RELIEF WORK WELL UNDER WAY

Administrative Officer Issues Important Statement

In a statement given to the Journal this week, Mrs. C. R. C. Johnson stated:

"Prince William County is in a much worse condition from the drought than many realize. We had hoped that March would not be such a drain on our resources but can see that the \$300 which has come to us from the National Red Cross will probably not be enough and have asked for another \$100. This makes a total of seven hundred dollars since January 1, and has come to us in addition to the regular roll call funds. 'All our chapter work here is volunteer, and we feel that not enough commendation can be given to the National Red Cross for the way in which we have been aided.

"We have been called hard-boiled but we do not believe that we are placing help where it is not deserved. We are buying feed for stock, and now we are giving out garden seeds. 'The merchants of the town have been generous in their co-operation in furnishing articles at almost cost. No restriction is placed as to where the people may get their supplies. We draw the order on whomever they indicate.

"It will be months before the county gets on its feet, and the Red Cross has set a tentative date at which it will stop its special aid as of May 1. The Civilian Home Service Relief Committee will continue to function with such aid as it may be able to secure."

CHURCH WINDOWS ARE INSTALLED

New Grace M. E. Church Near Completion

The large memorial windows which Charles E. Lipscomb, of New York City, has donated in the new church building of Grace M. E. Church are now in place.

The windows are art work of high type and are in the memory of Judge William and Henrietta Lipscomb, parents of the donor.

The colors are such as blend beautifully with the surroundings, and will add much to the appearance of West Street on which they face directly. The figure was selected by Mr. Lipscomb himself and portrays Christ in the famous paschal role.

Reverend George Hasel is in high hopes of moving into the new quarters by Easter, and the workmen are speeding up right along. Both the pastor and the congregation deserve credit on adding this new structure to the town, and more so because it carries no bonded indebtedness.

HOME DEMONSTRATION GROUPS TO STUDY YARD IMPROVEMENT

The study of Yard Improvement which was selected as one of minor projects for Home Demonstration Groups will be taken up at series of meetings during the week. Mr. Allen H. Reid from the Landscape Gardening Department of V. P. I. will be present to give illustrated lecture and practical demonstration on yard planning at these meetings. The Home Demonstration committees feel that they are very fortunate in being able to secure Mr. Reid for this series of lectures and wish the people of the county to take advantage of this opportunity.

Following is the schedule of meetings: Homemakers Association and Haymarket Hall in Haymarket Thursday, March 19, at 1 o'clock.

Dumfries Home Demonstration Group Friday, March 20, at 10 o'clock at the home of Mrs. Jane Abel.

Nokesville Home Demonstration Club Friday, March 20, at 1:30 o'clock at the home of Mr. S. S. Stultz.

Mr. Reid has agreed to make a few visits for keeps on individual problems in yard planning. Two such visits can be taken care of in each of the communities in which meetings are being held. Those particularly interested in securing such advice please get in touch with the Home Demonstration Committee in your community. Preference will be given early requests.

MANASSAS HIGH LOSES AND WINS

Nosed Out in Tight Game When Local Team is Outbid in Free Throws

Manassas and Warrenton locked horns at the High School Gym Friday night in a game which Warrenton won in the extra period by a score of 19 to 18. At the end of the regular time allotted for a game the score was tied at 15 to 16, and in the extra period of five minutes the score was tied at 16 to 16, and in was broken in the last minute by Warrenton by a foul shot. The Manassas team during the last forty seconds of the game staged a rally, and barely missed making two points, when the ball rolled around the rim of the basket and finally decided to roll off, and when Warrenton got the ball they refused to play up the floor, but were glad enough to just bound the ball around among themselves.

WOULD OPEN NEW PLANT

D. C. Kickler, of Indiana, now residing at Farmville, is in Manassas Tuesday and Wednesday to promote a wood working plant.

On Tuesday night, he stated his proposition to a group of business men, showing the possibilities to a of short haul, cheap products and good labor.

Mr. Kickler claims to be an expert in economical production and is ready to take charge of such a plant if some twenty five thousand dollars be made available through a small corporation.

He expects to return to Manassas shortly to go into further details with those interested.

MRS. LUTHER B. PATTIE

On the morning of February 19, Mrs. Luther B. Pattie died at her home at "Belleville," near Catharpin.

Mrs. Pattie had seemed to be in her usual good health, and was performing her morning work with her usual energy, when she was suddenly stricken with apoplexy and died a few hours later at 8:45 o'clock, without regaining consciousness. Her going was a great shock to her family, friends and neighbors.

The deceased, nee Harriet Rebecca Lynn, was the child of Luther Langdon and Mary Currell Lynn of Deserette. She was the youngest of a large family of sons and daughters.

When she was very young her mother died and she was taken to the home of her relatives, the Lynn family in Fauquier County, where she spent her childhood. She was especially attached to one of her cousins, now Mrs. Pamela Lak, of near Aldie, to whom she always referred as "Sister."

Some fifty years ago, she was married to Luther Benjamin Pattie. They made their first home at "Rock Hall," moving later to their adjoining farm at "Belleville."

To them were born four sons and two daughters, of which the following survive: Emmet N. Pattie, Luther Jett, Pattie, Mrs. George W. Davis of Catharpin and N. Currell Pattie of Falls Church, Fairfax County.

There are also eighteen grandchildren, one great grandchild, one sister, Mrs. William M. Wheeler of Wellington and a large number of nieces and nephews.

The deceased was in her 71th year. She was of the Primitive Baptist faith, but she contributed regularly to the support of Sudley church. Her funeral services were conducted by the pastor, Rev. L. B. Atkins. Three of her favorite hymns, "He Leadeth Me," "Home of the Soul," and "The Old Rugged Cross," were sung by the choir.

Four of her nephews, Messrs L. Kyle Lynn, Charles C. Lynn, Norville Wheeler and Luther L. Lynn, and two grandsons, R. Lee Pattie and L. Jett Pattie, Jr., bore her body to its last resting place beside her late husband in the family burying plot at "Belleville."

Tokens of love and sympathy for the bereaved family were expressed by the many kind acts of the neighbors and friends, and by the beautiful flowers which covered her grave.

A kind and affectionate mother, a generous and sympathetic neighbor has gone to her reward.

MARGARET MACKAY LAW

On Tuesday last, in the Episcopal Church at 4:30 p. m. the funeral services of little Margaret Mackay Law were conducted by Rev. A. S. Gibson rector of the church. Mrs. Gibson presided at the organ while a choir of girls sang "Golden Harps are Sounding," and "There's a Friend for Little Children." The profusion of beautiful flowers and the tear-dimmed faces of the throng gathered around the little casket evidenced the sympathy felt for the sorrowing young parents.

The little girl was a grandchild of Mrs. Margaret Lewis of Manassas, and daughter of Mr. and Mrs. Jack Law of Alabama. Baby Margaret was well known in Manassas where her mother was born and raised.

The child was instantly killed by an automobile near her parents' home in Alabama and brought here last Tuesday for interment.

PUPPET SHOW AT HIGH SCHOOL

"A series of delightful once-upon-a-time stories told by puppets on a miniature stage with charming scenery, lighting effects and tinkling music. Wholesome and educational entertainment for all, presented by expert craftsmen of the theatre in such a way as to make the plays thoroughly enjoyable, with all the action of color of the theatre at its best. A delight for grown-ups—a thrilling joy for every child."

Bobby Fulton's Puppets will present "Cinderella" and "The Puppet Revue," at the High School Auditorium, on Thursday evening, April 2, at 8:15 o'clock.

On Tuesday afternoon, April 7, at 2:30 o'clock, the Puppets will present "Jack and the Beanstalk."

Both of these puppet performances will be given under the auspices of the Home Economics Club of the High School for the purchase of some books which are needed in the work and which are a requirement for State accredited clubs, and for some additional equipment for the department.

The little actors are the Italian type of marionettes; they are about fifteen inches in height; the stage on which they will act is six feet across; mulberry velvet curtains mask the space above the little theatre and a cloth of gold curtain moves in front of the puppet stage where the dramas are enacted.

The company of puppets will arrive at the High School in their private cars on the evening of April 2 and on the afternoon of April 7.

PLANS MATURING FOR EASTER BALL

Plans are progressing for the annual charity ball of the Woman's Club. It is stated that at the special request of the Kiwanis Club that three-fourths of the proceeds will be given to their fund for the underprivileged children of Prince William County. The balance will be turned over to the Crippled Children's Hospital at Richmond.

The dance will be held on Easter Monday evening, and the same orchestra which played at Christmas will come out. Invitations are being printed this week and will be sent out shortly.

HILL-PRAISES LOCAL PRESS

Tells Kiwanians of the Value of Public Relations

Kiwanis owes its standing in the community it serves to the newspaper more than any other agency, Edwin F. Hill, member of the International Committee on Publicity, and vice president of the Washington, D. C. Kiwanis Club, told the members of the local club here last Friday. "The newspaper," he said, "utility-like in its enterprise serves the public well. It is a well-established fact that civic progress and newspaper enterprise go hand in hand. Every live community is kept alive by an enterprising newspaper."

If it were not for the publicity given Kiwanis clubs through the columns of the press, Mr. Hill stated, the organization would never have become the great civic service body that it is today. "What business or professional men would be interested in joining an organization that lived within itself, that never sponsored any worthwhile cause, or rendered a service to the community?" the speaker asked. "It is generally known," he said, "that the major objective of Kiwanis is helping crippled, and underprivileged children. Thousands of boys and girls who have literally been put on their feet through the activities of Kiwanis clubs would still be helpless public charges of the communities in which they live except for this spirit of helpfulness which is that of the Golden Rule."

"Kiwanis clubs render worthwhile services. Monthly reports of these activities are made in the club and copies given the press become news. In this way the public learns from the newspapers of the worthwhile accomplishments of the organization being carried on in its midst. As a result more men join Kiwanis and little clubs grow to big clubs, big clubs become better clubs, and more clubs are organized for this increased service to humanity."

"Kiwanis," the speaker added, "is now beginning its seventeenth year of service. The organization started in Detroit, January 21, 1915, has increased to 1,870 clubs operating in every section of the United States and Canada. Each community in which there is a Kiwanis Club has been benefited by the helping hands of this humanitarian organization of business and professional men."

"In the Capital District, comprising forty-five clubs in the District of Columbia, Maryland, Virginia and Delaware, more than 130 different Kiwanis activities were carried on last year, all for the betterment of the communities."

Kiwanis objectives include helping underprivileged children, promoting a more serviceable citizenship and a better understanding of the problems of government, improving the relationship and bringing about a spirit of mutual understanding between the farmer and the city man, and providing vocational guidance for young men and women.

DOG ONCE CONDEMNED TO DEATH WINS PRIZE

Condemned to death two weeks ago for the crime of being homeless, hungry and dirty, "Patches," a greyhound, yesterday won three blue ribbons in the Mississippi Valley Kennel club's show in St. Louis, Mo.

When the dog arrived at the Humane Society's death chambers, Gerald B. O'Reilly, head of the Society, recalled that E. J. Burke, an advertising solicitor, was looking for a greyhound.

"She's dirty and downcast, but you are welcome to it," O'Reilly told Burke, Burke accepted the gift.

"Patches" three victories Monday kept her in the running for the grand sweepstakes. Another still in the competition is O'Reilly's "Sheraton Leader," a male greyhound. "Patches" name, incidentally, now is "Patches Queen."

PENDLETON MAYHUGH

Pendleton Burr Mayhugh, son of the late Lewis and Emma McCormack Mayhugh of Greenwich, was born September 23, 1877, and spent all of his earthly life in the neighborhood of his birth.

In 1902 he married Miss Lula C. Jenkins and from this union three children survive him: Berkeley, Lewis and Mrs. Shirley Reid, all of Greenwich.

Being the child of a Christian home and surrounded by Christian influences he finally yielded his heart to Christ, and in October 28 united with the Greenwich Presbyterian Church and since that time has lived a consistent Christian life.

Mr. Mayhugh had always been a man of robust strength until about a year ago, when he was stricken with a serious heart trouble, which rapidly rapped his strength until the resistance of his strong constitution was finally destroyed. After a week or more of intense suffering at the last he quietly passed to eternal rest on the morning of March 4, surrounded by friends and relatives, who had done everything in their power to relieve his suffering.

His remains were tenderly laid to rest on the afternoon of March 6 in the Greenwich Presbyterian Cemetery, funeral being conducted by his pastor Rev. J. Royal Cooke assisted by Rev. Barnett Grimsley, his wife's pastor. Besides the above named children and four grandchildren, he is survived by his wife and two brothers and two sister, W. T. and F. L. Mayhugh, of Greenwich and Mr. N. D. Booth of Charlottesville, and Mrs. C. L. Burgess, of near Warrenton.

CARD OF THANKS

I wish to thank my many friends and relatives for their many acts of kindness and for their many floral tributes at the death of my beloved husband, Pendleton Mayhugh.

WISDOM FOR ALL—ALL FOR CHRIST

The Word of God

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize a Bible selection each week, it will prove a priceless heritage to them in after years.

REVERE THE CREATOR—Thou art worthy, O Lord, to receive glory and honor and power: for thou hast created all things, and for thy pleasure they are and were created. —Revelations 4:11

PRAYER—O Lord, we, Thy creatures, praise Thee not only for Thy power and majesty but for Thy love toward us.

THE COUNTY PAPER

It is with a sense of keenest appreciation we note the terse and pointed remarks of Mr. E. F. Hill before the Kiwanis Club last Friday night bearing on the county paper.

Mr. Hill thoroughly understands the value of publicity and the utilitarian importance of rural papers. He knows that the income from such papers is by the very nature of things too limited to attract men of education and large business capacity unless the monied men of the county do realize the strong need of having their county paper in reliable hands.

Too many county papers are in the possession of poorly trained and even ignorant journeyman printers who eke out a living by starvation prices for advertising.

The merchants and business men of any county that takes pride in a good local publicity medium should be willing to advertise liberally and pay a decent price for their advertising.

The man who would scoff at the idea of grade cattle in his herd or an inexperienced cook in his kitchen will often take pinch penny methods in dealing with his local paper.

AVERTED PARTY DISASTER

The Wisdom of Cordell Hull, Senator Robinson and Governor Byrd, aided by those Democrats all over the county who saved the party last week from the fatal suggestions of Chairman Raskob, cannot be too highly appreciated. Three weeks ago Mr. Hull sensed the danger and sounded the alarm. Two weeks ago in Raleigh Governor Byrd gave out a statement that called Democrats to action. Senator Shepard and Senator Morrison in the Senate spoke out strongly in the Washington meeting the argument was all with the opponents of Raskob's attempt to suggest planks for the Democratic platform. The leaders of the opposition knew the well laid plan. "We have known for a long time that this issue was brewing," said Senator Robinson. "Forewarned was aforesaid."

One sentence in the able speech of Senator Robinson shows he senses the real situation in America.

"Talking about winning women's votes! Do you expect that if this National Committee raises the flag of repeal of the eighteenth amendment and the substitution of a new plan by which the government shall go into the liquor business—do you think the women of this nation will rally with enthusiasm to the Democratic party?"

ANNOUNCEMENT OF MR. WEIR

To the Democratic Voters of Prince William County,

I announce my candidacy for the office of Commissioner of the Revenue of Prince William County, subject to the August primary election. Should it be the pleasure of the voters to favor me with the nomination and election, I shall give to the affairs of the office the same careful attention and to the taxpayers of the county the same degree of consideration as has been given since I have held the office.

R. M. WEIR,
Manassas, Va.

ANNOUNCEMENT BY MR. PARTLOW

To the Democratic Voters of Prince William County:

Having served seven years, as deputy sheriff, under C. A. Barbee, and J. P. Kerlin, I feel that I have become thoroughly familiar with the duties of the sheriff's office—which is a necessary requisite to properly serve to Court and the Public—and in response to the urgent request of several prominent citizens and voters in various sections of the County, I have after careful deliberation, decided to announce my candidacy for the office of Sheriff of Prince William County, subject to the nomination of the Democratic Primary to be held in August of this year.

I beg to state, at this time, there is no personal feeling, or disagreement, between my Chief, the present incumbent and myself, but as a public servant, I am merely yielding to the demand made by numbers of the qualified voters of Prince William County, for the past several years, to answer at this time a call to duty.

I am justly confident my past official experience qualifies me to perform the many necessary functions of this important office, in upholding and safeguarding the peace and dignity of the Commonwealth, with due consideration for the humane treatment of my fellowman.

I am entering this campaign after much careful consideration, as the people's candidate, free from obligation to any man, faction or social organization. Should it be the pleasure of the voters to favor me with the nomination and election, I shall endeavor to discharge the duties of this important office in a same, impartial and faithful manner.

If elected, I shall maintain my residence and office at the County seat, Manassas, where I shall be at the service of the people, day or night at any call.

Sincerely and gratefully
W. E. PARTLOW.

What the NEW HUMIDOR PACK means to Camel Smokers*

COMPARE a package of Camels with any other cigarette and note the difference in the technique of packing.

Note that Camels are completely enclosed in an outer transparent cover of moisture-proof cellophane and sealed air-tight at every point.

We call this outer shell the Humidor Pack. It differs from the ordinary cellophane pack and while it is egg-shell thin, it means a lot in terms of cigarette enjoyment.

It means, for instance, that evaporation is checkmated and that Salt

Lake City can now have as good Camels as Winston-Salem.

While Camels are made of a blend of the choicest Turkish and mellowest domestic tobaccos, it is highly important, if you are to get full benefit of

this quality, that these cigarettes come to you with their natural moisture content still intact.

The Humidor Pack insures that. It prevents the fine tobaccos of Camels from drying out and losing any of their delightful flavor.

Aside from cheap tobacco, two factors in a cigarette can mar the smoker's pleasure:

Fine particles of peppery dust if left in the tobacco by inefficient cleaning methods sting and irritate delicate throat membrane.

Dry tobacco, robbed of its natural moisture by scorching or by evaporation gives off a hot smoke that burns the throat with every inhalation.

We take every precaution against these factors here at Winston-Salem.

Aspecial vacuum cleaning apparatus removes dust and now the new Humidor Pack prevents dryness.

Check the difference yourself It is a very simple matter to check the difference between Humidor Packed

Camels and other ordinary dry cigarettes.

First of all you can feel the difference as you roll the cigarettes between your fingers. Camels are full-bodied and pliable. A dry cigarette crumbles under pressure and sheds tobacco.

If you will hold a cigarette to each ear and roll them with your fingers you can actually hear the difference.

The real test of course is to smoke them. And here's where the new Humidor Pack proves a real blessing to the smoker.

As you inhale the cool, fragrant smoke from a Camel you get all the mildness and magic of the fine tobaccos of which it is blended.

But when you draw in the hot smoke from a dried cigarette see how flat and brackish it is by comparison and how harsh it is to your throat.

If you are a regular Camel smoker you have already noticed what proper condition of the cigarette means.

But if you haven't tried Camels in the new Humidor Pack you have a new adventure with Lady Nicotine in store.

Switch your affections for just one day, then go back to your old love tomorrow if you can.

Bernice Altemus, Fifth St., S. E., Washington, D. C. "Constipation and constant dosing with laxatives had ruined my digestion. My whole system was full of poisons and I suffered with sick headaches and dizzy spells. Since taking Sargon, if I have a trouble left I don't know it. TOP DRESSING ORCHARD GRASS

A fertilizer demonstration was conducted on a second year's growth of orchard grass by M. B. Leach, Manager Lawn Farm at Greenwich in 1929. A yield of 24.33 bushels of orchard grass seed per acre was made on three acres which had received a top dressing of 200 pounds acid phosphate and 187 pounds of nitrate of soda in the spring. An acre plot which was top dressed with 200 pounds of acid phosphate alone yielded 13 bushels of seed while the remaining seven acres in the field which was unfertilized also yielded 13 bushels per acre.

More than 73,000 miles in a New Ford

THE substantial worth of the new Ford is reflected in its good performance, economy and reliability. Its stamina and endurance are particularly apparent in sections where bad roads and severe weather put a heavy extra burden on the automobile.

In less than a year a new Ford Tudor Sedan was driven more than seventy-three thousand miles over a difficult route. The operating cost per mile was very low and practically the only expense for repairs was for new piston rings and a new bearing for the generator.

The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford has never failed to go when I was ready," writes one of the three mail carriers operating the car. "The starter did the trick last winter even at 34 degrees below zero. The gas runs about 20 miles per gallon. At times I pull a trailer whenever I have a bulky load."

Many other Ford owners report the same satisfactory performance. Every part has been made to endure—to serve you faithfully and well for many thousands of miles.

LOW PRICES OF FORD CARS

\$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

FEATURES OF THE NEW FORD

Attractive lines and colors, rich, long-wearing upholstery, sturdy steel body construction, Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, more than twenty ball and roller bearings, and bright, enduring Rustless Steel for many exterior metal parts. In addition, you save many dollars because of the low first cost of the Ford, low cost of operation and up-keep and low yearly depreciation.

Through the generosity of Admiral Cary T. Grayson, I am able to offer the services of LONGWORTH, Imported (Son-in-Law out of Long Sugar by John 'o Gaunt), Son-in-Law, Champion Sire in England, 1930—his progeny won \$44,588½—approximately \$222,940.

Longworth is a magnificent individual, standing 16.3 hands high. He is superbly bred, as his tabulated pedigree will show. He was foaled in 1923 in England and sent to the United States as a foal. He won his first race in 1925 as a 2 year-old at Coney Island against 8 strong contenders a distance of 5½ furlongs. He won third race on same track a few days later against five outstanding 2-year-olds.

Longworth's sire, Son-in-Law is by Dark Ronald, who is the sire of St. James, the winner of the Westchester Futurity in 1923 (approximately \$64,000 to the winner), and he is the sire of Jamestown, the winner of the Westchester Futurity in 1930 (approximately \$100,000 to the winner).

Hodson, Poultry Specialist, was present and talked before each of the groups on the Care and Feeding of Baby Chicks. The work on poultry will be continued in the Home Demonstration Groups later in the year. At a meeting of a committee of poultrymen called together to discuss the poultry situation it decided that a meeting of poultrymen be called in March to discuss the organization of a County Poultry Association.

A meeting of 4-H club officers and leaders was called for February 2 to discuss the organization of a county club council. Due to the unfavorable weather condition only seven groups were represented but an unusually good meeting was held.
