REPUBLICANS HOLD MEETING

Eighth Congressional District Meets at Stafford Court House.

NAME NO OPPONENT TO CONGRESSMAN MOORE

W. E. Trusler and Prince William Delegates Active in Lively Session.

Republicans of the Eighth Congressional District will not contest the seat of R. Walton Moore, Democrat, in the coming election. A report recommending this policy was adopted at a meeting of the Congressional Committee of the Eighth District at its meeting on Monday at Stafford Courthouse.

The report was not made without opposition prior to the meeting of the resolutions committee as friends of one or two of the aspirants for the nomination were persistent in their efforts to change the sentiments of many of the committee, but when the committee brought out its recommendations no opposition developed to their adoption.

Organization Is Perfect.

The organization of the permanent Republican organization for the Eighth District was effected and resulted in the election of John B. Grayson of Arlington, as district chairman; Col. J. A. Pepper of Orange; C. N. Knight of Stafford; J. S. Wiley of Fairfax, and W. O. Rogers of King George, State committee men.

The convention went on record as endorsing in toto the candidates of the Republican party for President and Vice President and the platform promulgated by the Republican National Convention at Kansas City, and the continuance of the able Republican administration. "The paramount issue is to carry each county for the Republican ticket in November. In this task the convention consecrates itself."

LOST MAIL BAGS RECOVERED HERE

Mail Pouches Stolen Here On June 14 Found Opposite Ben Lomond Farm.

While nothing new has developed with regard to the loss of two mail pouches on the morning of June 14, their recovery last week has straightened out many peculiar situations which had arisen due to their loss. The bags were found along side of a fence opposite the Ben Lomond Farm, by men employed by C. C. Lynn, and were promptly brought in to the Manassas Post Office. When found the sacks had been cut open and as all mail was found intact it is believed that those who made off with the bags were in search of registered mail only and not finding it, hid the bags beside the fence and made off.

The contents of the pouches had been thoroughly soaked by the heavy rains but after a day of drying out the post office officials were able to distribute the long over due mail to those for whom it was intended. Both of the local banks received envelopes containing checks for collection, the loss of which had caused no end of extra bookkeeping and correspondence to say nothing of the inconvenience to numerous makers of the checks.

Post Office inspectors who have been at work on the case since the mysterious loss of the mail bags in June have made no arrests connecting any one with their disappearance.

CATLETT HIGH SCHOOL WILL ENTERTAIN ON WEDNESDAY

The "Honolulu Serenaders" and "The Gang" will give an entertainment at Catlett, Va., on Wednesday, September 5, at 8:15 p. m. The evening of music and mirth is being given under the auspices of the Catlett High School.

AGRICULTURAL ADVISORS NAMED FOR SCHOOL YEAR

The local advisory committee for the High School department of agriculture appointed for the purpose of assisting in formulating general plans covering the methods and types of instruction which will be pursued during the ensuing year, was announced yesterday.

The following committee which will cooperate with P. J. Polen, superintendent of the department of agriculture in the Manassas High School in the general scheme of agricultural instruction is comprised of Sam Harley, Charlie Lewis, Richard Haydon, county superintendent of schools, P. A. Lewis, D. J. Arrington, chairman of the county school board; Richard Hynson, T. T. Curtis, John Barrett and Miss E. H. Osbourne.

GUN TOTTER GETS QUICK SENTENCE

Is Dragged From Train Here By Special Railway Officer

GUN WRESTED AWAY BY OSCAR HUDSON

James Gray, Colored, Held Here and Will Later Join Road Gang

James Gray, colored, armed with a 45 automatic colt pistol was taken from a Washington bound Southern Railway train at 6:40 Tuesday morning by Herbert Rose, Jr., special agent, for the Southern, who covered the negro with his gun while Oscar Hudson, railway telegraph operator here disarmed him.

At first it was thought that the man might have some connection with the shooting of Police Sergeant Hummer, of Alexandria, last week, or of the murder of State Police Officer Neville Hatcher, for which Henry Shepherd, colored is wanted, and he was questioned along these lines. Later in the day officers from Alexandria arrived and satisfied themselves that Gray was not their man, after which he was turned over to the Manassas authorities.

Charged with carrying concealed weapons and with trespass upon Southern Railway property Gray was tried by the Mayor and sentenced to six months with a fine of \$100 upon the concealed weapon charge, and was fined \$25 on the trespass charge. He was placed in the Manassas jail pending the arrival of officers to take him to a section where road work is being carried on.

Gray gave his address as Cincinnati, Ohio and his last place of employment as Portsmouth, Ohio. He said that he boarded the train at Monroe, Virginia on Monday night with the hope of reaching Alexandria to seek work.

As the bullet which killed Police Sergeant Hummer was fired from an army colt Alexandria officers discharged the weapon of Gray's into a bale of waste developing the fact that the bullet was not similar to the one which caused the death of the Alexandria officer.

GET-TOGETHER MEETING TUESDAY

Democratic Rally at Nokesville, September 4. Prominent Speakers to Discuss Party Platform

The opening gun in the Presidential campaign in vicinity of Nokesville will be fired on Tuesday night, September 4, when a get-together meeting will be held at Nokesville, beginning at 8 o'clock.

There will be speeches bearing on the platform adopted by the Democratic Party at the National convention, historical sketches of the two candidates heading the Democratic ticket, while time will be given for a free and open discussion of matters upon which those present may desire further light.

Those who will speak are Hon. Thomas H. Lion, Robert A. Hutchison and H. T. Davies.

The meeting will be held under the auspices of the Democratic County Committee and this and similar meetings will be held throughout the various precincts of the county at dates to be announced by chairman Earhart in the near future.

CLUB MEMBERS ADVISED TO GET IN EVERY SUBSCRIPTION ON OFFER ENDING SATURDAY

Candidates Begin to Grapple for Big Prizes Offered by The Manassas Journal. Present Subscribers and New Ones, As Well, May Cast Votes for Their Favorites in the Race by Sending or Bringing Their Subscriptions to Campaign Headquarters.

CRASH, BANG! This ends the first round in the big subscription campaign just launched by The Manassas Journal.

Now watch the candidates plunge toward the Nash goal.

And for the other prizes! There's time for many other candidates to jump in and outstrip those already running. New ones are coming in every day. Folks, it's going to be an unparalleled race, with interest waxing hotter and hotter, and thrills galore for everybody.

Watch the line-up, next week.

To say that the announcement of the Manassas Journal Circulation Drive in which many Dollars worth of elegant prizes are to be given away, absolutely free to ambitious workers, struck a popular cord is putting it mildly. To give such wonderful prizes in exchange for spare time effort in helping this newspaper increase its subscription list is unheard of in this vicinity.

Enter Your Own Name.

The drive is just starting. All one has to do is enter his or her name as a candidate for one of the prizes. Then secure a receipt book with which to obtain subscriptions. Votes will be issued upon all subscriptions secured, and at the end of the drive these votes will be counted and the prizes awarded to the best vote getters. Simple, isn't it? And big pay, too.

Everybody Wins.

One of the most attractive features of the Circulation Drive is that all will be rewarded for the part they take in helping to make the drive a success. No one will work without pay. In order that each and every one earns something for the time and effort spent, those who are not fortunate enough to win one of the regular prizes will be paid a cash commission of 20 per cent upon all the money secured and turned in by them, provided they remain active and turn in at least two subscriptions each week they are in the race. The liberal commission allowance makes it possible for anyone to enter the drive and make a nice sum of money during their spare time.

Big Extra Vote Offer.

The following extra vote offer is made for early workers and as a special inducement for more members: 280,000 extra votes will be given upon each and every \$30 club of new subscriptions turned in from Monday, August 27, until Saturday afternoon, September 1.

These votes are in addition to the regular votes allowed upon each new subscription, and you are not limited to the number of \$30 clubs you may secure. Get as many as you can.

Start At Once.

The best way to go about winning one of the beautiful prizes offered is to get a quick start. Make your decision right now and become identified with the Circulation Drive today by simply filling out the nomination coupon appearing in this issue and mailing it to the campaign manager in care of this newspaper, and you will be sent a receipt book at once.

HOOVER IS FAVORITE IN MASSACHUSETTS

Mrs. Rogers, Republican Congresswoman From That State, Tells Hoover In Washington.

That Massachusetts will go strongly for the Hoover-Curtis ticket was the report which Mrs. Edith Nourse Rogers, Republican member of Congress from the Fifth district of Massachusetts, gave to Herbert Hoover and to Secretary Franklin Port of the Republican National Committee on Monday.

"Everywhere throughout the State," Mrs. Rogers said, "I find that business people and others consider Mr. Hoover the best diagnostician of agricultural and business needs the country has. I have been told by many Democratic business men that they intend to vote for Mr. Hoover."

FIRE ON SHARRET FARM,

While threshing this afternoon a fire started on the farm of W. D. Sharrett, near Milford Mills, causing a total loss of his wheat crop.

THE SOLID SOUTH NOT BROKEN UP

Propaganda is Called Smoke Screen by Democratic Chairman

DISSENSION IS IN REPUBLICAN RANKS

Southern States Believe in Perpetuating Party Principles.

Denying that there is any basis in fact for the Republican claim of the probability of a break-up of the "Solid South" in the coming November election and asserting that propagandists would create this impression solely to screen the weakness of the Republican party in other sections of the country, Representative Riley Wilson of Louisiana, in charge of Democratic Congressional Committee headquarters, in the temporary absence of Chairman Oldfield, on Monday afternoon gave the Journal representative the following statement:

"The propaganda broadcast throughout the country by the Republican campaign management at that number of Southern States are likely to go Republican in the coming national election is merely a smoke screen to cover up its own weakness in other sections. Those of us who have definite knowledge and have made investigations and secured reports feel that we can safely say that not a single Southern State will cast enough Republican votes to be even an encouragement to the Republican party, or any great satisfaction to its office holders and politicians who make extravagant promises in order to secure political patronage.

Democratic By Choice.

"Reports have been sent out recently that Arkansas, Louisiana, Mississippi, Georgia, and Florida are perfecting organizations to give the Republican party a fighting chance to win their electoral votes. These, as well as other Southern States, are Democratic by choice, because they believe in the necessity of perpetuating the principles of that party and are enthusiastically so now because the Democratic platform and the candidate nominated at the Houston convention fully meet their approval as the men to head an administration to carry out the wishes of the Democratic electorate. The fact is that the dissenion is in the Republican ranks rather than the Democratic."

Referring specifically to Tennessee Mr. Wilson quoted from a formal statement issued by Judge Hal Clements of that state just before his retirement a few days ago as chairman of the Republican State Executive Committee, in which he expressed the opinion that Smith would carry the State. "Republicans," said Judge Clements in his statement, "have no chance to carry Tennessee for the Hoover-Curtis ticket unless the rank and file of the party become enthusiastic and stupendous efforts are put forth between now and November 6."

Analyzing the present political situation in Tennessee in relation to the recent Democratic and Republican primary election in which the Democrats cast 215,000 votes and 50,000 or less were cast by the Republicans, Judge Clements was unable to figure less than 4,000 majority for Smith-Robinson electors in the state, assuming that all the breaks in the contest will be favorable to the Republicans. "A full 20 per cent Democratic defection," Judge Clements' statement said, "would give Hoover 45,000 votes, which added to a 125,000 possible Republican vote would be 168,000 or 4,000 less than the vote of 172,000 for Smith minus the Democratic defection."

DANIEL R. LEWIS DIES WEDNESDAY AT HIS HOME

Funeral Rites on Sunday at Presbyterian Church at 3 o'clock. Burial in local cemetery.

Daniel Rudolph Lewis, former owner and publisher of The Manassas Journal and a resident of Manassas since 1895 died here yesterday afternoon.

Mr. Lewis had been in failing health for a number of years but stuck manfully to the task of publishing his paper and managing his printing office until July of the current year, when upon the advice of his physician he disposed of his business property and went to Washington for treatment in a hospital.

With his return to his home here a few weeks ago his friends were hopeful that he would regain his strength and soon be about again, but failing to respond to treatment he became worse. His death was sudden, as he died while seated in a chair by a window through which he liked to watch the birds and other beauties of nature which he loved. He died, as he hoped he would, practically in the harness.

Funeral services will be conducted from the Presbyterian Church on Sunday at 3 p. m., with interment in the local cemetery the body resting by the side of his little daughter.

Mr. Lewis is survived by his widow, Virginia Lewis, and one son, Reginald Rudolph, of New York City; six sisters and a brother. They are Mrs. Joseph Houston of Tuscaloosa, Ill.; Mrs. Edward Hopkins of Connecticut; Mrs. Levi Cochran, Rockville, Md.; Mrs. William Boyd and Mrs. Frank Smith, Alexandria, Va.; Mrs. Joseph Tribby, Hamilton, and John Lewis, Pittsburgh, Pa.

SERIOUS FIRE AVERTED IN ALEXANDRIA HOME

Fire Discovered in West Manassas Home of D. C. Alexander Is Quickly Subdued.

Prompt action on the part of D. C. Alexander and friends who returned to his home with him about 6 o'clock on Tuesday evening, averted a serious fire which threatened to completely demolish his home.

The fire which is believed to have started in a closet in the kitchen either from faulty wiring or the ignition of matches by mice, was well under way when discovered, but through the valiant efforts of Alexander and his friends and neighbors it was quickly extinguished with damage confined to the kitchen and room above. The loss was fully covered by insurance. Mrs. Alexander and family were on a visit to friends in Quantico at the time. The house is owned by J. M. Cross and is located in West Manassas on the Manassas-Warrenton highway.

The Manassas fire department answered a summons but the fire had been subdued when it arrived upon the scene.

PRINCE WILLIAM WINS PRIZES

Splendid Showing at Marshall Fair. Manassas Group Gets Second Prize.

Prince William County boys were prominent in the annual judging contest for agricultural students of the different Vocational Agricultural schools of Northern Virginia, held at the Marshall Fair last week.

Manassas boys took second place in the contest; the Manassas High School being represented by Onis Grimm, M. Wood, Lester Bredgen and Ben Todd.

Still further honors fell to Prince William boys when they placed first in dairy cows and also took first prize in judging wheat.

Special honors went to Orris Grimm who won first prize in garden exhibits and captured the second prize in judging all classes in the district. Worth Jackson placed second in the garden third.

The work of the Prince William boys and the success of the contestants from the Manassas High School, should be highly gratifying to superintendent J. P. Eullen.

DISCORD RUMORS QUICKLY SPIKED

At Democratic County Committee Meeting Last Saturday.

MEMBERS PLEDGE THEIR ACTIVE SUPPORT

Enthusiasm Runs High as Campaign Plans Are Unfolded.

Challenging the current rumors that members of the Democratic County Committee of Prince William County were not wholly supporting the Democratic candidates in the November election, members of the committee threw down the gauntlet in a meeting last Saturday, held in the County Court House, and passed a resolution setting forth the principles for which it stood and declaring their full allegiance to the cause.

The resolution adopted was as follows:

Whereas: A rumor has been industriously circulated that some of the Democratic committee of this County are not wholly supporting the Democratic candidates in the imminent elections,

Therefore, this committee and each member thereof denounces such rumor as untrue; and each member of this committee pledges his active support to the Democratic candidates.

Interest and Enthusiasm.

The meeting called by chairman Earhart on Saturday was pronounced by those who attended as one of the most enthusiastic ever held in the County, and while there was an executive session of the committee for the discussion of business, there was also an open session at which those in the audience were invited to speak on matters bearing on the Presidential election. This latter phase of the meeting met with a hearty response on the part of many present and interesting and enlightening talks were made by Robert A. Hutchison, Thomas H. Lion, George C. Tyler, George Baker, Hale and others.

That the campaign to be waged by the Democratic County committee will be a vigorous one was made certain by the announcement by Chairman Earhart that committees for each precinct of the county would be appointed to work in the interest of the whole Democratic ticket as well as provide for meetings to be held within the precincts.

SENATOR CURTIS TALKS ON TARIFF

Addresses National Grange Today On Republican Tariff and Farm Matters

(Special to The Manassas Journal)

Harrisburg, Pa., August 30—The great question today facing industry, agriculture, workers and all others interested in maintaining American standards in the home, declared Senator Curtis, Republican nominee for Vice President, in a speech delivered here today under the auspices of the National Grange, is whether or not the country shall support the Republican party and its traditional protective tariff.

"Or shall they support the nominees of a party which is now straddling on the tariff but whose record shows it to favor the kind of tariff that will ruin prosperity," said Senator Curtis, "open American markets to the low-priced labor products of other nations and cause a change in the prosperity of American workers who today enjoy the highest wages in the history of the world."

Tariff Policy Cited

"There is the keenest apprehension everywhere throughout the country," said the vice presidential candidate, "in agricultural as well as industrial circles, as to the consequences which would follow election of the Democratic candidates pledged to low tariff policy as distinguished from the Republican protective principle under which industry and workers both have profited."

Complimenting the members of the Grange upon the splendid work they have done with other organizations, notably the Farm Bureau and the Farmer's Union, on behalf of agriculture, Senator Curtis urged the support of the National Grange for the Republican nominees.

HORSE SHOW HERE FOR TWO DAYS

Colored Horse Show Association
To Conduct Twenty-Fifth
Show on Labor Day and
Tuesday.

The Manassas Horse Show Association, Inc., a colored organization which has been organized for twenty-five years and has held yearly exhibits in Manassas during this period, will celebrate its twenty-fifth anniversary on Labor Day and September 4 with a horse show which will not only keep pace with the many changes constantly taking place in the art of showing horses, but will present one of the greatest programs in the show ring ever offered.

There will be 20 classes of show horses, while in the racing department two races have been added for the anniversary and purses for both show ring and track have been increased.

John W. White, president and James M. Baucum, secretary, are in charge of arrangements and announced yesterday that all was in readiness for the biggest and best show ever conducted by this famous colored horse show organization.

HAYMARKET ORGANIZES THE BULL RUN GRANGE

To Have Representation in National Grange Convention at Washington in October.

The Bull Run Grange recently organized at Haymarket, is one of the new chapters which makes possible a Virginia branch of the old and influential National Grange, which has done so much good for the rural communities of the north and west.

The National Grange will hold its great meeting in Washington in October and the action of Virginia in getting into line with local granges entitles this State to representation at the National Meeting.

The Bull Run Chapter is particularly active and is already contributing to worthy causes, including investigation of the rural mail delivery service as it affects Virginia. A membership drive is under way and as the membership increases other plans will be carried forward which will make the Grange at Haymarket a power for good in Prince William County.

HEALTH CLINICS SCHEDULED SOON

First Clinic in Haymarket September 18, Manassas Next Day. Whole County is Embraced.

The Prince William County association with the Tuberculosis Out-Patient service of the State Department of Health has arranged to hold clinics in the county in the near future, according to announcement yesterday by Rev. A. Stuart Gibson, chairman of the county committee.

The first clinics will be held at Haymarket, over the bank, on September 18, and at Manassas on September 19, while others will be held at Dumfries and Manassas in December. During each visit clinics will be conducted for one day at Haymarket. On the other day clinics will be held in different sections of the county so as to reach as many patients as possible.

"The clinic service is intended to find unsuspected cases of early tuberculosis and place them in the hands of their own physicians," said Miss Ryman, county nurse, yesterday. "The 'Early Diagnosis Campaign,' which has recently been put under the auspices of the National Tuberculosis Association and its Virginia branch, has been conducted widely throughout the State and is intended to call attention to the necessity for regular health examinations."

The decline in tuberculosis has been approximately 43 per cent in the last 11 years, or from 4,003 in 1915 to 2,520 in 1927. This decline has meant a saving of 9,728 lives.

Miss Ellen Vaughan, a field nurse, will be in the county for three weeks at each visit of the clinic. Under the instruction of local physicians, she will visit in the homes, emphasizing the necessity for examinations of all families of those who have died of the disease.

FORMER BUCKLAND RESIDENT WAS BURIED LAST SUNDAY

Funeral services were conducted at the church in Buckland on Sunday for Mrs. James Rhoads, nee Miss Gracie Graham, by Rev. Barnett Grunsley of Broad Run Baptist Church.

Mrs. Rhoads, who was a resident of Trenton, N. J., died in a hospital there last Thursday. The remains were laid to rest beside her parents in the church yard in Buckland. The deceased was a native of Buckland, having been born and reared in that village, and was a sister of J. F. Graham.

The large crowd of relatives and sorrowing friends at the funeral and the many floral tributes attested the esteem in which the deceased was held. She is survived by her husband, four sister and four brothers.

\$13.80 MORE PROFIT From Each Acre of Winter Wheat

HERE are facts—not claims. Facts you can check from the farmers themselves, if you care to do so.

Perhaps you know or have heard of Mr. C. M. Barfield, Manager of the well-known Somerville Farm at Mitchell's, Culpeper Co., Va. Last season their 60 acre wheat crop averaged 34 bushels to the acre. The Culpeper Milling Company paid \$1.38 per bushel for it. Mr. Barfield says "AA QUALITY" goods increased his yield 10 bushels per acre. At \$1.38 per bushel this meant an added profit of \$13.80 per acre for each of 60 acres—a total extra profit of \$828.00 on the season's crop.

From every county in this vicinity come similar reports of increased wheat yields and extra profits obtained by using "AA QUALITY" Fertilizers. Farmers who want the utmost return on their season's effort, cannot ignore these facts. Here is proof that there is a great difference in the crop-producing power of fertilizers of the same chemical analysis. Proof that "AA QUALITY" Fertilizers pay you a larger profit for every dollar you invest in plant food.

These goods are made with the utmost care from the choicest plant-food materials obtainable—materials selected for their crop-producing power, not just for chemical analysis. Nothing is left to chance—nothing is taken for granted. These plant-food

Facts for Wheat Growers:

From Mr. C. M. BARFIELD, Manager, Somerville Farm, Mitchell's, Culpeper Co., Va.
"On my wheat last fall I used 'AA QUALITY' Fertilizer for the first time. My wheat was of highest quality and the best yield in this section. When wheat grown with other makes of fertilizer did not weigh over 54 to 56 pounds per bushel, my wheat weighed 60 pounds unscreened. The use of 'AA QUALITY' Fertilizer increased our yield 10 bushels per acre. Your fertilizer was in A-1 mechanical condition and the bags in perfect order. I am buying 'AA QUALITY' goods again this fall because I feel that they are the best I have ever used."
Oct. 26, 1927

materials must meet rigid "AA QUALITY" standards. "Good enough" does not suffice in making "AA QUALITY" goods. Perfect mechanical condition, always. Every pound of this carefully made plant food is thoroughly remilled and screened before it is shipped to you.

That is why "AA QUALITY" Fertilizers produce bigger yields, better quality—and larger profits. That is why "AA QUALITY" goods are by all odds the cheapest fertilizer you can buy.

It will pay you to use "AA QUALITY" Fertilizer on your next wheat crop. See the nearest "AA QUALITY" dealer today.

completed its plans for one of the
largest celebrations to be staged there
and at Massanutten Caverns. The
event will be the Firemen's Home
Coming and Labor Day celebration to
be held Monday, September 3. More
than one hundred fire companies in
Virginia, West Virginia, Maryland and
Pennsylvania have been invited as
have all the bands in this section of
the state. Prizes are being offered
for parade, band contest and reel
races. The celebration is being heldunder the auspices of Hose Company
No. 4 of that city.

New Plants Coming.

RICHMOND, Va., Aug. 29.—That
the Du Ponts are contemplating other
plants in Virginia was stated in a
letter received recently by Labor
Commissioner John Hopkins Hall from
a company official. The letter was one
of inquiry concerning certain labor
laws.Last week it was announced that
the Du Ponts would spend approxi-
mately \$46,000,000 on the artificial
silk plant to be erected at Waynes-
boro. Work has already started on the
construction of the \$10,000,000 rayon
plant at Amthill. The letter to Mr.
Hall spoke of others being considered
without mentioning the kind or size.Three small textile mills will be
erected in a Virginia county in the
near future. The name of the com-
pany and the location is being with-
held pending negotiations for sites.
It is the purpose of the concern to
erect its plant in units that can de-
pend on the labor of the locality in
which it is placed rather than to con-
centrate in one community which will
be without sufficient labor and with-
out housing accommodations for the
force necessary to operate.

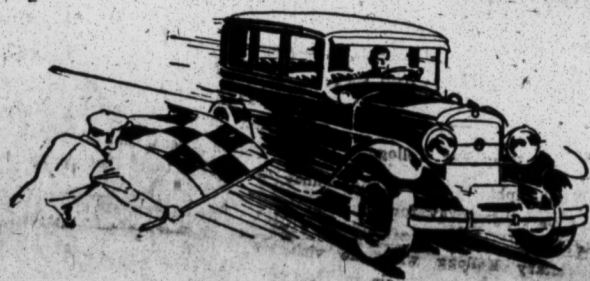

Bank Debts Up.

RICHMOND, Va., Aug. 29.—Debts
to individual accounts reported by lo-
cal banks to the Federal Reserve
Bank of Richmond for the business
week which ended August 15 totaled
\$27,412,000 as compared with \$27,078-
000 for the preceding week and \$28,-
712,000 for the corresponding week a
year ago, it was announced here by
the Federal reserve statistical depart-
ment.Twenty-three banking centers in the
Fifth district for the same business
week reported debts to individual ac-
counts aggregating \$286,367,000,
against \$288,331,000 the preceding
week and \$294,944,000 the correspond-
ing week last year.

More School Bonds.

Clifton Forge, Aug. 30.—The sale
of \$175,000 worth of general obliga-
tion bonds for school purposes at a
price slightly above par was consum-
mated at a meeting of the city coun-
cil last week. Stein Bros. & Boyce of
Baltimore, and their associates were
the successful bidders, their offering
being \$475,890.75.

President Eight
30,000 miles
in26,326
minutes!Greatest endurance record
in history of transportationBETWEEN July 21 and August 9, four Stude-
baker President Eights—all fully equipped,
regular factory production cars—triumphed over
the severest test ever given any automobile. This
30,000 mile run—a record distance achieved in
record time—was conducted under the close and
constant supervision of the American Auto-
mobile Association which certified each car to be a
strictly stock model. In fact, all four motors
and chassis were selected, not by Studebaker,
but by A. A. A. officials who picked them at
random from the assembly line at the Stude-
baker factory. If not chosen for this test, these
regular factory Presidents would have gone out
to dealers and you might have bought one of
them at any Studebaker showroom.

Average 68 miles per hour

All four Studebakers—two President Eight road-
sters and two President Eight sedans—com-
pleted 30,000 miles each at better than mile-a-
minute speed.Both roadsters completed 30,000 miles in less
than 27,000 minutes, averaging better than 68
miles per hour for 19 days and 18 nights of con-
tinuous driving.The two sedans averaged 63.99 and 64.15 miles
per hour respectively for
this tremendous distance.The fastest thousand miles
of each roadster was the
thirtieth—71.67 and 69.65
miles per hour! Stude-
baker Presidents improve
with use.

Engines sealed

Of 6 seals placed on the
engines of these roadstersby American Automobile Association officials,
not a single seal was broken during the 60,000
miles of running. These official seals were placed
on the manifold, engine head and carburetor of
each car.Studebaker's new and exclusive ball bearing
spring shackles went through the entire 120,000
miles of running without a single adjustment,
without the addition of any lubricant, and were
functioning perfectly at the end of the run.

What it proves

The Studebaker President's new record of 30,000
miles in 26,326 minutes is a feat unapproached
in the history of transportation. It proves
beyond doubt or question that The President
Eight is an expression of engineering genius
without peer in the automotive world. It is
evidence of the inexhaustible resources of Stude-
baker performance—of high quality materials,
precision manufacture, skilled workmanship and
rigid inspections.

Why be satisfied with less?

You can pay more than Studebaker prices, but
in no other car at any
price can you buy more
stamina or more finely
balanced performance
than in Studebaker's Pres-
ident Eight. And back of
every One-Price Stude-
baker is 76 years of man-
ufacturing integrity.

Thursday, August 30, 1928.

It has been estimated that there are about 62,000,000 citizens in the United States who have the right to vote. No one expects that all these will go to the polls. But at least a majority should do so. It would be a wonderful thing if three-fourths of them took the trouble to perform this important duty. That would break all previous records and would be a proof that the people are actually interested in their Government.

In the last two national elections only about 50 per cent of those who were eligible voted. It should be very easy to beat that performance. For instance it is believed that 7,000,000 young men and women will have the right to vote for the first time this year. There is no good reason why most of them should not exercise that right. They should do so as a duty to their country. And they should make a resolution to do it at every future election. It should be made a habit, like going to work and paying your taxes.

We naturally think of the Presidency this year. But the election in November will mean even more than that. Thirty-nine Governors are to be elected; thirty-two United States Senators, all the 435 members of the House of Representatives, State legislators and thousands of municipal, county and other officials whose duties affect the every-day citizen in a most direct manner.

The intensity with which certain issues of this campaign are regarded by many citizens has already aroused a feeling of enthusiasm. There is danger that this may cool before election day. On the other hand, some who do not agree with their party on particular doctrines show an inclination not to vote. This is a mistake. The negative attitude rarely makes for good citizenship.

Gov. Byrd of Virginia has rendered a notable service in openly enumerating the scurrilous falsehoods being widespread throughout the State of Thomas Jefferson, father of religious liberty and toleration in America, against the character of Governor Smith. This is, as we have persistently contended, the only policy to pursue. These whispered falsehoods need only be known to people of intelligence and ordinary fair-mindedness to bring about a reaction against the slander corps and in favor of the man attacked in this cowardly fashion. Most of these whispered tales are fantastic stories about the Governor's religious faith; some are of the sort put out by William Allen White and given to the American press by the Republican National Committee.

It is fine to find the answer coming from the Governor of Virginia. It is the home of the two men who above all others fought the battle against religious proscription, Jefferson and Madison. It is the home, too, of another Governor of Virginia who, on the appearance of the Know-nothing movement, swept over the Old Dominion in a superb crusade against intolerance and did as much as any other single statesman to make it abhorrent to all intelligent men. This was Henry A. Wise, a Whig

most of his life.

There is no spot in America where one has a better right to expect such a protest against the whisperers as is made by Governor Byrd. The more his example is followed the better. —New York Evening World.

A decade ago Woodrow Wilson said that the Republican Party had not had an original idea in thirty years. After hearing Charlie Curtis' acceptance speech we feel warranted in extending the time to forty years.

The Republican managers will be well advised if they refuse to finance or otherwise encourage the Democratic bolters represented at the recent Asheville conference. The purpose of these bolters is only too plainly perceived under their pretense of opposition to Governor Smith because of his wetness. They are really opposing him because of his religion.

If Governor Smith were objectionable to the South because of the wet and dry question he would be opposed by genuine Southern prohibitionists who are not concerned with the question of a man's religion—men like Carter Glass, Josephus Daniels and Dan Moody. These men, however, are intelligent as well as dry, and they know that no president can set aside the Volstead act or the eighteenth amendment, however anxious he may be to modify or repeal them. Moreover, these men are true Democrats, who see in Al Smith a Democrat of outstanding popularity and unquestioned integrity under whose leadership the Democratic party has a chance to win control of the Government.

We heartily endorse the sentiments of Frank R. Kent, political writer of the "Baltimore Sun" who asks his readers to think of the Republican Party when talking of the evils of Tammany. "Think of the Republican Party," says Mr. Kent, "which is so largely dependent on the Vane machine in Philadelphia, the Magee machine in Pittsburg, the Thompson-Crowe machine in Chicago, the old Cox machine in Cincinnati, the Matsche machine in Cleveland, the Watson machine in Indiana, and which in the south is composed largely of patronage-selling negroes, some of whom have recently been indicted, think of this party talking about Tammany and the evil of machine politics."

"Heh-heh! Wot good's dat dog?"
"To keep off tramps," indignantly replied the nice old lady.

"Well, now dat's a good laugh. Wot kin dat little runt do?"

"He barks and wakes up the big dogs under the porch."

A Timely Tip

Neither mother nor the tired photographer could make little Willie sit still for his picture. After an hour or more of "See the birdie, darling," and "That's mother's good boy," the photographer suggested that perhaps Willie would keep quiet if mother left the room. She did and the picture was successfully taken. On the way home mother asked sweetly, "What did the nice man say to little precious to make him be such a nice still boy?"

"He thed, 'You thit thill, you little brat, or I'll knock your block off, tho I thait thill.'"

Problem in Figures

A new 5 and 10 cent store had been opened by a man named Cohen. A woman came in one day and selected a toy for which she handed the proprietor a dime.

"Excuse, lady," said Cohen, "but these toys are 15 cents."

"But I thought this was a 5 and 10 cent store," protested the customer.

"Vell, I leave it to you," came the reply; "how much is it, 5 and 10 cents?"

Easy For Kellogg.

Philadelphia Inquirer: Gene Tunney has paved the way for an enthusiastic greeting and fine reception for Secretary Kellogg when he visits Ireland. He told officials in Dublin that Al Smith and his friends would be particularly delighted if they gave the Secretary the glad hand.

Page Mr. Work.

The New Yorker: Americans are 96 cents per capita poorer than they were a year ago. We don't see how this could happen under a Republican administration, but no doubt Mr. Work will explain it pretty clearly and then explain his explanation.

Smashing to Victory.

Philadelphia Record: Automobile accidents caused an average of sixty-four deaths per day during the year ended July 31 last. The death rate from this cause was 21.8 per 100,000 population. That is a higher rate than results from appendicitis and typhoid fever put together. And it is not a decline death rate from year to year either.

Beware of Surprises.

A small boy, when asked by his Sunday school teacher what he knew about Joshua, answered:
"Joshua was a man who told his son to stand still and he did."

The only comment on this, says the Christian Advocate, is that Joshua was more successful than the modern father.

HOW TO GO BROKE FARMING

1. Grow only one crop.
2. Keep no livestock.
3. Regard chickens and a garden as nuisances.
4. Take everything from the soil and return nothing.
5. Don't stop gullies or grow cover crops—let the top soil wash away, then you will have "bottom" land.
6. Don't plan your farm operations. It's hard work thinking—trust to luck.
7. Regard your woodland as you would a coal mine, cut every tree, sell the timber and wear the cleared land out cultivating it in corn.
8. Hold fast to the idea that the methods of farming employed by your grandfather are good enough for you.
9. Be independent—don't join with your neighbors in any form of co-operation.
10. Mortgage your farm for every dollar it will stand to buy things you would have the cash to buy if you followed a good system of farming.—Division of Extension, University of Tennessee.

DEMOCRATIC COMMITTEE
URGES FULL SUPPORT

Adopts Resolution Asking County to Sustain its Untarnished Record.

Declaring that Prince William County has ever been true in its faith and support of the principles of Democracy and its nominees, the Democratic County Committee in regular session passed the following resolution bearing on the coming election:

Whereas, it has been suggested to this committee that certain of our good citizens have expressed doubt as to whether they shall give their continued support to our nominees during the approaching National election, and

Whereas, it is the earnest desire of the Executive Democratic Committee in meeting duly assembled at the Court House, this 25th day of August, 1928, it most earnestly urges all good citizens of Prince William County to give their unstinted, united and loyal support to the principles of the National Party platform and its nominees, who are gentlemen of clean christian character and whose election is essential for the best and common good and upbuilding;

With the hope and confidence that Prince William County will ever sustain its untarnished reputation for the preservation of our oft declared principles of Democracy and the protection of our dominant race.

Times-Picayune: Gov. Smith, the veteran and experienced partisan, has riddled the partisan claims of Republican perfection by citing the recorded facts of its fumbings and failures in dealing with such important matters as farm relief, prohibition enforcement and the like. Mr. Hoover is venturing upon ground to him new and unfamiliar when he puts on the garments of partisanship. Gov. Smith knows both the political and executive fields, speaks in both as an expert whose capacity and integrity alike are proven by his long and successful service.

THE NEW FARMING
ACCOUNT SCHOOL

The good business farmer today watches his farm accounts carefully. In respect to his labor, his farm stock and his soil, he knows what they can do and how they can be most profitably handled. He knows the mathematics of growing feed from the soil, pigs and poultry from the feed and cash profits from pigs and poultry. He knows whether he is milking a cow for paying returns or the cow is milking him out of his invested capital. Wherever his accounts show a deficit or insufficient profit on one or more items, he immediately studies to overcome the handicap and correct any mistakes that have been made.

The Agricultural Commission of the American Bankers Association is conducting a nationwide educational campaign for better methods of farm accounting. The commission has been stressing the wisdom of country bankers through cooperation of county agents, calling farmers together, and holding account schools where instruction is given on the use of the farm account books.

Each person is fed through the various steps in keeping accounts and each enters his own inventory which he has previously been instructed to take and bring to school. This gives a good start and when properly followed up by letters and an occasional visit by the specialist in charge, greatly aids the man who is really in earnest to come through his first year of keeping accounts successfully. Many times country banks offer the rooms for holding the account schools. In some instances, an employee of the bank is designated to assist farmer patrons during the year in keeping their accounts.

In one minute all the mosquitoes in a room can be killed. Simply take a FLY-TOX Hand Sprayer, fill with FLY-TOX and fill the upper half of the room with fine atomized spray. It will slowly settle to the floor killing all the insects in the room. Spray the ceiling, hangings and closets where the mosquitoes hide, and also spray on the screens. FLY-TOX will not stain the walls, draperies or the most delicate fabrics. It has a pleasing fragrance, is absolutely harmless to people but sure death to insects. Does not matter whether windows and doors are opened or closed. FLY-TOX is the scientific product developed at the Mellon Institute of Industrial Research by Rex Fellowship. THE NEW FRIGIDAIRE

You don't hear it start . . . You don't hear it stop
You don't hear it run

Don't miss the Special Demonstration all this week

EVEN if you have only a few minutes to spare, don't put off any longer seeing the New Frigidaire, the latest development in automatic refrigeration.

See for yourself the conveniences that women everywhere are talking about. And above all check for yourself its incredibly quiet operation. You don't hear it start. You don't hear it stop. You don't hear it run.

The pre-tested automatic refrigerator

That the New Frigidaire might be quiet, powerful, convenient, dependable, tests and experiments have been carried on for years. Sound-proof rooms were

constructed. Delicate sound recording instruments were used. The New Frigidaire has operated for days in rooms with a temperature of 100° . . . in rooms filled with steam.

Extensive tests like these, coupled with the experience Frigidaire has gained in the production of more than 500,000 Frigidaires for actual service, make the New Frigidaire truly a pre-tested automatic refrigerator.

See the New Frigidaire for yourself . . . today. We want you to see

how much time, work and worry the New Frigidaire will save. The special demonstration lasts all this week. For your convenience we are open each night until ten o'clock. But don't put it off. Come in or phone us today.

LEGAL NOTICES

VIRGINIA:
IN THE CLERK'S OFFICE
OF THE CIRCUIT COURT OF
PRINCE WILLIAM COUNTY,
AUGUST 11, 1928.

J. E. Merchant, in his own right and also as executor under the will of Joseph B. Shepherd, deceased; and Isabel Merchant, his wife, and W. C. N. Merchant, and Maud Merchant, his wife

Complainants

vs. In Chancery

M. V. Adams and George Adams, her husband, Amy White and Wm. I. White, her husband, George Shepherd, and Olga Shepherd, his wife, William Shepherd, unmarried, M. Virginia Copen and George Copen, her husband, Annie Fairfax, widow, Sarah Pettitt and John M. Pettitt her husband, Margaret Dove and John Dove, her husband, John Harrison and Manda Harrison, his wife, Sally Anne Arrington and J. E. Arrington, her husband, C. F. Brown, L. F. Hough, Trustee, N. A. Ashby, J. W. Prescott, Edgar W. Cornwell, W. T. Griffith and all unknown persons—and creditors—having any interest in the estate of Joseph B. Shepherd and the unknown heirs of Joseph B. Shepherd.

Defendants

The object of this suit is to settle the estate of the late Joseph B. Shepherd; and to subject his estate to the payment of his debts, and all liens thereon; to settle the accounts of J. E. Merchant, Executor under his will; to divide and distribute and partition his estate according to his will and according to law among those entitled and for sale thereof if necessary for the purpose; to clear and determine the title to his lands and declare certain contract rights expired; for the partition of all lands in which the above parties or more than one of them are interested (other than husband and wife); and for general relief.

And an application for this Order of Publication having been made in writing and filed in this Office, also an affidavit made and filed according to law that the following named defendants with their last known places of Post Office address, residence and abode, are not residents of the State of Virginia, to-wit:

M. V. Adams and George Adams, her husband, 609 7th Street, S. W., Washington, D. C. Amy White and Wm. I. White, her husband, 1328 B Street, S. E., Washington, D. C. William Shepherd, unmarried, 1222 11th Street, N. W., Washington, D. C.

J. W. Prescott, Edgar W. Cornwell and W. T. Griffith, addresses unknown, believed to be outside of the State of Virginia.

All unknown persons, creditors and unknown heirs having any interest or claim in the estate of said Joseph B. Shepherd, address unknown.

Therefore it is ordered that the aforesaid non-resident Defendants and all other persons above mentioned do appear here within ten days after due publication of this order to protect their interest in this suit.

It is further ordered that this Order be published once a week for four consecutive weeks in the Manassas Journal, a newspaper published and circulating in Prince William County, Virginia; a copy sent by registered mail by the Clerk of this Court addressed to each of the above named Defendants at their respective Post Office addresses as given in the aforesaid affidavit, and a copy posted at the front door of the Court House of Prince William County, on or before the 20th day of August, 1928; that being the First Rule day after this Order was entered.

Mollie V. Rhine, et al.

IN CHANCERY

A Cross-bill having been filed in the above-styled suit by Mary H. Cannon, one of the defendants therein, and an affidavit having been filed by her, as required by law, that the following defendants to the said cross-suit are not residents of the State of Virginia, to-wit: Virginia Hooe Sterrett, Louise Hooe Shipley, Frank Wall, Rebecca Hooe Pruitt, Katherine Hooe, Sr., Mary Hooe Swindler, Nellie Hooe von Rosenberg, Park Y. Hooe, Mollie V. Rhine, J. P. Hooe, B. J. Hooe, J. G. Hooe, H. B. Hooe, Jr., S. W. Hooe, A. F. Hooe, L. G. Hooe, Gordon Hooe, Susan F. Iden, Howson E. Hooe, John M. Hooe, Virginia Hooe Drewry, Margaret B. Hooe, Wilfred Hooe, Katherine Hooe, Jr., Elizabeth Hooe and Robert H. Hooe; and application having been made by the said Mary H. Cannon in writing for this order of publication and duly granted by the Clerk of this Court:

The object of the said cross-suit of the said Mary H. Cannon is to have sold the real estate in Prince William County, Va., of which the late Fannie P. Nutt died seized and possessed, to subject the proceeds arising from the sale of said real estate of the said Fannie P. Nutt, deceased, in the sum of \$1,925.00, together with interest thereon from March 8, 1926, until paid; to have the residue of the said proceeds of sale divided amongst those thereto entitled, and for general relief.

It is, therefore, ordered that the above-named defendants appear here within ten (10) days after due publication hereof and do what is necessary to protect their interests in this suit. It is further ordered that a copy of this order be published once a week for four (4) successive weeks in the Manassas Journal, a newspaper printed and published in the County of Prince William, Va.; that a copy be sent by registered mail by the Clerk of this Court to each of the above-named defendants whose addresses are set out in said affidavit, addressed to them respectively at the addresses given in said affidavit; that a copy be posted by the said Clerk at the front door of the Court House of this County on or before the next succeeding rule day after this order of publication is entered; and that the said Clerk shall certify to this Court that the said copies have been posted and mailed as hereinbefore directed.

Given under my hand this 28 day of August, 1928.

Ladies' Memorial Association.

There was a meeting of the Ladies' Memorial Association on Tuesday at 3 p. m. in the Parish Hall, Manassas, according to announcement yesterday by Mrs. Westwood Hutchison, president.

In the Circuit Court of Prince
William County, Virginia (In
Vacation):

Alice Ann Terrell, Complainant,
vs.

Walter G. Terrell, Defendant.

IN CHANCERY

An affidavit having been made, as required by law, that Walter G. Terrell, the defendant in the above-styled cause, is a non-resident of the State of Virginia and that his last-known post office address was 220 I Street, N. W., Washington, D. C., and application for this order of publication having been made in writing and duly granted by the Clerk of this Court:

The object of this suit is to obtain a divorce a vinculo matrimonii by the said Alice Anne Terrell from the said George G. Terrell on the ground of willful desertion and abandonment, more than three years having elapsed since such desertion and abandonment, for the care and custody of Anne Elizabeth Terrell, the infant daughter of the said Alice Ann Terrell and Walter G. Terrell and for general relief.

It is therefore ordered that the said defendant appear here within ten days after due publication hereof and do what is necessary to protect his interests in this suit. It is further ordered that a copy of this order be published once a week for four successive weeks in the Manassas Journal, a newspaper printed and published in the County of Prince William, Virginia; that a copy be sent by registered mail by the Clerk of this Court, addressed to the said Walter G. Terrell at 220 I Street, N. W., Washington, D. C.; that a copy be posted by the said Clerk at the front door of the Court House of this County on or before the next succeeding rule day after this order of publication is entered; and that the said Clerk shall certify to this Court that the said copies have been posted and mailed as hereinbefore directed.

BIG ANIMAL SHOW
IN MANASSAS SOON

Silvan-Drew Circus Here For
One Day Saturday, September 7.

Soon will the picture books and movies of wild animals come to life on the local circus grounds for on Friday, September 7 the Silvan-Drew Circus will come to town for two performances.

Denizens of the jungle will be seen "in person" to educate the young and fascinate the older folk with their strange sounds and bodily beauties. The sleek haired cat animals, the less agile brutes and strange beasts along with rare birds, trained horses and other fascinating and interesting animals will all be a part of the Silvan-Drew circus which will show here next week.

Young and old delight in a circus so when the circus rumbles into Manassas and introduces itself through its alluring street parade at noon on September 7, a large crowd is expected on hand to welcome it, while an even greater crowd is looked for within the large canvas enclosure.
