

NOTED SPEAKERS  
ADDRESS CLUB

Kiwanians Hear the Many and  
Varied Adventures of Lieut.  
Hinton.

DEWEY ZIRKIN, HEAD OF  
CAPITAL CLUB PRESENT

Tells of Progress Made Through-  
out United States in Voca-  
tional Guidance Work.

Friday night was another all star night at the Manassas Kiwanis Club. Lieutenant Walter A. Hinton, aviator of international fame, made more than good the promise of an interesting evening, and for three quarters of an hour held his audience spell bound as he recounted his incomparable experiences as an aerial explorer, and as a pioneer of air travel.

To those who had read of the incredible hardships of the northern adventure, when for weeks his balloon was given up as lost, and where it was afterwards ascertained that he had been blown half way to the North Pole, with no other provisions than a carrier pigeon, it seemed unreal to hear this modest hero in a quiet unpretentious way, give the details of an experience that few men could have survived. The members of the club had the rare opportunity of witnessing history in the making.

Mr. Dewey Zirklin, of the Washington Kiwanis Club, who is chairman of the committee on Vocational Guidance and Placement of the Capital District, gave a most interesting and instructive talk on the subject of co-operation with the boys and girls of their several communities in the selection of their life work.

In part, he stated:  
Mr. Zirklin also brought a message to the club, and through the club to the County of Prince William from Kiwanian Radford Moses of Washington to the effect that the services of physicians and surgeons of that City had been secured, free of charge, for the clinic to be held in June, in Manassas for the benefit of the Prince William County children. This, of course, does not cover the greater part of the expense of this very necessary work to be done for these children.

Messrs. M. M. Ellis, chairman of the program committee for April, and R. C. Haydon, chairman of the committee on Vocational Guidance and Placement, who had charge of the program, are to be congratulated on one of the most successful club meetings of the year.

Members of the Washington club will put on the program tomorrow evening, and another highly successful evening is assured.

"A great deal of money has been spent carrying on this service; it has been receiving more attention at educational conventions, and in many other lines of activity, widespread in character, so that today vocational guidance is assuming the position in which it belongs in our everyday lives," Mr. Zirklin said.

Kiwanis Clubs throughout the United States and Canada have realized that in vocational guidance and placement are found numerous opportunities for service, so that Kiwanis today has attained the leadership among all civic clubs in this important activity.

Vocational guidance may be defined as the giving of information or advice that may prove helpful to a youth in selecting an occupation, preparing for it, entering it, and succeeding in it. Kiwanians as leaders in their particular businesses or professions in the communities in which they live are well qualified to render this valuable service to the youth of our nation; and over 1,850 Kiwanis Clubs throughout the United States and Canada are assisting boys and girls in preparing for their future.

This activity of Kiwanis International has the hearty indorsement and approval of all leaders in education. They realize the necessity of good sound, sympathetic and sincere advice to youths of impressionable age, and by their experience are able to cooperate with them.

PEOPLE FAVOR  
MUNICIPAL PLANT

Front Royal Citizens Reject Plan  
to Sell Town Franchise

Advocates of municipal ownership won a sweeping victory here today when a vote of 333 to 270 was recorded in a special town election against the proposed sale of the town's electric light plant and its franchise.

The election was unusually spirited, and followed an active campaign made during recent weeks by partisans of both plans. Under the proposal, the plant and the franchise would have been offered for sale to the highest bidder. The election marks the first vote on the question in the history of Front Royal.

## MAY BRINGS "MAY DAYS"

In the spring our fancies turn to thoughts of May Day celebrations. This May will have the distinctive honor of being ushered in by very elaborately and extensively planned distinct celebrations.

Heretofore, our county has had one May Day in which all the schools in each district have been represented. There are many reasons why the district plan is hoped to be an improvement over the entire county plan. It will be more localized than centralized. Each district will have its own May Day. By this plan a greater number of people will be able to view the celebrations, and a greater number of children to participate.

One general plan will be carried out in each district. The special feature for the five-point children will be a physical education demonstration. The Queen of the Day will be preceded by flower girls, butterflies and fairies. The Spirit of Springtime will introduce the regal procession, and will reign over the whole episode. The Queen will enter accompanied by eight ladies-in-waiting. The train bearers will also form a part of the royal escort. The Prince will crown the Queen. Following the coronation, the Spirit of Springtime will give a solo dance. The flower girls will then give the dance of the breeze. The stately minuet will be danced by lords and ladies of the court. No real May Day seems complete without the appearance of Robin Hood and his merry men. Word has reached us that they are playing an archery contest to signify their allegiance to the newly crowned Queen. A May Day parade will form a grand finale, in which every school child will participate. This assembly will sing the County Song as the county flag is unfurled.

Every citizen of Prince William is invited to attend one or all of the May Day obligations.

The following is the schedule for May Day in each district.

- I. Occoquan and Dumfries districts, Monday, May 5 at Occoquan, 2 p. m.
- II. Brentsville district, Wednesday, May 7th, at Nokesville, 10:00 a. m.
- III. Manassas and Coles districts, Friday, May 9, at Manassas, 10:00 a. m.
- IV. Gainesville District, Wednesday, May 14, at Haymarket, 2 p. m.

## MAKE YOUR HOME YOURS

Your House and Furnishings Should  
Reflect Your Own Taste Rather  
Than Your Neighbors

(Taken from Southern Planter)

The day is past when a woman calls in a friend with the cheerful news, "We have the lumber, come in and help me plan to run up a square house," or when the man, finding it impossible to get sensible suggestions from his wife, makes his own plans regardless of her needs. Today the whole family plans for their home, and this should mean an interest in financing on the part of everybody.

A perfect home has never been built, but what every family wants is one that is comfortable, clean and attractive to live in; presentable to look at, and a little different from other homes in the community.

Above all things do not forget the bookcase. Build it in, fill it and teach the children to appreciate the books by reading to them daily.

It is astonishing, even in these enlightened times, how many women will build or buy a home without closets. In addition to a closet in every bedroom, there should be one for household linen; one for winter or summer clothes when not in use; one for coats, rubbers, hats, etc.; one for the brooms, stepladder and other cleaning things; and a storeroom for trunks, etc. A closet is also a valuable adjunct to a living room. It is an excellent place for the sewing basket when not in use, for extra wraps and children's toys. If it is intended for general use, add drawers and shelves as well as hooks.

Hall and other relatives at "Shirley." The little girls brought with them a small monkey which is as gentle as a house cat and quite a curiosity as a pet in these parts.

Mr. and Mrs. T. Otis Latham have moved to their new home "Snow Hill Farm," after a residence of about eighteen months in Haymarket.

Mr. Andrew Low reached his 91st year on April 20th. He is now laid up with a bad cold, but we hope he will soon be out again and enjoying his usual good health.

Miss Caroline Tyler and Miss Edmonia Tyler are spending more time at their home here.

The Senior Class play recently given was one of the most popular plays ever presented by the school, and will be repeated on Saturday evening at the parish hall, under the auspices of the Chancel Guild of St. Paul's Church.

Mrs. George W. Smith was called to Georgia last week by the illness of her father, Mr. John Forsyth, who passed away soon after her arrival there on Thursday, the 24th. # NOKESVILLE DEFEATS MANASSAS JUNIORS

The Nokesville Agriculture boys defeated the Manassas Juniors on Monday, April 14 by a score of 15-3. The Manassas boys were unable to gather more than 7 hits off R. Swank and 17 of them were struck out by him.

Although they played a very good game, the Manassas boys seemed in need of a substantial pitcher and tried three before settling down to playing a real game and although they were badly defeated, they took it with a smile.

# HICKMAN STUDENTS ENROLLING HERE

Plans are being made for a regular meeting place for the purpose, as well as for a weekly meeting place for the students for mutual study and practice among themselves and for practical demonstration in the art of Public Speaking and Self Expression. BIBLE THOUGHT AND PRAYER

If parents will have their children memorize a Bible selection each week, it will prove a priceless heritage to them in after years.

**UNSELFISH LIVING**—All things are lawful for me, but all things are not expedient: all things are lawful for me, but all things edify not. Let no man seek his own, but every man another's wealth.—1 Cor. 10:23, 24.

**PRAYER:**

Lord, we would die daily to self and live to Thee.

**THE FUTURE OF MANASSAS**

In this issue forward looking business men of Manassas are featuring a message which although very briefly and concisely stated, places their readers squarely before a vital issue.

We hear a great deal of the tax payer's burden and the lack of opportunity which makes it necessary for the young folks to seek employment away from the home community.

The remedy is to be found in a greater and a more practical civic loyalty. If all patriotic citizens would join hands in a sincere movement to boost home enterprise, eat home products, wear home sold clothing and buy home merchandise exclusively, and would cease their present untempered pouring of wealth into the great trade centers of other States, a new era would result.

This brief message of the Manassas business men should not be passed lightly over but should receive the attention that its bearing upon the welfare of this community merits.

**THE GARDEN CLUBS**

Perhaps no phase of feminine activity in this State in the past two or three years has shown more notable results than the garden club movement. As it has been expressed by a contemporary, the Richmond News-Leader, "The garden clubs have given the women of Virginia an outlet for their artistic impulses that could not be directed into other channels because of the tragic dearth of art schools."

Into the work of the garden clubs the women have thrown themselves with unflinching enthusiasm and praiseworthy determination to surmount all obstacles. The result, which

ought to be very gratifying to all the people of the State, is that we have a more beautiful Virginia than we ever had before, a Virginia which promises to grow each year in beauty as the garden clubs enlist new recruits to aid them in their fine undertaking.

The garden club movement offers a fruitful field of activity for women, one which they are peculiarly qualified to occupy to advantage. And too high praise can hardly be given them for the splendid and effective way in which they have carried on, often under difficulties and amid discouragements, devoting a great deal of time and thought and much arduous toil to what undoubtedly has been a labor of love.

The garden clubs have done much already to impress the public with a new consciousness of beauty as a factor in daily living. The beneficial influence of the clubs on their own members, though great, is well nigh equalled by the growing influence they exert on their respective communities, an influence which is destined to increase steadily from year to year as the visible manifestations of their accomplishments become more evident.

Not only in the cities, but in the towns both large and small there is an inviting opportunity for the garden clubs to make their presence felt as a factor for beautification, not only of the yards and gardens of the individual members but of the streets, more particularly the main approaches. With an awakening interest by the women in these matters, it is bound to be only a question of time until the men, too, are reached, both varied and numerous and cannot fail to hold the interest of women of refinement and culture, with an innate love of beauty and dislike of ugliness.

**HAYMARKET HIGH ROUTS OCCOQUAN**

With all the regular players back in the line-up, Haymarket High again proved its power by defeating Occoquan High 13-2.

Led by Garrett, the Haymarket war clubs were continually ringing while Occoquan's hits were kept few and far between.

In the seventh inning Hinton tried to score from second on a single to right by Riley but was thrown out at the plate by a nice throw by Rollins.

The Haymarket boys will play Occoquan next Friday, May 2, at Occoquan, and are hoping to do as well in this game as they did last week.

**RESULTS OF STANDARD TESTS**

In October the Otis Classification Tests were given the grades four, five, six and seven of all schools in order to find the weaknesses in each subject and in each grade. A booklet of remedial measures in the subjects, English, arithmetic, history, geography, reading and spelling was prepared by supervisor and given to each teacher teaching the above grades. The teachers and children have been working diligently trying to overcome these weaknesses and the April tests revealed a vast improvement, which shows very efficient classroom instruction.

The medium or standard for each grade is:

Fourth Grade: 51.  
Fifth Grade: 71.  
Sixth Grade: 86.  
Seventh Grade: 97.

The results of the testing program of Prince William County are as follows:

	October	April
Fourth Grade	27	43
Fifth Grade	43	71
Sixth Grade	54	88
Seventh Grade	82	107

The fourth and sixth grades at Bennett School made highest average.

**CONSTANT HOT WATER WITHOUT GAS**

Just because there's no gas in your community is no longer any reason why you should be deprived of one of the chief comforts and conveniences of life. A constant hot water supply is not a luxury—it's absolutely essential for sanitary living. And the KOLFLASH HEATER brings it within reach of every family. This coal-burning, self-contained, automatic storage water heater is made by the AMERICAN RADIATOR COMPANY. It is low priced and adds only a few cents a day to your coal bill. Good-looking, too, in a coat of grey and green porcelain enamel. You can pay for it on convenient payments. We guarantee all work.

**NEW!**

"HEAVY DUTY"  
tells you what it is—but not  
how fine it looks!

**STUNNING! LOOKING!**

...be sure to see it before  
you buy tires!

This new Goodyear Heavy Duty is more than an extra mileage, extra endurance tire—it's an extra-STYLE tire as well.

It gives your car a new and smarter look.

It's bigger, handsomer, more massive. The All-Weather Tread is extra thick—with the outer rows of blocks prised down into the silver-striped side-walls—for beauty PLUS more rut traction and curb protection!

It has an extra strong six-ply body of stout SUPERTWIST CORD, Goodyear patented and obtainable ONLY in Goodyear Tires. Come in and see it!

## The Future of Manassas

*Manassas lies outside the Zone of Metropolitan dependence which surrounds the National Capital. Our prosperity depends upon the development of local pay rolls.*

*Every dollar expended away from home undermines local property values and contributes to the ever increasing tax vote.*

*Let us all unite for a greater home community.*
