PRINCE WILLIAM SCHOOLS

OPEN MONDAY, SEPT. 14

Teachers Institute on Saturday, Sept. 12, at Manassas.

When the bells ring at 9 o'clock on Monday, the school system of Prince William County will settle down for another term of good, hard work. Every wrinkle has been ironed out, every bus route outlined, every teacher assigned, schedules of any and all sorts in working shape.

Many of the teachers have already arrived and all will be here by tomorrow evening. The annual teachers institute will be held at the high school on Saturday, beginning at nine.

A number of speakers will address the teachers in their respective vocations. These will include County Agent Cox, E. Boyd Graves, of the State Supervisors of Physical Education, Miss Sabina Neal and Miss Sarah Pitts.

J. H. Montgomery, of the Co-operative Educational Association, will give the leading address.

Professor Haydon will preside, and details concerned school management will be discussed.

At noon the Patrons League will serve luncheon.

SCHOOL TRANSPORTATION CHANGES

The patrons of the following school bus routes are requested to note carefully the following changes, effective beginning with the opening of the schools, September 14:

1. Luther Carter's bus operating to Dumfries School will continue to Occoquan High School, taking on high school children at Dumfries and high and graded school children on the Highway between Bott's Garage and Marumco Creek.

2. The Barnes bus operating from Posey's Store via Minnieville will take on all high and graded school children from the Minnieville community leaving sixth grade and below at Bethel and taking seventh grade and high school to Occoquan.

3. The Lunsford bus operating from Bob Cornwell's via Woodbine School and Bradley to Manassas will drop children for fifth grade and below at Woodbine and carry all children for grades six, seven and high school to Manassas. This bus will take care of those children who used the Buckhall bus last year on the Blands Ford Bridge trip, including Bradley School and Limstrong.

4. The Buckhall bus will take the Buckhall children on the first trip and then make the trip to Milford bringing in the Milford and Cannon Branch children.

5. The Wells bus will begin at Brentsville taking sixth, seventh and high school children from Brentsville and Bristow. The sixth grade children from Brentsville and Bristow will be left at Woodlawn. The seventh grade children from Brentsville, Bristow and Woodlawn will be left at Greenwich. The high school children from Brentsville, Bristow, Woodlawn and Greenwich and the elementary school children beginning at Grimm's Corner will be taken to Nokesville.

6. The Fayman bus will start from Fayman School and take all children to Aden. The seventh grade and high school children from the Fayman bus will take the Hedrick bus to Nokesville.

EPISCOPAL SUNDAY SCHOOL

The church school at Trinity Episcopal Church, Manassas, which has been closed during the summer, will begin its regular sessions next Sunday. Mr. F. R. Hynson is superintendent.

COMMANDER OF BATTALION

Among recent appointments made by the Navy Department one of interest to Manassas was that of O. Dabney Waters, jr. Midshipman Waters, who lead his class at the Naval Academy last year, has been appointed commander of his battalion for the coming year. Commander Waters is a graduate of Manassas High School and Swavely. His townspeople are very proud of him.

DARTMOUTH ACCREDITED MANASSAS HIGH

Manassas High School has recently received the right of certification to Dartmouth College, N. H. Dartmouth, one of the older New England colleges—it was the college of Daniel Webster—limits its attendance to a certain number. For that reason students wishing to enter usually have to make application several years ahead. It has also very rigorous entrance requirements and it was only after an exhaustive report was made on the standards and methods of work of Manassas High School that the certification privilege was granted.

PLAY AT NOKESVILLE

On Friday night, Sept. 18, at the Nokesville High School auditorium, the young people of Aden will give a play entitled "Our Little Wife."

Plan to be there. You will enjoy it. Proceeds to be used for church building fund.

SOME CORN

Walter Woolfenden, of near Independent Hill, brought some corn to the Journal office this week, measuring 15 feet from root to tip. It was raised from Virginia White Dent, had a double stalk, and two ears on each stalk.

Mr. Woolfenden says that there are a lot more of it on his twelve-acre patch.

STATE MISSION DAY

The Women's Missionary Society of the Baptist Church will observe "State Mission Day" with an all-day meeting at the church Thursday, Sept. 17, convening at 10:30 a. m. A large attendance is desired as a very interesting book "Laborers Together" will be studied.

The regular monthly meeting will be at 2:30 p. m. of same date and place. Mrs. Hutchison will have charge of this program.

FAMOUS SUICIDE BRIDGE USED AS CINEMA LOCALE

Pasadena Landmark Plays Strategic Part in Joan Crawford Film.

Pasadena's famous "Suicide Bridge" was used for the first time in motion pictures in "Laughing Sinners," Joan Crawford's new Metro-Goldwyn-Mayer starring vehicle which is playing at the Dixie Theatre Monday and Tuesday.

The bridge, a high span crossing a deep dry river gorge, has figured in news stories as the death tryst of some twenty-one persons who flung themselves from the railing along the footpath. In the picture it is used as the scene of Joan's contemplated suicide. The timely appearance of an alert Salvationist saves her.

Because of the death toll credited to the bridge, Pasadena police now are guarding the railing with a high mesh wire barricade. Property owners beneath the structure also registered protests which caused the protecting screen to be ordered.

Harry Beaumont directed the new Crawford picture, which was adapted from the Kenyon Nicholson stage play, "The Torch Song."

Neil Hamilton and Clark Gable share leading man honors in the drama and the supporting cast includes Marjorie Rambeau, Guy Kibbee, Cliff Edwards, Roscoe Karns, Gertrude Short, George Cooper, George F. Marion and Bert Woodruff.

CO-OPERATIVE PUR- CHASING MEETING

Nokesville, High School, Sept. 17, 8 p. m.

Manassas, Town Hall, Sept. 18, 8 p. m.

All farmers, their wives and friends who are interested in agricultural betterment are invited to attend these meetings. A program with both educational and recreational features has been arranged.

IMPORTANT BI-CEN- TENNIAL MEETING

The final meeting of the special subcommittee which has in hand the Woodbridge celebration on Sept. 25 will take place next Thursday evening at the Occoquan High School.

M. J. Hottle, acting under the supervision of U. S. landscape architects who have the Jefferson Davis Highway in charge, has begun excavation for the footings, and the stone work will be started about September 15.

The type of the marker will be similar to the one just north of the Lee Highway at the Stone House. The inscription will show the exact location of Prince William's first courthouse.

Speakers of national import will be present on this occasion, and the student body of the county schools is expected to take part. The whole event will probably appear in the moving pictures in Washington and other large cities. This is the first celebration of any distinction, and comes just before the Yorktown celebration in October. When the crowds go through during the next year, they will find that Prince William has permanently marked one of its earliest points of history.

MRS. WASHINGTON HOSTESS TO U. D. C.

Daughters of Confederacy Complete Successful Year.

OFFICERS ELECTED FOR ENSUING YEAR

Wednesday, September 2, marked the closing of one of the most successful years in the history of the Manassas Chapter U. D. C. when the hospitable home of Mr. and Mrs. M. M. Washington at Greenwich was thrown open to the members for the regular monthly meeting. The hostess was assisted by Mrs. J. W. Ellis and Mrs. Nannie Middlethorn, both of Greenwich. The president, Mrs. C. A. Sinclair, was in the chair and after the regular routine business turned the meeting over to the historian, Mrs. R. A. Hutchison, for an hour who read an interesting article by Mrs. Norvell Larkin on the History of the American Slave Trade and an article of Reminiscences by Mrs. Hebe Jackson.

The registrar, Mrs. Albert Speiden, reported the enrollment of twenty new members during the year.

Mrs. E. G. Parrish was presented as an applicant for membership.

Mrs. R. A. Hutchison and Mrs. R. S. Hynson were appointed to prepare a memorial program to be given on September 27, the birthday of Admiral Semmes, when there will be several bestowals of crosses.

Mrs. Sinclair invited the chapter to meet with her the second Tuesday in October.

The following delegates to the convention were elected: Mrs. C. A. Sinclair, Mrs. C. M. Larkin, Mrs. E. H. Hibbs, Mrs. L. L. Lomas, with alternates as follows: Mrs. Maud Kinche-loe, Mrs. Aylene Guthrie, Mrs. Litt Proffitt, Mrs. T. J. Ashford.

The following officers were elected for the coming year: president, Mrs. C. A. Sinclair; 1st vice president, Mrs. E. B. Giddings; 2nd vice president, Mrs. C. B. Compton; 3rd vice president, Mrs. A. C. Hart; recording secretary, Mrs. E. H. Hibbs; corresponding secretary, Miss Nollie Nelson; treasurer, Mrs. R. L. Byrd; registrar, Mrs. Albert Speiden; recorder of crosses, Mrs. C. M. Larkin; custodian, Mrs. W. A. Newman, and historian, Mrs. R. A. Hutchison.

An invitation was extended the chapter by Mrs. E. H. Hibbs to attend the Prince William County Bicentennial Celebration to be held at Woodbridge on the 25th of this month when a monument will be unveiled marking the site of the first court house.

There were thirty-one members and two guests present. The chapter was exceedingly fortunate in the attendance of its honor member, Miss Lou Moxley, of Haymarket, who is the oldest member of the chapter, having past her ninety-first birthday.

FARMERS OF COUNTY TO VISIT ARLINGTON EXPERI- MENTAL STATION WED.

Tour Sponsored by Agricultural Committees of Manassas, Haymarket, Independent Hill, Brentsville District, and Occoquan-Bethel Community Agricultural Committees.

Farmers and their families of Prince William County are asked to take advantage of the opportunity to visit the Arlington Experimental Station in a body at a time when the men in charge of the experimental work will be on hand to explain the various projects being carried on there. Arrangements are being made by Dr. E. C. Butterfield, Superintendent of the Station, to receive the group at 10:30 o'clock on next Wednesday evening, September 16.

Those from around Manassas will leave from the County Agent's office at 9:30 while those not going through Manassas will meet at the Arlington Experimental Station at 10:30 o'clock.

According to Dr. Butterfield, the crop plots are at an interesting stage at this time. There will be much of interest, particularly gardens and flowers, for the women.

Further information concerning the tour may be had from the following committee chairman: Wheatley Johnson, Manassas; E. L. Herring, Independent Hill; Bailey Tyler, Haymarket; M. J. Shepherd, Nokesville, and G. C. Russell, Bethel, or Frank D. Cox, County Agent.

Make your plans to leave with the group from the County Agent's office in Manassas at 9:30 o'clock Wednesday morning, or to join the group at the Arlington farm at 10:30 and bring basket lunches with you.

KIWANIS HEAR

ABOUT THE BOAR

Bob Hutchison entertained his audiences for a brief spell last Friday evening by telling them some of the high spots of his trip in the North.

The most realistic of these was of the tides in the Bay of Fundy where the Boar rose to heights greater than the average twice a day. His description of the coming of the tide and how the people gathered to watch it was well worth listening to.

Other entertainers on the program were the Leachman troupe again, including Bill this time, Althea Hooff, who played a charming little piano solo, Miss Esther Warren Pattie, who sang two songs, and Jean Janney whose happy rendition of a current ditty put everyone in a laughing mood at once.

PROF. AND MRS. R. S.

ILLINGWORTH

The subject of conversation in various groups in Manassas more than any other at the present time is the going of the Illingworths.

Last week's Manassas Journal carried a note that Prof. R. S. Illingworth is leaving the Swavely School and is going to Harvard University and Clark University, Worcester, Mass., to secure the degree of Doctor of Philosophy.

Undoubtedly they will be missed at the Swavely School, for he was the head of the English Department and was the director of all the dramatic productions which have given so much pleasure to the community. It was he, too, who planned and directed the ceremonies at commencement time, connected with the school, twice week. Mrs. Illingworth, though unofficially, met the boys and directed them in singing. The Swavely School Glee

Club last school year gave a delightful musicale and also broadcasted over WJSV.

Prof. Illingworth helped several pastors of the town by preaching for them in their absence. His message was always interesting, helpful and practical one.

He will be remembered as the director of several local dramatic productions at the Methodist Church and at the duetions at the Presbyterian Church, high school. In that laughable comedy, "Meet the Wife," given by the faculty of the Swavely School, he was intensely funny as "the Wife." Kiwanis leaned heavily upon him in their elaborate ladies' night programs.

He was the inspirer and one of the founders and an important member of the Men's Social Club of Manassas.

The Music Section of the Woman's Club of Manassas was built about Mrs. Illingworth and it will require

real determination on the part of this section to keep active without her. The Woman's Club through her inspiration and leadership secured the entrance of music into the public schools of Manassas. This is a notable advance.

The community profited by her talents in music on several public occasions—at Christmas time and at Easter. Various church choirs found her as willing as able to help on special occasions.

They united their talents on such occasions as the bazaar given in the high school gymnasium last spring.

There was no self-glorification in all this but simply a desire to be as helpful as they could be. No reward they sought except that they always wanted to do what could as well as they could.

The community will long remember the Illingworths and wishes them well as they move back to New England.

WARNING TO MEDDLERS:—He that passeth by, and meddleth with strife belonging not to him, is like one that taketh a dog by the ears.—Proverbs 26: 17.

KEEP THEM IN SCHOOL

The one most important consideration of all in these hard times is the welfare of growing children. No matter what the family circumstances, they must go back to school.

If it is a question of father out of work and odd jobs bringing in stray dollars, let father hold his pride in leash and take on the odd jobs till something better appears.

It's no good saying Johnnie will be out "only this year." When John gets a job he'll keep it if he can, and school is over for him. Ten years from now he will regret it bitterly for himself, twenty years from now, more bitterly for his children.

Work is for adults. School is the place for young people. If the family cannot manage clothes and shoes and school books, the community must do so.—Exchange.

OUR FIRST PRESIDENT

George Washington selected Virginia land for investment and abode. At his death the value of his estate was probably the greatest in the country.

Increase in population and nearness to Washington City caused increased values to be realized. When you consider over a half million dollars have been spent to make Lake Jackson possible, its permanency is assured, and its beauty unsurpassed.

Can you find a safer investment than a plot of land around Lake Jackson? For a short time we can offer you your choice of a lot at \$75.00 on terms or \$60.00 cash.

This includes privileges to the Lake for fishing, boating and swimming. All lots restricted. This offer is believed to be the best value and greatest opportunity anywhere near the National Capital. Act promptly. First come, first served.

DRIVE AN OAKLAND! It's the only way to learn how well it performs

Never quite at your ease in heavy traffic? Try it with an Oakland Eight. . . No effort, no clatter, in those smooth Syncro-Mesh gears. "Second" almost as quiet as "high." You can relax now, can't you?

Pride in power and speed? Well, few cars will ever pass your Oakland when you really step out.

Hills? Pick out one you have always regarded as a Tartar, and see how you "high-gear" it into submission. No sign of

faltering or laboring under the Oakland hood. That's power.

You may not expect such a fast, powerful, sizeable car to handle easily. But you find it does. Women drivers say that's one of the best things about Oakland.

How long will Oakland continue to give such outstanding performance? The answer is this: We have designed and built and tested the Oakland Eight not just to win but to hold the esteem and friendship of every owner. It is a car you can depend on for faithful service as long as you have it.

You can buy an Oakland Eight 2-door Sedan or Coupe in Manassas for \$1002. Sport Coupe, \$1082. 4-door Sedan or Convertible Coupe, \$1102. Custom Sedan, \$1162. All with bodies by Fisher. Equipped with front and rear bumpers, four hydraulic shock absorbers, five wire wheels, and extra tire, tube and tire lock. You may have the advantages, too, of favorable G. M. A. C. terms.

Convincing Evidence

that the Chevrolet Six costs less for gas, less for oil, less for upkeep

In every part of the country, under every driving condition, Chevrolet owners are proving that the Chevrolet Six is the most economical car you can buy. Here are a few letters out of thousands received from owners, giving actual facts and figures. Combined with Chevrolet's low prices and many quality features, this testimony definitely points to the Chevrolet Six as the Great American Value.

Twenty beautiful models, \$475 to \$675 at prices ranging from

All prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and easy G. M. A. C. terms.

"Lower cost per mile each year"

Starting with one Chevrolet roadster in 1926, adding 21 in 1927, our fleet of Chevrolets has grown to a total of 110 coupes. The cost of operating has been very satisfactory, each year showing a lower cost per mile than the previous year.

C. C. Massie, President
Northrup, King & Co.
Minneapolis, Minn.

"Lower cost per mile"

Your slogan "For Economical Transportation" is indeed a very true one, for our Chevrolet trucks and passenger cars have given us lower operating costs per mile than we have ever had before in either type of service.

D. N. Johnson, President
Dixie Oil Corporation
Moline, Ill.

"I am satisfied"

I recently completed a 4200 mile trip. I used 239 gallons of gas for an average of 18 miles per gallon, and 30 quarts of oil. I averaged better than 500 miles per day with no physical strain whatsoever. To say that I am satisfied from the standpoint of low cost of operation as well as mechanical performance, would be putting it mildly.

Peter J. Cantone
Tulsa, Okla.

"No one can ask for more"

On a trip between Syracuse and Raleigh, North Carolina, in a new Chevrolet special sedan we covered 1720 miles, using eighty-four gallons of gasoline or an average of 20.8 to the gallon. Certainly no one could ask for more in smoothness of driving, ease of handling and control and the utmost of convenience, comfort and economy in its operation.

Geraldine C. Fitzgerald
Syracuse, New York

"22 miles to the gallon"

In a little over three months, I have driven my Chevrolet coach eight thousand seven hundred miles at no expense whatever and I am getting better than twenty-two miles to the gallon. I had a 1929 coach and drove it sixty-two thousand miles with no major repairs.

John Bartholomew
Sheriff of Newton County
Kentland, Ind.

"I was not surprised"

I recently won \$75 by driving a stock Chevrolet Six 30.2 miles on a gallon of gasoline. I was not surprised at this result, because our own Chevrolet Six has been driven over 25,000 miles and still gives better than 21 miles per gallon. We have had the valves ground only once. We, of course, drive much faster than the speed driven during the contest.

Mrs. L. W. Esbenshade
Mansfield, Ohio

"16,281 miles—no repair expense"

I have driven 16,281 miles over roads of all kinds and I could ask for no greater performance than I get from my car. The engine has had no adjustments nor has the carbon been removed, and I feel confident that the car will run another 3,000 or 5,000 miles before either is needed.

F. M. Frey
John Melady & Co.
Two Broadway, New York, N. Y.

"Unusual economy"

I am especially pleased with the unusual economy, low maintenance expense and smoothness of operation. The operating expense on the new Chevrolet is astoundingly small. Our cars average from 18 to 25 miles per gallon. The oil consumption is positively nil compared with other high speed motors.

Wm. Taggart
Greenville, Miss.

"Powerful and economical"

I have been operating a 1930 Chevrolet for the past eight months and have found same to be a powerful car and economical to operate. I average from twenty to twenty-five miles per gallon. The fact that this is my fifth Chevrolet speaks well for my personal opinion of this make of car.

Russell T. Twiss
Seattle, Wash.

"No hokey!"

I get an average of eighteen miles per gallon of gas—and I get it. No hokey! I change oil every thousand miles without adding any to the original change. My repair bills are low—in fact, since October, 1930, the only expense I've had on my last car is valve grinding.

Leo J. Fell
"The Northwestern Mutual Man"
Yankton, S. D.

"Over 100,000 miles"

Our 1930 Chevrolet has carried, daily, over 1,000 pounds of paper over a mountain road, averaging twenty (20) miles on a gallon of gas. The brakes were relined once at past 81,000 miles. This car . . . when traded in had over 100,000 miles to its credit, never missed a single trip and was never pulled in for repairs.

Neal Logan
Bristol Pab. Corp., Bristol, Va.-Tenn.

"Between 55 and 70 m.p.h."

Hundreds of miles of mountain driving were necessary on this 3000 mile tour and not once did I change gears, nor did the motor become overheated. I drove at 55 to 70 miles per hour, and averaged over 20 miles to a gallon of gas. I drained oil every 800 miles and it was never necessary to add oil between drainings.

Ray E. Simmons
City Comptroller
Springfield, Ill.

"\$10.00 would cover repairs"

On the 26th of May, my Chevrolet coach was six months old; the speedometer reading was 19,031 miles. I did not keep a record on repair cost but believe a \$10.00 bill would cover repairs made on my car. My territory takes in practically four states, including the "pan-handle" section of Texas, and a car to stand up under the strain put on it certainly has to be a real automobile.

Oliver V. Ortmeier
Little Rock, Ark.

"Not one cent for repairs"

I have driven this car twenty-one thousand miles and have not had one cent of expense for mechanical repairs during that time.

W. E. Hooper
Smith Center, Kansas

"Less than 3c per mile"

I have driven this sedan 63,000 miles and it is giving me good service yet and runs good. I have operated this car for less than three cents per mile. I never have to add any oil, and get better than 20 miles to a gallon of gasoline.

C. C. Woodruff
Creston, Iowa

"Have had no expense"

I have 14,000 miles on my Chevrolet and as for economy I have had better than 20 miles to the gallon. Have had no expense. Performance is wonderful in the mountains as well as on the level.

Paul L. Funke
Nebraska City, Nebr.

"One valve grind in 31,000 miles"

I have driven my Chevrolet Six 31,000 miles, using it every day. The total expense has been one valve grinding job, brakes relined once, and a set of tires. I might mention that I used the original tires for 25,000 miles. I have averaged better than 20 miles to the gallon.

C. M. Gortner
Rock Island, Ill.

"Record I am proud of—"

My six-cylinder Chevrolet coupe has made a record I am proud of. Mileage, 44,004; average better than 20 miles per gallon of gasoline; 1,500 miles per change of oil with none added between times; first set of tires averaged 33,000 miles each; engine pan never removed.
