FORESTRY FORCE IS REDUCED

Chairman Carson Drops Employees as Economy Measure.

Chairman W. E. Carson announced Tuesday that a reorganization of the State Forestry Service would go into effect April 1, whereby five staff employees would be dropped in order to enable the Commission to operate within its reduced appropriation.

Those released from the State employ are A. S. Maddox, assistant forester; J. P. Pike, district forester; Prof. J. W. O'Byrne at V. P. I., O. R. Bellomy, nurseryman, and Miss Anita Glass, stenographer.

W. H. Stoneburner, having completed his work in the Shenandoah Park, will return to the Forestry Division and take the place vacated by R. S. Maddox.

The vacancy created by the release of J. P. Pike will be filled by District Forester J. P. Andrews, whose work will be absorbed by former State Forester Chapin Jones, who is now in charge of education and research, who may later be provided with an assistant on account of the fact that it is believed he may not be physically able to perform the duties of his new office.

WILL WORK FOR TAX CURTAIL

Following a discussion of the county school budget at the meeting of the Fairfax County Chamber of Commerce last Tuesday night those who favored a reduction of taxes launched a movement for the organization of a taxpayers league by calling a mass meeting of taxpayers to be held in the Court House at Fairfax Tuesday night, February 21, at 8 p.m. At this meeting those interested in economy and retrenchment in public expenses will be given an opportunity to form a county taxpayers league, as well as discuss and take appropriate action with regard to the county budget. This action of taxpayers was apparently precipitated by the announcement that the budget prepared by the School Board for the coming year showed an increase rather than a reduction, one notable item being the contemplated purchase of five new buses, no cut at all being provided for salaries of superintendent, teachers or other employees.

The salaries received by other county officials, as compared with the income of the farmer, who pays 85 per cent of the tax bill, was included in the discussion, and will be a prominent subject for the consideration of proposed Tax Payers League. The call for the proposed meeting next Tuesday night bore the signatures of R. Colton Lewis, H. F. Myers, Herbert Williams, B. R. Buckley and E. P. Kirby.

SKYLINE DRIVE TO BE COMPLETED

With the securing of a right-of-way toward proceeding on the construction of the Skyline Drive as soon as way through a large tract in Warren County, there is no legal impediment surveys are completed, officials said Tuesday. The right-of-way was secured Saturday through the lands of Rudasille Brothers, a distance of two miles in the proposed Shenandoah Park area. This secures the early construction of the parkway from Front Royal to the Page County line.

Engineers of the Federal Bureau of Public Roads have been engaged for several weeks in surveying the permanent lines for the parkway from its northern terminus at the southwestern boundary of Front Royal toward the Page County line. W. M. Austin, associate engineer, and head of the bureau, expects bids to be let about April 1, and work to begin on July 1.

"Original FRANKLIN D. ROOSEVELT, MARCH by Talbot" Again A Big Hit.

Wartime Hit of the Famous Second Division Revived.

The original Franklin D. Roosevelt March by Talbot will no doubt be one of the outstanding musical numbers rendered during the Inauguration as it is constantly gaining in popularity. The march dates back during those trying war days in France where American Troops marched into their respective sectors singing their stirring service songs among which was the famous HAIL, HAIL TO ROOSEVELT AND THE HELL FOR THE HEINEIS, sung by the men of the Second Division. The march was written by Gunner H. Talbot over fifteen years ago while he was a member of the O. E. F. It was written in a dugout in France following a visit made by Mr. Roosevelt in the front line when the Second Division was in action and it was at that time that Mr. Roosevelt, who was then Asst. Secretary of the Navy sent his message to Mr. Daniels commenting on his admiration for the fine work of the Division. His visit to the Division in the front line and his inspiring message which was read to the division were a big factor in winning the admiration and affection of the men and instilling in them a still greater fighting spirit for which they were reputed. A few days after his visit to the Division the song HAIL, HAIL FOR ROOSEVELT was being sung throughout the Division as it marched into its new fighting sectors and ever after on their hikes from place to place. The march is fiery, spirited and well written and

very suitable for street and parade work and is of the same high standard as the other marches written by Gunner Talbot. In the trio of the march the song HAIL, HAIL FOR ROOSEVELT is sung and is a real hiking song with very appropriate words. This march is also a mark of affection and an expression of sentiment from Mr. Roosevelt's old friends of the Second Division of which the Fourth Brigade Marines was part and which Brigade to this date takes a particular pride in having among its records the inspiring message of Mr. Roosevelt written about the Brigade at the front in France. Gunner Talbot is still in the Service and his march will serve again as a fitting tribute to the new Commander-in-Chief as it did years ago on the Battlefields of France. The Inaugural Committee has been furnished with copies of the march for both band and orchestra and a list of all the musical organizations which are to take part in the inaugural has been furnished by the Committee so that copies of the march will be in the possession of these musical organizations for the Inaugural. Among other marches written by Talbot are the General Fuller, General Butler, General Russell, General Feland, General Harry Lee, General Bradman, General Breckenridge, Colonel Lyman, University of Virginia, Georgetown University, Marine Corps Reserves and the Famous Studebaker March.

U. S. ROUNDS UP ANARCHISTS

A general roundup of anarchists along the Atlantic seaboard by the United States Secret Service was in prospect today as the result of the attempt upon the life of President-elect Roosevelt at Miami last night by Giuseppe Zangara.

Zangara has been identified as the member of an anarchist gang at Paterson, N. J., W. H. Moran, chief of the Secret Service revealed today, after a telephone conversation with his operatives in Florida. He said: "Zangara has definitely identified himself as an anarchist. His home and his association are in the East near New York city. The Eastern headquarters for the anarchist group is at Paterson, so it is logical to assume that he is affiliated there."

CHILDREN SING FOR KIWANIS

Arlington Man Is Welcome Visitor.

The Leachman troupe delightfully entertained the Kiwanis at the regular meeting last week. Bill always has them as a sure "ace-in-the-hole" to fall back on. As a cabaret group, together with Mrs. Leachman at the piano, the club continuously applauded while they were in action.

H. A. Whittle, of the Arlington club, was present, and spoke of a novel all-the-year-round interclub plan which had been inaugurated in Florida and which the Arlington club hoped to introduce into the Capitol district.

WILLIAM & MARY FACES DEFICIT

Historic College in Financial Difficulty.

Greatly reduced appropriations and inability of students to meet their usual obligations has placed historic William and Mary College at Williamsburg, Va., in a serious plight, according to a statement just issued by President J. A. C. Chandler.

William and Mary College is the second oldest college in the United States, only being antedated by Harvard. The Virginia institution was established in 1693. As late as 1919 the enrollment at William and Mary was only 132, according to press reports, but in 1932 the enrollment had increased to 2300, and the annual appropriation had increased from \$50,000 to \$250,000. The endowment of the college in 1919 was \$150,000, which has been increased to \$500,000, yielding an annual revenue of about \$30,000.

It was at William and Mary that George Washington studied surveying and here many of our greatest statesmen were educated, including Thomas Jefferson and Chief Justice Marshall.

Reduction of state appropriation, necessitated by the budget cuts, is given as one of the chief causes of the present financial difficulty, and it is stated that many other schools and colleges throughout the south, and elsewhere, are suffering a similar money crisis.

CIRCUIT COURT MATTERS

Soft drink licenses granted to Paul Keys, Dumfries, and L. F. Berry, Woodbridge.

Jail sentences of Samuel Thomas and Milton Winston (set by court on February 6) were suspended.

The case against Ralph Lining charged with assault on Reuben Randall continued to April term.

Elmer Waite was found "not guilty" of assault upon J. R. Randall (E. L. Herring, foreman).

E. R. Conner, C. C. Cloe and W. L. Sanders appointed jury commissioners.

Boston Shoemaker and Jenks Keys were each given a term of two years for breaking into hen house of Delaware Wright (A. E. McInteer, foreman of jury). Two similar charges were nolle prosequi.

John L. Williams was given a fine of \$5 and three months in jail for a prohibition misdemeanor.

C. A. Bryant was given a fine of \$100 and three months in jail and W. W. Mountjoy and Emery Lloyd were each given a fine of \$50 and one month in jail, all three being tried on prohibition charges.

The jury recommended leniency for Mountjoy which the court refused to grant.

HUGE ANIMALS

J. A. Swan, jr., shipped last week a Hereford bull weighing 1,800 pounds, for which he received three cents a pound. This is the largest animal shipped from Culpeper, so far as is known, for the past several years.

The largest hog ever shipped from Culpeper, says Owen Blankenbaker, who is in charge of weighing at the local stock yards, was a purebred Red Duroc, shipped by C. V. Burgess for Raymond Quantance, of near Woodville, this hog weighing 815 pounds. The price for this giant porcer was not in keeping with his size, being only one and one-half cents a pound. —Virginia Star.
