MANASSAS, VIRGINIA

THURSDAY, NOVEMBER 27, 1930

\$1.50 A YEAR IN ADVANCE

DAWSON IS MADE BOARD CHAIRMAN

Member from Occoquan District Has the Longest Period of Service on Board

The Prince William Board of Supervisors met on November 25 with Messrs J. L. Dawson, D. E. Earhart, C. C. Lynn, J. W. Merchant and Rolfe Robertson present.

In addition to transaction of a large amount of routine business and payment of current bills a number of matters of special public interest were considered.

Mr. J. L. Dawson was elected chairman to fill the unexpired term of J. R. Larkin, deceased.

Cyrus Griffith was allowed \$25 for injuries to horse which stepped through a bridge.

\$300.00 was appointed for work of plastering and restoring old Brentsville courthouse upon condition that School Board and citizens may use the property.

On petition of J. D. Crenshaw, viewers were appointed to report on advisability of closing a portion of the county road near house of the late George Payne. E. H. Conner, Charles Evans and Stewart Evans were named viewers.

A warrant of \$1,789.94, the amount of one and one-half cent gas tax from State Gasoline Tax. Of this amount \$596.65 must be matched by the county.

It was ordered that R. T. Sweeney be discontinued for the poor list.

MAY CLOSE SEASON ON ALL GAME

The Commission of Inland Game and Fisheries will hold a hearing at Warrenton on Friday of this week at 10 a. m. to consider the matter of closing the season on all game birds and game animals in the counties of Prince William, Fairfax, Fauquier, Arlington, Loudoun and certain other counties in northern Virginia.

This will not include fox hunting, night hunting with dogs, wild waterfowl hunting, nor having rabbits destroyed which are damaging fruit trees, and shall not prohibit landowners, tenants nor their children from hunting.

SERIES OF DAIRY FEEDING MEETINGS IN COUNTY

The Dairy Extension Office at V. P. I. is co-operating with the county agricultural committees and county agent in conducting meetings in the county for the purpose of planning with the farmers the most economical feeding methods for the production of milk or cream.

These meetings will be held as follows:

Haymarket, at Bank of Haymarket, Tuesday, December 2, 2:00 p. m.

Nokesville, Brentsville District High School, Tuesday, Dec. 2, 8 p. m.

Manassas, County Agent's Office, Wednesday, Dec. 3, 2:00 p. m.

Bethel, Bethel School, Wednesday, Dec. 3, 8 p. m.

The purpose of the meetings is to help farmers in the county to feed the feeds that are available in the most economical way possible, and at the least expense.

E. Y. Dickson of the dairy department at Blacksburg will lead the feeding discussions. All farmers and dairymen are urged to take advantage of these emergency feeding meetings by attending the one nearest them.

VIRGINIA PUBLIC SERVICE COMPANY

Gross operating revenues of Virginia Public Service Company and subsidiaries (a part of the Middle West Utilities System) for the third quarter of 1930 were \$2,026,936, compared with \$1,799,324 in the third quarter of 1929. Balance available for bond interest was \$919,804, compared with \$115,520. Net for retirement and dividends was \$497,267, compared with \$406,562.

For the twelve months ended Sept. 30 gross operating revenues were \$7,447,131, compared with \$6,621,581 for twelve months ended Sept. 30, 1929. Balance available for bond interest was \$3,572,048, compared with \$3,080,006. Net for retirement and dividends was \$1,954,198, compared with \$1,519,417.

GOLDEN WEDDING

Mr. and Mrs. William R. May celebrated their fiftieth wedding anniversary on November 18 at the home of Mrs. W. S. Runaldue in Manassas.

They had a very enjoyable time with their five children and seven grandchildren and a number of relatives and friends. The best man, the only living attendant at the wedding, John Wittig, of Bergton, was present.

DR. C. R. C. JOHNSON TO HEAD KIWANIS

Manassas Business Man Chosen to Lead Local Club during 1931

At the regular meeting on Friday evening last, Dr. Johnson, who has filled the post of vice-president of the Kiwanis Club for the past year, was chosen unanimously to succeed Col. Bob Hutchison, who has piloted the club through a successful and momentous year.

Other officers named: A. A. Hooff, vice president, G. R. Ratcliffe, trustee, F. G. Sigman, secretary and L. Ledman, treasurer.

It has been under the leadership of Mr. Hutchison and his able assistants that the much talked of clinic was put over so successfully last spring and summer. The Club is admittedly one of the chief agencies that the county possesses for the advancement of the public good, and very little progress in recent years has gone forward without every evidence that the Club was behind it.

DEATH OF EDWARD TYLER

Edward Tyler, one of the best known citizens of this community, died at his residence in Manassas, November 12, 1930, after an illness of a few days, in his ninety-fourth year; and was interred Sunday, November 16, in the Manassas Cemetery. The services were conducted from the Trinity Episcopal Church by Rev. A. Stuart Gibson.

Mr. Tyler was born in England February 2, 1837, and came to this country with his wife while quite a young man. Two children were born of this marriage: Edward Tyler, Jr., who died in Norfolk about two months ago; and Harry Tyler, who resides near Manassas.

Some years after the death of his first wife, he married Miss Flora Woodyard, who survives him.

Few men, handicapped as was Mr. Tyler, by early environments, have made so secure a place for themselves in the affairs of their community as did he.

While he was not actively engaged in business for the last two years of his life, he kept in touch with the affairs of his community; and in his passing, the people of the town and district have lost a valued friend.

MEETING OF BRENTSVILLE DISTRICT COMMUNITY ASSOCIATION

Rev. J. M. Frame, Takes up Duties as President of Organization

The first meeting of the Brentsville District Community Association under the supervision of the newly officers and committees will be held at the high school auditorium at Nokesville, Tuesday evening, December 2, at 8:00 p. m.

Rev. J. M. Frame will take up the duties of chairman at this time.

The programs adopted at a special meeting of the civic, home making, agricultural, educational and social committees last week for the coming year will be presented to the people of the district for their approval.

A special program of entertainment is being prepared by the pupils of the Nokesville school under the direction of the faculty.

E. Y. Dickson of the dairy department at V. P. I. will lead a discussion on "Economic Feeding Methods for the Production of Milk and Cream."

MARRIAGE RECORD FOR NOVEMBER

Up to Wednesday morning, only one license has been issued this month. This was on the 15th, when Warren Jenkins, of Washington and Miss Estelle Suthard, also of that city, but formerly of this county, were united by Deputy Clerk Ledman at the county courthouse.

Miss Suthard is a minor, and her father furnished consent to the wedding.

Railroads Dispatching By Telephone Increase

H. A. Rourke, operator and J. C. Walsh, assistant station master (right), dispatching trains by telephone at the Washington D. C. Union Station. More than 250 trains are dispatched daily in and out of this station.

Railroad train dispatching by telephone is on the increase. Trains on nearly two-thirds of the total rail mileage of the United States are now being handled by telephone, according to officials of the telegraph and telephone section of the American Railway Association. Reports just received from the railroads show that the telephone is being used for the transmission of train orders over 154,277 miles of track as compared with 119,554 miles of railroad ten years ago.

Since 1908 the American Railway Association officials state there has been a rapid development of telephone service on the railroads so that not only are orders regulating train movements now largely handled by telephone, but this service is used generally for communication purposes. Material progress, officials say, has been made in the past few years in the development and installation of centralized train controlled systems, the telephone playing an important part in the handling of trains over these sections. It is the practice on such railroads to maintain a telephone line from the dispatcher's office over the centralized control section. The telephone lines also connect the railroad stations and telephone booths located at points along the right-of-way where there are switches and signals. In this way train crews may, if the signal is set against them or if the switches or signals for any reason fail to function, get in communication with the dispatchers and receive orders in person by telephone.

Through the use of portable telephone sets, bridge and building gangs and others at work along the right-of-way also keep in constant communication with headquarters. The use of the telephone also enables the railroads to bring about many other efficiencies and economies which otherwise would not be possible.

FATHER AND SON BANQUET SUCCESS

A very successful banquet was held by the F. F. A. club at the Manassas High School Thursday evening, November 20 at 8 o'clock. The banquet was held in the gymnasium and the decorations consisted of oak leaves and corn.

Arthur Carter, president of the club, acted as toastmaster. Some of the visitors who were present included E. T. Franks, vice president of the Federal Board for Vocational Education; H. B. Swanson, member of the teacher training staff of the Federal Board; R. C. Haydon, Supt. of schools; F. D. Cox, county agent; W. R. Crabill, Agriculture Institute, Herndon and the High School faculty of the Manassas High School. Approximately thirty-one F. F. A. members and their fathers attended.

The invocation was pronounced by the Rev. John Cline. An explanation of the Future Farmer of America emblem was given by the president of the club, E. T. Franks, vice president of the Federal Board for Vocational Education was the chief speaker of the evening. In his talk to the Future Farmers he said, "Boys, think when choosing your type of farming, buy pigs when corn is high."

"What we need is less acres cultivated and more bushels and more animal units produced per acre." Following Mr. Franks' address a short talk was made by Supt. R. C. Haydon in which he remarked that the Future Farmers boys at Manassas were being successfully guided by their teacher and advisor, Mr. Pullen. Several selections of string music was rendered by the Carter Brothers and a duet was sung by the Cline Brothers. County Agent F. D. Cox gave a short talk in which he emphasized the importance of Vocational Agriculture; and from the standpoint of a county agent he would like to see Vocational Agriculture in every high school in the county. Mrs. Eugenia Osborne, principal of the school, remarked that the F. F. A. Club had been a means of building the enrollment of the school as well as training the boys for the future.

An enjoyable time was had by all and another banquet is being looked forward to for next year.

THE RED CROSS NEEDS YOUR HELP

RED CROSS ROLL MAKES GAINS

Workers Report Successful Canvass

The annual Roll Call of the Prince William County Chapter, American Red Cross which has been in progress since Armistice Day, is progressing satisfactorily and an increase in number of members is looked for. The goal of 600 members set by the Chapter has not been reached however and those who plan to join are urged to do so within the next few days. Solicitors have been very active in all parts of the county, but may not have been able to reach every one. Membership may be obtained by sending \$1 to your nearest Foll Call worker or to Mrs. Geo. Delaney, Manassas. This winter will be a hard one for many. If you have much, give to help those who have little; if you have little, give to those who have nothing. Give cheerfully. Remembering that the solicitor has not only given membership but his time and earnest effort in this humanitarian cause. JOIN.

DRUG STORE IS BURGLARED

Money Chief Aim of Robbers

About three o'clock Sunday morning, Mr. Stannard who resides next to Dr. Ralph Chamblin Drug Store, heard an explosion, followed shortly by another. Not being aware of the nature of the cause, he called to his son, Frank and they immediately prepared to give an alarm.

Before anything further happened, they heard voices and the sudden departure of an automobile. It then dawned on them that the explosions were not accidental.

Dr. Chamblin was summoned, and an investigation showed that the work was that of professionals. The wiring showed the manner in which the job was conducted. There was no effort whatever to do any damage other than to the safe which was put completely out of commission. Money checks and notes were taken.

MISS CORNELIA MAYER WINS U. D. C. PRIZE

Miss Cornelia Mayer, head of the Commercial Department of the Manassas High School, won first place and a prize of twenty-five dollars in the recent essay contest of the U. D. C.'s. The contest was open to the entire South.

PROMPT PAYMENT EFFECTS SAVINGS

Town Council Votes to Allow Discount

By action of the Manassas Town Council, taken at its meeting on the 24th, the fifty-cent penalty, added to bills for electric current not paid by the 10th of the month, has been abolished. However, to encourage the prompt payment of these bills a discount of ten per cent., will be allowed on all bills for electric current which are paid on or before the 10th of the month following the reading of the meters. This discount represents a saving of from one to one and one-half cents per kilowatt hour.

In order to secure this discount payment in full must be in the hands of the Town Treasurer not later than the closing hour (4:30 p. m.) on the 10th of each month. Writing a check on the 10th and dropping it in the Post Office the night of that date will not meet the conditions under which this discount is allowed.

Bills paid between the 11th and the 15th, inclusive, must be for the face of the bill without discount.

When bills are not paid on or before the 15th service must be discontinued. In event that the service is cut off for non-payment a reconnection charge of \$1.50, in addition to the delinquent bill, must be paid before service is resumed.

It is hoped that all patrons will avail themselves of the saving afforded by this discount.

A HOME TOWN "BOOSTER"

By J. E. Hungerford

Your town—it's what you make it; By "team work" towns are made; It's up to you to do your "bit," And give your town your trade! The local firms depend on you For part of their income, And they deserve your backing, too, To help make business hum!

To distant marts, some people roam To spend their money there, Instead of buying goods at home— The things they eat and wear; And yet they want their town to grow To prosper and to thrive, But do not spend their home-made "dough"

To keep their town alive! Build up your town, and "boost" for it; And bank your money there; Don't let your local merchants quit Because you buy elsewhere! Your dollars help build shops and schools, And fine streets, up and down; So buy your food and clothes and tools At home—and "boost" your town!

STOP

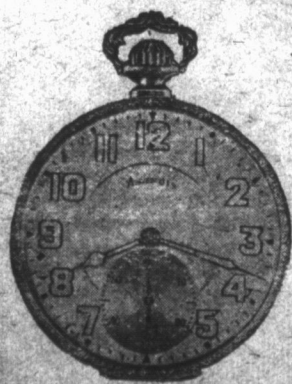

Your Dollars from
Rolling Away

The Rolling Dollar gathers no interest. Stop it today and let it work—for you. Deposit your dollars here. Instead of rolling away, out of your reach forever, they'll stay and roll up interest—for you.

Money in the bank works for its owner day and night, Sundays and holidays. It never gets tired, never takes a rest, never stops growing.

TWIN CITY GOSSIP
(OCCOQUAN AND WOODBRIDGE)

This is a presentation brought to you by the Manassas Journal: Station "TCVA." This station's studio is located on the first floor of the administration building, Twin City, Va., and is operated on a frequency of weekly issues. The broadcasting towers are located near the foot hills of the Blue Ridge Mountains, in the little village of Manassas, county seat of Prince William, Virginia.

We broadcast without a censorship—localisms for the interest of Twin City—edifying and entertaining or otherwise.

Frequently we have to use a word that the lexicographer is not familiar with, and a term of phrase that cannot be called a distinctive characteristic of the English language. Then, along with our local news we feel it absolutely necessary to get rid of an accumulation of political matter that gluts our mental machinery. Politics reminds me of horse trading—fifty per cent tradition, 50 per cent association.

It is said that egotism is the anesthetic which Nature administers to deaden the pain of inferiority. I knew a man that was elected to the State legislature. This man was slightly stooped, red face, producing abdomen, with feet placed at an angle of 45 degrees. He was a very good farmer. What we generally term an average business man. With pigs, horses, cattle and corn he was a fair success. In the halls of the lawmakers he was a frozen fizzle. He simply cultivated an overdose of falstaffian egotism to hide his inferiority. At the next election the voters did not have the heart to embarrass his family longer, so they retired and general medley of farm life. Long may he live and enjoy the music of freedom, free from the forces that forced him to cultivate and market an overdose of cynical egotism.

Son: "What's a parasite?"

Pop: "One who goes thru a revolving door on some one else's push."

By the way, here is good news for Twin City: The stone quarry rumbles into action again. About 75 more men are put to work.

This means food and clothes for daddy, mammy, Willie and Little Susie.

For the past few days we have had a little rain each day. Wheat is up and the grass is green. May the Patron Saint of Vegetation smile and keep right on grinning until the smile breaks right out into a loud guffaw.

It is a weary world but there are chairs in it.

Apparently my thought on election was widely read.

Comments have been many.

Pro and con discussed.

Don't make a mountain of worry for a grain of thought.

An elevator boy in one of the big stores hated to be asked needless questions.

One day a rather fussy old lady entered the lift.

"Don't you ever feel sick going up and down in this lift all day?" she asked.

"Yes, madam," said the boy.

"Is it the motion of going down?"

"No, madam."

"The motion of going up?"

"No, madam."

"Is it the stopping that does it?"

"No, madam."

"Then what is it?"

"Answering questions, madam."

Tou Pee Davis is an old landmark in Twin City: the entire population vouches for his rumors.

It seems that Jakey Clarke, accompanied by Mrs. Clarke, son Roscoe and wife made a trip the other evening to the City of Magnificent Distances, for the specific purpose of getting an eye full of Amos and Andy, a screen production. This was a beautiful little aggregation, with all the earmarks of home and simplicity. Father Jake, Mother, Son and Daughter-in-law.

"Amos and Andy" was a "wow," entertaining and ridiculously laughable. Leaving the play house, this modern little Twin City gathering decided to visit a high class hash house and dine in the style of Twin Cityiam. Orders were given and to prove the palpaleness of the food Jakey proceeded to work up a gastronomic ability that was said to be par-excellent. He cleared up everything in sight and literally licked the plate clean. They had different dishes for dessert. Three had dishes that were eaten with a spoon, not so with Jakey. They brought him a fork. Jakey lifted the fork and eyed wonderingly first, the dessert and then the tool to eat it with. Frowning, he then cleared his throat and called the waiter and requested that the fork be exchanged for a spoon. The waiter arched his eyebrows and tilted his nose to an upright position and informed Jake that pate de foie gras was always eaten with a fork.

Jakey says, in the future he is going to order apple pie.

Tou Pee says, that when he leaves Twin City, he is going to dine on sardines and crackers.

You talking about embarrassing me-

nents: I was dining with a young lady one evening in the gay days of past memories. We were enjoying a chicken dinner, and the young lady apparently had forgotten to eat any food during the day. Well, to make a long story short it seems that her upper teeth were pivot teeth and one stuck in the upper half of a chicken. This left the dear young thing short just one upper front tooth. Before I had time to think I said, "Here, darn, it take mine!"

I have only a few minutes longer and I want to devote a little time to the road question: Meaning U. S. Route No. 1. I heard of a man being injured on this highway near Alexandria and the story goes that this man was taken to a hospital in that city. An examination showed that his sole

injury was to his head and it was absolutely necessary to take out part of his brain. The learned M. D. said, he would in all probability die anyway. If he lived he would be an idiot. Days went by. He lived and was discharged from the hospital he got a job with the State Highway Department in Richmond.

The shoulders of Route No. 1 are being rooted up and the hard soil is being trucked away, arable soil is being hauled in and spread to the thickness of eight or ten inches, to the width of entire shoulder. This makes the Richmond and Washington Highway one of, if not the most dangerous highway in the country today. Imagine you are traveling along a ribbon of concrete 18 feet wide, pass-

ing hundreds of cars, trucks and buses, moving at a speed from 10 to 50 miles per hour. As long as every body drives exactly right all is well. Ten inches in the mud. Luck if you keep right side up. Several serious accidents, scores of near accidents and mental agony is the price the motorist pays for the privilege of entering Virginia through this gateway. Our citizens stand in silence—deliver us from the blindness of our highway department.

One of my 122,000,000 friends left me a fine basket of apples on the portico of the administration building a few mornings ago. Why, sure I believe in Santa. Thanks from the whole little Dent family. An apple a day will keep the blues away.

One of our medicine men had a dark brown, bluish hue taste in his mouth had taken one of his own pills! GEORGE DENT. the other day. O well, probably he Woodbridge, Va.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize a Bible selection each week, it will prove a priceless heritage to them in after years.

THE REWARD OF OVERCOMING—He that hath an ear, let him hear what the Spirit saith unto the churches; to him that overcometh will I give to eat of the tree of life, which is in the midst of the paradise of God.—Rev. 2:7

PRAYER:

"Help O Lord, my weak endeavor, This dull soul to rapture raise!"

Praise Ye the Lord!

Today is Thanksgiving.

What have we to be thankful for? Are we to be depressed by the fact that most of crops have failed or that we face a winter with empty larders?

Not at all. In the first place, most of us still have good healthy bodies and clear minds with which to think, just as the Pilgrim Fathers had when they landed on a rock ribbed coast many years ago.

No condition is so bad but that it might be worse, and no condition is so bad but that it can be bettered by working together toward a common goal.

Let us gather today in our homes and in our churches, trusting in the God of our forefathers, and make this a day of real Thanksgiving, that we are alive and ready to carry on toward the harvest of plentiful years that are sure to follow. Let those of us who are more fortunate show our thanks by joining with our charitable agencies in helping those who are less fortunate. Such a spirit is the common touch that unifies all human-kind and keeps away the sinister influence of communism; it is the dominant feature of the Anglo-Saxon race which has made it possible to hold aloft the banner of Christianity and to preserve for the races that are to come a reasonable, rational civilization.

Who Pays for Advertising?

The question is often agitated as to who ultimately pays for newspaper and other advertising and the erroneous impression sometimes prevails that the consumer foots the bill. Such is not the case.

In an address before the Advertising Club of Washington a few days ago, Mr. Stewart L. Mims made the following interesting statement:

"The advertiser does not pay for advertising out of his profits and it does not come out of the pocket of the consumers. There is no black magic about it only a marvelous paradox by which you have your cake and eat it too. Advertising pays its own bill by stimulating consumption and speeding up production, and thereby creating enough wealth to pay the bill many times over."

A local analysis of the advertising situation brings the whole situation to a logical focus. The local merchant decides upon a

policy of close margins and larger volume. His values become worth advertising and he increases his newspaper space. His advertising costs him nothing, because he registers greater profits. The consumer does not pay for the advertising because he purchases at lower prices. Who does pay for it?

The man who does not advertise!

IN MEMORIAM

In sad but loving remembrance of my dear Husband, DeWitt Talmadge Herndon, who departed this life one year ago, November 29, 1929.

Today recalls the memory Of a loved one gone to rest And those who think of him to day Are those who loved him best.

Oh, the memory of that morning When we knew that he was dead Our hearts were crushed with sorrow And many tears were shed.

Surrounded by friends we are lone-some

In the midst of our joy we are blue Loved, remembered, longed for all ways, Bringing many a silent tear.

Dearest husband, you have left us And the loss is hard to bear It fills our hearts with sadness When we see your vacant chair

THE
LOW PRICE
HABIT

(A customer wrote this ad)

"I began shopping at an A&P store reluctantly. We don't need to be careful about expenditures, and I am a little fussy. It didn't seem to me likely that I could get what I want where the crowds go.

"Your coffee caught me. I came on your Eight O'clock by accident. It suited me better than any brand I had tried, in spite of its low price.

"Going to your store for my coffee, I began to notice other things. I tried a few and found them good, though cheap. Gradually I extended my purchases until now I get all my food from A&P.

"I'd still rather pay by check at the end of the month. But I am now used to cash payments, and saving money while getting the very best gives me what my children call a real kick. I thought you might like to know this."

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit of ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.

NIGHT COUGHING QUICKLY RELIEVED

Famous Prescription Gives Almost Instant Relief

Night coughs or coughs caused by a cold or by an irritated throat are usually due to conditions which ordinary medicines do not reach. But the very first swallow of Thoxine, a doctor's prescription, is guaranteed to give almost instant relief. Thoxine works on a different principle, it goes direct to the internal cause.

Thoxine is pleasant tasting and safe for the whole family. It will give you better and quicker relief for coughs or sore throat than anything you have ever tried or your ready for use in 35c, 60c, and \$1.00 money will be refunded. Put up in bottles. Sold by

BIGGER AND BETTER

THE NEW CHEVROLET SIX HAS MANY IMPROVEMENTS

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-year record of constant progress and improvement. For this Bigger and Better Six offers new beauty, new luxury, new completeness and new quality—yet it sells at lower prices!

In every curve and sweep of Chevrolet's modern lines—in every detail of its new Fisher bodies, you will see the fine hand of the master designer and the skillful craftsman. And the more closely you inspect it, the more deeply impressed you will be.

The improvements in the new Chevrolet Six begin at the smart new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper. The lines are longer and lower, giving an air of exceptional fleetness and grace. And the interiors of the new Fisher bodies provide a new degree of

comfort and luxury: greater roominess; fine quality mohair or broadcloth upholstery; more pleasing interior fittings; and a new, completely equipped instrument panel.

The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier, deeper and stronger than before. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism; an easier shifting transmission. In fact, every vital feature of the new car has been made better to provide more thorough satisfaction for the owner.

And along with these improvements, Chevrolet offers the smooth performance of a 50-horsepower, six-cylinder motor—four long semi-elliptic springs—four hydraulic shock absorbers—a safety gasoline tank at the rear of the car—and an economy of operation not surpassed by any automobile.

AT NEW LOW PRICES

Fine as it is, the new Chevrolet Six now sells at lower prices—making the economy and satisfaction of Chevrolet ownership even more outstanding. We urge you to come in and see

the Bigger and Better Chevrolet. Its modern design reflects the spirit of the times—and it represents a value which will command the interest of every buyer in the low-price field.
