TWO RESIDENCES BURN

Residences owned by M. J. Hottel and Edwin Cockrell, and occupied by Wm. Conner and G. H. Washington respectively, were damaged by fire early this afternoon. The household goods in both properties also suffered loss. An early report indicated that the residences caught fire from a burning shed in the rear, but the informant did not make it known how the shed might have caught on fire.

From the appearance of the rear of each building it was evident the local fire fighters did good work. The damage to Mr. Washington's household goods is covered by insurance. It is probable the other parties are protected against loss by the same means. A brisk wind was blowing at the time, a few more minutes of headway and the fire might have made quite a different story to tell.

FIRE DESTROYED WARD FARM HOME

Limited Amount of Contents Saved—Mrs. Ward Alone When Fire Started.

The six-room, frame farm house of Mr. and Mrs. W. L. Ward, on Sudley Road, was destroyed by fire at noon Wednesday. Mrs. Ward was alone when she discovered smoke pouring through the door of a first-floor closet which was located under the stairway.

By the time help arrived the flames had so spread that nothing was saved except some clothing, a little quantity of bed clothing, one mattress and the refrigerator. A small meat house, under which there was a cellar, was too near the burning home to be saved. It too was completely destroyed along with its contents. A well near the porch of the house was too close to water had to be carried from a well near the barn.

How the fire started in the closet is unknown. There was some insurance on the property destroyed. Inasmuch as Mr. Ward operates his own farm, and has the season's work under way it will be necessary for him to rebuild at once in order to provide shelter for himself and his family.

It may have been a fortunate incident that both of the Ward children were away from home at the time of the fire. The little girl was at school, and her older brother had gone from home to fish. No one was physically injured.

ENGLISH CLASS WON BIG HONORS

"Tea For Tom" Highly Successful—Proceeds Over \$100—New Curtain Installed

The presentation on Tuesday night by the Senior English class of the Manassas High School of the play "Tea For Tom" was highly received because it was so capably rendered.

Here are the names of the cast in the order in which they appeared in the program: Frances Berryman, Nelson Bradshaw, Lucy Athey, Mabel Payne, Geneva Dodson, William Lloyd, Lee Lewis, Nelson Dickinson, Gene Rexrode and Ralph Saunders.

The play was produced in the High School Auditorium under the direction of the teacher of the class, Miss Lulu D. Metz. She was a successful leader of ambitious pupils. The high school orchestra furnished the music. It consisted of Miss Ray Ratcliffe, John Burke, Jr., Bobbie Davis and Miss Dorothy Beachley, and their work was approved by the alert audience which did not miss anything it was expected to see or hear.

Between the first and the second act Miss Clara Pattie sang a song and Miss Virginia Conner, who also served as announcer, gave a reading. Both were given merited applause.

Between the second and the third act Dr. C. K. G. Johnson announced the numbers that awarded prizes which had been contributed by various citizens of Manassas. These prizes were given by Dowell's Pharmacy, Prince William Pharmacy, Cocke's Pharmacy, Hynson & Co., Hynson & Bradford, Young Men's Shop, Gibbs & Giddings, D. J. Arrington, Conner & Kinchloe, Metz's Inn, Seery Brothers and Mr. Carl Belton.

1929 TEACHERS' CONFERENCE GOES TO FAIRFAX COUNTY

Manassas Won Her Teacher Guests by Being A Thoughtful, Considerate Host—Supt. Haydon Served Six Years.

Five hundred active teachers came to Manassas last Friday and Saturday to attend the annual Teachers' Conference of District H of the Virginia Education Association. To be exact 489 registered, and no one will dispute the fact that many teachers were present who did not find their way to the register.

Prince William county had 75 teachers in attendance; Alexandria (city) 73; Culpeper county 61; Fairfax 67; Arlington 54; Loudoun 61, and Fauquier 98.

The teachers who were in attendance from Prince William county were Grace L. Hite, Lucy G. Lewis, George Beahm, Evelyn Shields, Lucy J. Hillsman, Katherine Shumate, A. M. West, Mary J. Apperson, Mrs. Anna M. McMichael, Elizabeth Thomason, Olga E. White, Cora Beahm, Elizabeth Hovey, W. Y. Elliott, Mary Weber.

Also Lois Atkins, Florence Marshall, Ila Breeden, Dorothy White, Carrie Edwards, Nora B. Keys, Lillian Williams, L. Ethel Waters, Emma W. Carter, Janet B. Sykes, Grace Leavell, Eleanor Pruks, Rebecca Crittenden, Mrs. Hylda T. Shannon, Loretta Carter, Selma H. Hinde.

Also Mrs. Willis Foley, Helen E. Riss, Maude Jordan, Mary Scott Meade, Selma T. Wilson, Marjorie Brower, Sallie Massie, Katherine Foster, Lula Brydie, Virginia Polen, Margaret Pattie, Beatrix Clark, Ethel Robinson, Ruth Cox, Infelia Flynn, Beulah Bauserman, E. H. Osborn, Mary Haile.

Also Lydia Shenk, Emily Johnson, Willlette Myers, Hazel Carter, Mrs. Roger Cross, Ruth P. Smith, Grace Metz, Lulu D. Metz, J. P. Pullen, Mary J. Gannon, Pearl J. Gannon, Myrtle Hall, Ione C. Glascock, Elizabeth Vaughan, Ercole Wheldon, John Kline, Fannie Minnick, Florence Gosson, Alice Williams and Grace B. Moran.

The program of the two-day conference was executed as announced with limited exceptions. One of these was that Hon. Thos. H. Lion, commonwealth attorney, was compelled to forego the pleasure of welcoming the teacher guests because court demanded his full attention at that particular day. Robert A. Hutchison was chosen to tell the visitors how glad Manassas was to have them here.

John Harris Hart is State Superintendent of Public Instruction. His name appeared in the printed program to tell of "Virginia's Place and Program in Education." Because of illness in the family of Supt. Hart, Dabney S. Lancaster, secretary of the Virginia State Board of Education, came from Richmond and spoke on the subject: "What Do We Mean by Equal Opportunity?" Fitting the best for certain work, credited with being an idea of Jefferson, was given liberal attention in his address.

Gov. Byrd had given expression to his desire to attend, but the opportunity did not present itself. The Governor delegated as his representative, State Tax Commissioner C. H. Morrisette. He was prevailed upon to explain the amendments to come before the voters of Virginia on June 19, particularly those having to do with education.

Dr. John L. Manahan is Dean of the Department of Education of the University of Virginia. His topic was "The Significance of the Virginia School Survey." The study of this survey should prove of great value to the state, he said. Dr. Manahan told his audience of aggressive teachers that Virginia should be commended for progress made in the past decade, and said that "unless we have a real interest on the part of every individual we shall not make any progress."

The report of the Committee on Resolutions on Saturday included a Resolution urging the members of the General Assembly carefully to study the report of the Survey Commission. This report in full follows:

BE IT RESOLVED:
1. That we recognize the value of the recent school survey and urge upon members of the General Assembly a very careful study of the report of the Survey Commission and Staff so that more proper consideration may be given to their recommendations.

tion at the 1930 session.
2. That we commend to all the view that our public school system from the kindergarten to the University be regarded as a unit as recommended in the School Survey.

3. That we approve action of the State Board of Education in raising the minimum qualifications of teachers so that one year of professional training is now required for teaching in the elementary grades and college graduation for teaching in high school.

4. That we believe Virginia should provide more adequate financial support for its schools so that every school will be assured an efficient teacher receiving a salary commensurate with the importance of the service rendered.

5. That we urge full co-operation of all teachers in paying the amount still due on the Preventorium.

6. That we urge upon all teachers and school officers of District H that they qualify and vote on the proposed amendments to the State Constitution at the election on June 19, 1928, and we especially urge that they study carefully the proposed amendments. (Reference is made to the April number of the Virginia Journal of Education for information on these amendments).

7. That we express our gratefulness to Mr. R. C. Haydon for his long and efficient service as Chairman of District H.

8. That we thank our good friends in Manassas for their gracious hospitality which has contributed so much to the success of the meeting and to our pleasure and we especially thank the School Leagues of Manassas and Prince William county, the citizens of Manassas, the Kiwanis Club, the Temple School of Music and Art, the Bennett Graded and Manassas High School, the speakers on the program and all others who have helped with the meeting.

R. C. BOWTON,
O. L. EMERICK,
W. T. WOODSON,
Resolutions Committee.

C. J. Heatwole, Secretary of the Virginia Education Association, discussed the proposed changes in the constitution that refer to education. One would make provisions to have the division superintendent appointed by the local school board. Another would make provisions for the Governor of Virginia to appoint the state board of Virginia. Mr. Heatwole urged teachers to vote.

The proposed amendments will be accepted or rejected by the voters of Virginia on June 19. The requirements for voters are that they pay their poll tax before May 1 and that they register.

L. R. Alderman, specialist in adult education, Bureau of Education, Washington, gave an excellent address on "The Teacher and Her Class." His talk was filled with interesting illustrations of teachers and their pupils. "The teacher who is successful finds the worth-while thing in each pupil," said Mr. Alderman. Continuing he said: "Her influence is lasting because she is interested. She is interesting because she is interested. Know what you are trying to do. Build certain, definite, dependable, worth-while habits. Have pupils do good honest work. Give them real tasks to do. Lead them to do an honest job; to have judgment. Make them weigh matters. Teach them to think."

The departmental meetings were very helpful and inspiring. The teachers felt that they had gained much for them.

Supt. R. C. Haydon, of the Manassas schools, was Chairman of the Conference. He became Chairman of District H six years ago at which time his connection was with the Alexandria schools. Supt. Haydon succeeded Miss Lulu D. Metz, then and now a teacher in the Manassas schools. Three years ago Supt. Haydon came to Manassas and through him the conference chairmanship again came to Prince William county which this year declined so another county could become the geographical head of the conference. O. L.

(Continued on Page Five)

LECTURE BY EMINENT JESUIT

Father John F. Hurley, S. J. of Woodstock College, Maryland, lectured to a full house Sunday afternoon in Conner's Hall. His subject was: "Can Catholics Be Good Americans?" Clerical and lay representatives of various creeds were included in the audience. Many personally congratulated the speaker, at the close of his address, on his masterful treatment of the theme.

Briefly narrating the names and deeds of prominent Catholics from the earliest days of American history, the speaker showed the numbers of them who have acquired distinction as citizens of the United States; stressing the fact that good Catholics should be and were, under all conditions, good American citizens.

Father Hurley is alternating with other Fathers from Woodstock in officiating at All Saints' Church in the absence of the pastor, Father Habets.

WOMAN'S BODY FOUND ON TRACK

Drew Money From Bank—Met Death on Way Home—Money Found on Body.

Information has been received at Manassas by Commonwealth's Attorney Thos. H. Lion that "Aunt" Nellie Evans, a well-known old colored woman of Buckhall vicinity was found dead at Burke on the Southern Railway.

Coroner C. A. Ransom, of East Falls Church, said her death was caused from "injuries sustained from fall from trestle on Southern Railway (accidental), three miles north of Burke, Va."

Her body was found Tuesday. Both arms and both legs had been broken. Her birthplace is not known therefore it can only be assumed that she may have been about seventy years of age. The body was removed to Fairfax and from there it was brought to the undertaking rooms of R. L. Dellinger. The funeral will be held Thursday afternoon. There are no known relatives.

Nellie Evans had a bank account at Alexandria. She went there and drew out her money, probably between \$65 and \$70. The money was found on her body. It is only conjecture that she may have started to walk to her home here where she lived alone. Or she may have ridden part of the way and started to walk the balance. Or she may have started to walk part of the way expecting to ride part of the remaining distance.

RARE WEDDING EVENT ENJOYED

100 Attend Celebration That Fittingly Marked 50-Year Career at Bealeton.

Mr. and Mrs. P. M. Hottel celebrated their Golden Wedding anniversary April 11 at their lovely old home near Bealeton. All of their children and grandchildren were present except one granddaughter in Pennsylvania. They received many handsome presents, among them being hand painted china and gold coins.

They entertained about one hundred of their friends in their most hospitable home at dinner. The table was beautifully decorated in gold colors and baskets of fruit with an abundance of everything good to eat. Everyone enjoyed themselves to their hearts content.

In the afternoon there was music; old songs that were sung in the days of the celebrants youth were indulged in.

May these good friends, Mr. and Mrs. P. M. Hottel, celebrate many more anniversaries of their marriage. A FRIEND.

A CORRECTION

There was a Chevrolet used car advertisement over the firm name of Hynson & Bradford, Manassas, on page three of The Journal of April 12. In the paragraph where prices were quoted "Price \$350" should have read "Price \$350.00" and "Price \$250" should have been "Price \$250.00."

KIWANIS CLUB ENTERTAINED

Harry Davis, of the National Bank of Manassas, Made Able Address.

The visiting speakers and the school superintendents who were here Friday to attend the Teachers' Conference were the invited guests for the dinner and the program at the regular meeting of the Kiwanis Club Friday evening. This courtesy on the part of the Club was appreciated by those who enjoyed the hospitality. The Club's action was just another thing that helped to make the visitors to Manassas feel that they were in good hands.

Harry Davis, of the National Bank of Manassas, was the speaker of the evening. He had chosen as his topic "Is the Business Man a Boob in Politics?" The Journal is going to give its readers an opportunity to read what Mr. Davis had to say. A portion of the address appears below, and the balance of it will appear in the following issue:

Is The Business Man a Boob in Politics?

Some day it may be driven home to cessful business man in the country may grasp the fact that it is not a smart thing to be inactive and uninformed about politics—that actually is an exceedingly stupid thing.

Some day it may be driven home to him that when he says "politics does not concern me," and "I have no interest in politics," that when he proudly proclaims "I'm not a politician," and "I'm too busy to bother about politics," he is not proving himself superior or clever or wise but merely demonstrating his lack of sense. It is not only a question of duty; it's a question of intelligence.

If there is anything in the world that affects the lives of all of us more vitally than politics, it has not yet been pointed out.

No clear-headed person disputes that for a minute. It can be proved in a thousand ways.

It sounds silly, but it is literally true today that from the cradle to the grave there is no single phase of our existence into which politics does not enter—no period of our lives in which it does not play a part.

On the day we are born the attending physician, under the law, must go to one political department to make a record of our birth, and when we die the undertaker has to go to another political department for a burial permit. And there is a third political department to which we must apply for a license to marry.

Every tax one pays from the license tag on your automobile on up to the heavy impost on your home and your income; the smooth streets and good roads over which you walk or ride, the public schools to which you send your children, the fire department that protects your property, the health department that guards against epidemics and disease; the water you drink, the courts and custom houses, the jails, penitentiaries and asylums; the police department that keeps down crime, the post office that delivers your mail, every law and ordinance under which we live—all these things spring from government and government in this country springs from parties, and parties are politics. (Continued next week)

SUPERVISORS MEET MONDAY

Proposed Increase in Local Tax Levies for the Tax Year to Be Heard.

The Board of Supervisors of Prince William county will meet on Monday, April 23, at 10:30 in the forenoon at the Court House. At that hour citizens will be heard for or against the following proposed increase in local tax levies for the tax year beginning January 1, 1929, or July 1, 1928.

Ten cents on \$100 increase in Brentsville District Road Fund.

Ten cents on \$100 increase in Colles District Road Fund.

Five cents on \$100 increase in County Fund for Nurse, T. B. test and County Demonstrator.

FLAME SWEEP OVER LARGE ACREAGE IN INDEPENDENT HILL NEIGHBORHOOD.

Damage estimated at \$100,000 was caused by recent forest fires in the vicinity of Independent Hill. Among the heavy losers were Brown & Hooff, of Manassas, who owned the timber tract known as the Rector place, and Mr. James B. Cole, Mr. Ed Keys, Mr. Hutton and Mr. R. C. Linton, of that section.

The fire raged for hours. It took 150 men, it is said, to save the home of Mr. R. C. Linton, also saving the life of Mrs. Linton, who was ill in bed and unable to flee. Mr. Cole lost house and barn, Mr. Hutton's barn was burned and Mr. Keys' timber was destroyed.

MANASSAS MADE GOOD

When Manassas said she would entertain the Teachers' Conference it meant that she would make good and she did. Those hundreds of instructors of the young who came to Manassas went away with a greater benefit from their good program because all other conditions had been made congenial through the enthusiastic, consistent and always-available co-operation which alert Manassas was so pleased to extend.

On the other hand those hundreds of teachers went back to their school rooms this week with a pleasant recollection of their visit to the Capital City of Prince William county. Manassas extended a gracious hospitality, and without thought of a return of any kind. But the good will built in the minds of those who attended will endure and those minds from time to time will develop into spoken commendation. And they will be glad to come back to Manassas!

A SHORT, BIG FACT

Advertising that greets readers from their home newspaper's columns has the advantage of friendship to begin with.

ELECTRIFIED NAMES

Not so many years from now it is quite within the range of possibilities that Manassas citizens may go to the larger population centers and find some of the names of the present senior English class in the electric lights over the entrances to theatres and maybe other places for the entertainment of the great multitudes who always are in evidence to be entertained and instructed.

The foregoing paragraph was inspired by the interesting, effective work done by the young women and young men who earnestly used of their abilities in the successful production of "Tea for Tom" in the High School Auditorium Tuesday night. The reception they received must have been gratifying and stimulating to them.

FOR FOLKS WHO FISH

Those readers of The Journal who are looking forward to the fishing season are going to remember that a license to fish with nets and seines in the waters of Virginia will be required by law after next June 17. It has been announced by Colonel Harry R. Houston, Commissioner of Fisheries. According to the announcement this applies to those who fish for their own table use or for market. The announcement came through J. H. Hill, oyster inspector, who stated that he was advised that the bill was passed at the last session of the General Assembly.

When the bill was passed it was charged that the right to fish without a license was being "flagrantly and generally violated," it was said.

Any person or persons violating any of the provisions of this act shall be fined not less than \$25 nor less than \$100, or confined in jail not less than ten days nor more than six months. This license may be secured by applying to Mr. Hill at 1300 East Franklin Street, Richmond.

MILK AND EGGS

If the dairy owners and the people who keep poultry in Prince William county had the experience that was general throughout the state they found that milk production, declined during March contrary to the usual trend and the average reported on April 1st was 11.2 pounds, compared with 10.2 pounds on March 1st. The lack of green pastures is probably the cause for the decrease in the production.

Egg production shows the usual seasonal increase and the average on April 1st of 51 eggs per hundred hens was much greater than on March 1st, but was slightly less than for April last year. The number of young chickens in relation to the number of hens is much less than reported last year, and this probably indicates a reduction in poultry raising for the coming year, but the late spring may also have had some effect on this report.

FREE INSPECTION

Automobiles and trucks in Prince William and all other counties in Virginia are to wear official inspection emblems!

Official details of the "Save-A-Life" campaign and mechanical inspection of all automobiles and trucks in Virginia from May 7 to June 2, just authorized by proclamation of Governor Harry F. Byrd, have been announced by James M. Hayes, Jr., Director, Division of Motor Vehicles, Department of Finance.

Brakes, lights, horns, steering apparatus, windshield wipers, and rear-view mirrors on trucks, are to be salient points of mechanical inspection, since these parts or equipment are among the first to become defective and, when defective, are responsible for a large number of the serious accidents that take place every year.

The official inspection will be entirely free of charge, due to the co-operation of garages, shops, and service stations in every community of the state which have indicated their willingness to serve as official State inspection stations and make the required examination without any charge to the car owner, the State or community.

Many leading motor organization, commercial and civic bodies throughout the state already and numerous municipal authorities have expressed a willingness to co-operate with the "Save-A-Life" movement.

The "Save-A-Life" campaign is really an intensive effort to cut down the accident rate in Virginia and to make the state a model in this respect. The campaign is directed solely against mechanical defects that are apt to develop in cars and trucks under service conditions, because such defects are one of the leading causes of motor accidents. It is the belief of automobile authorities throughout the United States that, if all motor vehicles could be easily and quickly controlled by their drivers, the accident rate would rapidly diminish. The "Save-A-Life" campaign is a national movement in this direction, and Virginia will do her part.

The time required for the complete inspection should average about ten minutes per car or truck. Repairs and adjustments will depend on the condition of the automobile, he said, but ten minutes should be sufficient for thorough inspection of the salient mechanical points.

The co-operation of the motoring public is earnestly requested to make the "Save-A-Life" campaign a great success, and in the interest of public safety every car and truck in Virginia should be wearing its official inspection emblem of civic co-operation and mechanical good order by June 2 when the "Save-A-Life" campaign ends.

Ode to the Spirit of Virginia

By

Thomas Lomax Hunter

Virginia, turning proudly from her past:

With soul elate

And eager eyes steadfast,

Looks forward to her fate.

There is a challenge in that honored past

To every ardent and aspiring son, That gives him summons, like a bugle blast,

To high adventures soon to be begun,

New battles to be won,

Nature has lavished on her bounteous fields,

Deep, commerce-sheltering bays and teeming shores,

And the tall, mothering mountain range that yields

The largess of its ores.

Broad rivers winding seaward from her hills

By busy cities glide,

And in their sweep provide Potential power for a thousand mills.

Good fortune stocked her with a rugged race

That toward all dangers that beset her land

Turned ever an undaunted face,

A daring hand.

Since the first white man landed on her beach,

The sacred doctrine of the Rights of Man

Was hers to teach,

Was hers to plan.

Her breast is scarred in every war for Right.

Her fields are red

With blood she shed

Against Oppression's Might.

The old heroic faces,

Whose spirits brood above the hallowed places—

Mount Vernon, Stratford, Monticello's Hill—

Call to us still,

Lest we forget

The spirit of Virginia, which is yet

Full of that high, enthusiastic hope

That can with Fortune and Occasion cope.

O Spirit of Virginia, with your knightly blade,

On all true shoulders lay you accolade,

And bid each son arise,

New purpose in his heart,

New fire in his eyes,

Resolved to see Virginia play her part

In that high place the gods for her did plan.—

The Van!

THE JOURNAL—\$1.50 a Year in Advance

Carriers of Southern Prosperity

OUT from the heart of the South to Northern and Western Gateways and to Gulf and Ocean Ports reach the glistening steel rails of the Southern—that the products of the South may speed swiftly to the waiting markets of the world.

In the vast traffic handled by the Southern Railway System today is the story of the South's dramatic rise toward industrial and agricultural supremacy.

The Southern is inseparably linked with the destinies of the South. Its development to one of the most efficient transportation systems in the world has been made possible by the growth of the South—ad turn laid the foundation for greater and more rapid progress of this section in the future.

Our sixty thousand employees, Southern men and women, are proud in the knowledge that their job today is to build a greater Southern to serve a greater South.

SOUTHERN RAILWAY SYSTEM

From the Northern Gateways at Washington, Cincinnati and Louisville . . . from the Western Gateways at St. Louis and Memphis . . . to the Ocean Ports of Norfolk, Charleston, Savannah, Brunswick and Jacksonville . . . and the Gulf Ports of Mobile and New Orleans . . . the Southern Serves the South.

**NEWS OF WEEK
IN OLD VIRGINIA**

High Lights of Happenings in State Told in Short Paragraphs

Three Brothers Sentenced.

Luray.—Amos and Ashby Short, brothers, were sentenced to seven years each and Edward, a third brother, three years, on charges of arson, following conviction in the circuit court here. Evidence tended to show that an empty oil can found near the scene and that bloodhounds trailed them from the scent to their homes. The defense produced evidence that the trio were home at the time of the fire.

The Shorts, two of whom are blind, are brothers of Thomas Short, convicted slayer of the Buracker girl here last fall.

Votes School Bonds.

Culpeper.—A special election to provide an issue of bonds not to exceed \$60,000 to be used for the erection and equipment of a new school building in Culpeper, carried by a vote of 330 to 33. It is said that the opposing votes were cast by persons who disapproved not of a new school building but of having it on the site of the old one.

Work on the new building is to begin just as soon as the present session closes. If it is found possible to rent temporary class rooms in any of the adjacent buildings, work of tearing down the old building will be begun before the end of the term.

Manassas Plan Favored.

Fairfax.—A special election in June to decide the question of bonding Fairfax for \$30,000 for the purpose of installing a water system, was settled upon at a recent council meeting.

Report made by County Engineer Larkin, who had been requested to obtain information for the council, showed figures from several companies making a business of putting in water supply systems for small towns. The council favors a 100,000-gallon tank, like that at Manassas, supplied with water from deep wells under it, and piped to various parts of the town.

Crupper Quits Party Post.

Alexandria.—Joseph L. Crupper, state chairman of the republican party in Virginia for ten years, has declined re-election owing to poor health.

Virginian Fills Vacancy.

Senator Swanson has been appointed by Vice-President Dawes to be a member of the Board of Regents of the Smithsonian Institution. The Virginia Senator will fill the vacancy caused by the death of Senator Ferris, Democrat, of Michigan.

Pointer Aids Terrier.

Crozet.—A pedigree fox terrier owned by Fred Knoblock and known as "Tarheel" in honor of his native state, was found the day following his disappearance, on Garrison's mountain, where he had been caught in a cave. Neighbors quickly went to digging and released him. When he was located a pointer dog was trying to dig him out. The claws of both dogs showed evidence of hard digging.

Whipping Teacher Upheld.

Winchester.—Miss Edna Beasley, of Sparta, Caroline county, who appeared as prosecuting witness against Mrs. Lafayette Henry, whose son she said she felt constrained to punish for persistent misconduct at the public school at Rosenberg, near here, has quit her duties as principal and returned to her home. Miss Beasley was upheld by school authorities for her insistence on obedience to rules of the school.

Mrs. Henry accosted Miss Beasley in a public road after the Henry boy had been whipped and is said to have struck the teacher repeatedly with a stick. Mrs. Henry's arrest followed and the court suspended a jail sentence solely because she had an infant at home.

Falls on Open Scissors.

Lynchburg.—Miss Elizabeth Honig, shoemaker, was injured at a shoe factory when she tripped over a basket and fell onto a pair of scissors, which she was carrying. The scissors penetrated her throat, cutting a small vein.

Gold Medal and \$500.

Charlottesville.—James H. Dillard, of this city, and Julius Rosenwald, of Chicago, are the recipients of the Harmon awards for outstanding contributions in 1927 towards improving relations between white people and Negroes. Dr. Dillard, who is rector of the board of visitors of William and Mary, received a gold medal and \$500.

Protests against Five.

Luray.—Luray forbids the erection of anything but brick buildings in certain sections of the town. This is done to reduce fire hazards. The zoning system is meeting with the approval of taxpayers.

(Continued on Page Six)

Miss Louise Randall, 15-year-old daughter of Mr. and Mrs. Aquilla Randall, of Woodlawn, is convalescing at Georgetown University Hospital in Washington from an operation for appendicitis which was performed on April 2.

Mr. and Mrs. B. F. Adams had as their guests for Easter their children and grandchildren. Mr. and Mrs. Beverly Adams and two sons, Beverly and George, Mr. and Mrs. Taylor Adams and Mr. Mason Adams, and also Miss Florence Kelley and Mr. J. William Mason, all of Philadelphia.

Mr. E. R. Cooger, of Manassas, and Mr. Melvin C. Hazen, of Washington, were among the directors chosen at a recent meeting of the Fairfax County Fair Association. Officers elected were: President, Clifton Laughlin, McLean; vice-president, D. E. Woodard, Fairfax; secretary, R. R. Buckley, Fairfax; assistant secretary, Miss Ida Jones, Fairfax; treasurer, Robert Graham, Fairfax, and assistant treasurer, John Mackall, McLean.

Richmond Daughters of the Confederacy recently honored their national officers at a reception given in the Mayo Memorial House to Mrs. W. C. N. Merchant, of Chatham, president-general; Mrs. B. A. Blenner, of Richmond, treasurer-general, and Mrs. William A. Roberts, of Chase City, president of the Virginia Division. Mrs. Merchant, who heads the national organization, is a connection of the Manassas Merchants and has many friends here.

Miss Grace Moran and Miss Lanier Moran are preparing to give up their home in Battle street. Miss Lanier Moran, who has been employed in the Manassas post office, left for Boston, Mass., to make her home with her brother and sister-in-law, Mr. and Mrs. Irving H. Moran, while completing a business education. The Moran home, which is the property of Mr. T. E. Didlake, is to be occupied later on by Mr. and Mrs. M. M. Ellis, who are now living at the Hornbaker property in West street.

IN MEMORIAM

In sad but loving remembrance of my dear, beloved husband, Anderson B. Manuel, who departed this life one year ago, April 6, 1927, in the 70th year of his age.

Anderson Bert Manuel, eldest son of the late William F. and Annie Whitson Manuel, was born November 7, 1856, at "Mountain Wood," the original homestead of the Manuel family near Nokesville, Va., now owned by Mr. C. B. Fitzwater. The most of his life he had lived near Nokesville, except eleven years, when he worked in Washington, D. C., and two years in Loudoun county, Va.

He was kind and affectionate in disposition, with an outstretched hand to the friendless, the orphan, the fatherless, and the widow. He was a descendant of the distinguished Bert and Whitson families of England. He stood for honor, truth and right; to his country brave and loyal. In his dealings with his fellow man, he

knew neither friend nor foe, but always strove to live up to his motto: "Give justice where justice belongs, but in tribulations and sorrow, sickness and pain, he was all patience, all cheerfulness.

The little boys and girls of the neighborhood all loved him, and always looked for Mr. Manuel with his cane. He had been a consistent member of the M. E. Church, South, since 1907, and many yet remember his steadfast faith in his Lord and Saviour, and the beautiful testimony he gave of his conversion on a sweet Sabbath morn as the far away church bell pealed forth its chimes. Perfectly reconciled to his dear Lord's will, he had nothing to fear for he loved Him first of all, and often said he would go straight to the arms of Jesus. So at the close of a beautiful day in the early springtime, in the peaceful twilight hour when birds and flowers their goodnight to the world were nodding, and the hum of the bees was still, the pleasant evening zephyrs bore his gentle spirit home, and on April 9, 1927, he was tenderly laid to rest in the family cemetery near Nokesville and within sight of his birthplace, his grandfather's homestead at "Mountain Wood," and also his father's farm now owned by Mr. Charlie Albright.

A kind word, a smile and a helping hand he always had for all who were in distress.

In my heart he is remembered, Sweet thoughts still cling to his name. The heart that loved him so dearly in life, Loves him in death the same.

BY HIS WIFE.

BRENTSVILLE.

Mrs. S. C. Fogle and sons, Carl, Casper and Glendon, of Washington, spent last week with Mrs. Fogle's mother, Mrs. Marion Cooper.

Mrs. J. J. Tolson, Mrs. Mountjoy, Miss Rebecca Crittenden and David and Dannie Tolson, of Thornton, were Sunday evening visitors at the home of Mr. and Mrs. R. H. Keys.

Miss Mae Molair of Washington, recently visited at the home of her parents here.

Mr. and Mrs. Schumann, who have been living in Washington, have moved to their home here, which was formerly the Lam property.

Mr. and Mrs. Norman Franklin, of Fairfax, spent Sunday with Mrs. Franklin's parents, Mr. and Mrs. Harvey Hensley.

LONG TIME RESIDENT OF COUNTY HAS PASSED

This Citizen Aged 71 Years Leaves Numerous Relatives to Mourn.

George Reid, of near Manassas, died at his home on March 20th. He had been confined to his bed for more than ten weeks. Mr. Reid is survived by his wife, Mrs. Annie Reid, five daughters and two sons. The daughters are Mrs. Dora Payne, of Del Ray; Mrs. Maggie Thorpe, of Buckhall; Mrs. Cora Deloxer, of Fairfax county; Mrs. Elizabeth Padgett, of Alexandria, and Mrs. M. L. Hummer, of Manassas. Both sons live in Manassas. They are Elisha Reid and Walter Reid.

Mr. Reid's brothers and sisters are as follows: Billy Reid, Horton; Bob Reid, Hoadly; Joe Reid, who resides in Maryland, and Johnny Reid, of Washington, D. C. The sisters are Mrs. Tom Garner and Mrs. Henry Fairfax; both are residents of Fairfax county.

The funeral services of the deceased were conducted by Rev. Luther Miller of the Lutheran Church on March 23, and the remains interred at Buckhall cemetery.

We grind meal, ear corn, etc., and do an exchange business in meal and flour at Milford Mills. Also keep on hand a full stock of feed. Manassas Milling Company. 35-1f.

Don't dose a Child's Cold

CONTINUAL dosing upsets children's delicate stomachs.

Vicks is applied externally and therefore cannot disturb the digestion. It acts in two ways:

(1) The body heat releases the ingredients in the form of vapors which are inhaled.

(2) At the same time Vicks "draws out" the soreness like a poultice.

1929 Teachers' Conference Goes to Fairfax County

(Continued from First Page)

Emerick, of Loudoun was chosen to serve during the next two years.

The conference a year ago was held in Arlington county at Clarendon. The next one will convene in Fairfax county, the place of meeting to be determined later.

The teachers and pupils of the Bennett graded school and the Manassas high school, the patrons' league of those schools as well as those of the county schools are entitled to district credit for the co-operation they so enthusiastically gave to promote comfort and convenience for the educators and for those who participated in the program.

On Friday night the Kiwanis Club gave a dinner invitation for the speakers and the superintendents. This was not all of the good work that was done by the club. Its entertainment committee, Chairman W. S. Athey, E. G. Parish and T. T. Curtis, was in evidence in many ways. The members of this committee provided the welcome cards, furnished transportation anywhere any time, met all incoming trains, and otherwise made themselves useful.

There were numerous local and county workers who helped to make the conference the splendid success approved to be.

Friday's luncheon was served by Bennett graded school and the Manassas high school, and Saturday's provided by the patrons' leagues of county schools. Both were in the gymnasium. Only those engaged in the preparation of luncheons of this kind appreciate the quantity of work involved in preparing and serving it. But those who benefit all this was done relative of the untiring effort put forth by those behind the scenes.

Miss Cordelia Adair, President of the National Educational Association, had been invited to come to Manassas and attend as many sessions as her time would permit. Miss Adair regretted that she could not be here, and sent her best wishes for the success of the event.

In Appreciation. The teachers and school officials of Prince William county take this opportunity to thank the citizens of Manassas and Prince William county for opening their homes, and serving lunch to the teachers of the District H Conference last week, and also for their whole-hearted cooperation throughout the entire conference. Without their genuine spirit of hospitality, linked with real work, the meeting could not have been a success.

R. C. HAYDON, Division Superintendent of Schools.

COMING TO MANASSAS

"The Chaminade Glee Club," of Washington, will render a concert in the High School Auditorium, Friday, May 11, at 8 o'clock, for the benefit of the new Methodist Church. The Chaminade Glee Club, one of the leading organizations of the Capital City, organized for the serious study of music, is doing a splendid service to the city and environs in giving its finished programs, and music lovers of Manassas and vicinity will doubtless recognize that it is a real advantage to be placed in position to hear the Club in Manassas.

The Club is also a factor in Washington musical life, being sponsored by Madame Chaminade, Mrs. Mary Ramadell, Miss Mary Alsop Cryder and Homer L. Kitt. The Glee Club of forty voices forms an enchanting ensemble in its superb renditions.

Mrs. Walter Bernhard, formerly of Manassas, is a member of this delightful efficient organization.

Next Sunday's Washington Star.

Thrilling life story of an American hero whose needs will be recognized by the Government will be told in next Sunday's Washington Star. There will also be an illustrated article on a new American shrine and feature articles on many matters of current news interest. Fiction, aviation articles and the latest humor by well known writers will be included in the week's offerings.

Manassas Chapter, U. D. C. will have a "Silver Tea" meeting of a program and refreshments, in the Parish Hall on Thursday, April 26, at 8 p. m.

The Dumfries Community League will present a three-act, two-hour comedy, "Aaron Slick From Punkin Crick," at Occoquan High School, Saturday evening, April 21.

FOR SALE—Dining room table and six chairs, leather couch, 2 rugs, settee, china cabinet, two rocking chairs, 3-burner Perfection oil stove. Miss Dina Davis, Manassas, Va. 49-1

PLAYER PIANO—If you want a real bargain—don't fail to see this magnificent Player Piano which you cannot tell from new and in order to dispose of this instrument in a hurry so that we will not have to ship it back to our factory, we are going to give you a special inducement a new bench to match and 50 rolls of music. APRIL, 19, 1928

No. 21.

If you go to the Theatre,
And keep up with Sports,
And like good Dancing,
And don't shy at Art,
And enjoy good Literature,
And laugh with the Humorists,
And follow world affairs,
And do a good deed daily,
There is just one other thing you should do, that is:
Use White-Rose and Bull-Run Flours for all your baking.

He—Whither away, pretty maid?
She—Aw, wither up yourself, and see how you like it.

Isn't all right to be up on your toes, but don't let the grass grow under your feet.

Teacher—Johnny, if your father earned forty dollars and gave your mother half, what would she have? Johnny—Heart failure.

Clouse—I do my daily dozen every day.
Albright—Well, I don't care so long as I'm not one of the dozen.

Si—I hear you're giving up tobacco.
Ezra.
Ezra—Well, Si, I'm sorta taperin off like. I don't swaller the juice no more.

Talk about hard luck; a frail little man was sentenced to be hanged for murder. Convinced of his client's innocence the lawyer besieged the governor and the judge with pleas for mercy. The night before the scheduled hanging, the jailer told the condemned man that he could have anything he wanted. The man was delighted. For 20 years, being a semi-invalid, he dared eat nothing but liquid food. So, he ordered a monster meal, and ate, and ate, and ate. At 8:30 he had finished eating; at 9 o'clock a telegram came from the governor commuting his sentence, and at 11 o'clock he was dead of acute indigestion!

He: (enthusiastically)—"All my success, dear, I attribute to just one thing—Pluck, pluck pluck!"
She: (wistfully)—"But Arthur, how did you know which ones to pluck?"

The little moths are never gay,
They do not dance or shout;
What do they do when they attend
Those balls we read about?

IF IT'S PLUMBING—WE DO IT

You have heard it said that a doctor buries his mistakes.
You have heard it said that a plumber charges for his.
You will probably take enough "stock" in these old sayings to use your best judgment in choosing your plumbing service.
Know something about your plumber before you put him to work.
A record of satisfied patrons is a good plumber's best advertisement.
Consult our record, and be assured.
Come in and talk it over with us.

WASHINGTON, D. C.

NEWS OF WEEK IN OLD VIRGINIA

(Continued from Page Three)

In Interest of Men's Work.

Staunton.—Two hundred and thirty-two men from twenty-one churches in Lexington Presbytery attended a presbyterial conference of men Sunday. Rev. Dr. J. J. Murray, of Lexington; Rev. Dr. J. J. Rives, of Harrisonburg, and J. A. Naft, of Staunton, were among the speakers.

Friday, 13th.

Washington.—There is no hoodoo about Friday, the 13th, when it comes to marriage license. Friday there were just 13 licenses issued by Col. W. A. Kroll, the license clerk.

About \$140 Per Acre.

Warrenton.—R. H. Downman, of New Orleans, formerly of Fauquier county, has sold his estate of nearly 1,500 acres near The Plains, to H. T. Archibald, of Chicago, for \$210,000. Mr. Downman owned the farm for 16 years.

Highway Project Goes Forward.

Shenandoah.—Impetus has been given the East Side Highway project through the Eastern section of the Shenandoah bisecting this county, north and south, through the adoption of the resolutions by the organization at its meeting last week, recommending that allocation of all portions of the highway from its extension to Natural Bridge on the south, to its northern extreme near Berryville, be included in the Vaughn mileage table passed by the State Legislature.

To Open April 28th.

Fredericksburg.—The Monroe Shrine will open here Saturday, April 28. Mrs. Hoes, who is a great granddaughter of President Monroe, gave a talk having to do with the Monroe Shrine at an entertainment by the Club of Colonial Dames in Washington.

Monument to the Massacred.

Luray.—Descendants of fifty families who were massacred by Indians in this county 200 years ago are making contributions to the erection of a monument to their memory. Contributions are coming from many Western States where descendants of the victims of the tomahawk reside. The monument will be erected five miles west of Luray. The marker will be of bronze and will cost about \$1,000. The stone for the foundation will be brought from the Massanutten

Mountains, near which many of the families were slaughtered by the tomahawk.

In Waverly, 57 Years.

Waverly.—Purnell Fleetwood, 80, banker, capitalist, merchant and business man, died at his home here Tuesday. He was born in Sussex county, Delaware and came to Waverly at the age of 23, where he started work in farming and the mercantile business.

Elected New Officers.

Fairfax.—The Victorian Literary

VIRGINIA:

In the Clerk's Office of the Circuit Court of the County of Prince William, April 9, 1928.

William J. Gray, Complainant;

Mae Cummings Gray, Defendant.

IN CHANCERY

The object of this suit is to obtain for complainant from defendant, a divorce a vinculo matrimonii, on the ground of wilful desertion and abandonment, without just cause or excuse, for more than three years prior to the institution of this suit, and for general relief.

And an application for this order of publication having been filed in writing, and an affidavit having been made, and filed in this office by the complainant, that the defendant is a non-resident of the state of Virginia, and that her last known post office address or place of abode was, to the best of his knowledge and belief No. 4100 Groveland Avenue, Chicago, Illinois.

It is therefore ordered that the said defendant, Mae Cummings Gray, do appear here within ten days after due publication of this order and do what is necessary to protect her interest in this suit.

It is further ordered that a copy of this order be published once a week for four consecutive weeks, in the Manassas Journal, a newspaper published and circulated in Prince William County, Virginia; a copy sent by the Clerk of this court to the said Mae Cummings Gray, by registered mail, addressed to No. 3100 Groveland Avenue, Chicago, Illinois, the address given in the aforesaid affidavit, and a copy posted by the said clerk at the front door of the Courthouse of said county, on or before the 16th day of April, 1928, that being the first Rule day after this order is issued.

GEO. G. TYLER, Clerk

A true copy:

GEO. G. TYLER, Clerk

R. B. WASHINGTON, p. q. 48-4

Society of the Fairfax High School has elected as president Tanner Kinney; vice-president, Esther Kinchee; secretary, Virginia Palmer; treasurer, Galen Weller, and critic, Miss Payne of the faculty.

Bought Old Brick Home.

Purcellville.—Dr. E. Terry Smith, of Hartford, Conn., has completed negotiations with Colonel D. C. Sands for the purchase of thirty-eight acres from the Smith farm, located near Middleburg, on the road to the Pot House. The part of the farm included in the purchase has on it the farm buildings and the old Colonial brick home.

VIRGINIA:

In the Clerk's Office of the Circuit Court of the County of Prince William, March 24, 1928.

CLARENCE E. HAWKINS,

ALBERTA W. HAWKINS,

IN CHANCERY

The object of this suit is to obtain from the defendant for the plaintiff, a divorce a vinculo matrimonii on the grounds of desertion for a period of more than three years, and for general relief.

And an application for this order of publication having been made in writing, and an affidavit filed in this office by the plaintiff, that the defendant is not a resident of the state of Virginia, and that her last known address is General Delivery, Newark, New Jersey.

It is therefore ordered that the said Alberta Hawkins, the defendant, do appear in this office within ten days after due publication of this order and do what is necessary to protect her interest in this suit, and

It is further ordered that a copy of this order be published in the Manassas Journal, a newspaper printed and circulated in the county of Prince William, once a week for four consecutive weeks; a copy sent by registered mail by the Clerk of this court to the said Alberta W. Hawkins addressed to General Delivery, Newark, New Jersey, and a copy posted at the front door of the court house of the said county on or before the 26th day of March, 1928, that being the first Rule day after this order was entered.

GEO. G. TYLER, Clerk.

COMMISSIONERS' SALE OF VALUABLE REAL ESTATE

Under and by virtue of a decree of the Circuit Court of Prince William County, entered at the April 1928, term thereof, in the pending chancery cause of Ryan vs. Kibler's Admr. et als., the undersigned commissioners of sale shall offer for sale at public auction, on the terms hereinafter stated, in front of the Peoples National Bank building, Manassas, Va., at about 11 o'clock a. m.,

SATURDAY, MAY 12, 1928,

the following described real estate: Situate in Coles District, Prince William County, Virginia, about two miles from Brentsville, adjoining the lands of Beavers, Petty, Williams, the Corey land and others, containing 51 acres, more or less, and being the same land conveyed to Ferdinand Kibler and Eliza Kibler by Frank Ruffner and wife by deed recorded in deed book 66, page 174, Prince William County Clerk's Office.

The dwelling house on this property is commodious and convenient, and in a good state of repair. The property contains stable and out buildings. A very desirable property for person wanting small place.

TERMS of Sale: One-half cash; balance on a credit of twelve months, purchaser to execute interest bearing negotiable note, with approved security, for the deferred payment and title to be retained until said note is paid in full.

C. A. SINCLAIR,

C. T. BOWERS,

THOS. H. LION,

Commissioners of Sale.

Prince William County, to-wit: I, Geo. G. Tyler, Clerk of the Circuit Court of the county aforesaid, do certify that C. A. Sinclair, one of the above named commissioners, has executed the bond required by the decree above referred to.

Given under my hand this 18th day of April, 1928.

QUALITY AT LOW COST

proof... there is a difference in FERTILIZERS

HERE is proof—proof of extra yields, better quality, earlier maturity, larger profits—made with "AA QUALITY" Fertilizers.

Read the letters printed at the right. They are from successful farmers who use sound farming methods and "AA QUALITY" goods.

These and thousands of similar letters prove that, whatever crops you grow, "AA QUALITY" Fertilizers will help you get more profit for every dollar invested.

The superior crop-producing power of "AA QUALITY" Fertilizers is due to—

1. Great care in selecting the materials from which the plant-food elements are derived;
2. Formulae based on a thorough knowledge of local crop and soil conditions; formulae continuously checked and studied by a group of experts; formulae tested by over 60 years of successful crop production.
3. Perfect mechanical condition, assured by extra care and the most exacting standards of manufacturing.

This year feed your crops with "AA QUALITY" Fertilizers—and let your crops feed your bank balance. Insist on getting "AA QUALITY" Fertilizers from your dealer.

"AA QUALITY" FERTILIZERS

Sold under a Double Quality Guarantee

1st Guarantee
On the front of each bag is one of the following famous old names that stand for a fertilizer made to meet the exact needs of your soil.

Alexandria Sales Department
411 North Lee Street, Alexandria, Va.

RESULTS WITH POTATOES... Mr. N. T. Wilson of Roundland, Md., says: "This year I used your 'AA QUALITY' Fertilizer ('AA QUALITY') for potatoes and was very much pleased not only with the greatly increased yield but with the early maturity of the crop, which brought me the highest market price. The percentage of culls was unusually small."—Nov. 2, 1927.

HIGH QUALITY AND GOOD YIELD... Mr. C. M. Burfield of Sonoma, Va., says: "On my wheat crop last fall, for the first time I used 'AA QUALITY' Fertilizer. My wheat crop was of the highest quality and yield in this section. Most wheat in this section did not weigh over 54 to 56 pounds per bushel. My wheat weighed 60 pounds, measured. I am using 'AA QUALITY' goods again this fall because I feel that they are the best I have used."—Oct. 26, 1927.

EXTRA GOOD WHEAT... Mr. Elias Brunk of Harrisonburg, Va., says: "I have been using 'AA QUALITY' Fertilizers for a number of years and have never had an unfavorable seed condition in my field of 21 acres that was photographed made 474 bushels machine measure; quality of wheat extra good. Even with the above disadvantage my yield was above the average for this section. I have bought 'AA QUALITY' Fertilizers for this fall. In my opinion the farmer that buys your goods will make no mistake."—Oct. 12, 1927.

FINEST CABBAGE IN MATHES CO... Mr. W. Howard Mathews of Mathews, Va., says: "This Spring I planted a small piece of ground in cabbage, using 'AA QUALITY' Fertilizer ('AA QUALITY') at the rate of 600 lbs. per acre. The results have been unusual. I had the largest and finest cabbage I have ever seen grown in Mathews County or any county in this section of the State. There is no doubt about the fact that 'AA QUALITY' Fertilizers will produce excellent cabbage crops."—Oct. 23, 1927.

BIDS WANTED

Haymarket, Va.
April 11th, 1928.

Notice is hereby given in pursuance of Article 11 of an ordinance approved April 10th, 1928, that bids will be received for the franchise rights and privileges proposed to be granted by the following ordinance, by the presiding officer of the Council of the Town of Haymarket, at the regular meeting of the said Council, which will be held in the directors' room of the Bank of Haymarket, Haymarket, Virginia, on the 7th day of May, 1928, at the hour of Eight o'clock P. M. After the receiving and opening of said bids, the Council will proceed to the consideration of the granting of the said franchise in the following manner:

(a) The work to be done under this ordinance, the pipes and conduits to be laid and the poles and other structures to be erected shall be done, laid and erected so as not to damage the water pipes or sewerage pipes of the Town of Haymarket or interfere with or impede the said Town, its servants or employees in freely approaching the said pipes, or in any way unnecessarily interfere with the making of connections by the Town or by the citizens thereof with the water pipes and sewerage pipes which may now or hereafter be laid or constructed in said town.

(b) Whenever any of the poles or lines of the GRANTEE erected under this franchise shall prove to be in the way of public street improvements actually being made in and by the said town, the said town reserves the right to cause or compel the said GRANTEE, at its own costs and charges, to move its said works so that such improvements may proceed, and upon the failure of the said GRANTEE to move its works, rendered necessary by such actual street improvements, after thirty (30) days' notice to that effect in writing, then the said town reserves the right to make such necessary changes in the works of the said GRANTEE and at the cost and expense of the said GRANTEE.

(c) After construction, erection, laying, repairing or replacing of any of the poles, towers, structures, conduits or other appliances under this ordinance, the said GRANTEE shall at its own cost promptly replace, relay, repair and restore as nearly as possible to the original condition of the same, all streets or sidewalks disturbed or damaged in the construction, repairing, or replacement of the work authorized to be done under this franchise; and upon failure to do so after thirty (30) days notice in writing shall have been given by the Mayor or Council of the said town, the said town may relay or repair the portions of streets or sidewalks that may have been so damaged or disturbed and collect the cost so incurred from the said GRANTEE.

(d) The grantee shall have the right to cut from any trees in the streets of said town such limbs or branches as may be necessary to keep its wires and other fixtures and appliances free from interference therefrom and in a safe and efficient operating condition.

(e) The GRANTEE shall provide an adequate and efficient service of electric current, at reasonable rates, in the said Town, to the said Town and the inhabitants thereof, and shall maintain its properties, works and structures located in the said Town in good order throughout the term of this grant, and shall stand ready at all times to make service connections for supplying electric current for light, heat and power purposes at any point within the corporate limits thereof upon proper application therefor, in accordance with the standard terms and conditions of the Grantee, as approved by the State Corporation Commission, and in effect at the time such application is made; provided, that the grantee shall not be required to make service connections or extensions across private property, or along any highways, streets or alleys which have not been accepted and recognized as such by the municipal authorities of the said Town, without making a reasonable charge therefor.

(f) The adequacy and efficiency of the service provided by the GRANTEE, and the reasonableness of the rates of charge therefor and of the terms and conditions applicable thereto, are to be determined by the State Corporation Commission of Virginia, or by such other legally constituted body as may have jurisdiction under the laws of the State of Virginia, and the GRANTEE in accepting this franchise expressly agrees that the said Commission, or other body, shall have jurisdiction to the full extent and in the manner now or hereafter during the life of this franchise provided by law, to enforce the provisions of this franchise to the full extent provided by law.

(g) While this franchise grants to the GRANTEE the right to put its conduits, wires, cables and other appliances under the surface of the streets, alleys and public places in said town, nothing herein contained shall be construed as giving the said town the right to require the GRANTEE to place any wires, conduits or other appliances under the surface of any of the streets, alleys or other places of said town.

(h) This ordinance and the rights and privileges herein granted and conferred shall not become effective

tent as if such approval were set out fully and at length in this ordinance; provided, however, that said posts and poles shall be neat, symmetrical and stripped of bark, and that all work done under this ordinance shall be done in such a manner as not to needlessly interfere with or impede the free and proper use of the streets by the public nor unnecessarily obstruct the travel thereof.

(c) The work to be done under this ordinance, the pipes and conduits to be laid and the poles and other structures to be erected shall be done, laid and erected so as not to damage the water pipes or sewerage pipes of the Town of Haymarket or interfere with or impede the said Town, its servants or employees in freely approaching the said pipes, or in any way unnecessarily interfere with the making of connections by the Town or by the citizens thereof with the water pipes and sewerage pipes which may now or hereafter be laid or constructed in said town.

(d) Whenever any of the poles or lines of the GRANTEE erected under this franchise shall prove to be in the way of public street improvements actually being made in and by the said town, the said town reserves the right to cause or compel the said GRANTEE, at its own costs and charges, to move its said works so that such improvements may proceed, and upon the failure of the said GRANTEE to move its works, rendered necessary by such actual street improvements, after thirty (30) days' notice to that effect in writing, then the said town reserves the right to make such necessary changes in the works of the said GRANTEE and at the cost and expense of the said GRANTEE.

(e) After construction, erection, laying, repairing or replacing of any of the poles, towers, structures, conduits or other appliances under this ordinance, the said GRANTEE shall at its own cost promptly replace, relay, repair and restore as nearly as possible to the original condition of the same, all streets or sidewalks disturbed or damaged in the construction, repairing, or replacement of the work authorized to be done under this franchise; and upon failure to do so after thirty (30) days notice in writing shall have been given by the Mayor or Council of the said town, the said town may relay or repair the portions of streets or sidewalks that may have been so damaged or disturbed and collect the cost so incurred from the said GRANTEE.

(f) The grantee shall have the right to cut from any trees in the streets of said town such limbs or branches as may be necessary to keep its wires and other fixtures and appliances free from interference therefrom and in a safe and efficient operating condition.

(g) The GRANTEE shall provide an adequate and efficient service of electric current, at reasonable rates, in the said Town, to the said Town and the inhabitants thereof, and shall maintain its properties, works and structures located in the said Town in good order throughout the term of this grant, and shall stand ready at all times to make service connections for supplying electric current for light, heat and power purposes at any point within the corporate limits thereof upon proper application therefor, in accordance with the standard terms and conditions of the Grantee, as approved by the State Corporation Commission, and in effect at the time such application is made; provided, that the grantee shall not be required to make service connections or extensions across private property, or along any highways, streets or alleys which have not been accepted and recognized as such by the municipal authorities of the said Town, without making a reasonable charge therefor.

(h) The adequacy and efficiency of the service provided by the GRANTEE, and the reasonableness of the rates of charge therefor and of the terms and conditions applicable thereto, are to be determined by the State Corporation Commission of Virginia, or by such other legally constituted body as may have jurisdiction under the laws of the State of Virginia, and the GRANTEE in accepting this franchise expressly agrees that the said Commission, or other body, shall have jurisdiction to the full extent and in the manner now or hereafter during the life of this franchise provided by law, to enforce the provisions of this franchise to the full extent provided by law.

(i) While this franchise grants to the GRANTEE the right to put its conduits, wires, cables and other appliances under the surface of the streets, alleys and public places in said town, nothing herein contained shall be construed as giving the said town the right to require the GRANTEE to place any wires, conduits or other appliances under the surface of any of the streets, alleys or other places of said town.

(j) This ordinance and the rights and privileges herein granted and conferred shall not become effective

TEN THOUSAND MILE TEST PROVES

A six cylinder Essex was driven ten thousand miles with "Standard" Motor Oil. The cylinders were worn away only one one-thousandth of an inch, as measured by precision instruments.

The average wear in an automobile engine with oils commonly used by motorists is about three times as great in the first ten thousand miles.

This means that by using "Standard" Motor Oil you can retard wear, maintain piston seal, and reduce upkeep costs.

"STANDARD" MOTOR OIL

"Standard" Greases, Transmission Oil and Gear Oil are made with the same care as "Standard" motor fuels and motor oils.

A FIRE POLICY DOES NOT COVER TORNADOES, CYCLONES OR WINDSTORMS

Records show that no section of the country is immune from this hazard, nor are they confined to certain seasons of the year. Rates for this protection are moderate; if your property is located in towns it can be insured for \$2.00 per \$1,000.00; if in the country \$3.00.

INSURANCE OF ANY KIND General Insurance Agency, Inc. THOS. W. LION Manassas, Va.

Manassas Transfer Co.

W. S. ATHEY, Proprietor.

Baggage, Furniture and all kinds of merchandise or other commodities promptly transferred or delivered.

Refreshments will be served for benefit of the League

Why not select Cement?

GOOD hardware adds a lot to the appearance and value of any building, so you are careful in selecting it. Often the structural strength, the permanence of a building or repair job depends upon cement, so you should select the right kind for your work. We know the quality of Security Portland Cement; on every side you see the results of its superiority.

The integrity of its makers and its record back our recommendation when we say "Select Security."
