

GAINESVILLE BOND ISSUE
AROUSSES MUCH DISCUSSIONLeading Citizens Express Views—Question To Be Settled At
Polls on March 28.

To the Editor of The Manassas Journal:

The writer is greatly interested in the school bond issue vote to be held in the Gainesville District the latter part of this month. Two years ago this same project was defeated by a few votes and the writer (then rector of St. Paul's, Haymarket), felt that within a short time after the vote a number of those who had refused to support this constructive measure regretted their action.

It is to be hoped that the vote will now succeed by a goodly majority. The need of a first-class school building in the western section of Prince William is most imperative; the old school building is now two years older than when the last bond issue was taken. Wooden buildings, subjected to the wear and tear that falls to a school do not improve with age, and as the materials become drier, the fire hazard increases.

Objections to improvements that cost the taxpayer money are usually on the basis of dollars and cents. That is the short view. The long view and the broad view place human values ahead of monetary consideration. Education is one of the absolute essentials for the rising generation. Without good education the handicap ten years from now will be vastly greater than it was twenty-five or more years ago. The one invaluable aid to good teachers is good equipment—the best. By equipment is meant proper surroundings. The excellent teaching staff at the Haymarket school is terribly handicapped by the present totally inadequate and wretched building in which they must spend eight or more hours a day educating the children of the surrounding community.

Here in New York the subject of good school buildings is never open to discussion. They are built as needed. Anyone interested to make comparisons will find that the taxpayers of New York City are called upon to make as large a proportionate outlay in taxes as the people in Prince William County, Va. The tax rate has mounted steadily for several years. Objections are heard to some public expenditures, but never to school outlays. Schools have been found to pay their way, and more.

This is written by one who is deeply interested in education, and in seeing Prince William County hold its own in comparison with any other part of the country when it comes to equipping its young people for the years ahead.

WARREN A. SEAGER.

Dear Mr. Editor:

The letter of Mr. Rolfe Robertson appearing in The Manassas Journal of March 6th, cast new light for me on the vicious question of the bond issue to erect a new High School building at Haymarket and for improvements to the colored school at Thoroughfare. Until a few days ago I held a neutral position on the question, but am now convinced that the matter is so important that neutrality is not a defensible attitude. Every taxpayer is entitled to understand this subject because it means something to him financially, and also in other ways still more important than monetary considerations. Therefore, by your courtesy, I wish to discuss the question pro and con briefly. Those opposed to the bond issue have just two arguments against it. One is the prospective increase in taxes which will affect all in the District and the other is the danger of having one room of the Catharpin school closed.

Now let us consider the tax argument. The most dependable information I can get is that the maximum increase would be 32 cents, raising the rate from \$2 up to \$2.32, or an increase of 10 per cent. If some plan such as Mr. Robertson suggests is acted upon by the Supervisors the increase would be only ten cents, or an increase of 5 per cent. It would help much and increase confidence of the Supervisors would make a definite official statement along this line. But what strikes me as being a very important phase of this matter is that an unfavorable vote will add more to the taxes of those opposing the bond issue than a favorable vote will.

You ask: "How so?" Lack of edu-

cational advantages will drive people out of the District and prevent others from locating here. This will reduce the gross value of assessable property and require a higher rate which means a larger tax bill for those remaining in the district. Now for the next point.

If the County School Board contemplates any arbitrary action about the school at Catharpin I wish to respectfully suggest that such a policy would be a mistake. Catharpin people should decide whether any change is to be made and what the change shall be. These are the real arguments against the bond issue. There are other statements being made such as the following:

That the School Board will not give building contracts to local men and get a rakeoff by awarding contracts to the chosen few; that votes are purchased for the bond issue. Such statements are so far from the truth that to listen to them is worse than time wasted.

If the vote on March 28th is unfavorable there will then be no high school at Haymarket, which means a step backward for the District and the County of Prince William.

Gratefully yours,
W. F. CARPENTER.

In The Manassas Journal of March 6th, there was an article in regard to the bonding of Gainesville District for the erection of a new High School building at Haymarket.

We would like to get some further information and make some suggestions. Seven years ago the Haymarket Junior High School was added to and completely modernized to meet the State requirements for a four-year high school at a cost of between six and seven thousand dollars.

If this building is now condemned as a firetrap, antiquated, etc., and we have got to abandon it entirely, it seems to me would be accusing those responsible for its erection with stupidity and poor judgment, which we can hardly grant.

Should the bond issue carry, the bulk of the tax would fall on those who are already taxed to the limit, of course there are a few professional and business people who have a regular salary or income who are able to carry this extra tax.

Considering the present financial crisis, and the deflation of prices of almost all agricultural products the majority of farmers are much less able to commit themselves to a higher tax now than two years ago when the bond issue was defeated, a study of the delinquent tax list we think will prove this fact.

One of the last things that Governor Byrd did before leaving office was to send out circulars all over the state urging the people not to put any more tax on the farmers, and calling attention to the unusual depression in farming conditions, a few years ago he relieved the farmers of the twenty-five cent state tax which was voted to be left on in Gainesville District for road purposes, we believe the majority of the farmers have been hoping and expecting a repeal of this act in order to reduce our high tax rate which has been steadily going higher each year and likely to go higher.

Now owing to the condition of our rural dirt roads over which the School Buses have to travel, can we afford to take this twenty cents from the road fund, as proposed by our supervisor in above mentioned article to be applied on the bond issue, after all does it not all come out of the pocket of the taxpayer, and would there be any guarantee that this tax would not later have to be put back for road or other purposes.

It takes an election to decide the bond issue, but the Supervisors can levy an extra tax whenever it is necessary to meet county expenses.

We understand that as an inducement to the people of Catharpin to support the bond issue, a proposition has been made to discontinue one room of their school and put on another school bus, our Supervisor agreeing to expend from five hundred to one thousand dollars on this road to put it in a traveling condition the

Makes Radio Debut

JOHN H. CLARK.

John Clarke will make his radio debut on Sunday night, March 23, beginning at 7 p. m., from radio station WJSV. Mr. Clarke is well known in this community, having worked in Manassas for quite awhile and is now a student at the Haymarket High School. His many friends wish him great success.

MEN ORGANIZE CLUB AT
PRESBYTERIAN CHURCHCommittees Appointed For Per-
manent Formation at Next
Meeting in April.

The Men's Club of Manassas, met for complete organization last Thursday evening at 6:30 in the vestry of the Presbyterian Church. There were twenty-four present. As in the former meeting there was prepared for them a dinner which was enjoyed by all. The committee in charge of the dinner was Messrs. J. L. Bushong, Welton P. Farrow and Frank G. Sigman.

After the dinner, Senor Domingo Caine, of Swavely School, gave a brief account of Spain in music and sang several Spanish songs to the enjoyment of every one.

Most of the evening was given over to the discussion and formation of constitution and by-laws, a preliminary draft of which had been prepared by the temporary chairman, Mr. Welton P. Farrow. It was referred back to a committee for licking it into shape. This committee consists of J. L. Bushong, Cedric Saunders, and I. A. Wilfong. This is to report at the next meeting, the second Thursday in April, the tenth. A nomination committee, consisting of Frank G. Sigman, Ferris Gue and Mr. Wilfong is to report also, naming two for each office. The next meeting is to be served by Eugene Davis, F. R. Saunders and George Meetez.

MISS SPEIDEN HONORED.

Miss Virginia Nelson Speiden, of Manassas, who will graduate from Hollins College this June with the degree of Bachelor of Music, has been an honor student during the past two years, and has just been included among the twenty-five pupils of highest attainment in the college.

Miss Speiden, who is one of the most popular of the younger set in Prince William County, is a graduate of the Manassas High School and the Temple School of Music.

SMITH RESIGNS
TO MAKE RACEWill Make Active Canvass As
Soon As He Is Relieved of
Official Duties.

Announcement was made this week by Hon. W. W. Smith, Judge of the 16th Judicial Circuit, that he would resign in April. This settles a much mooted question as to what action he would take along these lines, and gives the Governor ample time to consider applications.

Alexandria apparently has no candidate and Fairfax has made no decision. Arlington seems to be putting Col. Charles Jones forward while Hon. Thomas H. Lyon is prominently mentioned from Prince William. Hon. C. A. Sinclair was a contender in the last contest, but was subsequently appointed Treasurer of Prince William County.

FIRE DEPT. PRAISED
FOR WORK AT CLIFTONChief Speiden, of Manassas, Re-
ceives Appreciation From
Fairfax Chamber of
Commerce.

The Chief of the Manassas Fire Department has received the following letter from the Fairfax County Chamber of Commerce, expressing appreciation of the efficiency of the local fire department:

Dear Chief:

It is the sense of the Fairfax County Chamber of Commerce that I express to your company, through you, the sincere appreciation and high regard held for you and your company for the very efficient work done in checking the hazardous and destructive fire at Clifton Station on last Sunday morning.

This splendid piece of work, as well as your efforts by the Volunteer Fire Fighters, fully justifies the confidence reposed in you by our Fairfax County Chamber of Commerce.

Very sincerely,
C. C. CARR, Secretary.ILLUSTRATED LECTURE ON

WITH OUR APOLOGIES.

In the account of the high school entertainment last week, an omission was made of the name of Miss Rose Ratcliffe, one of the star performers in the chorus of young ladies who did so much to make the affair a success.

KIWANIS HEAR
NEW GOVERNORHon. Edwin F. Hill Talks on
Aims and Ideals of Or-
ganization.HISTORY AND EFFORTS
OF LOCAL CLUB RECITEDPresident of Washington Club Also
Present. New Drive Outlined
To Raise Funds.

The local Kiwanis Club was greatly enlightened on Friday last by an official visitation by Hon. Edwin F. Hill, Lieutenant Governor of the Washington District, and J. B. Edmunds, Esq., President of the Washington Club.

Mr. Hill took as his special theme "Gauging Public Opinion from the Newspaper". In part, he spoke as follows:

"Civic progress and newspaper enterprise go hand in hand. Where there is a live community there will be found an enterprising newspaper, and such a paper, ever on the alert, is prompt to recognize the quickly responsive community spirit. The newspaper is in reality a mirror reflecting the conditions of the community, state or nation as no other agency has ever done.

"More than ever before in history the world is becoming a real democracy in which the people have an actual influence in guiding public affairs, but unless they are accurately and correctly informed on news regarding these subjects, their judgment must be faulty. Public opinion is gauged almost entirely from the newspaper."

Mr. Hill said that in Manassas and some 1,850 other cities, towns and communities throughout the United States and Canada, Kiwanis plays an important part in community enterprise. This great humanitarian organization which recognizes no religious creed, honors all religions.

"But what will it profit a Kiwanis club if it fails to keep the public informed of its activities? It is to the newspaper that the public looks for its information."

There was a time when people asked, "What is Kiwanis?" "What are the objectives of the organization?" "Who composes it?" The activities of the Kiwanis club in Manassas as well as throughout the other communities in the United States and Canada have answered that question to the satisfaction of all concerned. Kiwanis is recognized as an active civic organization, vitally interested in the welfare of the community it serves."

The Manassas club was organized October 24, 1924, and is best known for its interest in helping underprivileged children. The club has also taken an active part in such civic affairs as improved highways for Prince William County, sponsoring meetings between business men and farmers with talks by agricultural experts, taking an interest in school affairs to the betterment of the school system in the county, and placing Kiwanis greeting signs giving highway mileages to Manassas.

"In the past year clubs of the Capital District spent more than \$100,000 in carrying on the activities of the organization in helping crippled children and in other welfare work. Dr. Thomas H. Wheldon, chairman of the crippled children's committee told the district convention held in Hagerstown last year. Is not this a worthwhile accomplishment, if nothing else had been accomplished? The clubs throughout the district have children's clinics, and the doctors of the clubs give generously of their time and skill in carrying out the principles of the Golden Rule, which is to 'Do unto others that which they would like to have had done unto them if conditions were reversed.'

"These are the high spots in the answer to the question, 'What is Kiwanis?' The worthwhile activities of the Kiwanis club when brought to the attention of the public through the newspaper result in little clubs becoming big clubs, big clubs, better clubs, and as a result more clubs come into being and both the membership and the public benefit because of this spirit of helpfulness which is Kiwanis."

SAVE THE LAYING HENS.

By Prof. H. D. Munroe.

Mortality figures, taken from the demonstration farm flocks of Pennsylvania for a period of ten years and on about 300,000 hens, show that February, March, April or May are the months of highest mortality. During any one of these months twice as many hens die as do during any of the other eight months.

A large percentage of this mortality can be traced to the trouble com-

monly called prolapsus or inverted oviduct. The causes of this poultry trouble, though not definite, may be due to one or more of the following factors:

1. Pick outs.
2. Weakening of the muscles of the oviduct brought on by the strain of heavy production.
3. An overfat condition of young pullets just starting to lay.
4. Constipation due to not enough laxative feeds such as green and succulent feeds or a lack of liquids.
5. Lack of lubricating material in the oviduct brought on by an incomplete ration.
6. Difficulty in laying large eggs.

Even if some trouble does not appear it is a good plan to prevent it as far as possible by using a liberal supply of succulent, green feeds. Such feeds as sprouted oats, cabbage and mangles should be used. Some kind of milk in the ration is important. A dose of some laxative such as ep-

som salts (1 pound of salts per 400 pounds of poultry) may be needed as often as once a month if no succulent food is available.

A suggestion worth trying is to reduce the amount of corn to 25 per cent of the scratch grain mixture. Such grains as wheat, oats, barley and buckwheat can be added to take the place of corn.

As prolapse appears in a flock cannibalism is likely to cause heavy losses. Birds are likely to start picking at the vents that show a trace of blood.

Some hens have the habit of staying near the nests and picking those while in the act of laying. For this reason it is advisable to keep the nest darkened. Whenever a bird is caught picking another, her beak should be trimmed. In bad cases of pickouts it is necessary to trim the whole flock. Often picking in a hen flock can be stopped, as with chicks, by feeding a moist mash once a day made up of two-thirds alfalfa meal and one-third laying mash.

DODSON STARS IN FINAL GAME

Manassas Downs Jefferson, of Falls Church, in Lively Contest at Local Gym.

The Manassas High School basketball team closed its home season with a well-earned 35-18 victory over Jefferson High of Falls Church last Friday night at the gymnasium. On Feb. 1 this same five defeated the rising Orange five by a one point margin—21-20. Since that date the local quint has been traveling at a fast pace, having conquered McLean twice and Warrenton once. This game was sweet revenge for the narrow defeat previously suffered.

From the very first the superiority of the home team was in evidence. Led Gilroy and Ambrose, who scored seven and six points respectively in the first quarter, the Manassas amassed a huge 15-4 lead by the first intermission. For the rest of the half the locals took things easy and coasted along.

The last half was much more closely contested. Jefferson launched a drive on the home goal, but Manassas promptly checked the rally, and began a spirited assault on the basket of their visitors, who were unable to stop the elusive Orange tossers. The score then soared to new heights and was mounting still higher as the closing whistle stopped hostilities. Captain Dodson again flashed the form which made him an All-State choice by the coaches of the Agriculture tournament.

YOUNG BUSINESS MAN MAKES MANY FRIENDS IN COUNTY

Mr. W. J. Phillips, better known as the candy man and a friend to everybody, stated to a representative of this paper that he had been made supervising salesman for the entire territory covered by the Janney Candy Company. This new position which, of course, is a big promotion for Mr. Phillips will not in any way interfere with his duties in this territory, which he has made perhaps for a longer time than any salesman calling upon the trade. Mr. Phillips states the Janney Candy Company has been reorganized and will be in a better position than ever to serve the high grade candy merchants.

Mr. Phillips further states in speaking of the large and progressive company which he represents, that the Janney Dry Goods and Notions Co. made a wonderful showing last year and that they have perfected their organization so that they will put Mr. Frank Cauthorne on this territory. In fact, Mr. Phillips had Mr. Cauthorne with him introducing him to his friends and the trade. Like Mr. Phillips, Mr. Cauthorne was born in Essex County, Virginia, and is an enthusiastic Mason. Besides that Mr. Cauthorne compares well with our old friend "Bill", in that he has always stuck to his lost and knows his line. Mr. Cauthorne went as a

boy eighteen years old with the old and favorably known dry goods firm of R. M. Sutton & Co., of Baltimore, and was at the time of their dissolution perhaps the best known and most highly rated salesman of Tidewater, Virginia. After R. M. Sutton & Co. went out of business Mr. Cauthorne went west and accepted a position with Brown-Stie & Co., one of the largest dry goods firms in this country. Like all Virginians and especially those of us born on the east side of the Blue Ridge, our love for Old Virginia is so strong that we can not stay away from the old state long. Mr. Cauthorne says he feels now as though he prefers to live and work among his own people.

In answer to our question, what he thought was the outlook in his terri-

tory, he stated that while of course many changes had taken place in the merchandising line since he first went on the road, yet he was convinced that there was a place in the picture for the independent merchant which no one else could fill, and that if the merchant would clean up his store, study with great care his customers' needs, and buy with caution those lines which he could easily sell and watch his turn-over and credits, he will make more money than at any time in the past.

The Janney Dry Goods & Notion Company says Mr. Cauthorne is a young growing progressive firm. Mr. S. M. Janney, the general manager, is a college man and a student of economics besides progressive and quick to adjust the company's affairs to the

new order of things. I am convinced, after long years of experience, that I have a line of merchandise well bought and tastefully selected to fit into the needs of this trade, and I am satisfied that the better trade will soon come to realize that my company, on account of the small expense and small over-head, is in a position to be of real service to them. I should like you to tell the trade for me, (said Mr. Cauthorne), that I, as well as my house, are out to help the merchant and if we were not convinced that there is a need for us in this line and that we are in position to fill this need we would not be here.

Mr. Cauthorne impresses a stranger with his charm of manner, his neat appearance and his fine ability, and we predict that he will soon become well and favorably known throughout the territory which he travels.

GAINESVILLE BOND ISSUE.

(Continued from page 1.)

year round, even though we have this much money available for this purpose, would it be economy or good business, more than that would not the other rural bus lines be entitled to the same consideration, some of them now having to travel over equally as bad roads as this one, other routes having been abandoned on account of the impassable condition of the road.

We believe the majority of those opposing the bond issue think that forty thousand dollars is an exorbitant and extravagant amount entirely beyond the necessary needs and that those responsible for the issue coming up at this time have not tried to economize or keep down the expense or the extra tax in any way, and that this amount is not at all in keeping with the financial status of Gainesville District.

In the Brentsville District they say they have as good a High School building as there is in the County except possibly Manassas, a modern up-to-date building, meeting all the requirements at a cost of thirty thousand dollars, and it seems to us that should be ample for Gainesville District.

Moreover, if forty thousand dollars was the necessary amount two years ago, why thirty-nine thousand this time? If the amount can be reduced one thousand in two years, had we not better wait a few years longer? The fact is, was not the one thousand tacked on the petition for the colored people at Thoroughfare because of the need of those colored votes to help carry the bond issue through.

Has there ever been a time when the School Board could not, or did not build and equip (especially with considerable help by the School patrons as is the case at Thoroughfare) sufficient and adequate graded school rooms for both white and colored, even at a much lower tax rate than we have now, besides within the last two years there has been a number of white school buildings abandoned and the buildings sold which should add considerably to the present school funds.

We further believe that if the School Board insists on the transportation of all school children to one point we should first get suitable roads for this purpose.

Mr. and Mrs. David Macnaughey had as their guests on Sunday Mr. and Mrs. Harry Metzgar, Mr. and Mrs. Wm. Rampey, Mrs. Carl Elise, Jr., and family, and Mr. and Mrs. Clyde Bryant and daughter, of Occoquan.

Mrs. David Schaeffer and Miss Luella Schaeffer were visitors in Colmar Manor, Md., the past week. Miss Luella is remaining there as a guest of her sister for a while longer.

Mr. and Mrs. Henry Leary, of Washington, called on the former's sister, Mrs. David Schaeffer, today.

We regret to report that Mr. Wycliffe Glaggett, night captain at the District of Columbia Reformatory, is seriously ill and was to undergo an operation in Alexandria Hospital today. It is hoped that he will speedily improve as he is much respected and sadly missed by his associates at the institution.

SERVICE IMPROVED.**Chevrolet Offers Purchasers Greater Protection.**

The Chevrolet Motor Company today announces a new and broader service policy. Any Chevrolet owner, experiencing defective workmanship or material on a Chevrolet car under the terms of Chevrolet's standard warranty, is invited to call upon any authorized Chevrolet dealer in the United States or Canada where the work will be done at no cost to him.

The plan, known as the Owner's Service Policy, is now in effect in the 10,000 authorized Chevrolet service stations in the United States, operating under the general supervision of the 52 Chevrolet branch offices.

The new policy takes the form of a written agreement given the purchaser by the Chevrolet dealer when the new car is delivered. It puts down in plain, understandable language the greater service protection to which every Chevrolet owner is now entitled. Briefly, it offers the following provisions:

1. Every Chevrolet owner receives his car from the dealer in perfect condition — thoroughly lubricated, properly adjusted and ready to operate efficiently from the first mile of ownership.

2. Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage. This includes checking and adjusting the brakes, tappets, timing, generator, carburetor, clutch pedal, and steering gear; tightening all body bolts, tightening all motor bolts; testing and filling battery and checking the oil level in the transmission and rear axle. The dealer assumes no responsibility for previous adjustments when they have been made in service stations other than his own.

3. Every Chevrolet owner is entitled to free inspection of his car every thousand miles thereafter so long as the car is in operation.

4. Every Chevrolet owner is entitled to free replacement of any part, which may prove defective, either in workmanship or in material, within the terms of Chevrolet's standard warranty, provided such parts and labor are not required because of accident or mechanical abuse. This includes both parts and labor. This provision will be carried out by any Chevrolet dealer in the United States. Accordingly, the Chevrolet owner may change his residence, or travel to any part of the country with the full assurance that the guarantee on materials and workmanship will give him complete protection.

In all Chevrolet dealer's service stations there are employed skilled mechanics, thoroughly trained in Chevrolet service schools. These stations are equipped with specially designed tools and machinery developed exclusively for Chevrolet service work. The factory issues the assurance too that each carries at all times a complete stock of genuine Chevrolet replacement parts. And the rates charged are standard flat rates including both parts and labor and are the lowest in the industry on many service and repair operations.

49 PIANOS ON HAND

FREE

We have 93 pianos (Grand, Players and Uprights, both new and used instruments) to place in homes of Washington and vicinity, and they may be used until we need them—which will be an indefinite time. We have discontinued a number of our Southern branches, from the stocks of which many of these instruments have been selected. We have also leased a portion of our store to the well-known firm of Witt & Hamill. As a consequence our floors are crowded to their capacity. Instead of storing these pianos to depreciate in value we have priced every instrument at greatly reduced figures and anyone contemplating the purchase of a piano in the next few months, cannot afford to miss the opportunity. All pianos not sold outright, we are anxious to place in the homes of families who are interested in owning a piano in the immediate future, and for the valuable advertising we will receive by having good families use them. We, of course, reserve the right to select homes in which the pianos are to be loaned.

POSITIVELY NO CHARGE FOR ANYTHING

We ask you no charge of any kind on the piano rental. There are no strings to this offer.

Loaned. You may call at the store to see but once in a lifetime.

One of the most delightful parties of the season was held on Monday evening, March 17th, when Mr. and Mrs. Raymond J. Davis, entertained the officers and Past Matrons and Patrons of the Eastern Star of Manassas. Mrs. Davis, the popular retiring Matron, left nothing undone for the entertainment of her guests.

The rooms were tastefully decorated in green and in shamrocks, and the games were appropriate of the day. Many enjoyable contests of various kinds were enjoyed, as well as bridge and other games.

At a late hour a very delightful luncheon was served, and the guests departed, and will long remember this splendid occasion.

PRESS FEEDER CRUSHES HAND

Mr. Herbert Robinson, who has been employed with The Manassas Journal for the past three months, had his hand caught in the press last Friday which broke his second and fourth fingers in two places and his third finger in one place.

Dr. Marsteller says his hand is healing nicely and that he will be back to work in about four weeks.

IN MEMORIAM.

The dear one is now sleeping,
No care is on his brow;
Oh blame us not for weeping,
We have no dear Leslie now.

Earth has lost its look of gladness,
Heaven must seem more bright.
Since our dear Leslie took his
Homeward flight.

We cannot forget you, dear Leslie,
and the work you had planned for another year, when we think of it we wipe away the tears, but we hope to meet you upon that happy shore, dear Leslie and love with you our Saviour ever more.

His Aunt, Mrs. Carrie Powell.

LEGAL NOTICES

VIRGINIA:

AT A CIRCUIT COURT FOR THE COUNTY OF PRINCE WILLIAM, CONTINUED AND HELD AT THE COURT HOUSE THEREOF, ON FEBRUARY 7, 1930.

PRESENT: HON. HOWARD W. SMITH, JUDGE.

Re: Petition of County School Board for a Special Election to take the sense of the qualified voters in Gainesville School District on the Question of Erecting an additional School Building, Furnishing and Equipping the same, and repairing another School Building, in said District.

The County School, Board of Prince William County having presented to the court its petition and exhibits therewith filed, in pursuance of Chapter 34 of the Code of Virginia, setting forth that it had adopted a resolution duly spread upon its minutes, declaring that an additional school house for high school purposes is necessary in Gainesville School District, said County, and furnishing and equipping the same, and repairing the colored school house at or near Thoroughfare, in said District, for the school children of school age in said district, and it being shown to the court that the school funds of said district will not be sufficient to provide such additional facilities, which said resolution has been confirmed and approved by a resolution of the Board of Supervisors of said county; that said exhibits filed with said petition, show that the plans, specifications and probable cost of such additional facilities have been approved by the Division Superintendent of Schools, as well as the Superintendent of Public Instruction; that it is the desire of said board to take the sense of the qualified voters of Gainesville School District (which is the same as Gainesville Magisterial District), as to whether it shall issue bonds for that purpose in accordance with the prayer of said petition; that the location of said school house is to be in the town of Haymarket; said District: that the amount of the bonds to be issued for that purpose is to be \$40,000.00, with interest not to exceed six percentum per annum, payable either annually or semi-annually, to be redeemable or payable at a period not exceeding thirty years from the date of said bonds at the option of the school board:

Therefore the court doth order a Special Election to be held in Gainesville School District (being the same as Gainesville Magisterial District), at the regular voting precincts therein, on the 28th day of March, 1930, which election shall in all particulars be conducted and held as provided by law for general or special elections, at which election all qualified voters of said district shall pass upon the question whether such bonds shall be issued or not for the said \$40,000.00. It is further ordered that the Clerk of this court shall give notice of such special election by publication thereof in the Manassas Journal, printed and circulating in said county, and the Sheriff of said county shall post notices of said election in at least ten conspicuous points in said School district, which notices shall state the amount of the bonds to be issued, the purpose of the proposed issue thereof, and whether the said bonds shall be a lien on all the property in said District or a part thereof.

A true copy:

GEO. G. TYLER, Clerk.

NOTICE

To the Qualified Voters of Gainesville School District, Prince William County:

You are hereby notified, in accordance with the foregoing order of the court, that a Special Election will be held in Gainesville School District (being the same as Gainesville Magisterial District), Prince William County, on Friday, March 28th, 1930, between the hours of sunrise and sunset of the said day, to take the sense of the qualified voters of said district as to whether it shall issue bonds in the sum of \$40,000.00 for the purpose of erecting and equipping an additional building in said district for high school purposes, and repairing the colored school at or near Thoroughfare, said district. Said bonds shall be a lien on all the taxable property in said district.

Given under my hand this 18th day of February, 1930.

IN THE CLERK'S OFFICE OF THE CIRCUIT COURT OF THE COUNTY OF PRINCE WILLIAM, MARCH 6, 1930.

THE FEDERAL LAND BANK OF BALTIMORE, A Corporation, Plaintiff.

vs.

ANNA F. CLINE, Walter A. Cline, Thomas H. Lion, Trustee; Godfrey L. Buck, W. J. Herndon, and The National Bank of Manassas, Defendants.

IN CHANCERY.

The object of this suit is to foreclose a certain mortgage given by Anna F. Cline and Walter A. Cline to the Federal Land Bank of Baltimore to secure the payment of a debt for the sum of \$2,800.00 and to have sale of the mortgaged lands and to have the funds arising therefrom applied to the discharge of the mortgage debt, and counsel fees.

And an affidavit having been made according to law, and filed in this office that Anna F. Cline, Walter A. Cline and Godfrey L. Buck are not residents of the state of Virginia, and that the last post office address of Anna F. Cline and Walter A. Cline was 844 Corley Street, Akron, Ohio, and the last-known postoffice address of Godfrey L. Buck was Nokesville, Virginia, and an application for this order of publication having been made in writing.

It is therefore ordered that the said Anna F. Cline, Walter A. Cline and Godfrey L. Buck do appear here within ten days after the publication of this order and do what is necessary to protect their interests in this suit.

It is further ordered that a copy of this order be published, once a week, for four consecutive weeks, in The Manassas Journal, a newspaper published and circulated in Prince William County; a copy sent by registered mail, by the clerk of this court to each of the aforesaid non resident defendants, at their respective addresses as given in the aforesaid affidavit, and a copy posted at the front door of the court house of the aforesaid county on or before the 18th day of March, 1930; that being the first Rule day after this order is entered.

In re: Condemnation of lands for Hydro Electric Power Plant Development by Virginia Public Service Co.

The object of the above-styled proceeding is, inter alia, to condemn approximately eight (8) acres of land abutting on Occoquan Run, in Prince William County, Va., in which Elizabeth Johnson and J. Hendley Johnson have a freehold estate, for the construction of a hydro-electric power plant and dam by the Virginia Public Service Company, for which purpose the Company will on the 14th day of April, 1930, at 10:00 a. m., apply to the Judge of the Circuit Court of Prince William County, at the Court House there, for the appointment of commissioners to ascertain what will be a just compensation for the interest, or estate, in the lands proposed to be condemned, and to award the damages, if any, resulting to the adjacent or other property of the owners, or to the property of any other person beyond the peculiar benefits that will accrue to such properties respectively from the construction and operation of the company's works;

And it appearing by affidavit filed according to law that Elizabeth Johnson, and J. Hendley Johnson, the above-named defendants, are not residents of the State of Virginia, it is, therefore

ORDERED that said Elizabeth Johnson, and J. Hendley Johnson do appear on the 14th day of April, 1930, at 10:00, a. m., at the Court House of Prince William County, Va., and do what is necessary to protect their interest; and it is

FURTHER ORDERED that this

Order be published once a week for two successive weeks in The Manassas Journal, a newspaper printed in the county of Prince William, Va.; and it is

FURTHER ORDERED that a copy of this order be posted at the front door of the Court House of Prince William County, Va., not less than ten days previous to April 14, 1930; and that another copy of this Order be mailed to each of the Defendants to the post office address given in the affidavit at least ten days before the

date above mentioned.

MISS PITTS REPORTS GREAT PROGRESS IN HOME DEMONSTRATION WORK.

Facts taken from a report of Miss Sarah Pitts, home demonstration agent, Prince William County, for February, 1930, show remarkable progress in the short period covered by the report. Names of communities in which home demonstration agent worked are:

Manassas, Nokesville, Dumfries, Bethel, Greenwich, Catharpin.

Quantico, Aden, Brentsville, Woodlawn, Haymarket, Woodbine, Occoquan.

Number of girls' groups met, 14; women's groups met, 6; homes visited, 28; miles traveled, 585; letters written, 110.

Since coming into the county the home agent has made an effort to visit as many of the homes as possible while meeting the groups scheduled for regular meetings. Besides the home visits made there have been conferences in the agent's office, in the schools, and with business people of the town and rural communities.

Leaders' Meetings Held.

The two leaders' meetings held in Manassas on February 25th and 26th were the outstanding meetings of the month. Through these meetings leaders have been trained who will assist

the agent in both the women's and the girls' groups for the next two months.

On the other meetings held the agent has worked with groups in House furnishings, room improvement, gardening and foods. The major emphasis for this year is being placed on house furnishings.

Chevrolet announces

A NEW

SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

1 Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.

2 Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.

3 Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.

4 Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.

5 Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet

owner may travel to any part of the country, with assurance that the guarantee on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—for such liberal provisions could only be made in connection with a car built of fine materials to exacting standards of workmanship.

Back of this policy, and assuring its successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained at Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations!

In considering the purchase of a low-priced automobile, think what this service means—in terms of lasting satisfaction, as well as in increased economy.

Coats . . . Frocks and Ensembles

\$14.75

Now . . . right in your own J. C. Penney Co. store are new Spring coats, frocks and ensembles, inspired by those that so recently made their debut in Paris.

Each one with a dressmaker's touch of flattery that even the prettiest frocks have not had in years. For the French originals like our own adaptations, show the universally becoming lingerie touch on almost every dress. In the important matter of skirt length, too, we've followed the dictates of the great courtiers and made them a trifle shorter than in the Winter mode. . . .

These are but two of the many details of new fashion interest reproduced in our collection for Spring. And each dress . . . coat . . . and ensemble that they adorn is made with the care that women expect to find in J. C. Penney clothing.

ADEN

Mr. and Mrs. Merle Ball have had as their recent guests Mr. and Mrs. Emmet Mullin-Duglass, and Donald Bond and George Bell all of Washington, D. C.

The oyster supper held by the Community League proved to be a success. L. E. Fielding of Charlottesville spent a few days with relatives here, then visited other friends and relatives in Baltimore and Washington and returned to his home last week.

The ladies of the Kensington Club were delightfully entertained at the home of Mrs. T. W. Hummer on Feb. 27. A large number was present, and an interesting business session with four new members added to the list. The next meeting will be held at the home of Mrs. Cecil Smith on March 27.

Even with its SUPERIOR PERFORMANCE this new eight is economical to own

Few cars can equal the speed, pick-up and climbing ability made possible by the 85-horsepower engine of the New Oakland Eight. It is the most powerful used in any car of comparable size and weight, only racing cars excepted. But even with its superior performance, this car is inexpensive to own. Its first cost is very moderate. And its gasoline mileage equals that of many sixes of the same size. Maintenance costs, too, are very low because parts are easily reached and the power plant is remarkably sound in basic design. Valves can be easily adjusted. Bearings are large, sturdy, interchangeable. A water recirculation system promotes greater engine

efficiency. And full pressure lubrication assures positive oiling. Oakland's Fisher bodies, too, are built to withstand extremely hard wear. The effect of all these features is not only to assure economy, but to keep the car's ultimate resale value high. Come in. Let us point out the New Oakland Eight's many exceptional qualities. Then let us give you a demonstration, and you will realize how much you are offered in the car with superior performance.

The New Oakland Eight, \$1045 and up, f.o.b. Pontiac, Michigan, plus delivery charges. Low-cost Hydraulic Shock Absorbers included in list price. Bumpers, rear fender guards and spring covers extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the (f.o.b.) price when comparing automobile values. Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.
