

PREVENT FOREST FIRES

We are approaching the worst forest fire season! Watch where you throw cigarettes! Be careful about setting fires where they may get beyond control!

The Manassas Journal

CLEAN UP! PAINT UP!

Now is the time to make the home neat and attractive for the summer. Home improvement will help relieve unemployment. Help yourself and the other fellow!

MANASSAS, VIRGINIA

THURSDAY, MAY 4, 1933

SUBSCRIPTION \$1.50 A YEAR

U. D. C. PLANTS DOGWOOD TREES

Exercises Held in Honor of Prince William Cavalry.

On Wednesday afternoon a group of Daughters of the Confederacy and friends assembled on the courthouse lawn to carry out the mandate of the state president, Miss Mann, that each chapter should assume the responsibility of planting three dogwood trees, an undertaking which is holding the attention and interest of clubs and organizations throughout the state.

The president, Mrs. Robert Hutchison, presided, and requested Mr. Ledman to open the exercises with prayer. A song by several high school students followed which met with applause.

The Rev. Murray Taylor presented the trees with a pleasing address paying a special tribute to the Prince William Cavalry in whose memory the trees were planted. In behalf of the Board of Supervisors Mr. George C. Tyler accepted them with brief but well-chosen words.

Much regret was expressed that Mr. Robert Cushing, the only surviving member of the Prince William Cavalry, whose attendance would have added much interest to this occasion, could not be present on account of illness. Mr. Cushing enlisted when a mere boy and was known as a brave and gallant soldier.

A poem, Planting of Trees, was read by Miss Virginia Conner whose clear enunciation and sweet voice lent special interest to her reading.

The old and oft repeated song, Dixie, was sung by all, after which Rev. Murray Taylor dismissed the crowd with the benediction.

Among those out of town who attended these exercises were Misses Maude, Jennie and Mildred Ewell and Miss Adeline Tyler from Haymarket.

GARDEN CLUB ON PILGRIMAGE

On Monday, May 1, the Garden Section of the Manassas Woman's Club departed from its usual type of meeting and made instead a pilgrimage to Washington, D. C., visiting first the cherry blossoms and pansy beds in Potomac Park, from there to the Franciscan Monastery in Brookland, D. C. Here the visitors spent several hours, viewing and admiring one of the most gorgeous and beautiful rock gardens in this section, thence to the Bishop's Garden in the National Cathedral on Mount St. Albans, where it was their privilege and pleasure to see the Glastonberry thorns and a wonderful display of box-bushes, gathered from all parts of the world.

Those making the trip were Mrs. Robert Smith, Mrs. C. W. Dalton, Miss Jane Haydon, Mrs. Ewell Merchant, Mrs. Margaret Lewis, Mrs. T. J. Broadus, Mrs. Ayleene Guthrie, Mrs. Harvey Steele, Miss Margaret Lynch, Mrs. W. L. Lloyd.

MRS. SPIES ENTER.

TAINS THE W. C. T. U.

Several points brought out at the April meeting of the W.C.T.U. held at the home of Mrs. Spies were emphasized. All members were reminded to pay their poll tax before May 6 so as to be qualified to vote in the coming elections. A call for donations of articles of gold or silver—old watches, spectacles, etc.—that are no longer of use, to be turned in to the W.C.T.U.

The Union was gratified to know there were papers who refuse to carry beer advertisements. Steps are being taken to secure a speaker of note to come to Manassas in the near future.

The meeting closed with the aaronic benediction to meet in May with Mrs. Ledman.

RECITAL

Miss Janet Trusler will appear in her graduating recital at Marjorie Webster School on May 7 at 4 p.m. She will present scenes from Romances by Rostand.

MARRIAGE RECORD

May 2—James M. Barbee and Dorothy Marie Posey, both of Manassas.

Colored

May 2—John L. Williams and Blanche Fitzhugh, of Washington.

ANOTHER OLD VETERAN ANSWERS LAST ROLL CALL

John S. Gibson, a veteran of the War Between the States and for many years a resident of Manassas, died Wednesday evening after a short illness at the home of Mr. Frank Peters with whom he had resided for some months.

Remains were taken to Charlestown, W. Va., for burial.

This old soldier was well known and beloved by a score of friends in and around Manassas, all of whom extend their sympathy to his family.

DAIRY FESTIVAL SPELLING BEE

Committee to Sponsor Unique Entertainment.

A spelling bee, with other unique features of entertainment, will be sponsored by ladies of the Dairy Festival Hospitality Committee on Friday, May 12, at the auditorium of the Manassas High School.

A prize of \$5 will be awarded the winner of the spelling contest, either individual or organization. All who are interested in having a good time and assisting in promoting the Dairy Festival and covering the balance of the 1932 deficit are cordially urged to keep this date in mind and patronize the event.

More details will be published next week.

SCHOOL PROGRAM FOR SATURDAY

EXHIBITS FOR 1932-1933

The constructional part of the units worked up by the teachers of Prince William County will be on exhibit in the Manassas High School gymnasium on Friday, May 5, and Saturday, May 6. There is an exhibit from every school and every teacher. Each child has had a part in this work. The patrons and friends are invited and urged to see this exhibit and find out just what the children have been doing in the schools this year.

The gymnasium doors will be opened at 9 a.m. and closed at 3:30 p.m.

MRS. SHUMATE RESIGNS POST

Retires from School Board After Efficient Service.

The County School Board met yesterday with all members present except Mrs. Shumate.

No bid on work on Occoquan School was accepted. Prof. Haydon, together with Messrs. Lynn and Lloyd, was empowered to proceed with the work with the idea of getting it done cheaper, even if plans are altered.

It was noted that folding chairs had been ordered for Dumfries School.

Bids were received from several contractors on supplies and repair work at Bennett School. No action was taken, the matter being again referred to the committee on repairs and improvements.

Sale of Fayman School finally completed.

Frank Gue and Son were awarded a contract to install a drinking fountain at Bennett School.

The purchase of two new bus bodies was authorized.

A number of applications as bus drivers were received. Sixteen were elected, subject to acceptance of contracts. A number of the drivers will have different routes next season.

High school janitors were elected. Mrs. Annie Shumate resigned as trustee, and resolutions were adopted regretting the same.

Miss Marion Wells was reelected as textbook agent and secretary to the superintendent.

Board adjourned to meet again on June 7.

HOG FARM TROUBLES

At a meeting of the Fairfax County Board of Supervisors yesterday considerable friction is said to have developed over enforcement of hog farm regulations. Both the sheriff and the Commonwealth's Attorney declined to initiate action against violators.

PROGRESS OF THE NEW DEAL

Seven of President Roosevelt's Recovery Measures have become law within two months and seven additional bills are before Congress for consideration.

No such progress has ever before been attained by the national legislature and no such revolutionary measures have ever before represented the majority view of our people.

The "New Deal" means a square deal for the masses as distinguished from the previous governmental solicitude for favored classes.

The basic differences between Democracy and Republicanism are more clearly defined in this legislative program than ever before in the country's history. They speak for themselves, and their merits are clearly demonstrated by the bitter onslaught which is being waged by irreconcilable Republicans, who are being permitted to orate at length before the overwhelming Democratic majority crushes them flat.

The measures already passed are:

1. The Banking Act, giving the President extraordinary powers over the Nation's banking system.
2. The Economy Act, slashing governmental expenditures through cuts in salaries and elimination of thousands from the pay rolls.
3. The Bankruptcy Act, permitting debtors and creditors to adjust differences without forcing business firms to suspend.
4. The Beer Bill, legalizing 3.2 in District of Columbia and in States where local laws do not conflict.
5. Eighteenth Amendment Repeal, amending federal constitution to permit States to decide liquor question.
6. Reorganization Bill, giving the President authority to wipe out useless bureaus and to consolidate and coordinate governmental activities.
7. Reforestation Act, providing work for unmarried men in the Civilian Conservation Corps in national forests and on other federal projects.

The measures now under consideration are:

8. General Farm Relief, assisting farmers to lift mortgages and to inflate currency values.
 9. Home Mortgage Relief, providing loans to city and town home-owners on homes not exceeding \$10,000 in value.
 10. Mussel Shoals Bill, creating the Tennessee Valley Authority to develop electric power, water transportation, flood control and reforestation.
 11. Banking Reform Measure, guaranteeing by insurance all deposits in Federal Reserve Banks.
 12. Wagner Relief Bill, permitting the R. F. C. to distribute \$500,000,000 to States and municipalities.
 13. Securities Bill, to regulate sale of stocks and bonds to protect the investing public from fraud.
 14. The Railroad Bill, consolidating the nation's railroads into a unified system, preventing duplications and introducing economy.
- There are also other proposals, such as a Public Works Bill, designed to relieve unemployment by federal construction and the Thirty-Hour Week Bill, establishing a minimum wage and controlling production, a measure which does not have unqualified Administration support and which may not be passed.

JUDGES ANNOUNCED FOR AMERICAN FLAG CONTEST

Examinations are being held in the four county high schools on May 5 to determine the winner of the American Flag contest which is being held by Prince William Post No. 158 of the American Legion. A handsome silver medal will be awarded the winning boy or girl, and an American flag will be given to the high school to which the student belongs.

The local Post is fortunate in securing Homer K. Bowen, chairman of the Virginia Department Americanism Committee, of Wytheville; Hugh T. Williams, chairman of the National Americanism Commission, of Danville, and W. Glenn Elliott, Department Adjutant, of Richmond, to serve as judges for the contest.

CIRCUIT COURT PROCEEDINGS

M. M. Ellis, J. T. Broadus and J. A. Vetter were appointed trustees of Manassas Fire Department.

B. G. Robinson was given a certificate of good character.

Irvin Masters and wife asked permission to adopt Jean Clearwater.

George Hawkins and wife were permitted to adopt Annie Johnson.

Gerard Maloney was given \$7500 damages against Virginia Electric and Power Co.

C. R. C. Johnson qualified as a notary public.

LUNCHEON FOR GUILD

On Tuesday last Mrs. G. R. Ratcliffe, assisted by several ladies of the Guild, entertained the Guild of Trinity church at a beautifully-appointed luncheon at her home.

TRINKLE HEADS

CHILDREN'S AID

Former Governor E. Lee Trinkle is heading a campaign throughout Virginia in behalf of homeless children. The campaign will extend from May 1 to May 15. The committees hope to raise \$75,000 to care for 1000 homeless children.

The Children's Home Society has done a notable work in Virginia and receives co-operation from Sunday schools and many welfare associations.

In Prince William County there are now 11 children under care of the Society. Among those assisting in this county in furthering the work are: Manassas, Mrs. J. A. Delaney, chairman; Mrs. Ruby R. Haydon, assistant chairman; Mrs. A. R. Guthrie, publicity; Judge Wheatley Johnson, Robert A. Hutchison, R. C. Haydon, Frank Sigman, Rev. A. S. Gibson, Fred Hynson; Haymarket, Miss Mary Heineken; Dumfries, Mrs. Christine Abel; Quantico, Mrs. Frank McInteer.

PAY YOUR POLL TAX BY MAY 6.

DAIRY FESTIVAL NOTICE

Call Meeting at Manassas Town Hall Tuesday, May 9, 7:30 P. M.

We want you to read the excerpts from various sources that have come to us showing what OTHER PEOPLE THINK OF THE DAIRY FESTIVAL. This is not only a call to the dairymen of Prince William County but to every citizen who is interested in the future of the county and we feel that this includes all of us.

This is not somebody else's business; this is your business; every citizen of Prince William County and you can not shirk your duty and be happy and fair with yourself.

Come out; meet with us; give us your help both in your presence and your ideas. It is your meeting. Do not fail to be present.

R. S. HYNSON, Pres.

IMPORTANT MEETING OF GAME ASSOCIATION

A meeting of the Prince William Fish and Game Association will be held in the Town Hall, Manassas, next Tuesday night, May 9, at 8 o'clock. All who are interested and the propagation and protection of fish and game are urged to be present. Detailed information can be secured from the president, Mr. M. M. Ellis, or the secretary, Mr. R. W. Adamson.

MUSSEL SHOALS EXPLAINED

Kiwanis Club Hears Lecture by Journal Editor.

The Tennessee Valley Authority, better known as the Mussel Shoals Project, was the subject of an illustrated lecture by Mr. W. H. Lamb, editor of The Manassas Journal, at the Kiwanis Club meeting last Friday night.

Through courtesy of the University of Virginia and the Federal Government, illustrated slides were shown depicting the various forest types and scenery of the great Tennessee Valley, which is unlike any other watershed in the United States and particularly adaptable to the great project sponsored by President Roosevelt.

It was explained that the Tennessee Valley was one of the four great power sites capable of supplying electricity for the entire United States, the others being the St. Lawrence River, the Colorado River and the Columbia River.

The history of the present project was traced from its beginning as a war measure for national defense. The fight that big business has made and which culminated in Presidential vetoes by both Coolidge and Hoover was explained and much detailed information given on the electric power, fertilizer, water transportation, reforestation and flood control aspects of the great development now to be known as the Tennessee Valley Authority.

ATTENDING GRAND CHAPTER SESSION OF EASTERN STAR

Wimodausis Chapter, the Eastern Star Chapter of this place, will be well represented at the grand chapter session which will be held in the new George Washington Memorial at Alexandria, Va., next week. Mrs. Margaret Broadus and Miss Lula Arey of this place have been chosen as pages from this chapter while Mrs. Frank P. Browning and Miss Sara Donohue have been chosen as ushers from this chapter. Mrs. J. L. Bushong also of the local chapter is a member of the credential committee of the grand chapter. The delegates to attend the session are Mrs. Bessie Wenrich, the worthy matron; Mr. Cyril Wade-Dalton, the worthy patron, and Mrs. Nina Wade-Dalton, and Mr. Paul Cooksey.

The chapter is, indeed, fortunate to have such a splendid representation at the grand chapter session. It is expected that many of the members of the local chapter will attend the sessions.

CONTESTANTS GIVEN RIBBONS AT THE BENNETT SCHOOL

On April 25 at the regular league meeting the following boys and girls were awarded ribbons for showing the greatest improvement in writing and composition work. There was a blue and yellow ribbon for every grade in each room.

Writing — blue ribbon: Della Lloyd, Oden Breeden, Warren Clemen, Frank Papa, Jean Coverstone, Frank Parrish, Marie Bauserman, Marion Collins, Annie Cebula, Lucy Morris, Madge Wheaton. Yellow ribbon: Earl Mock, Fannie Turner, Billy Mock, Gloria Ann Herndon, Myrtle Jackson, Nancy Leachman, Elizabeth Miller, Emma Lee Alexander, Ruby Compton, Lucy Johnson, Annie Lee Brown.

Composition — blue ribbon: Louise King, Dicky Haydon, Marie Bauserman, Vivian Cornwell, Elaine Alpaugh, Lucy Morris, Madge Wheaton. Yellow ribbon: Tomyne Monaghan, Virginia Pullen, Cora Lee Cockerell, Emma Colburn, Betty Collins, Lucy Johnson, Herbert Burke.

DECLINES TO ACT

Governor Pollard has stated in reply to recent demands that he will not call a special session of the General Assembly to legalize beer.

GRAND MASTER IN MANASSAS

Masons Enjoy Visitation from Highest Official.

Manassas Lodge No. 182, Ancient Free and Accepted Masons of Manassas, held a special communication on Tuesday night, at which time the Grand Master of Masons in Virginia, J. C. Padgett, of Independence, Va., made a visitation to the local lodge.

Another distinguished Mason present was Past Grand Master Harry K. Green, of Clarendon. Among the surrounding lodges represented were those of Clifton Station, Occoquan, Herndon and Clarendon.

Interesting talks were made on Masonic subjects and refreshments were served by ladies of the Eastern Star.

LOCAL BALL TEAM MAKING PROGRESS

Large Squad Taking Workouts; Games Being Scheduled with Outside Teams.

The Manassas Athletic Club baseball team, under the management of Bob Adamson, has been working out for the past two weeks on the Manassas High School diamond. A squad of about thirty men are trying out for places on the team.

Manager Adamson, who is being assisted in the coaching of the team by Doug Merchant, is most enthusiastic over the prospects for a good team, although he is still worried somewhat over a dearth of good pitching material. Candidates for this position in particular are still being sought. Of course, material for all positions is still wanted. No definite squad has yet been drawn.

The merchants and individuals of the town are responding generously in supporting the team. Most of the suits for the team are being donated by these persons. The suits will probably be here in about a week or ten days.

Games are now being arranged with outside teams and the team will probably swing into full stride within the next few weeks. Games with some first-class opposition are planned for the summer.

The team played its first game of the season last Sunday on the local field when they downed the local high school team by a 13-10 score. Both teams displayed some very good baseball and the only advantage of the town team appeared in the advantage of the greater age and experience of its members. A return game will probably be played at some time in the near future.

M. H. S. DEFEATS OCCOQUAN, 15-3

Last Monday the Manassas team visited Occoquan to play the third county game. It was an easy victory for Manassas. Bradshaw, pitcher for Manassas, struck out 18 men. White, catcher, played an excellent game. Albright made the one home run.

INTERPRETATIVE RECITAL

Miss Frances Brunt appeared in an interpretative recital, at Marjorie Webster School of Washington, D. C., on the afternoon of April 30. This is Miss Brunt's third year in the School of Speech, and her interpretations of many characters was marked by finished technique, and definite appeal to her audience. We predict for her continued success.

Commander.

BAPTIST SUNDAY
SCHOOL UNION MEETS

The Piedmont District Baptist
Christian Workers Union embracing
the Manassas District Sunday School
Union, met with the Manassas Indus-
trial School Saturday and Sunday,
April 29 and 30.

On Saturday the first session open-
ed at 11 a.m., with Rev. P. G. Berry,
presiding. After devotionals, the
business session was held, at the con-
clusion of which luncheon followed.
At 2 p.m.: Rev. J. P. Nichols led on
"The Mental Power of Man." The
speaker held that the development of
mental power was due to environ-
ment. The forum discussion that fol-
lowed included Rev. A. H. S. John-
son and Prof. C. N. Bennett who held
that heredity was a reckoning factor
along with environment. The col-
lection and benediction followed after
which adjournment was made. At 7
p.m. the discussion on "Predestina-
tion" was led by Rev. A. H. S. John-
son. An open forum followed, after
which the Choral Club of the Manas-
sas Industrial School rendered selec-
tions.

The Sunday session began at 10
a.m. at which time the Sunday school
lesson was led by Mrs. P. G. Berry
and Mr. Allen Williams. Welcome ad-
dress was given by Prof. George F.
Dudley. The remainder of the pro-
gram consisted of the response by
Rev. Newman, minutes of last meet-
ing, introduction of visitors and ap-
pointment of committees. Rev. New-
man preached the Sunday morning
sermon, after which the Humming
Bird Trio of Brightwood, D. C., sang.
At 2:30 p.m. the moderator, Rev. P.
G. Berry, called the afternoon ses-
sion. The quartette of the school ren-
dered several selections followed by
readings, recitations, etc. The ad-
dress on "The Baptist in our His-
tory," was given by Prof. C. N. Ben-
nett. The Choral Club rendered sev-
eral spirituals. On the election of of-
ficers that followed, the original ones
were reinstated except the vice-presi-
dent and treasurer. After the collec-
tion and benediction adjournment was
called. The faculty and student body
of the Manassas Industrial School
wish to extend its hearty thanks and
appreciation to its multitude of alu-
mi, patrons and friends of our com-
munity for their unfailing co-opera-
tion in making this meeting a suc-
cess. The Union will hold its next
meeting on the fifth Sunday of July
at Clifton, Va.

RUSSIA OF TODAY

Maude Radford Warren, writing in
The Sunday Star's Magazine for Sun-
day, May 7, tells of her experiences
in "Not Seeing Soviet Russia." Bar-
riers are placed against too close an
investigation of the Soviet Unions.
Order your copy of next Sunday's
Washington Star from your news-
dealer today.

COUNTY AGENT'S COLUMN

by
Frank D. Cox

Building Plans for All Types of Farm
Structures Available.

Building plans, including complete
bills of materials, for all types of
farm structures, may be obtained
free of cost from the County Agent.
The standard plans for which there
are frequent requests are kept on
hand here and other plans may be
obtained upon short notice from the
extension agricultural engineering
department, to meet the needs of
prospective builders. These plans
represent the best designs available
and have been prepared with the help
of specialists in every line concerned.
When needed, the personal assistance
of an agricultural engineer may be
obtained, and special plans drawn to
meet any unusual conditions that
may exist.

More requests for farm building
plans were received in 1932 than dur-
ing any one of the last four years,

in spite of unfavorable conditions,
due perhaps to reduced building costs
and in the case of dairy structures,
to the stringent health department
regulations.

Apple Petal-Fall Spray

Apply with sufficient pressure
when most of the petals have fallen.
If available use five quarts liquid
lime sulphur and one and one-half
pounds arsenate of lead in fifty gal-
lons of water. If liquid lime sulphur
can not be obtained use four pounds
of dry lime sulphur and one and one-
half pounds arsenate of lead in fifty
gallons of water. Follow this with
same application three weeks later.

Diseases of Poultry

Write or call for your copy of the
booklet, "Diseases and Parasites of
Poultry" giving the symptoms of the
various diseases and infestations and
the most effective methods of com-
bating them.

TWO-STORY DAIRY BARN AND MILK HOUSE,
built by Albert Carr, Bristow, using Plans B-1 and B-24.

ginia Newman.THE MARYLAND AND VIR-
GINIA PRODUCERS ASSO-
CIATION REVOLVING FUNDOn the first of last year the Mary-
land and Virginia Milk Producers
Association returned to those who
were members in 1926, the first un-
expended brokerage which was put
in the reserve fund that year. Next
November it will return the unex-
pended part of the brokerage paid in
during 1927, and so on each year on
a six-year revolving basis.Under this plan the member who
goes out of business will continue to
receive his share of refunded broker-
age out of the reserve fund for six
years after he has gone out of busi-
ness. In the meanwhile, the man who
came into the dairy business to sup-
ply the milk, which the other man
discontinued to supply, will pay in
for six years without getting any-
thing out until we come up to the
year in which he began. In this way
the reserve fund is kept intact, at
the same time the member who took
stock, as it were, in his association,
has that stock taken off his hands at
what he paid for it.

Purpose of Reserve Fund.

The purpose of the reserve fund is
to enable the association to comply
with its part of the contract it signs
with each member who joins, namely:
The Association guarantees the mem-
ber a market at Washington prices
365 days of the year (so long as his
product meets fully Washington mar-
ket requirements).There have been times when there
was such an oversupply in Washing-
ton that if a member for any reason
was cut off and no dealer would take
him on, this reserve fund has made it
possible to send that member to the
nearest creamery and make up the
difference between the price he re-
ceives there and the Washington price.LEATHER WRECKER —

CHRIST FOR ALL—ALL FOR CHRIST
The Word of God
BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

GREAT THINGS—Fear the Lord and serve him in truth: for consider how great things he hath done for you.—1 Samuel 12:24.

BLOOD MONEY

Over \$4,000 were paid for automobile tags in Prince William County. This represents blood money. The people of this county were not able to pay this out. In some instances the cars they have to use are hardly worth more than the tax paid on them. Those planning their campaigns in the coming State election better leave sparkling generalities alone and get down to bed rock. The farmers of this State want help and a lot of it. Reduction of license on motor vehicles should be looked into at once.

SAVING A BILLION

On Tuesday of this week President Roosevelt announced that more than a billion dollars has been cut from the federal budget, bringing it approximately into balance. To be exact the governmental expenses as now curtailed will run around \$2,320,000,000, while the revenues, under the most conservative estimates, will approximate \$2,200,000,000. This leaves \$130,000,000 to be accounted for, but the sum is small in comparison to previous deficits. It may be entirely covered by increased revenues of various kinds, or may also be taken care of by some new economy. The present administration is working from the viewpoint of existing conditions, making no allowances for better conditions which will probably prevail.

It has taken "hard boiled" persistence in the face of enormous resistance to accomplish this tremendous reduction in governmental expenses. No other Congress has thought in terms of any kind of real economy, but under the Rooseveltian leadership, Congress has worked sympathetically with the Executive and we have been enabled to witness effective co-operation between these two great branches of our government. Heretofore they have been too sensitive about their basic rights to work very harmoniously. Now Congress is willing that the Executive shall have "dictatorial" powers to fight the depression and great accomplishments are resulting. With the budget balanced the President can go ahead with his reconstruction program.

**WORTH WHILE
SACRIFICE**

It may be a great sacrifice to build up a substantial bank balance. Self-denial is necessary, but the independence and assurance that systematic saving brings is well worth the effort.

When you deposit your money in this safe and friendly bank you become a community builder.

The Peoples National Bank
of Manassas

PRESIDENTIAL POWER

By an overwhelming vote the Inflation Bill passed yesterday giving President Roosevelt power to regulate the gold content of the dollar up on 50 per cent reduction and permitting him to issue up to 3 billion dollars in greenbacks, and allowing the Federal Reserve Banks to pour out an equal amount, and also authorizing the President to accept 200 million dollars in silver from foreign nations in payment of debts.

Apparently for use in subsequent campaigns the Republican opponents of this measure recorded voluminous protests in the published proceedings of Congress, drawing a dreadful picture of the possible results.

However, Democrats believe that the President will use these great powers wisely and well. They appreciate that the power to do these things will be sufficient to accomplish much of the results expected. In negotiating with foreign countries the President has heretofore been handicapped because the treaty making power has been invested exclusively with the Senate, which has always been super-sensitive about its prerogatives and has rarely worked harmoniously.

President Roosevelt, with his newly-acquired powers, can now negotiate with Europe with advantage. He has exclusive power to do what he may consider necessary to secure the right kind of foreign co-operation in stabilization of exchanges and removal of trade barriers.

There is no abdication of authority by Congress in delegating these powers to the president. What Congress grants it can take away. The legislation just enacted simply defines as an executive function a duty which the Congress, by its very nature, is not well situated to perform in the fact of rapidly changing conditions.

TENNESSEE VALLEY AUTHORITY

President Roosevelt's great power and reclamation project, known officially as "The Tennessee Valley Authority" has passed the House, and yesterday went through the Senate with a few important changes to be adjusted in conference, none of which affect the spirit or general nature of the bill.

Under the leadership of Senator George Norris, of Nebraska, seven Mussel Shoals bills have passed the Senate in recent years, all to fail either in the House or by Presidential veto. Now in connection with the Roosevelt plan of reforestation, and improvement of navigation and flood control, the electric power available at the huge Mussel Shoals dam will be developed.

Big business has fought this measure bitterly. But big business has no longer become the chief concern of the national government. Under the "New Deal" we are all to have consideration. The party that has always protected the welfare of the masses is in the saddle now and we are going to see some big, pleasant and successful experiments in economic and social development.

TIME TO ADVERTISE

With the embargo on the export of gold, which means that the United States, so far as international settlements are concerned, is off the gold standard; with the American dollar depreciated abroad along with the other depreciated currencies of the world, American commodity prices are moving upward and at this time American farmers as a class are better off by several hundred million dollars than at any time for a considerable period.

On April 20 May wheat was selling at Chicago for 69 cents a bushel, 13 cents above the April price; May corn at 36 cents was 4 1-2 cents above the April 1 price, and May oats at 24 1-2 cents was 4 cents above the April 1 price.

Not where they should be, and not where they will be, but the trend is upward, and every indication is that it will continue in that direction. Predictions around the Chicago Board are for \$1.00 wheat by July 1.

And the farmers are reaping the benefit of this increase on a considerable portion of last year's crop. On April 1 the farmers still owned 173,354,000 bushels of wheat. 1,126,616,000 bushels of corn and 467,043,000 bushels of oats.

The increase since April first on these farmer-owned grains amounted to well over \$200,000,000 and such an amount, though not large when divided between 6,000,000 farms, is still enough to make the farmers smile.

That represents the increase on but three items of the American farm crop. Along with these, cotton, the great staple of the south, shows a healthy increase. It is also true of hogs, of cattle, of dairy products, and the total on all means a tidy sum for each individual farmer who still owns any considerable portion of his last crop.

These things are of moment not alone to the farmers, but to the merchants from whom the farmer buys. To the merchants it means increasing opportunities for business, not only because the farmer has more money, but also because he has greater confidence in the future.

The wise, live merchant will improve the opportunity by going after the increasing business that is now possible, and the wise, live publisher will not miss the opportunity of telling the merchant why now is the time to do some intelligent advertising.—Exchange.

BRIEF LOCAL NEWS

Our good friend, Judge Wm. Crow of Joplin, was a welcome caller at the Journal office Monday.

Rev. J. F. Burke and Mrs. Burke, of Westover Parish, were week-end guests in Manassas. Rev. Burke was formerly pastor of Trinity church in Manassas.

Mr. I. L. Suthard of Washington, D. C., visited his parents, Mr. and Mrs. J. M. Suthard, last Monday.

Mr. and Mrs. W. T. Ward and Mr. and Mrs. Homer Snyder, of Washington, spent Sunday with their parents, Mr. and Mrs. W. C. Carrico, of Bristow.

Mrs. Eula Holt Merchant, Miss Virginia Conner and Messrs. Conner Kincheloe and Jack Merchant journeyed to Williamsburg and Richmond over the week end. At Williamsburg the young folks were the guests of Mr. Edgar Conner, of William and Mary College, and attended the Easter prom while Mrs. Merchant visited her mother in Richmond.

The Ladies Aid Society of the Lutheran church will meet at the home of Mrs. J. H. Rexrode on Monday afternoon, May 8, at 2:30 o'clock.

Hon. C. J. Meitze will speak at the Presbyterian church at 11 o'clock next Sunday. Everybody invited.

After attending the Phi Kappa Sigma house party at Dickinson College, Carlisle, Pa., Miss Janet Trusler has resumed her work at Marjorie Webster School.

Misses Helen Emerson and D. D. Lynch visited the former's mother, Mrs. Victor F. Emerson, for the Easter holidays, returning last week.

Mr. and Mrs. J. C. Posey had as guests Saturday Mr. and Mrs. Aubrey Posey and children of Indian Head, Md.

Miss Zella Posey has returned home after visiting friends in Washington.

The Music-Literature Section of the Woman's Club will meet at the home of Mrs. Robt. Smith on Monday, May 8, at 3 p.m.

Mrs. J. L. Bushong is the happy possessor of one of "the world's tiniest" rose, namely "Ro-a-Rouletti." This little rose is so small that a bee alighting on it almost covers its petals. This rose was propagated in Switzerland, and is quite a little wonder.

Mr. and Mrs. E. A. Wood visited Mrs. Wood's sisters in Herndon during the week end.

Ladies Aid Society of Grace M. E. church south will meet Thursday, May 11, at 3 o'clock with Mrs. C. C. Fisher.

ADEN

We will look for you on Saturday night, May 6. Come and enjoy the evening. Refreshments. Plays, music, debate. Only a small admission.

WELL DRILLING

Deepen your wells and drill new ones to meet all requirements.

MR. HERRING'S CANDIDACY ANNOUNCED BY FRED-ERICKSBURG PAPER

The Free-Lance Star, a Fredericksburg daily paper, announces that Mr. Geo. Herring will stand for nomination in the August primary for the House of Delegates.

The Free-Lance Star states that Mr. Herring will stand on the platform of the Democratic party as outlined at the Chicago convention.

"While he made no prepared statement and did not attempt to fully outline his views on important current public questions, Mr. Herring said he would favor the repeal of the 18th amendment and the legalization of 3.2 beer in Virginia."

"Both of these things," Mr. Herring said, "were promised to the people of the country by the Democratic party at Chicago and if elected I intend to vote for them."

Discussing the present situation in Virginia Mr. Herring said he would have favored an extra session of the Virginia legislature to legalize beer if Governor Pollard had been in favor of legalized beer and had it been known in advance of the session that two-thirds of the members of the Assembly favored it.

"It would have been sensible to call a session only in these circumstances," he said. "With Governor Pollard opposed to beer and liable to have vetoed a bill in the event one had been passed by a close vote, it would have been useless to call a session."

(The above clipping was handed us by a friend of Mr. Herring who requested that we reprint it.—Ed. note)

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, once or twice a week for several weeks and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

HAYMARKET HIGH SCHOOL

Honor roll:

First grade — Anne Utterback.

Second grade — Audrey McQuinn, Betty Thomas, William Clem, Shirley Jacobs, John Sloper, Jean Schaeffer.

Third grade — Robert Carter, Virginia Ashby, Billie Tyson.

DON'T BE PENNY-WISE

and pound foolish! Consider the needs of your Baby Chicks and choose for them the best grade of Starting and Growing Mash — It's the cheapest in the long run!

A balanced mash for baby chicks should contain among other things pure Cod Liver Oil, Dried Buttermilk, and Alfalfa Leaf Meal. You will find these ingredients in

WHITE ROSE CHICK STARTER

Feed them generously and be rewarded with vigorous, healthy chicks that mature quickly.

Manassas Milling Corporation

Manassas, Va.

Have you tried our Turkey Starting and Growing Mash? They're made by the famous "Lawn Farm" formula of best quality ingredients. Reduces Losses of Young Turkeys — makes thrifty poult — give them a trial and notice the difference!

Radio Stars Take Up Cycling Fad

Four popular radio stars who have worked together on the same program for well over a year—left to right, Margaret MacDonald, Gayne Whitman, Betty Webb, and Robert Bixby.

HOLLYWOOD, Cal.—Having ridden the other waves together for many months in "Chandu, the Magician," the four radio stars of that gripping radio mystery thriller recently commemorated the event by taking up the popular fad of bicycling between broadcasts, and becoming the first radio celebrities to join the many movie stars who are now cycling for sport and exercise.

Margaret MacDonald, who plays the part of Dorothy Regent and Betty Webb, who plays the part of Betty Lou Regent, have become as ardent cycle enthusiasts as

Gayne Whitman, who plays the part of Chandu, and Robert Bixby, who plays the part of Bobby Regent, and both of the feminine stars have their own ideas of what the well-dressed cyclist should wear as depicted in the picture above showing the new shorts.

Radio fans who have followed the aerial adventures of the four cyclists for many months have new thrills in store for them, too, for six new players have been added to the cast of "Chandu, the Magician." Two of them—Lionel Belmore and Nigel de Bruhet are noted stage and screen stars

"Knowing How to Cook 'Em As Important As Knowing How To Hook 'Em," Says Fish Expert

THE story that nearly every fisherman tells of tasty trout temptingly made over a campfire is greatly exaggerated. Not more than one fisherman in ten knows how to cook his fish after he's caught it, according to Ray Forbes, one of America's greatest trout fishermen who reports that in order to get the utmost enjoyment out of fishing, the catch should be broiled over a campfire.

"The opening of the fishing season this year was a signal answered by millions of followers of Isaac Walton," stated Mr. Forbes. "Yet not one in ten of them knows how to broil a trout properly after

catching it. In order to get the most pleasure out of fishing they will either have to learn how to broil 'em, or take friend wife along to do the cooking for them."

Mr. Forbes' own method for preparing fish over a campfire is simple. "First you have to catch your fish," states Mr. Forbes. "That, of course, is necessary. Then wash it, split it down the back and sprinkle with pepper and Worcester salt. It should be placed on a greased wire broiler and broiled flesh side toward the flame. Melted butter should be added as a final gesture to a delicious repast."

DON'T FORGET MOTHER

Don't forget Mother because She never forgets you, For the love she bears can Be equalled by few, You know she's with you Whatever may be your stand. She's there to guide and help, Always with a willing hand.

She never has forgotten when You were—oh, so small, How well you obeyed her And came at her call, How you knelt by her side Each night in prayer, And prayed to Our Father Away up there.

Don't forget Mother on This day of days, Let her know that you Love her—now and always, Don't spoil the honor that goes With her name. Shower her with love and She'll do the same.

—Alma V. Rennoe.

BEAUTY AND THE BLOWPIPE—Too cute for words. That goes for Marion Sturm—scientifically minded New York beauty—as well as for tiny model of welding blowpipe she is inspecting. These models will be part of Union Carbide and Carbon Corporation exhibit at A CENTURY OF PROGRESS exposition in Chicago.

Have you read the Clark and Arrington History of Prince William County? Every citizen who takes pride in local institutions should possess a copy of this charming book, which is on sale for 40 cents at the office of the Prince William County School Board, Manassas, Va., or will be sent postpaid for 50 cents.

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

Advertising does not Cost IT PAYS

WHAT OTHERS THINK OF THE PIEDMONT VIRGINIA DAIRY FESTIVAL

New York Dairyman's League News: "The Piedmont Va. Dairy Festival held annually at Manassas has become a very important affair for that section of the country. Manassas is in the center of Virginia's banner dairy section—the section that supplies Washington with high-grade milk. The event is looked forward to with great interest by thousands of people in Virginia and the East."

G. W. Humphrey, agricultural agent, Southern Railway System: "I wish to congratulate you on the success of the Dairy Festival and the amount of work and energy you people have put forth to put across a project of this kind. If at any time you need our co-operation, we will try to arrange to be with you."

Royden A. Blunt, Baltimore: "My visit to the Dairy Festival stands out as the most pleasant and educational experience I have had in some time. You people of the Association cannot be commended too highly for the brand of Virginia hospitality which you dispensed. I want to be privileged to be with you again next year."

R. F. Nelson, Virginia State Chamber of Commerce: "We think you are doing a splendid work in advertising the dairy industry of Piedmont Virginia and that every organization should assist with it. I hope that this organization is in a financial position to give you some real assistance next year with your publicity."

American Guernsey Breeder's Journal, Petersburg, N. H.: "The purpose of the Piedmont Va. Dairy Festival is to dramatize the dairy industry of northern Virginia in such a way as to bring about dairy herd improvement and teach the true food value of pure, fresh, rich milk as it is produced on the model up-to-date and carefully inspected dairy farms of this great dairy district. Certainly if the eleven charming princesses, one from each of the eleven counties of northern Virginia; if the pretty crown bearer, maids of honors; and if the lovely queen herself, all in the perfect glow of health and beauty, are fair specimens of a milk consuming public, there can be no question that we, as a people, should use more milk. This was a great day for Manassas and for the eleven dairy counties in the Piedmont District of Northern Virginia."

Andrew Bell, secretary, Winchester Chamber of Commerce: "I want to compliment and congratulate you upon the festival. It was all very beautiful and compared very favorably with our apple blossom festival."

Col. Earl C. Popp, director of aeronautics, William and Mary College: "It was a great pleasure to be with you and if we can ever co-operate again in the future, do not hesitate to call upon us."

Dr. J. C. McDowell, U. S. D. A. Bureau of Dairy Industry: "I wish to say that I am satisfied that the dairy festival is well worth the time you people have spent upon it. It is one of the most outstanding pieces of work of its kind I have ever seen. If the Apple Blossom Festival pays the people in the Shenandoah Valley, I believe the Dairy Festival will pay the dairymen of northern Virginia. Of course it is hard to estimate the value of anything of this kind in dollars and cents but its advertising value should be comparatively great. From what I have heard from Mr. Posson of the Washington Dairy Council and others interested in promoting the sales of milk, I believe they will agree with me in this."

Dairy Department, V. P. I.: "The energy and foresight of Piedmont dairymen will enable them to meet their problems. They have a tried and proven system of marketing fluid milk in Washington, a program for increasing the use of milk in city, town and country, and a goal for still greater efficiency in production. All the factors have a part in the Piedmont Virginia Dairy Festival. Here, truly is exemplified the kind of co-operation and business judgment sure to win through to better times. We hope that your continued interest in the festival will give you renewed faith in the future and that you may resolve to see that more and more of nature's great health food—MILK—is consumed by you, your family and your friends."

Hoard's Dairyman, Fort Atkinson, Wisc.: "Historical Manassas, the setting of a beautiful dairy pageant, 'Milk Through the Ages.' The story as told in words and so skillfully enacted by the school children reminded us of the 'Honorary Guild of Gopatis,' which has in recent years attracted so much attention in the dairy world, and has its annual meeting at the National Dairy Show, and which now has a membership of more than twenty thousand people."

H. Talbot, Marine bandmaster and composer of Franklin D. Roosevelt March: "My next composition—'The Piedmont Va. Dairy Festival March.'"

And last but not least, this excerpt from The Manassas Journal: "There is no telling the future benefit to be derived by reason of this enterprise. It will boost an industry which will produce a large part of the income of the county and the whole Piedmont section of Virginia. Not only that but it will boost the concept of the people for things beautiful as they behold the floats which at once are the cartoons of the dairy industry and picture to the mind at one glance more than columns would convey in a lifetime."

CLIFTON

The senior play given last Friday and Saturday night by the Clifton High School cleared \$45.50.

Mrs. John N. Elgin and daughter, Mrs. Annie Adair, entertained the school faculty at dinner last Thursday evening.

Mr. and Mrs. Geo. A. Watts were Washington visitors on Monday.

The home demonstration yard contest was held at the home of Mrs. Melton Johnson on Monday. Mrs. Anthony Hart won first prize, Clifton Baptist church second; Mrs. Julia Riordan third, Mrs. Milton Johnson fourth, Mrs. Geo. Kinchele, fifth, and Mrs. Wm. Godfrey, sixth.

Mrs. Annie Ford and daughter, Miss Violet Ford, have returned home after spending the winter in Washington.

The Junior class will give a party to the Senior class next Friday night in the school auditorium.

Mrs. R. R. Buckley is having extensive improvements made on her home.

Mrs. Chas. R. Buckley, Mrs. Clarence Kinchele and Mrs. Nannie K. Johnson motored to Washington on Tuesday.

Mrs. J. C. Koontz visited in Washington last Saturday.

EVERY MAN HAS SOMETHING OF BOLD ROBIN HOOD IN HIM

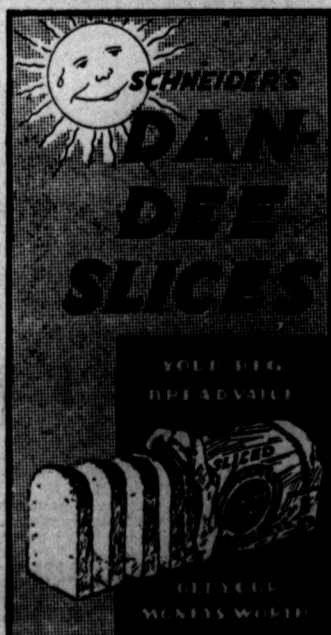

Every man is a rebel at heart, according to George O'Brien. To this universal urge for altering conditions about him, the actor attributes the popularity of action and Western pictures.

"Although Robin Hood probably never lived at all, he has been a symbolic hero to millions," says the Fox star. "The moralist deprecates the modern tendency to glorify the outlaw, but overlooks the fact that it is not the outlaw's criminality, but his defiance of organized injustice and tyranny, that wins him admirers."

"In the good old days, a knight who decided things weren't going properly, climbed on his horse and went around adjusting them. Today the average man cannot get into his flivver and go about slaying dragons and rescuing beleaguered damsels, but the urge to do so still exists. Our boasted civilization is by no means perfect, and until it is, this occasional impulse of wrong to be righted will always remain alive."

"But since economic and other conditions prevent this average man from being another Robin Hood himself, the next best thing is to enjoy the spectacle of some one else championing the oppressed. Here the Western picture especially meets this demand. Whether its hero be an honest man or an outlaw, he is presented as waging a single-handed fight against injustice and evil in some form—as the champion the spectator would like to be if he could. And consequently such pictures have a wide following."

O'Brien's latest starring vehicle, to be seen next Wednesday and Thursday at the Dixie Theatre, is "Smoke Lightning," taken from Zane Grey's novel of the cattle country, "Canyon Walls." Nell O'Day, Betsy King Ross and Frank Atkinson head the supporting cast of this exciting film, which deals with a cowpuncher's efforts to save a little girl's heritage. David Howard directed the production for Fox.

MANASSAS HIGH SCHOOL NOTES

A very attractive program was given at the high school last Friday night, April 29, when the girls of the home economics department entertained their mothers and friends at a "Mothers and Daughters Buffet Supper." For some years past the agricultural department has held an annual "Fathers and Sons Banquet" but this year the girls determined upon a banquet of their own, and a very delightful affair they made of it. The youthful hostesses received their guests with gracious courtesy and served a most delicious plate supper which they had entirely prepared themselves. Several of the boys of the agricultural department assisted them in the serving.

The class president, Miss Ruth Slusher, assisted by Misses Ruth Akers and Edla Blakemore, presented a very attractive program of games, recitations and music. The music was furnished by Mrs. W. Leachman and Misses Virginia Speiden and Meaker Burke together with some lovely solos by Mrs. Sara Rice.

The speaker of the evening was Miss Mary Rokahr, home management specialist from the United States Department of Agriculture. Miss Rokahr's main theme was "A Family Relationship Score Card" by means of which the family might score its activities in church work, in hospitality, in happy home relationships in which all took part in good reading and music and in the enjoyment of holidays together, and finally in an equal sharing of the family budget by all.

About eighty people were present, including the young hostesses, their parents, friends and school officials. Materials for refreshments were furnished by the parents.

MANASSAS DEFEATS HAYMARKET AT HAYMARKET 29-7

Manassas defeated Haymarket after Haymarket took a four-run lead in the first inning.

T. Kite played a very good game at bat as well as catching a good game. Bradshaw was in his usual good form but due to a slight soreness in his arm during the eighth W. Kite relieving him and C. Albright finished the game.

HEMINGWAY'S HEROIC STORY, ENACTED BY HAYES, COOPER, MAKES STIRRING FILM DRAMA

The motion picture, in its entire history, has seldom produced a love story of such tenderness and such heroic beauty as the film version of Ernest Hemingway's great novel, "A Farewell to Arms," which, with Helen Hayes and Gary Cooper in the leading roles, opens next Monday at the Dixie Theatre.

Made by the two men responsible for "Seventh Heaven," Frank Borzage and Benjamin Glazer, the film has adapted the quality of that other tender love story to the more epic proportions of the Hemingway story. The result is a deeply human, heart-stirring film, which translates the simple, timeless story of the love of Catherine Barkley and Frederic Henry into terms of transcendent beauty.

Helen Hayes brings the whole of her rich gift for acting to the role of Catherine, emphasizing the tenderness and simplicity of the young British nurse. Catherine was real and brave and beautiful as Hemingway conceived her; she is all of that and more as Helen Hayes interprets her. Every moment that Miss Hayes is on the screen is a moment of great poignancy and dramatic vitality.

Nor is Gary Cooper in any way unworthy of the big role of Lieutenant Henry. He rises to its every requirement, and in an intelligent and understanding performance, creates a character that will not be soon forgotten. It is by far the best job Cooper has ever done. And this in the face of the fact that Adolphe Menjou, as Rinaldi, "war brother" of Lieutenant Henry, almost steals the show.

The film follows the Hemingway novel with remarkable fidelity. Against the stark background of war in the Alps is played out the story of the American Lieutenant and the Italian ambulance corps and the English war nurse whose love proved greater than war or duty or anything in the past or future of either of them. Their first meeting, their stolen moments in the hospital where Frederic is taken after a shell explodes in a dugout, their farewell in the bizarre hotel room when Frederic has to return to the front, Catherine's departure for Switzerland when she realizes that she is going to have a child, Frederic's desertion of the army in order to be with her, and the tortured fight between birth and death in the Swiss hospital—all this from the book has been duplicated in the film, and duplicated with infinite taste and dramatic power.

Here, in short, is the picturization of a great love story told in the finest language of the films. It is not to be missed!

CATHARPIN

The Catharpin neighborhood seems to be somewhat on the sick list since reports are rife to the effect that colds are again abroad in the land.

Little Billy Brower, son of Mr. and Mrs. W. S. Brower, has been ailing somewhat during the past week.

Mr. and Mrs. Raymond Briggs of Washington were Bell Farm visitors on Saturday last.

Mr. W. K. Caldwell of Six Acres who has been in poor health for some time has gone to the Naval Hospital in Washington for treatment. His many friends are hoping for a speedy recovery.

The Sudley Circuit of the M. E. church, south, was represented at the district conference last week by Mrs. Esther D. Terrill and Mr. and Mrs. Chas. R. McDonald. The conference this year was held at Mt. Rainier, Md., and was largely attended. These conferences are growing in interest and importance as the years go by and constitute a very active department of the church organization. It was the privilege of all to hear the Rev. Dr. Hutchison, pastor of the Mt. Vernon Place church in Washington deliver the Thursday morning sermon. Dr. Hutchison was offered a bishoprick but declined saying he would rather be a preacher of the gospel than anything else in the world; and such he certainly is. His illustrations certainly do some illustrating that all can fully understand. We are pleased to note that next year's district conference will be held in Manassas.

The busy season for the farmer is now on and the past few days of good weather has witnessed much activity and stir among the plows and harrows, disks and tractors getting things ready for the planting, so the neighborhood is now about as busy as it wants to be; and added to the line of general farming is the poultry industry since many are raising turkeys and chickens. The young chicks are coming in from the hatcheries in lots of 500 and 1000 while most of the turkeys are home hatched; so through it all any one can see at a glance that we shall soon have to lay the jig-saw puzzle to one side and devote our entire time to trying to make a living. True the past year was not a profitable one for the farmer, yet he realizes that trite, old saying that "no man is so far from market as he who has nothing to sell," so he is now doing his best to have something ready by the time Franklin gets prices boosted and is in need of provisions.

Miss Mary Currell Pattie of the Manassas High School was compelled to remain at home last week due to flu and colds.

For some time Mr. Laws Spencer has been operating his saw mill in his neighborhood and many farmers have availed themselves of the opportunity of getting some much needed farm lumber. During the past year so much timber had been blown down by storms, hence the mill.

Mr. and Mrs. L. K. Lynn of Manassas attended services at Sudley on Sunday and called on friends in the neighborhood.

Mrs. Sarah Caton of Pageland Lane spent Sunday with her sister-in-law, Mrs. Bertie Caton, of Catharpin.

One is appalled almost beyond measure as he reads the news of the day in regard to things taking place thruout the country. The Press is so full of the unusual that one stands a-gasp in trying to comprehend it all. A western judge being taken from the bench and treated mercilessly and with great indignity for no other reason than that he was le-

I carry in stock a nice line of Waltham, Elgin and Hamilton Watches, both pocket and wrist, at lowest prices.

gally performing his duty and serving the purpose for which he was elected. And now the latest is that fifty thousand men are about to descend upon Washington to force certain actions upon Congress; all these things may well cause one to shudder for the consequences. It seems that we have lost the spirit of the Golden Rule entirely and have ushered in a period of "dog eat dog" and the fight is on for individual supremacy no matter what happens to the other fellow. We find this condition almost everywhere and in every walk of life; even in the church as well as in Congress, the field, store or office. One individual or group of individuals vying with another each trying to outwit, or gain advantage with "right" and "wrong" as mere meaningless terms and having no correlation whatever with the subject in hand. Just how long situations like these can go on we know not; we do know however that Rome fell; that Germany upset the world and wars and rumors of wars are now rife thruout the whole earth. Just what it all means history will have to record it after it happens.

OCCOQUAN

Capt. W. B. Sanford of the Lorton Reformatory died at his home near Lorton on Friday, April 28, after an illness of several weeks.

He is survived by his wife, Mrs. Clara Keeny Sanford, and seven children. Funeral services were held at Woodbridge Methodist church, of which he was a member, on Sunday afternoon, conducted by his former pastor, Rev. H. H. Hoyt, of Prince Frederick, Md. He was assisted by Rev. Wilcher, pastor of the church.

Burial was made in Pohick cemetery beside that of his son, Harold, who preceded his father two years ago.

Capt. Sanford had been captain of the guard at the Reformatory for a number of years. The institution has indeed lost an esteemed and capable officer whose vacancy will be difficult to fill. The enormous crowd that paid their last tribute and the beautiful floral gifts expressed the sympathy of his many friends.

Mr. and Mrs. Harry Seelman were Sunday guests of Mr. and Mrs. L. Ledman of Manassas.

Mr. Gordon Leary of Culpeper spent the week end with his parents, Mr. and Mrs. John Leary.

Mr. and Mrs. Paddison and daughter, Patricia, are visiting Mrs. Paddison's parents, Mr. and Mrs. W. S. Lynn.

Mr. and Mrs. Walter Haislip are receiving congratulations on the birth of a daughter, born April 28.

Salads With Appetite Appeal

By JOSEPHINE GIBSON
Director, Heinz Food Institute

SALADS formerly had a very definite place in the menu—following directly after the meat course. Today, however, the salad is very versatile—it may be served at the beginning of the meal, as the main course, or as the dessert course. If served as the first course, the salad is of miniature size and usually of fruit or fish. Increased popularity of salads is deserved for they are healthful, have definite "appetite appeal," and are easily prepared. As warm weather nears, salads are increasingly welcome. Those of the main dish type, preceded by a soup (a ready-to-serve variety from your emergency shelf) and accompanied by a beverage, make delicious luncheons or suppers that are healthful and interesting.

Molded Tuna and Vegetable Salad — Melt 1 teaspoon butter in double boiler. Beat 2 eggs and add ¼ teaspoon salt, 1 teaspoon Pure Mustard, ¼ teaspoon white pepper, and ¾ cup milk, and mix thoroughly. Add 2 tablespoons Vinegar slowly. Add to butter and cook to consistency of boiled custard. Stir in 1 tablespoon granulated gelatin soaked in 2 tablespoons water, and cool. Add 1 small can of tuna fish, from which oil has been rinsed with hot water, then flaked finely. Add 1 small bottle of Stuffed Olives and 1 cup diced celery. Mold, chill and serve on lettuce, garnished with Mayonnaise Salad Dressing and slices of tomato and cucumber. Serves 6 to 8.

Potato Salad With Sliced Frankfurters — Dice 5 medium size cooked potatoes, 1 tomato, and 1 large cucumber, add finely chopped onion, 1 teaspoon salt, 3 frankfurters which have been cooked in boiling water, cooled, peeled and sliced, and ¼ cup Sweet Dill Pickle, chopped. Moisten the salad using Mayonnaise Salad Dressing to which has been added 1 teaspoon Prepared Mustard.

Mock Chicken Salad — Mix 1 cup diced cold roast pork, 1 cup diced cold boiled or baked ham, 2 cups chopped celery, and ½ cup chopped Sweet Gherkins. Moisten with Mayonnaise Salad Dressing. Heap in a salad bowl lined with crisp lettuce and garnish with celery tips and slices of pickle.

Baked Bean and Egg Salad — Place 1 medium can Oven Baked

Beans (Boston Style) in a sieve and wash with boiling water and cool. Add chopped egg whites from 3 hard-cooked eggs, 6 Preserved Sweet Gherkins, chopped, 1 small onion, chopped, and ½ teaspoon salt. Moisten with Mayonnaise Salad Dressing and serve in crisp lettuce cups. Garnish with Mayonnaise and egg yolks pressed through a sieve. Serve very cold. Serves 4.

Luncheon Salad — Soak 1 tablespoon plain gelatin in ¼ cup cold water. Heat 1 small can Cream of Tomato Soup to boiling point, add gelatin, and 1 cake cream cheese. Mix thoroughly. When slightly thickened, add ½ cup chopped celery, ¼ cup sliced Stuffed Spanish Olives, 1 chopped green pepper, and ½ cup Mayonnaise Dressing. Mold in individual molds, chill, serve in nests of lettuce garnishing with spoonful of Mayonnaise Dressing and Stuffed Olives, sliced. Serve for luncheon or supper with whole wheat bread and butter sandwiches; small cakes or other dessert and tea.

Honored Abroad

LOUIS DAPPLES, internationally famous banker and philanthropist, who was the recipient of an honorary Doctor of Medicine Degree from the University of Lausanne in Switzerland in recognition of his services to science and industry. The presentation took place recently at the Lausanne Palace during a dinner given in his honor by his business associates. Dapples' career has been closely identified with large scale financing. One of his most notable achievements in this field was the task of completely organizing the Banque Francaise et Italienne, in South America, one of the most important in the New World. He is well known in this country, especially in financial circles and among the leaders of the milk industry. The American affiliation of the Nestle and Anglo-Swiss Condensed Milk Company, of which he is head, is the Nestle's Milk Products, Inc., with headquarters in New York.

Cops Give Way to Girl Operators at Chicago Police Office Switchboard

Chicago Daily Tribune

Twenty-eight more Chicago policemen are now on active street duty, because that many young women have replaced them as operators at the switchboard of the Chicago Police Department headquarters, 11th and State Streets. All telephone calls for the police are received at this location, and already the new operators have demonstrated their superior efficiency in handling calls which may have to be passed along by teletypewriter, telephone, or radio to the proper destination—squad car, detective bureau, or a commanding officer. The young women shown in this picture are, left to right, Eleanor Fitzwilliams, Gladys Flaherty, Agnes Martin, Betty Hanrahan, Marie McNally, Henrietta Freundlich, F. H. Schaefer, Elsie Englishman, and Gertrude Roen.

Hints for Homemakers
By Jane Rogers

FOODS should always be covered in the refrigerator to prevent the mingling of odors and to keep vegetables and fruit moist. Gleaming, transparent cellophane bags are now made especially for the purpose. They are grease-proof, moisture-proof and odor-proof, and permit the most varied foods, such as meats, cheeses, and onions, to lie side by side without contaminating each other.

Rolls, cookies, pie crusts and other pastries can be made more attractive by brushing them lightly with white of egg just before removing them from the oven. This gives the crust a slight glaze and improves its appearance.
