

**CALLS ON RED CROSS
INCREASE; RESPONSE
TO ROLL CALL URGED**

**Society's Activities Reach Millions
Each Year—Chairman Payne
Asks Generous Support in
Membership.**

Disaster relief work, service to disabled veterans and their families, public health work and its many other activities caused expenditures of \$11,064,000 by the American Red Cross for the year ended June 30, 1929, according to the annual report of the organization.

This work by the Red Cross is supported by the annual Roll Call for members, which is held from Armistice Day to Thanksgiving Day, November 11 to 23.

Directing attention to the heavy expenditures by the Red Cross during the past year, and to the fact that the organization was called upon for assistance in 120 disasters in the United States and its insular possessions, Judge John Barton Payne, the chairman, said:

"The Red Cross is a volunteer society, supported by its membership, and belongs to all of the citizens. While it is a semi-governmental agency in that the President of the United States is its president, and one-third of its governing board are representatives of Government departments, yet it receives no financial support from the Government.

"Funds for our work for war veterans and their families, for carrying on disaster relief, for our varied health activities, the life saving and first aid work and our many other activities, all are derived from the membership fee. The public is asked only once each year—at the Annual Roll Call—to join in this support of the Red Cross."

The Red Cross expended an average of \$926,000 per year in the past seven years, in disaster relief work, from its own treasury, statements show. The work for world war veterans also has caused heavy expenditures.

**VIRGINIA COMMERCIAL
APPLE CROP REPORT**

The Virginia commercial apple crop is now expected to amount to 3,100,000 barrels, which is about 10 per cent above the October forecast, and is nearly 16 per cent below the 1928 crop of 3,700,000 barrels. Carlot shipments to November 2nd of 10,482 cars indicate that the total shipments will be about 17,000 cars for the season. Last year the season's shipments amounted to 20,281 cars.

Apples matured earlier than usual this season and practically all of the crop was harvested by the middle of October. The quality was poorer than usual and a smaller percentage of the crop packed out 6, S. No. 1 grade than last year. The poor quality was largely due to damage from scab, but there was also more than usual injury from scale and hail.

**FORD FINANCING CO.
MAKES REDUCTIONS**

Officials of the Universal Credit Company, which is associated with Ford Motor Company for the exclusive purpose of financing purchasers of Ford products on a time basis, issued the following information to Arthur S. Boatwright, local Ford dealer.

The reduction in financing costs announced on November first by the company, were made in conformance with Ford policy to contribute towards the continuation of good business throughout the country, and in contemplation of lower money costs to them as a result of the general softening of money rates.

The reduction amounts to from 8 to 15 per cent of previous financing costs on a general average over previous costs for the same model car, and appreciable savings are possible in all territories, depending upon the amount of the unpaid balance, the number of months the transaction is to run and the amount of the reduction in the price of the particular Ford car purchased.

"The purpose is to reduce the cost of credit to the individual who buys on time, commensurate with sound business policies. This reduction in the cost of credit is made possible by the many economies that arise from the operation of an authorized plan, on the basis of nation-wide volume, and dealing exclusively with the Ford dealer organization. Simplicity of forms, special bookkeeping and statistical machinery and general uniformity of procedure all under centralized control and management, are constantly contributing to cut these costs.

"This cost of credit is just as vital as the cost of any of the material that goes into the building of the automobile. It is in every sense a commodity which becomes a part of the completed article before it is ultimately sold to the public.

**Relieves Colds
In 2 Minutes**

To cut short a cold, cough due to cold, and prevent complications, nothing gives such quick and delightful relief as Aspirinal, a new scientific, "Liquid Cold Remedy" that clears the head; relieves congestion in the nose and throat; checks the excessive flow of mucus; banishes dull headaches and that chilly, achy feeling.

Aspirinal is a complete, "Liquid Cold Remedy," acting gently on the liver and bowels, and your druggist is authorized to refund your money while you wait at the counter if you do not feel relief coming in two minutes. All druggists carry Aspirinal, the largest selling liquid cold remedy in the world.

C. R. C. JOHNSON, Manassas, Va.—Adv. 26-11

To the Voters of Stafford and Prince William Counties:

I desire to thank you and express to you my deepest appreciation for the tremendous vote you gave me throughout both counties in the recent election.

It shall be my earnest endeavor to serve you to the very best of my ability. And I want both my Democratic and Republican friends to always feel at liberty to bring to my attention their local legislative needs, as well as to give me the benefit of their views on issues of state-wide importance.

Gratefully and Sincerely,
DAN M. CHICHESTER,
Falmouth, Virginia.

**More for
your money**

EVERY dollar you invest in Frigidaire buys definite value—extra value. You get the famous "Cold Control"—you get incredible quietness and surplus power in the Frigidaire compressor—and you get sound engineering that eliminates complicated parts and gives you freedom from trouble.

You'll be amazed that you can buy a Frigidaire with all of these features at the remarkably low prices now in effect. Call at our display room for facts and figures.
