## U. D. C. CHAPTERS OF THE 4th DIST. TO MEET HERE

On the afternoon of Wednesday, March 4, the Manassas Chapter U. D. C. held its regular monthly meeting at the home of Mrs. G. G. Allen with Mrs. L. L. Lonas assistant hostess. In the absence of Mrs. Sinclair, president, Mrs. Albert Speiden presided and opened the meeting with the Lord's prayer. She read a letter from Mrs. Sinclair, who is quite sick, expressing her regrets at not being able to attend the meeting. The members were grieved to learn of their president's illness.

Minutes of the last meeting were read and approved.

Mrs. R. L. Byrd, Chapter treasurer, read a number of interesting letters from out of town members. Among those heard from were Mrs. Christine Moser Keith, Mrs. Robert Gulick, Miss Clara M. Lamb, Mrs. L. B. Kasehagen, Mrs. W. B. Lynn, and Mrs. Maud J. Hutchison. It is a real pleasure to the Chapter to hear from these members whose loyalty and interest is not lessened in their absence. The name of Mrs. Guthrie, Superintendent of the District Home, was presented to the chapter and the registrar authorized to send her application blanks. Mrs. Asa Jenkins, Mrs. Maud Kincheloe, Mrs. James Conner, and Mrs. Paul Kincheloe were also accepted as applicants for membership and will be welcomed into the chapter. The chapter extended an invitation to Mrs. B. F. Calfee, chairman of the Fourth District, Virginia Division to hold the next District convention at Manassas early in May. No definite plans have been made for this meeting, but it is expected that historical Manassas will attract a large crowd.

Mrs. Robert Smith and Mrs. Eli Swavely representing the Garden Club Section of the Manassas Woman's Club, were present. They offered many helpful suggestions in beautifying the "Old Stone Bridge." They stated that, after consulting the state landscape architect and others regarding the matter, it would be better to plant few shrubs and vines which required watering and special care. A plan was suggested to use grass and a narrow walk of stone dust to be enclosed with pipe posts chained to get her. The State Highway Commission offered to help with the work by furnishing the labor to do the grading etc. A rising vote of thanks was given to the committee for their active interest and cooperation in this work.

Mrs. M. M. Washington read a clipping entitled "How General Pope caught a menagerie," and turned same over to the scrap book committee.

The Chapter has been called upon to bear another sorrow in the passing of Mrs. James Larkin, a loyal and enthusiastic member who was much loved and honored by all who knew her.

In the absence of the historian Mrs. Robert Hutchison, Mrs. L. L. Lonas gave a report on the conference with the teachers of the Manassas High School regarding the prizes offered this year. It is hoped that the history class under Miss Lucy will enter the contest for the Virginia Division prize of \$25.00 on "Robert E. Lee, Defender of the Constitution." Miss Grace Metz's class will compete for the Eloise Armistead Sinclair prize. A prize was also offered to the sixth and seventh grades by the Virginia Division.

Another historical program was given and among those taking part were Mrs. R. L. Byrd who read a paper on the three separate govern-

## SOMETHING TO THINK ABOUT

Why the farmer and laborer bear all the expenses? Why not the doctor, the lawyer, and all the professional men and women bear their portion of the burden?

For example: the farmer gets about one-half for what he raises on the farm; the laborer gets half price for his labor, living expenses have been cut nearly half, but I see no cut in doctor's bills on medicine. I see no cut in the lawyers' fee, neither do I see any cut in skilled labor. Why is this? (It seems to be an unfair world). If every man or woman, professional or skilled, would bear his or her part of the burden, the depression would not be felt nearly so hard by the men who dig in the ditch or follow the plow.

E. R. CONNER.

## HOME BURNED NEAR CENTREVILLE

The residence of Mrs. Sarah Jane Wells, near Neverlet, in Fairfax County, suddenly caught fire just before noon on Friday and was totally destroyed, along with a number of pieces of old furniture which were quite valuable.

Neighbors observed the shingle roof on fire and hurried over to warn those inside. By the time they arrived the roof was about to collapse and the blaze so furious that practically nothing was saved. Sam and Luther Wells, who lived with their mother, Clayton Harrison and John Davis and Claiborne Wells, a son who hurried down from Centreville, tried to save what they could. It is stated that little or no insurance was carried.

The fire spread to the underbrush and a fire fighting crew was organized under Mr. Vernon Rector. Some ten or twelve men assisted him in stopping a fire which would have spread down the Bull Run Valley by nightfall. Mr. Rector was slightly burned in his efforts to keep the fire under control.

Mrs. Wells is eighty-seven years old, and the widow of a brave Confederate soldier. The shock was a severe one, and the many friends of the family have offered every assistance they could. She is staying at present with her son, Claiborne Wells at Centreville.

## A PREPARED EASTER EGG

There is on exhibit at the JOURNAL office a phenomenon brought in by Ed (Drouth Relief) Conner which is in the shape of an unusual piece of hen fruit that Ed swears was laid (not lied) by one of his hens a day or two ago.

The egg is colored a nondescript reddish hue, remarkably uniform in color.

We have not picked the egg to see whether Ed is lying, but anyone who puts up a \$500 bond can go as far as he likes.

## PETRIK—MOORE

Mr. Joseph Vincent Petrik of Yonkers, N. Y., and Miss Julia Marie Moore of Mount Tineah, N. C., were married February 27, at the manse, Rev. W. A. Hall, the pastor of the Presbyterian Church, performing the ceremony. The groom is in the United States Marine Service. The young couple will make their future home in Yonkers, N. Y.

## THE NEW CONGRESSMAN FROM THE EIGHTH DISTRICT

(Editorial)

Yesterday Judge Howard W. Smith succeeded Mr. Moore as Congressman from the Eighth District.

Very few men in public life in Virginia have the popular following that is readily conceded Smith.

His campaign last summer was marked by a vitriolic display of poor sportsmanship on the part of a few of his opponents which only served to make friends for him among the fair minded men and women who voted against him.

He enters Congress with the good wishes of all. We predict for him a successful career in national affairs.

## CLASS PLAY GOES OVER BIG

Manassas High Students Stage Successful Vaudeville Show

The Senior Class Play given last week was very much of a credit to the whole school as the class was generously supported by the student ensemble.

There were a number of choruses, peppy dancing and humorous black face stunts (including some of young Hibbs' stuff). Eddie Conner, as the hero, backed up by two charming young ladies (Christine Meetze and Frances Bushong) put some real punch into things. Christine showed everybody something about love-making, #31 style, (using Chester Harley as a victim). Eva Lunsford took the part of a secretary in approved style, while Edward Dalton as the dusky janitor, and Albin Taylor, as the office boy, added quite a bit of humor.

Young Lloyd ran around with something that looked like a fly-swatter, while Lacey Compton tried to fall over a stylish cane and his younger shadow pulled a perfect dude part.

Everybody did well, especially the door keepers who took in plenty of change.

## OCCOQUAN

Miss Elizabeth Vaughan, Principal of Haymarket High School was a recent guest of Mrs. Stewart Lambert.

Mrs. Pauline Thornhill and Mr. Barton Padgett of Seat Pleasant, Md. visited Mr. and Mrs. R. J. Wayland on Sunday.

Dr. Clifford Beach of Richmond spent Sunday last with his mother Mrs. Isabel Beach.

Messrs. Jack Wayland and Robert Bryant visited friends in Elkwood last week.

Miss Lula Byrdie of the High School faculty attended a teachers' meeting at the Haymarket High School recently.

Messrs. Fred Lynn, Caldwell Slack, and Wilton Hixson have purchased a new 1931 sport car of popular make.

Mrs. Roscoe Clarke and Mrs. Willie Burdette were guests on Wednesday of Mrs. Carlton Peglow of Lorton.

## A WARNING TO THE PUBLIC

The information has come to my attention, that persons and organizations who reside outside of Prince William County, are making a practice of soliciting articles of clothing and other things of value, including money, from citizens of Manassas and Prince William County, and the indications are that some of these solicitors are commercializing the practice for personal profit.

While it is not my purpose to discourage contributing to worthy causes, yet I suggest a word of caution, to investigate before contributing.

Charity begins at home, and Prince William County has its own problems which will tax the ability of those who are able to contribute for relief, and it is suggested that you make your contributions to the Civilian Relief Committee of the County Chapter of the American Red Cross and if you are solicited by strangers, refer them to this Committee.

Respectfully submitted,

HARRY P. DAVIS, Mayor.

## MEETING OF HOME DEMONSTRATION CLUBS

Bethel Home Demonstration club will meet Thursday, March 12, at 1:30 o'clock at the home of Mrs. M. M. deNicola. The topic for demonstration will be "Vegetable Substitutes." All women of the community are invited to come to the meeting.

Catharpin Home Demonstration Group will meet Friday, March 13, at 2 o'clock. All ladies of the community are invited to attend the meeting.

Nokeville Home Demonstration Club will not hold its regular meeting on Wednesday but will meet on March 20 instead. Mr. Allen H. Reid, Landscape Gardening Department of V. P. I. will be present at that time to give practical demonstration.

## Facts and Figures on Your Telephone

BY EDWIN F. HILL

A new use has been found for gold, platinum, and silver. Each of the millions of Bell telephones contain these precious metals. It has been found that gold, platinum and silver, although high in initial cost, are inexpensive over a long period, as they resist erosion due to electrical and mechanical action, which in time would prevent telephone equipment from functioning properly.

Telephone users in this country now make about 83,000,000 calls daily. When the telephone receiver is lifted from its hook, two springs come to gether until their points make contact and establish a circuit to the central office. Gold is one of the metals out of which the contact points of these springs are made, the others being platinum and silver.

Platinum wires conduct the current into the glass globes and thus light the filaments of the almost numberless electric signal lamps used as telephone switchboards. Platinum is used for this purpose because it expands and contracts, when subjected to temperature changes, at the same rate as does the glass in which the wires are imbedded. Wires of other materials might shrink away from the glass and destroy the usefulness of the bulb by permitting air to enter its vacuum.

These metals are also employed in making contact points of the thousands of relays, or electrically controlled switches, used on equipment throughout the Bell Telephone System.

## AMERICAN LEGION TO ORGANIZE

Meeting of Ex-Service Men at Manassas Town Hall Friday, March 13

A meeting of ex-service men has been called for Friday, March 13, at 8 p. m. in the Town Hall, Manassas, for the purpose of organizing an American Legion Post here. Vice Commander Breckenridge will be present and all World War veterans are urged to be present.

The project is one which has the endorsement of prominent citizens who will be pleased to see the influence of our veterans exerted in an organized way.

The patriotic and welfare work of the American Legion throughout the country is too well known to require description and it is felt that the organization of a Post at Manassas will be very opportune.

## GUEST AT BANQUET

Mr. G. R. Ratcliffe attended last week the father and son banquet at Lafayette College where Mr. Jack Ratcliffe is a student.

## MR. E. R. CONNER ISSUES STATEMENT

Drought Relief Loans Are Being Made

Amendments to the regulations relative to the loans for seed, fertilizer, feed, etc., in the drought stricken area of the United States.

Pursuant to the authority contained in the Act of Congress approved February 14, 1931, the regulations governing loans for seed, fertilizer, and feed in the drought stricken areas are hereby amended to authorize loans to farmers for the purchase of feed for livestock used for the production of food for the family (dairy cows, hogs and poultry). Loans for feed for such live stock will not be made to any applicant in excess of \$75.00. This should be a great help to these in need of food and will be included in the applications hereafter, making the maximum amount to any applicant \$600.00. We have filled out about forty applications, owing to quite a lot of red tape, a number of them have been returned for additional security, while quite a few have received their checks. We are still receiving applications and I think by April 30 we will have at least one hundred. I would suggest to those who expect to file applications for loans not to wait, but to get your applications in soon. Frank Cox, County Agent, will be in his office Tuesday, Thursday, and Saturday to wait on you.

E. R. CONNER,

Chairman Drought Relief Committee

## SUNDAY SCHOOL WORKERS MEET

Baptist Association Studies Many Problems

On Tuesday, March 3, the pastors Sunday School superintendents and secretaries of the Potomac Baptist Association met at Manassas Baptist Church in conference for purpose of devising plans and stimulating interest for an enlargement campaign in Sunday schools.

A large delegation was present representing the majority of the Sunday schools of the sixty-three churches composing the Association.

The Association's work, Rev. C. Wirt Trainham of Marshall called the meeting to order at ten a. m. After devotion and briefly stating purpose of meeting, he introduced State Sunday School secretary, Dr. J. B. Hill, of Richmond, who made an interesting, informing and inspiring address. After the address conferences were conducted when problems were presented.

In the afternoon these problems—indifference, enlistment, evangelism, etc.—were discussed by Dr. Hill, who told in a very helpful way how he handled similar situations when he was a pastor. Hearts were encouraged and inspired to try again by his coming.

The day will prove to be of real worth to the progress of the Kingdom.

ments of Virginia during the War Between the States, Richmond, Wheeling, and Alexandria, and Miss Nolle Nelson who read an interesting account of "The Orphan Brigade," a Kentucky regiment under General John Breckenridge who were separated from their company.

The quilt recently completed by the Chapter was on display and greatly admired. Mrs. C. B. Compton invited the Chapter to meet with her in April. Mrs. Hart will assist her.

Mrs. C. M. Larkin reported that the library committee had been authorized to purchase the biography of Stuart as a contribution from the Manassas Chapter for 1931.

After the meeting adjourned a pleasant social hour was spent while the hostesses assisted by Mrs. B. F. Knox served a chicken salad course followed by a delicious confection.

### BUCKLAND

There were twenty present. Margaret C. Lomas, Secretary.

The grim reaper of death has again visited our community and taken one of our best loved and most highly respected citizens, Mr. Henry H. Gough, whose death occurred on Wednesday, February 25, from pneumonia. Mr. Gough was born forty five years ago on the farm on which he died, there. He had been a faithful and and he had spent his entire life consistent member of Broad Run Baptist Church, ew Baltimore, since early boyhood, and at the time of his death was Superintendent of the Sunday School, president of the B. Y. P. U. and a deacon in the church. He will be greatly missed as his sunny disposition had won him many friends who were saddened by his untimely demise. In truth it can be said he was indeed a Christian

gentleman. Funeral services were conducted from Broad Run Church on Sunday at 3 o'clock by his pastor, Rev. Barnett Grimaley, and his remains were laid to rest beside his parents in the cemetery there.

The large crowd of sorrowing relatives and friends present, who more than filled the old church, and the many and very beautiful floral tributes attested to the esteem in which the deceased was held by all who knew him. Those who survive are his wife, who was Miss Flora Fields, and one sister, Mrs. O. M. Douglas, of Thoroughfare.

Mr. J. F. Graham who has been very ill of pneumonia is slowly improving.

**THE W. C. T. U. FRANCES WILLARD MEMORIAL SERVICE**

The Woman's Christian Temperance Union Frances Willard Memorial Service was held at the home of Mrs. Thomas Broadus Wednesday, March 25. After the devotional service and business meeting conducted by the president several very interesting and instructive papers were read. "The Story of the Crusade" was read by Mrs. Gorrell. She told how Dio Lewis a Boston physician in a lecture delivered in Hillsboro, Ohio, in 1873 said how his mother and several of her good christian friends united in prayer for the liquor sellers of his native town, until they gave up their soul-destroying business and he said, ladies, you can do the same thing here if you have the same faith. He asked how many ladies approved of this and about fifty stood up and he asked how many men would back them and sixty or seventy stood up. The next morning the women met in the church and after reading the 146 Psalms, the Crusade Psalm and prayer they formed in line two by two the smaller ones in front the tall ones bringing up the rear as they marched out the church and up the street, they sang, "Give to the Wind, your Fears," the Crusade song. They visited all the drug stores, saloons and hotels. By continuous daily visitations, with persuasion, prayer, song and scripture reading, the drinking places were reduced from thirteen to one drug store, one hotel and two saloons.

Mrs. R. L. Sadd told the story of Miss Frances Willard and Miss Anna Gordon making a trip across the country starting new unions in every state. Some amusing incidents were given also the hardships of traveling in stage coaches, covered wagons, on horseback, by boat or on foot, of camping out or staying in hotels or houses without windows or ventilation. Mrs. Baker gave a poem on Frances Willard and Mrs. E. J. Harrell told of the many things accomplished by the money of the Willard Memorial fund in the West Indies, Porto Rico, Hawaii, and many other places. The program was interspersed by appropriate music. One selection especially enjoyed by all was a violin solo by John Broadus, jr., accompanied on the piano by his mother. After the Aaronic benediction refreshments were served and a pleasant social hour was enjoyed by all.

**A Banker Sounds a Warning**

President Stephenson, of the American Bankers' Association, in an address in New York the other day blamed "false business philosophy" for the present economic depression. This boils down to the tremendous expansion of credit not only in the speculative security markets through the installment system, which preceded the financial blow-up and the resulting business slow-up and shut-down in 1929. He believes that, while the standard of living should not be lowered in its essential aspects, it should be based on sounder realities—or, speaking "in the manner of the modern biographers of national heroes, it should be debunked." Any effort to raise the standard of living can only be temporarily successful, he said, if it is based on inflated consumer credit.

That is something for manufacturers, distributors and consumers alike to think about and to do something about. Whatever other causes may have entered into the serious depression that we are now making heroic efforts to shake off, it cannot be denied that reckless speculation and unwise installment buying, coupled with high-powered salesmanship to beat down sales resistance, are major factors. The worst feature of this selling pressure has been exerted in behalf of luxuries. Since the manufacturers found it impossible to increase the stable needs of the people, they resorted to the expedient of persuading the public to buy more and more luxuries, thus inducing consumers to mortgage their future buying power, as if there were no such thing as a buyer being unable to fulfill his contracts. When this process was pushed beyond the bounds of safety both in the stock market and in the consumer market, the explosion came with a bang.

Business got out of hand. Buyers had reached the point where they could buy no more. Manufacturers shut down, throwing millions out of work and starting an endless chain of fatalities, which have kept the country in the economic doldrums ever since.

The national bankers' president has sounded a warning that should be heeded. It should go far to encourage cautious use of credit and prevent the sort of reaction which will speculation and reckless business methods always brings about. It is to be hoped that business men, bankers, manufacturers and consumers have learned a lesson from the disastrous ex-

perience of 1927-'30, when ruthless competition through used up the consumer's dollar of the next year, until there were no more consumers' dollars to gather in.

Events have proved such a program to be loaded with dynamite. When prosperity returns again, those who have regard for the welfare of the country, as well as for their own personal fortunes, will be wise if they are content to let business take a normal course and refuse to pursue such an economically unsound practice.

—Staunton News-Leader.

**BRIEF LOCAL NEWS**

We are very sorry to hear that Mr. Mark Long got very badly burnt by a blow torch that blew up in the garage at Nokesville, but he is somewhat improving.

Mr. Ed Conner reports that his mother is making satisfactory progress toward recovery from her recent very painful accident.

**SWAVELY NOTES**

The Mid-Winter Festival on Friday last was a brilliant success, and great credit is due to the "S" Club, who sponsored it.

The Tea Dance was well attended; the Banquet was served at dainty candle-lit tables, and the Ball was declared one of the most enjoyable ever held at Swavely. The decoration of the gymnasium was very unique being a representation of an ancient Egyptian temple, correct in every detail.

Among the out of town guests present for the festival were Mrs. Jones, of New York; Mrs. Stephens, of Larchmont, N. Y.; Mr. and Miss Gottschall, of Philadelphia; Mrs. Peacock, Mr. McKee, and Mr. Macmillan, of Washington; Mrs. Reynolds, of Boston; Mr. and Mrs. Harner, of Pittsburgh, Pa.; Miss Creider of Goucher College, Baltimore, and many others.

The members of the West Point class are trying their entrance examinations this week.

The Faculty Reading Club met as usual on Wednesday evening with Mrs. Carpenter in charge. Her subject was "Mary-Baker Eddy."

A considerable number of the students attended the High School play on Saturday evening.

On Saturday the basket ball team will play a friendly extra-season game at Quantico with a team from the Marine Barracks.

The Swavely Players will present "The Black Flamingo"—a three act mystery drama on or about March 27.

ARTHUR J. BRADY, Tester.

**Why we spend \$2,000,000 to put CAMEL cigarettes in the new HUMIDOR PACK**

WE have been in the tobacco business a long time down here at Winston-Salem and we take a lot of pride in the quality of the cigarettes we make.

While we have spent a good many million dollars advertising Camels, we've always held to the old fashioned idea that the thing that really counts is what we put into our cigarette and not what we say about it.

If we know anything about tobacco, and we think we do, Camels contain the choicest Turkish and the mellowest, ripest domestic leaves that money can buy.

In fact we have every reason to be proud of the quality of Camels as they come from the factory, but the remark of an old friend of ours from Denver some time ago emphasized a point that has been the problem of the cigarette industry for years.

As he inhaled the smoke from a Camel we gave him in our offices one morning, he sighed with very evident enjoyment and then asked jokingly, "What is this, a special blend reserved for Camel executives?"

"Certainly not," we told him. "This package of Camels was bought at the corner store this morning."

"Well," he said, "I've been a den in the wool Camel smoker for a good many years, but upon my soul I never got a cigarette as good as this in Denver. If you would give the rest of the world the kind of Camels you sell here in Winston-Salem, you ought to have all the cigarette business there is."

THAT statement simply emphasized again the cigarette industry's most important problem. The more we thought about it, the surer we were that he was dead right, and that somehow, something must be done.

Denver wasn't getting a fair break. Neither in fact was any other town. The only people who really knew how good Camels could be, were the folks right here in Winston-Salem.

That was due to a factor no cigarette manufacturer had ever been able to control.

Naturally there is no difference whatever in the quality

of the tobacco in Camels, whether you buy them in Winston-Salem, Denver or Timbuctoo. But up to now there has been a very real difference in the condition of the cigarettes by the time they reached the smoker.

The flavor and mildness of fine tobacco depend upon the retention of its natural, not added, moisture content which is prime at about ten per cent.

In spite of our great pains always to make sure Camels left the factory with just the right amount of natural moisture, no cigarette package had ever yet been designed that could prevent that precious moisture from drying out.

THERE are three things about a cigarette that can sting the tongue and unkindly burn the throat.

- (1) Cheap tobaccos.
- (2) Particles of peppery dust left in the tobacco because of inefficient cleaning methods.
- (3) A parched dry condition of the tobacco due to loss of natural moisture by overheating or evaporation.

Always certain of the quality of our tobaccos we had already made Camel a "dustless" cigarette by the use of a specially designed vacuum cleaning apparatus exclusive with our factory.

Now, if we could perfect a package that would actually act as a humidifier and retain the natural moisture content, then Yuma, Arizona, could enjoy Camels as much as we do here at Winston-Salem.

We knew what we wanted. We tried many things. We asked the Pittsburgh Testing Laboratory to help us.

After many experiments and humidity tests covering all methods of packing cigarettes came the detailed report of which this is the net:

- (A) No existing cigarette package, including those wrapped in glassine paper or ordinary cellophane, gives anything like adequate protection against evaporation.
- (B) All cigarettes so packed tend to dry out rapidly from the day they are released from the factory.
- (C) Only a waterproof material with a specially devised

air-tight seal could give the desired protection. (D) This measure, while costly, could be relied on to keep Camels in prime condition for at least three months in any climate.

If you have a technical bent, the graph below made by the Pittsburgh Testing Laboratory will show you the exact results of their exhaustive study.

Pittsburgh Testing Laboratory Report N9150473 Jan. 12, 1927

Pittsburgh Testing Laboratory chart above graphically shows you that only the Camel Humidor Pack delivers cigarettes to you in prime condition.

YOU may be sure we gave this report a lot of careful study. We checked it and re-checked it and then we went ahead. We tried this device and that. At last we met success. The air-tight wrapping involved the designing of special processes, special machines.

That costs a lot of money, more than \$2,000,000 the first year, but after you have tried Camels packed this modern new way we are sure you will agree it is a fine investment.

For some time now every Camel that has left our factory has gone out in this new Humidor Pack.

We have said nothing about it until now, to make sure your dealer would be able to supply you when the good news came out.

Camel smokers of course have already discovered that their favorite cigarette is better and milder now than ever before.

If you aren't a Camel smoker, try them just to see what a difference there really is between harsh, dried out tobacco and a properly conditioned cigarette.

You can feel the difference, you can hear the difference and you certainly can taste the difference.

Of course we're prejudiced. We always have believed that Camel is the world's best cigarette.

Now we know it.

Just treat yourself to Camels in the new Humidor Pack and see if you don't agree.

**TRUSTEE'S SALE OF VALUABLE PRINCE WILLIAM COUNTY FARM**

Whereas, Claude H. Ellis and Lucy Ellis, his wife, Vernon M. Ellis and Bessie Ellis, his wife, Arthur T. Ellis, (single), Louis R. Ellis, (single) and James B. Ellis, (widower) by their deed of trust, dated April 15, 1927, and of record in the Clerk's Office of the Circuit Court of Prince William County, Virginia, in Deed Book No. 83, at pages 190, 191, 192 and 193, granted and conveyed to Andrew L. Todd, as trustee, the land hereinafter mentioned and described, in trust, to secure, to the New York Life Insurance Company of New York, a corporation, of the State of New York, the payment of a debt of \$9,000,000, evidenced by the promissory note of said Claude H. Ellis, Vernon M. Ellis, Arthur T. Ellis, Louis R. Ellis and James B. Ellis, particularly mentioned and described in the said deed of trust; and

Whereas, said Andrew L. Todd, the trustee, named in said deed of trust, has resigned as such, and, by an order of the Circuit Court of Prince William County, Virginia, entered on February 2, 1931, the undersigned was substituted as such trustee, in said deed of trust, in the place and stead of the said Andrew L. Todd; and

Whereas, the said New York Life Insurance Company, beneficiary in the aforesaid deed of trust, pursuant to the terms and provision thereof, and likewise pursuant to the terms and provisions of said note so evidencing said indebtedness, has declared its said debt due and demandable because of the failure and refusal of the aforesaid makers thereof, to pay the interest thereon as the same became due and payable in accordance with the provisions thereof, and has demanded payment in full of its said debt, which payment has not been made; and by reason thereof said New York Life Insurance Company has required the undersigned as such substituted trustee to advertise and make sale of the lands conveyed by said deed of trust for the satisfaction of said debt;

Now, therefore, notice is hereby given that the undersigned acting as such Substituted Trustee, in the aforesaid deed of trust, will on

SATURDAY, MARCH 14, 1931, At Twelve o'clock Noon,

in front of the Court House door of Prince William County, Virginia, in the Town of Manassas, Virginia, offer for sale at public auction to the highest bidder all that certain tract, or parcel of land lying, being and situated in the Gainesville Magisterial District of said Prince William County, Virginia, on the road leading from Gainesville to Bristow, containing 320 acres, 1 rood and 25.78 poles, more or less, being the same lands described in a certain deed from J. B. Ellis to Vernon M. Ellis and others, dated March 3, 1923, and of record in said Clerk's Office in Deed Book No. 78, at page 201, and being likewise the same lands described and conveyed in the deed of trust aforesaid, to which said deed and deed of trust reference is hereby expressly made for a further and more particular description of said lands and for the metes and bounds thereof.

The amount of the debt due to the said New York Life Insurance Company as of this date is the sum of \$9,000,000 principal, with interest thereon at the rate of 5 1/2 per cent per annum from January 1, 1930, and the further sum of \$77.07 taxes for the year 1929, paid by the New York Life Insurance Company, on May 27, 1930, with interest thereon at the rate of 6 per cent per annum.

TERMS OF SALE: CASH.

Didlake, assignee of Virginia B. Latham.

The object of the above styled suit is to enforce the payment of a certain judgment recovered by the Bank of Occoquan, Inc., against Vincent F. Kincheloe; to rent said Vincent F. Kincheloe's real estate if the same will satisfy said judgment and prior lien thereon within five years; if not then to partition such real estate possessed by said Vincent F. Kincheloe, between the parties having interest therein if practicable so to do if not, or said real estate is indivisible in kind then sell some dividing the proceeds thereof among the parties entitled thereto and satisfy, pay-off and discharge the liens binding the real estate of said Vincent F. Kincheloe; to ascertain what real estate is seized and possessed; the lien binding thereon and the priority thereof and for general relief. And it appearing by affidavit filed according to law that Eunice Kincheloe, wife of Wilson W. Kincheloe, J. Ernest Kincheloe, and Myrtle Kincheloe, his wife, Blanche Reid, widow of G. Richard Kincheloe, deceased, Thelma Kincheloe, heir at law of Ambrose Kincheloe, deceased, Leo Kincheloe, heir at law of G. Richard Kincheloe, deceased, are not residents of the State of Virginia; that the complainant aforesaid hath caused diligence to be used to ascertain the present whereabouts, or at last known post office address of said several non-resident defendant's, without effect, and the present or last known post office or residence of said non-resident defendant's are unknown; it is therefore, ordered that said Eunice Kincheloe and Myrtle Kincheloe, his

wife, Blanche Reid, widow of G. Richard Kincheloe, deceased, Thelma Kincheloe, heir at law of Ambrose Kincheloe, deceased, and Leo Kincheloe, heir at law of G. Richard Kincheloe, deceased, do appear within ten days after due publication of this order in the Clerk's office of our said Circuit Court, and do what is necessary to protect their interests. It is further ordered that this order be published once a week for four successive weeks in the Manassas Journal, a newspaper published and circulating in said county; that a copy thereof be posted at the front door of the Court House of said county, on or before the next Rule day and otherwise executed according to law.

### MINISTER FIRMLY ENDORSES SARGON

No matter where you go—North, East, South or West—there are thousands who testify that they owe their strength, vigor and well being to Sargon. Rev. Chas. E. Auger,

REV. CHAS. E. AUGER

1803 W. 2nd Ave., Spokane, Wash., recently said:

"I was so weak and rundown I was at the point of complete exhaustion. My food disagreed with me, I hardly knew what it was to get a good night's sleep, and I seemed to lose weight and strength continually. "Sargon and Sargon Soft Mass Pills corrected my troubles speedily. I eat heartily, and my food agrees with me, with none of that former indigestion. I have gained eight pounds and am again strong and vigorous."

Sold by Cocks' Pharmacy.

### Striped Cottons Liked for All-Over Aprons

Striped cottons are much in vogue for the all-enveloping aprons which are so essential to the young housewife. This attractive design has handy pockets and a quartet of bows. It is handy and serviceable, and so simple that anyone can make it. The medium size requires less than two yards of 36-inch material.—Woman's Home Companion.

### ON REARING CHILDREN from CRIB TO COLLEGE

Compiled by the Editors of THE PARENTS' MAGAZINE

Perhaps the most obvious, most often tried, and most wasteful and to say the least, means of securing additional hours in the day is by speeding up. It must be mentioned, but not recommended, as a device for securing time. It is impossible to make two hours do the work of three without paying for it in the third hour, which you plan to give to your child. You are still working even when you want to be calm and relaxed. You tension can provoke a similar reaction in the child and may suggest the very problem you are seeking to overcome. Better to omit a whole hour's work and be capable of dealing adequately with the problem in hand than have a perfect record of tasks accomplished but lack of peace for accomplishing the most perfect task of all.

There is a washable white interior finish which is an oil product, and this may be satisfactorily tinted to any color. The tubes of this are available in a great variety of colors, and this type of wall tinting vastly simplifies the problem of directing the mixing of color. Another washable wall paint which is also an oil paint, and which gives a satisfactory wall finish, is a satin flat paint which is available in 15 shades so that mixing is again simplified in its use.

### Community Building

#### Meeting Change Due to Good Roads and Autos

The old-time conception of a neighborhood is being magnified. Once it comprised in the country the number of homes within convenient walking distance of the district school. But even in the country, people walk but very little nowadays. With good roads and automobiles, the radius from the social center to the limits of the community is greatly lengthened.

All this was discussed at a meeting of the American Country Life Association in Madison, Wis. Some of the country's foremost authorities in rural sociology told of the changes that are occurring in rural affairs and recommended ways for guiding them. The "Little Red School House" no longer is the farmer's social center, and too frequently nothing has been substituted for the social life that formerly was served by it.

There has been outlined a rather ambitious scheme for consolidating a rural community of dimensions suited to the new conditions. This includes a population of about 5,000, which, instead of supporting 25 or 30 rural schools and 20 churches, would have three consolidated farm schools, two elementary town schools and a single high school district for all, and not more than one church for each 1,000 of population.

The New Chevrolet Special Sedan—Product of General Motors

### Performance, too, proves Chevrolet the Great American Value

The new Chevrolet Six is a fine performer. It maintains high road speeds at a low, easy-working engine speed. Its 50-horsepower engine operates with unsurpassed economy. Six cylinders enable you to creep along, accelerate, climb hills, go fast—and do it all smoothly, quietly—with little shifting of gears. Step into a Chevrolet and drive. Let performance, too, prove Chevrolet the Great American Value.
