DAIRY FESTIVAL PLANS ADVANCED

Large Attendance at Manassas Indicates Increasing Enthusiasm.

At the dairy festival meeting at the town hall Wednesday evening, the question of whether to have a one or two-day festival was discussed. It was suggested that it might be desirable to have a cattle sale in connection with the festival. A committee was named by Chairman R. S. Hynson and instructed to report at the next regular meeting with recommendations as to the program to be given, number of days to be given to festival, etc. Other participating counties were asked to send representatives to meet with the local committee consisting of R. C. Haydon, chairman, F. R. Hynson, P. A. Lewis, Edgar Parrish, Miss Beatrix Clark, F. D. Cox, W. F. Cocke, C. C. Lynn, Mrs. R. H. Smith, Miss Sarah Pitts, and W. H. Leachman.

At the meeting the following officers were elected:

F. D. Cox, managing director; Mrs. R. H. Smith, assistant managing director; Hynson Tiffany, secretary, and E. H. Hibbs, treasurer.

The regular monthly meetings of the association will be held on the last Wednesday evening of each month, at the Manassas Town Hall. The next meeting was announced for Wednesday evening, April 27, at 8 o'clock with an earnest request that everyone interested in the festival attend all meetings of the association.

FRANK SIGMAN TALKS TO KIWANIANS

The Kiwanians met in regular session at the Prince William Hotel. Frank Sigman pinch hit for Bob Hutchison and Bill Lloyd by giving an interesting dissertation on the story of the calendar.

President I. Hooff announced as his committee on the Boy and Girl Scout movement Fred Hynson, L. Ledman and Frank Sigman. (The committee has already secured the services of R. O. Bibb, former scoutmaster, to reform the troop.)

Bob Hutchison was unanimously elected delegate to the Detroit convention.

EASTERN STAR LADIES ENTERTAIN MASONS

At the close of the regular Masonic meeting Friday night, April 1, the members, numbering around sixty, adjourned to the second floor of the Masonic building where a sumptuous repast had been prepared for them by the ladies of Wilmadousis Chapter 106, O. E. S. Mrs. Daisy Baker, worthy matron, gave the welcoming address. This was followed by a humorous reading by Worthie Storke and several witty short talks by various Masons. The informality of the evening appealed to the men folk and they left with many words of praise for the O. E. S. ladies.

RED CROSS CONVENTION

The annual convention of the American Red Cross is to be held in Washington, D. C., April 11 to 14, inclusive. The theme for the convention will be "The Red Cross a Social Force in the Community."

Among the distinguished speakers are Judge John Barton Payne, Miss Mabel T. Boardman, and Robert E. Bondy, director of Disaster Relief.

The following have been appointed delegates from the Prince William County Chapter by the chairman, Mrs. W. L. Lloyd: Miss Loretto McGill, Haymarket; Mrs. Ernest Spittler, Nokesville; Mrs. Jane Abel, Dumfries; Mrs. C. R. C. Johnson, Mrs. George Delaney, Mrs. O. D. Waters, Dr. E. H. Marsteller and Mrs. Stuffy Pattie of Manassas.

The convention sessions are open to the public. Anyone who is interested in Red Cross work is cordially invited to attend any of the sessions.

NOKESVILLE HOME DEMONSTRATION GROUP TO MEET

The April meeting of the Nokesville Home Demonstration Group will be held at the Community Room of the Seminary building on Wednesday, April 13, at 1:30 o'clock. A demonstration on "One Dish Meals" will be given by the leaders, Mrs. Ernest Hale and Mrs. John Harpine.

430 LAWS

This session of the General Assembly of Virginia passed 430 laws, with twenty-six failing to receive Governor Pollard's signature.

BOARD MEETS COURT APPEAL

At a special meeting of the Board of Supervisors on Saturday Hawnes and R. A. Hutchison were employed to represent the board in the matter of the two appeals which Commonwealth's Attorney took as a result of the action of the board regarding the 1932 tax levies.

It was noted at this meeting that no provision had been made for sinking fund for retirement of road bonds in Cocquan district, and an addition of \$0.10 was added the district levy.

In the appeal on adoption of the budget, the court dismissed Mr. Lion's motion, but set Saturday, April 9, as a time to hear the arguments in the levies.

BI-CENTENNIAL PROGRAM AT ADEN SCHOOL

Scenes from Life of Washington to be Reproduced in Costume.

On Wednesday evening, April 13, an interesting Bi-centennial program will be held at the Aden school, beginning at 8 p.m. The teachers and pupils have carefully worked out a "Washington Album," the pages of which are enacted by scenes on the stage.

The opening scene, the famous cherry tree incident, is followed by one depicting Washington drilling his school mates. He is then shown surveying and this is followed by a scene where Washington's mother changes his decision to join the British navy. A charming courtship scene is then presented and the military achievements of our first President is represented by the surrender at Yorktown. Washington is then shown bidding his old mother farewell and finally a home scene at Mount Vernon is enacted.

Other pleasant features include a colonial tea party and a minuet.

NOKESVILLE

The people of Brentsville District and many visitors enjoyed a wonderful evening last Tuesday night when the Community Association met.

After a long but interesting business session, the president presented Senator John W. Rust, the speaker of the evening. Hon. Rust proceeded to give us a very interesting insight into the working of the Senate's legislative machinery. In the course of his address, he enumerated and explained a number of the bills passed by the legislature, among them the firemen's relief bill, the cut in the budget and the Byrd plan.

Following Mr. Rust's speech, Miss Hazel Owens drew up in array her cohorts from the school to engage in an old-time spelling bee with Mrs. A. O. McLearen's forces, who represented the older people of the district.

In spite of the dust and cobwebs gathered on the brains of the oldtimers, they disposed of the high school spellers rather handily, more than a dozen being left after Miss Louise May and Miss Exhava Perkins, last of the young folks had left the floor.

Mr. Bittle then began to use some heavier ammunition and the ranks soon thinned. After the battle was over and the smoke had cleared, Mrs. Mary Sines was seen standing gloriously in victory and Mrs. J. A. Perkins was triumphantly holding second place.

Mr. Bittle proceeded to share out the spoils to the victors. Mrs. Sines received five dollars in gold and Mrs. Perkins two and a half, amid tremendous applause from the audience.

Among the notables who "fought gallantly" but fell were Messrs. V. W. Zirkle, John Harpine, Grover May, Sailor Diehl, L. J. Bowman, Mr. and Mrs. O. L. Marsteller, the Mesdames E. C. Owens, M. J. Shepherd, Nathan Wells, E. C. Spittler and George Michael.

Little Eloise Frederick, a representative of the grades, astonished everybody by staying on the floor after many had been spelled down. She received a dollar for her excellent work.

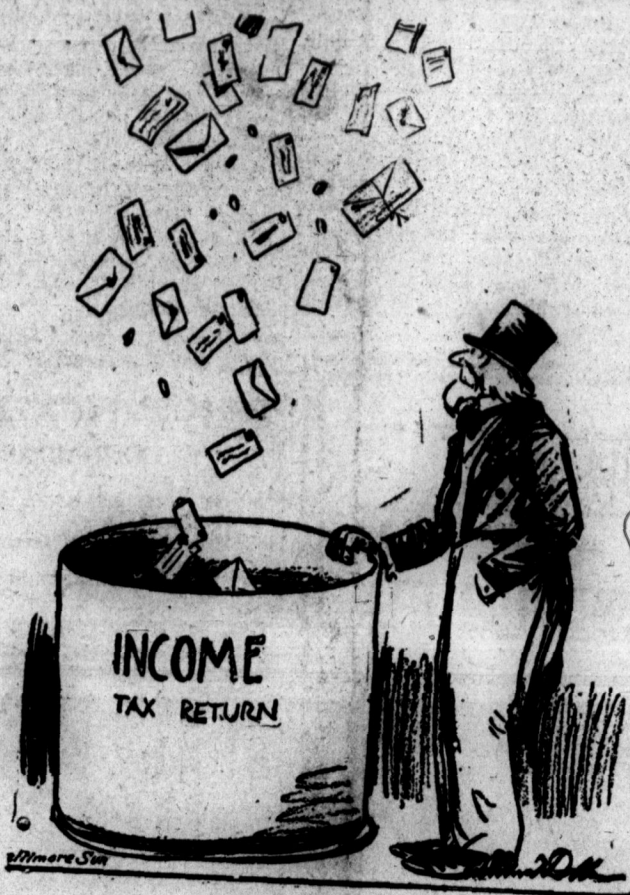

Mr. and Mrs. W. R. Free's son, Jimmy, was taken to the Children's Hospital in Washington recently. We understand that the little fellow is suffering with bronchial pneumonia.

Mr. and Mrs. Emmet Crumpaker, who have been here with her sick father, Rev. M. G. Early, will return to Improved soon. Rev. Early is much improved.

Mrs. H. C. Michael was taken to the Georgetown University Wednesday. The nature of her ailment is not known.

THE NEW FORD ARRIVES IN MANASSAS

One Of The Deserving Poor

POOR UNCLE SAM

Our cartoon this week depicts the wretched condition of the Treasury of the United States. For months and even years it has been confidently predicted that the fearful extravagances of the national government would finally bankrupt the nation, but so long as only the individual citizen was pauperized, the administration of Herbert Hoover gave no heed, but piled expenditures higher and higher.

It is only when the great machine from which they are drawing their nourishment became threatened that the Republican Party has begun to preach (but not practice) economy, and the perfectly awful budget now required to run the government indicated how insincere is their gesture toward reduction of expenditures.

Congress is now engaged in the delicate task of "balancing the budget." This is the official term for finding funds to sustain the extravagant bureaucracy in Washington. Millions upon millions of dollars are being wasted there upon the pretext promoting the welfare of the people. For example, the new Department of Agriculture building will cost \$12,000,000. The huge and ornate structure is supposed to benefit agriculture! Meanwhile the man behind the plow is literally starving.

However, real concern is now being felt for "Poor Uncle." If he really gets down at the heel it will be impossible for dollar a year patriots to become millionaires!

The engine is of the 90-degree "V" type and possesses many unique features, such as automatic spark control, down draft carburetor, gasoline pump, etc. The fuel tank has been placed in the rear and has been enlarged to hold fourteen gallons.

The car is described and illustrated on another page of The Journal, where the synchronized silent gear shift, v-type radiator, four-wheel brakes, slanting windshield, distinctive wheels with large hub caps and other features are presented in detail.

Ford is also continuing production of an improved four cylinder car, rated at 50 horsepower.

Miss Geneva Kerlin most delightfully entertained her Sunday school class at a Sunday afternoon party. GAINESVILLE

"Raining again," to the dismay of
the telephone workers who are la-
boring to repair the damage to the
lines, by the one-day blizzard and to
re-establish service from Gainesville
north.

Mrs. Thomas Meredith, Miss Kate
Belches, Miss A. D. Marsteller and
Mr. Bronson Cave attended the
Amaryllis exhibit in Washington last
week and later motored to Mount
Vernon, Gunston Hall and Pohick

church. The Amaryllis exhibit was
"a thing of beauty and a joy for-
ever."

Mr. Will Sweeney of the Bureau of
Standards spent Easter at home.

Mrs. W. C. Davis, who is conva-
lescing from a serious operation at Pro-
vidence Hospital, spent Easter with
Mrs. Meredith.

Mr. Butler is further improving
his pretty home, formerly the Allen
bungalow.

Mr. R. A. Pearson has improved his
home with paint and shrubbery.
Who's next?

While at work on the Meredith
farm last week, a carpenter dropped
a piece of lumber with a small nail
in it on his foot. The nail went
through his rubber overshoe, his
leather shoe and punctured his foot,
and caused painful swelling in a few
minutes and he was unable to walk
for several days. Bathing the foot
in hot water and applications of tur-
pentine counteracted the poison.

George Robison, affectionately
known as "Uncle George," is still
confined to his home, to the regret

of this community, where he has
lived since boyhood, a life of industry
and usefulness, ever ready to lend a
hand to one and all.

COAST "STREET SCENE"
SETS LOOK LIKE N. Y.

"Street Scene," Samuel Goldwyn's
picturization of the Elmer Rice prize
play, which will come to the Dixie
theatre on Monday and Tuesday, was
made on its entirety in California, but
even a New York commissioner of
streets would be unable to detect a
single flaw in the reproduction of the
West Side street which is the back-
ground of the story.

The reason was that the reproduc-
tion was done with blue-prints. Hun-
dreds of photographs were taken in
New York and pieced together ac-
cording to the blue-prints, these in-
cluding the elevated railroad station,
fire escapes, light poles, manhole cov-
ers, fine plugs—in fact, every item
which may be found in a city block.
It is just another instance of the man-
ner in which Hollywood move the
mountain to Mahomet.

CATHARPIN

Well Sunday was a beautiful day and all nature seemed to be trying to apologize for her naughtiness on Easter by sending forth her brightest sunshine and gentle breezes and a tint of green upon the fields while the peach trees, the jonquills, the japonica and hyacinths scented the air with their fragrance; so that all humanity seemed to awake with spring to a new existence. A large congregation had assembled at Sudley and all were glad they were living and finally decided that this old world was a pretty good place after all. After services, as is Sudley's custom, people stood around on the terraces, resurrecting old acquaintances of a few months before, greeting her guests of the day and making particular inquiries as to the health, happiness and prospects of those whom they had not seen since the rains and bad roads set in. All in all it was a happy re-union. We found we were grossly in error in our statement last week that Sudley could not afford a 19-cent hat, for the beautiful day brought out not only the Empress Eugénies but all other kinds of "Geenies" all of which looked so pretty, so nice and so "cunning" that we are convinced that some of them at least must have cost twice that much; so you see we are not quite broke after all but still have our pride and will pull through this depression yet.

The Alexandria District Conference will be held in Washington St. church, Alexandria, on Friday and Saturday, April 15-16. The general business of the conference will be transacted mostly on Friday when all delegates are expected. The delegates from Sudley are Chas. R. McDonald, F. H. Sanders, J. E. Kidwell, L. J. Pattie and Mrs. Esther D. Terrill; alternates Mrs. Chas. R. McDonald, Mrs. V. M. Ellis and W. H. Dogan. On Saturday Bishop Mouzon will be present and address the meeting. The conference promises to be full of interest and of great benefit to all.

Mrs. Henry Grill and daughters of Auburn, N. Y., are the guests of Mrs. Grill's parents, Mr. and Mrs. W. L. Sanders, at Mt. Pleasant where they will remain for a short visit.

Mrs. C. F. Caton has been with her sister, Mrs. J. M. Allison, on Sudley road near Manassas for the past week, Mrs. Allison being confined to her room with the ever-prevalent flu, grip and kindred ailments so common these days.

The friends of Mrs. Powhatan Buckley of "Oak Hill" note with interest the marriage of her daughter, Ruth Powell, to Mr. George A. Carey which marriage took place in Washington on Saturday, March 26, and all join in wishing the young couple abundant success and happiness throughout their future lives.

Miss Anne Robertson, young daughter of Mr. and Mrs. W. Holmes Robertson, was confined to her room for a week suffering with a heavy cold but is now convalescing.

Mrs. Nannie Wheeler of Wellington and Miss May Lynn of Sudlersville, Md., were calling on friends at Catharpin and neighborhood last week.

Mr. L. L. Lynn, our obliging miller, has his mill in good shape again after a tedious wait on repairs for about two weeks during which time the mill was idle. Engine trouble the cause.

Mr. and Mrs. M. W. Collins and family and Mr. Gilbert Merchant, wife and family of Ivakota were visiting the parental home at Marble Hill Sunday.

Dr. and Mrs. C. F. Brower are visiting this week with their son, Chas. F. Brower, Jr., and family at Purcellville, Va.

A large audience attended Communion services at Sudley on Sunday when the Rev. Swecker, as usual, preached an excellent sermon stressing the "Live Church" and the great importance of Christianizing the children. Among other things he said: "If you do not Christianize the children they will heathenize you." Think that over a little bit.

Rev. and Mrs. J. M. Bell and son of Manassas were welcome guests at Sunday. Mr. Bell is kindly remembered since the sermon he preached here some time ago. Sudley usually has a number of visiting friends whom she loves to welcome at all times.

Mr. and Mrs. L. L. Lynn and daughter were callers at Rock Hill on Sunday.

Mrs. Bertie Caton of Washington is visiting at the home of her sister-in-law, Mrs. Sarah Caton, and will be in the neighborhood for some time. Her friends are always glad to welcome her back to her old home community.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

FEAR DESTROYED:—Fear thou not; for I am with thee; be not dismayed; for I am thy God; I will strengthen thee; yea, I will help thee, yea, I will uphold thee with the right hand of my righteousness.—Isa. 41: 10.

LINDBERGH HOPES

As we go to press we have dispatches which indicate that there is really considerable justification in the belief that the Lindbergh baby will be restored unharmed to his parents. The first consideration is the safety of the innocent child. It is the fervent hope and prayer of the civilized world that this will be achieved.

Yet, should this be accomplished, there will follow two great reactions. One will be a wave of indignation which will reach enormous volume, and the second, and most unfortunate, will be the elation and encouragement of kidnappers.

Society and organized crime are headed for a death struggle. While enthusiasts have been trying to effect certain cherished reforms at expense of our fundamental principles of government, lawless groups have been steadily encroaching upon public safety, until we are confronted with a situation where government itself begins to fail in its most important function—the protection of the home. Should police protection fail to make our homes secure, the constitutional right which is guaranteed every citizen of bearing arms will have to be invoked and every household will have to make itself safe.

Then the law-abiding, armed citizen may well ask why he should be asked to support the enormous expenditures required by a system of government which cannot supply requisite police protection, and being a logical thinker, he will join his peace-loving neighbors in an orderly house-cleaning.

GARDENS FOR RELIEF

Subsistence gardens, having played an important part in relief work in some cities last year, are to be more extensively used this year. They are community or group gardens, planted and worked by unemployed, their food products devoted to feeding the families of the destitute. Potatoes, cabbages, carrots, beets, beans, parsnips, tomatoes, and so on, are the homely but important vegetables cultivated. There are valuable vitamins and mineral salts and fuel in such array. There is work for men needing it in the gardens themselves.

Some of the food so produced is distributed and eaten fresh. Some of it is canned for later use. Through co-operation of city and county authorities and relief agencies the produce is raised, harvested and delivered where it is most needed.

There will be some to raise the objection that subsistence gardens compete with farms which in the past season found much of their produce a drug on the market. Such objections should not stop the community gardens, which serve a real need. It is not right or efficient that people should be hungry while farm produce rotted on the ground. Behind every relief move made through necessity, there remains a fundamental problem which still needs solving. Subsistence gardens may encourage constructive thinking on the chaotic stage of things which makes them necessary.—Exchange.

THE GREEKS IN THE UNITED STATES

Editor Manassas Journal:
Dear Sir:

Our American fellow-citizens usually classify the Greeks into two general classes. First — the ancients, philosophers, artists, scientists, lovers of beauty. Second — the moderns, restaurant owners.

It is well to inform our American people about the other things with which the Greeks in the United States occupy themselves besides feeding millions of Americans daily.

There are over 10,000 young Greeks in American high schools, colleges and universities.

The physicians, A. Malavozos of New York, Polyvios Coryllos, New York, and S. Zaph of Chicago are among the most outstanding scientists in the medical profession in the United States.

In the field of art, John Vassos, the illustrator; James Trifles, the painter; Polygnatos Vagis, the sculptor, have already achieved national and international renown.

Michael Dorizas of the University of Pennsylvania, the collegiate wrestling champion, and Jim Londres, the international wrestling champion, represent the real Greek spirit in the field of athletics.

In the moving picture industry the Greeks have the following unique figures—Alexander Pantages of California, the Scouras brothers of New York City and N. Dipson of up-state New York.

In the church, the Greeks have produced a modern John Chrysostom or St. Basilus in the person of Archbishop Athenagoras, one of the most distinguished prelates of Christendom and a silver-tongued orator similar to whom few churches in America have produced since the days of Wendell Phillips.

The contributions of the Greeks in America toward the support of 300 churches, the establishment and maintenance of educational scholarships amount to over \$10,000,000 yearly.

On a population of a little over 500,000 people, the Greeks in the United States gave as their quota, 60,000 men to the great army of the United States during the great war and among the 7 heroes to whom the Congressional medal of honor was awarded, one was a Greek lad, George Dilboy, of Somerville, Mass.

The Greeks understand public life and vote to a man, but never seek public office, nor do they belong to any political party, but rather support progressive candidates, irrespective of party lines.

Finally they are to be found in the column of the least criminally inclined races in the United States with a criminality per cent of only about 27 per 100,000 population.

They are sober and thrifty, maintaining bank deposits of over \$500,000,000 in the United States banks and they operate over 50,000 shops and own property, real and personal

estimated at over \$2,000,000,000.

Their most outstanding characteristics are commercial acumen, intense love of learning and extreme individualistic tendencies.

Respectfully,
C. G. PARIS.
Quantico, Va.

COUNTY AGENTS' COLUMN

Tests Show Domestic Red Clover Seed Best.

Foreign red clover seed, with few exceptions, is unsatisfactory for use in the eastern states, reports the United States Department of Agriculture, following field tests conducted in co-operation with several State experiment stations.

American winters proved difficult for many of the imported clovers, the tests showed. Whenever winter conditions are likely to be severe, most of the imported red clovers will suffer more than the better domestic lots, says the department. The foreign clovers, when they pass the winters successfully, may give a fair to good first cutting, but the second crop is nearly always inferior and is often so poor as not to warrant cutting. The foreign clovers often die immediately after the first cutting. Imported seed was also more susceptible to anthracnose. The tests showed that where anthracnose is prevalent, seed produced in the region did better than that from some other region.

There were 480 lots of seed tested at 21 stations in Virginia, Maryland, West Virginia, Indiana, Iowa, Kentucky, Michigan, Minnesota, Missouri, New York, New Jersey, North Dakota, Ohio, Pennsylvania, Tennessee and Wisconsin.

Treating Sheep for Stomach Worms. Dissolve four ounces of copper sulphate (bluestone) in a convenient amount of warm water. When bluestone has dissolved, add enough water to bring solution up to a total of three gallons. As bluestone will corrode most metals, the solution should be mixed in a glass, earthenware or wood container. The following doses of the solution are given:

Mature sheep—four ounces.
Yearling sheep—three ounces.
Six-month lamb—two ounces.
Three-month lamb—one ounce.
Treating demonstrations will gladly be given by the agent upon request.

SOMEBODY'S GOAT

Police got somebody's goat, but that's only half of the story.

Two policemen captured the animal after it tried to eat the doorknob of an ice cream parlor, and then wrote up their report as follows:

"Placed Nanny in squad car, taken to station and incarcerated in cell awaiting a claim of ownership."

Shortly thereafter they added:

"Born to Nanny at 4 a.m., March 29, one black kid, with big feet and a lousy ba-a-a-a."

VIRGINIA:

IN THE CLERK'S OFFICE OF THE CIRCUIT COURT OF THE COUNTY OF PRINCE WILLIAM, APRIL 2, 1932.

HAZEL LEONIA HAYNES

vs
WALTER M. HAYNES.

The object of the above styled suit is for the complainant, Hazel Leonia Haynes, to secure from the defendant, Walter M. Haynes, a divorce from the bond of matrimony which was created by the marriage of the said parties in the District of Columbia, on the 28th day of April, 1928, on the grounds of wilful abandonment of the complainant by the defendant, on the first day of April, 1929, without any justification whatever; for the award of the custody and care of the infant son of the said parties, free from the interference or control of the said defendant, also that the defendant may be required to contribute a reasonable amount monthly for the maintenance and

support of the said infant son until he shall reach the age of twenty-one years, and for general relief.

And an affidavit having been made and filed in accordance with law, by the complainant, that the defendant is not a resident of the State of Virginia, and that his last known address was Silver Springs, Maryland; and an application having been made in writing for this order of publication,

It is therefore ordered that the said defendant do appear here within ten days after due publication of this order, and do what is necessary to protect his interests in this suit.

And it is further ordered that a copy of this order be sent by registered mail by the clerk of this court, addressed to Walter M. Haynes, the said defendant, at Silver Springs, Maryland; a copy published once a week, for four successive weeks, in The Manassas Journal, a newspaper published and circulated in the County of Prince William, Virginia, and a copy posted at the front door of the Court House of said County, on or before the 18th day of April, 1932; that being the first Rule day after this order was entered.

CAROLE LOMBARD

DRAWING CARD AT DIXIE WED. AND THURS.

Beautiful, impetuous Carole Lombard has just divorced her first husband. She plans to marry Ricardo Cortez. Two new dominant personalities enter her life. One is Paul Lukas, who comes to visit her father, George Barbier, at Palm Beach. The other is a Cortez amour, Juliette Compton.

Cortez is marrying Carole frankly for her money. She, disillusioned by her marriage and convinced that no one man has all the requisite qualities for happy mating, is physically attracted to Cortez.

She finds Juliette in the arms of Cortez and in angry retaliation courts the attentions of Lukas, who begs her to marry him.

Polo, swimming and other sports emphasize the physical charm of Cortez again, and she seeks a reconciliation. She is snubbed, and, humiliated, elopes with Lukas when he again proposes. Cortez angrily overtakes her as a smalltown minister, aroused from slumber, is about to

pronounce the fatal words. Cortez dominantly becomes the groom, forcing Lukas to be best man.

A year passes. Lukas, devoted to his practice, tries to forget Carole. Carole learns of other women in the life of her husband, but for appearances, feigns a happy marriage. A charity case brings Lukas and Carole together, and their love immediately flames anew.

At a gay ocean party, the affairs of Cortez and Juliette, and of Lukas and Carole, are cruelly discussed. Stung by the gossip, Cortez goes to Lukas for satisfaction. As he lunges for the doctor, he faints. Told that the condition of his heart is such that any other than a strictly quiet life will be fatal, Cortez disregards the advice of Lukas, thinking it a plan to poison Carole against him.

Cortez later is found dead, and to prevent a scandal, Carole lies. This generous gesture seals the love of Lukas for this unusual girl. And she feels that he is the one man for whom she has always searched.

A LIFETIME OF EMOTION AND DRAMA . . . IN BUT TWO TURNS OF THE CLOCK!

The amazing sum of drama, suspense, romance and adventure that is tallied in the big cities of today, and most frequently is enacted all about us without our eyes and senses fathoming the ever-present clues and symbols, is projected for our benefit, energetically and eloquently in the new photoplay being headlined Friday, April 15, at the Dixie Theatre, "24 Hours," a Paramount Picture.

As a novel and Cosmopolitan Magazine story called "Shattered Glass," this Louis Bromfield narrative of tangled lives and loves treated with in two turns of the clock as modern New York City sees it, proved highly nutritive to entertainment appetites.

With a cast featuring Clive Brook, Kay Francis, Miriam Hopkins, Regis Toomey and a number of other stage and screen performers equally talented, "24 Hours," was destined to succeed.

The story, for those who have missed the novel or serial, transpires from eleven o'clock night, to the same

hour, a span of the sun and moon later. A man who has sought the solace of an affair with a nightclub girl to cover up the void of a straying wife, finds himself accused of his paramour's murder. The pressure of the social contacts of himself and wife is strangely turned to favor him, as he confesses his relationship with the slain girl. The scorned mate of the dead woman is brought to court for another crime, and unwittingly clears the accused. Freed of many incriminating shadows of the past, he is restored to his wife, whose own affair has gone on the rocks, and who is not without the sense to nurse the re-budding affection and trust of her mate.

George Barbier, Adrienne Ames, Charlotte Granville, Minor Watson, Lucille La Verne and Wade Boteler are castmates.

TWO SERMONS SUNDAY

Rev. Mr. Ryland, pastor of the Manassas Baptist Church, will take for his subject at 11 o'clock next Sunday "The Ice Company of Manassas." At 7:30 p.m. he will speak on "The Completeness of Jesus as Saviour." You and your friends are invited.
