IS YOUR KITCHEN PLANNED FOR CONVENIENCE?

Can you stand in the middle of your kitchen and with arms outstretched reach all working surfaces? Perhaps your kitchen is one of the large type in which careful planning is needed in order to have equipment arranged in step saving sequence. In food preparation and sewing we work easiest when working from left to right. Is your kitchen so arranged that vegetables brought from the cellar may be cleaned at sink, pared at work table, put in utensil for cooking and passed to stove without retracing steps? The sink or work table should be placed close to door leading from basement and garden in order to save steps in bringing in of vegetables. Stoves are most conveniently used when placed near dining room door in order that time and steps may be saved in serving of meals.

Have you a working surface for each type of work to be done in preparation of food?

Namely—preparing, cooking, serving, and clearing away. You may spare yourself much confusion of a distinct surface is provided for each. In clearing away dishes do you need to cross yourself in putting dishes in cabinet? Cabinets placed to left of sink or work table save much effort. The china cabinet needs to be conveniently near the stove in order that steps may be saved in the serving of meals.

Nine women out of each ten think that their kitchens are arranged "the only way they can be." Perhaps yours is any way to look and give it careful consideration. Time saved in food preparation may be profitably used for reading or other type of recreation.

The firm of W. Atlee Wood and Company, of Manassas, introduced a new idea in merchandising last week when they inserted in their advertisement the offer of 10 pounds of sugar to every customer who would subscribe or renew subscription to the Manassas Journal.

"We want our customers," Mr. Wood stated, "to read our advertisements every week. The local newspaper really costs them nothing because they can save its value many times over by taking advantage of the specials advertised each week by my company."

The offer proved so popular that it is being repeated this week in connection with the Coupon Sale advertised in this issue of the Journal.

SHOULD PAY POLL TAXES

All voters must qualify by May 2

The citizens of Prince William county who desire to participate in the Democratic Primary in August are advised that the Virginia election laws require payment of poll taxes sixty days before the election. May 2 is the actual dead line, but to avoid any last minute complications, all voters are urged to attend to this important detail by May 2.

Most of the county elective offices will be voted upon in the Democratic Primary on August 4. In addition the selection of State Senator will also be made. Nomination in the Democratic Primary this year is widely believed to be equivalent to election as on former days.

SUSIE GRAHAM POWELL

Susie C. wife of J. R. Powell, of Woodmont, Bethesda, Md., died at a Washington Hospital following an operation on Saturday.

Mrs. Powell was the daughter of John Graham and Mary Sweeney. She was born near Thoroughfare in 1875 where she was reared and spent part of her married life.

The family moved to Bethesda where Mr. Powell became associated with the Government during the World War.

While not an active civic worker Mrs. Powell was surely most generous in assisting any public or church affair with donations. She was a kind, faithful wife and a loving mother.

Those surviving her are her husband, J. R. Powell, two sons, W. C. Powell, of Bethesda, R. P. Powell, of Charlotte, N. C., Mrs. Virginia Schwartz, and Mrs. Grace Yowell, both of Bethesda; two sisters, Mrs. Janie Dodd, of Bethesda and Mrs. Mollie Rookwood, of Luckett, and one brother, R. B. Graham, of Thoroughfare.

The funeral took place yesterday at her late residence with interment at the Manassas cemetery. Rev. C. E. Burrows, of the Woodmont M. E. Church, officiated at both services. The pall bearers were two brothers-in-law, C. H. Powell, of Bailey's Cross Roads, D. B. Powell, of Danville, and four neighbors, Leslie Lee, W. C. Coffee, Edward Seeks and Roger Day, all of Bethesda.

MANASSAS HIGH SCHOOL NEWS

The Commercial Club will send students to compete in the preliminary contests held at Washington and Lee High School, on Saturday. The following will be sent: A Junior Shorthand Team, consisting of Barbara Neill, Reba Crawford, and Christine Breeden; Senior Shorthand Team, consisting of Eva Lunsford, Christine Meetze, Beulah Sowers, Marion Wells, and Sylvia Showalter; and an individual competitor in Bookkeeping, Mazyck Wood.

Several students took the Strayer Business College's examination at Warrenton High School on April 11. Barbara Neill won first place, with the subsequent scholarship, and Mazyck Wood tied for second place with Charles Beahm of Nokesville. The Manassas students in general distinguished themselves, making the highest average of any school represented.

An impressive outdoor Arbor Day program was given by the Junior League on Monday. The Glee Club rendered Kilmier's "Trees," and each of the English classes gave a reading on the beauty and usefulness of trees. The School was presented with some beautiful shrubs by Mrs. S. T. Weir and Mrs. J. B. T. Thornton. Members of the Senior League were present at the program.

On Friday, April 17, the Junior League of Prince William County sent a representative delegation to the District Conference which met at Warrenton. Reports were given and the convention was entertained by Mr. George Russell, an Irish poet. Prince William is the only Banner County in this district. The meeting was well attended and all had a pleasant and profitable time.

HIGH SCHOOL GIRLS DO WELL IN OPERETTA

The young ladies of Miss Speiden's classes presented the operetta "The Wild Rose" on Friday evening.

The play was in two acts, with scenery in both very elaborate and beautifully arranged.

The girls sang easily and with good volume of tone. Miss Hatcher had the leading role which was quite difficult for one of her years, but she went through with flying colors. Miss Walsler Conner also had a difficult part. There were several duets and a number of group songs, all of which went off without a hitch.

Miss Speiden's work shows the result of intense application and sincere efforts to give our girls a good musical training.

Miss Nancy Waters at the piano gave her usual excellent rendition of all numbers.

(Editor's Note: The above was inadvertently omitted last week.)

COUNTY AGENTS QUESTION BOX

SILAGE VARIETIES SUPERIOR

There is much dispute as to whether or not silage varieties of corn are superior to grain varieties for the production of ensilage. The work of the experiment station and results secured by farmers show conclusively that the ensilage varieties are superior for this purpose.

The acre yield of total nutrients is of first importance. The prolific or silage varieties are preferable as they produce more total nutrients per acre than do the grain varieties. However, the grain varieties produce a higher quality ensilage, because the ratio of grain to silage is greater.

In the five year average results of the experiment station the silage varieties consistently out yielded the grain varieties by several tons.

Can you answer this?

1. Does it pay to use Certified seed?

BIBLE THOUGHT AND PRAYER
If parents will have their children memorize a Bible selection each week, it will prove a priceless heritage to them in after years.

HAVE FAITH IN GOD—And Jesus said unto him, Go thy way thy faith hath made thee whole. And immediately he received his sight, and followed Jesus in the way.—Mark 10:52.

PRAYER—Father, give us that faith in Thee which never doubts Thy love, mercy or power.

THE ATTORNEY-GENERAL'S RULING

A number of people have been quite stirred by the recent ruling of Attorney-General John R. Saunders that the offer of a candidate for public office to retain, if elected, only a part of the salary of such office and to pay the balance into the County treasury, is illegal and constitutes bribery. The term "bribery" seems a rather harsh one to apply to an act which at first thought would seem to be an effective protest against the high salaries of certain officials and to the best interests in the counties concerned.

Candidates in various sections of the State have made such offers this year undoubtedly with the best of intentions and certainly with no suspicion that they were committing an illegal act or one that might be construed as criminal. On whatever legal ground the objections may be based, however, there is a good reason for not allowing a candidate to make such an offer for if it brought success it would undoubtedly become customary and widespread so that no one but a wealthy man could afford to hold office. In fact it might be carried to the extent that men not only would offer to serve without pay but might even pay for the privilege of holding office in which we would see offices sold to the highest bidder.

No government can afford to sanction any practice which tends to substitute the hope of pecuniary reward for the exercise of the voter's best judgment as to the fitness of a candidate for office when it comes to casting the ballot either in the primary or the final election. It is a case where the principle involved is of more importance than the possible pecuniary benefits to the people.—The Blue Ridge Herald.

TWIN CITY GOSSIP

(Woodbridge and Occoquan)

Anent the County Budget: Did all of you folks get a square deal?

Why grumble now! Ninety-nine taxpayers out of every one hundred supporters of our present county system of government needs something to jar 'em into consciousness.

I am confident when the folks open their eyes and start thinking and acting they will demand that this archaic form of county government disappear.

The County Budget was pared to its thinnest peeling. With our present crazy quilt system of handling county affairs, I think it very foolish

to advocate a decrease in a single item.

There isn't a business man or chief executive this side of the devil's home that would attempt to run a business and expect to pay dividends by using such an obsolete system as is used in county and state government in Virginia.

I noticed that there were a few in favor of pinching a little mite of our county health work. My dear misguided and unthinking folks—don't you realize Prince William County is twenty years behind the times in public health work?

"Thank God it is no worse" said a man whom the devil was carrying to hell.

"How?" asked a neighbor.

"Well, he is carrying me — he might have made me carry him."

When I think of some of the unsanitary conditions that exist in the county, I feel convinced that the Public Health item should have been doubled. This is money well spent—for a chain is no stronger than its weakest link. I also notice a few of our great men in favor of reducing teachers' salaries.

I say, very foolish, indeed—and, I say this advisedly: I hardly think I can use words in a newspaper article strong enough to convince such thinkers how utterly foolish it is to even suggest a reduction in public school teachers' pay. Take the teachers' breath away—that's luxury; but, if she or he is going to continue to live, don't cut the salary—that is a necessity.

When you cut wages you simply delay progress.

By the way, do you remember last fall, I wrote an article and it was published in the Manassas Journal with other local news. This particular article dealt with the consolidation of counties in Virginia. And was given quite a bit of notice in other papers in Virginia. I never

heard a word from those who are now kicking about high taxes in Prince William County.

Consolidation of counties prevents duplication of work and saves enormous sums that are paid to county officials that can easily be done a way with.

If you are interested in a lower tax rate, why not start thinking and acting?

Taking the one hundred counties in Virginia and changing them to ten or even twenty counties, or districts would reduce our taxes from 40 per cent to sixty per cent.

Does such a reduction appeal to you? It is not worth while to pay your capitation tax and vote unless you think and act.

How many of you voters know what pay the Sheriff, Commonwealth attorney, Clerk of the Court, Treasurer and Commission of Revenue get in your county? You don't know? Well, I am not surprised!

I haven't the figures for Prince William County, but in 1929, Stafford showed a salary to these officials as follows:

Sheriff	\$ 1,044.04
Comm. Attorney	1,370.00
County Clerk	2,419.68
Treasurer	3,826.70
Com. Revenue	1,826.70

Total \$10,437.12

In King George County these five officers were paid a salary of \$9,212.81 in 1929 same year Spotsylvania County paid these five officers a total of \$10,400.12; Caroline County paid the same five officials a little over \$12,000.00. A grand total for the four counties listed, covering five officials, \$42,049.05. This does not include the smaller offices like constable, jailer, justice of the Peace, Overseer of the Poor, Supt. of Schools etc. For the sake of argument: put these four counties together and pay the listed officials as follows:

One Clerk of Courts	\$ 3,000.00
One Sheriff	3,000.00
Once Com. Attorney	3,000.00
One Treasurer	3,000.00
One Com. of Rev.	3,000.00

FORD RELIABILITY

Long, hard use shows the value of good materials and simplicity of design

EVERYWHERE you go you hear reports of the good performance and reliability of the Ford.

One owner writes—"The Ford Tudor Sedan I am driving has covered 59,300 miles through all kinds of weather. It is still giving perfect satisfaction."

Another owner describes a trip of 3217 miles in 95 hours over bad roads and through heavy rain and sleet in the mountains. "Throughout the entire trip," he writes, "the Ford performed excellently and no mechanical trouble of any kind was experienced. The shatter-proof glass undoubtedly saved us from serious injury when a prairie chicken struck the windshield while we were traveling at 65 miles an hour."

See the nearest dealer and have him give you a demonstration ride in the Ford. Then, from your own personal experience, you will know that it brings you everything you want or need in a motor car at an unusually low price.

HAYMARKET

The marriage of Miss Josephine S. Peters daughter of the late Franz Peters and Mrs. Peters of Haymarket to Mr. Frederick M. Jackson, son of Mr. and Mrs. Atwell M. Jackson of Boston, Mass., was quietly solemnized at the Chapel of St. Albans, Washington, on Saturday morning, April 11. The ceremony was performed by Rev. Mr. Warren of the Cathedral staff, in the presence of only the immediate family and a few intimate friends of the couple. The bride was lovely in a costume of old rose beige crepe with hat to correspond and carried cream colored roses and lilies of the valley. Miss Kathleen Peters was her sister's maid of honor and only attendant. She wore an afternoon costume of blue crepe and carried pink roses. The bride was given in marriage by her brother, Mr. F. Heineken Peters. Mr. Jackson had as his best man, Mr. Thomas Hannah of Pittsburg. Following the ceremony a wedding breakfast was served at Wardman Park Hotel to the family party. After which Mr. and Mrs. Jackson left by motor to Hot Springs, Va., and a southern trip. On their return they will make their home in Washington. The young couple received a large number of handsome gifts.

A congregational meeting of St. Paul's Church was held at the parish hall on Tuesday afternoon and was largely attended. Reports from the several organizations of the church were read, with a financial report by the treasurer, Mr. J. W. Garrett. The following men were elected to serve as vestrymen for the ensuing year: W. M. Jordan, Bailey Tyler, J. W. Garrett, Geo. G. Tyler, Dr. T. G. Brown, Dr. Wade C. Payne, W. Park Wilson, Rolfe Robertson, E. P. Watson, J. M. Piercy, Winston Carter, J. N. Kerr.

The Civic Committee of the recently organized Woman's Club, Haymarket, is already accomplishing much for the improvements of the village, in the way of a "clean up" crusade with baskets for the collection of trash placed in convenient locations. It is understood that this is only a small beginning of what is hoped and planned for in the way of improving and beautifying the village.

TWIN CITY GOSSIP

Continued from page 5

Total\$15,000.00
Add for Mial. Help 5,000.00

Grand Total\$20,000.00

This amount deducted from \$42,000.00 in round figures leaves a balance of \$22,000.00. An average saving to each county amounting to \$5,500.00. Taking the same ratio as a saving to the taxpayers throughout the state we find a saving of over one million dollars to the administra-

tion of county government under a consolidation plan. The plan properly worked out and put on a strictly business basis would save millions of dollars to the taxpayer, not less than 40 per cent of their present taxes.

The man who pays \$100.00 taxes at present would then pay not more than \$60.00. He would benefit by a big saving in money, a simplified system in county administration; and in a few years we would be able to take the tax entirely off of farms owned and operated by the owner for a living, and valued at less than \$3,000.00.

I venture to say, in ten years time we would be paying an old age pension, and our present so-called poor houses, with its stigma upon civilization would be a thing of the past.

I am sure you are aware that the cost of local government is entirely too high, and steadily going up and up. Present conditions can be remedied and should be.

By the way, there must be a Scotchman on the Board, and that Scotch-

man must have put it all over the other five. The Board appropriated the stupendous sum of \$50.00 to advertise the county. Why didn't some one kick—too much! That item should have been cut to read: "Not more than \$2.50 to be used in any one calendar year to advertise the County of Prince William."

If you are in earnest about using the full sum of \$50.00 for advertising purposes, I suggest that \$25.00 of this amount be used to find the officials of the defunct Chamber of Commerce of Prince William County, and the other \$25.00 be used for a public execution.

I wonder if my good friend Tom Lyons is still weeping over the hardships of the poor taxpayer?

Mr. and Mrs. Voter, ask your Legislative candidates if they have formulated any plans for the consolidation of counties. If they do not give an attentive ear turn 'em down flat footed. We want and need progressive action.

GEORGE DENT.

On Knowing Your Victuals

ALTHOUGH we've been in the food business for nearly three-quarters of a century, we've never seen so many people worked up over victuals as they are right now.

Truly, it seems as if every newspaper, magazine, and radio station in the country is being conducted for the sole purpose of teaching the American woman how to buy wisely, cook wisely, and eat wisely. Bureaus and Committees by the hundred vie with one another to show housewives how to get their money's worth from the grocer and the butcher.

All of which is highly satisfactory, so far as we are concerned. The more women know about food, and the shrewder buyers they are, the more customers A & P will have.

For A & P is run for women who are keen judges of food, who know food values when they see them. A & P stores are for women who make a business of running their households well at low expense—and are proud of it.
