RETIRED ATTOR- NEY PASSES AWAY

John H. Nelson, Formerly of
District, Author of
Several Books.

John H. Nelson, prominent practicing attorney in Washington until three years ago, when failing health forced his retirement to his residence here, died last Thursday afternoon.

Mr. Nelson was a native of this county and was born at Grinstead, near Dumfries, August 14, 1866. Following his preparatory education at the Brentsville School and Bethel Military Academy, Warrenton, he attended the University of Virginia, graduating in law with the class of '88. He first practiced in Prince William County and at Leesburg and moved to Washington in 1889, where he was first associated with Morgan Beach. Specializing in matters of interstate commerce, he was connected with the legal department of the Interstate Commerce Commission for many years, representing it in Washington and at numerous points throughout the country. He was the author of several books, the most noteworthy being "Nelson on Interstate Commerce," and was a frequent contributor to periodicals on interstate matters, and as a member of the Sons of the American Revolution and a close student of history, he wrote several historical papers.

Services were conducted Saturday afternoon at 3 o'clock in the Primitive Baptist Church, the edifice which was rebuilt and modernized by the deceased recently as a memorial to his parents, with Elder R. H. Pittman of Luray officiating.

Mr. Nelson was unmarried. He is survived by two brothers, James E. of Manassas and C. P. Nelson of Huntington, W. Va., and Manassas, and two sisters, Mrs. Elizabeth Weedon and Mrs. Albert Speiden of this place.

The pallbearers were Frank Lyon, Thos. H. Clark, Blackwell Smith and C. J. Weedon, of Washington, J. Lee Chapman of Baltimore and R. L. Byrd of Manassas. Interment was in the Nelson lot in the local cemetery.

MANY ENTRIES FOR FAUQUIER FAIR

Annual Event at Marshall, Va.,
Aug. 19 and 20 to Have
Fine Exhibits.

Entries in Fauquier County Fair, to be held at Marshall, Va., August 19 and 20, have closed with unusually well-filled classes. The Horse Show exhibits will be excellent. Mrs. D. C. Sands and Mr. E. L. Redmon, as well as a number who have not shown at Marshall for several years, including Capt. Ewart Johnson, Miss Julia B. Whiting and Mr. B. O'F. Randolph, are showing. The pony classes that always prove interesting are large and will have exhibits from all parts of Northern Virginia. With only two classes fewer than were shown in three days last year to be shown in two, the program will be filled with features of keen interest to lovers of the horse.

There will be extensive exhibits of beef cattle with large showings by the Ruckers, both senior and junior, Green Brothers, Kelvedon Farm, Canterbury Farms and Cobbler Mountain Estate. The dairy cattle are well filled with large exhibits from Courtland H. Smith, Dick Goode, Welton Rose, Jr., and others.

The Women's Department has many more than the usual number of exhibitors. There are many large entries but Miss Susie Monroe with 75 and Mrs. H. C. Grimes with 55 lead the list. The floral display will be beautiful and should not be missed. Mrs. T. U. Dudley's name should be added to the list of judges in this department as announced in a recent issue.

The Poultry Department will have much that is of interest to the poultry fancier. Mrs. Logan Gibson, with 48 separate entries, presents the largest showing. Mr. H. M. Keiter has accepted the invitation to judge in this department.

The races promise to be especially interesting and exciting. More owners with more horses than in recent years have signified their intention to compete for the large awards offered. The Midway, running night and day, will draw large crowds and the polo game on Thursday will attract many lovers of that sport.

SACRED CONCERT AT CLIFTON BAPTIST CHURCH

Next Sunday, August 16, a sacred concert will be given at the Clifton Baptist Church at 8 p. m. A double quartette from Manassas will sing. The public is cordially invited.

MRS. R. L. BYRD HOSTESS TO MANASSAS CHAPTER

On Wednesday, August 5, at 3 p. m., the Manassas Chapter U. D. C. met at the home of Mrs. R. L. Byrd on Center street. There were twenty-one members present and after the usual business proceedings a delightful historical hour was spent. Among those taking part were Mrs. E. H. Hibbs who read an article on the last Confederate White House which was the home of Major W. T. Sutherland at Danville, Va.

Mrs. L. L. Lonas read reminiscences of Mrs. Normah Randolph, whose home is Carter's Hall, Warrenton, Va. She pictured so clearly the wonderful courage of the Southern woman during those stirring days of the 60's, and the spirit with which she met the privations and hardships of war. Surely the south was never defeated.

Mrs. C. M. Larkin read "The First Battle of Manassas" by Mrs. Hannah Johnson. Mrs. Lonas also read the memorial day address by District Governor Plummer of the Kiwanis Club which preceded the placing of a wreath on the tomb of the unknown soldier. He urged one memorial day for our United States honoring the blue and the gray alike.

The historian, Mrs. R. A. Hutchison, received a rising vote of thanks for her splendid work during the year reviewed in her yearly report which will be included in the chapter's final report next month and published later.

A letter was read from Mrs. Fannie Ransdall, one of the chapter's out-of-town members.

The names of Mrs. Lucille Merchant Rose and Miss Mary Roseberry were presented to the chapter for membership.

Mrs. M. M. Washington and Mrs. Nannie Middleton invited the chapter to meet with them in September at the home of Mrs. Washington at 2:30 p. m.

The election of officers will come before the chapter at this time and also the election of delegates to the state convention which meets in Lynchburg.

The hostess served delicious ice cream and cake in the confederate colors.

STAFFORD CANDIDATES APPEAL TO SUPREME COURT

The Democratic Committee of Stafford County decided to hold a Democratic Primary. Certain qualified Democrats filed for nomination. The Committee then decides not to hold a Primary, but refuses to declare those who filed the Democratic nominees. The candidates, desiring to go before the voters in November as Democratic nominees, have appealed to the Supreme Court for a mandamus requiring them to declare these candidates.

The matter has aroused statewide interest and involves the autocratic power of any county committee to deny Democratic nomination to qualified aspirants.

GUERNSEY FIELD DAY, AUG. 20

Annual Virginia Guernsey Field
Day at Sherwood Forest
Farm, Fredericksburg.

JUDGE ALVIN T. EMBRY
WILL MAKE ADDRESS

The annual Virginia Guernsey Field Day is to be held at Sherwood Forest Farms near Fredericksburg on Thursday, August 20. The program will start at 10:30 a. m. and end about 3:30 p. m. Although some of the serious aspects of dairying from the Guernsey point of view will be considered during the day, the keynote of the program will be one of good fellowship among all present. T. Benton Gayle, Manager of Sherwood Forest Farms, is to be host. Mr. Gayle's jovial hospitality is well acknowledged among all who know him.

C. T. Rice, President of the Virginia Guernsey Breeders Association, will have ideas pertinent to the good of the Guernsey industry to discuss during the program. L. McL. Merryman of the Herrick-Merryman Sales Co., Sparks, Md., and F. A. Buchanan, Secretary, Manager, Richmond Co-operative Milk Producers Association, will also appear on the program in the interests of Virginia Guernseydom.

Judge Alvin T. Embry of Fredericksburg will give one of his entertaining historical accounts of Fredericksburg and vicinity. In addition there will be a 4-H dairy cattle judging demonstration staged by 4-H Club members.

A luncheon, proposed to weld favor stronger than ever to the Guernsey cause in Virginia, will be served by Sherwood Forest Farms on the beautiful shaded lawn before the residence at 1:00 p. m.

ANNUAL PICNIC OF FRATERNAL AMERICANS

O. F. A. Holds Enjoyable Event
at Davis Beach.

The O. F. A. held its annual picnic at Davis' Beach near Woodbridge on Saturday, August 8. Each of the five Councils in the District was represented and together with their families swelled the attendance to between four and five hundred.

The morning was spent in swimming and various water sports enjoyed by old as well as the young. At noon a number of tables were spread with all kinds of good things in abundance which marked another enjoyable feature of the day.

After the repeat State Deputy Geo. D. Baker introduced the speakers of the day, first being Past State President Alger of Millwood, Va., who made a most interesting as well as instructive address on "Junior Life Insurance."

State President Samuel T. Park of Alexandria, Va., followed with an address on "The Junior Orphanage," which was very interesting. The next speaker, Rev. John Seay, State Chaplain, of Upperville, Va., gave an inspiring address on "Juniorism and Patriotism."

Following this speaker we were then addressed by the Hon. C. J. Meets who gave as usual one of his most inspiring talks in which he recited so well a number of poems bearing on brotherly love and fellowship.

After the addresses Mr. Joe Muddiman, as chairman of the refreshments committee, served ice cream and each one returned to his home much benefited by the occasion.

Delightful Program Provided by Visitors.

All records for continuous attendance of Kiwanis meetings in the 1,877 clubs in the United States and Canada during a single week were broken here August 7, when four members of the Washington, D. C., club attended their tenth regular meeting during the week at the Manassas, Va., club, Friday night.

The Washington party, all of whom are directors of the club, included Harry G. Kimball, former governor of the Capital Kiwanis District, Eugene R. Woodson, and Edwin F. Hill, vice presidents, and Z. D. Blackistone. Other members of the Washington Kiwanis club present were Merritt O. Chance, president, William B. Schmicker, song leader, George H. Winslow, Robert Saunders, Charles W. Guest, Julian Winemore and Robert Fleming. The list of guests from Arlington: Amos C. Crounse, president, W. Thomas French, secretary, Stephen Child of the newly formed Arlington County club.

The inter-club group attended meetings at Richmond and Ashland, Va., at noon and dinner, respectively, Monday; Frederick, Md., and Fredericksburg, Va., Tuesday; Arlington, Va., and Towson, Md., Wednesday; Washington, D. C., and Martinsburg, W. Va., Thursday, and Lancaster, Penna., Friday noon.

Another feature of the inter-club trip is that the Washington club members have provided the program at each meeting made during the week, with the exception of the one at their home club. "Prophets continue to be not without honor, save in their own country and in their own home," it would seem.

Former Governor Kimball and present historian of the Capital District in commenting on the record-breaking event of the Washington Club members in attending ten consecutive meetings in five days said:

"This series of inter-club meetings is undoubtedly the most outstanding event of its kind that has ever occurred in any of the 1,877 clubs of Kiwanis International, which includes clubs in every section of the United States and Canada."

"To have been present at ten club meetings throughout the entire program, from the opening verse of 'America' to the final tap of the bell, is a record that may be equalled but it is hardly probable that it will be surpassed, since Kiwanis clubs meet only at lunch and dinner. Few, if any, clubs meet on Saturday and none on Sunday, so it would seem that we have made a record that will stand."

"A number of Kiwanis clubs in California have maintained 100 per cent attendance at meetings for several years; that is, every member of each of these clubs has attended a Kiwanis meeting each week during the year. This, however, is the first time to my knowledge that any group of men from one club have visited ten club meetings during five days."

"On the entire trip the Washington inter-club group has been cordially received and in each instance we have invited Kiwanians at the clubs visited to come to Washington often with their families so that all may know more of their city, 'The Capital of the Nation.' The entire trip was a distinct success in every way and I deem it a great honor to have been one of the men to have established such an inter-club record."

Speakers at the meeting were former Governor Kimball and Mr. Woodson. The latter talked on the "George Washington Bi-centennial As It Effects Virginia," and Mr. Kimball on "Kiwanis Stewardship."

Mr. Woodson told of the George Washington Bi-centennial, a worldwide celebration to begin February 22, 1932, and extend to Thanksgiving Day. "Kiwanis International," he said, "was the first service club to adopt resolutions commending the Bi-centennial, and is the outstanding service club supporting the celebration."

Instead of concentrating on one section of the country for the celebration, the Bi-centennial Commission will take this international event directly to the people themselves in their cities and in their homes. "Here in Manassas," Mr. Woodson said, "you will participate in the celebration which is being carried on in Washington and at other places throughout the world."

On February 22, Mr. Woodson said, the President of the United States will inaugurate the beginning of the celebration by a speech from the National Capitol. Following the President on the air will come the United States Marine Band, an organization (Please turn to page 8)

THE GREATEST VALUE EVER BUILT INTO A FORD CAR

The Beautiful
Ford Tudor Sedan

\$490

(F. O. B. Detroit, plus freight and delivery.
Bumpers and spare tire extra at low cost.)

WHEN you buy a Ford car today, you buy what is unquestionably the greatest value in the history of the Ford Motor Company. Never before has so much beauty, comfort, safety and performance been offered at such a low price.

The low price of the Ford is something to think about because it means an immediate saving of many dollars — always an important consideration. But far more significant than price alone is what you get for that price. When high quality is combined with low price, you may justly take pride in having found a most satisfactory purchase.

See the Ford — ride in it — learn something about the value that is built into every part. The more you know about it, the more certain you will be that it is the car for you. It is literally true that when you "get the facts you will get a Ford."

HOW TO KEEP OIL FROM WEAR

Petersburg Progress-Index
The statement issued by Pennsylvania State College following research and tests that oil in an automobile need never be changed if the car is equipped with a proper filter, will interest every automobilist. In the average engine, the statement says, fresh oil reaches its stable operation viscosity after about 150 miles and remains in that condition indefinitely, barring very loose rings or badly scored cylinders. Experiments and tests showed that additional gasoline seeping into the oil after this stable operating point is reached apparently evaporates as rapidly as it is added. Deterioration of oil caused by dirt thrown into the crankcase and oxidation of the oil into "sludge" particles are removed by efficient filters. Losses of oil are caused by leaks and burning. Mechanical engineers have not been able to explain why the oil should be drained from motor cars

THE GREATEST VALUE EVER BUILT INTO A FORD CAR

The Beautiful
Ford Tudor Sedan

\$490

(F. O. B. Detroit, plus freight and delivery.
Bumpers and spare tire extra at low cost.)

WHEN you buy a Ford car today, you buy what is unquestionably the greatest value in the history of the Ford Motor Company. Never before has so much beauty, comfort, safety and performance been offered at such a low price.

The low price of the Ford is something to think about because it means an immediate saving of many dollars — always an important consideration. But far more significant than price alone is what you get for that price. When high quality is combined with low price, you may justly take pride in having found a most satisfactory purchase.

See the Ford — ride in it — learn something about the value that is built into every part. The more you know about it, the more certain you will be that it is the car for you. It is literally true that when you "get the facts you will get a Ford."

HOW TO KEEP OIL FROM WEARING OUT

Petersburg Progress-Index

The statement issued by Pennsylvania State College following research and tests that oil in an automobile need never be changed if the car is equipped with a proper filter, will interest every automobilist. In the average engine, the statement says, fresh oil reaches its stable operation viscosity after about 150 miles and remains in that condition indefinitely, barring very loose rings or badly scored cylinders. Experiments and tests showed that additional gasoline seeping into the oil after this stable operating point is reached apparently evaporates as rapidly as it is added. Deterioration of oil caused by dirt thrown into the crankcase and oxidation of the oil into "sludge" particles are removed by efficient filters. Losses of oil are caused by leaks and burning. Mechanical engineers have not been able to explain why the oil should be drained from motor cars

every 500 miles or so. In theory, oil properly filtered should last indefinitely. The Penn State research determined the point in driving at which oil is at its best and also that it does not deteriorate with proper filtration, provided, as stated, that cylinders are not scored and that rings are not loose. All of which may turn out to be the material disadvantage of the oil dealers.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a precious heritage to them in after years.

FAITH AND WORKS:

Trust in the Lord, and do good: so shalt thou dwell in the land, and verily thou shalt be fed.—Psalm 37:3.

KNOWING NATURE

It has been said, "To know that which about us lies in daily life is the prime wisdom." As we reflect on the meaning of the saying, it comes home to us how little most of us realize what an undiscovered world lies around us. This is a world of many marvels, and every little section of it has its wonders. The stars above our heads, the birds that sing in our trees, the flowers of the field, the rocks of our hills and plains, these are volumes in Nature's great book, which is open for all of us to read.

Not many of us can become learned in these volumes. Science study is profound, and one must devote a lifetime to it to become a real scientist. But we can all of us develop habits of observation which will give us infinite pleasure.

The study of nature is one of the most rewarding of recreations. Every outing that the year brings us, every trip out into the open country, these are opportunities for study of Nature's achievement. All living things have a story to tell us. The wonderful instincts of birds and four footed creatures are a fascinating page in the history of creation. You can sit on your doorstep, and gain just as much amusement and much more wisdom than will come from costly pleasures. The more you study the handiwork of nature, the more the birds, the flowers, the trees, and all else become familiar friends, whose life constitutes a story as entrancing as any that the writers of fiction ever told.

There are no happier people anywhere than those who have turned their thought to nature study. Wealth is not necessary to their lives. They have an engrossing diversion, offered for their enjoyment every day in the year.—Exchange.

FAMOUS VIENNA GARDEN

CAFE COPIED FOR "DAY-BREAK" LOVE SCENES

Proudly boasting that it is "the most famous rendezvous for lovers in all the world," a certain cafe in Vienna will be re-created as the main locale of the plot of "Daybreak," in which Ramon Navarro will be seen August 20 and 21 at the Dixie Theatre, in Manassas.

This particular cafe is situated in

a large and very beautiful garden. Tables are set in secluded nooks under huge trees. A very fine orchestra provides excellent music. No beverage is served except one kind of wine, made famous by this cafe.

The atmosphere of the place is especially conducive to romance and today, it is said, lovers of a dozen countries may be seen enjoying its hospitality.

The cafe is several hundreds of years old and its fame as a rendezvous for the devotees of Cupid has grown progressively.

It is in the atmosphere of this unique and famous place that Arthur Schnitzler, author of the story, set the stage for the most important scenes of his latest drama.

Ideal Setting.

It is here that Navarro, as the debonair Lieutenant Willi Kasda, brings Laura, his friend of the moment, and it is here that a beautiful spun love story gains the impetus which carries it to the very doors of

tragedy. Kasda is a very different sort of hero than the be-caped Spaniards which Navarro portrayed in "Gay Madrid" and "Call of the Flesh." Rather does the part carry one back in memory to his success in "The Student Prince." Be-monocled uniforms of the Austrian monarchy before the war, Navarro is said to be an exceptionally striking figure, and a perfect choice for the debonair hero of Schnitzler's story.

Helen Chandler, of "Outward Bound," plays Laura; Jean Hersholt, seen as Herr Schnabel; C. Aubrey Smith, who recently scored in "The

Bachelor Father," has the role of General von Hartz.

That the Continental flavor of the story would be maintained was assured by the appointment of Jacques Feyder, the eminent French artist, as director.

CONGRATULATIONS

Born to Mr. and Mrs. Alexander C. McKibbin of St. Louis, Mo., on July 31, a son, William Larkin McKibbin. Mrs. McKibbin who was formerly Miss Mary Larkin of Manassas has a host of friends here who will no doubt wish to congratulate her on this happy occasion.

IN MEMORIAM

In sad memory but loving remembrance of my dear mother, Samantha C. Robinson, who departed this life one year ago, August 11, 1930.

Today recalls the memory
Of a loved one gone to rest
And those who think of her today
Are those who loved her best.

Oh, the memory of that morning
When we knew that she was gone
Our hearts were crushed with sorrow
And many tears were shed.

The flowers we place upon your grave
May wither and decay with age
But this memory of love for you who
asleep beneath

Will never fade away.

By her devoted daughter,
(Mamie) Mrs. E. F. Robertson.

Many puzzling crimes are solved with the aid of the Federal Bureau of Identification of the Department of Justice at Washington. Is Electric Cooking Expensive? NO!

Cook Electrically

It's Cheap

» » » **E**LECTRIC cooking is not expensive. It's cheap. And besides it's fast, accurate and cool. Here's the proof:
A woman in Alexandria, bought an electric range. After using it three times a day for one month, her electric service bill increased only \$3.85. That's less than 5¢ a meal for her electric range.

Here's what she says about her electric range. "It's wonderful. My kitchen is so cool and so clean. There's no soot to dirty my curtains and ceilings, and it's so easy to clean. It's quick, too. The heat is instantaneous. It saves me precious half-hours every day."

You ought to have an electric range. See the beautiful new models today. Prices are lower than ever before—you can own one for as little as \$10 down and \$6.38 per month on the Budget Plan. And you have 18 months to pay. Be cool this summer with an electric range.

MANASSAS KIWANIS

(Continued from page 1)

which existed in Washington's day as a life and drum corps. As the band plays "America," the people through their radios all over this country and in many foreign lands will hear it and sing the national anthem to its accompaniment. In this vision of all Americans rising and singing simultaneously the national anthem, is conveyed a dramatic picture of what the commission means when it says that it will carry the celebration to the people.

Former Governor Kimball in emphasizing Kiwanis activities including underprivileged child work said, "the organization now needs to make no apologies for its existence. The time has long since past when it has had to explain to the world its purposes and aims. Its actions for many years have been broadcast to the various communities of which it is a part, where it is filling a need in the complex civilization of the United States and Canada. Kiwanis today is proving to the men on the street, to the officials of national, state and city government, and even to the housewife at her tasks in the home.

"Washington, the club to which I and my associates belong, being located in the Capital of the Nation, occupies a unique position among the

1,877 clubs of Kiwanis International. Just as Washington the city belongs not alone to those who are fortunate with its boundaries, but to every citizen of the United States, so the Washington Kiwanis Club belongs not only to the 190 men whose names are on its roster, but to all of the 90,000 men who belong to Kiwanis clubs throughout this country.

"It is our endeavor to relieve to some extent, at least, the suffering and disabilities of some of the future citizens of Washington, and to lighten the burdens of some adults on whom sickness has laid its heavy hand of suffering."

AN APPRECIATION

I wish to express my most grateful appreciation to my good friends of Dumfries District for their loyalty and support on election day and throughout my campaign.

I am proud to know that the people of this District have confidence in my ability to handle the County Funds and I shall endeavor to serve them and do my best to prove myself worthy of their reliance.

Three outstanding examples of the Great American Value

Consider how much your money buys in one of these popular models

People today are investing in automobiles carefully. They make sure that each dollar brings a big dollar's worth of satisfaction.

That is why Chevrolet, month after month during 1931, has been leading in sales. Buyers find that Chevrolet gives more quality for every dollar. Smarter style. Finer comfort. Greater dependability and economy. Proved six-cylinder performance. And prices among the lowest at which motor cars are sold!

Like all Chevrolet models, each of the cars shown is a six of proved design. And everybody

knows that multi-cylinder design is standard practice among practically all cars today. Nothing less than six cylinders gives the engine-balance that produces a really smooth flow of power and completely eliminates objectionable vibration at its source. Six-cylinder smoothness is built-in, quiet, economical smoothness. Drivers of sixes never want less! Each of these Chevrolets gives you many proved features adding to riding comfort, such as a 109-inch wheelbase, parallel-mounted springs, and smart, quiet, wood and steel bodies. And note this: Each gives

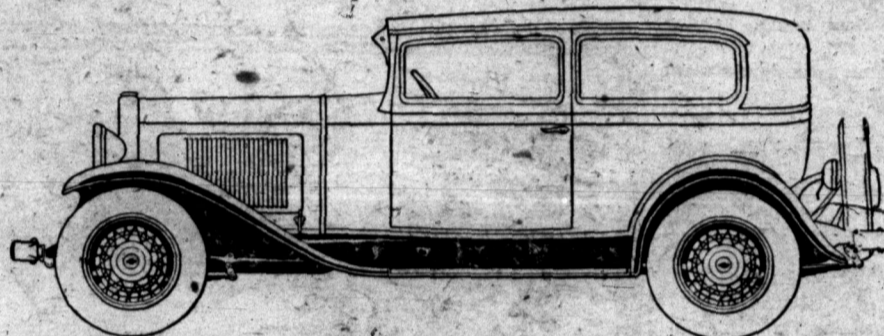

you unexcelled economy. Owners write that Chevrolet costs less for gas, oil and upkeep than any other car!

If you want to know how much your automobile money can buy, study the Chevrolets illustrated, and get information on the 17 other models. Convince yourself that the Chevrolet Six is the Great American Value.
