

## GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. H. W. Herring  
Celebrate 50th Anniversary.

On July 7, Mr. and Mrs. H. W. Herring, of Nokesville, celebrated their golden wedding anniversary at their home. The occasion was the scene of a very pleasant surprise party as members of the large family gathered to do honor to the happy couple.

MR. AND MRS. W. H. HERRING

Mrs. Herring, who was Miss Sarah Specht, of Hooversville, Pa., would never have been suspected of having passed her seventy-third milestone, and Mr. Herring carried his seventy years as one twenty years his junior. He came to Nokesville some thirty years ago and has carved for himself a place of high esteem and prominence. He is president of the Nokesville Bank and a director of the National Bank of Manassas. He is president of the Nokesville Supply Company and also heads the Prince William Horse Show.

Only the immediate members of the family were present, but these children and grandchildren made a good assembly. All the grandchildren but one were there and there are thirteen. The children of Mr. and Mrs. Herring are: E. L. Herring, W. H. Herring, E. L. Herring, Independent Hill; W. H. Herring and C. C. Herring, Nokesville; Q. J. Herring, Fredericksburg; J. P. and G. W., of Nokesville; Miss Bertha Herring and Mrs. E. E. Hale, of Nokesville.

A delightful lawn supper concluded the day's happy celebration.

## DIES IN BALTIMORE

## THOMAS LARSON

Thomas Larson died Thursday morning in the George Washington University Hospital, Washington, after an illness of several months. Funeral services were conducted Sunday afternoon at the home on the lower Blandford road by the Rev. Westwood Hutchinson. Burial was in the old Hixson cemetery a short distance away.

Mr. Larson was 80 years, 11 months old at the time of his death. He was born near Aalborg, North Jutland, Denmark, on August 7, 1850, one of five brothers, four of whom came to the United States in their early manhood. Thomas Larson saw in America the opportunity better to establish a home, and the religious freedom the country afforded also was a big factor in his decision to become an American. He arrived in New York in November, 1872, and went westward with the tide of empire.

Soon after establishing himself in Council Bluffs, Iowa, he met Miss Kirsten Swanson, who was born and spent her girlhood not far from his home in Denmark. After they were married they lived seven years in Iowa, and then went to Kearney County, Nebraska, where they lived, except from 1890 to 1893 when they returned to Council Bluffs, until 1910.

Having visited Virginia in 1909, Mr. and Mrs. Larson were so impressed with the Old Dominion's advantages that they decided to move from the West. They purchased the Old Dodge place on the lower Blandford road and moved there with their family in August, 1910. To Virginia's gentle climate, Mr. Larson, used to the rigors of Danish and Western weather, often credited with adding many years to his life.

Mr. Larson identified himself with the Baptist Church early in his life and he was a deacon of the Manassas Baptist Church for about 20 years.

Surviving him, besides his wife, are eight children, Walter C. Larson, of Upland, Nebraska; George L. Larson, of Washington, D. C.; Mrs. Emily Cronin, also of Washington; Mrs. Lillian Christensen, of Danbury, Nebraska; Alfred P. Larson, of Cedar City, Utah; Mrs. Ben S. Lewis, of Jacksonville, Fla.; Mrs. Roy J. Long, of Manassas, and Ralph K. T. Larson, of Norfolk; three brothers, George Larson, of Los Angeles, Calif.; Chris Larson, of Council Bluffs, and J. C. Larson, of San Francisco, Calif.; twenty grandchildren and twelve great grandchildren.

The pall bearers were W. J. Jasper, W. E. Trusler, R. M. Jenkins, A. H. Jenkins, Lee Johnson, and Thos. H. Cobb, all members of Mr. Larson's church.

After the schools have opened for a few days additional children will be admitted if there is room, according to when their birthdays come, that is, those in September, first; in October, next, etc., until all room is taken up. Positively no children will be admitted who become six years of age later than December 31, 1931.

3. Every child entering school for the first time will be requested to present a birth certificate to the teacher.

## Must Prove Vaccination.

4. In order to comply fully with the State law requiring vaccination and the county regulation passed by both the Board of Supervisors and the County School Board, it will be necessary for all the children in the county, regardless of age or grade, to show a vaccination scar upon entrance to the county schools in September or a doctor's certificate showing that they have been vaccinated just prior to the opening of school. Teachers will be instructed not to admit pupils not complying with this regulation.

## Court Contest Restores Number of Voters to Eligible List.

About 500 hundred people, both white and colored, gathered in the court house at Stafford on Monday morning to witness the airing of the circumstances surrounding the omission of names from the voting list by County Treasurer W. D. Reamy.

Court convened at 10:20. The first to rise to his feet was Hon. C. O'Connor Goolrick, of Fredericksburg, attorney for Mr. Reamy. Mr. Goolrick suggested that a court order had been asked for which in a number of instances was unnecessary. He admitted clerical errors, errors of the printer, and the omission of names of those just of age.

He stated that the Treasurer had no notice that accusations would be hurled at him in open court. Confusion began when he asked by what authority Messrs. Chichester and Wallace were bringing the matter into court, and called for the presentation of the individual plaintiffs.

Judge Coleman found it necessary to call order several times until quiet ensued, and his suggestion was accepted that the attorneys retire to chambers with the treasurer, and adjourn so far as they could agree.

Court reconvened at 10:45. In the meantime, the treasurer had admitted the following names were incorrectly omitted by his office, and the same were ordered placed on the voting list:

**Aquia District**  
Mrs. Edith Knight, Marion W. Moncure, Miss Jane Payne, James Hill, W. E. Galfahan, Gordon Shelton, Paul Whaling.

**Falmouth District**  
Pauline Kurtz, W. C. Peyton, G. S. Lee, Leonard M. Hudson, Alfred Bouthyard, Geo. T. Young, G. I. Saceray, Robt. J. Sullivan, Wilbur Limerick, Eustace Wheeler (colored), Ralph Snellings, Richard Walter Limerick, Carter Newton, Ida Limerick, Rannie Cox.

**Hartwood District**  
Ethel Johnson, Clinton Beagle, Jos. M. Beagle, Inez Burton, Mary W. Wilson, Robt. L. Johnson.

**Rock Hill District**  
David Weiner, G. E. Ryan, W. H. Bridwell, D. Lee Embrey, Clifton Wamsley.

Other corrections of names, initials and spelling were made.

Attorney F. M. Chichester called for Mr. Reamy and asked that he be sworn.

The plaintiffs were unable to show sufficient evidence in approximately a fifth of the instances cited.

The names taken up in open court were about ten. Of these one, Mrs. Mary W. Wilson, was ruled eligible by the court and included in the order which covered the others. The remainder, Norman Truslow, Beatrice Monteith, Herman Olive, Mrs. Thomas Crane, Mr. and Mrs. B. T. Heflin, J. A. Monteith and Mrs. Mercedes Boyle, were thrown out. Several of these had not paid prior to 1930, and others were declared non-residents. One had paid after May 5.

Attorney Goolrick put up a stubborn fight on each one. The case of Richard Huffman was fought longer than any other, charges and counter charges flying thick and fast. Goolrick finally managed to cloud the genuineness of one of the tax receipts, and the same was held up for examination.

But for the constant alertness of Judge Coleman, the attorneys would have bickered far into the day, but by force of quick action the matter progressed with such rapidity that everything was over before the grand jury had time to prepare its findings on three indictments.

VIRGINIA CROPS  
ABOVE AVERAGEU. S. Report Reveals Favorable  
Condition.

Virginia crop prospects on July 1  
continued favorable and the yield of  
all crops is expected to be about 13  
per cent above the ten year average,  
according to the Federal-State Crop  
Reporting Service.

Weather conditions during June  
were generally favorable for crop  
growth and for harvesting wheat and  
hay, although in some communities  
rains interfered with this work.  
Throughout the State the condition  
of all crops presents a striking con-  
trast to the outlook at this time last  
year when the effects of the drought  
were beginning to appear.

The area planted to corn this year  
is estimated to be 1,543,000 acres, or  
about 3 per cent above the revised  
estimate of 1,498,000 acres harvested  
last year. The increase in acreage  
is general throughout the State as  
the shortage of corn supplies made it  
necessary to plant a larger acreage  
this season. The crop has made an  
excellent start, fields have been well  
cultivated, growth is above the aver-  
age and the plants have an excellent  
color. The July condition indicates  
a production of approximately 45-  
000,000 bushels, compared with the  
short crop of last year of 17,227,000  
bushels, and the five year average of  
44,000,000 bushels. Throughout the  
United States the total area planted  
is estimated to be 105,567,000 acres,  
which is an increase of approximately  
4 per cent above the 1930 acreage.  
The production indicated by the July  
condition is 2,968,000,000 bushels,  
compared with 2,094,000,000 bushels  
in 1930.

Wheat prospects improved during  
June, and while very little of the crop  
had been threshed by July 1, growers  
estimated the yield to be heavier than  
had been expected. The probable  
yield of 15.5 bushels indicates a pro-  
duction of 9,068,000 bushels, compared  
with 9,160,000 bushels harvested last  
season. The United States production  
of winter wheat, based upon the July  
1 condition, is now expected to be 713-  
000,000 bushels, compared with 612-  
000,000 harvested in 1930, and 547-  
000,000 bushels, the average for the  
previous five years. The total pro-  
duction of all wheat, including durum  
and other spring wheat, is now esti-  
mated to be 869,000,000 bushels,  
against 863,000,000 in 1930 and 822-  
000,000 the five year average.

### WARNING TO BATHERS NEAR POTOMAC

#### County Health Department Advises of Pollution

County Health Director Carson warns the people of Fairfax County against bathing in any of the tributaries of the Potomac, or in the river, as the water of the Potomac is laden with disease germs and the same condition exists in the tidalwater streams that flow into it. Dr. Carson says not only is there grave danger of contracting typhoid fever by getting river water in the mouth while bathing, but the water polluted by the sewerage of Washington and Alexandria contains germs that may cause eye, skin and throat troubles.

DOLL M. ZIRKLE

We counted the number of times food is delivered to our stores every day. Big trucks, little trucks, medium-sized trucks—every time anything on wheels drove up to our doors with something new for us, we marked it down.

We did it so we could go around asking people, "Guess why our stores always have nice fresh food?" and when they gave up we could say, "Because our stores get ten separate deliveries of nice fresh food every single day."

The stores we checked up on were receiving new supplies of fresh groceries sixty-two times a week—about once every hour. But, of course, other stores get fewer deliveries, just as others get more. So you see we're not trying to stretch it.

### TO THE DEMOCRATIC VOTERS OF PRINCE WILLIAM COUNTY:

According to my previous promise I shall take this opportunity to announce my deputies for the coming term, if honored with your election.

In the upper section of the county I will have Mr. Harvey Polen, of Gainesville District, who will look after the interest of that section, and Mr. Daniel Reid, of Occoquan District, will serve the people of that section.

Both these gentlemen with whom you are probably well acquainted will serve with me in the discharge of the duties of the sheriff's office over the entire county.

I desire to take this opportunity of thanking everyone of my friends for their steadfast and loyal support throughout this campaign and am full confident of victory, if we all stick together until the close of the polls on August 4.

As stated in a previous article I shall maintain my residence at the county seat, Manassas, where it shall not only be my duty but my pleasure to serve you day and night.

W. E. PARTLOW.

### TO THE VOTERS AND TAXPAYERS OF DUMFRIES DISTRICT:

I have been asked lately by the voters of my district if I was a candidate for Supervisor in August 4 primary election.

I did not announce myself for election. It was the taxpayers and voters that brought me out. I did say if they wanted me bad enough for the office I would serve if elected. I thought that was sufficient enough, but it seems they are not satisfied with that. Why not insert notice in the Manassas Journal to the effect.

I served the people of my district for four straight terms without any notice appearing in the Journal. I retired at the last term of office 28 years ago, fully satisfied that I had served the district to the very best of my ability.

I wonder if the taxpayers ever think of what an important office the Supervisor's office is. It is just the most important office of the county.

The person should first be a person of good habits. A person of good judgment knows how to run his own affairs before he asks to run other people's affairs for them.

I am not after the office for the honor or the money that is in it, only for the interest of my district and county, to serve the office honest to all parties concerned. For their interest is my interest, for I am also a taxpayer. If I am elected I shall serve the people of my district to the best of my ability.

I will be dictated by no person or persons. I am just as much in favor of good schools and good roads as anybody.

If the people elect the right ones, I don't see why we can't have both, and not have an empty treasury part of the year.

Respectfully submitted,

E. G. W. KEYS.

## Consider your Adam's Apple!!\*

## Don't Rasp Your Throat With Harsh Irritants

"Reach for a  
LUCKY instead"

Everyone has an Adam's Apple. Every man—every woman has one. Touch your Adam's Apple with your finger. You are actually touching your larynx—this is your voice box—it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat—your vocal chords.

"TOASTING" expels certain harsh irritants present in all raw tobaccos. These expelled irritants are not present in your LUCKY STRIKE—the modern cigarette. We sell these expelled irritants to manufacturers of chemical compounds. Everyone knows that sunshine mellows—that's why the "TOASTING" Process includes the use of Ultra Violet Rays. LUCKY STRIKE—made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret and exclusive heating process. It is this process that expels these harsh irritants. No wonder 20,679 American physicians have stated LUCKIES to be less irritating. No wonder LUCKIES are always kind to your throat. And so we say "Consider your Adam's Apple." Be careful in your choice of cigarettes.
