of this city. One of the wings of the new building will be known as the Seth Barton French and Ellen Mercer French Memorial, and the other will be known as the Nannie Mercer Forbes Memorial.

#### Masonic Honors Conferred.

Richmond.—High honors were accorded fifteen Virginians during executive sessions here of the Supreme Council of the Ancient and Accepted Scottish Rite of Freemasonry, Southern Jurisdiction.

Of these, eleven thirty-second degree members were elected to receive the rank and decoration of knights commander of the court of honor and four knights of honor were elected to receive the thirty-third degree, the highest gift within the province of the supreme council.

#### Fund Gift to Pupils.

Fredericksburg.—John Lee Pratt of New York and Detroit, one of the vice-presidents of General Motors, has given \$1,000 to aid students in Stafford and King George public schools in completing the high school course. Five elementary students in each county, who make the highest scholastic standing, will receive \$100 to help in pursuing work in the high school grades.

School officials will select the children by competitive examination. Mr. Pratt is a native of King George county, but the farm on which he was born lies partly in Stafford. He received his early education in the public schools of King George, and then graduated from the University of Virginia in civil engineering. After teaching for a year in King George, Mr. Pratt went with the du Pont organization in Wilmington, Del., with whom he rose to a high position.

#### Washington.—Search for Mrs. Ann

Forbush, wife of the Rev. Dascomb Forbush, pastor of the First Congregational Church at Canandaigua, N. Y., who disappeared mysteriously from Keith's Theater October 19, was extended to the vicinity of Occoquan, Sunday, where it was reported a woman answering her description had been seen by a motorist on the Washington-Richmond Highway.

#### HONOR ROLL FOR MANASSAS HIGH SCHOOL

## BEWARE OF THE DEADLY DOTTED LINE

By W. R. MOREHOUSE  
Public Relations Commission, American Bankers Association

WITHDRAWING the family's savings account at the bank where it is safe, and losing it through speculation is a serious matter. It may bring great hardship, especially to the mistress of the home. It may force great economies in household management or amount to actual privation. It may mean that the children will have to go to work before they complete their education. The loss of the family's accumulations may even result in physical breakdown on the part of the wife through worry over the loss of savings which she helped to accumulate at the sacrifice of home comforts, but was not consulted when it came to investing them. The making of investments by men who are heads of families and inexperienced in finance should not be undertaken without consulting her. But even if both agree the venture should be talked over with the local banker or information about it obtained from the National Better Business Bureau in New York, which serves without cost and purely in the public interest. If this is done a lot of trouble and quite likely many regrets and heartaches will be avoided.

W. R. MOREHOUSE

There is one point in the activities of the inexperienced investor where he should have above all a red-light stop signal to cause him to pause and investigate and that is just before he reaches the decision to "sign on the dotted line." Before you part with your savings in the bank by signing a contract placed before you by sharp promoters, stop, examine and investigate! It will pay to read the contract several times, even reading it aloud, all the while weighing every term. It will pay to be on guard against the deadly fine print usually incorporated in most contracts, so small that it strains your eyes and causes you to skim over it superficially. Do not sign blindfolded. It will pay well to take plenty of time to study the

contract by yourself where all is quiet and you are free from the personal influence of the persuasive promoter, for to sign without the calmest consideration may spell your Waterloo financially. Unless dealing with a responsible firm or individual, never sign on the dotted line. If in the least doubt, don't sign. Never sign on verbal assurances that you are fully protected. Terms stated orally but not incorporated in a contract are not binding. Glowing promises, wild exaggerations and gross misstatements of facts are seldom reduced to writing or made in the presence of your witnesses. Your failure to read and to understand a contract before signing is not a legal excuse. When you sign a contract you proclaim that you agree with its terms and will abide by and endeavor to carry them out.

Don't sign just because some high-pressure salesman tells you that you are a wonder, or that you show good judgment, or that you have a lot of sense. Sign only when you are fully convinced that your interests are fully protected.

Prominent Men Used as Scenery. A number of slick promoters recently organized in a certain city an "automobile club" with the assurance

Governors was organized with the names of prominent local citizens, among them two eminent judges. No sooner was the organization of the board complete, than the promoters, armed with the endorsement of these outstanding men, went forth to reap a great harvest by selling memberships. They got the members—but the building of the garages remained an idle dream.

When the members of the Board of Governors were later interviewed as to how they came to consent to the use of their names they stated that they thought the additional storage facilities were needed in the downtown district and they signed up without looking into the proposition carefully. Imagine their chagrin when told that a reading of the by-laws of the organization showed that the Board of Governors had no powers but had been used merely as scenery in order to sell memberships in a fake proposition!

Because these prominent citizens were careless with their names and failed to read and to investigate the enterprise, hundreds of business men bought memberships only to lose their money. Signing without reading is about the most dangerous act of financial carelessness that can be committed.

### THE FARMER'S BEST WAY OUT

Dean Russell of Wisconsin College of Agriculture says: "Two things have hit the farmer hard but the same things have hit business. They are increase in cost of production and decline in prices which latter has been more drastic in farm products than manufactured products. The farmer's political friends say salvation can be found through legislation. Our legislative doctors propose price control. The difficulty with this is price control always means price elevation which always produces expansion in production and if this occurs without expansion in consumption you have inevitable decline in prices. The remedy works to produce the very opposite result from that intended."

"Another legislative panacea would make it easier to borrow, as if running into debt was the solution of the difficulty. There are farmers who wish it had not been quite so easy to borrow because the inevitable day comes when they have to pay principal and interest. The third legislative remedy would make easier the pathway for cooperative endeavor. All you have to do is to wave the magic wand 'Cooperation' and all the farmer's difficulties will immediately disappear. I wonder if there is any government that can make people cooperate. The success of cooperative effort will lie in organization from the bottom up rather than from the top down and it will take a decade or two for the results to be felt."

"The farmers have at hand a remedy that can be utilized immediately with the definite knowledge that it will secure far better results. If they take a leaf out of present day business methods they will have relief in agriculture they will not have to wait for. Business has suffered

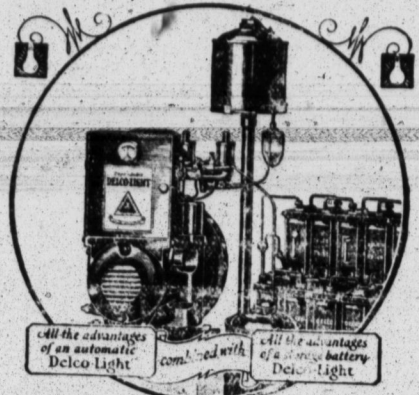

the same as the farmer, for the farmer came through in a way that is far ahead of the farmer. This has been brought about through industrial efficiency, through improvement of methods. They have increased labor output per unit to the degree the costs of production have actually been reduced by better methods of carrying on work. Industrial enterprises on a large scale are spending millions on research. In ten years automobile output per worker has increased 173 per cent, tires 211 per cent, oil 83 per cent, cement 61 per cent.

"Compare that with others. The packers have increased only 27 per cent, sugar refining 28 per cent, boots and shoes only 6 per cent. There has been an increase in agriculture since 1913 of 20 per cent. It is doubtful that business has any such opportunity as exists in agriculture to reduce cost of production through improved methods. Take corn, Iowa shows a variation in cost of production from fifteen cents to seventy-five cents a bushel. In Illinois the cost of producing corn on 80 acre fields was reduced from fifty-two cents to twenty cents a bushel. The manufacturer who had it within his power to reduce production costs from fifty-two to thirty cents per unit would be tickled to death with the opportunity of meeting competition under these conditions."

"The way out for the farmer is (1) to become a business man, (2) to adopt business methods, to adapt himself to the same kind of conditions and be as efficiently mobile as is our manufacturer or our business man in the ordinary channels of his trade, (3) to rely less upon political promises and more upon individual initiative, (4) to work toward cooperative endeavor, but in the meantime not to wait for cooperative endeavor to solve all of these problems because individually he can do something at the present time."

## AGAIN DELCO-LIGHT LEADS THE WAY

New-Type Plant Approved by  
General Motors after 15 Years  
of Research and 7 Years of  
Field Tests

Profits Pay for It 9 Times Out of 10

DELCO-LIGHT has always been regarded a real money-maker on the farm. And now comes an entirely new type of plant that combines the best features of both the Automatic and Battery Service Systems. Even engineers who are in daily contact with the newest trends of electrical science marvel at this achievement of Delco-Light and General Motors.

#### Science Marvels

This new-type plant operates from the battery on small loads. Automatically switches to power for heavier service. Uses small battery—thus costs less. Requires less fuel. Demands practically no attention. It is the result of fifteen years' research by Delco-Light engineers. Approved by General Motors after seven years of grueling field tests.

#### Other Models as Low as \$225

See the new Delco-Light that is now being discussed so widely. Write, phone or call on me today and get the facts. And remember—if this new plant doesn't exactly fill your needs, there are many other models to choose from, priced as low as \$225. Don't wait. Now is the time to act. Do it today.

## AUTOISTS URGED TO CLEAN TAGS

Director of Motor Vehicles Asks  
Hanging of License Plates  
in Visible Place.

Richmond, Va., Nov. 3.—The director of the division of motor vehicles decides to call the attention of the automobile owners of Virginia many violations that have been brought to his notice in reference to number plates.

Section 15, paragraph C, requires that the plates must be securely fastened to the vehicle and so as to prevent the plate from swinging, and at a height not less than twelve inches from the ground, measuring from the bottom of the plate, in a position to be clearly visible and maintained free from foreign matter and in a condition to be plainly read. Many of the tags placed on the machines are behind bumpers and obscured by rear tires and in a dirty condition.

The department has recently received advice from Maryland that this violation in that state will cause the Virginia owners trouble as they are putting on a campaign to clean up those obscured tags, not only of their own cars but of any other state that come into Maryland. The deputies of this department have been given instructions to warn every Virginia owner that has his tags dirty or obscured, in order that he may correct this violation, but if the violation is continued, then, the law shall be enforced. This warning is given that the Virginia owners may avoid the violation and save themselves trouble should they go into Maryland or any other state that is strict on the obscured tag, and to comply with the Virginia law.

The tags are assigned to the car for identification purposes, and when obscured by dirt, bumpers or spare tires, they cannot be easily read, and many owners get into trouble by having tags misread.

The commissioner trusts the department will have the co-operation of car owners and make Virginia a model for other states to go by.

### NOKESVILLE

The Mission Band, from Bridgewater College, gave an entertainment at Hebron Seminary, Sunday afternoon, at 3:30 o'clock. A large crowd was in attendance.

Rev. Mr. Smith is holding a very successful revival at Woodlawn Church.

The School League gave an oyster supper at the schoolhouse Saturday evening.

The moving pictures given twice a week at the Woodman's Hall are very good and affords amusement for both young and old.

Mrs. John Harpine had the misfortune to have her barn and contents destroyed by fire the past week. The origin of the fire is unknown.

Mr. Lemuel King and wife have moved in town in the house recently vacated by Dr. Gray.

Miss Franziska Jonas and Miss Ayres, of Indianapolis, Ind., spent the week-end with Mrs. Jonas here.

Mrs. Smith has recovered from her recent illness and is able to be out again.

Mrs. Williams and daughters have returned home from Orange, where they attended the Orange Fair.

Mrs. May Conner and son, of Washington, are visiting her parents, Mr. and Mrs. Charles Waters.

### MINNIEVILLE

Farmers are about through sowing wheat. They are now busy housing corn.

There has been a great deal of sickness about the neighborhood. Mr. Stanley and family have been on the sick list for more than a week.

Mr. and Mrs. C. E. Clarke attended services at Summerduck on Sunday.

The remains of Roger W. Stobert, age eighteen, was brought to the Presbyterian Church and buried on last Friday. This young man was a school boy here and made his home here until his parents died, when the family moved to Washington, where he was in the Western Union employ. He met his death in a motorcycle accident. Sympathy of the neighborhood goes out to the entire family.

Mrs. Julia McCuen, aunt of Mr. D. H. Carter, died at his home on Monday. The remains were interred in Oak Grove cemetery on Wednesday, funeral services being preached by Elder W. M. Smoot.

### "Our Buncood Navy."

This is the title of a remarkable article written by Rear Admiral Bradley A. Fiske which will be published in the Magazine of The Washington Star, Sunday, November 6. Order your copy of The Washington Star from your newdealer today in order that you do not miss this article by the famous naval officer, inventor and author.

### QUANTICO

A delightful Halloween party was given by the school and Sunday School. Miss Hazel Abel won first prize for the prettiest costume, and Master Jack Persons won the first prize for the funniest costume. Games were played and refreshments were served.

Mrs. V. S. Abel entertained a number of friends at bridge Tuesday evening. Miss Eleanor Purks won high score. Delicious refreshments were served.

Mrs. J. F. McInteer and little son, Warren, are visiting Mrs. McInteer's parents in Wisconsin.

The milk-for-health campaign was a great success. The children look forward to recess when there is a grand rush for the milk bottles.

Dr. Cook has completed the toxin anti-toxin treatment. All but three children of the town were treated.

Mrs. J. H. Montague was hostess to the Bridge Club Wednesday evening.

### SWAVELEY FACULTY NOTES

At vespers last Sunday Mr. Swaveley outlined briefly a learned discourse he heard while on his trip to Easton, Penn. The subject of the talk was "Spiritual Dynamics," and the author is Michael Idvorsky Peysin, the great American physicist and inventor. Dr. Peysin was born in Hungary and was educated in this country at Columbia University at which institution he is now a professor. He has done much for radio and his researches into various branches of physics have been of great aid to science.

Mr. Harry Caton, of Alexandria, will talk at vespers next Sunday afternoon.

Among the distant inquiries about the past week was one from Peru.

Dabney Waters made the highest record for the month of October, leading both in scholastic average and in general average.

A large number of the boys here are planning to spend the coming week-end in Washington, attending our game with Eastern High on Friday, and the Lafayette-Georgetown game on Saturday.

The boys had a Halloween party Monday night in the gymnasium. Refreshments were served and a good time was had by all.

Julio Montano, the secretary to the Guatamala Minister at Washington, was a guest of Lazaro Chacon over the past week-end.

## NEW PINEAPPLE RECIPES

"New Dishes—Tested"  
THIS interesting placard is pasted on a card catalogue in a certain kitchen in an old Connecticut house which has been made over into a modern kitchen without losing any of the charm of burnished copper kettles and shining pewter pots arrayed along the top of an old-fashioned, open fireplace.

This modern system of card cataloging new recipes which have been tried and have made good is the device of a woman who studied efficiency in business methods before she learned efficiency in homemaking. She explains her system thus:

"Every week I test one new recipe, and if it proves to be a delicious dish, it is filed for future reference. In this way we have fifty-two new dishes every year. As the old dishes are replaced by something better, their cards are discarded."

A peep into last year's catalogue of fifty-two recipes revealed some very attractive ones, and among them a list of pineapple dishes, some of which were copied. Whether they go into a card catalogue, or the old-fashioned bulging recipe book, they will no doubt find a welcome with the housewife.

French Toast with Pineapple was among the foremost breakfast

dishes. Sift together one cup flour, one-half teaspoon salt, one teaspoon baking powder. Add one cup milk and two well beaten eggs; beat well. Dip round slices of white bread into batter and fry in hot fat. Lay on plate, dust with sugar and top with slice of Hawaiian pineapple—a medium can contains eight slices. In center of pineapple put one-half teaspoon red jelly—currant is delicious.

Deviled Pineapple among the luncheon dishes was marked as especially good. Cut six hard-boiled eggs lengthwise. Remove yolks and mix with contents of one buffet size can of crushed Hawaiian pineapple, one tablespoon vinegar and one-half teaspoon salt. Pile pineapple mixture in the eggs and serve on lettuce leaves with mayonnaise dressing. Garnish with two tablespoons chopped salted peanuts.

Savarin of Pineapple was classified under "Inexpensive desserts." Use a round tube pan for baking plain sponge cake mixture. Add one-half cup sugar to one medium can sliced Hawaiian pineapple. Boil for fifteen minutes; cool. Arrange cake on serving platter. Pierce with fork and gently pour syrup into cake until it is all absorbed. Arrange pineapple slices around cake, overlapping the slices. Pipe whipped cream, slightly sweetened on top and serve.
