## FORESTRY FORCE IS REDUCED

Chairman Carson Drops Employees as Economy Measure.

Chairman W. E. Carson announced Tuesday that a reorganization of the State Forestry Service would go into effect April 1, whereby five staff employees would be dropped in order to enable the Commission to operate within its reduced appropriation.

Those released from the State employ are A. S. Maddox, assistant forester; J. P. Pike, district forester; Prof. J. W. O'Byrne at V. P. I., O. R. Bellomy, nurseryman, and Miss Anita Glass, stenographer.

W. H. Stoneburner, having completed his work in the Shenandoah Park, will return to the Forestry Division and take the place vacated by R. S. Maddox.

The vacancy created by the release of J. P. Pike will be filled by District Forester J. P. Andrews, whose work will be absorbed by former State Forester Chapin Jones, who is now in charge of education and research, who may later be provided with an assistant on account of the fact that it is believed he may not be physically able to perform the duties of his new office.

## ANNUAL BASKET BALL TOURNAMENT

County Championship Games, Saturday, February 18.

The annual high school basketball tournament will be held at the Manassas High School gymnasium Saturday, February 18.

The boys and girls teams from each of the four county high schools Haymarket, Nokesville, Manassas and Occoquan will participate. The preliminary games will begin promptly at 9:30 a.m. The girls will play first.

The successful teams in the preliminary games will play for the county championship in boys and girls basketball at 8:00 o'clock p.m. Championship banners will be awarded the teams winning the tournament.

## KENT SALARY OUTLAY IS LOW

A survey of salaries paid in Maryland's 23 counties, made by Marion DeK. Smith, treasurer of the Kent County Chamber of Commerce, reveals that Kent County has the lowest aggregate salary expense of any county on the Eastern Shore and the third lowest in the State.

According to Mr. Smith, this county, with a population of 14,242, pays salaries totaling \$15,560, a trifle more than \$1.09 per capita of the population.

FRANCES WILLARD MEMORIAL SERVICE, FEB. 22

The Woman's Christian Temperance Union will hold their annual Frances Willard memorial service at the home of Mrs. Thomas Broadus Wednesday, Feb. 22, at 3 p.m.

This meeting is for the public so everybody is welcome. We especially invite our new members, the ministers and their wives, and all who are interested in the cause for which Frances Willard stood.

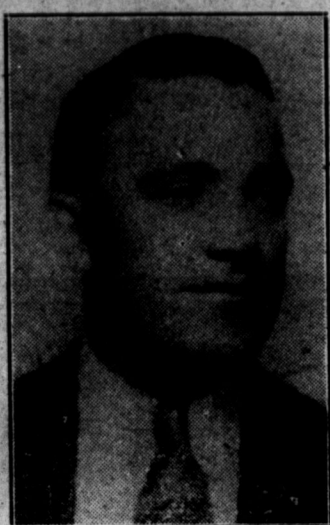

All members who have not paid dues this year please bring or send to this meeting. You know the W.C.T.U. year is half gone so all dues must be in hands of the treasurer this month so we will be credited as a Hold Fast Union.

ADEN WOMEN TO STUDY RUG MAKING

The home demonstration agent will meet with the women of Aden community on Wednesday, February 22, at 1:30 o'clock, at the school building to discuss the organization of a home demonstration group. Miss Pitts will give a demonstration on the making of plaited and crocheted rugs. The women of the community are cordially invited to attend the meeting.

RANKS FIRST

Augusta County ranks first in lamb improvement work in 1932. Culpeper County ranks second.

CARL KINCHELOE

TO SERVE AS ESCORT IN INAUGURAL

Mr. Carl Kincheloe, Manassas, Virginia.

Dear Sir:

Colonel Robert N. Harper, Marshal of the 4th Division, Inaugural Parade, would be pleased to have you serve as a mounted escort to the Divisional Marshal. Dress will be black derby, black coat and dark trousers. (No boots). Time and place of assembly will be determined later.

Would be glad to have your reply as soon as possible.

Very sincerely yours,

M. C. HAZEN,

Aide to Divisional Marshal.

ATTEND BLUE LODGE

The following delegates from Manassas Lodge No. 182, A. F. & A. M., are attending Blue Lodge in Richmond this week: W. N. Wenrich, J. L. Bushong, F. R. Hynson. Others also from Manassas Lodge are C. A. Sinclair, M. M. Ellis and R. A. Hutchinson.

## WILL WORK FOR TAX CURTAIL

Following a discussion of the county school budget at the meeting of the Fairfax County Chamber of Commerce last Tuesday night those who favored a reduction of taxes launched a movement for the organization of a taxpayers league by calling a mass meeting of taxpayers to be held in the Court House at Fairfax Tuesday night, February 21, at 8 p.m. At this meeting those interested in economy and retrenchment in public expenses will be given an opportunity to form a county taxpayers league, as well as discuss and take appropriate action with regard to the county budget. This action of taxpayers was apparently precipitated by the announcement that the budget prepared by the School Board for the coming year showed an increase rather than a reduction, one notable item being the contemplated purchase of five new busses, no cut at all being provided for salaries of superintendents, teachers or other employees.

The salaries received by other county officials, as compared with the income of the farmer, who pays 85 per cent of the tax bill, was included in the discussion, and will be a prominent subject for the consideration of proposed Tax Payers League. The call for the proposed meeting next Tuesday night bore the signatures of R. Colton Lewis, H. F. Myers, Herbert Williams, E. R. Buckley and E. P. Kirby.

## SKYLINE DRIVE TO BE COMPLETED

With the securing of a right-of-way toward proceeding on the construction of the Skyline Drive as soon as way through a large tract in Warren County, there is no legal impediment surveys are completed, officials said Tuesday. The right-of-way was secured Saturday through the lands of Rudasille Brothers, a distance of two miles in the proposed Shenandoah Park area. This secures the early construction of the parkway from Front Royal to the Page County line.

Engineers of the Federal Bureau of Public Roads have been engaged for several weeks in surveying the permanent lines for the parkway from its northern terminus at the southwestern boundary of Front Royal to the Page County line. W. M. Austin, associate engineer, and head of the bureau, expects bids to be let about April 1, and work to begin on July 1.

## "Original FRANKLIN D. ROOSEVELT, MARCH by Talbot" Again A Big Hit.

War-time Hit of the Famous Second Division Revived.

The original Franklin D. Roosevelt March by Talbot will no doubt be one of the outstanding musical numbers rendered during the Inauguration as it is constantly gaining in popularity. The march dates back during those trying war days in France where American Troops marched into their respective sectors singing their stirring service songs among which was the famous HAIL, HAIL TO ROOSEVELT AND THE HELL FOR THE HEINEIS, sung by the men of the Second Division. The march was written by Gunner H. Talbot over fifteen years ago while he was a member of the O. E. F. It was written in a dugout in France following a visit made by Mr. Roosevelt in the front line when the Second Division was in action and it was at that time that Mr. Roosevelt, who was then Asst. Secretary of the Navy sent his message to Mr. Daniels commenting on his admiration for the fine work of the Division. His visit to the Division in the front line and his inspiring message which was read to the division were a big factor in winning the admiration and affection of the men and instilling in them a still greater fighting spirit for which they were reputed. A few days after his visit to the Division the song HAIL, HAIL FOR ROOSEVELT was being sung throughout the Division as it marched into its new fighting sectors and ever after on their hikes from place to place. The march is fiery, spirited and well written and

very suitable for street and parade work and is of the same high standard as the other marches written by Gunner Talbot. In the trio of the march the song HAIL, HAIL FOR ROOSEVELT is sung and is a real hiking song with very appropriate words. This march is also a mark of affection and an expression of sentiment from Mr. Roosevelt's old friends of the Second Division of which the Fourth Brigade Marines was part and which Brigade to this date takes a particular pride in having among its records the inspiring message of Mr. Roosevelt written about the Brigade at the front in France. Gunner Talbot is still in the Service and his march will serve again as a fitting tribute to the new Commander-in-Chief as it did years ago on the Battlefields of France. The Inaugural Committee has been furnished with copies of the march for both band and orchestra and a list of all the musical organizations which are to take part in the inaugural has been furnished by the Committee so that copies of the march will be in the possession of these musical organizations for the Inaugural. Among other marches written by Talbot are the General Fuller, General Butler, General Russell, General Feland, General Harry Lee, General Bradman, General Breckenridge, Colonel Lyman, University of Virginia, Georgetown University, Marine Corps Reserves and the Famous Studebaker March.

## RESOLUTIONS IN MEMORY OF MRS. EUNICE MEADE RYLAND

WHEREAS, God in His infinite wisdom has called our valued member and friend, Mrs. Eunice Meade Ryland, to her heavenly home on February 6, 1933; therefore,

BE IT RESOLVED, That we, the Margaret Barbour Bible Class, extend our heartfelt sympathy to our bereaved pastor, Rev. C. P. Ryland, son, relatives, and friends, in sustaining with us the great loss of one who so faithfully performed each duty when called.

As a friend in need she ever extended a helping hand with a gracious smile and a heart full of love and sympathy. As a pastor's wife we could not ask for more. And

BE IT FURTHER RESOLVED, That a copy of these resolutions be sent the bereaved family, a copy recorded in the minutes of our class, and a copy published in The Manassas Journal.

ELIZABETH HUFFMAN,  
MARGARET C. LONAS,  
JULIA H. KNOX.

## FATHER BROSNAN IN MANASSAS

The Rev. Edward A. Brosnan, spiritual director of the Holy Name Societies of the Richmond Diocese, will be at All Saints church next Sunday, Feb. 19, to address the Manassas Holy Name Society. He will be the celebrant of the mass at 10:30 and will close with benediction of the Blessed Sacrament. A meeting will be held afterwards in the rectory for the election of officers and other business in connection with the Sectional meeting to be held the Sunday following at Clarendon. Holy Name men from Bristow and Minnieville are requested to attend.

## U. S. ROUNDS UP ANARCHISTS

A general roundup of anarchists along the Atlantic seaboard by the United States Secret Service was in prospect today as the result of the attempt upon the life of President-elect Roosevelt at Miami last night by Giuseppe Zangara.

Zangara has been identified as the member of an anarchist gang at Paterson, N. J., W. H. Moran, chief of the Secret Service revealed today, after a telephone conversation with his operatives in Florida. He said: "Zangara has definitely identified himself as an anarchist. His home and his association are in the East near New York city. The Eastern headquarters for the anarchist group is at Paterson, so it is logical to assume that he is affiliated there."

Mr. G. R. Ratcliffe motored to Alexandria today on business.

G. RAYMOND RATCLIFFE

ATTENDS BANKERS' MEETING IN RICHMOND

Mr. G. R. Ratcliffe attended a bankers' meeting in Richmond this week as a special guest.

G. R. Ratcliffe, cashier of The Peoples Bank, and C. E. Tiffany, president of the Fauquier National Bank, attended the banquet given by the American Institute of Banking held at Richmond last week. They were guests of the First National Bank of Richmond.

## POULTRY SCHOOL AT FAIRFAX

Program Presents Subjects of Immediate Economic Importance.

An extension poultry school and short course will be held at Fairfax on Thursday and Friday, February 23 and 24.

Subjects of immediate economic importance to poultry raisers of Prince William County will be presented by the best talent obtainable. Poultry keepers of the county are invited to attend all the sessions and if they are not able to attend both days, to go for the lectures of most importance to them.

Of particular importance to egg producers who do not have a special retail market for their eggs will be the talk by M. C. Kilpatrick, secretary of the Virginia State Poultry Federation, on the Virginia Egg Marketing Association thru which local eggs may be sold in Washington, on Thursday evening, Feb. 23, at 7:30 o'clock.

## CHILDREN SING FOR KIWANIS

Arlington Man Is Welcome Visitor.

The Leachman troupe delightfully entertained the Kiwanis at the regular meeting last week. Bill always has them as a sure "ace-in-the-hole" to fall back on. As a cabaret group, together with Mrs. Leachman at the piano, the club continuously applauded while they were in action.

H. A. Whittle, of the Arlington club, was present, and spoke of a novel all-the-year-round interclub plan which had been inaugurated in Florida and which the Arlington club hoped to introduce into the Capitol district.

## WILLIAM & MARY FACES DEFICIT

Historic College in Financial Difficulty.

Greatly reduced appropriations and inability of students to meet their usual obligations has placed historic William and Mary College at Williamsburg, Va., in a serious plight, according to a statement just issued by President J. A. C. Chandler.

William and Mary College is the second oldest college in the United States, only being antedated by Harvard. The Virginia institution was established in 1693. As late as 1919 the enrollment at William and Mary was only 132, according to press reports, but in 1932 the enrollment had increased to 2300, and the annual appropriation had increased from \$50,000 to \$250,000. The endowment of the college in 1919 was \$150,000, which has been increased to \$500,000, yielding an annual revenue of about \$30,000.

It was at William and Mary that George Washington studied surveying and here many of our greatest statesmen were educated, including Thomas Jefferson and Chief Justice Marshall.

Reduction of state appropriation, necessitated by the budget cuts, is given as one of the chief causes of the present financial difficulty, and it is stated that many other schools and colleges throughout the south, and elsewhere, are suffering a similar money crisis.

## CIRCUIT COURT MATTERS

Soft drink licenses granted to Paul Keys, Dumfries, and L. F. Berry, Woodbridge.

Jail sentences of Samuel Thomas and Milton Winston (set by court on February 6) were suspended.

The case against Ralph Liming charged with assault on Reuben Randall continued to April term.

Elmer Waite was found "not guilty" of assault upon J. R. Randall (E. L. Herring, foreman).

E. R. Conner, C. C. Cloe and W. L. Sanders appointed jury commissioners.

Boston Shoemaker and Jenks Keys were each given a term of two years for breaking into hen house of Delaware Wright (A. E. McInteer, foreman of jury). Two similar charges were nolle prossed.

John L. Williams was given a fine of \$5 and three months in jail for a prohibition misdemeanor.

C. A. Bryant was given a fine of \$100 and three months in jail and W. W. Mountjoy and Emery Lloyd were each given a fine of \$50 and one month in jail, all three being tried on prohibition charges.

The jury recommended leniency for Mountjoy which the court refused to grant.

## HUGE ANIMALS

J. A. Swan, Jr., shipped last week a Hereford bull weighing 1,800 pounds, for which he received three cents a pound. This is the largest animal shipped from Culpeper, so far as is known, for the past several years.

The largest hog ever shipped from Culpeper, says Owen Blankenbaker, who is in charge of weighing at the local stock yards, was a purebred Red Duroc, shipped by C. V. Burgess for Raymond Quantance, of near Woodville, this hog weighing 815 pounds. The price for this giant porcer was not in keeping with his size, being only one and one-half cents a pound. —Virginia Star.

## CATHARPIN

The Honor Roll students of Cathar-  
pin School as per report last week  
are as follows: 1st grade, Russell  
Polen; 2nd grade, Albert Ellison and  
Frances Brower; 3rd grade, Bettie  
Brower and Frances Ellison; 4th  
grade, Gordon Pattie and Curtis  
Polen. To be on the honor roll these  
days in the country districts certainly  
means something since road and  
weather conditions makes regular at-  
tendance quite a problem.

Our roadmen are experiencing  
much difficulty in keeping the roads  
open and in passable condition. Hard-  
ly do they get them in good shape  
when along comes a rain or snow or  
freeze or thaw and always seem-  
ingly "synchronized" in the best pos-  
sible way to produce the worst pos-  
sible results.

"How's the sick?" This question  
usually is the burden of both tele-  
phone and grave. The old couplet  
about "Each week finds some-  
thing begun while other things their  
course have run" just about fills the  
bill; new names are being added to  
the sick list while others are being  
expunged. Not to be out of fashion  
Dr. and Mrs. Brower and Mrs. W. S.  
Brower and children have recently en-  
rolled in the flu column—a case cer-  
tainly of "physician heal thyself." Also  
Mr. W. Holmes Robertson has spent  
a week around the fireside do-  
ing what is necessary to protect him-  
self from the effects of the popular  
epidemic; and down on Catharpin run  
we learn that Mrs. Sallie Caton is  
trying very hard to keep up with the  
"Joneses" in circumventing the un-  
pleasantness of this unwelcome mal-  
ady, and so it goes.

February is certainly filling her  
place on the calendar. She (or it)  
is the shortest month of the year yet  
is devoting one-seventh of her pre-  
cious time to special days. Begin-  
ning on the second we find her wres-  
tling with the groundhog and to get  
rid of him, produced one of bright-  
est days of the season to send him  
back to his dugout for a six weeks'  
rest and unpleasant weather which  
we are now "enjoying?" Then on the  
12th we find Lincoln's birthday close-  
ly followed on the 14th by old St.  
Valentine who gives the youngsters  
an opportunity of getting rid of some  
aching hearts by mail which they  
are too timid to present otherwise.  
It also affords an opportunity for  
those of less sentimental mind to  
seek vengeance upon some "friend"  
by mailing him a comic which he also  
is too timid to present otherwise.  
Then along comes the 22nd, Wash-  
ington's birthday, the memory of  
which is a coveted patriotic duty. Of  
the four days we suspect the ground-  
hog and the valentines give us the  
greatest concern and the most pal-  
pitating hearts.

## HONOR ROLL

ALUMNI MEET AT  
RANDOLPH-MACON

Numbers of Randolph-Macon Col-  
lege alumni in this section have re-  
ceived invitations to be present at  
the one-hundredth anniversary of  
Historic Washington Literary Society  
of Randolph-Macon College of  
Ashland, Va., on February 22. Ac-  
cording to the invitations quite an  
extensive celebration has been plan-  
ned for the occasion, and it is ex-  
pected that several of our local alu-  
ni will attend.

A number of prominent speakers  
will appear on the program at the oc-  
casion. The society's annual cele-  
bration will be held at 11 a.m. at  
which time several prominent alumni  
of the society will speak. The alu-  
ni of the society will be received by  
the student membership at an open  
hall at 3:30 p.m.

Governor John Garland Pollard will  
be introduced as the speaker at the  
Centennial dinner, 6:15 p.m., by Col.  
John R. Saunders, attorney-general  
of Virginia. President Robert Emery  
Blackwell of Randolph-Macon College  
will preside at the dinner.

## WILLIAM MCGILL SMITH

William McGill Smith, U. S. M. C.,  
died February 9, at the Naval Hospi-  
tal in Washington after a brief ill-  
ness of pneumonia. The funeral took  
place Monday morning from St.  
Paul's Catholic church, and the in-  
terment, with military rites, was in  
Arlington cemetery.

The deceased was the son of the  
late James F. and Minnie McGill  
Smith. His mother died at his birth,  
and his father a few years later.  
He was known to residents of Prince  
William through visits to his aunts,  
the Misses Inno and Loretto McGill,  
at their home near Haymarket.

# AGAIN CHEVROLET LEADS THE PARADE OF PROGRESS

"I can never pass a new Chevrolet without a second glance."  
"Nor I. That Aer-Stream styling gives them such a trim, smart look."

"There's the reason for that wonderful smoothness at 70 miles an hour—a cushion-balanced six-cylinder engine."

"How's that? 45 miles an hour in second gear and it sounds like high."  
"Wonderful. And those gears slipped into place without a sound, too."

"What is that needle he's turning?"  
"The Octane Selector, one of the reasons why Chevrolet is the most economical car of them all."

CHEVROLET

A GENERAL MOTORS VALUE

with the greatest array of important advancements ever introduced on any car of lowest price

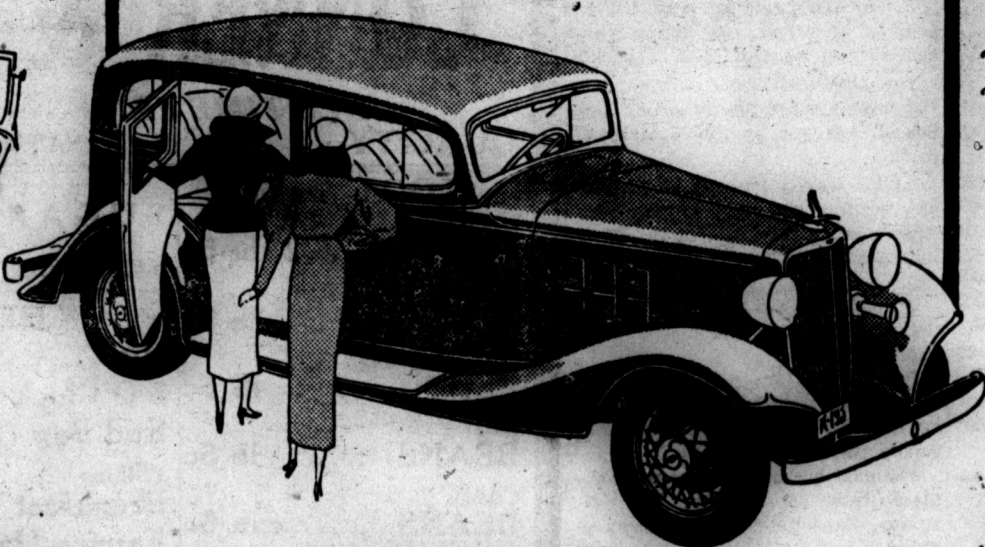

Chevrolet was FIRST to build a low-priced car with a gear-shift and a self-starter—FIRST to introduce modern ideas of style, performance and comfort in its field—FIRST to give America's millions the big advantage of "SIX cylinders—no more, no less." Chevrolet has always made a habit of setting the standard for the low-price field in everything new—modern—advanced—and desirable! Now comes 1933—with Chevrolet in the best position of its history to lead the big parade. Having just completed its fourth year out of the past six as the world's largest builder of cars, Chevrolet has the biggest volume in the industry—the biggest purchasing power. Hence, Chevrolet can afford to introduce more new advancements in its cars than can anyone else—and still keep the prices low. And that's exactly what Chevrolet has done, as the illustrated features so clearly show. The new Chevrolet Six steps far out in front of the big parade of progress with the greatest array of new advancements and improvements and inventions ever revealed in a new low-priced car! Again, the leader leads!

SPORT COUPE \$535 - SEDAN \$545 - CABRIOLET \$565

All prices f.o.b. Flint, Michigan. Special equipment extra. Low delivered prices and easy GMAC terms.

"It's actually luxurious! I never knew a low-priced car could have such lovely appointments."

"Don't forget that Chevrolet has Fisher bodies, just like expensive cars."

"Let me tell you something. Until you've tried Chevrolet Simplified Free Wheeling combined with Syncro-Mesh, you have things to learn about driving cars."

"I believe you. You certainly take things easy."

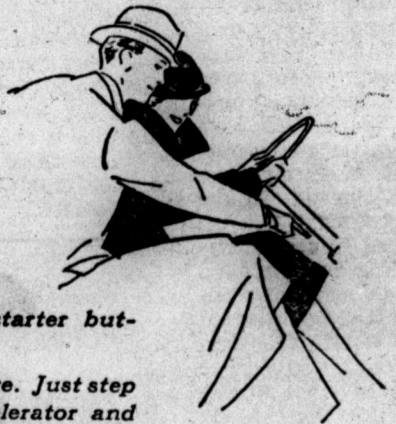

"Let's have a little air."

"Go ahead, it won't bother me. Isn't Fisher No Draft Ventilation wonderful!"

"How those brakes take hold."

"They certainly do. Chevrolet never overlooks safety. For instance, they've increased the brake size and put in safety glass windshields this year."

"What—no starter button?"

"Not any more. Just step on the accelerator and the motor starts. The Chevrolet is full of new ideas like that."

"How comfortable you look."

"And I am. Believe me, it pays to get a car with lots of leg room."

### JANET GAYNOR AND CHARLES FARRELL IN NEW FILM, "TESS OF THE STORM COUNTRY"

With the coming of "Tess of the Storm Country" to the Dixie Theatre next Monday, the army of Gaynor-Farrell fans will see their favorites in what is said to be the most

exciting and dramatic offering they have yet made and a picture very different from any of their previous vehicles.

The story deals with the hectic adventures of a sea-captain's daughter who comes to live ashore for the first time in her life.

With its opening sequences aboard

the Captain's schooner and the picturesque settings of the shore scenes, the production adds a scenic realism to its swift-moving story. Miss Gaynor's work as the fiery and independent fisher-girl and Farrell's performance as the carefree youngster who encounters love for the first time, are reported to rank among the stars'

finest portrayals.

Dudley Digges, Miss Gaynor's uncle in "The First Year," enacts the role of her nautical father in "Tess." Claude Gillingwater, June Clyde and Edward Pawley have the other principal parts, with George Meeker, Maty Kemp and DeWitt Jennings also

prominent in the cast.

The direction is by Alfred Santell, who made Miss Gaynor's earlier "Daddy Long Legs" and Farrell's "Body and Soul." The film was adapted from the novel by Grace Miller White and the dramatization by Rupert Hughes. S. N. Behrman and Sonya Levien wrote the screen play.

CHRIST FOR ALL—ALL FOR CHRIST

## The Word of God

It is a joy to have their children receive a Bible selection each week, it will prove a priceless heritage to them in after years.

**BIBLE THOUGHT AND PRAYER**  
If parents will have their children receive a Bible selection each week, it will prove a priceless heritage to them in after years.

**THE RIGHT ATTITUDE:** O come, let us worship and bow down; let us kneel before the Lord our maker. For he is our God; and we are the people of his pasture.—Psalm 95: 6, 7.

## A TERRIBLE WARNING

The unfortunate affair in Florida last night in which a prominent figure in the National Democratic Party is dying, several innocent bystanders wounded and our beloved President-elect threatened in a most deadly fashion was certainly most unexpected.

Probably no man, not even good William McKinley, has ever had a greater grip on the national affection than Franklin Delano Roosevelt. He has gone down with the rank and file, has won their love and certainly appears to be the Moses who has come to lead us from distress so far as it humanly is possible for him to do so.

It is a great shock to a man who so thoroughly loves the people himself for anything like this to occur. It goes to show that no executive is ever safe from the insane doctrines which Continental Europe has persistently attempted to foster upon us. The shadow of the Red is among us, no matter how much we insist that it is a myth.

## HOOVER'S SWAN SONG

Our retiring President, in what may prove to be his last important public address as our Chief Executive, painted a gloomy picture of international relationships Monday night when he spoke to the National Republican Club in New York.

Many forceful utterances were made by the sad-voiced Executive and much sound advice was offered. The occasion was the annual Republican celebration of the birthday of Abraham Lincoln, the founder of the Republican party.

Our people were warned by the Retiring President of European propaganda for debt cancellation. However he forgot to mention the extensive propaganda carried on by his own federal departments to encourage investment in foreign securities, now believed to be practically worthless.

We were asked to realize the dangers attending international transfers of huge sums of money, but he omitted to mention the stupendous wealth transferred from this country to Europe as loans, approved by this government, and not very likely ever to be repaid.

Barriers against American business should not be raised in Europe, Mr. Hoover warned, but he did not touch upon the great barriers which have been raised against European business, causing retaliations from all of the important countries abroad.

He mentioned that European payments due us amount to less than one third of the amounts they are spending for armaments, but he did not discuss the moratorium he had formerly demanded, while Europe continued these war expenditures.

The speech was rather grim and certainly sad in tone. There were no flashes of that good sportsmanship which Americans so love to admire from losers in any kind of contest. The advice he gave us was sound enough, but unfortunately both he and his party have not followed any such advice in their administration of the government.

The millions who listened will not long carry in their minds the mass of material presented by the President in this speech, but no doubt very many will conclude that after all it was merely the "swan-song of a poor loser."

## KEEPING BUSY

An editor commenting on the fact that 2,000,000 city people have gone back to the country since the depression began isn't much impressed by it as an economic fact. He thinks that, with farming the way it is, they can't do much there.

They can do one very important thing, at least. They can keep busy. And in most cases, that may be as valuable as the partial living they can make out of their agricultural efforts. In the soil itself, to a man who has been confined in the city's great "idle house," there is healing. Renewed contact with Mother Earth is good. It is a joy to plant seeds and watch things grow and help them to fruitfulness. It is a satisfaction to bring fuel from the wood lot, to tend the farm animals, to watch the weather, to work with Nature and find her friendly.

It is a great thing, in the city, for an unemployed man to have a yard of his own to putter around in, a cellar with a furnace to take care of and a work bench for odd jobs.

Great are the merits of an owned home, especially in times like these, even though it has a mortgage. Real estate still has a mortgage. Real estate still has its merits. Government bonds may look better; but you can't really love a government bond, because you can't do anything to it, for it.—Cumberland Times.

## NO PLACE FOR LAND-GRABBERS

Virginians who remember the battle over the "landgrabbers' act" in 1897 and thereafter doubtless read with satisfaction the statement made by Tax Commissioner Morrisett in the News Leader this week.

The law was intended to force settlement of delinquent land taxes, but it was never as ruthless as some of its opponents thought, and as it has been amended, it protects the locality without depriving any man of land he will make a decent effort to retain.

Here is what Mr. Morrisett said: "The proceeding, in effect, is a perfection of the lien for local taxes. When, after the statutory period, the owner has not paid taxes due, the so-called tax-sale serves to make the lien for taxes a matter of record. The owner is given two years in which to pay the tax bill, plus penalties, after this. During this period no one has a right to buy it, the title remaining in the name of the state comptroller for the benefit of the locality."

When Mr. Morrisett added that the landgrabber could seldom acquire delinquent lands because he could not get a clear title, Virginians who are mindful of the distress of their fellow citizens probably made the mental comment that this was exactly as it should be. In times like these there is no place for the landgrabber.—Richmond News-Leader.

## HOW MUCH IS YOURS?

After you've paid your bills and spent a dollar here and a dollar there—how much of your pay check is really yours? How much of it remains with you? Are you just a flag station for swiftly moving dollars?

Your profit on your own work is only represented by what you save.

The only way to save is to adopt a program and stick to it. The best day to save money is when you have money. That is on your pay day.

## COUNTY AGENTS' COLUMN

by Frank D. Cox

Virginia State certified hatcheries are listed in the February issue of the Agriculture and Immigration bulletin. If you do not receive this monthly bulletin, your name will be placed upon the mailing list and the list of hatcheries mailed upon request.

Quoting the State Bulletin: "Virginia State certified hatcheries are hatcheries that are supplied with eggs by flock ownership who have had their flocks culled for general health, vigor, type and production by a qualified inspector of the Division of Markets. In addition to culling, each bird in the breeding flock has been tested for Pullorum Disease, commonly known as Bacillary White Diarrhea, and banded with a sealed and numbered State leg band. All reacting birds are removed from the flocks and the farms of the flock owners, under the supervision of the Division of Markets, before the Certified Hatcheries are permitted to purchase the eggs."

"The Virginia State Certified Hatcheries are regularly inspected sanitation, type and weight of eggs received, also quality of chicks hatched. "Certified hatcheries are dropped from the certified list and their certificates recalled when it is found that they are not complying with the requirements and regulations governing certified hatcheries, or when discontinuing the service."

"When dropped from the certified list, they cannot use the name of the Virginia Department of Agriculture or Division of Markets in any of their advertising matter, or the State Certified label on their chick boxes."

Unless a registered State Certified Chick Label is attached to the chick box you receive with the Certified Hatchery number stamped thereon, the chicks are not certified in so far as we know. If in doubt, write the Division of Markets, Richmond, Va., for information.

"Remember that a hatchery cannot sell any better chicks than are in the eggs used in hatching."

to  
Dec. 14, 1799

Wednesday, February 22, is the 201st anniversary of the birth of George Washington. In observing this occasion, it is well to pause and give serious thought to this great man—a man who won in spite of adversity—a man who contributed so much to make our country a great nation—a man to admire and pattern after in attaining purpose and strength of character.

As is fitting in observing the 201st anniversary of George Washington's birth, this bank will not be open for business, Wednesday, February 22.

### CLIFTON FORGE PLANS

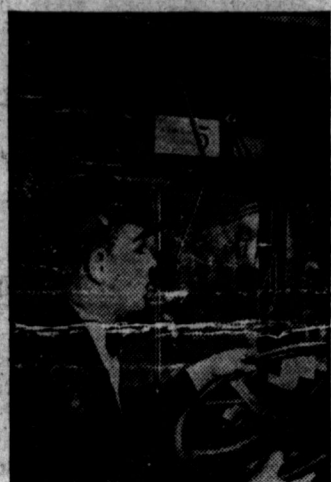

\$18,426 BUDGET CUT

Clifton Forge's budget for 1933 was off just \$13,426.08 from the actual expenditures of 1932, as it was presented to the city council at the regular monthly meeting Monday night by T. P. Halloran, finance committee.

Reading of the budget with parallel figures for last year's expenditures and proposed expenditures for this year revealed that \$227,236.19 was spent last year, while the budget allows only \$208,900.16 for the present fiscal year. This budget will be advertised by the city auditor and the council will sit in public hearing March 7.

The tax levy was also presented by Mr. Halloran and remained at \$2.85 on the hundred assessed valuation, with the additional 40 cents on the hundred on bank stocks as formerly.

### Bus Stops Called By Loud Speakers

Bus driver announcing the next stop through this microphone which connects with loud speaker equipment.

Installation of loud speaker apparatus in buses for the announcement of street stops is an innovation recently developed by the Bell Telephone Laboratories. This bus announcing equipment, according to J. H. Collins, special products development engineer of the laboratories, enables the combination driver and conductor of the modern bus to announce the next stop clearly to all passengers. The equipment is so arranged that the driver speaks into a microphone and the announcement is amplified so that all passengers know what the next stop will be.

Such a need, according to Mr. Collins, was most keenly felt on double-deck buses, where it was virtually impossible for passengers on the top deck to hear the street names as they were called off by the driver. Bus announcing equipment is now in use in several of the large cities.

This equipment is not limited entirely to bus use, according to Mr. Collins' article. The apparatus can be utilized for making announcements from one room or one floor to another. This equipment can also be used for addressing small groups.

### Improved Airplane Telephone Designed

Improved two-way telephone equipment for airplanes recently developed by the Bell Telephone Laboratories permits of conversations without interruption from static during electrical storms or from noises caused by the engine or other apparatus while planes are in flight.

With this new equipment the repeating of messages is avoided. Conversations, according to engineers, are almost as clear as those over home telephones. The new equipment represents many fundamental improvements. These include a pre-selected frequency superheterodyne receiver and a new pre-selected frequency radio transmitter, both of which are arranged for rapid shifting to day or night frequencies. The number of apparatus units has been reduced to a minimum, wiring is completely in conduit, and an improved slide tone circuit has been included over which pilots may converse with each other. A new arrangement of the equipment makes it easy for the beacon receiver to be operated separately from the two-way communication system. This permits one pilot to listen to the beacon while the other is listening to the ground station. However, one or both pilots may listen to both receivers if it is desired.

Practically all radio equipped planes now have radio units installed at the time of manufacture. This lowers installation cost as well as maintenance expense when the ship is in service. The units may easily be removed from the plane for repair or inspection.

Planes equipped for two-way telephone communication are now flying on an average of 3,000,000 miles a month. Experiments with this type of apparatus were carried on for hundreds of hours by the Laboratories' tri-motored plane—its flying laboratory. As a result the most intimate contact with the whole field of aviation was maintained.

Following the development work the Western Electric Company proceeded with the manufacture of this new type of radio telephone equipment, which is now being used by leading transport systems.

### Tax on Consumer's Monthly One-Tenth of Average Dollar Spent for Gasoline

Twenty-nine cents of every dollar the average motorist spent for gasoline in 1932 went to pay State and Federal taxes! These levies reduced approximately by one-third the gasoline purchasing power of the dollar. Money with which the motorist could have bought a fourth gallon went to pay taxes on the first three. A car travelling 16 miles per gallon, went only 75 miles instead of 100 to the dollar!

Showing how gasoline taxes took 29c from every \$1 spent for gasoline in 1924, 11c in 1926, 14c in 1928, 21c in 1930 and 29c in 1932. At this rate, about 35c of the 1933 gasoline dollar will be tax!

Although tax reduction has been promised, government appears determined to make the motorist the "Forgotten Man." States are contemplating increases in gasoline tax rates this year. Congress appears to be inclined to continue, if not to increase, the 1c Federal gasoline tax supposed to expire July 1 next.

The gasoline tax first was imposed by Oregon on February 25, 1920, at 1c per gallon to finance roads. Cumulative federal, state, county, and community gasoline tax rates now range from 5c to 12c per

gallon. Gasoline tax revenues for 1932 are estimated at \$600,000,000.

At least \$100,000,000 was diverted from roads, and further diversions this year, combined with rate increases, further will load the tax burden upon the motorist unless he protests. Additional tax money paid by motorists was lost to tax evaders and gasoline bootleggers, government finding it impossible to collect such taxes at high rates. This year the motorist will be asked to pay for a subterfuge for tax reduction, tax shifting—to the motorist!

## LEGAL NOTICES

## VIRGINIA:

In the Clerk's Office of the Circuit Court of Prince William County, in Vacation, the 25th day of January, 1933.

Audrey P. Bowman,

V.

Robert Glen Bowman.

In Chancery

The general object of the above styled suit is to secure a divorce by the complainant, Audrey P. Bowman, from the defendant, Robert Glen Bowman, from the bonds of matrimony created by the marriage of the said parties on the 25th day of January, 1928, upon the grounds of the defendant having willfully deserted and abandoned the complainant on or about the 1st day of February, 1930. And, it appearing by affidavit filed according to law that the above-named defendant is not a resident of the State of Virginia, it is therefore ordered that the said Robert Glen Bowman do appear within ten days after due publication of this order, in the Clerk's Office of our said Circuit Court, and do what is necessary to protect his interests. And it is further ordered that this order be published once a week for four successive weeks in The Manassas Journal, a newspaper printed and circulating in the county of Prince William, Virginia, by reason of no newspaper being prescribed by said Court, the said newspaper being hereby directed. And it is further ordered that a copy of this order be posted at the front door of the Court House of Prince William County on or before the next succeeding Rule Day, and that another copy of this order be mailed to said defendant at 4130 New Hampshire Avenue, Northwest, Washington, D. C., the address given in said affidavit, and that a certificate of said directions be filed with the papers in this cause by the Clerk of this Court, showing due execution thereof. The said copy to said defendant will be forwarded to said above address by United States Prepaid Registered Mail.

### STRAUSS WALTZ USED TO BUILD FILM ROMANCE

A waltz by Johann Strauss the Younger, nephew of the famed Viennese "waltz king," is the musical theme of "Evenings for Sale," Viennese musical-romance based on an original story by I. A. R. Wylie, which comes to the Dixie Theater next Friday, Feb. 24, with a cast headed by Herbert Marshall (the phenomenal star of "Trouble in Paradise"), Sari Maritza, Charlie Ruggles and Mary Boland.

The waltz is "Unter den Linden." It recurs throughout the picture, presented in different fashions under different circumstances of the plot. In "Evenings for Sale," as in Maurice Chevalier's "Love Me Tonight" and other recent musical gems, the music is made an integral part of the story, rather than an incidental part. Unlike early musicals, the action is carried on by the music, rather than being interrupted by it. Tricky camera angles and whimsical dialogue are also employed to tell the story.

"Evenings for Sale" is the story of the love of an Austrian nobleman from a family which has been impoverished by the war, and a girl from a middle-class family which has been enriched by the war. The former, to earn a living, is forced to hire himself out as a dancing partner at an expensive cafe. The girl, learning of his profession, insults him brutally. The presence of an American widow with a heavy bankroll and a weakness for royalty complicates matters further.

Ultimately everything is straightened out in an amusing climax.

Marshall plays the role of the nobleman; Miss Maritza, the girl; and Miss Boland, the widow, with Ruggles, dapper comedian, as the ex-orderly and friend of the nobleman.

## HAYMARKET

The Junior League of the Haymarket High School held its regular meeting on Wednesday, February 15, at which time the freshmen presented a very interesting program, using pirate life as their theme.

The senior class of Haymarket has been very busy during the past two weeks, selecting their rings and making plans for the senior play.

Mrs. J. E. Jordan spent the week end in Washington as guest of her cousin, Mrs. Annie Coleman from Chicago.

Mrs. W. C. Payne and Mrs. Brownie Tulloss each entertained a few friends last week at contract, in honor of Rev. and Mrs. Seager.

The Grange held a social gathering in the form of an old-fashioned square dance at the Masonic Hall on Friday night, February 10. There was a large crowd present, and everyone reported the affair a success.

The Occoquan basketball team defeated the Haymarket team in Manassas gymnasium on last Friday evening, February 3, by a score of 25-23. Both sides exhibited good, hard playing.

Rev. and Mrs. Seager, former residents of Haymarket, arrived here on Sunday morning, February 12, to spend a few days at the home of Mrs. A. R. G. Bass.

Mrs. M. H. Lightner of Haymarket, who for several weeks has been seriously ill, had a sudden turn for the worse on Saturday morning, February 11. Since then she has remained in a critical condition.

The third year English class of the Haymarket High School has appointed Virgie McCuin as chairman of the current events class Monday, February 20.

The regular monthly meeting of the Senior League will be held at the Haymarket High School, Thursday night, February 16, at 8 o'clock. The high school pupils will take part in the program. Everyone is cordially invited.

The annual basketball tournament will be held on February 18 at Manassas. The games will begin at 9:30 in the morning. There will be two girls games and two boys games before lunch. At 7:30 Saturday night, the winners will compete for the banner.

The Haymarket girls defeated the Occoquan basketball team in the Manassas gymnasium on Friday, February 3. Though the final score was 26-10, the Occoquan girls did some splendid playing.

## WHERE THE MONEY IS

Most pertinent to most of present political discussion is this bit of fact-finding by the Gloucester Gazette:

"When tempted to shed tears for our 'poor rich' who may have their income taxes raised unless a sales tax is imposed upon the poor, it might be well to compare their sad lot with those of similar incomes in other countries. The 'unfortunate' possessor of a \$10,000 income in the United States must, under the 1932 schedule, grudgingly hand over \$448 of it to Uncle Sam, but if he lived in England the tax together would get \$2,240 of it, and in France he would have to pay \$1,998 over to the government. On a \$50,000 income here the federal treasury demands \$8,568, but France would take \$18,578 and England would get \$22,392. The \$100,000 income would contribute 30 per cent to the United States government, but it would be assured 40 per cent in France, and more than 52 per cent in England. Nobody likes to pay taxes, and as a rule those best able to pay them howl the loudest, but our wealthy citizens have little cause for complaint when they contrast their lot with their fellow plutocrats abroad."

The present need is to add to mass buying power. The one sure, quick way to do it is to take from the group having more than enough, and to extend this money in the directions that will add to employment of labor.

Those who have large incomes must carry the national burden. And if they do not, there will be an end to their incomes. — Radford News Journal.

## GOVERNOR DEFENDS VA. PRISON SYSTEM

A letter from Governor Pollard to a metal workers lodge in Ohio denied that prisoners in Virginia road camps are chained to their cots.

His reply was to a letter from Trumbull Lodge No. 73, Amalgamated Association of Iron, Steel and Tin Workers, of Warren, Ohio, based on a news report that a prison camp in Hanover County had been blown over by a high wind.

The lodge went on record "as being against and condemning the bar-

barous and inhuman practice of chaining men to bunks in buildings that are so flimsy that they can be thrown over by a high wind or destroyed by fire."

Governor Pollard said that the inmates are not chained to their bunks although in some cases they are fastened to a long chain during the night. He said the chain was not locked and could be unhooked and the men taken out at either end of the building or through the side if necessary.

He said he hoped the lodge would continue its efforts to improve prison conditions "not only throughout the country, but especially in Ohio, where the loss of life and injury to prisoners has been much greater than in Virginia."

## FARM MORTGAGES

The decision of life insurance companies to suspend foreclosure of farm mortgages is a most important step in the movement to relieve the pressure of debt upon agriculture. Farm mortgages held by life insurance companies amount to nearly \$1,700,000,000. While this is only about one-fifth of the total mortgage debt of farmers, and moratorium applies in those sections, where the debt problem is particularly acute. The largest block of farm mortgages is held by local banks. Many of these institutions may not be in a position to follow the lead of the insurance companies, but the precedent is a salutary one. It will improve the physiological as well as the financial situation in farm areas. — Washington Post.

## ROOSEVELT TO TAKE OATH ON OLD DUTCH BIBLE

Descendants of the early Dutch settlers of New York will come to Washington to participate in the inauguration of one of their own blood as President of the United States, and will attend on the evening of March 4, the great Roosevelt ball to be held at the Washington auditorium.

This group is being assembled by the "ancestral committee" for the ball, under the leadership of Mrs. James Carroll Frazer and Mrs. Charles Hamlin. Before attending the ball they will have seen President Roosevelt take the oath of office on the old Dutch Bible brought to this country by the Roosevelts in 1644.

NO TABLETS ARE GENUINE BAYER ASPIRIN WITHOUT THIS CROSS

## RENOVIZE PHILADELPHIA CAMPAIGN POINTS WAY TO IMPROVE BUSINESS

All the slogan "repair, remodel, restore at today's bargain prices," residents of Philadelphia have pledged themselves to spend more than \$18,000,000 in the next six months for the improvement of their property. Leaders of the Renovize Philadelphia Campaign, which

brought about the pledge, estimate that every dollar put into circulation multiplies twenty-five times in the course of a year, so that the new business thus created will amount to \$450,000,000.

The illustration shows one type of "renovizing" that has added value to

Philadelphia homes at today's low prices for material and labor. At the left is the original attic, typical of many that serve only as storage places. Right, is the same attic with walls and ceilings of pressed wood boards, and a serviceable floor of cushioned wood blocks laid over the original flooring.

## WIVES OUT OF JOBS

THE Electric Range has thrown the modern housewife out of the most tedious job ever invented—the eternal business of getting meals in a "boiler house" kitchen.

You, too, can say farewell to long hours of kitchen drudgery. Modern Electric cooking will bring you new freedom. No more hours of oven watching . . . automatic time and temperature controls do this for you. No more blackened pots and pans to scour . . . clean electric heat eliminates soot. No more blackened stoves or burners to scrub . . . electric heat is clean as electric light. No more guessing at cooking temperatures . . . electric heat can be regulated to any degree desired. No more waiting . . . a snap of a switch brings full intensity of heat.

Add to these advantages the new low prices and economies of operation—1c a meal per person—and you have all that could be desired for care-free cookery. That is why more than a million women have already changed to modern, automatic electric ranges. Why don't you?

## New Installation Policy

Installing charges in the past have been a barrier to some prospective electric range users.
