

## MR. E. R. CONNER ISSUES STATEMENT

President Report by Chairman  
Byrd

Manassas, Virginia,  
December 1, 1930.

Editor, Manassas Journal:

I am in receipt of a letter from Ex-Governor Byrd, Chairman State Drought Relief Committee, outlining the resolutions passed at the meeting of the Drought Relief Committees from twenty states held in Washington, November 20. This letter gives a general explanation of the recommendations which have been brought before the consideration of Congress, and offers assurance that Virginia may expect substantial relief with the passage of the bills.

In order to let the people of the counties know just what has been done to aid the drought stricken areas, I think that Mr. Byrd's letter should be published and due appreciation be given him for the efforts he has made in furthering such legislation. The three resolutions set forth in the following letter offer valuable solutions to the relief problem, and should prove especially beneficial to our own state.

E. R. CONNER, Chairman

Relief Drought Committee  
Richmond, Virginia  
November 25, 1930.

To Members of Virginia Drought Relief Committees:

I beg to submit to you the following report of the meeting of the State Drought Relief Chairmen held in Washington on Nov. 20:

The meeting was called to order by Secretary Hyde. Each state was requested to outline the situation existing by reason of the drought. It developed that 1,000 counties were designated as drought suffering counties, and of this number 100 were designated in Virginia. On this basis it was estimated that 10 per cent of the drought damage occurred in Virginia. The states of Virginia, West Virginia, Kentucky and Arkansas apparently suffered the most. After each state had made its report, a committee of five was appointed to make recommendations as to relief measures, and to report to the general meeting. I was appointed by Secretary Hyde as a member of this committee. The committee made the following important recommendations and upon submission to the general committee all were unanimously approved. Secretary Hyde stated that the recommendations as made would also have the strong support of the administration.

Resolution 1  
The text of this resolution is as follows:

In view of the serious agricultural situation existing throughout the drought-stricken areas of the United States. Be it Resolved: That the National Drought Conference urge the Congress of the United States to enact such appropriate legislation as

## SWAVELEY NOTES

The football game on Thanksgiving Day was a very close and interesting one, even though we had the misfortune to lose. It was attended by a large number of spectators.

The Thanksgiving Dance was pronounced by all a great success. Good music, pretty decorations and charming dresses all combined to render the affair very delightful.

Among the out-of-town guests present at the Dinner Dance were Mr. and Mrs. Messer of Millersburg, Pa., Mr. Enzien, of Fairmont, W. Va., Miss Capo, of Beaver College, Jenkintown, Pa., Miss Cooper, Miss Morrison, and Miss Bonvillian, all of Washington, and Miss Young of Hagerstown, Md.

Bill Young and Tom Dabney were also visitors for the game and the dance.

Mrs. Irving of Cynwyd, Pa., was the guest of Mr. and Mrs. Swaveley over Thanksgiving and the week end.

Miss Ball spent the week end in Baltimore.

Mr. and Mrs. Kline spent the week end in Warrenton with Mrs. Kline's mother.

## NOTICE

To get the Journal out promptly for the next month, we are notifying our correspondents to get in as much matter as possible on Tuesdays.

The issues of December 25 and January 1 will have to be printed on the day before.

## HUNTING SEASON OVER

On account of the rather poor condition of the game in the drought stricken area, the Game Commission at its hearing last week summarily closed the season after this week in approximately one-fourth of the counties.

## C. D. C. ENTERTAINED

Mrs. E. H. Hibbs and Thornton Hostesses

On Wednesday, December 3, the daughters of the Confederacy were entertained by Mrs. E. H. Hibbs and Mrs. J. H. Thornton at the home of Mrs. Hibbs on Grant Ave.

The meeting convened at 2 o'clock p. m., with Mrs. Albert Speiden, presiding. After the opening prayer, the reports of the officers were submitted and among the most interesting was the report of the new Historian, Mrs. J. A. Hutchison, who outlined the historical program for the year and urged the chapter to compete for some of the prizes offered in the Virginia Division. A list of the prizes and subjects can be obtained from either Mrs. Hutchison or Mrs. Sinclair, our president. It is the most earnest desire of Mrs. Hutchison that the Manassas chapter win the "Hill Loving Cup" rewarded for the best historical report at the end of the year. In carrying out her program she plans to have a number of historical meetings and to devote part of each monthly meeting to this work.

To visit the schools and address the pupils in the interest of the U. D. C. to place a number of books in the school libraries, and also to begin collecting material for a chapter scrap book. A Historical Quiz conducted by Mrs. Hutchison added to the delightful entertainment of the afternoon the few were answered. However, our hostess, Mrs. Hibbs, was able to tell of the Confederate Naval Academy. An interesting feature of the January program will be a talk by Mrs. C. M. Larkin on "General Lee's Reason for Declining the Command of the Federal Army."

As a future date the chapter will take an "imaginary trip" on the Jefferson Davis Highway personally conducted by Mrs. E. H. Marsteller.

Since the last meeting another Confederate veteran, Judge Haislip, has passed on. Year by year the line is getting smaller and soon there will be no line at all but in the hearts of our Southern Women the spirit of the Confederacy will live on. "Loyalty to the truth of Confederate History" is our motto.

It was a long cherished dream of our late Mrs. Margaret E. Barbour to secure the pictures of Prince William Soldiers and have them framed together. Mrs. J. B. T. Thornton was requested to complete this work. Mrs. Murphy, Mrs. C. M. Larkin, and Mrs. Middlethorn were authorized to place two southern books in the school library, this being a part of the historical program for the year. A number of new names were presented to Albert Speiden was requested to forward them application blanks.

Mrs. E. S. Hynson was appointed to serve with Mrs. C. M. Larkin on the Civilian Relief Committee of which Mrs. C. E. Johnson is chairman. A sum of \$10.00 was set aside for this work for the year 1931. After the meeting adjourned a delightful social hour was enjoyed by all. The lavish hospitality of "Old Virginia" is no relic of pre-colonial days. Our charming hostesses were assisted in serving by Mrs. E. H. Davies, Mrs. C. E. Brown, Mrs. W. F. Dowell, and Mrs. Howard Jomison. Mrs. E. H. Marsteller presided over the tea and coffee service. A delicious chicken salad course and dessert were served. We regretted the absence of the president but were recompensed by the largest attendance for the year. There were 24 members and two guests present. The guests were Mrs. W. F. Cocke and Mrs. H. Thornton Davies.

## WOMAN'S CLUB MEETING

The regular meeting of the Woman's Club will be held on Wednesday, December 10, at 2:30 at the High School. The program will be devoted to Welfare Work and there will be two speakers, Mr. James of Richmond and Mrs. Aylene Guthrie of the District Home.

## EXECUTIVE BOARD MEETING

All members of the Executive board are especially urged to be present on Monday at 3 p. m., at the home of Mrs. Robert H. Smith, as some important business is to be brought up before the board.

## 1-B SEALS SELLING GOOD

Committee Hopes for Excellent Results this Year when Help is so Vitally Needed

The sale of T-B seals in the county is progressing very favorably according to a statement made today by chairman A. S. Gibson. The letters have been mailed out and answers are coming in on every mail. It is hoped that the people of Prince William County will respond as generously as they can, and will use these little stickers on their letters and Christmas packages.

"Each stamp will help some person suffering with tuberculosis, or threatened with that dreaded disease to renew health and strength or to the assurance that he is not infected with the T-B germs," said Mr. Gibson.

"The thanks of the Committee are extended to all the citizens of the county who are taking an active interest in the sale of these seals," added the Chairman.

## CIRCUIT COURT IS KEPT BUSY

Press of Docket Makes a Number of Postponements Necessary

The following cases have been transferred to the February term; Norman Herald, Robert Walker, F. W. Peters, L. E. Smith, Howard Wells.

The following cases were dismissed: L. W. Fritter and Alvin Fritter (contempt), Emma Welch (appeal) Millie Hampton.

Capiases were issued for George Jewell, Silas Russell and William Gallahan, the bond of the latter being declared forfeited.

In the case of Edward Reid, the court refused to grant a new trial or to set aside the verdict of the jury at the last term.

A jury found John Marshall not guilty of a charge of seduction.

A jury with George E. Sautter, foreman, found James Helm guilty of a charge of assault and battery, and fixed his fine at \$100. On motion of counsel, the court will consider whether a new trial should be granted at the February term.

The following plead guilty: J. C. Bramell (\$50 and thirty days, with jail sentence suspended), Charles Hampton (\$50 and suspended sentence of thirty days), Marion Pearson (\$50 and six months), Marshall Beavers (\$50 and six months, judgment set aside until February term), Nelson Abel (\$5 and six months), D. W. Posey granted an attachment against an automobile owned by J. T. Robb.

A special grand jury with Hon. Harry P. Davis, foreman found the following true bills: Lewis Campbell (prohibition felony), Eddie Schmidt (felony), Bill Miller (felony).

A jury with C. J. Gilliss, foreman, found Alvin Fritter not guilty of a prohibition felony.

In the case of T. E. Murphy against J. B. and Edward Lee Arnold, the court appointed Hon. Robinson Moncre temporary guardian to attend to the interests of Edward Arnold, a minor.

Thomas H. Cobb was appointed a justice of the peace vice S. H. Haislip, deceased. Mr. Cobb immediately qualified.

Bill Miller, who broke into Hibbs and Giddings on Monday night, entered a plea of guilty and was given a sentence of two years.

Eddie Schmidt, who robbed Shelton's Filling Station and was shot by the latter, also plead guilty and was given a year.

## ROBBED FOR FIFTH TIME

Mr. J. M. Shelton, who runs a store and filling station three miles north of Woodbridge, has been robbed again.

This time the marauders got in through an ice box which he built in the lot is said to be over thirty dollars. The store was broken into while no one was around.

On one occasion, he was knocked in the head by a customer. At another time, he heard the lock on his tank being knocked off, and then he ran out, they began shooting. He returned the fire, hitting one man, but in the getaway no one knows how badly he was hurt.

Mr. Shelton literally has to sleep "in his boots."

## DECEMBER 1, T. L. MEETING

The Loyal Temperance Legion will hold their regular monthly meeting Sunday, December 7, at 3 p. m., in the Presbyterian Church. A full attendance is desired.

## MANASSAS HIGH SCHOOL IS NOSED OUT BY TOWN TEAM

Manassas High School and the Town basketball teams clashed in an exciting game on Tuesday night, December 2, with a score of 16 to 15 in favor of the Town team.

The game was comparatively fast for the first one of the season, and proved that the High School boys were a good match for the Town's veteran team.

The High School team is composed of men, who are playing basketball for the first time with the exception of Gilroy, who played last year. With a little experience this team will probably be one of the best that the High School has had for several years.

The outstanding players for the number of points made were; for the Town, Humphreys 8; for the High School, Leith 6 points and Gilroy 5.

The line-up was as follows:

High School	Town
Leith	R.F. Broadus
Gilroy	L.F. Saunders
Smith	Center Jackson
Vetter	R.G. Dodson
W. Kite	L.G. Humphreys

Substitutions: Town, Muddiman for Saunders, Saunders for Jackson; High School, None.

In past years, the High School team has enjoyed your support, expressed by your presence at the games, why not give them a little better support than before, for they represent the school of which we are justly proud.

## BRENTSVILLE DISTRICT HIGH SCHOOL NEWS

Every one reported an enjoyable Thanksgiving holiday and school has once more begun with all ready to take up their duties.

The meeting of the Junior High School League was held Tuesday, November 23. Janet Trennis was elected to represent the league at the Richmond League Convention, in the place of Charles Beahm, who found it impossible to go. After the business session a good program was given by the members of the league: Rev. L. F. Miller gave an interesting Thanksgiving talk on "Worshipping the Lord in the Beauty of Holiness." He contrasted the ugliness of sin and the duty and virtue of righteousness, showing how our earliest settlers must have been a fine type of people because of the fact that they desired to worship God according to their own conscience, to the extent that they forsook their native land to find a place where they could worship in freedom.

The 4-H Club boys and girls held a meeting Friday, November 21, for the purpose of electing new officers for the new year. Officers elected are vice-president, Philip Reading; secretary and treasurer, Stuart McMichael; chairman of girls' club, Evelyn Kerlin; secretary-treasurer, Hazel Bowman; chairman of boys' club, Stuart McMichael; secretary-treasurer, Vernon Wood. Other officers will be elected at the next meeting.

Hazel Owens, Ruth Hooker, and LaPoint Trennis represented the Grade Junior League at the Richmond League Convention held the latter part of last week.

Miss Marjorie Graybill, Miss Lucy Hillman and Mr. C. O. Bittle attended the meeting of the Virginia Education Association at Richmond.

Miss Elizabeth Morris attended the League Convention while visiting her brother in Richmond.

Miss Kathleen Shumate and Miss Elizabeth Thomasson spent the Thanksgiving holidays at their homes.

Miss Helen Hendrickson spent the Thanksgiving holidays at the home of Mrs. John Seymour near Brentsville.

## OCCOQUAN D. H. S. NEWS

The school resumed its work on Monday after a short Thanksgiving Holiday. The Grades entertained the High School with a very interesting Thanksgiving program Wednesday last.

There were six of the Junior League members attended the Conference held in Richmond on Friday, November 23. Each one reported having a very enjoyable trip, and interesting meeting.

The English III Class, assignment for Wednesday of last week, was to write a short Thanksgiving poem. The following poems were chosen to be published:

## POPULAR AUTHORESS IN MANASSAS

Miss Alice Maude Ewell spent the week end with her cousin, Mrs. Armistead Sinclair. Miss Ewell is widely known by her charming stories of Prince William County.

## MANASSAS BOY HAS LEG BROKEN

Struck While on Way Home  
To Lunch

At noon Thursday, Thomas Edward Marshall, eight-year old son of Town Sergeant Thomas H. Marshall, was playing on his way home from school, which is almost opposite to his house.

Just at that time, Mr. Oden Breeden was approaching. Mr. Breeden is reported as stating that he saw nothing of the lad until he was immediately on him. The circuit court being in session there were a large number of machines lined on the north side of the curb.

Dr. McBryde was called in and after doing what he could for the lad, whose leg was fractured and face badly cut, Messrs. Baker and Stauff took him in their special ambulance to the Warrenton Hospital where he is resting quietly, no fever having as yet developed.

## MACHINE PLUNGES INTO TRAIN

Southern Railway Employee in  
Serious Condition

Oscar N. Hudson, a telegraph operator at Catlett's, is in the Warrenton Hospital in a dangerous condition as the result of what appears to have been a most unusual accident Wednesday evening at Calverton.

According to reports, Mr. Hudson who was on his way home, pulled up to allow a train to pass. He seems to have left his car in his gear when he stopped. The machine plunged forward and struck the rear of the train, and Mr. Hudson was picked up in the wreckage in an unconscious condition and rushed to the hospital where he was still in that condition when this matter goes to press.

Mr. Hudson was formerly stationed at Manassas where he made many acquaintances.

## SAD ACCIDENT AT NOKESVILLE

Victor Smith Crushed Under  
Tractor in Father's Barn

One of the saddest accidents in recent years occurred Wednesday morning near Nokesville when Victor Smith, son of Mr. and Mrs. Cecil Smith was killed by his tractor.

There is nothing to determine the exact manner in which the tragedy occurred. The nearest solution appears to be that Mr. Smith was standing with one foot on the ground, manipulating the clutch with the other, preparing to hitch to the drill. His foot must have slipped, and his leg went down under the wheel of the machine which was in gear. The machine kept coming until it is jammed. The hot exhaust set fire to his clothing, and the barn was soon in flames. Mr. Smith was probably almost instantly killed.

The deceased was a popular young man of exemplary character, industrious and fulfilling every requisite of good citizenship. His untimely end is regretted by a large circle of friends and relatives. Besides his parents he leaves four sisters and four brothers; Mrs. Florence Ahtey, Miss Frances Smith, Mrs. Edith Sanders, Miss Eleanor Smith, and Messrs. Harold, Clayton, Horace and Simon Smith.

The funeral will take place at Catlett's, at 2 p. m., Friday, the Rev. Kountz officiating. If Mr. Smith had lived this would have been his twenty-fifth birthday.

## XMAS OPERETTA AT MANASSAS

Pupils of Bennett Graded  
School Perform on Dec. 12

Under the direction of Miss Virginia N. Speiden, pupils of the Bennett Graded School at Manassas will give a Christmas operetta, "The Crosspatch Fairies" at 8 p. m., on December 12 in the auditorium of the local high school. Elaborate preparation have been made and the efficiency displayed in the rehearsals indicate that those who attend will be highly entertained.

## VIRGINIA READY SAYS POLLARD

Expressing confidence in the preparedness of the Old Dominion to face the future, despite present business depression and the blight of the drought, Governor John Garland Pollard, in an article entitled "Virginia is Ready," sets forth the following facts:

"It is a well known fact that in recent years Virginia has enjoyed an industrial and commercial advance in such proportions as to attract national attention. Before the beginning of the general business depression from which we are still suffering, fact that during the preceding three years new capital exceeding two hundred millions of dollars came to Virginia for investment in new industrial enterprises, while the industrial output in Virginia increased by leaps and bounds. In 1925, for instance, such output was \$607,392,395 and in 1928 it was \$815,910,899.

The general business depression from which we are now suffering has caused somewhat of a halt in this phenomenal progress; but Virginia is sound, industrially and economically, and as it has perhaps suffered as little from the nation-wide business depression as any other State, so it is reasonable to suppose that its recovery will be swift.

It is interesting to note that Virginians did not suffer to the extent formerly supposed by reason of the stock market crashes of last fall. When the current State budget was being prepared last December, it was estimated that Virginians had sustained in the stock market in 1929, deductible losses of sums so large that the individual income tax revenues of the State would be decreased thereby to the extent of \$250,000 in 1930. It now appears, however, from the assessments thus far made in 1930, covering the income year 1929, that the losses which the State will sustain in individual income tax collections by reason of the stock crashes in 1929 will be but a small part of the estimated \$250,000. This is particularly gratifying because it indicates that Virginians did not allow themselves during the period of the pyramiding which took place in the stock market, to become parties to that orgy of speculation on a large scale. It is proverbial that Virginians are conservative within the best meaning of that word.

It is interesting to note, also, from the assessments thus far made in 1930, of bonds, notes and other evidences of debt owned by our citizens on January 1, 1930, that the completed assessments of 1929, and that likewise the assessments in 1930 of capital used or employed in various businesses, principally the manufacturing and mining businesses, will show a small increase over 1929. Corporation income taxes assessed in and for the tax assessment year, 1930, will exceed the assessments made in 1929.

These facts as to tax assessments in 1930 are given because they are significant and extremely encouraging. What will happen in 1931 remains to be seen.

Virginia has suffered from the unprecedented drought of 1930 to a distressing extent. The enormous losses sustained by our people, especially our farmers, on account of the drought, must be recognized and not minimized. The State has done its best, and is still doing its best, to formulate and execute a program of relief. It has wholeheartedly co-operated with the Federal government in minimizing the State has done its best and their most considerate action.

Notwithstanding the present business depression and the drought its efforts. The situation is such as to call for the best thought of our people, the spirit of Virginia remains the same as it has always been. This is the spirit which gave Virginia the leadership in the establishment of the nation, and it is the spirit which has built the new Virginia upon the old.

Virginia has set its governmental house in order. In recent years, the tax system has been reformed, the administration of the State government has been reorganized, the State constitution has been brought up-to-date by a general revision, and tremendous efforts have been otherwise made to remove all legal barriers to progress. Sectionalism has been banished. Constructive legislation to "build and mend" has been recently enacted.

## CARD OF THANKS

I wish to thank friends and neighbors during the illness and death of my mother, Mrs. R. A. Nalls, who died November 21, 1930, at age of 87 years.

## MEMORIAM

In loving memory of our dear son and brother Brown Ennis, who was killed three years ago today, December 3, 1927.

How sad today our troubled hearts,  
How dim our eyes with tears;  
For death has robbed us of the one  
We thought was ours for years.  
Often, often, do we wander  
To a grave not far away,  
Where we laid our loving Brownie,  
Just three years ago today.

Three years have passed, dear Brownie  
But our hearts are just the same,  
Many a silent tear has fallen,  
At the mention of your name.

Like a flower that fades away,  
Upon this earth he could not stay,  
For God sees and knows the best,  
So he took our dear one home, to rest.

Heaven retaineth now our treasure,  
Earth alone the casket keeps;  
And the sunshine loves to linger,  
Where our dear Brownie sleeps.

Keep him, Jesus, in Thy keeping,  
Until we reach the heavenly shore,  
Then, oh Master, let us have him,  
To love and cherish as before.

By the Family.

## MEMORIAM

In sad but loving remembrance of my dear Son, Albert W. E. Cornwell, who departed this life three years ago December, 1927.

Oh, Dear Albert how I loved you  
Oh, how hard to give you up,  
But an angel came down for you  
And removed you from our flock.

My heart still aches with sadness,  
My eyes shed many a tear,  
God only knows how I miss you  
As it dawns another year.

Rest in peace, your pain is ended,  
Sweetly sleep, your work is done  
You have gone where those who love  
you,

Soon are coming one by one.

Gone is the face we loved so well  
Silent is the voice we loved to hear  
Tis sad but true we wonder why  
The best are always first to die.

By His Loving Mother,  
LAURA R. CORNWELL.

## The Turkey's Thanksgiving

"Be that axe my sign of parting,  
With my head" Turk squawked up-starting.

"Get the back into the tempest and  
the Nights Plutonian Share."

"Leave no feather as a token of the  
word the cook has spoken,  
Leave my happiness unbroken,  
Let me live another year."

"Take thy hand from 'round my feet  
And take the axe from off my ear."  
Quoth the axeman—"Never fear."

And the turkey ever wabbling  
Still is gabbling, still is gabbling,  
O'er the barn and all the barnyard  
But not by the farmhouse door.

And his eyes have all the seeming of  
a turkey that is dreaming.

Of a narrow escape from the axe that  
stands by the farmhouse door  
But over his head that cruel axe that  
stands by the farmhouse door.

Shall be lifted—Nevermore.  
"Chubby."

## Comics

Thanksgiving Day is coming  
And this we all know well,  
After that Thanksgiving blessing,  
On that Turkey I will dwell.

Thanksgiving Day is over,  
And boy, oh! those pains,  
I took a dose of Calamel,  
'Bout forty-eleven grains.

"Bulp."

Fire Chief G. L. Sears, of the Salem, Virginia, Fire Department

"The use of ESSO as our Motor Fuel has been a very large contributing factor in establishing and maintaining our record as the fastest Volunteer Fire Department in the State of Virginia.

"The quick-starting, smooth acceleration and giant-like power qualities of ESSO are very essential to a Fire Department."—Fire Chief G. L. Sears, of the Salem, Virginia, Fire Department.

YOU may never dash to fires at break-neck speed, weaving a snake-like course through traffic, but with ESSO in your tank, you can "step-out" like a fire department whenever you feel the urge. ESSO is built for power—and costs no more by the mile.

Stop today at the silver ESSO pump and fill your tank. See for yourself why ESSO is used by those who must get "there" in a hurry.

Old Newspaper Records Activities of  
 an Agricultural Society

(Reprinted from The Alexandria Herald October, 1930)

Fairfax Courthouse was not always known by its present name. The village was originally known as the Town of Providence. The magisterial District in which the historic old county seat is located is still known by the name of Providence, but an old newspaper, dated October 30, 1852, while styled "The Fairfax News" carries the statement that it was published every Saturday morning at Providence, Virginia. The Editor and proprietor was E. Hughes. Hiram Brown was the publisher and the issue now preserved in the old newspaper section of the Library of Congress carried the legend: Vol. 4, No. 10, indicating that the paper had been established in 1848.

The make-up of the paper, its clear impression and standard width columns would do credit to a modern publication. Its four pages carry six columns each of interesting reading matter and it is well stocked with advertisements, especially from the City of Alexandria. The editorial records the death of Daniel Webster and quotes an eloquent eulogy from the Baltimore Sun.

One of the leading news articles deals with the annual exhibition conducted by the Fairfax Agricultural Society, the officers of which are named and a list of prize winners denotes the progressive agriculturists of that amiable period of Fairfax County's long and eventful history.

The exhibition was held in the Courthouse on October 16 and 17, 1852, and the following exhibitors were awarded prizes on their respective exhibits:

William Swink, Ruben Kelsey, Dr. W. P. Gunnell, Chas. Kirby, Chas. Sutton, James P. Machen, R. M. C. Throckmorton, G. W. Hunter, A. G. Davis, Mrs. S. M. Ball, William Y. Dulin, O. W. Bailey, E. O. Powell, Mrs. Halbert, Com. Thos. Ap. C. Jones, William Ayre, Thomas Moore, Lewis Bailey, Tapley Worster, Jas. Sherman, Mrs. Silas Burke, Miss S. S. Froble, Mrs. A. S. Grigsby, Mrs. Alfred Moss, Mrs. W. T. Rumsey, Mrs. J. R. Taylor, Mrs. Ronk, Miss E. V. Richardson, Mrs. N. Conrad, Mrs. D. F. Dulaney, Mrs. A. J. Harrison, Miss Mary Hunter, Miss Proctor, Mystic Fraternity of the Castle of Ehrenstein, Miss Cora D. Pritchett, Miss Ladoo, Mrs. Mildred Ratcliffe, Mrs. J. M. Grandin, Mrs. William Swink, Mrs. E. M. Millan, Mrs. J. T. Murray, Mrs. Jane Coffey, Mrs. George Seelman, Mrs. Middleton, F. D. Richardson, 6 years of age, for a wood chain and ball made by Joseph Cooper, H. T. Monroe, H. C. Williams.

The speaker of the day was Joseph H. Bradley.

The officers of the Fairfax Agricultural Society were: Richard M. C. Throckmorton, president; H. C. Williams, first vice-president; W. W. Ball, second vice-president; Levi Burke, third vice-president; S. T. Stuart, corresponding secretary and F. D. Richardson, recording secretary and treasurer.

Of these progressive citizens of Fairfax County who exhibited agricultural and domestic arts products in 1852, only one person is living today. The Miss E. V. Richardson there named is Mrs. Holbrook, of Fairfax, widow of the late Capt. Thomas H. Holbrook, a gallant Confederate soldier, Mrs. Holbrook, at the advanced age of 94 enjoys good health and makes her home with her son, Mr. Elton Holbrook, Deputy Clerk of the Fairfax Court.

It would be interesting to comment upon the other names, practically all of whom will be remembered by the older residents of the County. Many, however, have only passed to their reward in fairly recent years and such detailed discussion would scarcely be considered historical. No one to date, however, has been able to throw any light upon the "Mystic Fraternity of the Castle of Ehrenstein."

A subject of editorial comment at this time was the enormous dimensions of the corn raised by Jas. Williams, of "Ash Grove." The stalks measured 16 feet 9 inches—the distance to the first ear 12 feet 6 inches and to the second ear 13 feet 1 inch.

Passing to other items of news on this old publication the following comment in reference to the opening of the county court is noted:

"On the first day the Grand Jury, after a brief charge from his honor, Judge Tyler, retired for a few moments and returned into court without finding a presentment or indictment—a circumstance which speaks well for the morals of our county."

Another item of interest is an election notice naming commissioners of election and their respective precincts. And the wording of the notice also indicates that in those days the people realized that they do not vote directly for President and Vice President of the United States, but for electors who are required by law to make the selection. The notice reads as follows:

"The following gentlemen have been appointed commissioners to superintend the Election of Electors of President and Vice President of the United States, at the several precincts of Fairfax County:

Centreville: Willis B. McCormick, Benj. F. Rose, Thomas N. Stewart.

Sangsters: F. N. Ford, J. W. Hickey, J. D. Makely, Hall's: Dr. Thomas Nevitt, R. H. Halley, R. H. Wheeler.

Arundell: Joe M. Halley, T. J. Suddath, W. W. Ellzey, Accotink: Levi Burke, A. J. McKenzie, Willis Henderson.

Millans: Richard Windsor, Dennis Johnson, Wm. W. Triplett.

The Farmer's Intelligencer

Nine years previous to the county fair just described

in Fairfax County an attempt was made to establish an agricultural journal at the County seat, called the Farmer's Intelligencer. J. D. Hitt was the editor and publisher. A copy of the first:

According to the records of the Library of Congress the first issue of the Farmer's Intelligencer appeared October 21, 1843. How successful the enterprise was on one seems to recall. No other issues of the paper have come to light. The copy mentioned, however, throws considerable light upon conditions in the county. Apparently there was considerable agitation at the time for a revision of the Virginia Constitution. In advocacy of a more economical and simplified court procedure, the editor makes the following interesting observations:

"We have too much law, too many courts for the interest of the people; we have fourteen courts in the year inevitably and frequently twenty, say they will average sixteen. In the county of Fairfax there is a population of white males over ten years of age of 1514 according to the last census; according to our tavern keepers they will average 200 each court for two days (of course some courts more, some less). This will make 3200 days and say the expense will average two dollars per day, it is \$6400. Now the loss per day by neglect of business cannot be less than 50 cents per day, which will make the sum of \$8000 per year expended and lost for courts, which is upwards of seven dollars apiece for every white male over 10 years of age, to say nothing of the enormous amount of fees. That two courts per year could do all the business needs no argument because there are states in the Union that do more business in less time."

**The Jug**

While lingering reluctantly over the precious relic from which the foregoing interesting data has been noted, one cannot help including the following editorial comment, which offers as much food for serious contemplation now as the day it was penned:

"The Jug is a most singular utensil. A Pail, a tumbler, or a decanter can be rinsed, and you may satisfy yourself by optical proof that it is clean but the jug has a little hole in the top and the interior is all darkness. No eye penetrates it, no hand moves over the surface. You can clean it only by putting in water, shaking it up and pouring it out. If the water comes out clean, you judge you have succeeded in cleaning the jug, and visa versa. Hence the jug is like the human heart. Nor mortal eye can look into its recesses, and you can judge only of its purity by what comes out of it."

## TWIN CITY GOSSIP

(OCCOQUAN AND WOODBRIDGE)

All's quiet on the Potomac. Old Man Billie Lynn, says that he is unable to enjoy the boom that has come to Twin City — that infernal bunion.

Our Congress opened yesterday. A can opener did the work. Unsettled conditions caused the Reds to riot. Tear bombs, shots, fists and a mighty wiggling of the tongues is a warning to one hundred and twenty millions of people that "All is not gold that glitters." We read of such happenings across the waters and held our breath; now we are smoking it in our own pipes.

No work, no food, no place to sleep. Lights shining from mansions, food, warmth and the comforts of royalty enjoyed by a select few. How long will this last? Will history repeat itself? Even a dumb brute fights for its young.

Mr. Yates, one of our prosperous dryland farmers, was down to see us the other day. The old boy was cheerful with a bluish pink blush upon his manly face. Reports wheat looking fine and grass ditto. He told me a secret, but God-damned if I know what to do with such a thing. Secrets have a peculiar psychological effect on my mental equilibrium which is conducive to a guttural paroxysm.

I notice with pleasure my old friend Lindsey Dawson has been made chairman of the Honorable Board of Supervisors of Prince William County. Undoubtedly the Board recognizes Independence when they see it. Way back in the days of chilly feelings and sickly thoughts (1928) my old friend Dawson was an Independent. When he got a whiff of Raskob and Smith he immediately climbed a Hoover tree. Dawson was a 1928, Patrick Henry. "Give me liberty or give me death." He lives and is moving up. Greetings to the new chairman!

Prosperity has undoubtedly whacked Gummy Russell across the head, he is building an up to date dairy barn. Listen "Gc" what about the forbidden fruit?

Lost, strayed or stolen: One very good deputy sheriff, answering to the name of "Joe Hinton." A good cigar for his return.

Some time ago I mentioned that I was going to give a list of the early Prince William candidates and comment briefly on each popular and potential public servant. At the time several had told me that they were going to dive into the uncertain waters of political aspirations. I had already noticed the extra heavy persimmon crop. So I put the two together and figured that the heavy roll of candidates plus the enormous persimmon crop had the earmarks of a hard winter. For some unknown reason, the candidates are keeping quiet. SSSHH!

Friends of the little red school house, don't forget your duty.

Under the rules of Congress the Capper-Robinson bill will come before the December session as unfinished business. More than five hundred thousands of American citizens have endorsed the Capper-Robinson Free Public School bill, calling for a department of Education with a secretary in the President's Cabinet.

Our free school system is a wonderful system of education, but needs expert advice. The burden of collecting and disseminating while advice should be borne by the Federal Government. Now don't let the foolish politicians bellow, "States' rights" and fool you!

A changing education in a rapidly changing social world has become a problem of national dimensions and the part that the Federal Government is playing and ought to play in the whole national plan of education becomes the problem of the highest authority possible.

Provincialism in education must stamp its toe, fall down and break its neck.

GEORGE DENT.

## THE NEW CHEVROLET

Thousands of people who thronged showrooms throughout the nation in the two weeks to get their first view of the new 1931 Chevrolet commented particularly upon the features new to the low priced Xld achieved in the current line of Fisher-Chevrolet bodies.

First remarked among the new features are the increased size and roominess made possible by the longer wheelbase, while numerous other changes not obvious to the eye combine to make the bodies stronger, more rigid, and as completely squeak-proof as human ingenuity can devise. A surprising amount of hand-work goes into every individual body in the new Chevrolet series. In the they will retain their shape inde-

application of the exterior finish, alone, 22 individual steps have to be taken along the line, ranging from acid solution on through the glazing the cleaning of the metal with an and wet-sanding operations, the dry-sanding and application of a mist coat, to the final Ducoing, touching up and striping.

The combination steel and hardwood method of body construction, the most durable and desirable known to the industry, is continued, although with important changes at vital points. The new roof construction, for example, is now a separate assembly known as the slat and bow type, the strongest known to the industry. The bows, instead of being steam bent, are cut to shape so that they will retain their shape inde-

finately. Double steel braces easily accessible for servicing, replace the wood strainers formerly used along the sides of the roof, and strong steel braces are now used at the corners to add to the roof rigidity. The roof structure is thoroughly padded to prevent drumming, and is covered with a material consisting of two layers of fabric bound by an inner layer of rubber.

Anti-squeak material in liquid, rubber dough or friction form is used between all steel braces and their respective wood parts. As a further aid to quietness, insulating material is used wherever wood touches metal.

Exclusive patent rights just obtained by the Fisher Body Corporation for a new type of spring never before used in automobile seat con-

struction assure greater effort for the passengers. The coils of these springs are larger, with strips of bur-lap running lengthwise to separate the rows of coils.

In the sedan 2 coil springs make the front seat unusually resilient, and 45 coils are in the rear seat, nine more than in the 1930 models. Over the springs is placed a thick layer of padding unusually durable and soft. The upholstery cloth is piped with another layer of padding, and the seats are trimmed with a "Turkish" front, with tufts and buttons ranged along the front side of the cushion, a style of trim which adds much to the tailored beauty of the interior.

For the greater protection of front seat passengers, a layer of jute or felt is vulcanized, this year, to the

rubber floor mats and an insulated pad covers the entire dash to keep out heat or cold and add to quietness.

The mats in the rear compartments of the coach and sedans are a round wire tapestry type of great durability, and in the sport sedan the carpet has a high wool content with a new mottled pattern.

Option of broadcloth or mohair upholstery trimming is provided with every closed body in the new Fisher line. Curtains on all bodies have a high luster, and curtain tassels are provided in the special sedan and sport coupe.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize a Bible selection each week, it will prove a priceless heritage to them in after years.

**THE OPEN DOOR**—I know thy works: behold, I have set before thee an open door, and no man can shut it: for thou hast a little strength, and hast kept my word and hast not denied my name. —Rev. 3:8.

## PRAYER:

"Praise my soul, thou God that savest this."

## AND PAY FOR IT

(Contributed)

Concerning this subject of buying something—the remedy widely recommended to help overcome the present financial depression—a prominent business man of the town recently said, "If I wanted to spend ten dollars, I wouldn't know where to get it." This was not strictly true, for he can do more than he admits even to himself.

In a small community like this, large purchases are not apt to be made, even here we see new automobiles, tractors and farm machinery. Many small purchases will help. Here are a few suggestions. Let the housewife in her housecleaning invite a little more help and pay promptly. Give a poor man a chance to do a little fall plowing and pay him. Clean up your lot, do the odd jobs of papering and plastering and repairing.

Some of these things will require new material. Get it and pay for it. That piece of work you were planning to do—a new addition to the house, the repair of your garage, or even a new garage, a new driveway, will give something for some body to do and will require material. Have it done and pay for it. Let the little money you have circulate.

A story somewhat like this went the rounds a few years ago. A party of men were seated around a table. Suddenly it occurred to one of them that he owed the man next to him ten dollars. He pulled out five dollars and paid it on account. It happened that the second man owed the man next to him, and he passed the bill on and he to the next and so on. Thus it went from man to man back to the original owner. He now paid it as the remainder of his debt and again after passing around the table, it came back to him. He had the money and his debt was paid.

—It pays to pass it on!

## AN EXPLANATION

Some weeks ago there appeared in the columns of the Journal in the news matter that is open to everyone some rather critical remarks concerning J. L. Hinton, deputy sheriff. The Journal, of course, assumes no responsibility for these remarks.

There is nothing personal in the matter as we do not exist for criticism but to give others that opportunity within reason. Mr. Hinton has asked for no apologies from us as he has taken the same attitude that we do in this respect, but we feel that we owe him one, and the apology is herewith extended.

Some weeks ago, we published in our front column headlines a very erroneous statement regarding a remark supposed to have been made by one of the jurors. The remark was made but not by that juror. The records while absolutely correct were the result of court action which in no way should have reflected on that juror. The juror in question was Mr. Gilliss, of Haymarket. We wrote to Mr. Gilliss and explained the nature of the error and likewise published the fact, although the error was made in a very natural way.

Wherever the mistake is ours, and sometimes when it is not, we absolutely want to square ourselves.

## IDEAL GIFT FOR THE BOY

What glorious adventures boys between the ages of ten and twenty have reading THE AMERICAN BOY-YOUTH'S COMPANION. As if by magic, this well-known magazine carries boys to distant parts of the world, introduces them to strange people, lets them experience queer customs and revel in the adventures of foreign lands.

In a single issue, a boy will battle the frozen Northland with sled and dog team, cross Indian-haunted plains in a prairie schooner, zoom over war-torn lands in an army plane or on dangerous routes with a U. S. mail pilot, hunt wild animals in Africa atop the swaying back of an elephant, go cruising in a battleship, fight Arab raiders with the Foreign Legion and participate in many other thrilling experiences that come to readers of THE AMERICAN BOY-YOUTH'S COMPANION.

It is such experiences as these that sharpen a boy's wits, kindle his imagination, strengthen his character, develop his understanding of the world in which he lives and of the people that inhabit it. Here, indeed, is the ideal gift for that boy in whom you are interested—that son, nephew, cousin, neighbor, or, perhaps, the son of a famous associate. An attractive gift card bearing your name will be sent to the boy if you request it with your order. Then every time the mailman brings the magazine to his door, the boy will think of you gratefully.

Subscription prices are only \$2.00 for one year and \$3.00 for three years. Mail your order direct to THE AMERICAN BOY-YOUTH'S COMPANION, 550 W. Lafayette Blvd., Detroit, Michigan. Service on your subscription will start with whichever issue you specify.

## UNIVERSAL BIBLE SUNDAY

Governor John Garland Pollard urges the observance next Sunday, December 7, of Universal Bible Sunday in the churches throughout Virginia. The American Bible Society, an organization which issues annually over eleven million copies of Bibles, Testaments, and Portions in close to two hundred languages, has been sponsoring Universal Bible Sunday over a period of years. Thousands of churches throughout the United States as well as many Christian churches abroad join in this movement which was conceived and is promoted to emphasize the essential position which the Bible occupies in the spiritual life of men and women.

In endorsing Universal Bible Sunday Governor Pollard says: "I heartily endorse the move of the American Bible Society for the celebration of Universal Bible Sunday, December 7. I wish also to acknowledge my own personal debt of gratitude for the great help and inspiration I have re-

ceived from study of the Bible. I Russell were in Manassas Saturday have been a Bible Teacher for many years, and I am more and more impressed as the days go by by the value of the Bible to the world."

## MR. E. R. CONNER ISSUES STATEMENT

(Continued from page 1)

will authorize loans to farmers in the drought areas, for crop production in 1931, for seed of suitable crops, fertilizers, feed for livestock and for fuel and oil for tractors, and for such other purposes of crop production as may be prescribed by the Secretary of Agriculture; that funds be appropriated by Congress in such amount as may be required for such loans; and that the Conference urge the Congress to pass the necessary legislation at the earliest possible date.

In the discussion incident to the adoption of this recommendation it was emphasized that a fund approximately \$60,000,000 would be required, and the loans would be made to deserving farmers, without unnecessary restrictions or red tape, such loans to be for all purposes of crop production, such as feed, fertilizer, seed, spray material, gasoline and oil for tractors, etc.

In the discussion it developed that the federal government has time and time again come to the relief of those injured by national disaster. Congressman Walton Moore was kind enough to furnish me with a transcript of ninety such acts passed by Congress, the first having been passed on May 8, 1912, when \$50,000 was appropriated for provisions to be sent to the government of Venezuela for earthquake sufferers. More recent appropriations for such purposes include an appropriation on August 3, 1918, for the relief of flood sufferers in the southern states. Another appropriation on February 25, 1919, of \$100,000,000 was made for foodstuffs to the populations of Europe. Another appropriation of \$20,000,000 on December 22, 1921, from funds of the United States Grain Corporation, for the purchase and distribution of corn, grain, and preserved milk for the people of Russia. Another appropriation of \$5,000,000 on May 1, 1923, for compensating farmers for losses due to enforcement of non-cotton zones, primarily in Texas. Another appropriation of \$9,000,000 for loans to coffee planters in Porto Rico and for the rebuilding of schools in Porto Rico, as of Jan. 22, 1930. The last appropriation of this character was February 7, 1930, an appropriation of \$587,500 for the control of the pink boll-worm in Arizona and compensation to farmers in non-cotton areas.

It is therefore clear that the drought-stricken states in asking for this relief are not asking the federal government to establish a precedent, but merely to give such aid to the drought-stricken states as has frequently been given to others, and paid for by taxes levied on such states as Virginia, whose people have never before asked for aid of this character.

Congressman James B. Aswell, of Louisiana, the ranking Democratic member of the Agriculture Committee of the House, was present, and stated that this bill, carrying an appropriation of approximately \$60,000,000 would at once be introduced when Congress convened, and that he had assurance of such support as would indicate its immediate passage, making the funds available not later than the middle of December.

If these loans are made without unnecessary restrictions, I believe that great relief will be given thereby. The reports made by county committees indicate that approximately 15,000 Virginia farmers who are normally good credit risks, are now unable to obtain credit from local sources and will need outside aid to the extent of \$5,000,000. I am very much encouraged by this action and the intention to press for the immediate passage of this appropriation act.

### Resolution 2

The drought chairman of the twenty states unanimously approved the Virginia road plan suggested by Governor Pollard, namely, that \$50,000,000 be appropriated for the improvement of roads of the cheaper types of construction so as to utilize in full measure local labor, and without the restrictions now applying to the expenditure of federal road aid on costly types of roads. As Virginia has 10 per cent of the drought-designated counties, we have reason to expect 10 per cent of this appropriation. This to be a special appropriation to the twenty drought states only, to be repaid by each state over a period of ten years by an annual deduction of 10 per cent of the amount received from the normal appropriation. If made effective promptly, this should give substantial relief to the unemployed. In addition, Governor Pollard and Chairman Shirley are doing their utmost to inaugurate the largest possible road building program during the coming months, and many counties have authorized the

deduction of the gasoline tax to be received by such counties during the year 1931. It was further recommended that the normal appropriation of approximately \$2,500,000 due Virginia on July 1, 1931, be anticipated in cash, and be paid to the order of the states as soon as contracts are let during the early winter of 1931.

### Resolution 3

It was unanimously approved that the federal government pay the entire compensation of the local farm agents now jointly paid by the state and federal governments for a period of from one to two years as a relief in local taxation. If the above measures are passed by Congress, as I have every reason to believe will be done, I believe substantial aid will be given. It is the purpose of the chairman of the drought states to keep the relief bills are promptly passed I will keep you advised as to the progress of the legislation as I expect to go to Washington and keep in touch with these matters. I will advise you just as soon as definite action is taken.

### Discontinuance of Reduced Freight Rates

The railroad administration, through their representative, Mr. Gormley, appeared before the conference, and emphatically stated that due to their reduced revenue they were unwilling to continue the reduced freight rates longer than Nov. 30. It is my understanding that shipments originating and rolling on or before November 30, will receive the reduced freight rates. Mr. Gormley stated that more than 60,000 cars had been shipped at an average saving of \$100 per car, and that 21 per cent of such shipments had been destined for Virginia.

While in Washington, Mr. Robert H. Angell, the Red Cross member from Virginia, conferred with Judge Payne and other officials of the American Red Cross. We were assured that every possible effort would be to give such relief to Virginia as may be necessary. If instance of necessity relief should occur in your communities prior to the announcement of a general program, I would suggest that you communicate with Mr. Robert H. Angell, Roanoke, Virginia, who will give immediate attention to the requests that come to him.

Very cordially,

HARRY F. BYRD,  
Chairman.

Emergency Feeding Suggestions  
Given by R. W. Dickson, Dairy Extension Specialist, at Series of Meetings in County.

Emergency dairy feeding suggestions were given by R. W. Dickson, Dairy Extension Specialist, at a series of five feeding meetings held in Prince William County this week.

The following is a brief summary of the suggestions offered by Mr. Dickson:

**Know Analysis of Feed Purchased**  
Feeding dairy cattle is an important problem that most of our dairymen will have to confront this winter. Very little feed was raised on Virginia farms this year; therefore it is necessary that almost all of the feed be bought.

Consider all feeds very carefully when buying; compare them with other feeds and see if you are paying a legitimate price for value received. Know exactly how much digestible food material is in the feed that is considered. The value of a feed is its comparison with other feeds, and it should be bought accordingly.

### General Rules

Feed the roughage that is now on hand and balance the grain ration to it:

- (a) With good legume hay feed a grain mixture containing 13 to 15 per cent digestible protein.
- (b) With legume hay and corn silage feed a grain mixture containing 15 to 18 per cent digestible protein.
- (c) With stover and straw feed a grain mixture containing 18 to 20 per cent digestible protein.

**Suggested Home Grain Mixtures**  
With legumes feed—300 pounds barley, 100 pounds wheat bran, 100 pounds oats, 75 pounds cottonseed meal, 5 pounds salt, 5 pounds steamed bone meal. With silage and legume hay feed—100 pounds barley, 100 pounds oats, 100 pounds wheat bran, 100 pounds cottonseed meal, 4 pounds salt, and 4 pounds steamed bone meal. With coarse hay and straw feed—100 pounds barley, 200 pounds wheat bran, 100 pounds oats, 150 pounds cottonseed meal, 5.5 pounds salt, and 5.5 pounds steamed bone meal.

1. Feed all the roughage that a cow will clean up and balance the grain mixture to the roughage.

2. Feed one pound of grain to each three pounds of milk that the cow produces, provided she does not produce over 40 pounds of milk per day. If she produces more than 40 pounds

of pounds of grain to each 3 1/2 or 4 pounds of milk.

3. Feed all that the cow will respond to in milk production, but when she begins to put on flesh cut down on the grain supply.

Before any profit can be realized this season, rigid culling and good management must be practiced.

"The eye of the master fattens his cattle," this applies to the feeding of dairy cattle as well as beef cattle.

### MANASSAS DISTRICT FARMERS ELECT EXTENSION COMMITTEE

At a meeting of farmers at the county agent's office Wednesday afternoon the following men were elected as members of the Manassas District Agricultural Extension Committee for the coming year: Wheatley Johnson, S. C. Harley, Wilmer Kline, P. A. Lewis, Carl Kincheloe.

These men will set up the year's program of agricultural extension work and cooperate with the county agent and extension specialists in carrying out this program in Manassas District.

### SCHEDULE OF MEETINGS FOR HOME DEMONSTRATION CLUBS AND GROUPS

The Dumfries Home Demonstration Group will meet Monday, December 8, at 1 o'clock at the home of Mrs. Jane Abel. After a short business meeting a demonstration in reed work will be given. All bodies of the community are invited to attend.

Nokesville Home Demonstration Club will meet Wednesday, December 10, at 1:30 o'clock at the home of Mrs. A. R. Wilkins. Plans for the community Christmas tree will be completed and announced at this meeting. A demonstration in making of Christmas cookies will be given which will be supplemented by a choice cookie recipe given by each member of the club. All ladies of that community are invited to attend the meeting.

The Catharpin Home Demonstration Group will meet Friday, December 12, at 7:30 o'clock. Plans will be announced later. Demonstration on Vegetable Substitutes will be given. All ladies of that community are invited.

### 4-H CLOTHING LEADERS MEET TO DISCUSS PLANS FOR NEW YEAR

Leaders for the 4-H Clothing Clubs of the county will meet Thursday, December 11, at 10 o'clock in the County Agents office to discuss plans and programs for the new club year.

Miss Cymbel Taylor, State Clothing Specialist, will be present and lead the discussion and give demonstrations and helps on work that will be taken up in the clubs during next two months. The girls of the county are entering into their project work in a most enthusiastic manner and we feel that with the excellent help that they will get from our corps of Leaders that really big things will be accomplished during year 1931.

The Leaders for the groups, who have been selected by the girls and who will attend the Leaders meeting are: Mrs. John Carter, Miss Dorothy Godfrey, Haymarket 4-H Club; Mrs. Johnnie Adams, Catharpin, 4-H Club; Miss Annie Ross, Greenwich 4-H Club; Mrs. Joe Hale and Miss Geraldine Shepherd, Nokesville 4-H Club; Miss Mary Harrover, Bennett 4-H Club; Miss Bessie Cornwell, Woodbine 4-H Club; Mrs. Walter Linton, Hayfield 4-H Club; Mrs. C. C. Caldwell, Miss Janet Russell, Occoquan 4-H Club; Mrs. A. A. Lovelace, Dumfries 4-H Club; Mrs. M. Lieberman, Quantico 4-H Club; Mrs. Luther Bowman, Aden 4-H Club.

### FUTURE FARMERS HOLD INITIATION NIGHT

Manassas Chapter of F. F. V.'s held its annual Initiation Night, Friday, November 28, in the Agricultural Room of the local High School. The following boys were initiated into the Club: Guy Bridwell, Woodson Brown, Henry Peters, Vernon Moore, Claude Albright, Billy Yates, Daryl Dawson, James Corawell, Aldin Dodson and Howard Cornwell.

The president Arthur Carter presided. Several visitors from the Nokesville Chapter were present. The ceremony was put on with much dignity and impressiveness. All reported a good time. President Arthur Carter outlined to the incoming members what the Future Farmers Club of Virginia means, its aims and traditions.

According to the "Maryland Farmer," the farm youth today apply to the most important of all farm crops—machines and willing to work as were the youth of any previous decade. But these Future Farmers realize, perhaps to a greater degree than did their fathers when they were young, that substitution for brain for brawn and machine powers for muscle, is not only desirable but of ever increasing importance.

ance in this strenuous competitive era, when saving of time and labor is so vital to American Agriculture.

The Manassas Chapter of the F. F. V. is affiliated with the National Future Farmers of America, an organization for farm boys enrolled for Vocational Agriculture in the High School.

CHAS. ROBERTSON, Secretary.

### POULTRY IMPROVEMENT CONTEST SPONSORED BY HOME DEMONSTRATION GROUPS

Since the women of the county do earn a large part of the income from the production of poultry and eggs, we have decided to do some definite work this year on the improvement of the small or farm flocks. Most of the Home Demonstration groups are including definite plans for poultry in their program of work for the year. In order to give some further help to those who are making a definite study of poultry as well as those who do not have access to such a study group we are putting on a campaign for the improvement of farm flocks. The campaign will be known as the Poultry Improvement Campaign; any person in the county who has as many as thirty female birds, hens or pullets, can enter the campaign.

By entering the campaign any one desiring it may get individual attention from our poultry specialist, Miss Bess M. Hodsdon, who will come to the county December 13, 15 and 16 for this piece of work or from the County Home Demonstration agent at any time. Flocks will be scored December 13, 15 and 16; a score will be given to each contestant, are to the County Home Demonstration Agent and one will be kept by Miss Hodsdon. Both Miss Hodsdon and the Home Agent will assist by giving suggestions and informational material as requested during the year. Flocks will be rescored next December and prizes awarded for the most improvements during that year time. Flocks will be scored for following points: (1) kind and condition of birds, (2) housing (3) equipment and (4) feeding.

We expect to have ample time for scoring of all who wish to enter the contest but preference will be given in order in which requests come in. If you wish to enter the contest you may notify Home Demonstration committee in your own or nearest community in the County Home Demon-

stration Agent. Remember that the worse the condition of your flock the more reason for your joining the contest and the more possibilities you will have for receiving prize at the close of the contest period. Please send your name and address in right away if you wish to take advantage of this opportunity.

### HOMEMAKERS MEET AT STONE HOUSE

State Clothing Specialist Gives Suggestions on Refurnishing Last Year's Wardrobe.

The winter meeting of the Prince William Chapter of the Virginia Homemakers' Association will be held Thursday, December 11, at 1 o'clock at Stone House. The meeting will begin with luncheon which will be served by Mrs. Ayres at 1 o'clock. A short business meeting presided over by county president, Miss Mary F. Huniken; and a short Christmas program consisting of music by Mrs. Egbert \* Thompson and Christmas Reading by Miss Hottle will follow the lunch hours. Immediately following that Miss Cymbel Taylor, State Clothing Specialist, will give hints on economy in clothing and demonstrate remodeling of silks and woollens.

The program committee feels that they are fortunate in securing Miss Taylor for this meeting. Miss Taylor is our new clothing specialist, who has had varied experience in clothing work in the schools and colleges of the West and has just completed work on her Master's Degree at Columbia University. She is in great demand throughout the state.

All ladies of the county whether members of the Homemakers' Association or not are invited to attend the meeting. The meeting will begin at 1 o'clock and disband promptly at 3:30 o'clock. Those wishing to attend the luncheon notify either Mrs. M. M. Washington or the County Home Demonstration Agents.

### DAIRYMEN'S ASSOCIATION CONVENTION IN JANUARY

The Virginia State Dairymen's Association will hold its annual convention at Charlottesville, Thursday and Friday, January 29 and 30. Several cities made a bid for the convention but the directors decided on Charlottesville.

This meeting each year brings together a large number of representative dairymen from all over the state and leaders in all phases of the industry. Problems are discussed and policies determined which have a far-reaching effect on the dairy business. The 1931 meeting is particularly important being the first held since the adoption of the new Virginia dairy improvement program. The convention program is being worked out to give the greatest effect to the inauguration of the state program. Prominent speakers on the various problems affecting Virginia dairymen will be heard at the convention.

Every dairyman in the state can well afford to arrange his work so as to be at Charlottesville for the convention. He will gain information and inspiration from contact with the other dairymen and from the speakers, and discussions making up the program.

## Teletype System Increases Efficiency of Police Force

Gen. Charles G. Galtner, Baltimore Police Commissioner, observing Sergeant Joseph Rosenstock and Ernest Becker transmitting messages by the new teletype system just installed for the Police Department.

Telephone typewriter service has recently been installed for the Baltimore Police Department. This service connects police headquarters with the various district stations in the city and provides a quick and reliable means of printed communication between these police stations. The apparatus installed is similar in operation to the equipment used so successfully by press associations and newspapers in disseminating news throughout the country.

The new communication system will supplement, but in no way displace the telephone system now being used by the Police Department.

The general operating features of the telephone typewriter system, according to Frederick J. Irish, general manager of the Chesapeake and Potomac Telephone Company of Baltimore City, include the sending of typed communications by police headquarters to any of the district police stations individually or to any group or all of the police stations simultaneously. Each of the district stations may type messages to police headquarters or they may communicate with each other by connections established on the switchboard. Each

connection will be limited to one transmission and not more than two district stations may be directly connected with each other at the same time.

Telephone typewriter equipment is now used effectively by the police departments of many of the larger cities of the country, and as well by a number of the state police organizations. Use of the telephone typewriter equipment by the Pennsylvania State Constabulary is said to have brought about the quick capture of a man and woman who had killed a state trooper early in the year.

Present-day communications, Mr. Irish states, are conducted largely by means of the telephone and typewriter. These two devices of efficiency have probably contributed more to the effective administration of modern business than any other inventions. The telephone has brought the personal touch of authority into the execution of business transactions and the typewriter has provided a record of these transactions and made them of permanent value. Now there is a service which combines the merits of these two instruments—the telephone typewriter.

FORD AIRPLANE FACTORY  
ON 24-HOUR DAY SCHEDULE

As a direct result of the successful development of the new Ford high speed, tri-motor transport plane, the Ford airplane factory has been placed on a 24-hour a day working schedule, W. B. Mayo, head of the Airplane Division, announced today.

With more than three quarters of a million dollars' worth of business already accepted, the factory output at the present production rate is now booked until next spring and more business is in prospect which can be accepted and handled expeditiously by stepping up output, Mr. Mayo said.

The plant is now employing more than 500 skilled workers full time five days a week, whereas on August 1, at the time of the announcement of the new plane, only 150 men were employed half time. The majority of the increased working force was called back during the last 60 days, employees of the airplane factory.

Additional equipment is also being installed, Mr. Mayo said, with the intention of speeding up present production and increasing capacity in anticipation of further business.

## LIEUT. McCLOY TO BROADCAST

From the Boxer Uprising to Vera Cruz, where he acted as a human decoy to draw the fire of Mexican guns, is the range of experiences to be related by Lieut. John McCloy, retired, who is the first navy man to appear in the patriotic series known as the "Chevrolet Chronicles," to be broadcast locally by station WMAL.

on Saturday, December 6, at 7:30 p. m. Lieut. McCloy is one of the few men to receive the Medal of Honor, highest of government awards for extraordinary valor in action on the high seas, twice within a lifetime. The details surrounding his two citations will be described by Lieut. McCloy in his time on the air in the half-hour program sponsored by local Chevrolet dealers, and interspersed with musical numbers directed by Frank Black and Gustave Haenschen.

Lieut. McCloy's first citation, dated

July 19, 1901, concerns events a year earlier when he, then a coxswain in the U. S. Navy, formed a part of the allied forces sent to China to subdue brigands and bandits in the Boxer Rebellion. His story here is one of battles against tremendous odds—at one time only ten men against 3,000 Boxers; again 2,000 standing off an entire Boxer army.

Awarding of the second medal was the official citation says, "For distinguished conduct in battle and extraordinary heroism in engagement at Vera Cruz, April 22, 1914. Led a West Indies and the Philippines, and flotilla of three picket launches

mounting one-pounders along the sea front of Vera Cruz in front of the naval school and customs house. The launches drew the combined fire of the Mexicans in that vicinity and thus enabled the cruisers to shell them out temporarily and save our men on shore. His conduct was eminent and conspicuous and although shot through the thigh during this fire, he remained at his post as beach master for 48 hours until sent to a hospital ship by the brigade surgeon."

Lieut. McCloy also served in the

sweeping fleet in the North Sea. In addition, he has been officially cited for his skillful navigation of ships in dangerous waters and for saving life and property.

## FOOD PRICES TODAY AND A YEAR AGO

What consumers save over last year's costs

A&P is advertising prices of food today compared with prices a year ago. The differences in the lists generally show substantial reductions.

The idea is to bring home to the housewife how much less her food is costing her than it cost last year at this time. In these figures she sees actual facts, not theories. To her they have a high practical news value.

They are important in another way. They illustrate in dollars and cents A&P's policy—the policy of passing on to the consumer the savings that come from lower food prices.

By A&P's new low prices customers can measure the decline in the cost of the raw materials that enter into what they eat.

### RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says:  
"Constipation is responsible for more  
misery than any other cause."  
But immediate relief has been  
found. A tablet called Rexall Order-  
lies has been discovered. This tablet  
attracts water from the system into  
the lax, dry, evacuating bowel called  
the colon. The water loosens the  
food waste and causes a gentle, thor-  
ough, natural movement, without form-  
ing a habit of ever increasing the  
dose.

Stop suffering from constipation.

### Hints For Homemakers

By Jane Rogers

CANDIES make a delicious gar-  
nish for many simple desserts,  
and save the time necessary for  
preparing more elaborate ones. Try  
crushing up chocolate fudge over  
jambalaya or vanilla ice cream. Gar-  
nish cherry gelatine with quartered  
marshmallows and chopped candied  
cherries.

To make an old dust mop prac-  
tically as good as new, put a large  
tablespoon of concentrated lye in a  
pail half full of boiling water and  
let the mop boil in it. Rinse thor-  
oughly several times and put in the  
sun to dry. One or two tablespoons  
of kerosene added to the ends when  
boiling white clothes will make the  
clothes much whiter.

## THE GREAT AMERICAN VALUE

Fine-car distinction and quality  
in the new Chevrolet Six

Again, Chevrolet and Gen-  
eral Motors have utilized  
their combined resources  
to establish a new and  
higher standard of value for  
the American motor car.

The new Chevrolet repre-  
sents a type of economical  
transportation that Amer-  
ica has long anticipated—  
a low-priced six styled  
with such striking talent  
and good taste, so smartly  
beautiful and complete in  
its perfection of detail, so  
advanced and refined  
mechanically that you will immediately  
recognize it as the Great American Value.

This great value is the outcome of four basic  
Chevrolet advantages: (1) The savings of vol-  
ume production in nineteen immense,  
modern plants. (2) The economies  
which result from great purchasing  
power. (3) The benefits of continu-

Front view of the new Chevrolet Sport Coupe

ous research in General  
Motors' laboratories and  
on the General Motors  
Proving Ground. And (4)  
the close association with  
the Fisher Body Corpora-  
tion who, this year, have  
surpassed all their pre-  
vious achievements in  
developing bodies of out-  
standing quality, refine-  
ment and value.

These basic advantages  
have made it possible to  
build a finer car at lower  
cost. They have enabled  
Chevrolet to offer a car with a longer wheel-  
base—greater roominess and comfort—  
strikingly smarter style—impressive new  
luxury—more thoroughly satisfactory per-  
formance—greater dependability.  
And to pass on these savings of effi-  
cient manufacturing to the buyer  
in the form of lower prices!
