## SMITH OPENS HIS CAMPAIGN

Tremendous Ovation Given Candidate in His Home County.

Hon. W. Worth Smith, State Senator from Louisa, opened his campaign for Governor last Saturday night at Louisa Courthouse, making a radio address and entertaining his audience with good old-time political fire and good will. Amidst cheers, music and laughter, he set forth his views on statecraft, and received a tremendous ovation in the historic old courthouse where he had fought and won so many political battles. He recalled, with expressions of appreciation, the big majorities given him in his campaign for the State Senate, and in his battle to protect the people of Virginia from the burden of huge bond issues which was waged some years ago.

"Yes," the Senator said, "that was a fight on the part of the people to save themselves from a bond issue, and this is a fight of the people of Virginia, the taxpayers, to save themselves from excessive taxation." "Many of the office holders would be glad to have their present jobs at one-half of their present salaries, and would then be lucky, and you, the people, would have more money in your pockets," he continued.

Stating that he would not attack the private life of his opponent, he would, however, frankly discuss platforms and political records, and he called upon Judge Peery to state whether or not he agreed with Ninth District Congressman's characterization of the "overlapping, four and five-ply deep officers" in Virginia, recently described by Mr. Peery's Congressman on the floor of Congress.

Senator Smith came out for a flat \$5 tax on automobiles, calling attention to the excessive taxation the auto has to bear, and the big losses to Virginia on account of the retirement of cars, because the owners cannot pay the present high fee for tags. Instead of hoping for a reduction in auto taxation and proposing increase of gasoline tax to permit a reduction in cost of tags, as proposed, he would fight any attempt to increase the gasoline tax, and at the same time would cut all tags to a flat five dollars.

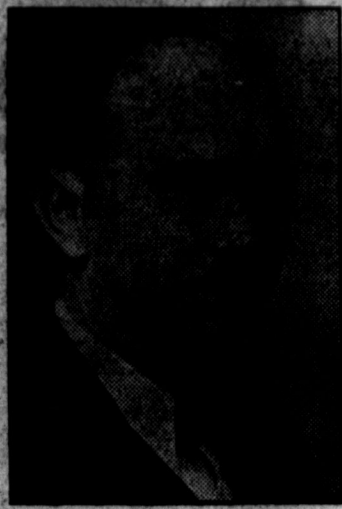

Referring to Repeal of the Eighteenth Amendment, Senator Smith said, "I stand squarely behind President Roosevelt. I favor the repeal of the Eighteenth Amendment." He also stated that he favored modification of the Layman Act to permit the sale of 3.2 beer. At the same time he condemned the policy now in force in Virginia of permitting sale of beer on prescription. "This is wrong. Everybody knows it is wrong. Even the fellow that is making money out of it knows it is wrong." He called attention to the fact that under the ruling of Attorney General Saunders, drug stores are now selling huge quantities of tax free beer. Speaking of his efforts to legalize and tax the sale of beer in Virginia, he said: "Neither of my opponents has rendered to me the slightest assistance in my efforts to accomplish this purpose, although it would yield a revenue to the State of Virginia estimated at \$2,000,000."

Referring to the school book situation, Senator Smith again quoted Congressman Flannagan of the Ninth District when he said, "Don't you think the taxpayers have fed the school book trust long enough?" He also called attention to the fact that the Johnson Publishing Company, headed by former State Superintendent of Public Instruction, Harris Hart, had received orders for \$501,000.00 worth of text books.

Worth Smith believes that the payment of poll tax should not be required in order to vote. He believes the tax, for school purposes, is justifiable, but he would stop the wholesale paying of poll taxes by candidates or their agents by making it no longer a requirement of suffrage. Mr. Peery, he stated, had misrepresented his attitude on this question, giving the erroneous impression that Senator Smith would deprive the school system of this needed revenue.

Senator Smith came out in favor of practical State measures for farm relief. He advocated abolition of the fee system and he denounced the manner in which Mr. Peery, as head of the State Corporation Commission, has failed to protect the interests of the people. He called attention to the great reduction which has been made in the price of farm products,

### RECITAL AT NOKEVILLE

On Thursday evening, May 18, the music class of Beatrice L. Leachman presented its spring recital in the Nokesville High School auditorium. The many friends and parents of the pupils who were present were delighted with the well-rendered program.

Piano solos, piano duets, piano with violin accompaniment, selections by a chorus of small girls, folk songs interpreted and featured in costume made up a most pleasing and varied program. Although the class has been held for only a few months and all the pupils are beginners, each number was well given and the pupils showed outstanding progress, especially in technique. Both instructor and pupils deserve noted comment for accomplishment thus far.

The patrons and faculty of the school appreciate the splendid spirit which Mrs. Leachman has shown in co-operating with school and community.

The Manassas class will present its recital in the high school auditorium, June 1, 8 p.m.

## KIWANIS CLUB HOST TO GRADS

Local High School Class Is Entertained.

The annual dinner to the high school graduates was a feature of last week's Kiwanis meeting. The teachers attended in a body also, and were equally welcome.

President Dick called on O. D. to make the youngsters at home which the latter did with his wonted grace and ability. O. D. loses none of his art but appears to have a full repertoire for any occasion.

Walser Conner, president of the Manassas High class of 1933, replied with an equally tastefully little speech, quite frank and sincere.

The class song was put over by the class, in ensemble, with Miss Waters leading at the piano.

The feast of wit was contained in Meaker Burke's estimate of the Kiwanis members, individually. Incidentally, it was really very good.

Mrs. Will Leachman subbed for Mrs. Bob Smith at the piano, and gave the club a bunch of good music.

The meeting was not closed until President Dick had called on the three proud fathers who were represented in the graduating class. They also got a hand and looked as if they appreciated it.

LOVABLE OLD CLIFTON RESIDENT DEAD

Samuel H. Detwiler, one of Clifton's older inhabitant, has passed from the midst of his large circle of friends, very much to the grief of all. Death occurred rather suddenly early on Tuesday morning.

Born in Buck County, Pa., in 1853, he came to Fairfax many, many years ago. His parents were John L. and Elizabeth Hunsberger. He had made his home in the vicinity with other of his near relatives.

He is survived by his widow, Mrs. Nancy Detwiler, and by two sisters, Mrs. Will Richards and Mrs. R. R. Buckley; a daughter, Mrs. D. W. Buckley, and two sons, Frank and Sam.

The funeral takes place today at 2 p.m. at his late residence, with interment at Payne burying ground. The Rev. H. J. Beajan, of Chester, Pa., an old family friend, is to have charge of the obsequies.

*Henry Ford*  
*Dearborn, Mich.*

May 15, 1933

Time and again I am told—by my own organization and by others—that I penalize myself by quality.

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

But I know the difference.

I know that the car a man sees is not the car he drives—he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories—all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car—but two items we do not skimp are cost and conscience. A great many things could "get by"—the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.

## CATHARPIN

The death last week of William H. Jeffries, late of Manassas, came as a shock to the many friends of the family in this neighborhood where he was well known and where most of his life had been spent. He was a man of excellent character and repute and while living in the Catharpin neighborhood, he and his family were regular attendants and members of the Sudley church. He was a charter member of the Stonewall Council O.F.A., of Catharpin and at one time was its secretary. Upon removal to Manassas changed his membership to the council of that city. Mr. and Mrs. Jeffries were natives of the Waterfall neighborhood and of fine, sturdy, honest stock and highly respected by all who knew him. The family has many friends in this community to sympathize with them in their bereavement.

Mrs. Mary E. Wilkins of Sudley was an overnight visitor with her daughter, Mrs. E. N. Pattie, on Wednesday-Thursday of last week.

Mrs. W. S. Brower spent several days last week visiting friends in the capital city.

Corn planting between showers is now the order of the day. A few had their fields finished before the last wet spell but the balance are dodging the rain drops and trying to do what is necessary to "protect their interests." Wheat is in head with very rank straw.

Mr. and Mrs. Chas. R. McDonald and Mrs. W. K. Caldwell visited Mr. Walter K. Caldwell at the Naval Hospital last week and found the patient in excellent spirits and gaining slowly in weight. His continued improvement is hopefully looked for.

Mrs. Sarah H. Caton and Mrs. C. F. Caton visited the former's sister at Oakton on Thursday last.

Mrs. C. F. Brower spent the week end in Clarendon visiting her daughter, Mrs. Edward Willis of that city.

We are just wondering what will happen to the egg and poultry market next fall when the Catharpin neighborhood goes into action with her big guns cocked and primed ready for an invasion of that industry? Within a "stone's throw" almost of each other one can count upwards of five thousand baby chicks of the white Leghorn type which are being groomed for the race after the elusive penny. About one-half of this number will qualify as egg producers while the other half will have to take their chances with the squab chicken dealer. At any rate the neighborhood is trying to make a living.

Mr. and Mrs. R. A. Collins of Marble Hill had as their guests last week Mrs. Wright, her son and three daughters of Roanoke, Va.

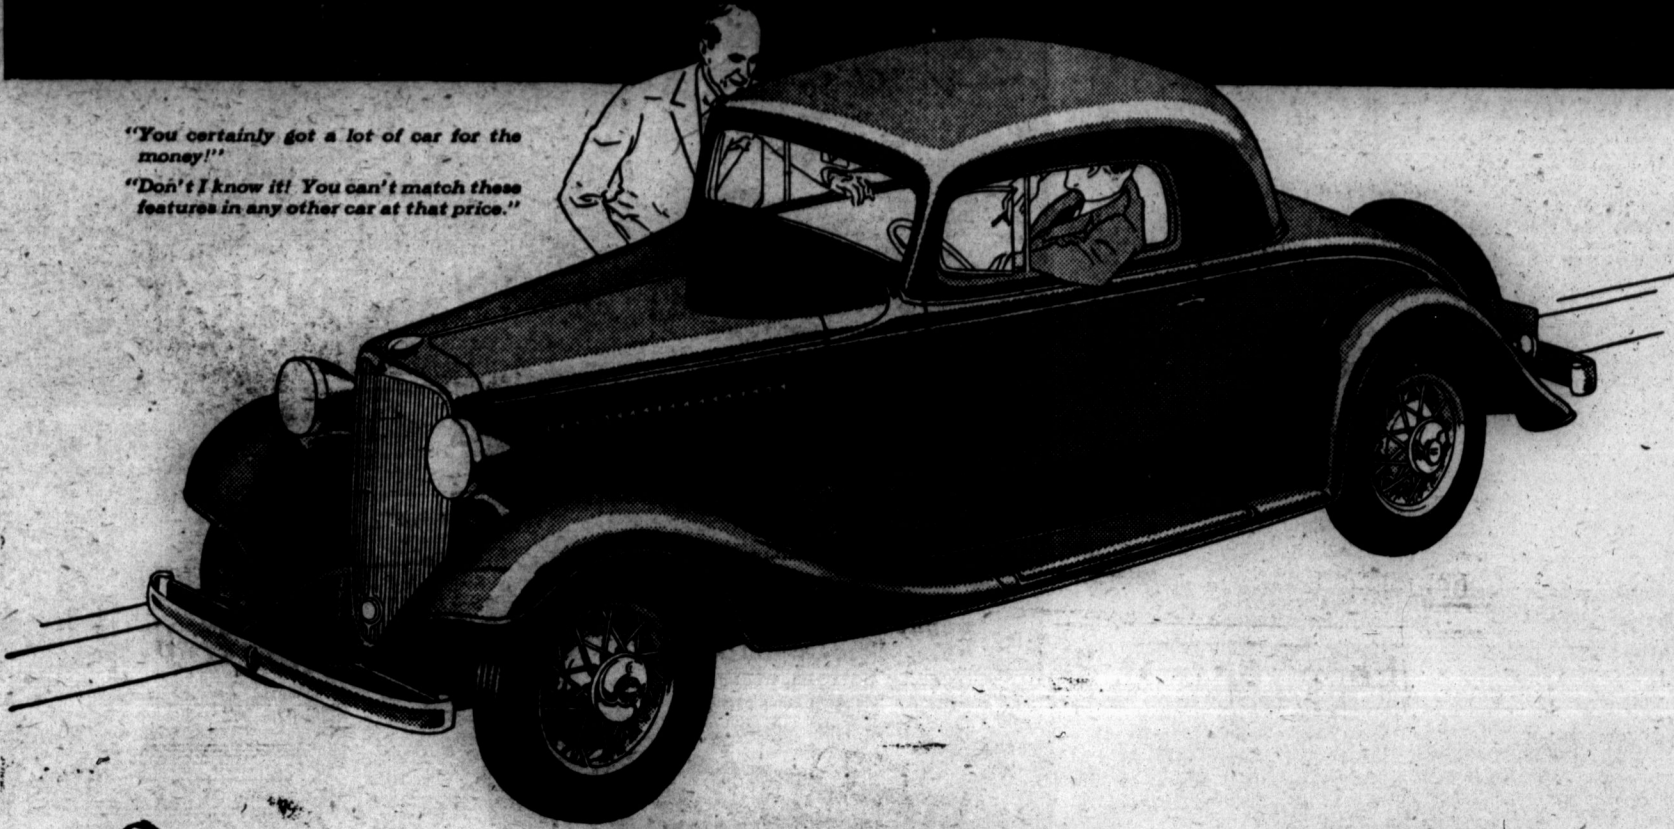

Many of our native sons took advantage of the wet weather and the up-stream movement of fish in the Potomac river and filled their baskets to overflowing with that delicious change in the meat menu—fresh fish. They were also kind enough to pass them around so that this column might know what such things tasted like. Aside from the "eating end" of it the boys had much fun at the "catching end" as well. We well remember how, in our youth, we used to go about once a year with a crowd of "home folks" to swab in the Youghiogheny river in Pennsylvania. (I'll bet you can't pronounce that.) Like all good river the "Yough" was wide and shallow in places and narrow and deep in others. The assembled crowd about 100 strong "set to" at once cutting brush, saplings etc. and twined them into a long rope or "swab" about the diameter of a bundle of corn fodder and long enough to reach across the stream. When finished it was floated out upon the water followed by a bunch of fun loving men and boys, rolling, tossing, ducking and having the time of their lives and incidentally chasing the fish down stream to where a long wall had been built from shore into the river lake a barb on a fish hook. Into the mouth of this triangle the swab was eventually floated and before it were many fish. This, then was where the fun began in earnest—catching the fish in swallow water. This column can not adequately describe this fun; you will have to imagine it for yourself; at any rate after it was all over the fish were divided into as many piles as there were participants and a "cryer" sent out of sight when the leader would point to a pile and shout: "Whose pile is this?" back would come the answer, "John Smith's"; and so on until all the piles had been awarded. This was a big day in the neighborhood since all who could be spared from home, old, young, man and woman all went either to take part or just look on and enjoy the fun. It seems to us now that these days were the "good old days" and we would like to see it repeated once more.

"Don't I know it! You can't match these features in any other car at that price."

"How is your fleet of Chevrolets working out?"

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

**THE LORD SUSTAINS:**  
They that wait upon the Lord shall renew their strength: they shall mount up with wings as eagles: they shall run and not be weary: and they shall walk and not faint.—Isaiah 40:31.

## THE RACE IS ON

The gubernatorial fight has begun with real old-time enthusiasm and, we are glad to see, with good humor. In our opinion the race is between Smith and Peery. Both gentlemen come of good old Virginia stock and both have the respect of the voters all over the State. Both of them have always worked faithfully in the State organization.

The school book situation will figure. Automobile tags will be taken under advisement, and the farmers' debts will enter the equation.

No one, of course, denies that Virginia is hard hit and the farmer is the chief sufferer. He certainly needs all the help he can get to pull him through.

Prince William County is in the farm and dairy area and we are naturally keen for the interests of our county people. We earnestly urge our readers to weigh the situation carefully and work for their own good.

During the contest let us remember that we shall have to live together after it is over and loyally support the winner.

We shall follow the campaign with interest and aim to give our readers an impartial statement of facts as they are presented to us.

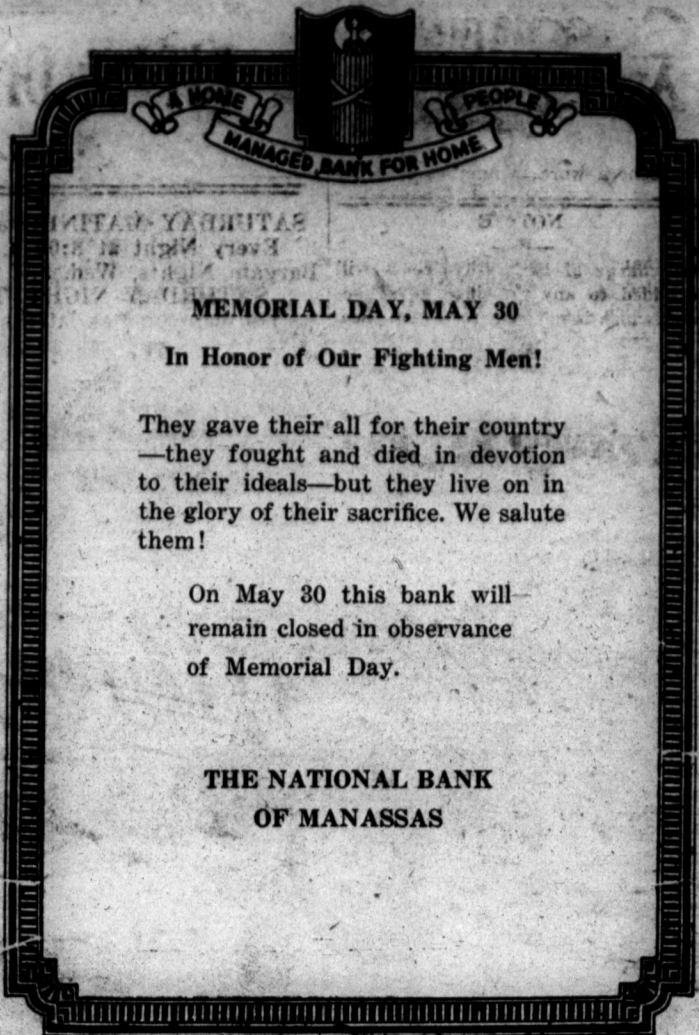

## HON. C. J. MEETZE TO SPEAK AT BEALETON

Hon. C. J. Meetze, former member of the Virginia House of Delegates for Prince William County, will make an address on Memorial Day at the Bealeton cemetery at 2 p.m.

## Tire prices may never be so Low again!

GOODYEAR certainly makes it worth while for you to put money in tires now. Your dollars never bought tires to equal the quality, the safety, the mileage which Goodyear is today building in every tire wearing the Goodyear name—

And because Goodyear now concentrates on two main lines of tires—a real saving in costs is passed on to you.

Look at the present prices of the world's most popular tire, the Goodyear All-Weather—and the prices of the thrifty Goodyear Pathfinder—and you'll certainly agree, it's smart to buy Goodyears NOW—while prices are still down close to bottom, and your money buys more than it may ever buy again.

### IN FIGURING POULTRY PROFITS—

be sure to take into consideration the fact that chicks that mature slowly require more feed, and more care than those that develop quickly. The earlier a pullet begins to lay, the sooner she becomes self-supporting. Or if you're raising broilers, you will notice a decided improvement in the quality of the meat when the chicks are fed a mash that produces rapid growth and an abundance of firm tender flesh. Having the broilers ready for market or home use two or three weeks earlier than usual means a saving of feed and care. And that's economy! Baby chicks like

#### "COME ON, TARZAN" IS NEW STYLE WESTERN

One of the most exhilarating westerns seen to date is on the screen at the Dixie Theatre next Friday and Saturday, June 2 and 3. Here is something different. Enveloping all the old-time western features, plus the usual Maynard personality, "Come On, Tarzan" has an added attraction in that the star shares honors with his famous horse, Tarzan.

The story deals with the fight of Ken Benson, Maynard, against the law that allows the range horses to be slaughtered. As a friend of the range animals, Ken fights to protect them from the "hide-hunters," as he calls them, and certain financial interests who seek to turn the horse flesh into high class dog and cat food.

With plenty of red-blooded action, fast riding, gun fights and a cast including Merna Kennedy, Niles Welch, Roy Stewart, Kate Campbell, Bob Kortman, Nelson McDowell and Jack Rockwell, "Come On, Tarzan" is one of the best western pictures to come to the screen in many a moon. Alan James directed.

*It was said about  
a mousetrap*

And Now It Is  
True  
About a Car!

Remember the old saying,  
"Make a better mousetrap  
... and the world will ..."  
and so on? Well, after all these years, there does seem to be something to it.

Pontiac sales are ahead of  
last year—and still growing

You will admit that, in a year like this, that means the car must have something. Something that people want.

Now, Pontiac does offer a lot for the money. And its price is low.

Pontiac gives a big, beautiful package of Balanced Value.

What does that mean? Simply that Pontiac gives you Economy—but not at the expense of other qualities. It gives also Durability, Comfort, Safety, Performance and Appearance. It gives all-round Balanced Value for the owner.

It means that the car wears evenly through tens of thousands of miles of use. And at the end of two or three years it gives extra dividends in the way of higher trade-in value. Fisher bodies have Fisher No Draft Ventilation. Pontiac is a typical General Motors Value—a good car to buy.

#### Read the Free Booklet

Come in for a free copy of the booklet—"What do you mean—Balanced Value?" It explains what Pontiac is, in everyday terms with which everybody is familiar. It is worth reading, because it will make you a better car buyer—a more critical judge of value.

SMITH OPENS HIS CAMPAIGN AT LOUISA

(continued from page 1)

but no accompanying reduction in public utility rates.

Senator Smith favored better laboring conditions and opposed the sale of products manufactured in penal institutions.

Concluding his interesting address, the Senator from Louisa called attention to the fact that there were three key offices in Virginia, the Governor and the two United States Senators, all three of which, under the present "Administration" plan, would come from west of the Blue Ridge Mountains.

"I, for one, was reared in the 'Organization,'" he stated. "I voted for Thomas S. Martin, Claude A. Swanson, Carter Glass, Harry Byrd, and lesser lights, and now because I have been drafted by the people from all over the State of Virginia to run for Governor I am an 'anti-organization man.' So far as the 'hand-pickers' are concerned, I am, because I refuse to be a tool, and the leaders know it and the masses of the people had just as well find it out now."

"Since I have been old enough to vote, southwest Virginia has had her Stuart, northern Virginia her Westmoreland Davis, southwest Virginia her Trinkle, the Valley of Virginia her Byrd, and the southside her Polard, and now, on the point of justice, midland Virginia is entitled to her Smith."

"During this campaign I will be asked, 'How are you going to do this, and how are you going to do that?', and I will be forced to say in these immortal words of Woodrow Wilson: 'Trust me and by the help of God I will not fail you.'"
