## JEFFRIES TALKS ON TAX RATES

Appeals to Citizens to Oppose Further Increase—Quotes Many Authorities.

(J. L. Jeffries in Fauquier Democrat) As the time is near at hand for the supervisors to meet and set the tax rates and in view of the fact that our taxes have been on the increase for some years, never on the decrease, until they are now almost unbearable, I again take the liberty of addressing you.

As far as I can learn, there is no move on foot to raise any of the tax levies but the county school levy.

Now the free schools have fared well at the hands of the supervisors and their large receipts are constantly growing, without any increase in tax rates, as I called your attention to in my former article in the Fauquier Democrat, and the levy mentioned has been very much increased in the last few years.

In 1918 the county school levy was 15 cents on the one hundred dollars. In 1927 the county school levy was 50 cents on the one hundred dollars—an increase of over 300 per cent made in nine years.

From the way the funds of the county school levy are used I am told that Cedar Run and Lee Districts get a little advantage over the other districts in its distribution and possibly there are some (I do not assert this as being the case) who count on this fact inducing the supervisors of those two districts to favor an increase in the county school levy while they would not favor increasing their districts' school levies.

I am not acquainted with the supervisors of Cedar Run and Lee districts but from what I have heard of them I do not think that if they knew our situation, they would impose upon us. I will go further—I have never met a man or a woman from either one of those districts but what I formed a good opinion of, felt better for having met, and believed that any district or any county would be well off to have and, under the circumstances, I do not and I can not believe that either the supervisors or the residents of those districts will favor or help to put any imposition upon us in the way of a higher county school levy.

If, notwithstanding the huge and increasing receipts of the free schools, they want to give the free schools in those two districts more money they have simply to increase their own district school levies. And if the supervisor of Scott district wants to give the high school near him and the other schools of his district more money he has only to impose a higher district school levy and we will have to stand the imposition.

"As ye would that men should do to you, do ye also to them likewise."

It is very plain that the fairest way to raise the school taxes is through the district school levies. The American people, as a whole, like fair play and I am confident that you will uphold me in this contention. But I hope that not a single one of the supervisors will be stampeded by any means or by any influences or by any motives or inducements whatever into favoring any raise in the taxes for free schools or any other purpose.

In the Bill of Rights as embodied in the Constitution of Virginia we find the following given as qualities necessary to preservation of good government: "That no free government, or the blessings of liberty, can be preserved to any people, but by a firm adherence to justice, moderation, temperance, frugality and virtue and by frequent recurrence to fundamental principles."

Justice! Moderation! Frugality! I recommend you to the supervisors of Fauquier county as being worthy of the utmost consideration and wish you well.

As further pertinent to the question in hand of increasing our school taxes I ask your careful study and contemplation of what two learned authorities on those subjects have to say in regard to civil liberty and government.

Burlamaqui states: "Moral or natural liberty is the right which nature gives to all mankind for disposing of their persons and property after the manner they judge most consonant to their happiness, on condition of their acting within the limits of the law of nature, and that they do not in any way abuse it to the pre-

## GOVERNMENT TO VIEW BULL RUN

Battle Field Inspection on War Department's List Says Mr. Moore.

That the Manassas battle fields have been listed for inspection by the War Department and that the work will soon be taken up, is information received from the War Department by Representative R. Walton Moore and relayed by him to Mr. Fred R. Hynson, president of the Kiwanis Club. The correspondence between Mr. Hynson and Mr. Moore follows:

Mr. Hynson's Letter.  
March 7, 1928.  
Hon. R. Walton Moore,  
House of Representatives,  
Washington, D. C.  
My dear Mr. Moore:

I am writing to inquire what, if any, prospect there is of a survey by the War Department of the Civil War battle fields near Manassas, and in case such survey should be made, what methods of commemoration might be adopted?

For any information you can give us on this subject we will indeed be grateful.

Cordially yours,  
FRED R. HYNSON,  
President,  
Manassas Kiwanis Club.  
Mr. Moore's Reply.

Fred R. Hynson, Esq.,  
President Kiwanis Club,  
Manassas, Virginia.

Dear Mr. Hynson:

I have just received your letter of yesterday. In 1926, the House of Representatives passed a bill which I had introduced specifically authorizing an inspection of the Bull Run battle fields. The Senate declined to act on the bill because at that time it was considering a general measure authorizing the Secretary of War to make studies and investigations of all battle fields with a view of furnishing Congress recommendations "for properly commemorating such battle fields or other adjacent points of historic and military interest." And that measure was enacted into law.

I am informed by the War Department that it has already listed the Manassas battle fields for inspection, and that the work will soon be taken up. I have requested the Department to include in its inspection Chantilly and Ox Hill in Fairfax county, where engagements took place following the principal engagement of the second battle of Manassas. I have also asked the inclusion of the Ball's Bluff battle field near Leesburg, where, as you know, there was a battle preceding the first battle of Manassas.

All of the battle fields mentioned are in closer proximity to Washington than the battle fields at and near Fredericksburg which are now under supervision of the Government, and about to be suitably marked and otherwise dealt with.

Yours very sincerely,  
R. WALTON MOORE.

SPEAKS HERE TOMORROW  
Prof. Cornman to Address Poultry Raisers on Chick Problems.

There will be a poultry meeting in the courthouse at Manassas on Friday afternoon at 2 o'clock. Prof. Charles T. Cornman, specialist in poultry work, will give a talk on "Feeding and Care of Baby Chicks."

Prof. Cornman will also hold a poultry clinic after the meeting, dissecting some sick birds and showing where to look for indications of certain poultry diseases.

Every one interested in poultry production is invited. For further information, see or write County Agent T. T. Curtis.

## TEACHERS COMING TO TOWN IN APRIL

Manassas to Entertain More Than 500 at Annual Convention of District H.

Manassas is preparing to entertain between 500 and 600 school teachers here on Friday and Saturday, April 13 and 14, the time set for the annual conference of District H, Virginia State Teachers' Association, comprising the counties of Culpeper, Rappahannock, Orange, Prince William, Fairfax and Arlington and the city of Alexandria.

Supt. R. C. Haydon, who is president of the organization, is arranging an attractive and interesting program for the occasion. Among the prominent educators invited to take part are Hon. John J. Tigert, United States Commissioner of Education, and Hon. Harris Hart, Virginia State Superintendent of Public Instruction.

It is customary for the hostess town to entertain all visiting teachers and plans are being made for luncheons on both days of the conference and for the entertainment of the teachers who remain in town overnight. All schools in the counties represented will observe Holiday on the Friday of the convention, except that certain schools in the vicinity of Manassas are expected to remain open until 11 o'clock while observation classes are in session.

## MARKER FOR OLD STONE BRIDGE

State Highway Provides Marker to Be Unveiled This Spring by U. D. C.

Plans for a public unveiling of the memorial erected by the State Highway Department to preserve the identity of the Old Stone Bridge over Bull Run were discussed at length yesterday afternoon at the March meeting of Manassas Chapter, United Daughters of the Confederacy, which was entertained by Mrs. G. G. Allen.

The marker has been inscribed after conference between the highway department and Mrs. M. M. Washington, representing the chapter, and the neighboring Confederate organizations, Bull Run Chapter, 8th Virginia Regiment Chapter and Centreville Chapter, have been invited to join with Manassas in the service of dedication some time this spring.

The meeting was attended by a large number of members, including Mrs. M. M. Washington and Mrs. J. G. Middleton, of Greenwich, and Miss Louisa Moxley, of Haymarket, with Rev. J. Royal Cooke, of Greenwich, and Rev. Westwood Hatchison, of Manassas, as guests. Confederate war reminiscences of Mr. Coleman, a neighbor of the hostess, were presented by Mrs. E. L. Byrd.

Mrs. Albert Speiden, who presided, presented small Confederate flags to the members present, following a suggestion made at the last meeting that members display on meeting days the old battle flag of the South.

The hostess was assisted in serving a delightful repast by Mrs. Raymond Davis and Mrs. James Knox. Favors were little green flags suggesting St. Patrick's day.

The hostess of the April meeting will be Mrs. R. L. Byrd.

## NIGHT DUTY FOR COPS

State traffic officers have received instructions to be on the roads at night to apprehend violators of the various regulations covering lights.

The order, which comes from James M. Hayes, Jr., director of the division of motor vehicles, department of finance, requires that officers spend two nights each week on the road looking after glaring headlights, no lights, tail lights, etc., and watching by day to see that tags are properly fastened to cars and not obscured in any way.

The final paragraph of the order emphasizes that this is "not just for a few times, but is to be kept up regularly."

## PLANS SET FOR EASTER DANCE

Woman's Club to Sponsor Benefit for Crippled Children's Hospital.

The Manassas Woman's Club was delightfully entertained on Wednesday afternoon at the home of Mrs. James E. Bradford in Main street, with Mrs. Bradford, Mrs. Stuart E. Bevans and Mrs. G. G. Allen as hostesses. Mrs. Eli Swavely was the presiding officer.

Plans were completed for the Easter Monday dance to be given at the high school auditorium for the benefit of the Crippled Children's Hospital at Richmond.

Six new members were admitted: Mrs. M. M. Washington, Mrs. George E. McDonald, Mrs. C. H. Seely, Mrs. Farrow, Mrs. W. N. Wenrich and Miss Ruby Ryman.

A letter was read from Miss Ryman county nurse, expressing thanks and appreciation for the club's liberal contribution for prizes to reward the progress of children in "five-point" health work. Mrs. R. S. Hynson presented the treasurer's report. Matters of local charity were taken up.

Two new committees were appointed as follows: Garden committee: Mrs. Robert H. Smith, chairman; Mrs. C. Wade Dalton, Mrs. T. E. Dillake, Mrs. Eli Swavely, Mrs. G. G. Allen and Mrs. A. A. Hooff.

Civic committee: Mrs. A. A. Hooff, chairman; Mrs. E. H. Marsteller and Mrs. J. L. Bushong.

The April hostesses will be Mrs. Brown, Mrs. Dalton and Mrs. Denton.

## CONVICTS FLEE IN SHERIFF'S PATH

Two Who Escape from Workhouse Apprehended by Local Officers.

Two escaped convicts, said to have been a murderer and a highway robber, were captured Friday in lower Prince William and returned to the District Workhouse at Lorton by Sheriff John P. Kerlin, Deputy Sheriff John Adams and Constable M. A. Lynch. The convicts had been hiding in a vacant store building.

The officers were en route to Manassas in the early morning after capturing two stills, 100-gallon and 75-gallon capacity, in the lower part of the county near the Stafford line. Fifteen shots are said to have been exchanged between the officers and the proprietor of the stills who managed to get away.

The same raiding squad the day before arrested John W. Linzing, who was arraigned before Mayor McInteer, of Quantico, and fined \$100 and costs for a violation of the prohibition law. A car and half a gallon of whiskey were confiscated.

## MRS. ADA DAVIS DIES AFTER LONG ILLNESS

Funeral Here Tomorrow—Two Daughters and Three Sons Survive Her.

Mrs. Ada Davis, who had been in failing health for a long time, passed away last night at her home in Main street at the age of 61. Funeral services will be conducted Friday afternoon at 2 o'clock at the Manassas Baptist Church, the pastor, Rev. H. D. Anderson, being assisted by her former pastor, Rev. T. D. D. Clark. Interment will be in the Davis family plot at Brentsville.

Mrs. Davis was born at Brentsville February 11, 1867, the daughter of Lucian and Emma Williams Davis. Her grandfather was Capt. Lucian Davis, clerk of the Prince William county court in the days when Brentsville was the county seat. She was a member of the Baptist Church and of the Daughters of the Confederacy.

Her husband, the late French Davis, died more than 20 years ago, after which she came with her family to Manassas. Surviving are two daughters, Mrs. P. L. Proffitt and Miss Emma Lois Davis, of Manassas; three sons, Mr. Lucian A. Davis, of Washington, and Messrs. Eugene Davis and Raymond J. Davis, both of Manassas; a sister, Mrs. P. B. Redd, of Washington, and five granddaughters.

## GORDON—JEFFRIES

Miss Bessie May Jeffries, of Manassas, and Mr. Floyd C. Gordon, of Clarendon, were quietly married in Washington three years ago to accept her present position with the Potomac Electric Power Company. The bridegroom, a native of Appomattox county, is a builder engaged in work at Clarendon, where the couple will make their home.

The bride is the daughter of Mr. and Mrs. W. H. Jeffries, of Manassas. She was employed here by C. J. Meetze & Co., before going to Washington three years ago to accept her present position with the Potomac Electric Power Company. The bridegroom, a native of Appomattox county, is a builder engaged in work at Clarendon, where the couple will make their home.

## KIWANIS HOST TO ADVISORY

Members of County Council in Town for Delightful Session Friday Night.

The Kiwanis Club had a rousing session at Manassas Friday evening, entertaining state extension officials and members of the demonstration advisory council for Prince William county.

Mr. J. H. Quisenberry, district supervisor of farm demonstration agents, gave a comprehensive address on farm problems which was so timely and so well presented that it drew the closest attention of his audience. He covered briefly the various forms of suggested relief, praising some and condemning others. Government relief, curtailing of production, price setting, etc., all have apparent merit, he said, but the farmers' gain thereby is apt to mean harm to some other form of society. He expressed in conclusion his conviction that actual "farm relief" when it comes will come from the farmer himself who must work out his own salvation.

Mr. W. C. Shackelford, another district agent present, spoke on the importance of intensive, scientific farming, with special emphasis on the benefits to be derived from education available through the demonstration agencies of the extension service. Mr. C. L. Chambers, agricultural field agent for the Southern States, also was invited to speak, but remained unheard on account of the late hour when his place on the program arrived.

A delightful supper hour was enjoyed by Kiwanians and their guests.

## KING SPINDLE DEAD

Centreville Resident Succumbs After Operation in Alexandria.

Mr. King C. Spindle, of Centreville, died Sunday in the Alexandria Hospital after a week's illness following an operation for appendicitis. Mr. Spindle was 51 years old.

He is survived by his wife, Mrs. Ora Spindle; a daughter, Mrs. Evelyn Gleason, of Washington, and three sons, Messrs. Roger, Fenton and King C. Spindle, jr.

Funeral services were held yesterday in the Methodist Church at Centreville, and interment was in the cemetery there.

## R. L. GAITHER DIES IN NEW YORK CITY

Resident of Manassas for Many Years—Fails to Rally from Operation.

Robert Lee Gaither, a resident of Manassas for many years, died Tuesday night at the home of his sister, Mrs. Joseph Bruce Boyle, in New York city. Mr. Gaither was 65 years old and unmarried. He was operated on January 3 at St. Luke's Hospital in that city, and had never rallied from the operation.

Mr. Gaither left Manassas three years ago to pursue his business of construction work in New York. He was born in Montgomery county, Maryland, January 19, 1863, but had spent most of his younger life, before coming to Manassas, in Louisiana and other southern states.

Surviving him are two sisters, Mrs. Boyle and Miss Frances Gaither, both of New York, and three brothers, Messrs. Jesse, John R. and William H. Gaither, all of Maryland. His body will be laid to rest tomorrow at Union Bridge, Md.

## COUNCILS COVER COUNTY PROGRAM

Consider Improvements During 1927 and Make Recommendations for 1928.

The Extension Advisory Council of Prince William county held a meeting here at the National Bank last Friday afternoon to discuss the projects carried on by the farm and home demonstration agents. Special visitors at the meeting were Messrs. W. C. Shackelford and J. H. Quisenberry, district agents in extension work; Mr. C. L. Chambers, field agent for the Southern States, and Miss Edith Vaughan, assistant home demonstration agent, in addition to Mr. T. T. Curtis, county farm agent, and Miss Mary Fred Claytor, county home demonstration agent.

The following members of the advisory council were present: Mrs. C. F. M. Lewis, Mrs. E. May Dogan, Mrs. E. E. Blough, Mrs. M. M. Washington, Mrs. W. L. Lloyd (Mrs. Lloyd substituting for Mrs. M. J. Shepherd, who was away), Miss Grace Moran, Miss Ruby Ryman and Messrs. W. L. Lloyd, C. C. Lynn, J. N. House, J. L. Dawson, "Rolfie" Robertson, E. E. Blough, R. C. Haydon, G. H. Ayres, W. M. Johnson, G. Raymond Ratcliffe, R. S. Hynson and W. Holmes Robertson.

A report of demonstration gardens was read and the council voted that garden work be stressed and that more detailed work be done on the project this year. One of the gardens, on which records were kept this year, was valued at \$271.00 and another at \$191.50.

The next subject discussed was the milk situation and home cow ownership. Records on Mr. V. W. Zirkle's cow showed that the cow produced 1,065 gallons of milk during 1927. This was used for home consumption. This milk at 4 per cent would make 376 pounds of butterfat which if sold for 40 cents a pound would bring \$150.62.

The records kept on Mr. C. N. Snapp's cow showed his feed cost to be \$122.00. During 1927 this cow produced 665 pounds of butter which sold for \$252.50. Her calf was valued at \$30.00 and the net profit on her amounted to \$190.50. In addition to the butter made she supplied a family of three with whole milk.

These records will be used as a basis for recommendations on the feeding and care of the home cow.

The council recommended that particular work be carried on by the farm and home agents, advising that each family own a cow and feed her the balanced ration recommended by the farm agent.

A report of the "milk for health" campaign was made. The records show that 56 educational talks were made to school children and 44 to adults.

Miss Ryman, county health nurse, made the statement that she found the physical condition of the school children in this county much better than the average, and that she felt sure that milk had made the difference. Her records show that since the milk campaign there has been a very general gain in weight. In one school every child has gained except one—and he does not drink milk.

The records kept on poultry flocks fed and cared for according to extension methods showed the average egg production to be 123 eggs during 1927. The average egg production in the county is 63 eggs per hen annually. The highest record shown by a demonstrator was made by Mr. George Hampton, an average of 178 eggs per hen. He made a profit on each hen of \$2.93.

The council considered the records and recommended that the farm and home agents continue special work on the improvement of the farm flock. One member of the council made the recommendation that a culling campaign be put on in the early fall.

A meeting of the county farm agent's advisory council was held just prior to the joint meeting of the two councils, setting plans for the coming year. Due to the decreasing average of production of the County Herd Improvement Association, the council recommended the use of better sires and closer culling of low producing cows. In furthering the use of better sires, it was recommended that a study of pedigree reading be made available in the agricultural department of the high school here. It was

### THE UNHAPPY PEDESTRIAN

Walking on the left of the highway finds increasing favor with pedestrians. A man who values his life has more opportunity to look out for it when he is facing traffic than when a nice, silent motor—or even a noisy motor dimmed by the din of the day—steals upon him while his back is turned.

The Automobile Club of Southern California and the Public Safety Department of the city of Los Angeles have agreed that he should go to the left and the State of California is to be asked to enact a law to that effect.

Rights of the pedestrian so far have never been curtailed in any way by the common law. Man may walk where he wills on the public highway. He may follow in the van of traffic, exposing his back to onslaught; he may walk in the middle of the road and prepare to be sandwiched to his doom, or he may go to the left and take his medicine looking at it—if they are going to get him anyhow.

### THE HON. LINDSAY GORDON

Delegate R. Lindsay Gordon, jr., of our neighboring county of Louisa, announced at the closing of the General Assembly that he was ready to retire from public life—a remarkable statement from this vigorous champion of ideas who long has held a place of his own in Virginia public life.

The Times-Dispatch, in an editorial highly complimentary to Mr. Gordon, has this to say of his character and his work:

Lindsay Gordon is one of the veterans in the public service of Virginia. Away back in 1901 and 1902 he was a member of the constitutional convention which inaugurated a new era in the state with the adoption of an organic law to suit the transition period of the Commonwealth. His high mentality and his devotion to the best interest of the community were respected then and they have been respected ever since. He is such a man whom we know in Virginia as a real "character." That is to say, his characteristics and his distinguishing marks are so outstanding as to set him apart from his fellows.

Mr. Gordon seldom has been in accord with the majority in the House of Delegates. He is the conscientious objector of that body. But so honest, so able and so straightforward is he that he is held in the highest esteem by every one who has enjoyed the privilege of serving with him in a legislative capacity. Whatever Mr. Gordon says or does, whether it be in unison with the prevailing sentiment or not, is known to have been inspired by a mind and heart attuned with honor and high purpose. He is one of these men in real life who had rather be right than President.

### STAUNTON COURTS

In Richmond they have sentenced a man to ten years for stealing two automobiles, and another man five years for stealing only one, while the city of Staunton is wailing with the report that a man over there had three "admittedly stolen cars" in his possession and the jury "simply would not believe it."

The Staunton Evening Leader calls attention in a front-page editorial to "A Disgraced Community," in which a man who

stole three cars could be acquitted "with ample proof against him"—when evidence showed that he had admitted lying and his attorney "made no bones of it"—while negroes who stole a few hams got two years and eighteen months, respectively.

"The whole proceeding is a disgrace to Staunton, reflects on justice in all its ramifications, the court, the bar, the jury and the popular sentiment that will tolerate such a thing, and calls for serious thinking on the part of law-abiding citizens," says the Evening Leader. "No Staunton citizen has a right to inveigh against lawlessness and contempt for the courts occurring in other parts of the United States, who does not speak out in condemnation of the whole proceeding and of all who are in any way responsible for bringing this blight upon this community and upon justice and right."

The city of Richmond apparently has no intention of inviting the operations of automobile thieves and has taken the surest means of making this attitude public.

### THE COUNTRY NEWSPAPER

The following article from The Country Parson, appeared on the cover of the Baltimore Southern Methodist for March 8 and was sent to The Journal by a Washington subscriber:

The country newspaper is one of the largest assets of the nation. It is invariably wholesome and clean, and stands for the highest things in community life. It rings true on prohibition, the preservation of the Sabbath and other great moral issues that make for the best interests of the people. It is not subject to the corrupting influences which beset the metropolitan daily and cause it to become a menace to family life, and to the largest and highest development of the nation. Its power and opportunity become prostituted to unworthy and hurtful ends. But the country paper, with the support of the community, is generally incorruptible and may honestly carry this laudable motto at its masthead:

"Here shall the people's rights maintain. Unawed by influence and unbribed by gain."

The country newspaper is the best ally of the country doctor and the country church—generally tremendous forces for righteousness.

A thief recently stole the collection of a rural church in West Virginia and the editor of the paper, which serves the needs of the community, spoke of the deed in words which some of us did not know were in the dictionary. Rising to the height of his indignation he blazed forth:

One Sunday about two weeks ago some one stole the collection from the plate in the Church in Glenville before the treasurer could get hold of it. The low-life yellow hound that was so lost to decency and humanity as that he would not only steal swill from a blind hog and drink it but would rob a baby of its all-day sucker. He would steal the pennies from the eyes of a corpse and the tombstones from a graveyard. He would rob an orphan asylum of its Christmas tree and a blind man of his cane and a baby of its nursing bottle.

Long live the country newspaper to bless and help the community! It is worthy of the most loyal and unqualified support of all the people.

### CURRENT HUMOUR

IT MAY BE SO, BUT—  
I would rather be right than president.  
I never took a dishonest dollar in my life.  
I am a candidate.  
I have never had a quarrel with my wife.  
I never drive faster than twenty miles an hour.  
I can take it or leave it alone.  
I could quit smoking if I wished.  
I believe in free speech.  
I vote for the man, not the party.  
I wouldn't do it for a million dollars.  
I was dead with fright.  
I never spend more than I make.  
I wouldn't have it if they gave it to me.  
I will bet you ten to one.  
I care not what the world may say.  
I am captain of my soul.  
I make it a rule never to do anything of which I may be ashamed.  
I am the boss of my household.  
I do not aspire to fame.  
I never lied to my parents.  
I shall be detained tonight at the office.

### THE WAY OF THE MEER

In Wildwood, a socially eminent Rabbit, Of dignity, substance and girth, Had chosen a suitable hole to inhabit—  
An excellent burrow of earth, When up came a Woodchuck, a genuine groundhog, Who wanted the place for his lair; The Rabbit, impressed by a seventeen-pound hog, Abruptly departed from there. But shortly thereafter a virtuous Badger Slid down from a neighboring shelf; The Woodchuck he slew as a robber and cadger, Bequeathing the hole to himself. A Fox who believed in the law of re-quitall Appeared through the bordering fern; He questioned the Badger's manorial title, Demanding the burrow in turn. A battle ensued in a terrible smother, Affrighting the hardest soul; The Fox and the Badger abolished each other, The Rabbit returned to his hole. So here is appended the mildest of morals, Accept it for what it is worth: "When all of the Haughty are killed in their quarrels The Meer shall inherit the earth." —Arthur Guiterman in the New York Times.

### KEEP ON KEEPIN' ON

If the day looks kinder gloomy And your chances kinder slim, If the situation's puzzlin' And the prospect's awful grim, If perplexities keep pressin' Till hope is nearly gone, Just bristle up and grit your teeth And keep on keepin' on. Frettin' never wins a fight And fumin' never pays; There ain't no use in broodin' In these pessimistic ways; Smile just kinder cheerfully Though hope is nearly gone, And bristle up and grit your teeth And keep on keepin' on. There ain't no use in growlin' And grumblin' all the time, When music's ringin' everywhere And everything's in rhyme, Just keep on smilin' cheerfully If hope is nearly gone, And bristle up and grit your teeth And keep on keepin' on.

Tommy had been playing truant from school and passed a long, beautiful day fishing. On his way back he met one of his young cronies, who accosted him with the usual question, "Catch anything?"

At this Tommy, in all the consciousness of guilt, quickly responded: "Nope—ain't been home yet."

### VIRGINIA:

In the Clerk's Office of the Circuit Court of the County of Prince William, March 5, 1928.

Notice Re: Condemnation of Ford Automobile.

An information having this day been filed in the Clerk's Office of the Circuit Court of Prince William, as provided by law, alleging that on the 3rd day of March, 1928, in the said county of Prince William, a certain Ford Roadster, license No. 234499, Engine No. 10769604, was seized pursuant to Section 28 of an Act of the General Assembly of Virginia known as Chapter 407 of said Assembly of 1924, commonly known as the Prohibition Law, amended, and further alleging that at the time of said seizure aforesaid ardent spirits were being illegally transported in said Ford Roadster, and praying that the said Ford Roadster may be condemned and sold according to law.

Therefore, it is ordered that Max J. Weber, who claims to own said machine, and all other persons interested therein do appear before our Circuit Court for the County of Prince William on the first day of the April, 1928 term thereof (that being the 2nd day of April, 1928), to show cause, if any they can, why the said Ford Roadster should not be condemned and sold as provided by law.

In the Circuit Court of Prince William County, Virginia (In Vacation): Irene May Redrick, Complainant, v.

Rogers Abraham Redrick, Defendant. IN CHANCERY

An affidavit having been made, as required by law, that Rogers Abraham Redrick, the defendant in the above-styled cause, is a non-resident of the State of Virginia and that his last-known post office address was 428 P Street, N. W., Washington, D. C., and application for this order of publication having been made in writing and duly granted by the Clerk of this Court:

The object of this suit is to have annulled and declared void the marriage of the said Irene May Redrick to the said Rogers Abraham Redrick on the ground that the said Rogers Abraham Redrick, at the time of said marriage, was already married to one Roxie Redrick, from whom he had not then been divorced or, in the event that the Court may consider that the complainant is not entitled to this specific relief, then to obtain a divorce a vinculo matrimonii by the said Irene May Redrick from the said Rogers Abraham Redrick, on the grounds of cruelty and of wilful desertion and abandonment, more than three years having elapsed since such desertion and abandonment, for the care and custody of Roberta Elizabeth Redrick, the infant daughter of Irene May Redrick and Rogers Abraham Redrick, and for general relief.

It is therefore ordered that the said defendant appear here within ten days after due publication hereof and do what is necessary to protect his interests in this suit. It is further ordered that a copy of this order be published once a week for four successive weeks in the Manassas Journal, a newspaper printed and published in the County of Prince William, Virginia; that a copy be sent by registered mail by the Clerk of this Court, addressed to the said Rogers Abraham Redrick at 428 P Street, N. W., Washington, D. C.; that a copy be posted by the said Clerk at the front door of the court-house of this County on or before the next succeeding rule day after this order of publication is entered; and that the said Clerk shall certify to this Court that the said copies have been posted and mailed as hereinbefore directed.

Given under my hand this 1st day of March, 1928.

### VIRGINIA:

In the Clerk's Office of the Circuit Court of the County of Prince William, February 25, 1928.

Carl H. Savage, Complainant, vs. Gertrude K. Savage, Defendant. IN CHANCERY

The object of this suit is to obtain for the complainant a divorce a vinculo matrimonii from the defendant on the ground of wilful desertion and abandonment without just cause or excuse for a period of more than three years prior to the institution of this suit, and for general relief.

And an application having been made in writing for this order of publication, and an affidavit having been made and filed in this office, by the plaintiff, that the defendant is not a resident of the state of Virginia and that her last known Postoffice address or place of abode is 57 East 95th Street, New York City.

It is therefore ordered that the said defendant do appear here within ten days after due publication of this order, and do what is necessary to protect her interest in this suit.

And it is further ordered that a copy of this order shall be published in the Manassas Journal, a newspaper published and circulated in Prince William County, once a week for four consecutive weeks; a copy sent by registered mail by the clerk of this court, addressed to the said defendant at 57 East 95th Street, New York City; the address given in the aforesaid affidavit, and a copy of same posted at the front door of the court house of said county on or before the 5th day of March, 1928; that being the first rule day after this order was issued.

## STUDEBAKER SALES LARGEST IN HISTORY

Both January and February set new high marks in purchases by public!

SOUTH BEND, IND., Mar. 8.—Studebaker sales continue to climb to new goals of achievement! The number of Studebaker-built automobiles delivered to owners by dealers in the United States during the month just closed, was the largest in any February in history and 31% in excess of February, 1927. Coming immediately after the greatest January sales in Studebaker history, this continued flood of public preference for Studebaker is particularly significant.

Motorists appreciate Studebaker's advanced engineering—car is delivered—that requires lubrication but once in 2500 miles—that holds all the highest speed and endurance records for fully equipped stock cars, regardless of power or price. The public has rightly interpreted these achievements as conclusive evidence of Studebaker's championship value due to One-Plant manufacture.

By all means see and drive these new Studebaker and Erskine cars! Know the feel of championship power at the touch of your tested on Studebaker's million-dollar advanced engineering. Realize then, if you know cars, that Studebaker stands for stability—76 years of it!

## NEWS OF WEEK IN OLD VIRGINIA

### High Lights of Happenings in State Told in Short Paragraphs

#### Maniac Captured.

Purcellville.—Guy Hogan, colored maniac, who escaped from an insane asylum at Mountville, Md., and who formerly lived at Lovettsville, near here, was killed near Rockville, Md., by Montgomery county police, according to reports received by the sheriff at Leesburg. He was heavily armed and put up a fight, officers shooting in self-defense.

After escaping from the asylum, about ten days before, Hogan returned to the Lovettsville section to search for a brother, and terrorized that section for three days. An armed posse of 60 men, with the order to get him dead or alive, forced him into the Short Hill mountains, whence he escaped into Harper's Ferry, W. Va., and thence to Maryland.

#### Partridges Imported.

A box containing 55 live partridges imported direct from Czechoslovakia has been received at Warrenton by Albert Fletcher, game warden. The birds will be turned out near The Plains, where a number of landowners interested in game have ordered them. The birds seem in excellent condition after their long journey. They are much like the native quail, but considerably larger and are said to have cost \$14 a pair.

#### Corn King in Page.

Luray.—Corn will be king in Page county this summer. It will supplant in a large measure the tomato crop, for the last five years supposed to be the county's agricultural money-maker. Corn is selling in Luray at \$6.50 per barrel—an unheard-of price. Efforts are being made to have lands intended for the county's tomato acreage transferred to the corn crop. Comparative prices of wheat and corn in Page county during recent years show that the latter has an advantage of \$29 per acre over wheat, taking the present prices as standard and rating wheat at \$1.50 per bushel and corn at \$6.50 per barrel.

#### Factory for Berryville.

Berryville.—Berryville is much interested in a new silk factory about to be started here by Mr. de Bar, of New Jersey, and other business men. A lot has been purchased, plans for the building have been drawn and about three dozen shuttles have been installed in a service garage for the teaching of new operators who will be ready to take up the work when the factory opens. The people of Berryville and vicinity have been very energetic in holding up their end of the line by meeting all the necessary requirements that assured the establishing of the factory here.

#### Mrs. Gibson in Politics.

A second daughter of the Langhorne of Virginia is in politics. Mrs. Charles Dana Gibson, the former Irene Langhorne who is the wife of the celebrated artist, has followed her younger sister, Lady Astor of England, into political activity, having just been appointed a delegate to the democratic national convention at Houston, Texas. Lady Astor, formerly Nancy Langhorne, was the first woman member of the British parliament. In their girlhood Irene and Nancy, as daughters of the Chiswell Dabney Langhorne family, were known throughout Southern circles for charm, wit and beauty. They and the present Mrs. Robert Brand and Mrs. Paul Phipps, both of London, comprise the famous Langhorne sisters.

#### Finds Bonds in Mail Box.

Suffolk.—Frank Everett, negro youth living across the line in North Carolina, found in his mail box a package of the bonds stolen from the Merchants and Farmers Bank of Winston, N. C., robbed by automobile bandits a few nights before. In the package, which Everett returned to the bank, were \$12,700 in registered bonds owned by customers of the bank, whose safety deposit boxes were looted.

#### Harrison Forced to Rest.

Winchester.—Representative Thomas W. Harrison is taking a rest cure in Providence Hospital in Washington. The Winchester Congressman has been worn out by continuous sessions of the Appropriations Committee of the House of Representatives. Physician's reports are very favorable and he is expected to be able to return to the halls of Congress soon. The House of Representatives granted him a leave of absence until he recovers.

#### Lee Boulevard Discussed.

Fairfax.—A meeting was held recently in the office of Mr. R. R. Buckley by those interested in the proposed Lee boulevard running west of Fairfax, crossing the pike about the LeBrosse property, and the Fairfax station road about two miles from Fairfax. It is said Fairfax residents

are opposing this route and are working to have the boulevard come through the town of Fairfax. The meeting discussed the matter of securing rights of way to offer the State Highway Commission as an inducement for the use of the route proposed.

#### Supervisors Entertained.

Fairfax.—The Fairfax County Board of Supervisors and other county officers were guests of County Engineer F. Norvell Larkin and Mrs. Larkin at dinner last Wednesday at the county road headquarters on the Little River pike east of Fairfax. Following an enjoyable repast, the guests were shown over the headquarters, one of the most complete in northern Virginia.

#### Shot by Divorced Wife.

William C. Gloth, commonwealth's attorney for Arlington county, and former noted football player at the University of Virginia, is in a serious condition in a Washington hospital with a bullet wound in his chest. Mrs. Marjorie Gloth, his divorced wife, is out on \$10,000 bond awaiting a hearing in the Arlington county police court.

Police say she shot Mr. Gloth, from whom she obtained a limited divorce several years ago, as he stood talking to Mrs. Delia Snyder, her mother, on the porch of his former wife's home in nearby Clarendon.

#### Clergyman Killed.

Richmond.—Rev. John J. Bradford, pastor of the Ginter Park Methodist Church, died at a local hospital a few minutes after he had been knocked down by a motor truck near a downtown street intersection. The clergyman was struck, witnesses told police, when he tried to cross in front of an automobile, only to move in the path of a truck said to have been driven by a negro who is held on a technical manslaughter charge.

Mr. Bradford was 55 years old. He was graduated from Randolph-Macon College and had served pastorates in Newport News, Portsmouth and Norfolk, before coming to Richmond two years ago from the Norfolk district, where he was presiding elder.

#### Page Diogenes.

Newport News.—A case which no doubt would make old Diogenes blow out his lantern, smile and sit down for a rest from his labors, has been reported here. Mrs. Carter Perkins has received a check for \$80 from a former patient of her father, Dr. Prior Richardson. Dr. Richardson has been dead for more than 50 years, but a few days ago his daughter received a letter from a former patient who said that he owed the doctor a bill at the time of his death and wished to pay it now. In a second letter, accompanying his check, the patient stated that the bill was originally for \$20 and the \$80 was to include interest on the amount through all the years since the debt was contracted.

#### Priest Joins Ministers.

Winchester.—Rev. Thomas B. Martin, who recently came here from Colonial Beach to be rector of the Church of the Sacred Heart, has been elected to membership in the Winchester Ministerial Association. Father Martin is the first priest of the Catholic Church ever to be admitted to membership by the association, whose membership ever since its organization years ago has always been confined exclusively to clergymen of Protestant churches, although it was said there was no rule or regulation prohibiting the association from admitting a priest of the Catholic faith.

#### Girls Bother Students.

University.—University of Virginia students are having a difficult time getting their attentions back to such prosaic subjects as examinations after the visit of 386 girls, all students of Stephens College, Columbia, Mo. The girls came to Charlottesville for the last stop on a 2,500-mile tour, after visiting Detroit, Niagara Falls, New York city, Washington and other points of interest.

#### To Reward School Papers.

Lexington.—Six silver loving cups will be awarded as prizes for the best high and prep school publications in the South, at the gathering of student editors, advisers and journalism teachers at Washington and Lee University here May 11 and 12. Roscoe B. Ellard, head of the Lee School of Journalism, has announced. High schools will be divided into groups, according to size. This meeting will be the third annual convention of the Southern Interscholastic Press Association, which is an organization formed to extend the services of the Journalism School, started in 1869 by General Robert E. Lee, to high school teachers and students of the entire South, university officials said.

#### MEN NOT EQUAL

Some years ago the Chief Justice of the United States found that the tire of one of his wheels was loose and kept slipping off. Coming to a little stream he drove into it and got one little section of the wheel wet; then drove out and backed his horse and the same part of the wheel went into the water again. Thus he kept going back and forward, all the time wetting the same part of the wheel.

A negro saw the situation and told the justice to back into the water again. He did so, and the negro took hold of the spokes of the wheel and, turning it slowly, soon had it wet all around.

"Why, I never thought of that," cried the chief justice.

"Well," replied the dandy, "some men just nat'ly have more sense than others."

Mrs. B. Lynn Robertson has returned from a month's visit to Bronxville, N. Y., where she was the guest of her parents, Mr. and Mrs. Alexander F. Stoeger.

Miss Helen Cannon, daughter of Mr. and Mrs. Ira E. Cannon, of Rosemont, is able to resume her work after being confined to her home for four weeks as the result of an injury sustained while coasting during the heavy snow. A sled struck her by accident, causing a painful hip injury.

A rummage sale is to be held in the old Bushong store building Saturday by the Susanna Wesley Sunday School class of Grace M. E. Church, South, which is taught by Mrs. A. C. Hart.

Mrs. Norvell Larkin, who has just recovered from an attack of pneumonia, left for Washington last week upon receipt of a message announcing the serious illness of her brother, Mr. Henry Reid.

The regular meeting of Wimodausis Chapter, No. 106, Order of the Eastern Star, will be held in the Masonic Temple on Tuesday at 7:30 p. m., at which time the annual election of officers will take place.

Mr. C. L. Keeton, of Franklin, Pa., spent Sunday night at the home of his sister, Mrs. Frank Peters, en route to Lynchburg, to attend the funeral of their brother, Mr. W. H. Keeton, of Little Rock, Ark.

Mrs. Alice Dobson, who had been the guest of her sister, Mrs. L. B. Williams, for two months, has returned to Rockford, N. C., driving home with her son, Mr. Henry Dobson, who was here for a brief visit.

Miss Octavia Ray Blake, of Richmond, was a guest of Mrs. Williams at the same time.

Mrs. A. A. Maloney recently entertained at bridge at her home in Grant avenue. Mrs. John L. Hynson received a pretty flower basket as winner of the highest score.

Rev. and Mrs. George Hasel recently had as their guests at the Methodist parsonage Mrs. L. E. Crowder, Misses Louise Crowder, Virginia Bean and Ruth Floyd and Mr. Robert Ergenbright, all of Covington.

Father Nicholas Habits, pastor of All Saints' Catholic Church, sails this week for a visit of several months to his home in Holland and to other countries of Europe. During his absence priests from the Catholic University will take charge of his congregations here and at Fairfax and Centreville.

A large congregation attended a special service for young people Sunday morning at Grace M. E. Church, South. Rev. Gorge W. Hasel spoke informally to the young people, giving an object lesson in Christianity.

Little Miss Virginia Pullen sang, Miss Lora Bell gave a reading and Miss Mary Frances Zirkle, of Nokesville, gave a violin solo, accompanied on the organ by her mother, Mrs. V. W. Zirkle.

## MRS. MEETZE HOSTESS

W. C. T. U. Celebrates Union Signal Day with Music and Talks.

Union Signal day was observed by the W. C. T. U. on Wednesday at the home of Mrs. C. J. Meetze. A splendid program was given, consisting of music, readings and talks. The talks and readings were along the line of the benefit to be derived from reading the Union Signal. When we read the Union Signal we will be informed as to the great good being done by prohibition. When questioned as to the benefits of prohibition, we can always answer, for we can know the truth after reading this paper.

The meeting was very lively and interesting, with about 20 present. Next month's meeting will be held with Mrs. T. R. Bywaters.

## MR. MILSTEAD DIES

## SWAVELY NOTES

The Spring Dance is past and a most successful affair it was. There were no recitations last Friday and every effort was made in preparation. For the completeness of preparation and decoration, most credit must go to Senor Caino, of the faculty, and Mr. Hitchman, chairman of the decorating committee. Never has the Baker gym looked so beautiful. A crystal chandelier in the center and festoons from it in all directions changed the entire appearance of the room. Evergreens were all about. The platform was transformed into a lounge for guests and patronesses. The tea dance was held in the school dining room in the afternoon. At 8:30 a banquet crowded the same room. This banquet was given by the "S" Club. Indeed the whole affair was under their auspices.

The Swaveley promenade, the real dance of the evening, began at 10:30 and lasted until 2:30. The floor was comfortably filled with the students and their guests. It was a delightful sight.

Ned Cook is president of the "S" Club. Mr. H. J. Kline is faculty adviser. Mr. W. P. Arnold was chairman of the dance committee. There are 21 members at the present time.

Among the dance patronesses were several Manassas ladies: Mrs. Waters, Mrs. Ratcliffe, Mrs. Gibson and Mrs. Marsteller. The faculty ladies on this list were: Mrs. Swaveley, Mrs. Walter, Mrs. Sigman and Mrs. Farrow.

Those who took the West Point examination report that it was very hard, but expressed their belief that they passed it.

Denig, the only one who took the February examination, has received a report that he passed with a good mark. He was one of 14 throughout the U. S. who succeeded. Over 100 passed the substantiating examination. To qualify for this they must be high school graduates and their certificate must be acceptable to the Academy authorities.

Mr. H. L. Seymour, of the faculty, is quite ill, but last reports show him improved.

## IN MEMORIAM

In sad but loving remembrance of our darling little boy Charlie, aged two years and 3 months, who died February 24, 1928, at Brentsville, Va.

In our hearts your memory lingers, Always tender, fond and true; There is not a day, dear little Charlie, That we do not think of you.

I watched you, dear Charlie, fading, But little did I know That on that day our darling left us Your soul from us would go.

Our darling baby from us has gone, His voice we love is still; His place made vacant in our home Can never more be filled.

## HIGH SCHOOL NOTES

By Senior Class

Among the recent contributions to the high school library were a number of works of fiction contributed by Mrs. Albert Speiden. These contributions were made in Miss Virginia Speiden's name, and are valuable additions to the library.

Rehearsals are being held every afternoon by the Senior English Class who will present the comedy, "Tea for Tom," during the last week in March. The exact date will be announced in a very short time.

The Manassas boys' and girls' basketball teams both lost to Marshall on Friday evening. The boys' score was 24-23; the girls' score, 18-17. The loss in both cases was probably due to the fact that a competent referee could not be secured, and the play space was not as favorable to a good game as is the Manassas gymnasium.

Miss Willlette Myers, Miss Margaret Grammar, Miss Lulu D. Metcalf and Mrs. Pearl Renow were Washington visitors on Saturday. Miss Lydia Shenk spent the week end at her home near Harrisonburg.

Miss Hazel Beahm and Miss Lucy Arrington received their final credits in typewriting recently. Students receiving this credit must make a speed of 50 words, perfect.

Miss Ruby Ryman, Prince William county nurse, is about to complete a course in home nursing which she has been giving to the Home Economics Club since Christmas. The students are very fortunate in having this opportunity to have this thorough course in home nursing under Miss Ryman.

Mrs. Jarley and her Mother Goose dolls will appear at the high school at an early date. Those who saw Mrs. Jarley before will be pleased to see her in this larger performance. The announcement of the date will be made later.

A complete set of Winston's New Loose-leaf Encyclopedia has just been added to the reference material in the library. This edition is considered the best and most up-to-date for reference work.

The first reports of the second semester were given out at the high school on Friday afternoon. This always marks an important event in high school life. The honor roll will appear elsewhere in these columns.

We are glad to welcome Mr. Beverly Mitchell back to M. H. S. after an absence of several months while he was studying in a Washington high school.

The Senior English Class has begun work on the final prize original stories. These will be completed and turned over to the judges by the middle of April, and the winner will receive the prize in June when all other prizes and awards will be given out.

The study hall which is being held at the high school by the various members of the faculty for all train students and others wishing to be in a quiet study period is proving a great help in every way. After the four o'clock bell, all students either leave for home or go to study hall, which lasts until 5:30. This gives students an excellent opportunity for a quiet, supervised study hour. They are very fortunate in being able to arrange this matter satisfactorily.

The work on the new tennis courts is being renewed, preparatory to early spring games as soon as the weather will permit.

Mrs. Jarley's Mother Goose dolls will appear at the high school auditorium next Tuesday at 1:30 o'clock. Admission, 10 cents.

A Sidewalk, Extending from the Court House to Manassas High School is Sought by Students.

(Elizabeth Sinclair, Reporter)

The high school students are very desirous of having a concrete sidewalk built from the Court House to the high school building. It is hoped that public opinion will be aroused to the necessity of this. News reporters of the third year English class have decided on a plan of interviewing citizens of Manassas as to the desirability of such a walk. These expressions of citizens are being obtained for the purpose of bringing the matter forcibly to the attention of the municipal authorities and the other citizens of Manassas. You may be the next one approached. Will you, too, state your opinion and give us your hearty co-operation?

Below appear several interviews which have been obtained from citizens of Manassas, and from a student of Manassas High School:

Rev. A. Stuart Gibson: "One of the most pressing needs of the town of Manassas is streets and sidewalks. When I came to look over the field after receiving a call to Trinity Church, one of the things that appealed to me most in Manassas was the sidewalks. Now there is one sidewalk which should, by all means, be completed as soon as our City Fathers

see their way clear to do the work. I refer to the sidewalk from the end of the cement in front of the Court House lot to the entrance of the new high school building.

"There are very special reasons why this is one of the first pieces of new sidewalk which should be laid. In the first place all of our children of school age use this piece of walk twice, and some of them four times a day during the school session. The present sidewalk, in spite of attempts to fix it with cinders and gravel, is rough, uneven, and in some places very muddy. It does seem to me that we, as a community, should take care of our children by providing an adequate walk for their use.

"The high school auditorium and the gymnasium building are both used for entertainments of various kinds and athletic events which are patronized by the citizens of the town and visitors from other communities. At night, when these events take place, all who attend, except those who come in cars, have to use this special piece of sidewalk. As I have said, it is rough and uneven. The shade trees obstruct the light from the lamps and many of our people find it very difficult to use this stretch of pavement.

"If we are to get the full use of our fine auditorium, and to allow the community to reap the benefit of the large investment on the new high school, steps should be taken in the immediate future to lay an adequate walk and to arrange to have it properly lighted. It is my hope that this can be done before very long. I am sure that the advertisement which will come to the town, and the feeling of comfort and security it will add to our citizens and especially to our children, will more than justify the investment of the funds which will have to be used for its construction."

Mr. M. Bruce Whitmore: "In reply to your request for me to state what I thought of the building of a new walk from the County Court House to the new high school building, and how to secure the same:

"This is an improvement which is very greatly needed, and every citizen of our little town should be interested in it. We have a beautiful school building which I am sure every one is proud of, but the walk from same to the Court House is horrible, and should make every one of us blush when strangers visit our town and school.

"I am sure the present Town Council will be willing to do all that is possible for this greatly needed improvement. The Kiwanis Club, I am sure, will lend a helping hand. The Board of Supervisors, I feel certain, if approached in the right way, by the right parties, will also help. The party who owns the land between the Court House and the school building should help; and with a little help from our honorable school board we should be able to build a grand walk in short order, which will be a credit to our town and school.

"Please allow me to congratulate you and your class as being the investigators of this noble work."

Mr. C. A. Sinclair: "There is perhaps no town in the state of equal size that has as much concrete sidewalk as has Manassas. The generosity of abutting property owners in contributing to the cost of paving has, in a large measure, enabled the municipal authorities to accomplish so much in this direction. It has been largely a matter of co-operation, for the town's revenues are not alone sufficient for its needs in this respect.

"But, notwithstanding the interest which has been manifested by the town and its citizens in the matter of providing pedestrians with suitable sidewalks, the importance of having a concrete pavement to the community's most important secular institution—the public free school buildings—seems to have been entirely overlooked. With possibly a few exceptions, every white taxpayer of Manassas has a child attending either the graded or the high school. All, therefore, have an equal interest in providing for the children a safe and suitable means of getting to and from the school buildings. A permanent walk-way from the Court House lot to the high school grounds might result in having improved crossings at West street and Grant avenue."

An interview was had with Miss Mabel Doak in regard to this question. Miss Doak thinks the project is of great importance to both the pupils and the community.

"A larger number of people," Miss Doak said, "would be able to attend public gatherings, plays and leagues which are continually being held in the high school auditorium. There has always been a complaint about the poorly lighted street, but with a good, safe pavement lights would not be so necessary."

Patrons and citizens of Manassas will you consider this matter, state your opinions, and give us your hearty co-operation?

### A SIDE WALK TO M. H. S.

We need a sidewalk to this school; Yes, we surely do; For day by day we walk the path Of rocks, sticks, and mudholes too.

The cement walk stops at the Court House.

And yet we walk on Over the rough old bumpy ground To old M. H. S.'s lawn:

We stomp our toes on bumps and rocks And breathe—oh! a little sigh. Oh! never mind, don't ask me now; I don't wanta tell a lie.

Our third year English class has started

To get a walk put there. Now student body we need your help, Just start boosting this walk for fair.

It is up to us, we students all To have a cement walk; And we can have it right to our school If we don't forget to talk.

How many would like a walk like this?

All! Sure, I knew it. Now let's get together, our student body, And show them we can do it.

Just start talking to all you see; Get them, interested too; And we can show this town of ours, Just what M. H. S. can do.

And when we get everyone interested, Then the business part will come. The town council will have to meet, And really get the walk all done. —Gertrude Buckley.

### A FIRE POLICY DOES NOT COVER TORNADOES, CYCLONES OR WINDSTORMS

Records show that no section of the country is immune from this hazard, nor are they confined to certain seasons of the year. Rates for this protection are moderate; if your property is located in towns it can be insured for \$2.00 per \$1,000.00; if in the country \$3.00.

## CATHARPIN

Rev. Charles F. Phillips delivered an excellent sermon to an appreciative congregation Sunday morning.

A church conference was held in connection with the monthly meeting of the Wesley Bible class on March 6. The Young People's Missionary Society is planning a social and box supper to be held at Sudley Church on Friday evening from 7:30 to 10. Everybody is invited.

Mrs. Luther L. Lynn has been very much indisposed with a severe cold the past week.

Mrs. John Shannon, principal of Catharpin School, spent the week end at her home in Farmville, where her husband is very ill.

Misses Gertrude and Ruth Buckley and Miss Claudia Pattie spent the week end at the home of the formers' parents, Mr. and Mrs. P. S. Buckley. Miss Mary Pattie and L. J. Pattie, Jr., were Manassas visitors Tuesday. Miss Loreice Carter spent the week end in Manassas as a guest at the home of Mrs. S. T. Weir.

Mr. William S. Brower has recently purchased a number of fields from Mrs. Robert Haislip.

Miss Elize Anderson, of Washington, recently visited her parents, Mr. and Mrs. Robert Anderson.

Mr. Harold Moss, of Washington, spent Sunday with his parents, Mr. and Mrs. Samuel Moss.

A party of men, who were securing horses for a riding school in Boston, purchased a number of animals in this section last week.

## THORNTON

The people of this neighborhood are rejoicing over improvement in the roads.

Miss Lucy Cornwell, of Quantico, spent the week end with her parents, Mr. and Mrs. W. H. Cornwell.

Misses Elva and Alma Tolson have returned to their home after spending a few days with friends at Triangle. Mr. J. J. Carter, who has been ill at his home, was taken to a Washington hospital for treatment.

Miss Bettie Watson, of Quantico, spent the week end with her parents,

Mr. and Mrs. N. B. Watson.

Miss Myrtle Keys, of Quantico, spent Saturday and Sunday at her home here.

Messrs. Edward Keys and Bradford Love spent Sunday with Mr. and Mrs. James Tolson.

Miss Alma Russell, who has been on the sick list, is much improved.

## HOADLY

Mrs. E. P. Davis, who has been visiting her daughter, Mrs. French Davis for the winter months, returned to her home during the past week.

Mrs. James O. Hampton and grandchildren, Harold, Anson and Constance Hampton, motored to and from Alexandria on Saturday.

Mr. James Webster and son Daniel are confined to their home with bad colds.

Mrs. B. L. Williams, who had a fall about ten days ago, is able to get about with the assistance of a cane. Mr. Williams' condition remains the same.

Mrs. M. F. Davis and Mr. and Mrs. T. Avery Reid motored to Quantico and Ocequan on Thursday.

Mr. and Mrs. Esmond Mills were Ocequan visitors during the week.

## Birthday Celebration

Malcolm Reid, son of Mr. and Mrs. Daniel Reid, celebrated his 21st birthday a few days ago, a card party and dance being given at his home.

Mr. Alton Maxfield was bitten on the hand by a stray dog from Fairfax, Sunday morning. Dr. Starkweather, of Ocequan, gave first-aid treatment.

Mr. Frank Milstead is confined to his home by a severe cold.

Mr. and Mrs. M. Florence, of Dumfries, were visitors of Mrs. Florence's parents, Mr. and Mrs. R. H. Duvall, during the week.

Mr. and Mrs. Joseph Posey and children, of Canova, visited at the home of Mr. D. W. Posey on Sunday.

## Mr. Posey Petter

Mr. D. W. Posey is able to be out again after his injury at the saw mill. Mr. and Mrs. Joseph Simms and children, of Manassas, were Hoadly visitors on Sunday.

Mrs. Mary Woodyard had as her guests on Sunday Mrs. M. F. Davis, Mrs. T. A. Reid, Misses Kathleen and Virginia Mills, of Hoadly; Mrs. Emma Fairfax and son Stanley, Miss Madeline Pettitt and Mrs. Sylvia Jones, all of Washington.

Misses Anna Reid and Margaret Mills attended a dance given in Manassas Saturday evening at the home of Mr. B. Davis.

Mr. Edward Parsons, of Washington, spent the week end at the home of Mr. and Mrs. William Cronkite.

## TRUSTEES SALE OF REAL AND PERSONAL PROPERTY

Under and by virtue of a deed of trust, executed by Thos. Woolfenden, Thos. J. Woolfenden and Walter M. Woolfenden, on the 1st day of May, 1924, and recorded among the land records of Prince William county, in deed book No. 79, page 413 et seq., to secure the payment of certain debts fully set out and described in said deed of trust, the undersigned trustee, who has been directed by the note holders to execute the said trust, shall offer for sale at public auction, on the Thos. # HARLEY & KLINE HAVE HIGH HERD

Manassas Cows Win Bank Trophy for Year's Production Record.

(C. F. Muddiman, Official Tester.)

Official records for 1926-27, now available, show that the total production of the Prince William Cow Testing Association was 4,451,793 pounds of milk and 157,627.7 pounds of butterfat.

The herd of 20 grade Holstein, Guernsey and Jersey cows owned by Messrs. Harley and Kline, is the winner of the trophy offered by the Peoples National Bank of Manassas, having made the highest butterfat average for the year. This herd produced an average of 10,062.9 pounds of milk and 387 pounds of butterfat.

During the past six months of the present year this herd has produced an average of 217 pounds of butterfat. At this rate the herd will make an average of 400 pounds of butterfat for the year, which will be the highest record ever made by any herd in this association.

The Harley and Kline herd had a close competitor in the herd owned by Mr. W. T. Thomasson, which made an average of 11,473.6 pounds of milk (which was the highest milk average made during the year) and 384.2 pounds of butterfat.

The best individual butterfat record was made by a purebred Jersey cow (Nora's Nana) owned by Clover Hill Farm. This cow's production was 9,543 pounds of milk and 557.2 pounds of butterfat. With this record Clover Hill Farm has won the trophy given by W. R. Free & Son, of Nokesville, for the highest butterfat record made by any cow in the same herd for three consecutive years.

The highest milk record was made by a cow owned by Mr. C. C. Lynn. This cow, a grade Holstein (Mary), produced in the year 14,946 pounds of milk and 465.9 pounds of butterfat, and was awarded a trophy given by Larkin & Dorrell for the highest milk record. Mr. Lynn also has the second highest cow in this class, with a record of 14,561 pounds of milk and 426.1 pounds of fat.

Another trophy, offered by the National Bank of Manassas, was awarded to Mr. E. S. Hooker, of Nokesville, for the largest increase in butterfat production. The increase in Mr. Hooker's herd was 66 pounds over the year before.

The three highest herd averages, the ten highest cows in butterfat and the five highest cows in milk were as follows:

## JEFFRIES TALKS ON TAX RATES

(Continued from First Page)

judice of any other men."

Alexander H. Stephens in his articles on government, in commenting on Markham's remarks on civil liberty, asserts: "This definition conveys the idea, that upon the formation of organized societies individuals give up some of their natural rights, and that the main object of such societies and governments should be the security of the greatest good to the greatest number. It clearly implies, at least, that the good of some must, occasionally, be sacrificed to the greater good of the greater number. Few heresies or dogmas in the science of government are more erroneous, or more mischievous in their tendencies than this very specious doctrine, which to most mind seems to be so well founded. The great object of government, properly stated, should be to secure the greatest good to every member of society which can be possibly be accomplished without injury to any. No ninety-nine persons, whatever, have any natural right to advance their interest or good by inflicting an uncompensated injury upon the hundredth, nor in any other proportion." I call your special attention to the last two sentences in what Mr. Stephens affirms.

We need and ought to have relief from such heavy taxation as is imposed upon us: Not an increase for any purpose whatsoever. Our county once a land for the oppressed has become a land of the oppressed. Let us change this state of affairs.

In Scott district, at the present rate of taxation, one would have to pay in taxes alone, allowing six per cent interest, for the ownership of a one-thousand-dollar home for sixty years the sum of twelve thousand, seven hundred and ninety-five cents. Nearly thirteen thousand dollars paid in taxes to return the ownership for sixty years of a one thousand dollar home! I make no comment—adequate and printable words fail me.

I am reminded in this connection of the old French officer mentioned in Duke's Reminiscences who, as Gen. Duke relates, upon being told by him, through an interpreter, after the Civil War of the battle of Tishomingo Creek, where Gen. Forrest, with vastly inferior numbers, came down like a cyclone on his enemy and annihilated him, rose to his feet, stretched both arms above his head, and with words of our language that he knew, testified to the prowess of N. B. Forrest: "Sapristi," he exclaimed, "G—d—n!"

One has but to consider the numerous sales of personal property and the many acres of land that have been sold in Fauquier county in the last few years to realize the blighting influence of our high and immoderate taxes. Not only our homes but civilization itself in time may fall under their crushing weight.

People of Fauquier! I appeal to you wherever you may be, to unite and oppose any further increase of our iniquitous taxes; and further encroachments on our liberty. God knows—I say it reverently—we have but little left.

## COUNCILS COVER COUNTY PROGRAM

(Continued from Page One)

the general opinion of the council that one reason for the decreasing average is that herd owners sell cows above their herd average rather than below. Other suggestions made covered the use of proven sires and testing for abortion.

Plans made for crop improvement work were practically the same as the 1927 plan, including the growing and certifying of enough corn and wheat to furnish the county with all the certified seed needed, conducting of ensilage growing demonstrations, a farmers' field meeting on these demonstrations and proper fertilization of crops.

At the meeting of the women's group of the advisory council a report was made of home demonstration work in the county during 1927. A few of the interesting items, all of which cannot be given here, are: Forty girls were enrolled in cooking club work; 31 completed the year's work; 10 members completed garden club work. Records on three of the gardens showed a profit of \$170.00. The canning done by 4-H club members was valued at \$309.80. The poultry was valued at \$150.00. Clothing made by 4-H girls was valued at \$227.00, including 206 garments made and 75 garments mended. Fourteen rooms were improved by 4-H girls; 22 club members attended the short course in Manassas last August, and 8 4-H club girls attended the state short course at Blacksburg.

After this report was heard the group worked on plans for home demonstration work during 1928. It was definitely decided that the type of

home improvement work be the improvement of the living room.

The women decided to send a representative to the meeting of the Homemakers' Association in August.

## VIRGINIANS WIN IN U. S. SENATE

Swanson and Glass Oppose Reduction in State Waterway Improvements.

The Virginia Senators won their battle in the Senate to prevent reductions of \$120,000 to \$150,000 in that appropriations for the improvement of Virginia waterways.

The House of Representatives, it will be remembered, raised the amount for rivers and harbors from \$50,000,000, as recommended by the Bureau of the Budget, to \$55,000,000, as desired by the War Department Board of Engineers for Rivers and Harbors. When the bill went to the Senate the Senate committee attempted to cut this down \$3,000,000, leaving \$2,000,000 for surveys and for the Missouri River.

On the floor of the Senate, however, this committee amendment was rejected, Senator Claude A. Swanson and Senator Carter Glass, of Virginia, being among those who fought most vigorously for retaining the House amendment.

### Rejects Amendment.

Had the appropriation been reduced, the Appomattox River would have lost \$11,000, under the engineers' estimates; the Newport News channel would have lost from \$60,000 to \$82,500; the James River would have lost \$15,000; the inland waterways from Norfolk to Beaufort, N. C., would have lost \$31,000, and Norfolk harbor would have lost \$5,000.

But by a vote of 55 to 17 the Senate decided to reject the Senate committee amendment cutting the appropriations.

Senator Swanson, in announcing his stand on rivers and harbors appropriations, told the Senate:

"I know of no appropriation for improvement that would result in great

er benefits, especially to manufacture and agriculture, than the benefits to be derived from the development of the inland waterway from Norfolk to Beaufort. This waterway connects the Chesapeake Bay region, Baltimore and the surrounding county, Norfolk, Va., the Potomac River, the James River, the Rappahannock River, and the interior of North Carolina.

### Reduction Serious.

"One of my reasons for asking what would be done in case it were left at \$52,000,000 was because the reduction in this project was one of the most serious that would be made. The population around Chesapeake Bay, around the Potomac River, around the Rappahannock River, the James River, Norfolk, and all of that section, by these means have a splendid method of communication, and I know of no appropriation of so small a sum that could exceed this in benefit.

"I shall vote for the House appropriation. I see no occasion to reduce it by two or three million dollars, when the House, after months and months of study and thought, reached a conclusion as to what was urgent and what was most needed.

"I hope we have received from no source information that if we did not reduce it so much there would be a veto of the measure. I hope no such language has been indulged in and no such suggestion made. It seems to me the House and Senate ought to reach their own convictions as to what is right and proper in this situation, and take the consequences.

### Delays Bringing in Bill.

"The senior Senator from Utah has said that he has delayed bringing in the bill for the reduction of taxation until he finds out what the appropriations are going to be, as then he will know by how much to reduce the taxes. Of course, that is simply an invitation to everybody to loot the Treasury, and after the looting is over we will then determine whether we shall reduce taxes or not. I believe taxes ought to have been reduced before this. I am sorry to see that the Senator has laid aside tax reductions and let others take it up.

"As to these appropriations, which are necessary for the development of the country, necessary for commerce, necessary for rivers, necessary for harbors, I am not willing that they shall be reduced, and to have an invitation extended to others to engage in enterprises which are not as deserving."

And unless the conferees of the Senate and the House make changes in this section of the bill, the Virginia Senators won.—Times-Dispatch.

## JORDAN URGES SCHOOL BONDS

### Gainesville Citizen Appeals to Voters to Provide Adequate School Building.

To the Voters and Taxpayers of Gainesville District:

As the time rapidly approaches for this district to vote on the matter of a bond issue to build a new school house, I am writing in the interest of the bond issue.

There are three outstanding reasons why this school should be built:

1. The present building is totally inadequate to accommodate properly the number of children in attendance. Owing to its present overcrowded condition and miserable sanitary arrangements it does not meet the state's requirements for a Standard High School.

2. It would seem absolutely essential to maintain a four-year accredited high school in our district in order to give our children the same educational advantages now provided in the Manassas and Occoquan districts.

3. The present building is a veritable fire trap. One narrow fire escape and a narrow wooden stairway provide the only exits from the second floor of the building and with one of these cut off in the event of a fire the consequences would be tragic. The life or serious injury of even one child would be far more costly than the amount the taxpayers of the district are asked to pay for a new fire-proof building.

It is strange but true that in the mention of the words BOND ISSUE many good people are thrown into a near panic. These words seem to be a through ticket to the poor house and ruin. And yet these same good people often do not take the trouble to figure out what the additional tax will cost times the amount involved for objects not labeled with the obnoxious word TAX. They will fall for almost any kind of a proposition involving the expenditure of money as long as this objectionable word TAX is not used.

As to the amount of increase in taxation which the erection of a new school in this district will involve, I feel I am safe in saying that the increase will not be over 16 2-3 per cent. That is to say, anyone now paying \$6 taxes will have the bill increased to \$7, a net increase of \$1. At this same rate one paying \$60 taxes at present would, under the new rate pay \$70, or a net increase of \$10. It should also be pointed out that the increase taxation will cover the interest on the issue as well as provide a sinking fund to liquidate the indebtedness before the 30-year period proposed for the final maturity of the bonds.

I recently saw a statement giving the comparison of the amounts of money paid out in our own state for schools and for automobiles. Virginia people spend \$25,000,000 for their schools each year, and \$200,000,000 for their cars, or about eight times as much. Many people fall readily for the slogan, "Ride as you pay," when purchasing a car. They will cheerfully make a cash payment on a machine and pledge a monthly installment of \$25 or more over a period of a year or two, but these same people think it out of the question if asked for a small yearly increase on their tax bill, even though that increase has to do with a progressive and meritorious proposition as the building of a much needed school.

Automobiles are a necessity; so are schools. If a choice must be made between these two particular necessities, however, I feel very strongly that preference should lie on the side of education.

Numerous reports, doubtless based upon misinformation, have been broadcasted in the Gainesville District by those opposed to this bond issue. One of these states that while the bond issue is for \$40,000, it will cost the people \$80,000 before the school is completed. It is difficult to understand how an intelligent person could make or believe such a statement. The bond issue is for a stated amount. If it is passed, that amount and NO MORE will become available for school construction work. Also it might be well to inquire if the fine modern schools at Manassas and Occoquan have cost twice as much as the amounts originally raised for their construction.

It has also been stated that the contracts for buildings are let out to a

## HOW TO TREAT LATE TUBER ROT

### County Agent Curtis Gives Instructions for Fighting Potato Blight.

(T. T. Curtis, County Agent)

Late blight of potatoes was unusually prevalent and destructive in certain sections of Virginia during the past season, especially in northern and southwestern sections. In Fairfax county it is reported that at least one-fourth of the crop was lost. In Augusta county it is claimed certain farmers have had to discontinue growing potatoes because of this disease. Late blight has not been very injurious in this state for several years, therefore our potato growers have become careless in their control methods. This undoubtedly accounts for the large amount of infection during the past season.

The infection in the field originates from diseased seed. This fungus attacks the tops of the plants. In the earliest stages it is marked by water-soaked pale spots on the leaves and stems; later the spots wilt and blacken. When the weather is warm and moist the spots enlarge rapidly and one spot may kill an entire leaf in one to four days. In dry weather the leaves shrivel and dry up. Late blight will also infect the tubers, causing rot in transit and storage.

Diseased tubers should not be used for planting since they carry the disease to the fields. It is practically impossible to select disease-free seed from an infected field. It is generally best to purchase certified seed, and plant in fields which have not grown potatoes for the past two or three years.

Treating the seed with corrosive sublimate or formaldehyde will not control this disease.

Spraying with Bordeaux mixture 5-50 will kill the fungus and its spores and therefore controls the disease in the field if it is done systematically, thoroughly and early enough, with spray machinery which gives 150 pounds or more pressure.

In localities where late blight usually occurs spraying should be started when the plants are six inches high and repeated at intervals of a week or ten days.

It is not generally advisable to dig a diseased field while the soil is wet or to cover piles of potatoes with diseased vines, as this readily infects the tubers with the disease.

On those farms where only a small acreage of potatoes is planted and where they do not have a power spray outfit the copper-lime dust will be found very effective under most conditions.

## THREE ARRESTED

Joseph F. Picarilli, Vincent L. Picarilli and Fred J. Deltizzo were arrested at Quantico Monday by Deputy Sheriff John Adams on the charge of unlawfully possessing and transporting ardent spirits. They were tried here before Justice Parrish and released under \$500 bond to appear before the April grand jury.

## FLETCHER BABY DIES

Funeral services for the baby son of Mr. and Mrs. Fletcher, of Mount Carmel, were conducted on March 11 by Rev. Westwood Hutchison, of Manassas. Mr. and Mrs. E. M. Roof, of Manassas, attended the funeral, the little boy being a cousin of Mrs. Roof.

## BETHEL PLAY SATURDAY

The Bethel League will present "A Fortunate Calamity," a comedy in three acts, at the Occoquan District High School on Saturday evening at 8 o'clock. Admission will be 25 cents and 35 cents. Refreshments will be served.

Mr. D. J. Arrington is recovering from a brief illness.

## SACRED CANTATA AT SAINT PAUL'S

### Chorus of Fifty Voices Will Sing "Olivet to Calvary" on Palm Sunday.

On Palm Sunday, April 1, at 8 p. m. in St. Paul's Church, Haymarket, Maunders' sacred cantata "Olivet to Calvary" will be sung by a chorus of fifty voices. The cantata is being given by the combined choirs of St. Paul's Haymarket, the Episcopal Theological Seminary, Alexandria, and the Episcopal High School of Alexandria. The director, the Rev. Henry J. Miller, is a thorough musician and a choral conductor of wide experience. Mr. Miller conducted at St. Paul's Church in April, 1927, when DuBois' "Seven Last Words of Christ" was presented, and made a deep impression by the way in which he led an inexperienced choir in a reverent and effective rendition of a difficult cantata.

St. Paul's choir has worked through many wearying rehearsals in preparation for this cantata, and the entire group three times has journeyed to Alexandria for rehearsal with the other participants. Four people from outside of Haymarket have kindly volunteered to sing in the chorus; Mrs. W. A. Newman and Miss Jane Herrell, of Manassas; Mr. A. Raymond, of Buckhall, and Mrs. J. L. Baxley, of Markham.

The entire program will be repeated in Alexandria on Thursday, April 5. The soloists are Mrs. William D. Baker, Washington, soprano; Mr. M. C. Ferguson, Alexandria, tenor; Rev. W. A. Seager, Haymarket, baritone. At St. Paul's Church Mrs. Carvel Hall will accompany.

Attendance is expected that will not only fill the capacity of the church but also coming from a distance. Refreshments will be served to the congregation after the singing begins. A silver offering will be received to apply to the many expenses incident to the presentation of the cantata.

## PRIZES OFFERED FOR FARM ACCOUNT BOOKS

### Prince William County Farmers May Compete For Bankers' Awards.

Prizes for the best kept farm account books in Virginia have been offered by the State Bankers' Association through its agricultural committee. Any farmer in Prince William county will be eligible to receive one of these prizes if he sends the completed book to the Extension Division, Blacksburg, at the end of 1928 and before March 1, 1929.

The county agent will give away at the present time free account books to farmers who ask for them and who agree to use them. However, it will not be necessary to keep this particular kind of account book in order to be eligible to win one of the prizes. First prize will be \$50; second prize, \$25; third prize, \$15, and fourth prize, \$10.

Prizes will be awarded by a committee which will judge the books according to the way they are kept and used. The fact that a low profit has been made will not be a handicap. Any instruction in keeping accounts can be secured through the county agent, Mr. T. T. Curtis, or by writing to the Agricultural Economics Department, Virginia Polytechnic Institute, Blacksburg, Va.

## TO OUR READERS:

Lack of space and lack of help have made it necessary to omit a great many items of interest from today's Journal. Next week we hope to add extra pages to accommodate news and extra advertising.

## J. F. MILSTEAD BURIED

Mr. J. Frank Milstead, prominent resident of the Hoadly neighborhood, who died at the Mary Washington Hospital in Fredericksburg, was buried here on Friday, funeral services being held at the Primitive Baptist Church. Among the relatives here for the funeral was his nephew, Mr. Emmett Milstead, of Washington, formerly a resident of Manassas, who at one time was employed by The Journal.

The Town Council will hold its March meeting at the Town Hall Monday night.

## Coming to Occoquan.

"Jesse James," a popular Western play founded on the lives of the James boys in Missouri, will be produced in the Lyric Theatre at Occoquan on Monday evening, March 26. It is not a motion picture, but will be presented by an acting company of ten people with their own special scenery.

As a special attraction excellent vaudeville is introduced between each of the four acts. The curtain will rise at 8 p. m.

## OPEN BIDS FOR QUANTICO WORK

### St. Louis Construction Company Is Low Bidder—No Announcement Yet.

Eighteen contracting firms from many different parts of the country submitted bids on the proposed barracks buildings at Quantico, with prices ranging from approximately \$800,000 to \$1,000,000. The construction of the barracks is the first step in a proposed program of building and improvement at Quantico which is to cost more than \$2,000,000.

The barracks when completed and equipped will cost close to \$1,000,000. The five low bidders were: Murch Brothers Construction Co., St. Louis, \$788,000; J. E. Beaman Construction Co., Raleigh, N. C., \$792,000; John M. Cooper Co., Buffalo, \$799,999; J. A. Jones Construction Co., Charlotte, N. C., \$804,000; Algernon Blair, Montgomery, Ala., \$805,000; Claiborne & Taylor, Richmond, \$807,000. The name of the successful bidder will be announced shortly.

Fredericksburg sees in the beginning of work at Quantico a beneficial effect on conditions in that city, as many living there but now unemployed are expected to secure work on the construction of the barracks.

## HAZEN REAPPOINTED

Virginian to Succeed Himself as District of Columbia Surveyor.

Reappointment of Mr. Melvin C. Hazen as surveyor of the District of Columbia for another four-year term was announced on Tuesday by the District Commissioners. Mr. Hazen's present term expires July 27.

The appointment was made on recommendation of Capt. H. C. Whitehurst, Assistant Engineer Commissioner, who pointed out that his services as surveyor since July 27, 1908, "have been characterized by the utmost efficiency and loyalty."

Mr. Hazen's Virginia home is near Nokesville.

## REV. MR. HICKS EXTOLS DRY LAW

### Nation Has Prospered with Prohibition, Speaker from Anti-Saloon League Says.

Rev. David Hicks, Anti-Saloon League field secretary for Northern Virginia, was in town several days last week and on Sunday presented the league work and needs in the Methodist Church in the morning and in the Baptist Church at night.

Rev. Mr. Hicks stated that constitutional government is confronted by a crisis and that there must be a national offensive adequate for the occasion.

"Prohibition is not a theory," he said, "it is a fact. The League stands for the enforcement of all laws, but today the issue joins in the 18th amendment. Corrupt politics and the wet forces have combined to make enforcement of the law impossible, and to make it appear ludicrous in the eyes of the people; but there has been law enforcement notwithstanding. Several thousand violators have been fined and sent to jail. Brewers, distillers and bootleggers, because of their disreputable work and disloyalty, have had to be taken care of and placed in our penitentiaries.

"Under the prohibition law we have prospered—as evidenced by the fact that labor has been enriched. Our wage earners have saved eight billions of dollars since prohibition became a fact. Thousands of them have secured homes for themselves and have taken much better care of their families, both in food and clothes. Business has enlarged as evidenced by the increased deposits in our banks. The insurance world tells us that the increase in policies issued since prohibition came has increased to the extent of \$1 billion of dollars."

"The farmer has benefited by it also," he said. "America is fast becoming a milk drinking country. There was an increase of five billions of pounds of milk in 1927. So it's a good law. Prohibition at its worst is infinitely better than the licensed liquor traffic at its best. The personal liberty cry is heard everywhere—can only wait on public weal and walk in harmony with the laws of our land. Laws are enforced by the people through elected officials. Hence the care which must be exercised in the forthcoming national conventions to nominate men of the right calibre to be our chief officers. The parties know what is the position which the League and all other reform bodies have taken. We will stand by the man who will be four-square. The League is carrying on a state-wide educational campaign in our schools and halls of learning. It does a mighty fine work in helping to select our judges and district attorneys through the Judiciary Committee. It always stands ready to assist in any local work anywhere in the state, such as is carried on by the civic and welfare leagues. The work is supported entirely by voluntary contributions and is worthy of the support of every red-blooded American."

## WINS LAUNDRY PRIZE

Mrs. Johnson, of Manassas, Gets Honorable Mention and Service Credit.

Mrs. C. R. C. Johnson has been declared among the winners in the \$50,000 cash prize competition conducted by the laundry owners of the United States and Canada, according to information received here today from contest headquarters at Indianapolis. Mrs. Johnson has the distinction not only of winning honorable mention in a field of national competition, in which more than a million letters were entered, but will also receive a laundry service credit.

The first prize of \$10,000 went to Mrs. A. W. Thomas, West Allis, Milwaukee, Wis., the happy mother of two children. Mr. E. C. Chalkley, of Big Stone Gap, was awarded the first Virginia state prize of \$225. Mrs. Lily R. Hunt, The Hollies, Ballston, received the fifth Virginia prize of \$35.

Selections were made from among 1,044,372 letters entered in the competition from practically every civilized country on the face of the globe. The subject was, "Why the Laundry Should Do My Washing."

The Royal Ambassadors will meet Friday at 7:30 p. m. with Mrs. R. A. Hutchison.

## FIGHTING TUBERCULOSIS

An intensive campaign is on now to find early cases of tuberculosis. The campaign of course is directed by the National Tuberculosis Association and the various state associations working under it. Its main idea is to focus the attention of the public on the first danger signals of tuberculosis, even to keep them before the medical profession.

It is a fact reported by doctors that the majority of cases of tuberculosis brought to them for first examination are found to be in advanced stages of the disease. Sanatoria report that only sixteen per cent of the tuberculosis patients may be classed as "early" cases when treatment is first begun.

All of which is tragic truth when tuberculosis is ranked among the most easily curable chronic diseases IF taken in time.

"As high as 85 per cent of early tuberculosis is curable," is a statement attributed to Dr. Philip R. Jacobs, of the National Tuberculosis Association in a recent address at Richmond, where there are said to be as many as 500 victims of the disease.

Chronic fatigue, indigestion, loss of wind and a lasting cough, Dr. Jacobs listed as the danger signs or symptoms of tuberculosis. The best protection against it, a healthy body. The next best protection against it, an early diagnosis.

## MICHIGAN JUSTICE

Judge Ruth Thompson, of Muskegon, Mich., is hailed as a modern Portia for her ruling in the case of a sixteen-year-old boy who ran over and killed a man while driving an automobile.

Floyd Torrey stepped out of his car to survey some sudden tire trouble. A street car came along. Behind it John Yokubones, aged 16, driving too rapidly to swerve. A very everyday situation, after all—something which the motorist faces every day of his life.

The woman judge, presiding over the juvenile court of Muskegon, was asked by police to remand the boy to circuit court where he might face trial on the charge of criminal negligence and pay a penalty of five years if found guilty.

But not Judge Thompson. She put the youth on probation for two years, ordered that he pay \$400 to the support of Torrey's fatherless boys and assume the role of big brother to them, and for two years he cannot drive a car. Yokubones is working and able to assume the burden that Judge Thompson has put upon him. His sentence carries discipline and service. Five years in reform school or penitentiary would win neither money nor brotherly regard for the Torrey children, nor manhood and responsibility for Yokubones. A modern Portia, indeed!

## WATER ON THE FARM

"Running water in the farm home this year," is the slogan adopted by the Agricultural Engineering Department of Virginia Polytechnic Institute. If you happen to be one of the many farm housewives in Prince William who have never known the convenience of running water in the farm home, it is certain that you hope there is a Santa Claus and that he will find a way this year to guide the home water supply campaign set some time in April.

It would be hard to estimate just how much the convenience of running water means to the busy housewife on the farm whose tasks, like the sparrows, are without number.

This also brings us to the

value of electricity to the farm. A recent survey gives general information and technical data on more than 100 uses for electricity that have been tried and found economically worth while for the farm and the farm home, most of the devices being adaptable to the average Virginia farm.

But, for the moment, the home water supply campaign takes precedence. It so happens that the burden of the antiquated form of water supply for the farm falls on the farm woman, but there is every reason to expect in 1928 to hear in full chorus—not all soprano—the slogan, "Running water in the farm home this year." Sooner or later, it must come. A little figuring and a little action ought to hasten it.

## BIDS WANTED

Office of Mayor,  
Occoquan, Virginia, March 20, 1928.

Pursuant to Article 11 of an ordinance approved March 14, 1928, notice is hereby given that the presiding officer of the Council of the Town of Occoquan, Prince William county, will at an adjourned regular meeting of the said Council, which will be held at the residence of Mr. H. F. Slack, in the Town of Occoquan, on Monday, April 16, 1928, at 7:30 o'clock p. m., receive bids for the franchise privileges and rights proposed to be granted by the following ordinance.

After the receiving and opening of such bids, the Council of the Town of Occoquan will proceed with the consideration of the granting of the proposed franchise in the mode prescribed by law.

All bids must be in writing. The right is hereby expressly reserved to reject any and all bids.

The proposed franchise is in the words and figures following:

## AN ORDINANCE

To provide for the grant by the Town of Occoquan, Virginia, to a person or persons, or to a corporation, hereafter to be ascertained in the manner prescribed by law, its or their successors or assigns, the right to use the streets, alleys and other public places in the Town of Occoquan for the purpose of acquiring, constructing, owning, maintaining, operating and using in, on, over, under and through said streets, alleys, and public places, poles, towers, wires, transformers, conduits, subways, and other fixtures and appliances, and the right to transmit therein, thereon and therethrough electricity of such voltage as the said grantee may require, and for the purpose of supplying and selling electric current for light, heat, power and other practical and useful purposes to the said Town and to the residents thereof.

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF OCCOQUAN:

1. That there shall be granted in the mode prescribed by the laws of the State of Virginia for franchise grants and upon the conditions hereinafter specified, the rights and privileges embodied in the following draft of an ordinance, entitled

"An ordinance granting to its successors or assigns, the right to use the streets, alleys and other public places in the Town of Occoquan for the purpose of acquiring, constructing, owning, maintaining, operating and using in, on, over, under and through said streets, alleys and public places, poles, towers, wires, transformers, conduits, subways and other fixtures and appliances, and the right to transmit therein, thereon and therethrough electricity of such voltage as the said grantee may require, and for the purpose of supplying and selling electric current for light, heat, power and other practical and useful purposes to the said Town and to the residents thereof."

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF OCCOQUAN:

(1) That there be, and there is hereby, granted to its successors or assigns (hereinafter generally called the GRANTEE), a franchise, right and authority, subject to the conditions and restrictions hereinafter set out or such as may be imposed by the laws of the State of Virginia, to use the streets, alleys and public places in the said Town of Occoquan, Virginia, for the purpose of constructing and/or acquiring, owning, maintaining, operating and using in, on, over, under and through said streets, alleys and public places, poles, towers, wires, transformers, conduits, subways, and other fixtures and appliances, and the right to transmit therein, thereon and therethrough currents of electricity of such voltage as the grantee may require, and the right to supply and sell electric current for light, heat, power and other practicable uses to said Town and to the residents thereof.

(2) This franchise is granted subject to the following conditions, restrictions and limitations:

(a) The duration of the franchise hereby granted shall be thirty (30) years from and after the date of the written acceptance thereof by the GRANTEE as hereinafter provided for.

(b) The construction and the material to be used and the work to be done under this ordinance shall be such as is used and done by like companies doing like business in towns substantially the same size as Occoquan. The location of all pipes and conduits and the erection and location of all posts, towers, poles, fixtures and other structures in the streets of said town under this ordinance shall be subject to the approval of the Committee on Streets of the Council of Occoquan, and when from time to time the location of such conduits, pipes, towers, posts, poles and other structures as aforesaid shall have been approved by the said Committee on Streets, the same shall be

effective and binding to the same extent as if such approval were set out fully and at length in this ordinance; provided, however, that said posts and poles shall be neat, symmetrical and stripped of bark, and that all work done under this ordinance shall be done in such a manner as not to needlessly interfere with or impede the free and proper use of the streets by the public nor unnecessarily obstruct the travel thereof.

(c) The work to be done under this ordinance, the pipes and conduits to be laid and the poles and other structures to be erected shall be done, laid and erected so as not to damage the water pipes or sewerage pipes of the Town of Occoquan or interfere with or impede the Town, its servants or employees in freely approaching the said water pipes or sewerage pipes, or in any way unnecessarily interfere with the making of connections by the town or by the citizens thereof with the water pipes or sewerage pipes which may now or hereafter be laid or constructed in said town.

(d) Whenever any of the poles or lines of the GRANTEE erected under this franchise shall prove to be in the way of public street improvements actually being made in and by the said town, the said town reserves the right to cause or compel the said GRANTEE, at its own costs and charges, to move its said works so that such improvements may proceed, and upon the failure of the said GRANTEE to move its works, rendered necessary by such actual street improvements, after thirty (30) days' notice to that effect in writing, then the said town reserves the right to make such necessary changes in the works of the said GRANTEE and at the cost and expense of the said GRANTEE.

(e) After construction, erection, laying, repairing or replacing of any of the poles, towers, structures, conduits or other appliances under this ordinance, the said GRANTEE shall at its own cost promptly replace, relay, repair and restore as nearly as possible to the original condition of the same, all streets or sidewalks disturbed or damaged in the construction, repairing, or replacement of the work authorized to be done under this franchise; and upon failure to do so after thirty (30) days notice in writing shall have been given by the mayor or council of the said town, the said town may relay or repair the portions of streets or sidewalks that may have been so damaged or disturbed and collect the cost so incurred from the said GRANTEE.

(f) The grantee shall have the right to cut from any trees in the streets of said town such limbs or branches as may be necessary to keep its fires and other fixtures and appliances free from interference therefrom and in a safe and efficient operating condition.

(g) The GRANTEE shall provide an adequate and efficient service of electric current, at reasonable rates, in the said Town, to the said Town and the inhabitants thereof, and shall maintain its properties, works and structures located in the said Town in good order throughout the term of this grant, and shall stand ready at all times to make service connections for supplying electric current for light, heat and power purposes at any point within the corporate limits thereof upon proper application therefor, in accordance with the standard terms and conditions of the Company, as approved by the State Corporation Commission, and in effect at the time such application is made; provided, that the grantee shall not be required to make service connections or extensions across private property, or along any highways, streets or alleys which have not been accepted and recognized as such by the municipal authorities of the said Town, without making a reasonable charge therefor.

(h) The adequacy and efficiency of the service provided by the GRANTEE, and the reasonableness of the rates of charge therefor and of the terms and conditions applicable thereto, are to be determined by the State Corporation Commission of Virginia, or by such other legally constituted body as may have jurisdiction under the laws of the State of Virginia, and the GRANTEE in accepting this franchise expressly agrees that the said Commission, or other body, shall have jurisdiction to the full extent and in the manner now or hereafter during the life of this franchise provided by law, to enforce the provisions of this franchise to the full extent provided by law.

(i) While this franchise grants to the GRANTEE the right to put its conduits, wires, cables and other appliances under the surface of the streets, alleys and public places in said town, nothing herein contained shall be construed as giving the said town the right to require the GRANTEE to place any wires, conduits or other appliances under the surface of any of the streets of said town.

(j) This ordinance and the rights and privileges therein granted and conferred shall not become effective

unless and until the GRANTEE shall file with the Clerk of the Town Council a written acceptance thereof and shall enter into bond in the sum of \$100.00 with security satisfactory to the Council of the said Town, conditioned to the effect that the GRANTEE will construct or acquire and maintain the works provided for and reasonably necessary for the exercise of the rights and privileges granted by this ordinance, and will maintain the same in good condition throughout the term of this grant as aforesaid, and will comply in all respects with the terms, conditions and provisions of this ordinance.

(k) Upon the expiration of the term of this grant and upon the termination of the rights hereby granted, by surrender, forfeiture or otherwise, all of the poles, wires, conduits, lines and other property of the said grantee in the streets, alleys or public places of the Town of Occoquan shall be removed from the streets, alleys and public places of said Town at the expense of the owner within a reasonable time after the expiration or termination of said rights and privileges, such time to be prescribed by the Council of the Town of Occoquan.

11. That upon the approval of this ordinance by the Mayor of the Town of Occoquan, it shall be the duty of the Mayor to cause to be advertised once a week for four successive weeks, in the Manassas Journal, the draft of the ordinance contained in the foregoing section, and in addition he shall, by such advertisement, invite bids for the privileges and rights proposed to be granted by the said ordinance, which bids shall be in writing and shall be delivered to the presiding officer of the Town of Occoquan, in open session, at an adjourned regular meeting of the said Council, to be held at the residence of Mr. H. F. Slack of Occoquan, Virginia, on Monday, April 16, 1928, at seven-thirty o'clock p. m., which said bids shall then be presented to the Council by the said presiding officer to be dealt with and acted upon in the manner prescribed by the laws of the State of Virginia for franchise grants. Said advertisement shall expressly reserve the right to reject any and all bids.

111. This ordinance shall be in force from its passage.

HER CHILDREN.

In the Circuit Court of Prince William County, Virginia (In Vacation): Irene May Redrick, Complainant,

vs.  
Rogers Abraham Redrick, Defendant.

## IN CHANCERY

An affidavit having been made, as required by law, that Rogers Abraham Redrick, the defendant in the above-styled cause, is a non-resident of the State of Virginia and that his last-known post office address was 428 P Street, N. W., Washington, D. C., and application for this order of publication having been made in writing and duly granted by the Clerk of this Court:

The object of this suit is to have annulled and declared void the marriage of the said Irene May Redrick to the said Rogers Abraham Redrick on the ground that the said Rogers Abraham Redrick, at the time of said marriage, was already married to one Roxie Redrick, from whom he had not then been divorced or, in the event that the Court may consider that the complainant is not entitled to this specific relief, then to obtain a divorce a vinculo matrimonii by the said Irene May Redrick from the said Rogers Abraham Redrick, on the grounds of cruelty and of wilful desertion and abandonment, more than three years having elapsed since such desertion and abandonment, for the care and custody of Roberta Elizabeth Redrick, the infant daughter of Irene May Redrick and Rogers Abraham Redrick, and for general relief.

It is therefore ordered that the said defendant appear here within ten days after due publication hereof and do what is necessary to protect his interests in this suit. It is further ordered that a copy of this order be published once a week for four successive weeks in the Manassas Journal, a newspaper printed and published in the County of Prince William, Virginia; that a copy be sent by registered mail by the Clerk of this Court, addressed to the said Rogers Abraham Redrick at 428 P Street, N. W., Washington, D. C.; that a copy be posted by the said Clerk at the front door of the court house of this County on or before the next succeeding rule day after this order of publication is entered; and that the said Clerk shall certify to this Court that the said copies have been posted and mailed as hereinbefore directed.

## NEWS OF WEEK IN OLD VIRGINIA

### High Lights of Happenings in State Told in Short Paragraphs

#### Survives Pneumonia at 116.

Luray.—Despite the fact that she is 116 years old, her will power and her desire to make good her wish made several years ago that she "wanted to live to be 120," Harriet Pendleton, inmate of the county almshouse, is recovering from an attack of pneumonia. Thirty years ago friends of the venerable negress declared she had only a few days to live when she was a victim of the same disease. She then scoffed at the idea, declaring she would live to be 100 years old. She went through pneumonia again at the century mark.

The woman has been an inmate of the Page county almshouse about three-quarters of a century. She had a son who died at the institution at the age of 86.

#### Jury Trial Helps.

Staunton.—Joseph Reed, Augusta county man, is "patting himself on the back" and wearing a broad smile as the result of an unusual turn his turn his case took in Augusta circuit court. In magistrate's court Reed was fined \$100 and given 30 days in jail on a charge of driving an automobile while intoxicated. He appealed to the circuit court.

When the case was called he endeavored to enter a plea of guilty and accepted the \$100 fine, provided the jail sentence was suspended. The court would not hear to this argument. Reed then asked for a jury trial. He was acquitted.

#### Coughing Saves Life.

Luray.—A "coughing spell" that came just in the nick of time has saved the life of Rev. H. H. Griffith, well-known Methodist minister of this county. Three weeks ago, while eating, Rev. Mr. Griffith snapped off one of his teeth which lodged in his

throat, causing intense pain. Nothing could dislodge it. The throat swelled to such an extent that Mr. Griffith was threatened with suffocation. A few nights ago, after retiring, the minister was seized with a coughing spell, and the missing tooth jumped out of his mouth.

#### Leads Officers to Still.

Winchester.—A little child led county officers to a stall, cap and worm on the North Frederick grade, and later to the arrest of Lester E. Braithwaite, on a charge of possession of a still. The child, about six years of age, told them she would show them where Mr. Braithwaite "made his whiskey" and conducted them to an upstairs room where, it is said, the still was found. Later she is said to have pointed out where the cap and worm were hidden under some bed clothing nearby.

#### Factory for Orange.

Orange.—The State Corporation Commission will this week be asked to grant a charter to the Orange Tex-

tile Mills, Inc., local industry backed by northern interests, and for the stock of which Orange business men, under the leadership of the Chamber of Commerce here, subscribed \$44,000 in less than 48 hours. The mill will manufacture tapestries, taffetas and kindred lines. Work on the construction of a modern brick manufacturing plant will begin at once.

Satisfactory labor conditions in Virginia, absence of strikes and industrial strife in the state, coupled with freight-handling facilities offered at Orange, are said to have been factors in the selection of Orange. Major Z. P. Smith, industrial agent of the Southern Railway, working in co-operation with the Orange Chamber of Commerce, was instrumental in focusing the attention of the northern interests on Orange.

# Spring-clean your car

Any motor car that is driven all winter needs a thorough "going over" in the spring. An hour or two spent oiling and greasing your car now will give you a feeling of greater security and may save many repairs later.

For your convenience a list is printed below of the parts normally requiring attention at this time of the year. The correct "Standard"

lubricant for each job is also specified.

Clip out this list and use it as a handy reference. If you prefer to have your "Standard" dealer do the work, turn it over to him, with the items checked which you want serviced. You can always depend upon "Standard" products and "Standard" service — any time of year or any place you go.

## \$568 per Acre from Early Potatoes

Cape Charles Grower Gets Splendid Yield

Early maturity, large yield, and high quality. These are the factors that bring real profits to early potato growers. Last season Mr. M. S. Scott, of Cape Charles, Northampton Co., Virginia, planted 40 acres in early potatoes. He used "AA QUALITY" Fertilizers and sound farming methods. The result was an average yield of 142 barrels of high-quality potatoes per acre. His crop matured early and brought \$4.00 per barrel. Read what Mr. Scott says in his letter of July 15, 1927:

"I used 'AA QUALITY' Fertilizer at the rate of 1,500 pounds to the acre, and this, together with carefully prepared soil, good cultivation and excellent stand produced one of the largest crops I know of; namely, 142 barrels to the acre. My crop matured early and brought a good average price. My father has used 'AA QUALITY' Fertilizers for many years and I am fol-

lowing right in his footsteps, as he has been very successful with them."

Year after year hundreds of successful farmers use "AA QUALITY" Fertilizers exclusively. "AA QUALITY" Fertilizers are made by the largest fertilizer manufacturing company in the world. They have an unbroken record of over sixty years successful farming. They are in perfect mechanical condition, which is assured by thorough blending, complete curing and remilling. Insist on "AA QUALITY" goods this season.

## TRUSTEE'S SALE OF VALUABLE FARM LAND

In Centerville Magisterial District, Fairfax County, Va.

By virtue of a certain deed of trust, dated March 3, 1925, and recorded among the land records of Fairfax County, Va., in Liber L. No. 9, Folio 135, from J. W. Leedy and Diana Leedy, his wife, to the undersigned trustee, to secure the payment of a certain promissory note in the sum of \$1,600.00; dated March 3, 1925; and by virtue of a certain deed of trust, dated March 3, 1925, and recorded among the said land records in Liber L. No. 9, Folio 137, from the said Diana Leedy and J. W. Leedy, her husband, to the undersigned trustee, to secure the payment of a certain promissory note in the sum of \$700.00, dated March 3, 1925; and by virtue of a certain deed of trust, dated November 18, 1925, and recorded among said land records in Liber Q. No. 9, from William Edgar Leedy and Beatrice E. Leedy, his wife, to the undersigned trustee, to secure the payment of three certain promissory notes in the sum of \$5,000.00, \$2,500.00 and \$2,500.00 respectively, dated November 18, 1925, default having been made in the payment of said notes in the sum of \$1,600.00 and \$700.00 respectively and also in the payment of said first note in the sum of \$2,500.00, the undersigned trustee, at the request of the holders of the said notes, will offer for sale, at public auction on

**SATURDAY, APRIL 14, 1928,** at 11 o'clock, a. m., of that day, in front of the Peoples National Bank of Manassas, in the Town of Manassas, Va., all of the following-described parcels of land, together with the buildings and other improvements thereon, situate on the waters of Bull Run and Cub Run, in Centerville Magisterial District, Fairfax County, Va., and being the same land conveyed by the deeds of trust aforesaid.

First Parcel: Containing 325 acres, more or less, and being the same land that was conveyed to the said Diana Leedy by Augustus Schultz and wife by deed bearing date of December 26, 1896, and recorded among the land records of said County in Liber X, No. 5, Folio 576, less and except 50 acres of said tract of 325 acres that were conveyed by the said Diana Leedy and J. W. Leedy to John H. Senger by deed bearing date of July 17, 1915, and recorded among the said land records in Liber X, No. 7, Folio 278.

Second Parcel: Containing 90 acres, more or less, known as Lot No. 1 in the plat and survey recorded among said land records in Liber X, No. 4, Folio 153.

Third Parcel: Containing 73 1-2 acres, more or less, and known as Lot No. 3 in said plat and survey.

Fourth Parcel: Containing 6 acres and 3 rods, more or less, and known as Lot No. 2 in said plat and survey, and also known as Lots 1-a and 1-b allotted James R. Harris in the suit of Obed Harris v. Harris et al.

Fifth Parcel: Containing 7 acres and 66 poles, more or less, and known as Lot No. 7 allotted to Henry Harris in said suit of Obed Harris v. Harris et al., together with the right-of-way mentioned in a certain deed dated December 31, 1906, and recorded among said land records in Liber D. No. 7, Folio 655. The Second, Third, Fourth and Fifth parcels of land described above are the same that were conveyed to the said J. W. Leedy by F. D. Richardson, Trustee, by deed dated March 22, 1919, and of record among said land records in Liber K, No. 8, Folio 75.

Sixth Parcel: Containing 7 1-2 acres, more or less, being Lot No. 9 in the partition of the estate of Moses Harris and being the same land that was conveyed to the said J. W. Leedy by Cain Duncan and wife by deed bearing date of June 15, 1923, and recorded among said land records in Liber C, No. 9, Folio 494.

Seventh Parcel: Containing 7 3-4 acres, more or less, known as Lot No. 3 in the partition of the estate of the said Moses Harris and being the same land that was conveyed to the said J. W. Leedy by Maria Harris, widow, by deed bearing date of May 5, 1924, and of record among said land records in Liber H, No. 9, Folio 312.

The said several parcels of land are the same that were conveyed by the said J. W. Leedy and Diana Leedy to the said William Edgar Leedy by a deed bearing date of November 18, 1925, and of record among said land records in Liber Q, No. 9, Folio 5.

The above-described tracts of land adjoin one another. They are very desirably situated near the road from Manassas to Centerville and together make up a large and exceedingly valuable farm. The first parcel will be offered for sale separately. The remaining six parcels will then be offered for sale separately, the highest bid on each will be received, and they will then be offered for sale as a whole and knocked down to the highest bidder, either separately or as a whole.

**TERMS OF SALE:** The said parcels of land will be sold for cash. A

reasonable cash deposit will be required on the day of sale and ten days will be allowed after the sale for examination of title and closing sale.

T. E. DIDLAKE, Trustee.

## How long should it take to boil water?

2 qts. of water raised from 45° to boiling

-in 6 min. on the new KITCHENKOOK

-in 7 1/2 min. on an ordinary city gas range

-in 21 min. on a popular make of kerosene range

## Kitchenkook has set a new High Mark in Cooking Speed

Comparative tests show that the Kitchenkook is faster than any other type of cook stove; faster even than city gas, the usual standard for comparison. Kitchenkook makes its own gas from common gasoline, bringing to homes located beyond the reach of gas all the convenience, cleanliness and comfort of city gas service. It's different from any stove you have ever used. No wicks or chimneys, no smoke, soot or kerosene odor. Master burner lights in less than one minute; then all burners turn on or off as wanted, just like gas. No waiting, no delay; fire regulated instantly just as you want it. Kitchenkook is so simple children can use it in perfect safety.

Don't fail to ask us for a demonstration of the wonder stove that is revolutionizing the whole industry, the most talked of stove today. Made in 16 attractive popular priced models, including white porcelain enamel ranges, with oven and broiler.

## DATE STICKS

2 eggs 1 1-2 cups Bull Run Self-Rising Flour, 3-4 cup nuts, 1 1-3 cup sugar, 1 teaspoon vanilla.

Cream egg yolks and sugar together add milk and Bull Run Flour sifted twice. Add dates and nuts chopped and floured, then flavoring and finally fold in beaten egg whites. Bake in moderate oven in square cake pan until done and a nice golden brown. Leave in pan until cool, then cut in sticks and roll in powdered sugar.

Use White Rose plain flour for anything and everything. It is the all-purpose flour. It makes delicious hot rolls and loaf bread.

## PRIEST ON VACATION

Father Habits Seeks to Decline Call to Larger Parish.

That Father Habits, pastor of All Saints' Catholic Church here, and other Catholic churches in this section, was recently called to Richmond by Bishop Brennan and offered the charge of a church in a Virginia city of 5,000 population, became known recently, according to the Fairfax Herald. Father Habits asked the Bishop to let him remain here in St. Mary's parish, and it is understood his request will be granted.

Father Habits sailed from New York on Saturday for a visit to his home in Holland, and to visit Rome and other parts of Europe, expecting to be gone for four months. He was accompanied by his sister, who has been keeping house for him at Fairfax Station.

When Father Habits bade his congregations goodbye, the congregation of St. Mary's Fairfax, is said to have presented a purse of \$120, and the congregation at All Saints', Manassas, a purse of \$55.

## Fisher Bodies

Chevrolet is the lowest priced car in the world offering hardwood and steel bodies by Fisher.

Adjustable Valve Tappets  
The improved valve-in-head motor of the new Chevrolet has adjustable valve tappets.

"Invar Strat" Pistons  
Constant clearance alloy pistons designed with two "invar strat" in each make the Chevrolet motor smoother, snappier and more powerful.

Rugged One-Piece Rear Axle  
The rear axle of the Chevrolet is a rugged one-piece unit proved by millions of miles of use.

Ball Bearing Steering Gear  
The steering mechanism of the new Chevrolet is fitted with ball bearings throughout.

Non-Locking Four-Wheel Brakes  
Chevrolet's four-wheel brakes are non-locking, have an area of 189 sq. in. and are separate from the emergency brake.

Genuine Duco Finishes  
All Chevrolet models are finished in molten shades of genuine Duco which maintain its lustrous new car beauty indefinitely.

Crankcase Breathing System  
A ventilating system which clears the crankcase of vapors prior to condensation, adds materially to motor life.

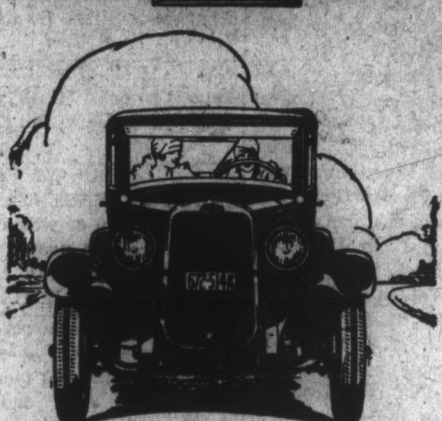

AC Oil Filter  
Strains out dirt and foreign material from the motor oil thereby increasing the life of all moving parts inside the motor.

AC Air Cleaner  
An AC Air Cleaner is another motor safeguard which removes dust and grit from the air drawn into the carburetor.

Semi-Elliptic Shock Absorber Springs  
Comfort and safety over all roads is assured by Chevrolet's semi-elliptic shock absorber springs set parallel to the frame.

Safety Gasoline Tank  
All Chevrolet models have a safety gasoline tank in the rear and a vacuum fuel system which assures positive gasoline supply even on the steepest hills.

## JORDAN URGES SCHOOL BONDS

(Continued from Page One)

avored few, but as far as those interested in this project have been able to find out after careful investigation of documentary evidence having to do with the letting of contracts for other schools in the county, the contract will be given to ANY builder who can give the necessary bond, and who makes the lowest bid.

If this bond issue should be voted down I honestly feel that our community and district will receive a blow from which it will take a long time to recover. On the other hand if the school project goes through it will prove a wonderful blessing as well as an asset to all of us, and certainly no supporter of the project will ever have the slightest cause for regret.

In thus advocating this issue, I do not want to impose any undue hardship upon anyone. If our taxes are increased for the purpose of having the proper kind of school in our midst I shall have to bear this increase with the other taxpayers of the district.

It is no credit to our community that it has never in the past gotten together on any major undertaking along the line of progress, and I plead with the people of this district to help put over the school and make a start towards the sane upbuilding of our community.

Respectfully,

W. M. JORDAN.

## HIGH SCHOOL NOTES

(By Senior Class)

The High School Patron's League met on the evening of March 16. A delightful program was rendered after which delicious fruits were served.

There were two important items of business. Miss Osbourn presented the street and road problem, and the league as a whole discussed and added to their plans for the entertaining of the teachers of District H on April 13 and 14.

Mrs. Ora Hart Avery, state supervisor of Home Economics Education and member of the State Board of Education, was a visitor at the high school on Friday of last week.

Mrs. Avery has charge of all the Smith-Hughes Home Economics Clubs in Virginia. There are about eighty of such clubs in the state and Manassas with a membership of 35 is among that number.

Mrs. Avery expressed herself as very pleased with the work in the Manassas Club.

Daily rehearsals by the Seniors for their play, "Tea for Tom," are being held. The members of the cast are now working on the third act and expect to have the play in fine shape for presentation the last of March or the first of April. In addition to the three-act comedy, extra between-act features will be staged. At the close of the first act there will be a distribution of gifts to those of the audience holding the lucky-number tickets. Tickets, whether purchased before the day of the play or at the door, will be numbered and only punched at the door. All tickets will be held by buyers and those holding the lucky numbers will receive the prizes whose numbers correspond with those on the tickets. This distribution of gifts is made possible through the generosity

and interest of the merchants and other business men of the town who are contributing valuable prizes for this purpose. Between the second and third acts, the latest Paris mannequins will appear in costume. The evening will be filled full of fun. The new stage curtain, the gift of three senior classes, will be used on that night. Music by the High School orchestra.

We were glad to welcome Mrs. Pearl Renow back to school on Monday after she had been absent for several days on account of illness.

## ELIZA JANE SHEPPARD

# STUDEBAKER

The Great Independent

**THE  
Dictator  
4-DOOR SEDAN  
\$1195**  
including shock absorbers

**55% more power  
65 smooth miles  
per hour**

STUDEBAKER engineering genius has increased the new Dictator's horsepower from 45 to 70 and added to its speed. But its cost to you has not been increased. And the new Dictator engine is actually more economical of gasoline than ever before. It delivers a perfectly paced 65-miles-an-hour—accelerates like a rocket—possesses the flexibility of the finest 6-cylinder construction.

**Holds record for cars under \$1400**

Proof of the new Dictator's advanced performance was established when a stock Dictator sedan traveled 24 continuous hours at better than mile-a-minute speed. No stock car under \$1400 has ever equaled this record.

**40-mile speed even when new**

Due to advanced engineering practices, precision building, high quality materials and rigid inspections which this new Dictator receives, it can be driven 40-miles-per-hour the day it is delivered. No laborious 20-mile-an-hour breaking-in.

**PARIS AUTO SERVICE COMPANY**  
Phone QUANTICO, VIRGINIA

**Lubricate only every 2500 miles**

Studebaker engineers have also eliminated the necessity of oil change to but once every 2500 miles. Chassis greasing has been reduced to 2500-mile intervals through a unique system of magazine high-pressure lubrication.

**Engineering genius and traditional quality**  
Throughout its design the new Dictator is the product of advanced engineering development—yet its One-Price price is still only \$1195, f. o. b. factory, and it bears a famous name—Studebaker—the highest guarantee of motor car excellence!

## FREE RADIO ENTERTAINMENT

### CONNER'S HALL

**APRIL 4th 1928 AT 8 P. M.**

A unique program will be presented April 4th in Conner's Hall at 8 o'clock under the auspices of H. E. Metz, local radio merchant.

This entertainment which is strictly educational and entirely free will include a talk by a specialist from the Radio Corporation of America, on "Getting Acquainted with Radio," a demonstration and explanation of the latest developments in Radio and the showing of famous radio movies including, "The Reawakening of Rip Van Winkle."

In the talk, "Getting Acquainted with Radio," there will be a discussion of the history and development of Radio and a non-technical explanation of how Radio Entertainment is sent and received in the home. Current supply and the proper care of radio equipment will also be explained.

The movies to be presented on that night include three separate pictures. First will be shown "Safety at Sea," the story of marine radio illustrating how communication is carried on between ships and the land. The second picture, "The Reawakening of Rip Van Winkle," was produced especially for this occasion. In it Old Rip and the Radio Spirit take the audience on an eventful and highly interesting trip through one of the country's largest broadcasting stations. Finally, the movies conclude with the showing of "America Welcomes Lindbergh," giving the scenes incident to the famous radio broadcast of June 11, 1927, in Washington, D. C.

An attractive display and demonstration of the latest developments in Radiolas will also be made. RCA Super-Heterodynes and power loud speakers will be used to show the extent to which the radio art has been perfected. The evening entertainment is entirely free and Mr. Metz extends a hearty invitation to all.
