THURSDAY, JULY 28, 1932 MANASSAS, VIRGINIA

SUBSCRIPTION \$1.50 A YEAR

MUSEUM PLEDGED FOR MANASSAS

Announcement Made at Battle-
field Ceremonies.

Nearly five hundred Sons and Daughters of the Confederacy and those who held affection for the Cause gathered at the Henry Farm Grove on the anniversary of the First Battle of Bull Run (July 21) to hear of the heroes some of whom were still present to have their pulses thrilled with such remarks as those uttered by Col. John Saunders when he declared, "You owe more to the Confederate soldier for what Virginia is today than to any other living creature."

The morning session was taken up by interesting addresses by Hon. R. Walton Moore, former member of Congress, and by Hon. E. H. Allen, present representative in the General Assembly for Fairfax county, after a feeling invocation by Rev. A. S. Gibson.

Two old vets put the audience on their toes. Mayor Wooding of Danville who has held that office for forty years, carried back to the days of '61 when he was in the ranks at Bull Run. It was truly inspiring. To add variety to the situation, Major Alexander Rose, C. S. A., of Washington, formerly of Fauquier county, sang lustily and danced a jig, "Tie Gwine Back to Dixie," accompanied on guitar by D. T. Olinger of Washington. Others from Washington joining in the refrain were Mrs. Olinger, Mrs. Snyder, and Misses Wallace and Marshall.

Miss Lila Wallace of Washington, granddaughter of Capt. H. M. Perkins, C. S. A., of Bedford county, Va., recited "My Granddad" and "Me and Mammy." Later she recited "Robert E. Lee," a well-known poetic tribute to the great General.

A special feature of the afternoon was the presentation of a battle flag to the association by Mr. Fravel. It had been the property of his wife, a devoted U. D. C. worker and daughter of John Hawley, C. S. A., of Culpeper, a gallant soldier of Lee. The presentation was made through Mrs. Mary Snyder, custodian of flags, and the same was received for the association by Col. Pearson.

Col. Pearson of Washington, in speaking for the Confederate workers there, stated that the Daughters had raised \$715.25 for the purpose of erecting a Confederate Memorial on the battlefield, and that the ceremonial would take place one year hence. This announcement was received with the greatest enthusiasm.

Introduced by Mr. Moore, Col. Saunders made the leading address of the day shortly after the lunch hour. It was not long and was given very effectively. After his opening and the usual humorous remarks, Col. Saunders dwelt upon the Confederate soldier's place in the Hall of Fame and the affection and veneration with which he should be held. Referring to the few that are left, he said, "We meet today to encourage them by our love and our affection."

After this speech the Manassas Chapter took charge of the program with a Bi-centennial atmosphere, first by the choir singing "America, the Beautiful." Then Mrs. Katherine Arlington recited excerpts from "Our Heritage from Washington" by James Truslow Adams.

After this, Mrs. Hatcher and Miss Ball sang "Way-worn Traveler," a favorite of Washington, with Miss Virginia Speiden, accompanist.

Rev. T. D. D. Clarke gave a splendid little talk, concluding by leading in the singing of "Carry Me Back to Ole-Virginny."

Mr. Moore, who has made much of a study of Virginia history, was again called upon, and he recited a number of the events of Washington's life.

REPUBLICANS ACTIVE

IN ARLINGTON
Last Friday evening, the Republicans of Arlington met at the Spaulding building and formulated plans for the district convention which will take place on the 22nd of August at Clarendon.

It is stated that Arlington will put forward a candidate for district chairman. John B. Grayson of Broad Run is the present chairman.

QUALIFIES AS LAWYER

Wallace Newton Tiffany, an undergraduate at William and Mary, who passed the June bar exams, was this week presented to the Circuit Court by T. E. Didlake and given permission to practice in this court.

TUCKER'S SECRETARY DESIRES POSITION

Herbert L. Smith, secretary to the late Congressman Henry St. George Tucker, has announced that he will be a candidate to fill the unexpired term, with the understanding that, if elected, he will not offer for re-election.

Mr. Smith has served as secretary to the Congressman from the Tenth District since 1922 and had previously served ten years as secretary to the late Congressman William A. Jones. "The Tenth District," Mr. Smith stated, "is now without a representative in Congress, and I am going to continue to give the people of this district the very best that is in me until Mr. Tucker's successor has been elected, whether I am successful in getting the nomination or not. I want to complete the work that I have been doing with and for Mr. Tucker, and if this constituency will honor me with the unexpired term I will be very grateful. Mr. Tucker was an exceptional man in many ways, a man of great ability, and I am not asking people of this district to let me fill his place, for to fill his place would be beyond me, but I would like to serve out the unexpired term of my devoted friend. I have no intention of being a candidate for the regular term from the new Seventh District."

DAIRY FESTIVAL MEETING AUG. 3

The next meeting of the Piedmont Virginia Dairy Festival Association will be held at the Manassas Town Hall on Wednesday evening, August 3, at 8 o'clock.

Progress made in the arrangements for the second annual festival to be held on September 30 will be reported by the following committee chairmen:

Lester Huff, milk sales.
R. C. Haydon, public school participation.
R. S. Hynson, finances.
Dr. Eli Swavely, private school participation.
Major F. W. Patterson, publicity.
H. P. Davis, reception.
Mrs. H. T. Davies, entertainment.
R. M. Weir and W. E. McCoy, transportation.
Huntton Tiffany, program.
Dr. G. B. Cocke, sales and concessions.
Raymond Davis, fire department participation.
A. S. Boatwright, parade.
Miss Sabina Neel, emergency service.
J. G. Parrish, floats.
J. P. Pullen, vocational agriculture participation.
E. R. Conner, marshals of parade.
R. B. Hynson, decorations.
W. E. Trusler, bands and music.
W. F. Cocke, parking and traffic.
A. H. Roseberry, grounds.
Miss Sarah Pitts, women's and 4-H club participation.
Miss Beatrice Clark, pageant.
Mrs. R. H. Smith, queen and her court.
R. G. Connelly, U. S. D. A. and Washington dairy council exhibits.

BULL RUN GRANGE FIELD DAY

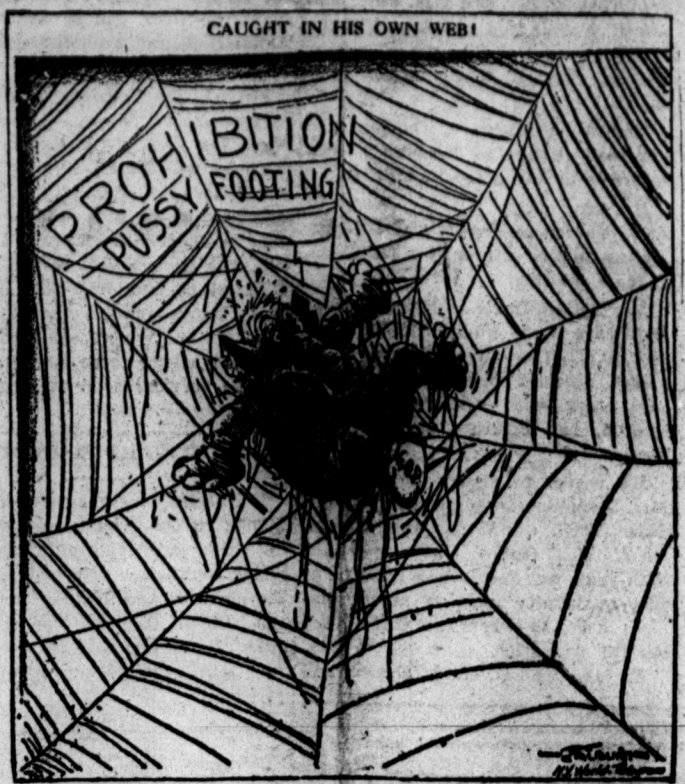

Annual Tournament at Haymarket to be Spectacular Affair.

Final plans have been arranged by the arrangements committee of the Bull Run Grange for the annual field day and tournament at Haymarket on August 18.

A varied program is planned, on which the riding tournament in charge of C. E. Wilkerson and Preston Smith will be featured. The awarding of the citizenship diplomas will have a prominent place in the day's activities. Rev. W. F. Carpenter is lending his assistance thru the holding of meetings, individual work and other means to get information to those wishing to qualify for the examinations which are being given.

A baseball game and other contests will take place during the day. The successful rider in the tournament will have the privilege of naming the Queen of the Tournament. The tournament ball will open on the night following the tournament with the Royal Set, following the custom of many years ago when jousting was at its height of popularity in Virginia and Maryland.

The complete program will be announced in a later issue of The Manassas Journal.

WATERS BUYS NALLE STOCK

Popular Feed and Coal Firm to Be Known in Future as Waters & Co.

A change in one of the best known business firms of Culpeper is noted this week with the purchase by Leon R. Waters of the Nalle interests in the firm of Nalle & Company, with which he has been associated and has been a stockholder for the past six years. The firm, which was established by the late F. Mercer Nalle, will, in the future, be known as Waters & Company, and will continue business along the same lines, handling such staples as coal, wood, feeds, fertilizers and seeds, and in the same warehouse on East street.

The head of this new firm, Leon Waters, comes from a family of successful merchants, his father and grandfather having both been engaged in the general merchandise business. Mr. Waters is well and favorably known not only in the town but throughout Culpeper's entire trading territory, and continued success for this well-known store may be expected under his management.

The foregoing is reprinted from "The Virginia Star" of Culpeper. Mr. Waters is well known in the younger set of Manassas. He is a frequent visitor at the home of his aunt and uncle, Mr. and Mrs. G. R. Ratcliffe. Mr. Waters is regarded as one of the most progressive young men in Prince William county where his family have led many constructive business enterprises, and are prominent socially.

FISHING PARTY HAS "LUCK" AT IRVINGTON

Unique Inscription on Slab over John Carter's Grave Copied by Chas. Neal Goldsborough.

A party consisting of Charles Neal Goldsborough, Raymond Ratcliffe, Gus Waters, Dr. W. G. Palmer, Dr. J. L. Stringfellow, T. E. Archer, Alec Kelly, Joe Grant and Chilton Yowell went on a fishing trip to Irvington during the past week end and caught three lard cans of fish, mostly croakers, weighing about two pounds each.

While in that section Charles Neal Goldsborough visited old Christ Church, which was built in 1932 on the site of an older one, by Robert ("King") Carter, who reserved one-quarter of it for seating his tenants and servants. This is one of the few colonial churches in America that has never been altered, and is considered a typical eighteenth century structure. John Carter, the father of Robert Carter, is buried here and the following inscription—which was copied by Mr. Goldsborough, appears on his imposing tomb:

"Here lyeth buried ye body of John Carter Esqr., who died ye 10th day of Jan. Anno Domini 1669 & also Jane ye daughter of Mr. Morgan Glyn & George her son & Elinor Carter—& Ann ye daughter of Mr. Cleave Carter, Sarah ye daughter of Mr. Gabire Ludlowe & Sarah her daughter which were all his wives successively & dyed before him—

"Blessed are ye dead which die in ye Lord even see soe saith ye spirit for they rest from there labors & there works doth follow them."

—"The Virginia Star," Culpeper, Va.

FINANCE BOARD IS COMPLETED

Local Business Man Qualifies Today.

Judge Walter T. McCarthy yesterday appointed C. E. Nash as the civil member of the county finance board which was created by an act of the last General Assembly.

The other two members are the treasurer, C. A. Sinclair, and D. E. Earhart, chairman of the Board of Supervisors, who will also be chairman of the new board. Its clerk will be L. Ledman. All three are made members ex-officio.

These boards were created as a result of the serious situation which presented itself in many of the counties, it being almost impossible to get bond in some counties because of restrictions set by bonding companies and the actual size of the bond itself. Arlington county today stands to lose a quarter million dollars because of the insufficiency of the laws and rules governing proper bonding.

By the provisions of the act, under which Prince William appears to be the first county in the state to operate, the Finance Board will designate the depositories where the county treasurer may place the county funds for safekeeping.

The depositories must offer, by virtue of securities, a pledge for the people's money. This, in turn, will relieve the treasurer from the old bonding proposition which was becoming so complicated and difficult.

OLD BUDDIES MEET

Professor J. P. Pullen strolled around to the machinery sale on Saturday to view the happenings of the day. Things had begun to dull on him just a little and the sweat was pouring from his manly brow when a puzzled look went over his face. "I know that chap over there," he said, "but I can't just figure out who he is."

As he approached the other, a sun-burned young farmer, a look of mutual recognition came upon the latter's face. As they spoke, one to the other, the days of France came back, and two old buddies of the 318th Company E forgot everything else for a good long time.

Trained together, sailing together, billeted together, they were the warmest of friends in the stirring days of '18.

Finally the days of peace came and each returned to his native heather. H. W. Polen, the "other buddy," a Rappahannock man, came to Prince William and nine years ago, Professor J. P. Pullen came here to teach. Living a few miles apart, neither knew of the other being in the county until Saturday.

It was some reunion!

LEGION NEWS

Delegates from Post No. 158, American Legion, to state convention at Alexandria, are Paul C. Williams, Adjutant; J. P. Pullen, V. V. Gillum and Dr. Pickrel, alternates.

Special meeting on night of the 29th to instruct delegates.

Two new members were voted in at last meeting, Professor Carpenter and Jesse Whetzel. Three applications on file.

COUNTRY NEWSPAPERS GET PRAISE OF ROGERS

BEVERLY HILLS, CAL., July 27—We have a great bunch out here prowling around, it's the National Editorial Association, composed of editors in smaller towns and weekly publications. They are just eating their way around the country, having a good time, and getting a lot of pleasure out of it, and giving every one that meets 'em a close-up of just about as representative gang of Americans as would be possible to band together, intelligent, well-read and no national advertising controls their pages.

They are not conceited enough to think they "mould public opinion." They just go along servicing their community with the most indispensable article that it has. And yet their real power is greater than all your metropolitan dailies combined. Any person that don't read at least one well-written country newspaper is not truly informed.

Yours,
WILL.

INSTITUTE OF PUBLIC AFFAIRS

Mayor Davis Honored by State Authorities.

The Institute of Public Affairs, held annually at the University of Virginia and which has become an event of national interest, has, with the co-operation of the League of Virginia Municipalities, inaugurated a Round Table for the discussion of municipal problems. This year the Round Table was divided into two groups; one group for the cities and another group for the towns.

Owing to the rather limited accommodations for housing the municipal groups, the number of towns invited to participate at this year's Round Table was limited to twenty-five, and each town limited to two representatives. However, additional representatives were welcomed to the sessions provided they were willing and able to provide for their own accommodations.

The Round Table was addressed at each session by some authority on municipal affairs of national reputation and following the address a general discussion was entered into and every one encouraged to take part.

One session, held in the amphitheater, was open to the public at which Mayor Harry P. Davis, of Manassas, presided and the principal speaker was Dr. T. H. Reed of the University of Michigan who spoke on "The Municipality and the Depression."

It was the universal opinion of the representatives from all of the towns that the Round Table was most profitable and the hope was expressed by every one in attendance that it would be not only continued from year to year but that it may be enlarged to take in a greater number of towns. Those attending from Manassas were Mayor Harry P. Davis, Councilman M. Bruce Whitmore and Town Manager Wm. F. Cocke.

BRENTSVILLE DISTRICT LIBRARY HOURS

Beginning Saturday, July 30, and every Saturday thereafter until the opening of school, the library of the Brentsville district high school will be open from 2:30 to 3:30 for the convenience of the pupils and patrons of the school. Quite a few have taken advantage of this opportunity in former years and it is to be hoped more will desire to enjoy their leisure by reading good books. Pupils having any question about their course of study for the coming year should confer with the principal at this same period.

OUT OF LUCK

The Ford touring car of Mr. G. T. Smith, of Haymarket, was partially demolished in a collision Sunday night with a party of irresponsible negroes near Barcroft.

Although the law has taken the miscreants in tow, it appears that Mr. Smith has little chance of recovering anything from them.

No one was reported as injured seriously in the wreck. It is stated that Mr. Smith's son was driving at the time of the accident.

DON'T FORGET THE FIRE- MAN'S CARNIVAL July 30- August 6 (inclusive).

FARMER'S NIGHT REAL SUCCESS

Cited as Being Best Program in Recent Months.

Farmer's Night at Kiwanis last Friday is usually the success that comes when any good bunch of fellows get together. This time it went lots further.

At first it looked like a buck passing contest. Al, he calls on Prof. Pullen to start the works, then Prof. he says a word or two and called on Ed Conner. Everybody looked expectant, and then Ed he passed the matter over to Bob Hutchison. Folks were wondering who the real sucker was, but Bob stopped the ball, and gave the farmers a nice welcome.

"Any association that has men saying 'us fellows' instead of 'you fellows' is bound to be doing good work in the community," he declared, adding that it was a sincere pleasure to have such honored guests to meet at the same table and break bread with the Kiwanis.

Judge Johnson made the reply for the farmers, with a rising impetus that gave O. D. the chance to say later that Wheatley had gotten into fast company and made his humor unnecessary for the evening.

After a brief pause, Professor then called on C. T. Rice, well-known in the state among all Guernsey breeders. Cavil told just how he had been sold on the dairy business a quarter century ago, and recited everything about it but depression. Much of his talk was not only very interesting but quite instructive as well.

Then the poet laureate, Ed Conner, got off a regular poem which reads as follows:

We Welcome You, Another Farmer's Night has come.
Wheat 44c. Hay and Corn still on the bum.
Brace up old comrades, the future looks a little bright.
Vote the Democratic Ticket, I know we will then be right.

Just the thought of Roosevelt has started hogs soaring high;
I know his plank is a little damp, they all don't want it dry.
It will help the market on rye, wheat, barley, also the corn.
If the farmer can sell his grain, he will see the light of dawn.

I know you have no market for your crop of hay,
Feed some five-cent cattle, then you will make it pay.
I know you want the money to buy your gas in town,
If you keep on buying gas, it will surely keep you down.

You must always make a market for the crops you raise.
When Old Dobbin makes you money, he is the horse to praise.
You will meet Mr. Ford, Mr. Buick and Mr. Chevrolet.
They are all using gas and are not eating hay.

Friends and Comrades, let's stop and wonder why,
Gas is the stuff all farmers love to buy.

I know in the autos we all just love to roam.
Stop and think a moment and we will have a market home.

Miss Eloise Compton, with a charming repertoire of songs and recitations, and Mr. and Miss Kline with songs and string music added the finishing touches to one of the most complete and perfect evenings which the club has enjoyed this year. (Jack and Ed, we yield you the palm for a month of splendid programs. You could fall down completely this week and still have a fine average.—Ed. note).

Tomorrow evening all members of the club will assemble about 5 o'clock and leave for Dawson's Beach where they will be the guests of the Occoquan 4-H Club.

DINNER HOUR CHANGED

The dinner hour has been changed and will now be from 1 to 3 p.m. in the guest home at Linton Hall, Bristow, Va., where the picnic for the benefit of All Saints church will be held on Saturday, Aug. 20. From the interest already manifested it is certain that the affair will be well attended.

NEWMAN-TRUSLER HARDWARE CO.**CATHARPIN**

Rev. and Mrs. J. L. McCutcheon of Clarendon were guests at Oakwood for a few days last week.

Miss Emma James of Washington is sojourning with friends at Lawn Vale at the present time.

Mrs. Nellie Sanders Clary of Lawrenceville is visiting her father and sister at Catharpin where Mr. Clary will join her in a few days for a short vacation. She reports weather conditions very dry in that part of the state and crops suffering.

Miss Louise Dorsey of Berryville, who has been visiting her cousins at Lawn Vale for the past two weeks, has returned home, accompanied by her cousin, Miss Anne Robertson, who expects to remain for several weeks among friends and relatives.

Mr. and Mrs. John Adams of Manassas were calling on friends in Catharpin several days last week.

Mrs. Etta P. Lynn was a Washington visitor over the week end of last week and the front end of this week.

Rev. and Mrs. K. D. Swecker returned to the parsonage on Thursday of last week after a very enjoyable visit with their daughter in Pennsylvania where they also visited Valley Forge and other places of historic interest.

Mr. Roy Sowers of Stone House was taken to Emergency Hospital last Sunday where he was operated upon for appendicitis. He is reported as doing well and his many friends wish him a speedy recovery. Only last week his sister, Miss Beulah, had her tonsils removed, so it seems the Sowers family is having its full share of hospitalization at the present time. They have many well-wishers in the Sudley neighborhood who shall be glad when they are well again.

Mr. F. H. Sanders of Catharpin has been somewhat on the sick list the past several weeks; some days feeling quite himself but at other times not so well. His many friends miss him from his usual places of activity and shall be glad when he regains his normal strength and good spirits again.

Mrs. W. Holmes Robertson and little daughter, Rita, visited Washington on Monday of this week. Rita has been suffering from eye trouble but is getting much better.

Mr. and Mrs. Chas. R. McDonald were Washington and Clarendon visitors on Monday of this week.

Mrs. L. B. Atkins of Manassas, accompanied by her mother, her son-in-law and daughter, Mr. and Mrs. Clark of Maryland, and her daughter, Lucile of New York state, attended services at Sudley last Sunday morning where they were welcomed by many friends who were glad to see them all again.

Mrs. W. S. Brower had her two aunts from Washington as guests at her home, Lone Oak, for several days last week.

**JACKIE COOPER ON DIXIE
BILL IN GRIPPING ROLE**

Jackie Cooper, the eight-year-old film star, undertakes a type of role different from anything he had previously attempted in "When a Feller Needs a Friend," which will open next Monday at the Dixie Theatre.

In this picture the screen's newest juvenile sensation has the part of a crippled boy, with Charles "Chic" Sale co-starred in the other leading role of the story. It is said to be more gripping than "Skippy" or "The Champ."

"When a Feller Needs a Friend" is an adaptation of William Johnston's novel, "Limpy," the continuity having been prepared by Sylvia Thalberg and Frank Butler.

Harry Pollard, who directed "The Prodigal" and "Shipmates," directed the new picture. The supporting cast is headed by Ralph Graves and includes Dorothy Peterson, Andy Shu-

ford, Helen Parrish, Donald Haines, Gus Leonard and Oscar Apfel.

The action of the picture takes place in a typical American small town, and a large number of juvenile extras of Jackie Cooper's age were engaged by the production staff to appear in various dramatic episodes of the story.

First attaining prominence as a featured actor in Hal Roach's "Our Gang" comedies, Jackie Cooper advanced in the space of a year to a top place among the real personalities of the picture world. His first full-length feature, "Skippy," established him as a brilliant new discovery, and from there he has gone on to other notable triumphs.

BARKLEY-DODSON

On July 16, in Washington, Miss Geneva Constance Dodson, daughter of Mr. and Mrs. C. M. Dodson of this place, was married to Mr. Otho Barkley, son of Mr. and Mrs. Ida Barkley of Washington, and a popular real estate dealer of that city.

The bride is a graduate of Manassas high school, also a recent graduate of Walter Reed Hospital training school of nurses.

Mr. and Mrs. Barkley will make their home in Washington.

BIBLE THOUGHT AND PRAYER
If parents will have their children memorize a Bible selection each week, it will prove a priceless heritage to them in after years.

GOD'S INDEFINITE LOVE:
—For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life.—John 3: 16.

PASSING THE BUCK

Who will assume responsibility of ejecting from government property the veterans who upheld the Stars and Stripes in France during the World War? No one seems to relish the undertaking and official Washington has been searching diligently for a constituted authority that will issue written orders to throw the jobless and homeless veterans into the street. A nation that can squander nine billion dollars in one fiscal year could hardly be expected to do anything for its starving World War veterans, because, according to the fixed relief plans, salvation must come from the top down, thereby insuring the safety of the big fellow and permitting a few pennies to trickle through to those who actually face the frightful prospect of starvation!

When we have another war—and we will—there will be those who will recall the "tender relationship" existing in 1932 between the Government and the men who were called upon to give their all to save it, and it will be more necessary than ever to devise draft machinery to herd our manhood to the slaughter. Those who make war rarely do any fighting, but they ought to have sense enough to cherish and nourish the fighting spirit of the nation, lest, perchance, next time they might have to fight their own battle!

NEARING THE TURN

Expressing the opinion that the country may be nearer to recovery than the majority of people think, Roger W. Babson, noted economist and industrial statistician, calls attention to recent developments that are distinctly favorable to recovery:

The sharp upward trend in hog prices adds millions of dollars to the farm income in the Middle West. Hogs at Chicago have advanced 60 per cent in the past 36 days. Cattle have moved up from \$7.35 per cwt. to \$9.60. Hide prices have risen 35 per cent in ten days. Cotton has advanced about \$6 a bale. Sugar, while still very low, shows a 60

percent gain from the extreme low this year. Lard, ham, pork, and eggs are advancing. Wheat remains dull on big crop news, but Farm Board stocks will be wiped out in the next few months and the situation could easily develop a worthwhile advance.

Another favorable development, the full significance of which should be seen during the next few months, is the stopping of the gold flow. Instead of losing gold we are gaining it. Confidence in the dollar has been re-established both here and abroad. This will enable the Federal Reserve System to expand credit freely for business stimulation without fear of endangering our gold position.

Wiping out of reparations at the Lausanne conference clears the way for later revision of armaments, debts, peace treaties, tariffs, and other vexing European problems. The real significance of Lausanne lies in the determination shown by European leaders to put their own houses in order before asking concessions from America. Restoration of world trade is brought much nearer by this work.

The petroleum industry, employing 158,000 men and contributing \$2,500,000,000 annually to the national income, is showing improvement. Production has been brought under control, and prices advanced to a profitable level. Many of the oil companies are now operating in black ink for the first time since 1930. Crude oil prices have advanced 130 per cent and gasoline prices 22 per cent above last year's low point.

Voluntary pooling of railroad facilities to effect vast economies is being seriously considered by railroad leaders. Recognizing that they cannot continue to pile up debts by loans, the roads plan to co-operate by pooling parallel trackage between central points, freight car and passenger car terminals, bus and truck equipment, collection and distribution of freight, and fast passenger service. If accomplished, this should be constructive to railroads' security, thus helping banks, insurance companies and others.

Although grain prices are still low the prospect of a bumper spring wheat crop and higher than average crops of corn, oats, rye, barley, etc., will increase the total farm revenue. Even if as little as \$10 per year were added to the per capita income of our farm population, the aggregate increase in buying power would be over \$270,000,000. Also larger crops will provide much needed freight for the railroads.

Formation of the bond pool and its active participation in the market should strengthen prices. The bond market is generally stronger with the domestic bond averages, at this writing, up 5 points since the low of May 31 of this year. Foreign bond averages are up 8 points

from the year's low reached on June 10.

General production has been cut far below the rate of consumption. Inventories are very low, and real shortages are developing in some lines. Manufacturers', wholesalers', and retailers' supplies are small. Just as hog and cattle prices are now advancing because a shortage was allowed to develop, many other commodities can easily move upward on the slightest buying movement.

The foregoing is a sane, unbiased, intelligent presentation of factors which any business man desiring to inform himself on conditions will do well to ponder thoughtfully. "A great Nation, with abundant raw materials, a highly efficient industrial plant, an unexcelled transportation system, and strong financial reserves can't be kept down indefinitely," asserts Mr. Babson, adding: "We shall recover from this depression just as we did from the depressions beginning in 1837, 1858, 1873, 1913 and 1931. Furthermore, remember that the sharper and more severe the depression is the quicker will be the come-back after the turn."—Roanoke Times.

DON'T LOSE FAITH

There are few people who haven't had serious jolts during the past three years. Most of them on account of their own bad judgment, some of them on account of bad advice from friends and a few from dishonesty of those whom they trusted. There is no occasion, however, for anyone to lose faith in himself or his friends or the possibilities of this country.

There is absolutely no progress possible for any one who has no faith in himself. None of us will undertake any task unless there is the hope and belief that it can be accomplished; and in many cases the final accomplishments are far in excess of the results hoped for in the beginning of the undertaking. Many a man has given up and gone under during these trying times, who could have won out, if he had the courage and faith in himself to hold on. As for faith in others there is no living a normal life in this world without faith in other people. We have to have faith in those who prepare the food we eat, those who build the houses in which we live and transact business, those who build and operate the trains on which we ride, and all those who serve us in a business and professional way. The loss of confidence by many people, in themselves and in other people, has exaggerated our business troubles far beyond what economic conditions justified.

We need confidence in ourselves and in those with whom we have dealings, who have justified our confidence. We need not go as far as the young women who asked the merchant if the seeds she had bought would

grow into big strong trees, and upon being told they would, bought a hammock also. There is no question, however, but that we can plant our seeds of hope, and faith and honest intelligent work and expect them to grow into profitable crops. They always have and they always will and temporary conditions can not prevent it.—Chatham Tribune-Enterprise.

NELSON COUNTY FARMER FINDS IT PROFITABLE TO USE LIME
(Prepared by Agronomy Department, V. P. I.)

In the spring of 1931 G. Norman Purvis, Shipman, Va., seeded clover in his wheat crop. The land was limed the previous fall at wheat seeding time. One-half of an acre was left unlimed as a check. Mr. Purvis reports a clover yield this spring of two tons per acre on the limed, and 500 pounds per acre on the unlimed land. He reports further that most of the growth on the unlimed land was weeds and grass instead of clover.

The experience of Mr. Purvis is similar to that of other farmers who use lime and seed clover. It teaches that it is unwise and unprofitable to seed clover without using lime.

Clover is one of Virginia's best soil improvement hay and grazing crops when seeded on limed land.

FORMER ART MODEL IS SUCCESS IN FILM

Many well-known artists sought the services of beautiful and talented Caryl Lincoln before the movies claimed. Now she is appearing opposite Bob Custer in Big 4's "Quick Trigger Lee," which comes to the Dixie Theatre next Saturday.

Have you been beguiled by a beautiful maiden demonstrating the newest teeth whitener? Or perhaps tempted into buying Dr. Whoosis' blonde when you hadn't a hair on your head? Well it's all because Caryl's dazzling loveliness has been capitalized by bright national advertisers.

Caryl, herself, likes movie work best especially Westerns. "I love the outdoors and I am especially fond of riding—perhaps that is why Western action films hold their appeal for the great mass of theatregoers—and especially for me."

In "Quick Trigger Lee," a rapid-fire Western, Bob Custer does brilliant work under the direction of J. P. McGowan. Monte Montague, Richard Carlyle and Lee Cordova are also in the cast.

APPRECIATES HOSPITALITY

A. J. Powell, caretaker of the Bull Run Battlefield Park, is the recipient of a letter written by Emmitt Glanz, of Pennsylvania, to Hon. John W. Rust, president of the association, expressing keenest regret at not being able to attend the ceremonies last Thursday.

He slings himself "Yank" and expresses his deepest appreciation of the efficient hospitality shown by Mr. Powell on the occasion of a recent visit to the park.

As a lifelong resident of the community, Mr. Powell has a knowledge and an affection for his work that few others might be able to show, and thousands have visited the park and gone away impressed with his sincerity and also with his unusual knowledge of every detail of famous "First Bull Run."

THE LEAP YEAR CROP

Looking over the leap year crop reveals that many of the world's handsomest, wealthiest and most famous men are still in the bachelor ranks. High up on the list are the names of Gov. Albert C. Ritchie of Maryland with the charm and stateliness that belong to Southern men; Harold Vanderbilt, famous society sportsman, who is prominent and fancy free; Harrison Fisher, painter of beautiful girls, and Wesley Ferrell, one of baseball's best bachelors. This list of eligibles is long and an interesting story about them will be found in the Magazine of The Washington Star next Sunday, July 31.

NATIONAL GRANGE CONVENTION

66th Annual Session at Winston-Salem, N. C., Nov. 16-25.

November is to bring to Winston-Salem one of the most outstanding national conventions ever entertained in the state—the 66th annual session of the National Grange, Order of Patrons of Husbandry, which opens Wednesday morning, November 16, and continues with three sessions daily until Friday afternoon, the 25th. A great assembly of Grange members will be brought to the city, and especially significant is the fact that they will represent more than 30 states, reaching all the way from Maine to California, as far north as Washington and Minnesota.

The Grange is the largest farm organization in America, and the only farm fraternity in the world. With a beautiful ritual of its own and all the accessories of a well-established, permanent fraternity, its founding goes back 66 years, and the organization has been more prosperous during the last decade than ever before in its long period of life. In spite of prevailing conditions throughout the country, almost 300 new subordinate units have been organized since October 1, 1931, while the initiation of large classes and the building of new Grange halls have been features of the Grange year in all sections of the United States. Consequently, Winston-Salem will have the opportunity in November to welcome for its annual session, one of the most prosperous organized groups in the nation.

While business sessions will occupy most of the ten days' period, the peak of the convention will occur on Friday November 18, when the Seventh Degree of the organization, the highest in Grange ritualism, will be conferred in Reynolds auditorium twice, afternoon and evening. Competent judges pronounce the Seventh Degree of the Grange the most impressive example of fraternal ritualism that has ever been written, a dramatic spectacle of great power. Only those can take the Seventh Degree who have received the six lower degrees, four of which

are conferred in subordinate units, the fifth by Pomona or district Granges, and the sixth by the State Grange. In preparation for the November event, the North Carolina State Grange will hold a series of special meetings covering all Grange localities in the state at which the sixth degree will be conferred, thus preparing members to receive the Seventh at Winston-Salem, November 18.

In this connection it is noteworthy that every year Grange members make long journeys to receive the highest degree in their Order, and at Rochester, N. Y., two years ago the Seventh Degree class, conferred five times in a single day, comprised 11,125 initiates—the largest number ever initiated in a single day by any fraternal organization in America.

During its convention the National Grange will earnestly discuss the big pending questions of the nation, will declare its beliefs on many of them, and will enunciate a definite program for discussion and action the coming year among Granges throughout all parts of the land. It is this attention to live topics of the hour, as well as its ritualistic and social features, which makes the annual convention of the National Grange of such far-reaching importance.

The people of Winston-Salem are making elaborate preparations to entertain royally the coming Grange convention, and one of the features of such entertainment is expected to be a big barbecue given in the park adjacent to the Reynolds auditorium at 5 p.m., on November 18, between the conferring of the Seventh Degree in the auditorium at 2 o'clock in the afternoon and at 8 o'clock in the evening. Certain it is that the hospitality of the city, as well as of all the Patrons of North Carolina, will be cordially extended to the Grange visitors.

SHORT COURSE AT JAMESTOWN

The Northern Virginia District Short Course will be held at Jamestown 4-H Camp the week of August 8-13. The program provides classes in poultry, livestock, gardening, aids to self-improvement, music appreciation, handwork and recreation. Miss Martha Dinwiddie, V. P. I., will have charge of class in aids to self-improvement; Miss Dorothy Shoritts will teach recreation and will also have charge of camp recreation. Other courses will be in charge of Extension specialists, county home and farm agents.

Mornings only will be given to class work. Afternoons will be devoted to sightseeing trips to Jamestown Island, Williamsburg and Yorktown and to swimming and other forms of recreation. The life guard who also teaches swimming will have classes morning and afternoon. Camp fire programs will give opportunity for stunts, challenges and similar activities at night.

Arrangements are being made to have the Keys school bus take Prince William 4-H group to Jamestown for one dollar round trip. Registration, which includes board, room, class instruction, will be four dollars and fifty cents. Those taking handwork will pay a small extra fee.

Club boys and girls who wish to go to camp should give names to club leaders not later than Aug. 1. Those enrolling late may be turned down due to bus accommodations. Record books of those wishing to go to camp showing project work up to date must be in the home demonstration agent's office on or before August 3.

DON'T FORGET THE FIRE-MAN'S CARNIVAL July 30-August 6 (inclusive).

HOME-COMING AT BETHEL

Sunday, August 7, will be home-coming day at Bethel M. E. church on the Hoadly-Woodbridge road.

Dr. E. K. Balthis, presiding elder, will preach. At noon there will be a basket picnic to which those attending will provide their own lunches.

Dr. Shumate, pastor of the Dumfries circuit, also announces that the 4th quarterly conference will be held here at the same time.

A large crowd is expected and many invitations have been sent to those away from the county.

ROUTINE BUSINESS ONLY

The Prince William County Board of Supervisors met in regular session on Tuesday. Practically all of the day's transactions were routine matters purely.

In accordance with a request of Judge Wheatley Johnson, the board entered upon its minutes a motion to show that the probation officer's salary was a part of the allotment given to the sheriff who was appointed probation officer by Judge Johnson last spring.

The unsold county machinery was ordered cleaned and stored, it being felt that it would not be good policy to rent any of the same. The board also prayed the Circuit Court to ratify the sales made at public auction on Saturday last.

COUNTY CLERKS TO MEET AUG. 19-20

The county clerks of the courts will meet at Luray August 19-20. The association has been organized for about twenty years and its meetings not only promote good fellowship, but increases efficiency in the work which clerks of the court are called upon to perform.

NOKESVILLE

Mr. and Mrs. Ira Flory and daughter of Louisiana are visiting Rev. and Mrs. M. J. Early of this town.

Mr. and Mrs. M. J. Shepherd and children, Mrs. W. R. Free, Mrs. N. N. Free and Mrs. J. O. Bittle are attending the Farmers' Institute at Blacksburg this week.

The 4-H Club is giving a measuring party on the old fair grounds Saturday night. All guests will be duly measured upon their arrival and will be charged so much by the foot to enter. Prizes will be given to those having the most unusual proportions. Refreshments will be free. There will be all kinds of games and contests suitable for all ages, sexes, etc. You can't miss the place if you follow the glare of the bonfire.

Proceeds of the night will be used to finance the 4-H Club's trip to Jamestown.

Here's your chance to have a ripping good time and to help these boys and girls attend their district camp while you're at it.

And remember folks, the August meeting of the Community Association is next Tuesday night, August 2. Mr. L. J. Bowman and his agricultural committee have charge of the program and if these "farmers" carry out this program as they have the rest of their work, we'll have an excellent program.

The weary and battle-scarred Rebels will journey to Catharpin to lay siege to that unusually successful baseball army Saturday. Twice this year, the Rebels have suffered defeat at the hands of the Catharpin boys, and local fans don't believe it can happen three times in a row. Personally, I don't either. Go along with us and see.

BILLIE DOVE STAGES COMEBACK IN "THE AGE FOR LOVE"

"The Age for Love," Howard Hughes' newest and most brilliant United Artists film-play, with a distinguished cast headed by Billie Dove, has been booked by the Dixie theatre. The widely-heralded picture, which is Miss Dove's first screen appearance after more than a year of vacation and preparation, opens at the Dixie on Friday, August 5.

Famed for his superior pictures, young Mr. Hughes has produced "The Age for Love," with his customary flair for the lavish and spectacular. He has chosen a bold, modern theme, which he has pictured with characteristic courage and extravagance.

After nearly a year of exacting research and study, he selected for Miss Dove's returning vehicle to the screen, the daring and popular novel of Ernest Pascal, and engaged the author himself to prepare the film treatment. Robert E. Sherwood, the noted motion picture critic and playwright, was obtained to write the dialogue. And Frank Lloyd, selected in 1929 by the Academy of Motion Picture Arts and Science as the outstanding director in the industry, was signed to direct it.

The young and spectacular producer then rounded up one of the most

brilliant and expensive casts ever assembled for a picture, including, besides Miss Dove, Edward Everett Horton, Lois Wilson, Mary Duncan, Adrian Morris, Betty Ross Clarke and Charles Starrett, a new and sensational leading man.

With this great combination of material and production talent, and with a lavish expenditure of settings, costumes and other technical embellishments, he has produced another masterful entertainment, worthy of the man who produced "Hell's Angels," "The Front Page," "The Racket," "Two Arabian Knights" and other hit-pictures.

"The Age for Love" is no "wishy-washy" picture, as you would well know, coming from Mr. Hughes. It is gay, sophisticated and modern to the core. And it packs a terrific wallop—reaching into the hearts and minds of every modern-day person with its graphically-portrayed problems of love and marriage. At the same time it is wholesome amusement—the sort of entertainment appreciated by every age and class of movie-goer. While "Hell's Angels" gave you thrills, and "The Front Page" gave you laughs, "The Age for Love" will give you plenty of both. It's another Howard Hughes production—and that is always a guarantee of superior entertainment.

COUNTY AGENTS COLUMN

by
Frank D. Cox

The Harlequin Cabbage Bug.

The Harlequin cabbage bug has appeared in great numbers and is causing much alarm over the county. It sucks the sap from the leaves and veins of cabbage and related plants. The affected plants wilt, wither and die if the bugs are not removed or destroyed. It is easily identified by its red or yellow and black ornamentation and the figure on its back having some resemblance to a cross. The eggs closely imitate in miniature white barrels bound with black hoops and with black spots set in the proper place for bung holes.

The mature bugs are hard to control. Fairly good results have been obtained from thoroughly spraying with "Evergreen" using it about 25 per cent stronger than the dilution rate recommended on the bottle. About three-fourths of the mature bugs were killed by R. L. Lewis with one thorough spraying with "Evergreen" and the remainder will probably be taken care of with a second application.

In intensive cabbage sections, growers have been forced to use a hand torch to control the insect. It is claimed that only an instant's contact with the hot flame will by scorching the legs and feelers render them harmless and that the brief contact necessary to accomplish this will not injure the plant.

A. E. F. REUNION PLANS ANNOUNCED

Details of the program for the 13th annual national convention and reunion of the 80th (Blue Ridge) Division, A. E. F., to be held in Harrisonburg, Va., August 4, 5, 6 and 7, have just been completed according to an announcement by Russell L. Stultz, general chairman of the convention committee.

The Hotel Kavanaugh at Harrisonburg has been selected as the convention headquarters. Opening on Thursday, August 4, the morning will be spent in registering and housing the veterans. At noon unit luncheons will be held and distinguished guests will be entertained at a luncheon by the Kiwanis Club. The afternoon will be occupied with a George Washington Bicentennial pageant under the auspices of the Massanetta Springs Conference Encampment, which will include singing by a massed festival choir of 2,000 voices, the program being broadcasted over Radio Station WRVA at Richmond, Va. A dance and reception will follow at the Spotswood Country Club.

On Friday morning, August 5, the open business and welcome session of the convention will be held, the veterans being officially welcomed at Harrisonburg by Hon. John W. Morrison, mayor of the city. At 2 p.m. a barbecue and watermelon party will be held at a nearby park. A torchlight parade, a block dance and a midnight show featuring boxing, dancing, vaudeville and a fiddler's contest will conclude Friday's events.

Saturday morning will be devoted to a business session for the election of officers and transaction of business, unit luncheons at noon, a Ladies Auxiliary luncheon, sightseeing trips through the Virginia caverns in the afternoon, a Divisional banquet at 7 p.m. and a military ball at the Spotswood Country Club.

Divisional Chaplain Edward A. Wallace of New York will conduct a military mass in the Harrisonburg Catholic church, Sunday morning, and the annual division memorial services (undenominational) will be held in the new Virginia theatre at 2:30 p.m., concluding the four-day program for the veterans.

REPORT OF CHEST CLINIC

The State Chest Clinic was held in the Court House in Manassas for the benefit of Prince William county. Owing to some misunderstanding as to date and place the attendance was small. Eight patients were examined one of whom was positive and two suspicious.

The next chest clinic will be held in connection with the tuberculin and x-ray clinic in October. Any who have reason to wish a chest examination should consult the family physician or the county public health nurse and enroll for that clinic. All children who have been in contact with a case of tuberculosis or who show symptoms suspicious of infection should have the tuberculin test.

In the reorganization of the State Health Department the number of field nurses in the tuberculosis department has been reduced and those counties having public health nurses will depend on them to work up state clinics and do all follow-up visiting. Your nurse will appreciate your help in getting 100 percent examination of suspicious and contact cases in the county this year. You may do this by reporting cases who should be visited and by telling those who have not access to the paper of notices published. If you will notice how many people continue to spit on the streets and in public places in spite of years of health teaching you will realize that you and your children are not safe as long as any active cases, however mild, are mingling with others ignorant of their condition.

M. SABINA NEEL,
Red Cross Public Health Nurse,
Prince William County.
