FRANCES WILLARD MEMORIALIZED

W. C. T. U. Holds Special Exercises at Home of Rev. and Mrs. Blough.

The Women's Christian Temperance Union observed "Francis Willard" memorial day on Feb. 24 in the home of Rev. and Mrs. Blough.

After opening prayer by Rev. E. E. Blough, scripture reading, songs and roll call to which fourteen members responded with sayings of Frances Willard, a very interesting program followed. Mrs. Sadd gave her very able story, telling about a touching account of "The Humanness of Frances Willard" as written by Lady Somerset, to which Mrs. Hodge added her acquaintance with Lady Somerset, and her attractive manner and also the special recognition she gave Mrs. Hodge by asking her to come and sit beside her, an honor bestowed her by one of such charm and greatness. Next we had the reading of a paper by Mrs. Knox, "Highlights on Prohibition and Common Sense" from Rev. Dr. Earl Douglas' book. This article so educational was reassuring and inspiring. She told us prohibition was, and ever will be a sound philosophy of life which God-fearing and thinking people have studied out, and not put across by a band of unsuspecting fanatical bigots while our country was occupied with war problems. She also told us the only sure way to remove an evil is to strike at its source and one cannot regulate the conduct of men who make a business of degrading their fellow men and that the plea for temperance instead of prohibition is a plea that we return to the nineteenth century methods in handling the twentieth century problems. The nineteenth century methods are as out of date in this twentieth century as battle axes and spinning wheels. Don't apologize for prohibition. Don't let anyone persuade you that it is contrary to the best tradition of our country. It is one of the best examples in our national life of the sensible way the modern Americans have of settling practical problems. Also let us recall that prohibition is not a new policy. In 1861 Louis XIV of France issued a decree prohibiting the sale of intoxicating liquors in New France which territory included portions of St. Lawrence valley and the Great Lakes region, Michigan, Illinois, Indiana and parts of Ohio. Cadillac was in command of the French territory in the vicinity and not in sympathy so he refused to recognize the king's mandate, but made an appeal to the king to reverse the decree but no record appears showing that Louis XIV rescinded his action. Some folks today are asking for the repeal of the Eighteenth Amendment but let us pray and hope that there will never be found on the statute books where the Eighteenth Amendment had been repealed. Why back history! Simply to show that truth crushed to earth shall rise again. Eternal years of God are hers, but error wounded writhes in pain and dies amid her worshippers.

The Song of the Rye:
I was made to be eaten and not to be drunk;
To be threshed in the barn, not soaked in a tank.
I come as a blessing when put through a mill,
As a blight and a curse when run through a still.
Make me into loaves and your children are fed;
But if into drink I'll starve them instead.
In bread I'm a servant the eater shall rule.
In drink I am master, the drinker a fool.

SOIL TESTING WORK ACTIVE

Fifty-two soil samples were brought to the County Agent's office and were tested for their lime and phosphate requirements Thursday and Friday by T. S. Buie of the Superphosphate Institute and W. H. Daugherty, Extension Agronomist.

Those that did not bring in soil may have the lime test made at any time by the County Agent. The phosphate test will also be made by allowing time for forwarding the soil to Blacksburg or Washington. As yet, no practical method has been perfected for making analyses of soil for available potash and nitrogen, the most practical general method being to check up on the response of crops on test plots to their use when it is known that there is sufficient phosphorus and lime in the soil. However, a fairly accurate and simple test may be made for potassium and nitrogen on corn stalks in the latter stages of growth by the reaction in color of the stalks when certain chemicals are applied. The test for potash deficiencies in the soil in this way is interesting in that the test is made for iron in the nodes of the stalks rather than for potassium. With a deficiency of potash, there is an undue accumulation of iron which apparently prevents proper circulation of plant foods through the stalk.

COMMERCIAL DISPLAY OF CHEVROLET

New Line Has Many Popular Features.

The most complete commercial line ever built by Chevrolet Motor Company is on display at Hynson & Bradford's showrooms today. Three new chassis and 28 new bodies, covering 90 per cent of all commercial needs are featured.

Twenty-eight standard production models, an increase of eight over last year, comprise the 1932 Chevrolet commercial line. There are three types of vehicles—light delivery, 131-inch wheelbase truck and 157-inch wheelbase truck.

Increased power, a smoother clutch and a more rigid frame are outstanding features. Other refinements include roomier, neater cab, newly-designed wheels, silent synchro-mesh transmission on the half-ton models, stronger springs and stronger rear axle.

The engine develops greater horsepower throughout the entire speed range, reaching a peak of 53 horsepower at 2,800 revolutions per minute. This additional power insures better acceleration in traffic as well as providing sufficient torque for exceptional pulling power at low speeds. Down-draft carburetion contributes to the smooth, quiet operation and increased power developed by the improved Chevrolet engine. Over-choking which has been eliminated by a split choke which predetermines the maximum amount of choking for ordinary conditions and yet permits full choke when necessary.

Body appearance in the 1932 models has been greatly improved. A choice of 12 colors is provided at no extra cost, including two-color combinations on the panel bodies. Reduction of excess weight without sacrificing strength or durability, results in lower operating cost, an important economical feature.

The light delivery models on the 109-inch wheelbase are offered in 11 popular types. In addition, a special light delivery chassis with chrome plated radiator shell, headlamps and tie-bar, and with a fender-well tire carrier, is presented. Ten standard production models are available on the 131-inch wheelbase truck, including a new standard stake express. A combination farm body and a stake express are the new models offered in the 157-inch wheelbase. The remaining five models have the same general appearance as in 1931, but feature changes which increase the structural strength of the new refined bodies.

SISTER AGNES DIES AT LINTON HALL

Cultured Instructor Mourned by Many.

On February 20 Sister Mary Agnes died at Linton Hall, near Bristow, after a brief illness of only five days, and was buried the following Tuesday. Attending the last rites were many distinguished clergymen, including the Right Reverend A. J. Brennan, Bishop of Richmond.

Before entering the convent, Sister Agnes was Miss Alice Johnson. She is survived by her mother, Mrs. William H. Johnson, a sister, Mrs. Rock, and two relatives in the Benedictine Convent in Richmond, a sister, Sister Inez, O. S. B., and an aunt, Sister Gertrude, O. S. B.

Sister Mary Agnes, although young to have accomplished so much, was Superior of the Mother House of her Order and under her supervision most of the progress achieved at Linton Hall had been attained. Her sweet character and lovely presence will be greatly missed in Prince William county, where the Cause to which she had dedicated her life had been so greatly advanced by her unusual abilities.

NEW TEACHER FOR NOKESVILLE HIGH

Board Promises Economics Teacher Subject to Provisions of Budget.

A committee from Brentsville District composed of Mrs. Joseph Hale, Mrs. M. J. Shepherd and Mrs. John Harpine appeared before the county school board yesterday in the interest of a home economics teacher at Nokesville next year. Mrs. E. C. Spitzer and Mrs. Gray were also present as visitors at the board meeting.

The board assured the delegation that such a teacher is provided for in the tentative budget and that a teacher will be appointed for next year if the school budget is not too far restricted.

The resignation of Mrs. Gladys Cockerville Baker as teacher at Nokesville effective March 1 was accepted and the appointment of Mrs. Princess Jones approved.

The board appropriated money for the purchase of shades at Forest Hill school.

Mr. F. M. Lynn was made a committee to have the well at Bethel thoroughly cleaned and the water tested.

The following appropriations were made to be met by equal amounts from school leagues for beautification of school grounds: Manassas high, \$25; Occoquan high, \$25, and Dumfries, \$8.

As the board will elect teachers for the next year at the April meeting (April 6), teachers will be notified to file their applications by March 25 if they desire to be retained.

This meeting will be held at Occoquan high, the board having decided to hold the meetings during the spring months around at different points in the county.

WRECK AT BULL RUN

About midnight, a car driven by Mr. Tom Howard, Manassas fire department chief, left the road and dove into a fallen pole just at the beginning of the curve on the north side of the Manassas-Centreville road. The car was not badly damaged as Mr. Howard was not driving fast. He was badly cut by flying glass but Mr. and Mrs. Brenton who were with him escaped injury.

DAIRY FESTIVAL PROSPECTS GOOD

Additional Counties to Participate.

A very gratifying interest is being shown in the 1932 Piedmont Virginia Dairy Festival on the part of counties in the area included by the Festival Association. In Arlington county the dairymen have organized and already are active in the work of preparing for their part in the festival.

Vice-presidents from other counties elected to serve on the Board of Directors are as follows:

G. W. Carper, McLean, Fairfax county.

H. C. Rogers, Hamilton, Loudoun county.

F. P. Smith, Jr., Madison C. H., Madison county.

D. M. Chichester, Fredericksburg, Stafford county.

E. T. Willis, Culpeper, Culpeper county.

Norbert Melnick, Clarendon, Arlington county.

The dairymen of northern Virginia realize the benefits that may result to the industry both from the educational features of the festival and the widespread publicity that has resulted. Practically every newspaper and farm magazine in the country carried illustrated accounts of the festival held last fall and have asked that they be kept informed of developments of the 1932 festival.

Tentative plans call for a two-day festival, to be held in Manassas on September 30 and October 1, with the pageant, window exhibits and floats to be of an educational nature and the whole theme to lay stress on the importance of using greater quantities of dairy products and the bringing about of herd improvement.

WILEY GARMAN HEADS 4-H CLUB

At the reorganization meeting of the joint boys and girls 4-H club at the Brentsville District high school Thursday morning, the following officers were elected:

The regular monthly meetings will be held each third Wednesday evening of the month at 7:30 o'clock. Special instruction in dairying will again be given the boys by Extension dairy specialists while the girls will continue with their work in home economics subjects.

VICTIM OF FOOT PAD

Tuesday night, shortly after ten, Mr. George Bryant, caretaker on Southern Railway at the crossing on Main street, narrowly escaped serious injury and possibly death in an attempted robbery near his home.

He had just left his son-in-law's car when he thought a gun had been fired close to him and at that moment Mrs. Bryant flashed on the porch light, frightening away his assailant. Except that he was badly stunned from the blow, Mr. Bryant was no worse off and was back on the job yesterday. He was thought to have been carrying a considerable sum of money at the time of the assault.

NOKESVILLE

Brentsville District Standard Community Association had another big night last Tuesday evening. Almost the entire community turned out to hear "something," and nobody was disappointed. The Manassas Institute singers gave us a rare and pleasing program of songs. After hearing so many imitations and interpretations of negro spirituals, it was a real pleasure to hear the genuine thing, spirituals as negroes sing them.

During the business session of the evening reports from the various committees were given. Mrs. W. R. Free and Mrs. J. F. Hale gave interesting accounts of the records kept of their poultry flocks during the month. Mrs. W. R. Free and Mrs. E. C. Spitzer reported some successful work on the gym fund drive. The Civic Committee announced that the volunteer fire brigade was now ready for immediate action. Now if someone would just be nice and accommodating and set their house on fire the boys could have a little practice!

Dr. B. L. Hume of this town left for Charlotte, N. C., last Tuesday night on account of the serious condition of his wife's mother there. Mrs. Hume has been there with her mother for the past month.

Several of our victims of appendicitis have returned to their homes. Miss Faith Shepherd who was confined in the hospital for a week will be able to resume her studies shortly.

Mrs. Clem Southard has returned from the Warrenton Hospital and is convalescing satisfactorily.

Mrs. Ernest Hale is home from Sibley Hospital and is now able to be up again.

Miss Dolly Anderson, daughter of Joe D. Anderson, of near Nokesville, was operated on Monday morning for toxic goiter at the University of Virginia hospital by Dr. W. H. Goodwin. A telegram from the University Tuesday noon conveyed the news that her condition was satisfactory.

Mrs. Rex Corbin of this section, who was operated on last Thursday night at the Warrenton Hospital for appendicitis with complications, has been very ill, but on Wednesday her

condition showed marked improvement.

The Brentsville basketball team suffered and enjoyed various consequences last Friday night, when they tied up in a duo of games with the Haymarket hot-shots. While our boys were drinking the bitter cup of defeat our leather-shooting ladies trod the rosy path of victory.

Although our boys came out the little end of the horn, this game was one of the most thrilling seen in this section in several moons. It was anybody's game until the final gun. A close, hard-fought game. Haymarket held the edge, however, 28-23.

The girls' fray was rather one-sided and did not cause quite so much excitement. The local girls scored almost at will. Olivia Berryman was in the center of everything, smearing things where smearing was necessary and paving the way for goals. 31-9 was the tally.

Local teams will again hit the war-path Friday night when Falls Church invades. Here's where our girls will need all they've got to chalk up a win. Little is known about the relative strength of the boys' teams.

"STEPPING SISTERS" CALLED "THOUSAND LAUGHS" PICTURE

Described as the picture with a thousand laughs, "Stepping Sisters," the Fox comedy based on "Howard Warren Comstock's stage farce of the same name, comes to the Dixie theatre next Monday, March 7. The principal roles are enacted by Louise Dresser, Minna Gombell and Jobyna Howland, a trio of comedienne whose talents are said to make a peerless combination.

William Collier, sr., who portrays an important role, is one of the outstanding comedians of the stage and has been successful in many screen productions including "The Brat," "Annabelle's Affairs" and "Up the River." Others of prominence in the cast are Howard Phillips, whose performance in "The Spider" won him wide acclaim; Ferdinand Munier, who scored in "Ambassador Bill"; Stanley Smith of musical comedy fame; Barbara Weeks, Mary Forbes and Robert Greig, a 338-pound comedian of unusual talents.

The plot concerns the accidental meeting of three former members of the chorus of a burlesque show. This takes place at the lavish Long Island home of one of the trio who has become a prominent member of society.

"Stepping Sisters" is declared to be refreshingly new and extremely diverting. The dialogue, too, is said to be of high witty calibre. The play was prepared for the screen by William Conselman, and Seymour Felix, celebrated as a director of dance ensembles for the big revues and musical shows in New York, directed it.

REV. JOHNSON WINS DEBATE

First Baptist Church, Colored,
 Hears Spirited Discussion.

The First Baptist Church, Colored, of Manassas was crowded to capacity last Saturday evening to hear the debate between two clergymen on the question, "Resolved that Doubt is a Greater Hindrance to the Church than Division."

Rev. A. H. S. Johnson, pastor of the First Baptist Church of Manassas, took the negative side of this question, which was defended by Rev. J. E. Newman, pastor of the Thoroughfare Church.

The program was opened by an instrumental solo by Mr. C. N. Bennett and included a reading by Miss Martha Carroll and a vocal solo by Miss Mary Williams.

A thunderstorm of applause broke forth at the conclusion of the debate when Rev. A. S. Gibson, chairman of the board of judges, announced that by a vote of three to two, Rev. Johnson had scored six of a possible ten points while his adversary had scored five.

The speakers were presented by Prof. G. S. Dudley. The judges of the debate were Rev. A. S. Gibson, rector of Trinity Episcopal Church; Mr. Fred Hynson, Mr. R. D. Wharton, Mr. W. H. Lamb and Mr. E. G. Parish. During the deliberation of the judges a number of musical features were presented.

Another debate between Rev. Johnson and Rev. L. C. Garland will be held on March 25. Rev. Johnson this time will have the affirmative side of a question.

The St. Paul's Guild is planning to give the "Womanless Wedding" in the Parish Hall the 15th and 16th of April. It will be well worth the price of attendance.

The league is now rehearsing a play for the middle of March (date to be announced). We hope there will be a good crowd out.

The Lenten service this week was held at the residence of Mrs. W. M. Jordan. Next week it will be in the church Tuesday at 4:30 p. m.

The basketball season closed with a game at Nokesville when our girls lost but the boys won.

CATHARPIN

Just a line to let you know that things are all just about as usual at Catharpin this week; no one is seriously ill; in fact Harding's "Normalcy" would just about meet the situation. Farmers are either thru plowing or are well on the way; weather has been very unusual for the time of year, mild and springlike and people are talking much about garden making; in fact if some one has a few volunteer onions coming along he is sure to tell you all about them; same way with curly mustard, so you can see just what is agitating the minds of the citizenship. The only thing out of the ordinary has been the prospective Road Bill now just passed by the House and will most likely be passed by the Senate. Discussion is rife and seems to meet with general approval. People are half convinced at the start by the announcement of a reduction in taxes; this meets the approval of all regardless of further debate which debate is in a majority for the bill. People are sick, O, so sick, of so much politics; as soon as a candidate announces his name for any office right then and there a campaign of abuse begins; no matter how honest and capable he may be. Some argue that this new law centralizes power too much in Richmond; that we can spend our own money to better advantage than the State Road Commission, etc., etc. Be this as it may, anything that will relieve the people of this everlasting "hijacking" of men's character the better they will be off. The new law will do at least this: It will be satisfactory or unsatisfactory and the people can become a unit either for or against. At any rate they will all be more nearly of one mind and whatever cussing they may do will be directed to someone outside the county where it can do no harm, instead of dividing into factions at home and cussing each other out. Anything for peace and tranquility.

Recently the pastor at Sudley delivered an eloquent discourse on Missions, their needs and the ability of the American people to pay all missionary obligations and never miss the money. At first thought we might feel that we would miss it a little but the next statement upsets all such ideas. It was stated that more money was spent last year for chewing gum than all the missionaries of all the denominations in all the United States would need for all their activities in all their different mission fields in all the world. Some statement that; and in support of his argument stated that according to the recent census there are more dollars in value in the United States than there have been seconds of time since Adam. We are becoming very much accustomed to

large numbers—counting in millions—and occasionally not getting very much frightened when a billion or two is mentioned—but we had never thought of our wealth reaching such enormous proportions as measuring dollar for dollar for seconds of time since Bible History began; but does not have to delve into the intricacies of algebra, geometry or trigonometry to prove the assertion; just a little, plain old-fashioned multiplication seasoned with a pinch of division will establish the truth of it. And yet we complain if we are asked to appropriate a small portion of our wealth for the church and its activities. The sermon was replete with startling facts and information regarding this important branch of church work.

Well, here's some more startling numerals. Every once in a while scientists break loose and explain to us that the earth will last millions of years before it finally breaks away and assumes the gaseous state. Now our latest advice is that it is going to last about fifteen trillion years—a long time indeed—but it seems it takes some people a longer time than that, to realize that a church can not be successfully operated without the presence and support of its members.

Mr. and Mrs. W. Holmes Robertson and children spent the day with Mr. and Mrs. Ralph Dorsey of Berryville last Sunday.

Mrs. C. F. Brower recently returned home after an extended visit with her daughter, Mrs. Holman Willis of Roanoke.

The Rev. and Mrs. K. D. Swecker were callers in the neighborhood last week.

Messrs. L. J. McIntosh and Douglas Hoffman were doing jury duty last week.

Mrs. Metz and Misses Grace and Louise Metz of Manassas, Mrs. Roberta Lynn of Washington, Mrs. E. May Degan, Mrs. C. C. Lynn and Misses Jane and Bonnie Lynn of Ben Lomond were Washington's birthday callers at the home of Mr. and Mrs. L. L. Lynn.

Mr. and Mrs. Chas. R. McDonald were dinner guests at Ben Lomond recently.

Mrs. J. W. Alvey was a Manassas shopper on Wednesday.

The Catharpin Good Housekeeping Club held its regular monthly meeting with Mrs. W. Holmes Robertson on Thursday of last week. At this meeting the regular program was adapted to the Immortal Washington with particular attention to the celebration of His Birthday. The decorations, refreshments and prizes were all in harmony with the Spirit of the Occasion. Guests for the afternoon were Mrs. William Latham and Mrs. Jean Latham of Hickory Grove.

STILL CAPTURED

Monday morning, Prohibition Inspectors M. A. Lynch and Virgil Williams, Constable Ab Bryant and Mr. Wallace Partlow went to Cherry Hill and captured a still and three operators, said to be Henry Davis, Clomer Davis and Edna Arrington. After a hearing before Justice W. E. Lloyd, the three were held for the grand jury with bonds at \$2,000, \$1,000 and \$500 respectively. It is said that Henry Davis is up for the third time and if proven guilty, faces a heavy sentence.

PLAY REVEALS GOTHAM LIFE; QUICK-PACED

"This is New York," a play by Robert E. Sherwood, one of the nation's foremost critical authorities on the movies and former editor of "Life," will be seen in its movie version, "Two Kinds of Women," at the Dixie Theatre on Friday, March 11.

The cast is headed by Miriam Hopkins, Phillips Holmes, Irving Pichel and Wynne Gibson. Other favorites seen in support of these stellar luminaries are Josephine Dunn, Stanley Fields, Vivienne Osborne, Stuart Erwin, Robert Emmett O'Connor, Adrienne Ames and Claire Dodd.

The story deals with New York life as it falls about the ears of the eager and pretty Miss Hopkins, daughter of Pichel, a senator from South Dakota, who has always won political victories in his home state by his vigorous vocal crusades against the big, wicked city.

When Pichel and Miriam visit New York on an enforced business trip, she gets out of his control, meets some typical New York Broadwayites and night club habitués and is drawn into a whirl of excitement which culminates in a near tragedy. Out of all the glamor and danger, she emerges finally to a romantic finale with Phillips Holmes, wealthy New York banker's son, as the true boy-friend.

The picture is ultra-modern in tone, with dialog that is bright and sparkling, and action that takes the audience quickly, breathlessly from one tense situation to the next headlong plunge into a new romantic adventure.

Miss Gibson is the "other" kind of woman—thus sharing the title role with Miss Hopkins. As a gold-digging parasite who has made Holmes' acquaintance and who carries on a modified blackmail campaign against him, she represents the menace of the picture. James Crane is her partner in the business of trying to "put the business" on Holmes.

A SAFE RETREAT:—Be thou my strong habitation, whereunto I may continually resort; thou hast given commandment to save me; for thou art my rock and my fortress.—Psa. 71: 3.

G. RAYMOND RATCLIFFE

We carry a news note this week that Mr. G. Raymond Ratcliffe has returned to his home in Manassas from the Garfield Hospital much improved in health and will soon resume his duties at his place of business.

Mr. Ratcliffe's illness took him away rather suddenly. In a very short time, when his friendly, smiling face was missed, hundreds at once began their inquiries and to voice sincere hope for his speedy recovery.

The incident clearly demonstrates that no man can lead the helpful, considerate, interested life that Mr. Ratcliffe does without creating an ever widening circle of deep heart-felt affection on the part of those whom he has benefited.

Possessed of mental and social qualities that fit him for the most exclusive social surroundings and having sufficient wealth to maintain a status there, Mr. Ratcliffe's greatest pleasure is to quietly and graciously serve those who need him and who can offer little else in return except the loving gratitude so widely and persistently expressed when he was missed from our midst.

THE LINDBERG KIDNAPING

No crime in recent years has so shocked the world as the kidnaping on Tuesday night of the baby son of Col. and Mrs. Charles Lindberg. No punishment under our laws is severe enough for such a dastardly outrage, and while the world anxiously prays that the innocent little child will be restored unharmed to his distraught parents, it will also be hoped that stern measures will be speedily perfected to secure the severest penalties that can be inflicted under civilized laws for the punishment of such criminals.

FEBRUARY TWENTY-NINTH

Once in every four years we enjoy an extra day in February, and sometimes we are likely to wonder why this day is given to us, rather than to accept it with gratitude and make the greatest possible use of it.

The reason and necessity for an extra day in the year every four years lies in the fact that in making its annual trip around

the sun the earth does not rotate exactly 365 times, but uses five hours and forty-eight minutes additional time, so that an extra day must be added every four years to keep true time and sun time together. Some simple arithmetic reveals the fact that an extra day in February every four years does not entirely adjust the situation. A slight error is constantly accumulating and every few centuries something has to be done about it.

During the lifetime of George Washington the calendar experts decided it was time to repair this matter so they added eleven days to a certain year. This is why we celebrate February 22 as Washington's Birthday instead of the real anniversary which is February 11.

It is recorded that the ancient Egyptian astronomers knew about this difference in solar and actual time and measured it correctly by measuring shadows cast by the Great Pyramid.

HAVE YOU YOUR SHARE?

According to figures compiled by the National Industry Conference Board every family in the United States should have had, in 1930, \$10,961 capital and an income of \$2,366 if the national wealth and income of the country for that year had been divided equally among the families of the land. Our total national wealth then was three hundred twenty-nine and seven-tenths billions, thirty-two and one-tenth billions below 1929, and our national income was seventy-one billions, a decrease during the year of fourteen billions. Per capita wealth for 1930 was \$2,677 compared with \$2,977 for 1929 and our per capita income was \$578 compared with \$701 in 1929. Wealth for the year per gainfully employed worker, including the unemployed, was \$6,728 and the average income of this group was \$1,452.

In arriving at these figures, the term national wealth included tangible, physical assets such as land, buildings, equipment of industrial enterprises and farms, livestock, railroads and other public utilities, personal property, gold and silver. The national income given is the sum of all personal income received by all individuals in the country, plus business savings.

As a matter of individual interest, we might figure our own capital wealth and income and see how we stand as compared with the national average.—Romney Review.

AIR CASTLES

"I would rather be a builder
Of castles made of air,
To be rebuild every day,
And dwell in fancy there
With ev'rything to make me glad,
The doors all closed to gloom,
And sunlight of tomorrow
Shining into ev'ry room,
Than ever keep within the walls
Of sad things, past or now,
For though my castles do not last,
They're cheering anyhow,
And so I build and build again,
Rebuild from day to day,
And some time the Master Builder
May let my castles stay."

NATURE

Nature has no mathematics
Such as banks and merchants use.
She cannot make her unshod feet
Walk a straight line in shoes.

She seldom is quite accurate
Nor often punctual.
She keeps on hand no pecks and pints
To measure large and small.

Nor recipes for turning
Plum blossoms into plums.
The spring is never quite on time,
And yet it always comes.

HILL AND VALE

Day by day the man in the vale
Enjoyed his neighbour's hill above;
Day by day the man on the hill
Looked down his neighbor's vale
with love.

If either one would see how fair
Was his own home, at any hour,
He, walking up the hill or down,
Enjoyed it from his neighbour's
door.

So, down the vale and up, the hill,
These neighbours travelled, to and
fro;
One man to see his own green hill,
And one to see his vale below.

—From "The Collected Poems" of
W. H. Davies.

Mr. and Mrs. Wm. Pruett were given a surprise farewell bridge party at the lovely home of Mrs. Ann Spies Wednesday night, March 2. Mr. Pruett, as operative in Southern Railway Company, is moving his headquarters from Manassas to Harrisonburg.

The guests were Mrs. Adamson, Miss Harris, Mrs. Grace Hite, Miss Beatrix Clarke, Miss Sara Pitts, Miss Cornelia Mayer, Miss Margaret Fry, Miss Mary Ann Bowen and Mr. Stanley Owens.

These guests, except Mrs. Adamson and Miss Harris, have been associate boarders with Mr. and Mrs. Pruett at Mrs. Spies for the past many months, and they are deeply grieved over having to suffer termination of these most pleasant associations.

The Pruett's have roomed at Mrs. Adamson's, and the more intimate connections between the Pruett's and Mrs. Adamson and Miss Harris indeed make them all more susceptible to heart-felt sadness over the departure.

CHICAGO and the Middle West have a double interest in the success of the gigantic Reconstruction Finance Corporation which is now being organized in Washington following speedy action by Congress.

Another Chicago banker, a Democrat who is being repeatedly mentioned as a man of Presidential timber, has the distinction of making a vital contribution to the initial strength and success of the Reconstruction Corporation. HISTORICAL SKETCHES • • •

We close our eyes and awake to hear the waters of a little traveled ocean splashing against the prows of three staunch little crafts loaded with brave adventurers . . . The Sarah Constant, the Godsped and the Discovery have one hundred and twenty souls aboard . . . On May 13, 1607, we find the nucleus of a permanent English settlement; "the cradle of the Republic" was set up at Jamestown, and Virginia thru the trivials of many disappointments, that at times caused the dark clouds of dispendency to thicken and all but obscure the bright rays of the future, seemed to be guided by an Omnipotent hand . . . Reverses that would have caused less hardy adventurers to wilt and fall by the way side spurred these early Englishmen on to do or die . . .

Virginia emerged from the throes of a New World's birth as the MOTHER OF STATES . . . An honored title that Virginians will always be proud of . . . The hazards and hardships of these early pioneers—their devotion and heroism to such a great cause has made the United States of America the greatest nation in the world today . . .

The settlement gradually grew and developed to proportions where a more stable form of government was necessary . . . Consequently, divisions were laid out, and at this early period these divisions were known as Plantations, Congregations, Hundreds and Cities; each group stood for practically the same thing . . . When Sir Edwin Sandys, a Liberal member of Parliament, became Treasurer of the Virginia Colony, he sent a Governor from England to Jamestown with orders to call an ASSEMBLY . . . This Assembly consisted of two members from each of the eleven Cities, Plantations or Hundreds; a total of twenty-two Burgesses or Legislators to meet on July 30, 1619 . . . The meeting was held in a log church . . . As a matter of record this was the first Representative Legislative Meeting ever held in America . . . This same year an English vessel brought over twenty women as brides for the planters, and a Dutch ship landed the first cargo of slaves . . .

In 1622 occurred the great Indian massacre—but, two years later the colony numbered about one thousand souls, and was made a Royal Province . . . The divisions into Counties or Shires were made in 1634, and eight SHIRES were named as follows:

Charles City, Elizabeth City, James City, Henrico, Isle of Wight, Warwick, York and Northampton (then called "Accowmacke").

Charles City Shire, now Charles City county, formed in 1634, and named for Charles City at Bermuda Hundreds . . .

In 1702 Prince George was formed from this original Shire, and was named for Prince George of Denmark . . . Fifty years later Dinwiddie was carved from Prince George, and was named for Governor Robert Dinwiddie . . . Brunswick and Amelia counties contain some of the area of Charles City Shire.

Elizabeth City Shire formed 1634, now Elizabeth City county, was named for Elizabeth City or Hampton. Hampton was the Indian village Kecoughtan, or inhabitants of the big town . . .

James City county, originally James City Shire founded in 1634, and named for the first permanent English settlement in America, Jamestown . . . This settlement at Jamestown was made thirteen years before the landing of the Plymouth Company . . .

Surrey county was formed in 1652 from James City, and bears the name of an English county . . . In 1753, Sussex county was formed from Surrey and named for an English county . . . Part of Hanover and Brunswick were originally included in James City Shire . . .

Henrico Shire 1634 was named for Henricotown, which was founded in 1611, and named for Henry, Prince of Wales . . . This Shire now comprises the following territory:

Goochland formed Henrico in 1727, and named for William Gooch, Gov. of Virginia, 1727-1749 . . .

Albermarle formed in 1744, and named for the Earl of Albermarle, was formed from Goochland . . .

In 1748, Chesterfield was formed from Henrico, and named for the Earl of Chesterfield . . .

Cumberland county was formed from Goochland in 1748, and named for the Duke of Cumberland . . .

In 1761, Buckingham county was formed from Albermarle, named for Buckinghamshire, England . . . This same year Amherst county was formed from Albermarle, called for Jeffrey, Lord of Amherst, a British Officer in the French and Indian war.

Fluvanna was formed from Albermarle in 1777, and named Anne's River (in Latin) in honor of Queen Anne . . .

Powhatan county formed from Cumberland and Chesterfield in 1777 and named for Powhatan the noted Indian Ruler . . .

Nelson county was formed in 1807,

from Amherst, and named in honor of General Thomas Nelson, Gov. of Virginia . . .

Appamattox and Bedford counties were partly formed this original shire . . . When Isle of Wight Shire was formed in 1634, it was known for the first three years as "Warrascowack" named for an Indian village by that name—Also known as Smith's Hundreds . . .

In 1748 Southampton county was taken from Isle of Wight, named for the Earl of Southampton . . . Brunswick county formed in 1720, and named for the English House of Brunswick, which came to the throne in 1714, when George the First was crowned king, contains some of the original territory of the Isle of Wight Shire.

Wardwick county, an original shire, formed in 1634, taking its name from Warwick River which got its name from the Earl of Warwick . . .

York county was formed in 1634, and was then one of the original shires . . . This shire was first called Charles River, for King Charles, first . . . In 1643 the name was changed to York for Yorkshire, England . . .

New Kent county was formed in 1654 from York, and named for an English county . . .

Gloucester county was formed in 1651 from York, and named for Gloucester county in England . . .

King and Queen county formed in 1691, from New Kent, named for King William 3rd and Queen Mary . . .

King William county was formed in 1701, from King and Queen and named for King William 3rd . . .

In 1790, Matthews county was formed from Gloucester, and named for a Revolutionary soldier, Col. Thos. Matthews . . .

Hanover county formed in 1720, and named for the Electorate of Hanover was made up of two shires, originally (New Kent) York and James City . . .

Some of the original area of Caroline county as well as that of Spotylvania county belonged to this shire . . .

Accomack Shire, first known as "Ye Antient Kingdome of Accowmacke," for an Indian tribe . . . The name was changed to Northampton in 1643, for an English county . . . Again in 1663 a division was made and Accomack county was formed . . .

This section comprises the eastern shore of Virginia . . . Accomacke is an Indian name meaning "on the other side of the big waters . . ."

FIFTY PER CENT OF TWIN CITY is Occoquan, and Occoquan Creek gives half of our city its name . . . Occoquan Creek is an Algonquin Indian name, meaning "Clay Pot Stream" . . .

SISTERS PORTRAY SISTER ROLES IN MOTION PICTURE

Two sisters playing sister roles in a motion picture is the interesting and novel situation developed in "Personal Maid," at the Dixie Theatre next Wednesday and Thursday, March 9 and 10.

Nancy Carroll, the star of the production, has the role of Nora, a personal maid. Terry Carroll, Nancy's sister, is seen in the role of Nora's sister, Anna, in the picture. That is the first time that the Carroll sisters have played the parts of sisters in a film, although they have been seen

together on the screen before, and frequently on the stage.

Nancy and Terry were together the first time they appeared on the stage. Together they entered for an "amateur night" contest, did a song and dance act in the Orpheum theatre, New York, won the contest and started their stage careers in a sister act. Nancy was only sixteen at the time she won notice with her "amateur act."
