SENATOR SMITH TELLS OF ISSUES

Would Abolish Poll Tax and Cut Out Overlapping Activities.

Hon. W. Worth Smith, State Senator from Louisa County and candidate for Governor of Virginia, today issued the following statement as Section 2 and 3 of his campaign platform.

The statement is as follows:

School Teachers

"FIRST: There is one class of public servants in our State who are outstanding for the services rendered by them to the most people and for the most good, and these public servants are those who are charged with the education of the children of the State. I shall recommend to the General Assembly a fair compensation for these employees, based upon the services they render and the splendid results they have and will continue to obtain.

The Fee System.

"SECOND: One of the political issues that has been kept alive in Virginia for political purposes and directly in the teeth of good government is the fee system. I shall submit to the General Assembly a plan that will totally abolish the fee system without a loop-hole or a single instance of it remaining as a nucleus upon which the system might be rebuilt. I believe that every fee collected should be turned in to the State Treasury, free of strings and red tape, and that every officer of the State now embarrassed by the fee system should be placed upon a fair salary basis and that such salaries should be fixed by the local Boards of Supervisors in the counties and by the joint action of the Board of Aldermen and Councilmen in the cities, and that the compensation of such fee officers should be commensurate with the salaries of other people doing similar work.

Poll Tax.

"FIRST: I favor the abolition of the poll tax so far as a prerequisite to vote is concerned. The real test of the privilege to vote is the educational qualifications of the voter. Thousands of votes are thrown out at every election because the voter does not know how to mark his or her ticket. This old poll tax requirement is antiquated and as useless for good government as a pig's tail is for good pork. The poll tax rush, which takes place annually about the first of May, and is looked after, in many instances by the politicians, has reached the point where it has become a disgrace to our State, and the sooner we get rid of it the better chance the average man will have to enter the political field.

Absentee Ballot.

"SECOND: I favor repeal of the law that permits promiscuous voting by letter. The purpose of this law is good. The intention of the Legislature was honorable, but the abuse of the law is detestable, and this abuse should be corrected by repealing the absent voters law. I will consent to a law permitting voting by mail:

"(a) where the voter is sick in bed and furnishes a doctor's certificate;

"(b) Where the voter is employed out of the state;

"(c) Where the voter is located seventy-five miles or more distant from his precinct;

Provided, however, that in the case of "a" and "b" the affidavit be taken by the postmaster at the point of mailing seventy-five miles or more distant from the precinct so that the ballot may be secret and the elements of fraud eliminated. It is almost apparent upon its face that those who want the law for other purposes should justify their position.

"THIRD: I am convinced that the duplication of offices in the state of Virginia has reached the maximum, and that the taxpayer has become weary of paying salaries. I point out specifically that we have a sheriff, a game warden, a fire warden and the white fleet, the latter under control of the Motor Vehicle Department. By a consolidation of these offices the sheriffs of the counties, with additional compensation, could well fill the office of all four and possibly loaf half the time but if the people insist upon being taxed for these unnecessary offices it is their privilege, and they have no one to blame except themselves. If this be treason, and some will think so, I am guilty.

"Pay your poll tax and vote.

"W. WORTH SMITH, Jr. MAY 6.

HON. W. WORTH SMITH, State Senator from Louisa and Democratic Candidate for Governor of Virginia.

GOLDEN WEDDING A GLAD EVENT

Large Group Surprises Mr. and Mrs. J. J. Murphey.

The home of Mr. and Mrs. J. J. Murphey, Manassas, presented a gay and festive scene on Sunday, April 23, where many relatives and friends gathered to help them celebrate their fiftieth wedding anniversary.

Aunt Mattie and Uncle John, as they are lovingly called by many folks, attended church as usual Sunday morning, and preparations for the celebration, which was in the form of a surprise, went on in their absence.

Upon their return from church they were met by their guests and showered with good wishes and congratulations, and I heard a mocking bird singing in a tree nearby. I think he was singing "Here comes the bride." The happy pair were escorted to the parlor which was beautifully decorated with ferns, and pink and golden hued flowers. Nearby stood a table covered with wedding gifts.

After a short while, Mr. and Mrs. Murphey led the way into the dining room where a table loaded with delicious refreshments awaited them. In the center of the table reposed a beautifully decorated wedding cake with a lovely bride and groom in miniature standing near.

Sweet peas were the dining room flowers. After dinner there came for them the pleasant task of opening their presents. Gold money seems to be "out of the running" but the gifts of "green backs" and silver which amounted to \$55.00 was justly as gladly received as well as many other valuable and useful gifts.

Mr. and Mrs. Murphey also received telegrams, cards and letters from friends unable to be there.

Mr. Chris Meetze was called upon to make a speech and in a short but touching address he voiced the sentiments of Mr. and Mrs. Murphey's friends. They are filled with loving kindness and usefulness. They have the spirit of youth, and to look upon them is to lose the fear of growing old, and feel that every cloud has a silver lining.

The sun contributed his share of gold by smiling down all day, and little tots played about in golden colored frocks which fitted them and the occasion too. Quite a number of pictures were taken out on the lawn by Miss Ruth Lynn, Dr. H. L. Colvin and Mr. Jackson.

The following guests were present: Dr. and Mrs. E. M. Colvin, Dr. and Mrs. Lynn Colvin and son, Mr. and Mrs. Lacer and children, Ann and Norman, Miss Ruth Lynn, Miss Nan Colvin, Mrs. J. S. Lunsford, Misses Elsie and Hazel Lunsford, Dr. and Mrs. M. H. Colvin, Dr. and Mrs. E. Milburn Colvin, Messrs. Charles, John and Gordon Lunsford, Mrs. Laura Murphey, Mr. and Mrs. Jackson, Mr. and Mrs. Kenneth Lynn and children, Jean, Mary Ann and Bruce; Mrs. Wilson Lynn, Miss Anna and Mrs. A. T. Sides, Messrs. Donald and Albert Sides, Mrs. Amanda Staples, Miss Helen Patterson, Miss Ruth Luck, Miss Doris Staples, Master Jimmie Gorman, Miss Dorothy Beachley and Mr. Chris Meetze.

All days must come to an end and this seemed a perfect one to live on in the memories of the guests as they bid their host and hostess farewell and departed to their homes.

SMITH ACTS QUICKLY ON INSULT TO STATE

THE AMERICAN FLAG

The following questions, which are answered on the back page of this edition, complete the set of questions furnished by Prince William Post No. 158 of the American Legion of Manassas in a campaign of education on The American Flag.

Contest Rules

Any boy or girl enrolled in the high schools at Manassas, Nokesville, Occoquan, and Haymarket may compete in this contest.

The answers as printed in the paper will be considered as the scoring basis.

The examination will be held in each of the four high schools mentioned above on May 5.

The usual rules governing school examinations will be observed.

Papers will score on accuracy, neatness and legibility.

The winning paper as selected by the principal of each high school or his assistant shall be sent to R. C. Haydon, division superintendent, at Manassas.

Prince William Post No. 158 will place the winning papers in the hands of a committee of competent judges whose selection shall be final.

A prize of an American Flag will be presented by the Prince William Post of the American Legion to the winning high school, and a medal to the winning boy or girl representing the school.

38. Was The Flag of the United States flown over front line-troops during the World War? Over what

occupied territory was it flown after the Armistice?

39. What should be done by all spectators while The Flag of the United States is being hoisted or lowered?

40. How is a Flag correctly displayed on an automobile?

41. When a Flag is displayed flat against a wall, what should be the position of the union?

42. Should The Flag be lowered into a grave?

43. Since the passage of the national flag resolve, what presidents have issued executive orders affecting the proportions of The Flag?

44. What is the correct position for the mounted Flag on a speaker's platform?

45. When was the first National Flag Conference called? By what organization? Who was the first speaker?

46. Is it proper to drape or festoon The Flag?

47. Should portions of the air of The Star-Spangled Banner be interpolated in any melody?

48. When was The Flag of the United States first borne into a major engagement by the American Army?

49. Is it correct to place any object or emblem on or above The Flag of the United States?

50. What authority is there for the use of a yellow fringe on The Flag?

(Turn to the back page to find the answers).

HON. HOWARD W. SMITH, Representing the Eighth District of Virginia in the National Congress.

SCHOOL PATROL WORK STARTED

Inauguration Exercises Held Monday Morning.

The organization of the first school boy patrol unit in Prince William County was completed at the Manassas School on April 19 when Richard M. Ham, representative of the District of Columbia Division of the American Automobile from Washington, gave the twelve boys who were selected for this duty their final instructions.

At the request of the safety committee of the local American Legion Post No. 158, the A.A.A. agreed to organize and equip the patrol with the standard equipment furnished by the various units of this national motoring organization to more than 250,000 boys performing similar duty throughout the country. Mr. J. H. Stauff, of George D. Baker & Sons, is the chairman of the Legion's safety committee and along with Edgar Parrish, of the Manassas Ice and Fuel Co., a member of the committee and Herbert Carpenter, the Post commander, took an active interest in the establishment of the patrol.

Also actively supporting the movement were Mr. R. C. Haydon, superintendent of schools of Prince William County, Miss Osbourne, the principal of the school, and Constable Wallace. The active direction of the work of the patrol will be carried on by this group.

On Monday, April 24, the boys received the rain ponchos and hats, furnished by the A.A.A. and several pictures of the group were taken.

In a statement made in connection with the organization of the patrol, Mr. Ham complimented the Prince William Legion Post for its interest and activity in helping to bring about the organization of a patrol unit at the local school.

"As a result of the school boy patrol work throughout the nation," Mr. Ham pointed out, "the number of children injured and killed as a result of traffic accidents has actually been reduced during the past three years while the number of adults injured and killed has steadily increased.

"The local patrol unit," he explained, "has two primary functions. The first of these is to afford protection to children going to and from school and thus to prevent any traffic injuries or deaths to children attending their school.

"Its secondary function is to impress the children of the Manassas school daily with the importance of exercising care not only in going to and from school, but also in any other activities in which they may engage."

The Manassas patrol unit is starting out with the objective of preventing any traffic accidents to children attending school, not only for the present school term, but also for a period of years, for the patrol organization will be continued from year to year and reorganized at the beginning of each school term.

Impeachment of Boston Judge Ordered by Congress.

Governor Pollard Will Send Attorney-General to Appeal.

Insult to Virginia Arouses National Resentment.

Yesterday the United States Congress, by a vote of 209 to 150, passed the resolution introduced by Representative Howard W. Smith, of Virginia, calling for impeachment of Federal Judge James A. Lowell, of Boston, who released George Crawford on grounds that he could not be legally convicted of murder in Virginia because colored persons are not called for jury service.

In response to a nation-wide demand for the facts, Representative Smith addressed the country last night on a nation-wide radio hook-up. Speaking as a jurist of experience, the address, although brief, was so firm in character and complete in details, as to leave no doubt in the minds of the unseen audience, that Judge Smith, with the expressed backing of Congress, will push this impeachment to its logical conclusion.

After describing the murder of two women in their beds near Middleburg, Judge Smith pointed out that conclusive evidence indicated the guilt of the negro, who finally confessed to the double murder. After his arrest in Boston, he repudiated his confession under guidance of a Society for Advancement of the Colored Race. The Governor of Massachusetts finally signed his extradition to Virginia for trial, but upon appeal, the Federal Judge released him, stating among other remarkable comments, "that I don't have to keep on good terms with the Chief Justice of Virginia, because I don't have to see him. I'd rather be wrong on my law than give my sanction to legal nonsense."

Colored citizens are scarcely less agitated about the Crawford case than their white friends. Many colored residents of Loudoun County contributed to the reward offered for the arrest of Crawford. They point out that there is no disposition among the colored folks to serve on juries. They are not barred by any law in Virginia. They just have not been called, and if they were called for such service, the rights of both the defendants and plaintiffs to individual challenge would make it impossible to insure their service unless it were specifically required by law that negroes must serve, which would constitute a racial discrimination.

With Representative Howard Smith vigorously pushing impeachment of this Federal Judge, and Representative Woodrum seeking to cut off his salary from the appropriations it is likely that his experiment in stirring up racial unfriendliness may prove embarrassing to him. Judge Lowell, according to the resolution announced by Representative Smith, "has displayed a venom and prejudice unparalleled in the judicial history of this or any other country and has abdicated to himself the powers of dictatorship and ruthlessly trampled upon the laws of the Nation."

CIRCUIT COURT PROCEEDINGS

James Angell, of Triangle, given license to sell soft drinks.

J. H. Stauff appointed trustee for Manassas Presbyterian church vice F. R. Saunders whose term had expired.

Paul Woodyard was sentenced to eight years for highway robbery after entering a plea of guilty.

The case of Gerard Maloney against the Virginia Electric and Power Company for \$15,000 arising from damages sustained last August is still before the jury, the arguments being closed late this afternoon.

MARRIAGE RECORD

(This is the first marriage license issued to natives of the county since Feb. 18).

AUTO TAGS DUE SUNDAY

At midnight, Sunday, April 26, 1932 Virginia auto tags will die in order of the Commonwealth. New tags will be required on Monday.

CHICHESTER BEING URGED TO RUN

A concerted effort is being made here to persuade Hon. Dan M. Chichester to enter the contest for the House of Delegates. It is stated that a delegation of prominent Prince William County citizens journeyed to Stafford early this week and urged Mr. Chichester to be a candidate.

As the representative of Stafford and Prince William counties in the legislature during the sessions of 1928 and 1930 Mr. Chichester made a splendid record. He was one of the most active members of the committee on roads and internal navigation, and it was largely through his efforts that the Manassas-Dumfries road was taken into the state highway system and the walk-way built on the Falmouth bridge.

Mr. Chichester owns the "Glencairne" estate in Stafford, where he operates a large dairy and breeds registered Guernsey cattle. He is vice-president of the Virginia State Dairymen's Association. He is also a vice-president of the People's Bank of Stafford. During the presidential campaign last year he took a leading

part for the Democratic ticket, being the president of the Young Democratic Club of Stafford and chairman of the Veterans' Democratic League.

Hon. Geo. W. Herring of Woodbridge is the present representative in the House of Delegates, and it is understood he will be a candidate for re-election. Mr. Chichester defeated Mr. Herring for the legislature in 1927 by nearly a thousand majority. In 1929 he was re-elected without opposition, but declined to run in 1931, whereupon Mr. Herring was elected to the House over Arthur S. Boatwright. Mr. Chichester is very popular in both counties and his friends claim that if he enters the race he will poll a majority vote. It is said that while Mr. Chichester is noncommittal, there is reason to believe that he can be persuaded to become a candidate.

**GIBSON'S NEW PICTURE
SHOWS LOWDOWN ON
COWBOY CAPERS**

How they haze green cowboys is
graphically illustrated in "The Boil-
ing Point," Hoot Gibson's newest
starring picture at the Dixie Theatre
next Friday and Saturday, May 5-6.

When Hoot applies for a job,
Skeeter Bill Robbins and Billy Flet-
cher, thinking that he is a raw hand,
decide to give him the works. First
they put Hoot through a series of
back bending, muscle straining calis-
thenics. Hoot does everything which
he is ordered to do with more or less
clumsy ease. Then the two funsters
put him through the rudiments of a
cowboy's accomplishment. Asking
Hoot to build a loop, he looks for a
rope but none being handy, Skeeter
and Billy tell him to go through the
motions.

The horseplay is just about begin-
ning to get Hoot's goat and his hot
temper is about at boiling point,
ready to explode when Billy suggests
that they better see just how far he
can jump. That's just one too many
for Hoot. But, still thinking that he
is stalking to the real bosses of the
ranch, he decides that he had better
do as ordered. But before he can,
comes the explosion. Skeeter and
Billy see Lufe McKee, the real own-
er, approaching. Then Stubby de-
cides that a little more decorum is
needed. When Hoot finds out that he
has been tricked into making a clown
out of himself, he gives way to a
temperamental outburst that winds
up in a grand fistie melee.

THE NEW TOWN SEDAN

Greet another brilliant newcomer to the Chevrolet ranks: the Master Six Town Sedan, smartest, most colorful car ever to brighten the low-price field—and selling at the lowest figure ever placed on a model of this type—\$545, f. o. b. Flint, Michigan.

"Remember—in the old car, you always wanted the front window open, and I wanted it closed?"

"Yes—thank goodness for this Fisher Ventilation. Now everybody's satisfied."

"We have to have a pretty big car."

"Madam—those seats are the widest of any car in the low-price field, and you'll be surprised at the leg room, too."

CHEVROLET YOU'LL pay less for a Chevrolet than for any other six-cylinder closed car on the market. You'll spend less on it for gasoline and oil than you would on any other full-size automobile. You'll also spend less to keep a Chevrolet in first-class condition.

Then, in addition to saving all this money on a new Chevrolet, think how much better off you'll be in every other way. The worry you'll be spared!—driving a safe, reliable car, with new tires, new battery, a trouble-free chassis, and safety plate glass in the windshield and window ventilators. Think of the comfort and relaxation of riding in a restful Fisher Body car, powered by a smooth, quiet, six-cylinder engine, and equipped with Fisher No Draft Ventilation. Imagine the pride and satisfaction of owning one of the smartest and most attractive cars on the road today—the big, new Chevrolet Six.

HILL ADDRESSES LOCAL SCHOOL

Tells Pupils of Progress in Telephone History.

The students and faculty of the Manassas High School and a group of students from Swavelly School were given a lesson in telephony at an assembly Friday, April 21, by Edwin F. Hill, Washington, D. C., information director of the Chesapeake and Potomac Telephone Companies, who talked on "Extending the Voice Range by Telephone."

Virginia was one of the first states in the country to operate a telephone line. A private line system was operated as early as 1877 in Fredericksburg. An exchange was placed in operation in Richmond, April 1, Norfolk, May 1, and Lynchburg, August 15, 1879; and in Alexandria in 1880.

There are 85 central offices serving approximately 140,000 telephones operated by the Chesapeake and Potomac Telephone Company of Virginia. Manassas is one of 199 connecting company central offices in the state. These central offices serve 51,000 telephones, according to Mr. Hill. This makes a total of 191,000 telephones in the state served from 284 central offices. Telephone users served by the Chesapeake and Potomac Company last year made 330,000,000 calls.

In tracing the art of communication, which Mr. Hill said was never on a higher plane than now, it was disclosed that telephones in nearly fifty countries on six continents may now be interconnected. Enlarged charts reproduced from the current telephone almanac showing various phases of the telephone industry were displayed during the address. Among the interesting charts displayed was one showing the functions of the vacuum tube repeater, a development of the Bell Telephone Laboratories, which the speaker said, was largely responsible for the extension of telephone communication today.

Telephone communication, the speaker said, is now in its fifty-seventh year. The first conversation was held March 10, 1876, when Dr. Alexander Graham Bell, the inventor, and Thomas A. Watson, his assistant, spoke to each other over two crude telephone connected by thirty feet of wire. From these two instruments, Mr. Hill stated, has come the enormous network of communication lines serving more than 17,500,000 telephones in the United States, with communication possible 15,000 miles away. Telephone users in this country now make an average of 77,000,000 calls daily.

Development of the telephone was at first a slow process, according to Mr. Hill. People generally referred to the instrument as a toy and some predicted that it would never be of any commercial value, but Dr. Bell and Mr. Watson continued to give demonstrations and on October 9, 1876, connected two telephones to a telegraph line and carried on conversations between Boston and Cambridge, a distance of two miles.

This was the beginning of long distance telephone communication, Mr. Hill stated. Subsequently conversations were held between Boston and Lawrence, twenty-seven miles apart. In 1880 when there were only 30,872 telephones in the United States, conversations could only be held for a distance of forty-five miles.

New Haven, Conn., had the first telephone switchboard. It was placed in operation January 28, 1878. With the establishment of this central office, company records disclose, an impetus was given this form of communication with the result that by 1881 there were only nine cities of more than 10,000 population and only one with more than 15,000 people in the United States not served by a telephone exchange. Telephone communication now reaches 70,000 cities, towns and rural communities in this country.

"Long distance service as the term is now used was inaugurated between New York and Boston, 235 miles, March 27, 1884. Telephone communication was made possible between Washington, New York and Boston, December 31, 1885; Richmond and Norfolk, Va., October 4, 1897; Atlanta, Ga., in March, 1899; and New Orleans, La., in February 1900. Within a few years the principal cities of the country were connected by a network of long distance lines.

"As late as 1910 when there were 5,882,719 telephones owned or connected with the Bell system long distance was limited to approximately 1,000 miles. People in the east wanted to speak with those in the west, so engineers laid plans for the construction of a transcontinental line. With its construction New York was connected by telephone with Denver in 1911, and with Salt Lake City in

4-H CLUB NOTES

Miss Wilda Bourne, junior leader of Occoquan 4-H Club and member of the graduating class of Occoquan District High School, has been selected as one of the two 4-H club girls of Virginia to attend national 4-H club camp. This camp is held on monumental grounds in Washington each year. Each State is represented by four outstanding 4-H club members, two boys and two girls. Other representatives from the state have not been announced. The camp will be held June 15-21.

This unusual privilege and honor comes to Wilda because of her unselfish contribution to club work in her community in Prince William County. Two years ago Janet Russell, who was an Occoquan club member, attended Camp Vail.

Woodbine 4-H Club members are entering wholeheartedly in the dogwood planting campaign. At the meeting held on April 26 the follow-

ing boys and girls reported the planting of three dogwoods on their property: Evelyn and Violet Gallahan, Elizabeth Winfield, Gilbert Jones, Mollie Warren, Annie Mae Roles, Elton Beavers, George Duritz, Elwood Beavers. Very favorable reports on garden projects were made by all members of Woodbine 4-H Club.

The 4-H clothing project groups will study accessories for cotton street and party dresses. The following 4-H clothing project groups will meet:

Woodlawn at 11 o'clock on Monday, May 1, with Mrs. Robert Nelson assisting with project instruction.

Greenwich 4-H Club will meet Monday, May 1, at 2:30 o'clock.

Hayfield 4-H Club will meet Tuesday, May 2, at 11 o'clock.

Manassas 4-H Club will meet Tuesday, May 2, at 2 o'clock.

Haymarket 4-H Club will meet Wednesday, May 3, at 11:30 o'clock.

Mrs. John Sweeney and Miss Anne Mayhugh will assist with project instruction.

Bethel 4-H Club will meet Thursday, May 4, at 10:40 o'clock. Mrs. Eva Kidwell Garner will assist with project instruction.

THE YEAR-ROUND GARDEN CAMPAIGN

The enrollment period for the year-round garden campaign closes Saturday, April 29. Fifty-four women have enrolled in the campaign; the goal set was one hundred. Bethel Home Demonstration Group ranks highest in the number of enrollments secured; fourteen having been enrolled from Bethel-Woodbridge community. Nokesville comes second with thirteen enrollments and Haymarket third with ten enrollments.

Mrs. M. M. DeNicola and Mrs. C. Jellison have charge of garden enrollments for Bethel Home Demonstration Group. The following enrollments have been sent in by them since last publication of names: Mrs. J. Frank Taylor, Miss Althea Cheahire, Mrs. C. N. Snapp, Mrs. George Hedges, Mrs. Dewey Shaeffer.

BIDS WANTED

Sealed proposals will be received by the County School Board of Prince William County at the office of Supt. R. C. Haydon, Manassas, Va., until 10:30 a.m., Wednesday, May 3, 1933, for the erection of a school addition at Occoquan, Va.

Proposals will be publicly opened and read at the above mentioned hour and date.

Plans and specifications will be distributed by Division of School Buildings, State Department of Education, Richmond, Va., on deposit of \$15.00, which deposit will be returned to all unsuccessful bidders, provided the plans and specifications are returned in good condition within ten days after opening of bids.

A certified check in the amount of \$100.00 will be required of each General Contractor bidding.

The School Board reserves the right to reject any or all bids. By order of the County School Board of Prince William County this 20th day of April, 1933.

 BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

THERE IS NO DISCHARGE

There is no man that hath power over the spirit to retain the spirit; neither hath he power in the day of death; and there is no discharge in that war.—Ecclesiastes 8:8.

A MAN OF ACTION

A newspaper man remarked not long ago that Howard Smith was the smartest man in the Virginia delegation. A large number of Virginians think the same. Smith is a man of action and a tireless worker. He thinks it all out before he begins. While the nation was appalled at the decision of a federal judge and began to clamor, the quiet young jurist from the 8th district carried a motion through Congress to impeach the Massachusetts judge. And this will be done. When Smith took over the northern Virginia circuit he tackled a docket overflowing with old cases and he cleared it up in short order.

It is characteristic of Congressman Smith that he thinks and acts quickly and with few words. The measures that he has carried through Congress in the last three years have been measures that have helped his district. He wastes no time in meaningless oratory.

The thousands who heard his brief radio speech last night were deeply impressed by his clear-cut decision and earnest determination.

"That fellow will get what he goes after," remarked a listener.

His relative, "Extra Billy" Smith, for years in the United States Senate and a powerful governor of this State, carried all opposition before him with a sweep and Howard Smith is living up to the family traditions.

STATE B. Y. P. U. MEETS IN JULY

Baptist young people of the State will gather at Virginia Beach from July 5 to July 9 for the annual B. Y. P. U. convention. It was announced yesterday. One thousand delegates, with visitors from the 1,500 local organizations of the B. Y. P. U., are expected to attend.

The four-day program will include sermon, addresses, demonstrations, pageants, play, poster exhibits, sword drills, and special music.

CANST THOU BEAT IT?

Consider the editor! A child is born unto the wife of a merchant in town. The physician getteth 35 plunks. The editor writeth a stick and a half and telleth the multitude that the child tippeth the beam at nine pounds. Yea, he lieth even as a centurion. And the proud father giveth him a cigar.

Behold the young one groweth up and gradueth. And the editor putteth in the paper a swell piece. Yea, a pea h of a notice. He telleth of the wisdom of the young woman and of her exceedng comeliness. Like unto the roses of Sharon is she, and her gown is playd up to beat the band. And the dressmaker getteth two score and four-iron men. And the editor getteth a note of thanks from the sweet girl graduate. (Maybel)

And the daughter goeth on a journey. And the editor throweth himself on the story of the farewell party. It runneth a column solid. And the fair one remembereth him from afar with a picture postal card that costeth six for a jitney.

Behold, she returneth, and the youth of the town fall down and worship. She picketh one and lo, she picketh a lemon. But the editor calleth him one of our promising young men and getteth away with it. And they send unto the editor a bid to the wedding, and behold the bids are fashioned in a far city.

Flowery and long is the wedding notice which the editor printed. The minister getteth his bit.

The editor printeth a death notice, two columns of obituary, three lodge notices, a cubit of poetry and a card of thanks. And he forgetteth to read proof on the dead, and the darned thing cometh out "Gone to Her Last Roosting Place."

And all that are akin to the deceased jumpeth on the editor with exceeding great jumps. And they pulleth out their ads and cancellleth their subs, and they swing the hammer even unto the third and fourth generations.—Exchange.

Stresses Value of Efforts Among Children.

Good deeds have a greater value than dollars, Edwin F. Hill, Washington, D. C., governor of the Capital District, Kiwanis International, told the Manassas Club Friday, April 21. "Dollars with many people," he said, "are scarcer than they have been in the past, but the opportunity for good deeds is greater and Kiwanians recognizing this condition of affairs, are doing their duty in aiding those less fortunate than themselves."

Kiwanis, organized in 1915, is now paying its rent in service to nearly 1900 cities, towns and communities in the United States and Canada, and, according to the speaker, this service is never "past due."

The Kiwanis idea, Mr. Hill stated, is as old as humanity but the first record of a club organized along the same general lines was the "Good Times Club" of Annapolis Royal, Nova Scotia, which was in existence in 1606. Benjamin Franklin organized a similar type of club in Philadelphia in the latter part of the eighteenth century, with by-laws and classifications very much like Kiwanis and other present-day service clubs. Periodic meetings were held for the "fellowship and service the members could be to each other and to the community," according to the charter.

Kiwanis is an international organization by reason of there being clubs in the United States and Canada. The first Kiwanis Club was started at Detroit, but the germ of the idea seems to have originated in what is now Canada and spread here, Mr. Hill said, which is another reason to strengthen the bond between the two nations.

Present-day economic conditions, Mr. Hill said, have given Kiwanis clubs a greater opportunity for service than ever before. The underprivileged now cover a wide range—from infancy to old age. Kiwanis activities in the past included aid to underprivileged children. "While much good has been accomplished in this benevolent work," he said, "there is an urgent need for extending this activity to aid the strong who require a helping hand. A contributing factor to the distress of the world today is unemployment."

"If the members of each of the clubs could aid by word or deed in overcoming such conditions, even temporarily," Mr. Hill said, "they would be doing a real service to their communities."

"Normal boys and girls are in a receptive mood to have the sponsorship of organizations such as Kiwanis, and in this activity much can be accomplished. Every Kiwanis club that sponsors boys' and girls' scout troops, athletic groups, 4-H club work, or kindred activities is doing a real service for the community of which it is a part. Literally such interest is splendid, educational work in bettering citizenship."

"Citizenship today needs encouragement. Kiwanis clubs can further this interest by observing patriotic events, holding citizenship meetings, having members of the organization speak before schools and other gatherings on patriotic subjects, so that the youth of today, who will be the citizens of tomorrow may be thoroughly imbued with that intelligent, aggressive and serviceable citizenship which is the major objective of Kiwanis International."

"Vocational guidance in the few years since it was adopted as a major objective of Kiwanis has become a real accomplishment. Talks before school assemblies, to even wider audiences through the medium of the radio, and to individuals have given the youth of North America an opportunity to observe what others have done and are doing so that they may be better able to determine their own vocations in life."

"Rural and urban relations are now better understood than they were in the past. Certainly Kiwanis can take some credit for its interest and activities in bringing about this condition. Everywhere the friendly meetings held between club groups in cities and country sections have done much to further cement the good feelings that generally exist. With such a good start it is highly important that this activity increase. If the agricultural committee of every club would work closely in co-operation with the farmers of the community in which the club is located, arrange for frequent joint meetings and otherwise encourage a more friendly feeling, everyone would be greatly benefited and each club would increase the standing of its members in the minds of all citizens of the community."

"Interest in these activities," Mr. Hill stated, "will help to complete the Kiwanis quota of good deeds."

Charles W. Pimper, Washington;

T. G. Duggins, Alexandria, and Harold Whittle, Arlington County Kiwanis Clubs, were among the guests present.

CAROLE LOMBARD

Six years ago, a trim blonde girl answering to the name Carole Lombard walked into the Fox studios, took a screen test and walked out with a five-year contract.

Since that time, Carole Lombard has steadily risen in favor with movie fans, and, now at her peak, she appears with Clark Gable and Dorothy Mackall in Paramount's "No Man of Her Own," coming next Monday to the Dixie Theatre.

Carole, who is one of the few actresses who crashed filmdom without benefit of long, struggling years or a Broadway reputation, was temporarily halted in her starry career by an accident which kept her out of films for a considerable time. After her complete recovery, she became a bathing beauty on the Mack Sennett lot; then a free-lance, working in practically every studio in Hollywood. Her splendid work in "Safety in Numbers" and "Fast and Loose" led to a Paramount contract.

Miss Lombard is married to William Powell, was born in Ft. Wayne, Ind., is five feet, two inches in height, has blue eyes and golden hair. Her favorite pastimes are tennis, swimming and horseback riding.

NOKESVILLE

I want to return from oblivion long enough to tell you that the officers of the Brentsville District Community Association have arranged for another unusual program for Tuesday night, June 2.

The feature of the evening will be a number of songs by the Glee Club from the Manassas Industrial Institute.

Everybody who heard the excellent program of these songsters last year needs no second invitation to this musical treat.

Come out and bring the kids; or probably I should say, kids, come out and bring your parents. Everybody will enjoy this.

And if you will permit me to speak of business affairs, important community matters will be discussed and transacted as usual.

We invite especially our friends from out of the district.

CLIFTON

The Senior play of the Clifton High School, "The Red-Headed Step-Child," will be given in the school auditorium Friday and Saturday, April 28 and 29.

Mrs. J. M. Ford and Mrs. Van Ness of Washington visited their brother, Mr. G. B. Wright, last week.

Mrs. J. M. Twigg, who has been the guest of her mother, Mrs. R. R. Buckley, has returned to her home in Cumberland.

Mrs. Delia Wood was taken suddenly ill last week but is much improved at this time.

Mrs. George Kincheloe, Mrs. M. W. Davis and Mrs. Winfield Clinton were Washington shoppers last week.

Mr. and Mrs. George A. Watts motored to Washington last Saturday. Mr. and Mrs. C. E. Nash of Manassas were guests of Mr. W. E. Merchant and daughter, Miss Nancy Merchant, last week.

Miss Eva Bladen of Washington was the guest of Mrs. Nannie K. Johnson last Sunday.

Mrs. Ruth Pyles, accompanied by Miss Mary Elizabeth Johnson, motored to Washington last Saturday.

Mrs. Jennie Mitchell entertained some friends at dinner last Sunday.

Mr. Sam Detwiler, Jr., of Philadelphia has returned home after a visit to his parents, Mr. and Mrs. S. H. Detwiler.

BETHLEHEM G. H. CLUB

Bethlehem Good Housekeepers Club held the April meeting with Mrs. Boteler, Mrs. Hutchison assistant hostess. Our new member, Mrs. John Lyons, was with us for the first time. Visitors were Mrs. Lynch, Mrs. S. T. Weir, Mrs. Byrd.

The club will plant three dogwood trees on school grounds. The National Red Cross has sent 800 yards of goods to be made into garments for those who are in need of clothing.

Mrs. Washington read "The Sweet Presence of a Good Diffused," the choir invisible by George Eliot. It was in connection with the student loan fund which has been so beneficial in educating young women.

The 20th being Mrs. Round's birthday, the club presented her with a fountain pen which was graciously received with words of thanks. Solo, The Holy City, by Mrs. Hatcher; solo, The Conqueror, by Coombs, Mrs. Logan, accompanist Mrs. Parler. Romance by Sibelius played by Mrs. Parler. Adjourned for the social hour. All regretted the absence of Mrs. Hodge.

PONTIAC

The ECONOMY STRAIGHT EIGHT

\$585 AND UP, F. O. B. PONTIAC

... brings qualities that are NEW to the low price field

Pontiac has brought entirely new standards of performance and economy to the low price field. Here's a car—a big Straight Eight—that does not even resemble the \$585 car of yesterday!

Pontiac is big, and it rides and drives as only a big, well-balanced car can. The wheelbase is 115 inches, the curb weight (4-door Sedan) is 3265 pounds. New bodies by Fisher are roomier, more luxurious; seats are wider and deeper and more comfortable. New Fisher No Draft Ventilation, individually controlled, makes summer driving cool and pleasant.

Pontiac's modern Straight Eight incorporates the latest development in engine mounting—the five-point rubber cushioning that removes every trace of vibration! 77 horsepower; 78 real miles an hour. Yet Pontiac's modern Straight Eight engine is so efficient that it costs no more to operate than many smaller cars.

Come in for a demonstration. Then you'll agree that Pontiac is the outstanding car in the low price field.

PEOPLE WHO LIVE IN GLASS HOUSES SHOULD READ LIPS

Miriam Jordan actually took to lip-reading on a wager that by that means she would know what people were saying about her.

It came about after she had spent some weeks in a glass cage at the Wembley Exposition in London where she was on display as the prize beauty of the Empire. She couldn't hear a word but gradually she learned to read the lips of those who came to see her.

Miss Jordan has the role of a girl detective in "Dangerously Yours," her latest Fox production in which Warner Baxter is starred. It is to be seen at the Dixie Theatre next Wednesday and Thursday.

Easter Lilies Are Blooming In Quaint Bermuda Gardens

EASTER lilies are now in full bloom in Bermuda and the whole country is a great checker-board of white fields against verdant patches of native cedar. The oleanders are also now in bloom, winding in seemingly endless pink hedges across the landscape. In recent years lily perfume has been made on the islands, and feminine visitors may carry back fitting remembrances of Bermuda's charm at Eastertide.

Because of the great beauty of Bermuda at this time of the year, it has become very popular as an Easter resort for families. Children are out of school a week or two, and when they vacation in Bermuda basking in the warm sun and bathing in the invigorating waters, they return to school with new vitality to take up their studies.

A Typical Lily Field in Bermuda.

HISTORY OF MARYLAND AND VIRGINIA MILK PRO- DUCERS ASSOCIATION

As early as 1907 there was an association of some of the milk producers supplying the Washington market which was called "The Milk Producers Association of Maryland, Virginia and the District of Columbia." In those days the organization had no paid officer or manager and amounted to little more than an occasional general meeting for the purpose of some united effort toward raising the price of milk or an occasional indignation meeting when the price was reduced.

In 1920, the organization was incorporated, employed a manager who signed up a large number of producers on a membership contract with a brokerage of one-fifth cent per gallon, and actually undertook the marketing of the milk of these members. On July 1, 1921, the brokerage was increased to one cent per gallon and on August 1, the association opened in Washington a surplus plant which was leased and which had been equipped at a cost of \$45,000, obtained in the form of loans from members of the organization.

In 1923, a second surplus plant was built and opened in Frederick, Md., and during the year 1924 the association handled an average of 7,500 gallons of milk per day thru the two surplus plants.

On March 1, 1924, a basic and surplus plan of payment for milk was adopted on the Washington market. On April 1, 1927, an agreement was reached between the dealers and the association whereby the dealers accepted the responsibility of handling all of the surplus milk on the market and the two surplus plants were closed and later disposed of.

The amount of milk marketed by the association has increased from 8,551,857 gallons in 1925 to 22,085,874 in 1932, or a little more than two and a half times as much as was marketed in 1925.

HAYMARKET

Mr. H. G. Herrell of Haymarket, who has been a patient at the Warrenton Hospital for over two weeks, is slowly improving.

The dance given by the Bull Run Grange on Friday, April 21, was very much enjoyed by all who were present.

Miss Sally Massie spent the past week end in Washington.

Mrs. W. M. Foley spent the Easter holidays at her home in Loudoun.

A three-act comedy entitled "The Heart of Jane," will be presented by the senior class of the Haymarket High School in the parish hall, on April 28, at 8 p.m. A musical program also will be presented between the acts by Mrs. Amphlett and Miss Eskridge.

The pupils of the Haymarket High School have begun practicing their commencement music, with Miss Eskridge, a member of the faculty, and Mrs. A. W. Amphlett in charge. Elizabeth Harrover was elected chairman of the third-year current events class for Monday, May 1.

Virginia Percy, a third-year student of the Haymarket School, was the week-end guest of Roberta Payne.

The Haymarket town team defeated the Fairview boys at baseball on Sunday, April 23, with a score of 25-2.

The Community League held its monthly meeting on April 26 at the school building at which time an interesting program was presented by the primary and elementary grades.

TO THE PATRIOTIC WOMEN OF VIRGINIA:

Do you wish to have a say in the control of liquor? Do you desire cleaner government? Do you want in our legislature able men with the interests of the public at heart—not mere self-seeking politicians?

If so, PAY YOUR POLL TAX. Pay it before May 6 or it will be too late. And induce your friends to do the same. If you fail to do this, you will be in the class with "idiots, criminals and children." They can't vote—have no voice in the affairs of their State—and neither can you unless your poll tax is paid by the 6th of May. You can register any time before the day of the primaries in August, but unless your poll tax is paid by May 6, you won't be able to vote. Do it today.

M. N. KEITH,
State Chairman W.O.N.P.R.

1913. The Atlantic and Pacific coasts, 3,650 miles apart, were connected by telephone, January 25, 1915, when users of the service in Washington, Boston, New York and San Francisco talked with each other. Subsequently two additional transcontinental lines were built on which circuits have been added from time to time.

"Transatlantic radio telephone service, which brought the Old World and the new closer together, was inaugurated January 7, 1927. Subsequently telephones in the leading countries in Europe, Australia, the Islands of Java, and Sumatra were brought within reach of those of the Bell system. Also connections have been established with seven South American countries, several Central American countries, Bermuda and the Hawaiian and Philippine Islands. The connection to Honolulu was the first bridging of the Pacific Ocean by telephone.

"Ship-to-shore telephone service was established in 1929. Today many of the transatlantic liners are equipped for this service."

CHILD HEALTH DAY

By the President of the United States of America
A PROCLAMATION

WHEREAS, the Congress by joint resolution has authorized and requested the President of the United States of America to proclaim annually that May Day is Child Health Day; and

WHEREAS, the health and welfare of our children concern not only their parents, but also the nation at large; and

WHEREAS, the observance of such a day gives us opportunity to unite in furthering the health and protection of our children; now,

THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby designate May first of this year as Child Health Day, and call upon all agencies, public and private, and all individuals having the interest of children at heart, to set aside that day for earnest consideration of the needs of the children in their communities, and in their homes, and to inaugurate constructive activities to protect and promote the health and physical vigor of the youth of our nation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 31st day of March, in the year of our Lord 1933, and of the United States of America the 157th.

FRANKLIN D. ROOSEVELT.

By the President:

Cordell Hull, Secretary of State.

THE GOVERNOR'S STATEMENT TO THE PEOPLE OF VIRGINIA

The National Slogan for this year's Child Health Day, "Mothers and Babies First," has a special appeal in these times of acute economic depression, because every thoughtful citizen must realize that the surest basis of hope for the future rests upon the health and character of our future citizens, the children of the State. Medical science has demonstrated that the laying of the foundation for good health and personal efficiency in adult life must begin in the prenatal period and be intelligently built through the infant, preschool and school ages.

I therefore urge that on Child Health Day special consideration be given to the carrying out in practice the following ideals: That every child have right care from birth; that every expectant mother have such guidance as will render child-bearing safer; that every community protect its children against physical dangers and moral hazards, and that these facilities be available to the rural mothers and children as well as to the city mothers and children.

JNO. GARLAND POLLARD,
Governor of Virginia.

April 19, 1933.

ATTENTION, VOTERS

Attention of the voters of Prince William County is called to the law requiring the payment of poll tax six months prior to the November election as a prerequisite to the right to vote. The last date on which such tax can be paid to enable one to vote in the coming primary and general election is May 6, following. Voters should ascertain whether or not their capitation taxes for the years 1930 and 1931 are paid, provided they were assessable for those years.

C. A. SINCLAIR, Treasurer.
