## KIWANIS INSTALLS NEW OFFICERS

**A. A. Hooff Tells Club that 1932 Means Action for Every Member.**

A heavy winter drizzle failed to stop an almost 100 percent turnout on Friday night when Al Hooff was inducted into the President's chair of the Kiwanis Club.

The introduction speech was made by the retiring president, Dr. C. R. C. Johnson who appointed Raymond Ratcliffe and T. E. Dillake to bring the victim forward. After receiving the gavel, President Hooff made his inaugural address as follows:

"You Kiwanians who have been the outstanding men of our town and county and have proven your worth in all public affairs and have done so much to advance our city and county have now placed on me an honor which I sincerely appreciate. Such an honor anyone would appreciate in this club but I am afraid I am not equal to the work that comes with this honor.

"I enter the year 1932 with a good deal of reluctance, but I can assure you of one thing. I am going to do the best I possibly can. If I make an error, help me. I love Kiwanis. I have tried to prove this by attendance at all meetings, both club and directors. I love the association and 'rubbing of elbows' of my fellow men. I always look forward toward Friday nights as one of my happiest times.

"I want to impress on all members to be on time, if possible, but by all means come. I want my directors to be on time and come prepared to advance ideas that will be for the good of our club and our community. To follow up these ideas, work for them and see that they are put over.

"There will not be many changes as has heretofore been the custom but I shall make some which I will later present to you.

"Our chief objective has always been the underprivileged child and good roads. Briefly I would like to refer to the boys' and girls' clubs, not the 4-H Clubs but which would probably merge with it when properly organized. What we want to do is to see if there is some way that we can get a place for our boys and girls and then form Scout teams. That would be a wonderful piece of work. Later I shall appoint a committee to investigate and report on the matter.

"I expect, as I have been assured, the united support of every man here. There will not be any 'alibis' this year. If you fall down on your program have enough grit and determination to get up another one. I also want the chairman of each entertainment to be seated on my left so I can know who is in charge, and there will be no confusion. This rule shall not be deviated from one particle. The speaker of the evening is to sit on my right. All the officers are to sit at the front table, the order to be determined later.

"Now with your indulgence I shall read my committees which I have selected with a great deal of care and thought. Please note carefully what committee you are on and be prepared to tell what your committee stands for and what you are doing.

R. S. Hynson is to be general chairman of all committees; it being his duty to see that they are functioning. I shall have but one chairman to look after, and that is Dick Hynson.

"The committees are as follows:

Public Affairs Committee: W. F. Coker, chairman, C. C. Lynn and W. H. Leachman.

Vocational Guidance: R. C. Haydon, chairman, J. E. Bradford and A. S. Gibson.

Underprivileged Child: E. H. Marsteller, chairman, R. A. Hutchison, A. S. Boatwright and C. C. Lynn.

## ANOTHER TRAGEDY AT JOPLIN

**Wife of Sergeant MacFarland near Death and Little Daughter Dead.**

A few miles from the scene of the Goodwin Miller tragedy a few months ago occurred this morning a disastrous fire which claimed the life of a five-year-old girl and has probably fatally burned her mother, Mrs. Gid MacFarland.

Going to the home of a neighbor, Mr. Lunsford, Sergeant MacFarland's attention was called to the fact that smoke was issuing from his house. They hurried back and were able to rescue the unconscious woman through a window, but the little child perished. The house, a new one, was completely destroyed.

Mrs. MacFarland was rushed to the Marine Hospital at Quantico where it is reported that her injuries may prove fatal.

## WILL BEAUTIFY HOME GROUNDS

**Brentsville League Takes Important Step.**

A Home Grounds Improvement Contest will be held in Brentsville District under the direction of the Civic Committee of the Brentsville District Community Association. Several homes and farms have already entered the contest and the committee is very anxious that others enroll as soon as possible so that first scoring of the grounds and homes may be done at an early date. Two years ago, a drive was put on by this committee to bring about the painting and lettering of mail boxes in the district with satisfactory results and the newly-elected committee decided to go one step further and thru this means try to bring about a general improvement in the appearance of homes and farms of the district. A score card will be prepared and arrangements will be made with representatives from the Extensive Division to make the initial and final scorings. Others desiring to enter the contest are asked to enroll with Mahlon Seese, P. L. Trenis, A. O. McLearen, Saylor Diehl, or John Harpine as soon as possible.

## WILL TAKE SOUTHERN TRIP

Mr. and Mrs. John H. Davenport, of Lyon Village, who were married on Dec. 14 last, will leave for their honeymoon trip about February 1. The trip will include Florida, Cuba and other points.

The bride will be remembered as Mrs. Lillian Malnati, of Clifton Station, widow of the late C. J. Malnati.

## D. Waters.

Business Standards: A. S. Boatwright, chairman, R. M. Weir and E. Swavely.

Attendance: W. S. Athey, chairman, W. E. Trusler and L. Ledman.

Classification: J. E. Bradford, chairman, G. R. Ratcliffe.

Members of Red Cross Civic Relief Committee: R. S. Hynson, chairman, R. A. Hutchison.

Children's Christmas: A. S. Boatwright, chairman, C. C. Lynn, F. R. Hynson, E. G. Parrish, R. A. Hutchison and J. P. Pullen.

Bob Hutchison then presented a handsome loving cup to Dr. Johnson with appropriate remarks and Doctor evidenced his appreciation in more than mere words.

Other officers were introduced in turn.

M. M. Ellis, chairman of the finance committee, made a complete report from Dec. 13, 1930, up to Dec. 31, just passed, showing a balance of nearly two hundred dollars in the treasury.

Speaking for the club, Arthur Boatwright made an impressive little speech, pledging his heartiest support to President Al for all of 1932.

The club dispersed with the feeling that a live wire had been turned loose in their midst who would see that things moved just as fast as they have at any time in the club, if not a little faster.

# RETRENCHMENT PROPOSAL IS HELD UP

## ESTEEMED CITIZEN KILLED AT RAILROAD CROSSING

**County Road Superintendent Dies at Wellington.**

The entire community was saddened Saturday morning when news was received that Herbert Tubbs had been killed at the Wellington crossing. No definite conclusions appear to have been reached other than that it was a rather foggy morning and that Mr. Tubbs had probably failed to see the train at the edge of town and pronounced life extinct.

The body of Mr. Tubbs, who was still alive, was taken from the wreckage of his little coupe, placed on the train which struck him and hurried to Manassas. Dr. John Williams met the train at the edge of town and pronounced life extinct.

The funeral and interment were held on Monday afternoon at old Bellhaven Baptist Church where Mr. Tubbs had been a trustee for years. The funeral service was given by Rev. Murray Taylor. Mrs. J. L. Hatcher sang a solo.

No greater testimony could have been possible of the general popularity of Mr. Tubbs than the numbers which attended the obsequies and the profusion of floral tributes.

Herbert L. Tubbs was born February 4, 1873, at Grand Valley, Pa., where he attended grammar school until in his early teens when he struck out for himself. His father had run a hotel at this point during the oil excitement.

During the famous "depression" of 1893, he came to Washington where he was variously employed until he purchased a coat and towel service company in 1902 and went into business for himself.

On July 4, 1900, he was married to Elizabeth Rowena Shipley, a native of Leesburg, who met Mr. Tubbs while living in Washington.

In 1903, Mr. Tubbs sold out his business and came to live in Prince William. He farmed, worked on telephone lines, did lumber contract work, and had the old Manassas Star Route to his vicinity for about twelve years.

He came with the county force about sixteen years ago, being promoted to road foreman in 1924, which position he still filled at the time of his unfortunate death.

Besides his wife, his mother is still living; two brothers (Harry at Mt. Rainier, Md., and Fred at Dumfries, Va.), a grandchild, Bessie Louise, who attends the Bennett school, three nephews (Lloyd, Louis and Robert Edward) and a number of other relatives survive him.

## CORN SHOW FETE IS ARRANGED

**Kiwanis Club and Farmers Will Dine Together.**

Much interest is being shown in the County Corn and Grain Show to be held at the showroom of the Manassas Motor Company on Friday, January 15. Every effort is being made by the committee to get as many farmers as possible to exhibit and to provide an interesting program for the day. As many as can do so are invited to be present for the judging which will begin at 10:30 o'clock in the morning. F. F. A. and 4-H Club members will compete in a grain judging contest in which liberal prizes will be awarded to the three best judges.

Entries of corn, small grain and seed may be made up to 10 o'clock of the day of the show and exhibitors are urged to be present to see their exhibits judged. Entries should be brought directly to the show room before 10 o'clock on the 15th or if more convenient before day of show to the County Agent's office the Agricultural Departments at the Manassas and Nokesville high schools, E. L. Herring's store at Independent Hill, G. C. Russell's store at Agnewville, Luther J. Bowman's residence at Aden or to Bailey Tyler's residence at Haymarket.

Dr. H. E. Ezekiel of the United States Department of Agriculture has been invited to discuss the agricultural outlook at a dinner at the Prince William Hotel at 12:30. A varied musical program is being arranged by the committee in charge. All that can do so are invited to be at the dinner and program. Reservations should be made in advance for the dinner for which will be served by the hotel at 50 cents per man. Forty farmers and business men have already notified the committee that they would be present.

## CHEVROLET HAS HONOR POSITION

**Has Maintained this Position since 1928.**

When the doors open Saturday to the National Automobile Show in Grand Central Palace, New York, Chevrolet will occupy the position of honor on the show floor for the fifth consecutive year.

Each year the National Automobile Chamber of Commerce awards first place at the national shows to the member company which has done the largest dollar volume of business in the previous 12 months.

The award is much coveted in the industry, because in addition to the distinction it conveys it also carries with it the right to first choice of exhibition space at the national shows in New York and Chicago.

Chevrolet first achieved the position of honor in 1928. Since then the company has consistently maintained its leadership.

## HOME SERVICE COMMITTEE REPORTS ON CHARITIES

**Donations from Various Sources Greatly Appreciated.**

The Civilian Home Service Committee reports the following Christmas baskets delivered a day or two before the holiday:

7 from the high school and seventh and eighth grades.  
4 from the Bennett school.  
5 from funds, \$20.00 given by Manassas Women's Club.  
3 from funds, \$5.00 given by U. D. C.

5 from funds, \$10.00 given by P. C. W. Club.

The ladies of the Baptist church reported two baskets; the Bethlehem Club, three baskets; the Greenwich Community League, three baskets; the Haymarket Woman's Club, three baskets.

In the Dumfries district Mrs. Abel reported that the post at Quantico sent out many baskets.

Mrs. Sade's Sunday school class of the Presbyterian church, Manassas, took care of one family.

Mrs. P. Lynch donated one basket. In all thirty-seven families were provided with Christmas cheer. In some instances the baskets included clothes and toys as well as food.

The Kiwanians kindly delivered five baskets and the high school boys aided in placing others.

Of course, there were other baskets sent out by individuals but this is the list as reported to the charities committee and for which this committee is responsible.

A contribution of \$22.15, collection at the Union Thanksgiving service, and a drawing account of \$25.00 given by the Eastern Star are donations that the committee gratefully acknowledges. The demands are constant for food and clothing, the latter especially for boys and also shoes for school children. The last, as well as underwear, in most cases, must be purchased outright, and such cash gifts as the above are most welcome.

SPECIAL NOTICE

The Commissioner of Revenue will call on merchants for licenses beginning Monday, Jan. 10.

## Matter Carried Over by Supervisors.

**D. E. EARHART SUCCEEDS J. L. DAWSON AS CHAIRMAN**

A tense moment or two existed at the special Board meeting Tuesday morning when Supervisor Earhart nominated J. L. Dawson to act as temporary chairman. Supervisor Merchant of Dumfries at once arose to deny certain rumors that have been current in Quantico about his being a candidate for chairman of the new board, and placed Mr. Earhart's name in nomination for the office. Mr. Lynn placed Mr. Dawson's name in nomination and also moved for nominations to be closed. Mr. Earhart received a majority and was declared elected.

A resolution of regret at the death of Mr. Tubbs was ordered published in The Journal.

Then the fire works started, the following resolution being offered:

"Whereas the Board of Supervisors of Prince William County, Virginia, regretfully realize that by reason of local and nation-wide unemployment and depression, with heavy demands upon the county treasury, as well as a diminution of its revenue, it is necessary to make curtailment of expenditures wherever possible, without, if possible, affecting the efficiency of the public schools and maintenance of county roads and other necessary activities; therefore, be it,

Ordered, beginning with January 1, 1932, there be a ten (10%) percent reduction of all contributions, salaries, or allowances paid by this county, or with which said county is chargeable by order of this board, of the several officers and agents thereof; but this order shall not become effective or binding unless and until the County Treasurer and the Commissioner of the Revenue thereof shall voluntarily agree, in writing, to make a contribution equal to ten (10%) percent of the respective allowances made said officers by said county to the said County Treasury, pro rata, to said several officers and agents; be it further,

Ordered that the reduction herein provided for shall apply equally to all salaries or allowances for officers and agents fixed this day and May 1, 1932."

For a moment after the reading there was no sound, and Chairman Earhart called for any popular expression that might be heard at the time.

Dr. E. H. Marsteller was the first. He made a stirring appeal for the county health work. Supervisor Rol and stated that he was not against the health work but that he had been trying to ascertain its value which he had not then determined.

Judge Wheatley Johnson, of the Domestic and Juvenile Relations Court, urged that no action be taken until the regular budget hearing. Others joining him were R. S. Hynson, J. E. Bradford, Mayor McInteer of Quantico, R. A. Hutchison, William Beachman and T. E. Dillake.

After prolonged discussion and considerable questioning, the Board excepted in this motion salary of the county nurse until they had more opportunity for a more mature consideration of the same.

The next motion offered and which caused almost as much dismay in the audience is as follows:

"Ordered, beginning with January 1, 1932, that allowances, salaries, and county contributions made for or in favor of the several county officers, or agents, or various objects or projects, be as follows; that is to say:

1. That of Agent of Domestic Science, be at the rate of \$300.00 per annum.  
2. That of Sheriff, be at the rate of \$700.00 per annum.

Ordered that the office of Demonstrator, or County Agent, be and the same is hereby discontinued on and after January 31, 1932."

Several of those who had already spoken repeated their pleas against the passage of any such motion. To this number, Mayor Davis of Manassas and Professor R. C. Haydon, division superintendent of schools, added their voices.

Mr. Davis termed his remarks as a remonstrance against being "Penny Wise and Pound Foolish." He cited police work in the Town of Manassas as a striking example in which every effort had been made to prevent public progress by claims being advanced that no funds were available for such work.

Mr. Earhart replied that it was a (Please turn to page 5)

When you read *what's new in the new Chevrolet Six*, you, too, will agree it's the Great American Value for 1932.

It is the only low-priced car to offer both Syncro-Mesh and Free Wheeling in combination. It has engine and chassis improvements that raise performance to new heights of power, speed and smoothness. It provides the finest Fisher

65 to 70 Miles an Hour with  
Faster Acceleration

Vital new features introduced into Chevrolet's six-cylinder engine enable it to develop 65 to 70 miles an hour with astonishing ease, stability and smoothness. And stop-watch tests show an acceleration from 0 to 35 miles in 6.7 seconds.

Distinctive New Front-End  
Appearance

The new chromium-plated elliptical radiator, built-in radiator grille, double tie-bar, trumpet-type horn, and bullet-type headlamps form a front-end ensemble of arresting beauty, enhanced by new rectangular, adjustable hood-ports.

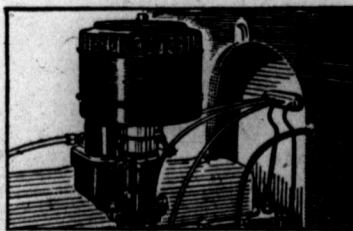

Stabilized  
Front-End Mounting

An ingenious method of mounting front fenders, lamps, double tie-bar and radiator securely to the frame—a method exclusive to Chevrolet—stabilizes the whole front-end assembly and insures steadiness when driving over rough roads.

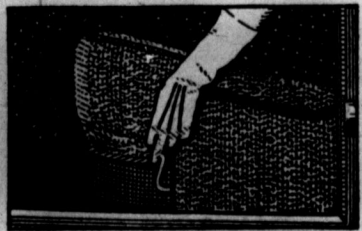

## Smart New Fisher Bodies

Chevrolet's new Fisher bodies are the smartest bodies ever to appear in the low-price field. Moreover, Fisher craftsmen have added many new elements of strength, quietness and solidity to the wood-and-steel construction. Greater vision is provided for all occupants.

## Down-Draft Carburetion

The down-draft carburetor is a big factor in Chevrolet's greater power, speed and pick-up. An intake silencer combined with it assures greater quietness. A heat control device, operated from the dash, warms up the engine quickly and provides more efficient operation in cold weather.

## Finger-Touch Front Seat

One of the most interesting conveniences in the new Fisher bodies is the new type of adjustable front seat. A touch of the finger on a lever at the left of the cushions, and you can move the seat to any desired position. This feature is exclusive to Chevrolet in the lowest-price field.

And the following Chevrolet features that have won the approval of millions of owners: Big, powerful Four-Wheel Brakes . . . Four Hydraulic Shock Absorbers . . . Four long Semi-Elliptic Springs . . . Full Length Frame . . . Insulated Driver's Compartment

WILL ROGERS AT  
DIXIE NEXT THURSDAYLanded in Sylvania by his mysteri-  
ous pilot, Lothar (Ray Milland)right in the middle of the weekly  
revolution, "Bill" Harper (Will Ro-  
gers), the new American Ambassador,  
returns the compliment and starts a  
revolution of his own in court eti-quette, which makes a real hit with  
the queen (Marguerite Churchill).At her window, the queen is sur-  
prised by Lothar, who is revealed as  
her husband, the ex-king. She ac-  
cuses him of deserting her for an-  
other woman. He tries unsucces-  
sfully to convince her that he is the  
victim of a plot laid by the dictator,  
De Polikoff (Gustav von Seyffertitz).  
Leaving the grounds, he is pursued  
and seeks the refuge of the American  
Embassy. Bill admits him and helps

him escape.

Bill teaches Paul, the young king  
(Tad Alexander) how to play base-  
ball and they become great friends.  
Bill also organizes a Boy Scout troop.One evening the American Senator  
Pillsbury (Ferdinand Munier) arrives  
to investigate Bill's conduct as am-  
bassador. At a reception in the Sena-  
tor's honor, De Polikoff and Ilka  
(Greta Nissen) plot to get a letter  
which Lothar has entrusted to Bill  
for the queen. Bill finds Ilka taking  
the letter from his desk. He tries  
to get it from her, but she tosses it  
through the window to De Polikoff—  
losing most of her clothing in the  
procedure. In this situation the queen  
and Pillsbury discover them. Pills-  
bury cables Washington recommend-

gain his throne. The young king  
takes his air-gun and lariat and sets  
out to join the fight. Bill arrives just  
in time to save him from being shot.The revolution is a huge success.  
Lothar and the queen are reunited.  
Paul can be a boy and forget the  
cares of kingship and Bill remains as  
ambassador.

TRUST FOR ALL—ALL FOR CHRIST

The Manassas Journal

By word or deed, let us show our love to all men.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize a Bible selection each week, it will prove a priceless heritage to them in after years.

NEW YEAR GREETING:

The Lord bless thee, and keep thee. The Lord make his face shine upon thee, and be gracious unto thee. The Lord lift up his countenance upon thee, and give thee peace.—Numbers 5: 24-26.

## A NOTEWORTHY ENTER-PRIZE

This is Bicentennial year for the entire United States.

The first organization outside of the central county committee to recognize this fact is the Brentsville District Community League which has undertaken a home grounds beautification program under the splendid leadership of our home demonstration agent.

We hope that every organization in the county, both official and unofficial, will formulate some such a program. Prince William county is much better known throughout the country than many of us realize, and there will be many people who will drive along our roads, both as a matter of pleasure and also to study our locality.

Therefore, it is a proposition involving both pride and purse that we hasten to beautify our landscape and our homes. We can do part of this ourselves and a part must be done in an official way, such as ridding our roads of all the unnecessary and ugly signs that blur the vision almost everywhere.

Let us follow Nokesville's example.

## NEW YEAR HOPES

There are many New Year Days. In a sense, every day begins a new year. A birthday anniversary marks a year's beginning for the individual. Different races have their special new year dates and observances. But the New Year for most of us is the one on our calendar.

It is around January 1 that families and businesses and individuals build their budgets and plan to strike out along new lines of activity, new lines of spiritual effort, new thinking, new hope.

All the train of our present material ills are man-made troubles. Therefore, their correction lies within human power. This year we may make new progress in curing them. At least that is the hope we share in varying degrees and with varying interpretations on this New Year's Day.—Exchange.

simple case of where the county fund was gradually being depleted and that the end was not in sight.

Mr. Lynn stated that the inequalities practiced between the district and county funds was partially responsible for such a condition as claimed.

In defense of the home demonstration work, Professor Haydon stated that the county had gradually improved by reason of all the contributing factors of which the home demonstrator was an important unit.

The final upshot was the tabling of the motion until the budget hearing. Other motions passed were as follows:

"Ordered that J. W. Merchant and C. B. Roland, be and they are hereby appointed a committee to examine the county garage, with the view of effecting a reduction of operating expenses and increase its efficiency, to suggest forms, methods or mode of operation, and report their findings at the next meeting of this Board.

"Ordered that Robert Vetter be, and he hereby is appointed a committee to ascertain and make an inventory of all county and district machinery, tools, vehicles and equipments, parts, etc., and road material, where located, their condition and probable value, and file the same at the next meeting of this Board.

"Ordered that J. W. Merchant be and he is hereby appointed Prince William County's representative, or member of the Board of the District Home, for the counties of Culpeper, Fairfax, Fauquier and Prince William and the city of Alexandria, and said member so appointed shall secure from the Board of said District Home, a report as provided by Section 2812j, and submit the same to this Board."

The following resolutions, offered by Mr. Lynn, were lost: first, to pay assistant road superintendents out of district funds, Messrs. D. E. Earhart, C. R. Earhart and J. W. Merchant voting "No"; second, to establish a sinking fund for purchase of trucks by having each district pay one dollar per diem for every day that each truck was used in that district, Messrs. Lynn and Dawson voting "Yes."

Two minor resolutions, offered by Mr. Lynn, passed: First, to pay out of district funds for all gravel, shale and sand used in the respective districts, C. R. Earhart only voting "No." Second, to pay out of district funds for all maintenance on trucks used in the respective districts, Messrs. D. E. Earhart and C. R. Earhart voting "No."

The next meeting of the Board will be on Tuesday, January 26.

## CANARY CHOIR

Trained Song Birds Create Unusual Effect in "The Cuban Love Song."

A choir of canary birds is one of the strangest accompaniments ever designed for a singer. It was used when Lawrence Tibbett sang his haunting serenade in "The Cuban Love Song," his new Metro-Goldwyn-Mayer picture coming Monday to the Dixie Theatre.

Tibbett sang to Lupe Velez in a replica of a tropical garden, in the new picture, a dramatic romance of a marine in a romantic adventure in Cuba. Of course the sounds of nature were necessary in such a setting.

Wild ducks were in the lagoon. And concealed in the trees were cages of trained songsters, chosen accordingly to key so that their notes would "tune" properly with those of the singer. A Cuban orchestra also was heard in the unique number.

## LAWRENCE TIBBETT FILM TO HEAD DIXIE PROGRAM

Haunting romance, tropic adventure, comedy and music are blended in Lawrence Tibbett's latest starring vehicle, "The Cuban Love Song," which will open Monday at the Dixie Theatre for two days.

The hero of "The Rogue Song" is seen in modern garb as a swash-buckling, singing marine who figures in an engrossing romance of Cuba. Lupe Velez, fiery little Mexican heroine of "The Squaw Man," has the feminine lead, and prominent roles are filled by Ernest Torrence and Jimmy Durante, who last scored as a comic pair in "Get-Rich-Quick Wallingford"; Karen Morley, who played Marie Dressler's daughter in "Politics"; Hale Hamilton, Mathilda Comont and Phillip Cooper.

The picture was directed by W. S. Van Dyke, who has such hits to his credit as the memorable "Trader Horn," "Never the Twain Shall Meet" and "Guilty Hands."

Tibbett plays a marine who is stationed in Cuba where he falls in love with Nemita, a little Cuban peanut vender. The war breaks out and he is called to France. There he finds the girl he left at home, as a nurse. When she saves his life a sense of duty compels him to marry her. Years later, the lure of Cuba fills him with a wanderlust and he goes back to seek the girl he once loved. A surprising denouement brings the story to a close.

## AUDIENCE ARRESTED IN WEIRD "SPIDER" MURDER

Give a hardened murder mystery addict a novel twist in plots to worry over, and you gain his undivided interest. Add a mystifying solution and his happiness will know no bounds. But when in addition to these, you ask him to sit in and help unravel the case, well, you are putting Mr. Addict in the seventh heaven of delight, reserved exclusively for amateur sleuths.

This is exactly what happens in "The Spider," tingling Fox thriller, that opens Jan. 13 at the Dixie Theatre, with Edmund Yowe portraying the role of the master magician, whose super dexterity with feats of magic solves the strange and baffling crime around which the drama revolves. The audience, as in the stage play of the same name, is fused with the participants in the drama in this unusual cinematic treat, thereby making each spectator an important witness who at any moment may be called upon to testify.

A murder is committed in the aisle of the Tivoli Theatre in the midst of a mind reading act. Police arrest the audience, the drama descends from the stage to the auditorium, and envelopes each spectator.

## NEW PONTIACS

## ON DISPLAY

Dealers at Quantico and Manassas Just Receive New Cars.

Two new Pontiac cars—a 65 horsepower low-priced six and an 85 horsepower V-eight—were announced today.

Both series offer synchro-mesh transmission with quiet second gear, built-in free wheeling, ride control, rubber cushioning at 47 points in the chassis, full pressure motor lubrication and ultra smart Fisher bodies.

Six body models are offered on the six cylinder chassis and six on the 117-inch chassis of the V-eight. All are newly styled, chrome-trimmed and carefully stream-lined with sharply-slanted windshields for minimum air resistance. The outside visor has been eliminated entirely and is replaced by an inside sun visor adjustable to a position above the driver's eyes or to protect him from side sun glare. Leg room is ample and seats are exceptionally wide, the rear seats in the Pontiac Six providing comfortable space for three people. The driving seat position may be changed by lifting a convenient latch. All closed bodies are carefully insulated against extremes of weather and are equipped with cowl ventilators. Windshields may be raised to provide additional ventilation. Instruments, both directly and indirectly lighted, are of the new "dial-type" with easily read pointer indicators. All doors may be locked from the inside.

Gear-shifting worries are said to be eliminated by the unique manner in which Pontiac has combined the advantages of synchro-mesh with those of free wheeling. Once the car is in motion it is possible to shift up or down to any forward gear without clashing and without touching the clutch pedal. If desired, free wheeling may be locked out.

Through ride control, the hydraulic shock absorbers are adjusted to restrain varying spring rebound under changing conditions of road or passenger load. This comfort feature becomes still more effective through the extensive rubber cushioning which insulates the motor, frame, springs, axles and body absorbing minor shocks and deadening noise. Springs, especially selected in strength to carry

the exact weight of each body model, are enclosed and permanently lubricated.

Smooth, even power provides fast pickup and sustained top speed in both Six and Eight. And economy is guarded by three-jet carburetors, by Pontiac's "fuel economizer" and by automatic control of fuel temperature. An exhaust manifold valve actuated by the accelerator rod, diverts most of the exhaust heat for application to the fuel mixture at low or idling engine speeds. As the accelerator is depressed, and engine speed and engine heat increase, the exhaust valve closes and reduces the amount of heat reaching the mixture. Compression is high, having been established through careful research at a point just below that at which special fuels would be required. "Flat-flash" AC spark plugs, especially resistant to fouling, also improve engine performance.

In addition to the ease of shifting, the cars offer many other features of safety and convenience. Faster cranking starters and special attention to the "low end" of the carburetors assure quick response, even in extremely cold weather. Self-energizing, weather-proofed Bendix brakes with powerful leverage add to the security provided by heavy, six-cross-member frames, solid steel bumpers, and running boards of the "sidebumper" metal type. Headlamp beams are controlled by a toe button and indicator lamps on the fenders serve as a warning side light to cross traffic and indicate the full width of the cars to approaching drivers.
