KIWANIS VISIT NEIGHBOR CLUB

Arlington Was Host Yesterday.

The Kiwanis meeting last week was featured by the entrance of M. C. Hazen and a party composed of Dr. A. D. Magee, Assistant Corporation Counsel Fowler, and Dr. and Mrs. Colvin.

Mrs. Colvin sang three very sweet little songs. Dr. Magee gave a dissertation on Health and Conservation while Mr. Fowler delved into a patriotic atmosphere. Ed's program was a little late getting under way but it was mighty good after it started.

Yesterday eight of the Kiwanians headed by Pres. Dick, journeyed to Clarendon while OD enlarged (and quite truthfully) upon the history and glories of Manassas. The Arlington Club is very small but has some excellent boosters in it.

BALL TEAM GAINS ANOTHER VICTORY

Sunday.

Play Virginia A. C. Here This

Johnny Lyons of the local ball team made himself the hero of last Sunday's game when he pinchhit for Chapura in the eleventh inning with one man on and one out and singled to send Wurdemann across the plate with the winning tally. This blow gave the Macks a 12-11 victory over the Herring Jewelers of Washington, who had administered them their second defeat of the season on the previous Sunday.

Buss Polen, who has done most of the pitching for the local team this year, went the route to gain the victory. The Jewelers were able to get only one safe blow off him after the eighth inning when they tied the score with a 4-run rally in which they were aided materially by some loose fielding by the Macks.

Wurdemann and Saunders also contributed greatly to the victory. Saunders led the local attack with three hits, one a home run into deep right field. He drove in two runs and scored three more. Wurdemann starred afield and on the bases. He carried four runs across the plate, including the winning tally in the eleventh inning.

Fresh from this victory, the Macks will take on the Virginia Athletic Club of Alexandria on the Swavely field this Sunday. Also, a three-game series is being arranged with the Quantico Indians during July, which are to follow the doubleheader with the Occoquan A. C. on July 4.

The box score of last Sunday's game is as follows:

M. E. Bristow, department commander of the American Legion, and Glenn Elliott, department adjutant, paid a visit to Prince William Post No. 158 on Wednesday evening. A special meeting was held at the hotel. Due to the short notice many of the comrades were unable to be present. Commander Bristow paid tribute to the work of the local Post and to its commander for the splendid work done in and around Manassas. He also brought news to the Post of other activities about the state.

GRADUATES WITH HIGH HONORS

Jack Ratcliffe to Specialize in Geology and Art.

Mr. Jack Ratcliffe, son of Mr. and Mrs. G. Raymond Ratcliffe, of Manassas, received his Bachelor of Science degree at Lafayette College last week, graduating with high honors.

MR. JACK RATCLIFFE.

Quoting from The Rho News, the following statement is characteristic of the affectionate references to him which are found in the current literature of the fraternity:

"Jack is another boy with his share of nicknames. Possum, Pap, or Rat will get him when you want him. And someone usually does want him for he is the Pappy of the House and looks after everything. Some day he hopes to be able to tell the world whether or not it will rain tomorrow. He is a great geologist and has more reasons for things than you can shake a stick at."

His exquisite drawings secured him a place on the art staff. Drawings by "Pappy" Ratcliffe, as he is familiarly known at college, are featured in fraternal and fraternal publications of the college.

His black and white line work is exquisitely fine and would even now give him a place with professionals. His scholarship and popularity is attested by many citations. He is a member of the Delta Kappa Epsilon fraternity and vice-president, treasurer and initiation chairman of its local chapter. He is also a member of the John Markle Mining Society in recognition of his attainments in geology. He expects to extend his geological research into investigative channels. In the field of athletics he received appointment as assistant to the varsity trainer.

Mr. Ratcliffe is one of the most popular of the younger set in Manassas and a host of friends unite in wishing him the success in the fields of science and art which his accomplishments assure.

SOUTHERN DAIRIES MAKE FIRST DAIRY FESTIVAL TIVIAL FLOAT ENTRY

The first float entry for the Piedmont Dairy Festival parade has been made by Southern Dairies. This is the Mickey Mouse dairy float which received honorable mention at Winchester.

H. Talbot, Quantico Marine bandmaster, writes:

"The Piedmont Dairy Festival March is completed. It consists of Southern Melodies and concludes with Dixie and Carry Me Back To Old Virginia in March Time. We have tried it out here at Quantico and it went over big."

An application for permission to give an aerial exhibition with parachute jumps on the day of the festival has been received from Mt. Vernon Airways.

DAIRY FESTIVAL GETS UNDER WAY

At a meeting of the Piedmont Dairy Festival Association of Virginia held in the Town Hall, Manassas, Va., Thursday, June 1, 1933, the following officers were elected for the year 1933:

R. S. Hynson, president; J. M. Kline, vice-president, Prince William County; W. Hill Brown, Jr., secretary; R. L. Byrd, treasurer.

The following directors were elected: W. H. Ellmore, Herndon; B. W. Middleton, Herndon; B. B. Bean, Catlett; H. W. Herring, Nokesville; Lester Huff, Nokesville; C. C. Lynn, Manassas; Hunton Tiffany, Manassas; A. H. Roseberry, Manassas; T. Benton Gayle, Fredericksburg.

E. H. Hibbs, the retiring treasurer, submitted his report which was read and approved.

The president explained the existing deficit and made a strong plea for the continuation of the festival. He advocated a better and larger festival and in order to do so recommended that all participating counties contribute in conjunction with Prince William County.

F. R. Hynson, chairman of the temporary budget committee, reported that his committee recommended certain changes in the existing by-laws of the association thereby requiring paid memberships.

Doctor Melnick, Arlington County representative, asked that further time be allowed to consider the plan as presented by the committee. And that before its adoption, its be thoroughly discussed with the dairymen of the counties composing the association before any action is taken thereon.

Mr. Hollinger, Alexandria City representative, expressed opposition to that part of the plan which suggested that clowns and humor be added to the parade. He, however, heartily endorsed the clause of the plan that required a membership fee in the amount of \$6.00 per annum considering it to be very reasonable. In presenting his views Mr. Hollinger was clear and forceful.

At this point Mr. Melnick proceeded to explain his opposition to the \$6.00 per annum dues clause as incorporated in the plan submitted.

The president suggested that the ticket feature of the plan as submitted be eliminated and that a sum certain fee in the amount of \$5.00 be placed on each member.

Mr. F. R. Hynson, Manassas, suggested that the amount of membership fee be determined at a subsequent meeting.

Mrs. R. H. Smith made the suggestion that all persons in this section be assessed in accordance to their income. She states that this method is invoked by the Apple Blossom Festival.

Mr. W. F. Cocke, Manassas, moved that the president appoint a joint program and budget committee to report at the next meeting. That said committee prepare a budget; call a meeting of the county agents of the counties composing the association in order to determine best locations to hold meetings in the separate counties, and to appoint a committee to attend all meetings and explain the program and budget that is finally adopted by the association.

The president read to the meeting letters written by Mr. Hollinger, Mr. Royden A. Blunt, Baltimore, Md., and Mr. Dowell J. Howard, Winchester, Va., commenting very favorably on the past festivals, and recommending its continuation.

In compliance with the motion made by Mr. Cocke, duly ratified by the meeting, the president appointed the following committee: Mr. Hunton Tiffany, Mr. W. E. Trusler, Mr. F. R. Hynson, Mr. A. H. Roseberry, Mrs. R. H. Smith.

The president called the next meeting to be held at the town hall, Manassas, Va., for Thursday, June 29, at the hour of 8 p.m.

ENGAGEMENT ANNOUNCED

Hon. and Mrs. C. A. Sinclair announce the engagement of their daughter, Anne Beverly, to Dr. Joseph Rogers Young of Washington. The wedding will take place the evening of July 6 in the Trinity Episcopal church at Manassas.

TOWN COUNCIL ELECTED

The freeholders of Manassas went to the polls on Tuesday and expressed their preference for councilmen for the ensuing term. Politics seemed to be laid aside for the time being and the selection might well be regarded as a popularity contest, or at least a strenuous race among candidates as to who had the largest number of voting friends. Although the Town of Manassas is overwhelmingly Democratic, our leading Republican led the ticket of aspirants for service in capacity of councilman. Among those standing for reelection, Mayor Davis headed the list. The judges of election were C. E. Nash, C. C. Cushing and E. L. Byrd, who acted as clerk. The tabulated vote was as follows:

Harry Davis, 187; W. E. Trusler, 157; John Burke, 156; Ed Conner, 149; Edgar Parrish, 148. These five, being the highest, will become the Town Council after September 1. The mayor is selected by the council from its membership.

SUBSCRIBES TO BATTLE MUSEUM

U. D. C. Chapter Hears Davis Paper by Miss Larkin.

The members of the Manassas Chapter, U. D. C., were delightfully entertained in the hospitable home of Mrs. Allen Green on June 7. Mrs. Green, assisted by her daughters, Mesdames Benjamin Brown Jenkyns Davies, Fred Dowell and Mrs. McDuff Green very graciously welcomed their guests.

Despite the heat the attendance was unusually large. Daughters and guests numbered about fifty showing increased interest in this laudable work.

The usual routine, minutes, reports of committees, etc., completed, the Battle Museum was discussed and a decision reached that the chapter make a liberal contribution to this very necessary undertaking.

Another subject not only of interest to the chapter but to the public generally was the opportunity of aiding in the purchase of a very valuable set of books, The Library of Southern Literature, which met with the approval of the chapter and Mrs. Johnson, chairman, was requested to purchase books to be placed in the school library.

The historian, Mrs. Hibbs, presented an interesting program. A paper, Jefferson Davis, prepared and read by Miss Lucretia Norvell Larkin, subject, Jefferson Davis, The Soldier and Statesman, was well prepared and showed a keen conception of the subject. It revealed the real character and greatness of the man, how he triumphed over humiliation and cruelty and gained the admiration of the people regardless of section.

Mrs. Lonas read the origin of Dixie in her usual attractive manner.

The exercises completed, a two-course tea was served by the hostesses consisting of sandwiches, salad, pickles, tea and coffee, and strawberry ice cream and cake. The guests were enthusiastic over the delightful and profitable evening spent, and a decided longing to linger was evident.

MISS SPEIDEN PRESENTS PUPILS

The recital presented by the pupils of Miss Virginia N. Speiden in the parish hall last Friday evening was delightfully rendered and well received by an appreciative audience. The stage, artistically decorated with ferns and cut flowers, formed a pleasing background for the young performers, who, despite the intense heat, rendered their several selections with much credit to themselves and to their teacher. Three of the pupils were from Miss Speiden's Clifton class, this being their first appearance in a public recital.

The program was as follows: Piano duet, Neapolitan Dance Song, Tschalkowsky, by Dorothy Mather and Mildred Clinton.

Piano, Little Neighbors, Ellis; An Evening Story, Ketterer; Three O'clock Chimes, by Mildred Clinton.

Piano, Harp Echoes, Rolfe; The Dreamer, Gradi, Hazel Bowman.

Voice, Cast From Thy Brow, Handel; When Daylight Goes, Niedlinger, by Jessie Mae Conner.

Piano, Noontide Reveries, Lindsay; Will-o-the-Wisp, Lemont, by Dorothy Mather.

PRISON FOOTBALL BASIC IDEA FOR "HOLD 'EM JAIL" COMEDY

The thought of a prison football team is funny enough to begin with. But when it is carried out to the extreme in absurd equations, when the entire prison is given a collegiate atmosphere with bands, cheering sections and an enthusiastic alumni with quaint and original methods of obtaining new gridiron talent, the basic idea easily becomes a laugh riot.

Just how funny the whole nonsensical whim can be is demonstrated by the RKO-Radio picture, "Hold 'Em Jail" at the Dixie Theatre next Wednesday and Thursday, with Bert Wheeler, Robert Woolsey, Edna May Oliver and Roscoe Ates in the leading roles.

The vehicle is the happiest selection possible for Wheeler and Woolsey. The picture is delightful nonsense which makes it at once ideal for the comics' unique style of fun-making.

There never was and never will be a prison like Bidemore penitentiary, which is where Wheeler and Woolsey land when they boast of their imaginary football prowess in a tough dive where the "scouts" for Bidemore are looking for talent.

Also, there never was a warden like Edgar Kennedy, who had a sister like Edna May Oliver, who had a niece like pretty Betty Grable, who supplies that necessary "love interest" in collaboration with Wheeler.

Wheeler is presented as the "world's greatest athlete, the man who invented athlete's foot."

The stuttering Roscoe Ates is the Bidemore quarterback who heartlessly accepts a parole at a critical moment of the "big game" and nearly wrecks Bidemore's chances for the "Penitentiary Conference Championship."

The action and dialogue of "Hold 'Em Jail" races through the field of slapstick. By the time the play is built up to the scene of the big game one should reasonably be all steamed up over Bidemore's chances on the gridiron, although there never was a football game played that even remotely resembled this one.

Wheeler and Woolsey win for Bidemore but not until they have resorted to every device of the alert gag writers' minds.

Besides the antics of Wheeler and Woolsey and Miss Oliver and Ates, Edgar Kennedy bids for plenty of howls as the futile and apoplectic warden. Warren Hymer as a dumb cluck convict and Paul Hurst coach

are also in the fun contest.

Many famous all-American football stars appear in the lineups of the prison teams, but whether they can be recognized made up as "tough mugs" is another matter.

Norman Taurog directed the picture from a story by Tim Whelan and Lew Lipton, with continuity by Albert Ray and dialogue by Walter de Leon and S. J. Perelman.

"THE LOCAL BAD MAN"
STARRING HOOT GIBSON
GOOD ENTERTAINMENT

"The Local Bad Man," which opens next Friday, June 23, is refreshingly different from the run of ordinary pictures, as it should be, being adapted from a story by Peter B. Kyne, dean of those writers who have made the great West their special province.

The story, dealing with cowboys and a Western railroad, is motivated by two crooked bankers who plan a clever train robbery and try to put the blame for it upon Hoot Gibson. They succeed in implicating him to such a depth that he seems entirely sunk, and then by a series of clever twists and situations, he turns the tables upon them.

As is usual in the new Hoot Gibsons, the star depends more upon his winning smile, his brains and his personality than upon his fists and gun.

Sally Blane, whom many readers will remember for her performances in "Five Star Final" and "The Star Witness," is charmingly wholesome as the girl station agent in Rawhide, New Mexico. Hooper Atchley and Edward Hearn are convincingly human as the two bad bankers who attempt to put the hero "on the spot."

Hoot's two Western friends, played by "Skeeter Bill" Robbins and Milt Brown, won many laughs from the audience by the realism of their Western comedy.

Others contributing good performances are Jack Curtis as the surly station agent and Edward Peil as the slow-witted sheriff.

LOW PRICE CARS VS. CHEAP CARS

We do not build a low-price car: the cost to us of building our car is pretty high.

But we do sell a high quality car at a low price.

Almost every new Ford V-8 car we have built so far this year, has cost more to manufacture than its selling price was. As you buy them at only \$490 to \$610, we have to depend on increasing volume to make up the difference.

The reason for this is simple: — a manufacturer who gives good value must expect to lose money on the first cars he sells because he cannot charge all his costs to the people who are first to buy.

But with the purchaser it is different — he cannot afford to lose anything on a car. It must give him full value from the first, and keep on giving him full value for years.

Two things make possible our combination of low prices and high cost quality:

1. Volume Production
2. Taking only one profit

First, we set our price at what would be fair to the public on the basis of economies we enjoy in volume production. Then, in order to justify and maintain our low price we must get volume sales.

Thus it comes that a car which is really high-cost to make, is also low-cost to buy.

There is a difference between a cheap car and a low-priced high quality car.

Ford prices are always fixed at a point which makes it profitable for a customer to buy.

Good and lasting business must produce profit to the buyer as well as to the seller. And of the two, the buyer's profit must be, comparatively, the larger one.

It pays us to sell the Ford V-8 because it pays you to buy it.

IT PAYS****CATHARPIN**

The young ladies of class No. 6 of the Sudley Sunday school gave an ice cream and strawberry festival in the lecture room of the church on Friday night of last week, selling early everything they had. These young ladies can certainly be depended upon to plan and carry through whatever they undertake. All are pleased with results.

Mr. W. L. Sanders, jr., of Washington spent the week end with his parents at Mt. Pleasant last week.

Gordon and Keith Willis of Roanoke are visiting with their grandparents, Dr. and Mrs. Brower, at the present time.

The mumps are now having their "inning" around Catharpin being borrowed from the Sudley neighborhood where they have been no respecter of persons since they have treated father, mother and children with perfect impartiality.

The friends of Mrs. Wilson Hundley of Stone House are glad to learn of her greatly improved condition since her operation at the Emergency Hospital, Washington, last week, and her return home is hoped for soon.

Mrs. Walter Sanders has returned home after a month's visit with her daughter, Mrs. Henry Grill of Flushing, N. Y.

Well, the weather, while putting us all in the sweat box for the time being, is certainly playing havoc with the small corn. One man, whose veracity has not yet been disputed, said his corn was growing so rapidly that a cut worm which started on a stock in the morning found itself so high above ground at noon that it became dizzy, fell off and broke its neck. We are not vouching for this story but just passing it along to see if you know a bigger one.

Mr. and Mrs. L. J. Pattie visited their daughter, Mrs. Raymond Briggs near the historic old Pohick church on Thursday of last week, Mrs. Pattie remaining over until Saturday.

Mr. and Mrs. Edward Willis of Clarendon visited Mrs. Willis' parents at Lone Oak on Sunday.

Mrs. Etta P. Lynn spent Thursday of last week with her sister, Mrs. J. Hill akers, at Rock Hall.

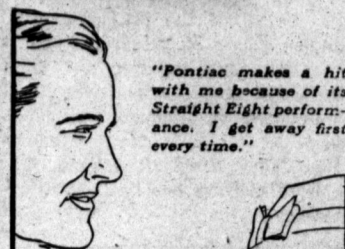

Mrs. George Carey, after a very critical experience at the Warrenton hospital during the past two weeks, is making rapid recovery and may be able to return home this week.

Mr. W. K. Caldwell still continues to hold his own and was able to attend church on Sunday. This column notes with pleasure that the Catharpin-Sudley "sick list" are all improving and doing as well as could be expected and shall be glad when they all get back to their normal conditions again.

The weather last week owing to its intense, sizzling quality, reminded us of a story some of the older members of the Sudley neighborhood are pleased to relate in regard to a dry spell they were experiencing some years ago and which was of such distressing nature that they felt called upon to meet and pray for rain. The meeting was so effectual that on their way home a great storm arose, blowing down trees and sending a flood such as they had not oft experienced and which kept some from home that night on account of swollen streams. Some time later one of the good, old amen corner members thanked the Lord for the rain but asked that the next time "would the Lord please send us the sizzlin' sozzlin' kind instead of the rarin' tearin' kind." So we in our extremity trying to keep cool last week, felt that if we were praying for weather, we, too, would like to specify the soothing, balmy kind of temperature instead of the scorching, sizzling kind we were then experiencing. However, we got through it and still living to tell how hot it was on Friday, June 9, 1933, when the thermometer roared to the century mark in the shade. It was a gentle reminder of the drouth "lest we forget."

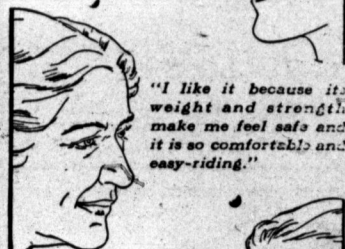

O, you Manassas! your hedges, ains and flowers are just beautiful. You certainly must be proud of them. Your "Dorothy Perkins" are gorgeous. If Dorothy herself were just half as pretty as the rose which bears her name, she must have been a wonder. We shall not take time now to search our unabridged to find suitable

adjectives to adequately express the beauty one beholds while driving through your little city but shall be content just to tell you that your lawns and flowers are beautiful to look upon. What more can we say than that?

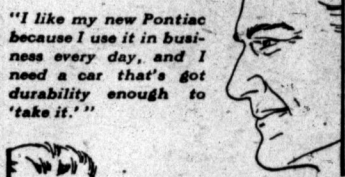

**Everybody is
Talking Pontiac****"BALANCED
VALUE"**

"Pontiac makes a hit with me because of its Straight Eight performance. I get away first every time."

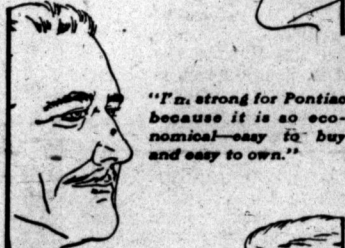

"Pontiac's appearance makes me feel proud of it—it is so smart and trim—very modern."

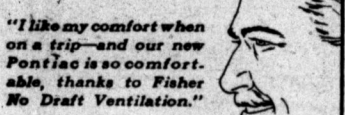

"I like it because its weight and strength make me feel safe and it is so comfortable and easy-riding."

"I like my new Pontiac because I use it in business every day, and I need a car that's got durability enough to 'take it.'"

"I'm strong for Pontiac because it is so economical—easy to buy and easy to own."

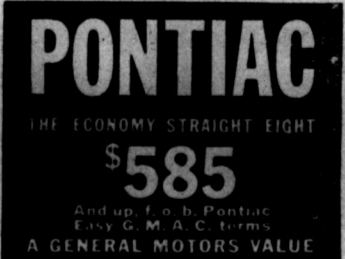

"I like my comfort when on a trip—and our new Pontiac is so comfortable, thanks to Fisher No Draft Ventilation."

EVERYBODY is talking Pontiac this year. Because in Pontiac all the parts are so scientifically balanced and related to each other, stresses and strains so well equalized, owners find, after say, 25,000 miles and more of carefree, economical use, that their Pontiacs have fulfilled every expectation, lived up to every hope. That's Balanced Value as Pontiac gives it. Ask any Pontiac owner. Any Pontiac dealer will gladly give you a demonstration. Drive it yourself.

NOKESVILLE 4-H CLUB

The Nokesville 4-H Club held its last regular meeting May 23 with a large majority of members present. Few were absent due to examinations but we are still averaging our 85 per cent attendance.

The business features of the evening consisted of dropping members who have not done their work. We are glad to say we had only four dropped, and hope our record will be as near complete at the end of the year.

We have also had two new members join, and many visitors whom we hope will become interested enough to join next year.

The program was also very interesting. Everyone was so glad to have Miss Pitts back with us after her illness that they tried to make the program something "special."

The most outstanding feature was a debate, Resolved, that Butter is of

more value than Butter substitute. Affirmative, Billy Hale, Marye Harpine. Negative, Billy Hedrick, Lapoint Trenis.

Each member having planted three dogwood trees on their place reported from them at this meeting. We do not seem to be having good luck in getting them to grow but since "nothing beats a trial, but a failure," we'll try again.

The program ended with a few peppy songs and each went to his or her home rejoicing.

Oh gee! I almost forgot, the 4-H club is now selling refreshments at the Community meeting first Tuesday of each month. Come, bring your cash. Help us send our representatives to the short course.

BIBLE THOUGHT AND PRAYER

THE GLASS BANKING BILL

The Glass-Steagall Banking Bill has become law. It is not a part of the original Roosevelt reconstruction program, but rather the result of the disclosures of irregularities in banking practices. Under this law such concerns as the House of Morgan will no longer be able to hand out favored stock opportunities while the general public became the dupes. Banks will not be permitted to trade on margins with depositors money. They will not be allowed to loan money to their own officers. Deposits will be insured. In sum, the public confidence in our national banking system will now be restored. Bank deposits will be absolutely safe. The law enacted this week will stand as one of the outstanding achievements of the Roosevelt Administration. From now on the government is going to replace Wall Street as the power behind the American people.

REPUBLICANS RATE WELL

Town elections in this area shows that much open-mindedness was exhibited on Tuesday. Herndon puts in a Republican mayor and clerk while Manassas give the Eighth district chairman a vote second only to its present very popular mayor. —News-Observer.

A HOME MANAGED BANK FOR HOME PEOPLE

A BANK'S FIRST DUTY is to safeguard its depositors. Money entrusted to its care does not belong to it but belongs to the depositors and is subject in most instances to withdrawal by them upon demand. Therefore, a bank must so manage its money that it can meet demands for funds upon short notice.

IN ORDER TO BE SAFE for its depositors and to continue its operation a bank must be conducted on a profitable basis. This means that a good portion of its funds must be invested to earn interest.

A SUBSTANTIAL PART OF THE DEPOSITS is kept in cash ready to meet demands. Since this reserve does not earn any interest, another reserve is kept in the highest types of readily marketable securities. The rest of the depositors' funds is usually loaned to customers of the bank who borrow for short terms and who can assure the bank of ready payment when these loans fall due.

BECAUSE OF ITS OBLIGATION to return its depositors' money upon demand the bank must invest a large part of its assets in self-liquidating loans of short maturities.

IN ORDER TO FUNCTION properly a commercial bank should supply temporary financial needs of persons, firms and corporations and should not undertake to furnish permanent capital.

NATIONALLY KNOWN FIGURES TO SPEAK AT HIGHWAY USERS CONVENTION

The roster of speakers at the third annual convention of the Virginia Highway Users Association, on June 26 at Charlottesville, Va., includes two widely known Virginia State officials. Henry G. Shirley, Virginia Highway Commissioner, will have for his subject "Non Diversion of Road Funds." T. McCall Frazier, Jr., director Motor Vehicle Commission, will speak on "Regulation of Motor Vehicle Transportation." Also, while he has not announced his subject, W. S. Campfield, secretary Virginia State Horticultural Society, will address the gathering.

Two nationally known speakers who will also be heard are Col. Alvin B. Barber, manager Transportation and Communication of the U. S. Chamber of Commerce. Col. Barber's subject is "Order Versus Disorder on the Highways." R. P. Page, Jr., president of The Autocar Co., Ardmore, Pa., has chosen for his subject "Modern Transportation."

The program committee feels that these speakers have chosen excellent subjects, both for their timeliness and

their interest to a wide audience. It is expected that every member will attend this convention, and that they will bring their friends. There will be no registration fee. The speakers will be heard at the morning session, beginning at 10:30 and will be open to everyone who desires to attend. The road from Antioch to the Haymarket, "pike" is rapidly nearing completion and we certainly congratulate Mr. R. B. Gossom, Jr., and his

"first assistant," Mr. Freeman Gaines and the entire road force, for the splendid road they have given us. We drove over it Sunday evening with a party of friends, and in passing swiftly over its smooth perfection, we were reminded of the days when we used to "hitch old Dobbin to the hay" and drive over its rocks and ruts and mud holes, to spend a long, happy, delightful day at "Bell-haven." We are reliably informed, at this writing, that work will shortly begin on the Antioch to Woolsey road.

Mrs. Charles Barne, who spent the past week with her parents at "Hagley," returned to her home in Washington Sunday.

Mr. and Mrs. Henry Thomas and children of Ft. Myer Heights were "Onkshale" guests for the week end.

Miss Howard Farlon Thomas, better known as "Tootsie" of Ballston is spending this week with his grandparents, Mr. and Mrs. Howard Bell.

PONTIAC PRODUCTION PICKS UP

Pontiac production during June will exceed that of any month since May of 1931.

With the month only a few days old, sustained buying demand necessitated an increase in the factory schedule of 20 per cent over original estimates to the new two-year high.

"At a time when car sales should be dropping from the normal Spring peak, Pontiac's last six 10-day sales periods all registered progressive increases over each preceding period," said R. K. White, sales manager.

"With but one exception, these periods of 1932. The Pontiac sales total for May exceeded production by several hundred units and was 76 per cent greater than sales in May of last year."

FARM LOAN NOTICE

Mr. C. R. C. Johnson of Manassas has just been appointed local correspondent for Prince William County by Mr. Geo. H. Stevenson, the Farm Loan Commissioner's agent in charge of operations for the Baltimore Land Bank District under Part 3 of the Emergency Farm Mortgage Act of 1933.

All farmers in this county, who require the type of refinancing authorized under Part 3 of this Act, should, where possible, call in person upon Mr. Johnson, who is ready to discuss their individual financial problems and to take applications for loans.

Referring to the need for prompt attention to the farmer's pressing financial requirements, Mr. Stevenson has let it be known that he is making every effort to perfect an organization capable of handling all business promptly and efficiently; that

in this connection he hopes that all local interests, farmers, bankers and business men, will give full co-operation to his local correspondent who shares in the responsibility of making this great credit service of fundamental help to the farmers in the 2nd Land Bank District.

It is pointed out that many farmers because of their involved financial situation will require assistance from both the Federal Land Bank and Agent, and in order that this may be accomplished with the least possible inconvenience to the prospective borrower, the agent has selected the secretary-treasurer of the Local National Farm Loan Association for his local correspondent. Attention is also called to the fact that the Federal Land Bank and the office of the Commissioner's Agent are both housed in the Land Bank building, insuring the closest co-operation in the administration of the farm credit laws under which they operate.

The World's Largest Oil Organization issues a Challenge and a Warning!

The oil companies are all fighting desperately for your gasoline patronage. Such a fight is legitimate and for the good of all, when the methods used to get your patronage are kept within proper bounds. However, it is only fair to point out to you that if you believe the exaggerated nonsense that is now appearing in much of the gasoline advertising you are doomed to disappointment. These claims about "super-quality"—about "quick-starting," "anti-knock," "mileage," "power," etc., are exaggerations that just don't make common sense. Why let yourself be fooled? In offering you Essolene, this company's new motor fuel, we make no claims. We

do guarantee smoother performance for Essolene. We do remind you that the Standard Oil Company of New Jersey is the world's largest oil organization, with superior facilities and a record for pioneering in improvements and new developments. And we state that this organization in making such a guarantee is fully aware of the importance of such a public statement made over its signature. We stand squarely back of Essolene as a great advance over gasoline—a challenge to all gasolines. We urge you to try it once—with a tank cleared of other fuels, and we will rest our case on your judgment. Colored Orange to Prevent Substitution
