MANASSAS, VIRGINIA

THURSDAY, JULY 6, 1933

SUBSCRIPTION \$1.50 A YEAR

REPUBLICAN CONVENTION

State Ticket Nominated at Lynchburg.

Headed by District Chairman W. W. Trusler, of Manassas, the local delegation attended the State Republican convention at Lynchburg, July 3 and 4, and assisted in selection of Republican nominees for the state offices to be voted upon next November.

The outstanding features of the convention were the nominations of Henry A. Wise for Senator, Fred McWane for Governor, Howell Royal for Lieutenant Governor, and Clarence Ahalt for Attorney General.

In the matter of platform, the convention endorsed repeal, with legalization of beer, favoring the Anderson plan of control, in case Virginia should vote for repeal of the Eighteenth Amendment. Another outstanding plank of the platform is the adoption of a sales tax.

In his keynote speech, Henry W. Anderson directed his attack upon the election laws, the state tax system, high governmental costs, abolition of poll tax, reduction of taxes and he favored reduction of the membership of the General Assembly 50 per cent.

Accompanying Eighth district chairman, W. E. Trusler, from Manassas, were A. H. Roseberry, Warner Lewis and Noah Dove.

MAYHUGH SCORES FOR MANASSAS

Mason Mayhugh came off with the glory of Manassas at the Orange Firemen's meet on Tuesday, winning the one-man hook-up.

The day was perfect and a large squad went up to take part in the exercises.

Competition was even keener this year and the local company fell a little behind the remarkable showing made last year.

NORTHERN VIRGINIA GETS ROAD MONEY

Million Dollars For Culpeper District.

Hon. H. G. Shirley, State Highway Commissioner, has just stated that around a million dollars will be allotted to the Culpeper Road District, which includes Prince William County. The appropriation comes from the \$7,500,000 industrial recovery fund of the Federal Government.

While no detailed information has been made public it is believed that a substantial portion of the money will go for the connection between the Arlington Memorial Bridge and the Lee Highway in Arlington County and the widening of the Jefferson Davis Highway in the vicinity of Alexandria.

MOVE TO PRESERVE

DRUG STORE

A move is on foot to preserve Leadbeaters Drug Store in Alexandria, founded in 1792, which has been closed since the death of Dr. Leadbeater a few months ago. The property is to be sold July 19, together with its historic relics, and collectors are very much interested.

The annual battlefield picnic will be held on the Bull Run Battlefield Friday, July 21, and will be an all-day session. Hon. John W. Rust, State Senator, will have charge of the program.

MACKS TAKE ON SEWANEE A. C.

Play on Swavelly Field Sunday; Play Haymarket at Haymarket on July 12.

The Sewanee A. C. of Washington will come here this Sunday to play the Macks. Very little is known about the strength of this team, except that the strong Ocoquan A. C. took them into camp earlier in the season.

Manager Bob Adamson seems confident that his charges will be able to take the measure of the "Sewanee River" boys from the banks of the Potomac. But you can never tell how strong an amateur team is going to be until the game is under way. For, the Eagles of Alexandria, whom the Macks were administering a sound drubbing Sunday before last, came back with a new flock last Sunday. The Macks thought that they would see a few familiar faces returning, but it was a very few. The Eagles were what is known as "loaded" when they got here last Sunday. And, what a whale of a difference it made! They just simply weren't the same team. It wasn't simply a case of better baseball playing, but, rather, of better baseball players.

When rain came in the first of the sixth, the Macks were on the short end of a 5-2 score, partly due to some ragged playing by the Mack fielders. Buss Polen was proving himself the same old masterful pitcher, but the team was suffering one of those slumping periods when everything they did seemed to go wrong. They were trying, but to no avail. But, next Sunday should tell a different story.

WILL VISIT ADEN COMMUNITY

Kiwanis Club to Be Entertained There.

The Kiwanis Club will go to Aden for its regular meeting this week, the place of assembly being the school house at that point. The 4-H club has promised to put on the program. Last week, Ed Conner closed his successful month by introducing Revs. Ryland, pastor of the Baptist church, and Goodwin, who has just concluded a very successful revival meeting here.

Mr. Goodwin spoke a little briefly but in a very interesting manner. It developed that he is a native of the county, being reared in Brentsville District.

HEADS LETTER CARRIERS

C. A. Moore, of Vienna, has been elected head of the Prince William, Fairfax, Arlington and Alexandria branch of the Rural Letter Carriers' Association. Other officers elected Monday night are J. C. Long, Alexandria, vice-president, and O. W. Chesley, secretary-treasurer. Several residents of Manassas are members of the association.

WANT MANASSAS ON NEW ROAD

Citizens Confer with Carson.

A group of Manassas citizens composed of R. A. Hutchison, W. Hill Brown, Jr., W. H. Leachman, E. R. Conner, and Town Manager Coker journeyed to Front Royal yesterday to interview State Senator Aubrey Weaver and Hon. W. E. Carson, head of the State Conservation Commission relative to the newly-proposed Federal Aid road to pass through northern Virginia.

It is stated that the Front Royal group are favorably inclined to the proposals advanced by the Manassas people relative to location of the route in Prince William County, which would naturally include the Town of Manassas.

Popular Official Remains Head of County School Affairs.

All members were present at the Board meeting yesterday. The following officers were elected: D. J. Arrington, chairman; W. L. Lloyd, vice-chairman; R. C. Haydon, clerk.

Mr. Harry M. Love was elected teacher of vocational agriculture at Manassas and Nokesville, vice J. P. Pullen who has resigned to Whitwell in Pittsylvania County.

Mr. Love has had four years, holds a master's degree from V.P.I. and has for past year been teaching in that institution during the absence of Professor Sanders. Mr. Love has already reported for duty.

Wood contracts were awarded as follows:

Brentsville, Jake Connor; Bristow, H. J. Mertz; Aden, C. R. Earhart; Greenwich, Kettle Run, Woodlawn, H. J. Mertz; Woodbine, Community League; Goldridge, C. R. Earhart; Hayfield, Walter Woolfenden; Buckhall, Anton Lund; Manley, Warren Griffin; Neabsco, Owen Thomas; Thornton, McCrae, North Fork, Hickory Grove, E. M. McCua.

The Board passed a resolution authorizing E. H. Hibbs and H. T. Davies to locate a swimming pool on lawn of the old court house at Brentsville. W. L. Lloyd was appointed a committee to confer with them.

The Board made arrangements to visit Hon. G. W. Herring, delegate to the General Assembly, relative to the emergency arising due to the curtailment of state school funds.

MARRIAGE RECORD

July 6 - Cumberland Cornwell and Rena Edith Cornwell.

POLLARD CALLS EXTRA SESSION

NOTICE TO S. S. WORKERS

The County Sunday School convention will be held on Wednesday, August 2, at the Manassas Church of the Brethren. There will be both a day and night session.

Each Sunday school of the county is asked to send delegates, reports and an offering for state and local Sunday school work.

HINE-CLARKSON

A marriage of much interest to many of this community took place at Trinity church, Vero Beach, Fla., at high noon on Wednesday, June 28, when Miss Mary Cordelia Clarkson, daughter of Mr. and Mrs. Charles Dana Sayre Clarkson, became the bride of Mr. Donald Franklin Hine, son of Mrs. F. E. Hine of Hemstead, Long Island.

White oleanders and periwinkles massed about the altar and chancel and the soft light of tall cathedral candles made an effective setting for the ceremony, which was most impressively performed by the Rev. J. Mitchell Taylor, rector of the church.

The bride entered on the arm of her father, who gave her in marriage. She was lovely in her wedding gown of soft, white mousseline de soie, made on princess lines with short puffed sleeves, the skirt being gored with flare effect, and was floor length. Her veil of tulle was arranged in cap shape with a band of orange blossoms at the back, and fell in soft folds to the hem of her dress. Her flowers were water lilies and ferns. Mrs. Merrill Barber and Elizabeth Clarkson attended the sister as matron and maid of honor. Mrs. Barber wearing a gown of sheer white mousseline de soie with a delicate tracing of green, a small hat of white organdie and organdie gloves. She carried an arm bouquet of varicolored flowers. The maid of honor wore a girlish dress of Nile green organdie and carried a round bouquet of Shasta daisies.

The bridesmaids were Miss Ella Posey of Mobile, Ala., and Miss Josephine Hine of New York. Their gowns were of green and white organdie, organdie gloves with large cuffs and small organdie hats completed their costumes. They carried round bouquets of Shasta daisies. The ushers were Dr. E. B. Hardee and Mr. Merrill Barber. The groom had as his best man Mr. Robert Irwin of Boston, Mass.

There was a pre-nuptial program of organ selections and "O Perfect Son" was sung. Lohengrin and Mendelssohn wedding marches were used. Immediately following the ceremony a beautifully appointed breakfast was served to the bridal party and a few intimate friends at the home of the bride's sister, Mrs. Merrill Barber.

Later in the afternoon Mr. and Mrs. Hine left for their wedding trip to Havana, Mrs. Hine wearing a stylish costume of dark blue georgette with a small blue hat. Upon their return they will make their home at Garden City, N. Y.

The bride is affectionately remembered here, as a little girl, and is the granddaughter of the late Dr. and Mrs. Henry M. Clarkson. She was graduated from the high school of Penacola, after which she entered the Woman's College at Tallahassee, Fla., from which she was graduated in 1930, and is a member of the Sigma Kappa Sorority.

Mr. Hine comes from a very prominent family of Milford, Conn., and is a graduate of Yale University. The Clarkson family were among our best known and most popular residents, and it is hoped may ultimately return to their home here. They have made many friends in their Florida home, and prior to her marriage the bride had many charmingly arranged entertainments given in her honor.

A PROSPERITY HEN

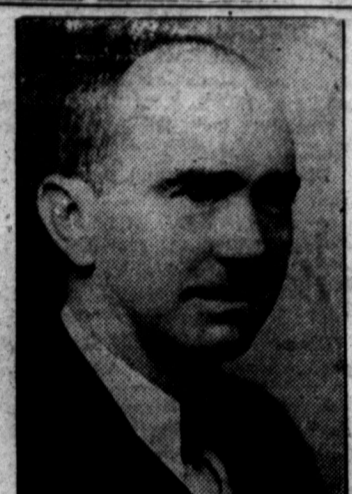

Mr. W. N. Merchant has a two-year-old Plymouth Rock hen whom he recently suspected of having a stolen nest. One morning she came up for feeding with twelve thrifty chicks. Wishing to bring her back to the chicken yard he carefully watched where she went with her brood and he found her headed for an overturned empty barrel. Peeping in the barrel he saw five eggs. Next morning she showed up with seventeen fat chicks and stayed around the house with her brood. She had gone back to hatch out the other five eggs. Mr. Merchant calls her his prosperity hen.

ORDERS FEDERAL PAY CUT CONTINUED

President Roosevelt yesterday ordered the 15 per cent pay cut imposed on Government employes from April 1 to June 30, continued until January 1.

He announced his decision was based on a study of Labor Department living cost figures.

At the time the cut was imposed, it was stated that should living costs increase sharply before July 1, the beginning of the new fiscal year, there would be a modification of the cut.

State Senator W. Worth Smith, jr., will speak over Radio Station WJSV this evening at 9:00. The speech will last one-half hour and will cover the essential features of his platform.

FORESTRY CAMP IS ABANDONED

Considerable dismay was felt by the business men of the town when word was received today that the Forestry camp which was to have been started in a few days has definitely been abandoned for this calendar year and possibly altogether.

Bids for supplies had been asked for and delivery on some would have started almost at once. No reason has been given for the change of plans but it is probably on account of a general lack of sufficient funds which brought about the change.

Mr. A. W. Smith, of New York, who has been working for some time in making arrangements for establishment of a forestry camp in the vicinity of Lake Jackson, in Prince William County, left this morning for Front Royal.

YOUNG-SINCLAIR

Tonight at 8:30 at Trinity Episcopal church Miss Anne Beverly Sinclair will become the bride of Dr. Joseph Rogers Young of Washington.

The bride, who will be given in marriage by her father, Hon. C. A. Sinclair, will wear a white satin gown, empire style with cowl neck and tight wrist length sleeves. Her veil will be held in place by a cap, caught at the neckline by a circlet of pearls. She will carry a shower bouquet of white gardenias, roses and lilies-of-the-valley.

The bride's sister, Mrs. Joseph O. Fitzwater, will be matron of honor and will wear a peach-colored princess dress with separate jacket and hat to match and will carry pink roses and blue delphinium.

The bride's mother will wear beige lace and chiffon with broad-brimmed green horsehair hat trimmed in two shades of green ribbon, and will carry talisman roses.

Dr. Young's best man is Mr. Edward R. Thomas of Washington and the ushers, Dr. George M. Grant of Boston, Mr. Leo J. Paulin, Mr. T. Alexander Kerr, and Mr. Albert Sardo, all of Washington.

The church is decorated with massed ferns, oleander and gladiola.

Rev. A. Stuart Gibson, rector of the church, will officiate.

After the ceremony, a reception will be given by the bride's parents in the spacious dining room of the Prince William Hotel.

Immediately after the ceremony Dr. and Mrs. Young will leave by motor for Chicago.

The bride's going away costume is white silk crepe with blue felt over-jacket, with blue and white hat, and white accessories.

The Journal extends best wishes to the young couple.

LEGION COUNCIL MEETS AT MANASSAS

The June meeting of the Eighth District Council of the American Legion, Department of Virginia, met today in Manassas. Representatives from the 12 Legion Posts in the 8th District were scheduled to attend. Chairman Sidney Weil, of Alexandria, is presiding.

Senator Smith Wins Fight for Emergency Legislation.

August 17 Set for Extra Session.

Governor Pollard has called a special session of the General Assembly of Virginia to meet August 17 for the purpose of enacting emergency legislation, particularly to legalize the sale of beer in Virginia and to set up the necessary machinery for holding a referendum on the question of repeal of the Eighteenth Amendment.

Since the inauguration of President Roosevelt, Senator Worth Smith has insisted upon the calling of a special session. On a number of occasions the Governor has issued statements declining to call the legislature, but rising insistence, particularly on account of the huge losses of revenue and business, has finally reached such proportions that the call has come.

The date, set at August 17, is said to be chosen in order to permit Governor Pollard to attend the Conference of Governors in California, of which he is chairman.

Two-thirds of the membership of each branch of the General Assembly petitioned the Governor and a majority have stated that they favor limiting the work to legalization of beer, authorization of a referendum on repeal of the Eighteenth Amendment, participation in the Roosevelt Public Works program, and emergency legislation recommended by the Governor.

PREPARATIONS MADE FOR STATE FIRE MEET

Sherwood T. Brockwell, North Carolina state fire marshal and an instructor at the University of Maryland fire college, has accepted an invitation to attend the conventions of Virginia State Firemen's Association and the State Fire Chiefs' Association of Virginia, which will be held in Harrisonburg on August 8, 9, 10 and 11.

Brockwell, a recognized authority on modern fire-fighting, will confer while here with members of the committee in charge of the organization of the 18 fire schools throughout the state that will be established by the League of Virginia Municipalities.

Other well-known authorities on fire fighting who will speak before the convention include Chief Howard Travers of the Baltimore, Md., Fire Department and Harold Baumes of the League of Virginia Municipalities. Chief Ross Davis of the Philadelphia Fire Department has also been invited to attend the convention and will probably be on hand.

For the past several weeks reservations have been pouring in and the committee in charge of arrangements expects this year's convention to be one of the largest of its kind ever held. At date 15 companies in the association, six bands and four drum and bugle corps have already made reservations and filed application blanks. Many companies from the Cumberland Valley Association are also expected to attend due to the fact that attractive prizes are being offered.

Mayor F. H. Wheeler, of Clifton Forge, is president of the Virginia State Firemen's Association and Chief R. S. Baughm, of the Norfolk Fire Department, is president of the State Fire Chiefs' Association of Virginia.

LEGION COUNCIL MEETS AT MANASSAS

The June meeting of the Eighth District Council of the American Legion, Department of Virginia, met today in Manassas. Representatives from the 12 Legion Posts in the 8th District were scheduled to attend. Chairman Sidney Weil, of Alexandria, is presiding.

VIEWS OF COUNTY CHILDREN TAKEN BY RED CROSS NURSE

This little group, too, should all have been immunized against diphtheria. The two with touled hair have beautiful curls when nicely combed but the picture was taken just before the Saturday bath. They all get a good bath at least once a week, though some of our county children do not. The nurse always enjoys a visit to their house.

This little fellow who loves his kitty so much wants only a chance to do something in the world. He showed considerable spunk when he had to have anti-toxin injected with a big needle under his shoulder because his older brother had diphtheria. If the children in this family had been immunized against diphtheria before they were a year old this would not have been necessary.

The two babies in this picture are cousins. The one on the right is nearly a year older than the other. She is lively and full of mischief but has always been tiny. The little girl in the background is a little Beginner this year. The Kiwanis Club took care of an operation which prevents her going into school with a crippled right hand.

CATHARPIN

Score one for Waterfall. They can remember back 25 years while we can hardly remember what happened yesterday.

"Bob" and "Bill," twin sons of Mr. and Mrs. Chas. F. Brower, jr., of Purcellville, Va., were guests of the Alvey boys and other friends over the week end and, as is always their custom at home, attended Sunday school at Sudley on Sunday. It seems but a short time since their mother, then Miss Eleanor Cushing Wilkins, was a member of Sudley, a worker of ability and a help in every way. She is bringing her family up to do likewise. People were glad to see the boys and made them welcome.

A large audience greeted Dr. J. Howard Wells last Sunday morning at Sudley as he preached from the subject "The Preacher and His People." Dr. Wells, always excellent, certainly gave us something to think about. It was too bad that all Sudley could not have heard it.

The fourth quarterly conference was held at the parsonage on Saturday with all charges represented, reports just fair with the hope that the closing quarter may clear the financial situation to the entire satisfaction of all concerned. This note could not be complete without mentioning the fine dinner served by the parsonage hostess, Mrs. Swecker, who certainly is a master of the culinary art if there ever was one. Mrs. Swecker is loved by the entire membership of the circuit for her great helpfulness and the good woman that she is.

Mr. Julian Simpson of Washington was a dinner guest of Dr. and Mrs. C. F. Brower one day last week. Mr. Simpson is well known and has many friends in the Catharpin neighborhood.

Mr. and Mrs. Henry Grill and children of Flushing, L. I., are visiting Mrs. Grill's parents, Mr. and Mrs. W. L. Sanders of Catharpin.

Mrs. J. W. Alvey and her sister, Mrs. E. S. Clary of Lawrenceville, Va., motored to Purcellville last Friday where they spent the day with Mr. and Mrs. Chas. F. Brower.

An innovation was experienced and enjoyed at Sudley on Sunday when the weather was so hot that all present, especially the men, were very uncomfortable with their coats on. The P. E. recognizing the fact told them they could be just as religious with their coats off as on and that any one desiring to do so could remove them at pleasure. A hint was all that was necessary and in a very short space of time shirts of all colors were on display to celebrate the "new freedom." If we are any judge in such matters we would say that they were more religious or at least more comfortable. The ladies, however, were not so responsive. They were told to take off their hats if they so desired, but here was where the Elder made a mistake; he evidently is not acquainted with the "permanent wave" situation or he would have known better than to suggest any displacement or musing-up of those pretty little ringlets of beauty which were so carefully held in place by the supposed offending hat. No, Sir-ee! We men may know how to hoe potatoes but we had better let the ladies run their own hats.

Well, we had our pride mortally wounded the other day. While talking to a gentleman who is pretty well known in this section, we happened to mention Catharpin. "W-H-A-T?" he said; "What is that name?" We replied it with much dignity and explained it was an old Indian name etc. etc. after which he replied: "I never heard of it." Now can you for a moment imagine what our feelings would be like if Hickory Grove, Waterfall, Woolsey, Haymarket and Gainesville were to find that out? For the sake of our dignity, our sensitive feelings and our "leadership" we ask you not to tell them.

As we "go to press" this Monday morning we are being treated to an unusual weather situation. Sunday was so hot one could hardly live, while this morning is so cold and stormy that one hardly wants to live. "All Sunday night long the storm blew on"; winds howled, rains descended, floods came, and this morning the fields are washed, corn is flat, water-gaps gone, threshing machines standing motionless, grain shocks upset; coats, that were discarded yesterday as nuisances, are today hunted yester warmth; so there you are. What are you going to do about it?

POSTMASTER

LOSES JOB

Fairfax Postmaster Relieved Before End of Term.

Miss Ludema Sayre, postmaster at Fairfax, has been relieved and Mr. Lewis M. Coyner appointed to fill the vacancy. Miss Sayre's term regular term would not have expired until 1936.

No reasons have been made public for the dismissal. Postal Inspector H. E. Alford immediately took charge of the office records, preliminary to placing everything in shape for the incoming postmaster.

Miss Sayre, who is a native of California, was appointed by President Harding and continued through the administrations of Calvin Coolidge and Herbert Hoover. An ardent Republican, she had worked industriously for Republican success in Fairfax County, and her departure before the end of her term will no doubt be widely regretted by her party colleagues.

NEW "WESTERN" IS FAST-ACTION FILM

The deep emotional struggle between friendship and the relentless duty of the law — friendship born when one's life is saved by another — is set forth in "Cornered," Tim McCoy's latest Columbia "western," which opens tomorrow at the Dixie Theatre.

Tim McCoy takes the part of Tim Laramie, popular and respected sheriff of Bandera Gap. He has cornered three outlaws. One of them is about to shoot him in the back when Moody Pearson, foreman of Dan Herrick's ranch happens on the scene and saves Tim's life. Moody is in love with Herrick's daughter, Jane, but Herrick opposes the marriage, and Moody and Herrick have a quarrel. Later Moody is found, gun in hand, standing over the dead body of Herrick. He is tried and convicted of Herrick's murder.

Moody and Jane are allowed to have a final farewell meeting at the jail on the day Moody is to be sentenced, and while Tim is outside trying to quell rising sentiment for the lynching of Moody, Jane persuades her lover to escape. Moody makes a getaway, but it costs Tim his job and public disgrace. Tim discovers evidence that Moody might be innocent; he has found some matches stolen in a peculiar way, at the Herrick ranch.

Moody made his way to the town of Mesquite where Jane also has gone to visit her aunt who still lives on the ranch formerly owned by her father. Moody has joined up there with a reprehensible gang of outlaws, headed by Laughing Red Slaven, although he is not aware that Jane is in the same town. Tim however meets Moody in Mesquite — they feign enmity, but in reality work together.

Tim goes to the ranch where Jane is and signs up as range-rider. He finds the ranch honeycombed with bad men, in fact, the whole town is baffled by the Red Slaven gang. Tim begins to clean up things. He gets his proof that Red Slaven is the actual murderer of Dan Herrick when, right before Tim's eyes, Red angrily and nervously, breaks a match in the same way that the matches were broken which Tim picked up back on the Herrick ranch.

This assures the clearing of the name of Moody; but Tim has other work to do — rid the town of the Slaven gang. By a clever ruse Tim has arranged for the whole Slaven gang to be in town and to be taken unawares by a group of ranchers, which Tim has got together for an attack. This works perfectly and the followers of Red Slaven are no more. Red and Tim shoot it out in the town's saloon.

It's Cheaper to Buy Products of Proved Quality!
 Too often, the "bargains" you see on untried products are bargains in name only. Too often, the "special price" is the reflection of inferior ingredients and workmanship. Too often, the trifle you save is lost many times over in the damage the article does. Insist on proved brands of merchandise. Then you are certain of getting exactly what you pay for.
WHITE ROSE CHICK STARTER
 and
WHITE ROSE GROWING MASH
 —like all WHITE ROSE products, must come up to a very definite quality standard before they are permitted to bear this trade name. Let your baby chicks be the judge. They will eat more WHITE ROSE Mash every time. And the more they eat, the faster they will grow! Try these mashes and see for yourself.

NOKESVILLE

The young people of Nokesville Church of the Brethren gave a most delightful lawn party on Friday night last. Games were played and a merry time was had by all.

Mr. and Mrs. J. Howard Payne of Riverdale, Md., are spending this week at the home of Mr. Ewing McMichael.

Quite a party of men from around town went for an overnight fishing trip to Colonial Beach last week. Among them were Mr. Lester Huff, Mr. Ernest Spitzer, Mr. Stuart McMichael, Mr. Emory Gray, Mr. Charles Fitzwater and Mr. O. Fitzwater.

Misses Margaret and Arlene McMichael are spending a few days vis-

iting their brother, Mr. Thomas McMichael of Riverdale, Md.

Mrs. M. E. Jonas has been in Washington for the past week with her daughter, Mrs. T. Allen Bodine.

Mr. Stuart McMichael spent Sunday in Charlotte Court House, visiting friends.

Most of the people of Nokesville spent the 4th in Catlett enjoying the "Big Day" there.

We were certainly glad of the fine rain which broke the intensely hot spell we were having.

DEMONSTRATION AT HICKORY GROVE

There will be a demonstration on canning and drying vegetables at Hickory Grove School on Friday, July 14, at 2 o'clock. All women of the community are invited to attend.

HAYMARKET VICTORIOUS OVER RECTORTOWN

The Haymarket Athletic Club celebrated the Fourth of July by journeying to Rectortown to defeat that club 13-7.

The game was quite interesting until the seventh inning, when the war clubs of Allison, Roland and Buckner of the visitors which had been ringing continuously throughout the game, broke loose again with Allison singling, Roland doubling and Buckner's terrific drive to right center for a home run clearing the bases.

This connected with the sturdy pitching of Herrell, former slabman of the high school brought about the defeat of the strong Fauquier team, which was their first defeat in many games.

HAYMARKET

The Woman's Club of Haymarket held the regular monthly meeting on Tuesday, July 4, in the club room. An interesting program was arranged by Mrs. Watson, suitable to Independence Day. One verse of "America" was sung, followed by readings by Mrs. Watson, Mrs. John Carter and Miss Williamson.

A change has been made in the day for the monthly meetings. They are now held on the first Tuesday of each month, and until further notice the hour will be 3 o'clock instead of 2:30.

On Wednesday evening, June 28, the club gave a dance in the Masonic Hall at Haymarket. There was good music, good refreshments and only a small admission charge, and everyone voted it a most enjoyable evening.

There will be another of these dances in August or September, and it is hoped many will attend. The next meeting of the club will be on Tuesday, August 1, at 3 p.m.

The funeral of Mr. William Lewis Heuser, for many years a resident of this section, who passed away on Friday last at the home of his daughter, Mrs. Freda DiZeraga of Aldie, was held on Saturday at 5 o'clock at St. Paul's church, the service being read by the Rev. Mr. Mayers of Aldie, assisted by the Rev. W. F. Carpenter, rector of the church. Several familiar hymns were sung, and a few appropriate remarks were made by Mr. Mayers touching upon Mr. Heuser's often expressed love of the Episcopal church, and the fact that he was born within the shadow of Grace church, New York City. In the presence of many of his old friends he was laid to rest in the lovely churchyard by the side of his wife and son. Mr. Heuser was for more than fifty years a resident of the Haymarket community, his farm "Burnside" being about three miles from the village, and he was held in high esteem and regard by a large circle of friends and acquaintances. Shortly after the death of Mrs. Heuser, who was Miss Dora Foote of "Waverley Farm," he went to Aldie to make his home with his daughter, Mrs. DeZeraga, by whom he is survived, together with two granddaughters and two little great-grandchildren.

Mrs. Nellie Clarkson Reading of Washington is spending this week with Miss Lora Glascock.

Miss Mary Price and Miss Bell Price will be the guest of Mrs. A. W. Amphlett for the coming week end.

Mr. and Mrs. Lewis F. Hite and Miss Hite of Cambridge, Mass. will be here week end with relative shortly advance.

BREADLINES TO HEADLINES

How famous Hollywood film folks whose names now lead the list of stars rose from jobless young men and women who didn't know where the next meal was coming from to success and security in the celluloid kingdom is but one of the many interesting stories appearing next Sunday, July 9, in the Magazine Section of The Washington Star.

CHRIST FOR ALL—ALL FOR CHRIST

BIBLE THOUGHT AND PRAYER. If parents will have their children receive the daily Bible lessons, it will prove a precious heritage to them in after years.

Let every man abide in the same calling wherein he was called.—I Corinthians 7:20.

A MODERN PAUL REVERE

The statement of Coleman Andrews, former state auditor of public accounts, made before the Institute of Public Affairs at Charlottesville this week, is epochal.

It literally means that the drift which county management is taking is that the county lines will be largely wiped out by a central management at Richmond which will more efficiently control the spending of all county funds.

This is an exceedingly dangerous state for our local governments to be in. We were first offered the sop of the removal of our road levy. This looked mighty good to an overwhelming proportion of the state. The matter of self-government was largely lost in the shuffle.

Naturally such an outgrowth as applied to the rest of county matters would be awkward. We fancy that it would be applied to the school system as a unit, for that is the other great factor in our county make-up.

It comes somewhat like a dash of cold water in the face for a person so experienced as Mr. Andrews to make this statement at an assembly which is certainly totally non-political. With the rural areas still floundering in distress and with the industrial centers still much below par, it would seem that Mr. Andrews has sounded a final solemn warning. Coming in the midst of a gubernatorial campaign in which one of the candidates is shouting prosperity of the Commonwealth as his guarantee of election, this speech may have some effect on many wavering voters who read and consider what Mr. Andrews says.

THE ACID TEST

"The proof of the pudding is in the chewing of the bag."

This old adage is one still used on the hearth stones of merrie old England.

It is also applicable to men and their doings.

We have three men in the State of Virginia now aspiring to the great office of Governor of this Commonwealth. What have they done for the good of their constituencies? Deal's alibi for passing out of the picture in 1928 is that Harry Byrd doublecrossed him. We won't trouble to argue that statement. It is childish. Next to that, Mr.

A FASCINATING GAME

to watch the savings grow and count up the accrued interest. You can not start a bank account for the youngster too soon; for thrift is the foundation stone of success. Start him off today on the path that will lead him to prosperity in later years.

The Peoples National Bank of Manassas

Deal has only the whiskey bottle to wave to high heaven. With John Pollard standing on the bridge, Deal isn't going to get by him, at least not before August 1.

As to Mr. Peery. He makes his stand entirely on the excellent record of good government that Harry Byrd made in the golden era from 1925 to 1929, which is still felt in Pollard's administration. Aside from that he depends utterly on those who think that they are to back him as an organization candidate. Counter to that we have Harry Byrd's assertion that he is NOT in the fight.

WHAT act of legislation did Mr. Peery put across while representing the Ninth District, or for what act in favor of the public weal is he responsible while on the State Corporation Commission? WE DO NOT KNOW NOR HAVE WE BEEN INFORMED.

On the contrary, everything that Worth Smith has done during his ten years of public service has been in the interest of the taxpayer. He made his first fight to keep the State from being hopelessly bonded for a road system that was later built as well without bonds. He has fought consistently to hold down the unnecessary costs of school books, and many other things too numerous to mention in a short space. His last move was an effort to have an extra session of the legislature to keep pace with Roosevelt's "NEW DEAL."

He advocates a healthy cut in the tax burden which has sunk heavily into our shoulders while his opponents take short passes and hesitate to make the drastic recommendations for which he stands.

He has a DEFINITE PROGRAM. It is one that a very poorly schooled person might understand. He is near to that man and wants to help him. Will that man vote against him? We think not, and further we think that the vote of August First will give the farmer candidate such a heavy plurality that the echoes of it will be heard for years just as are the echoes of the splendid plurality that Harry Byrd made in 1925.

—The Stafford Ranger.

WHAT'S THE MATTER WITH THE WEEKLIES?

The Clarke Courier, of Berryville, appears to be the only weekly carrying its "ticket" in its masthead. We note that they are supporting Judge George C. Peery for Governor. We take it that Clarke County has some strong sentiment in it for Judge Peery.

—News-Observer.

PREPARE RAPIDAN FOR ROOSEVELT

A squad of picked men from C. C. Camp No. 2 at Big Meadows on the Skyline Drive were assigned yesterday to the Hoover Camp on the Rapidan to get the premises in readiness for a proposed visit of President Roosevelt. It is reported that a pressing invitation has been extended the President from William E. Carson, and that he will probably spend several weeks there this summer.

The group under Assistant Superintendent T. T. Early will clean up the premises, which have grown up to some extent, and construct a driveway from the main road entering the grounds around in front of the camp property. Mr. Early will have entire charge of restoring the camp to its former beauty, and will use such men as he requires. In addition a half-dozen marines under Sergeant Taylor, who have been caretakers there, will continue.

The camp will continue as a marine base, a renewal for another year have been asked of the contract with the Madison Power Company. At present the camp is in charge of the Conservation and Development Commission, having been turned over to the State by President Hoover.

Mr. Roosevelt has already made one trip to the camp. Since then members of his official family, including the Vice-President, have been present. It is understood that the summer White House is being placed in immediate readiness for occupancy.

PLANS FOR THE SECOND SECTION OF SKYLAND ROAD

W. M. Austin, chief of engineers in charge of surveying the Skyline Drive in the Shenandoah National Park, states that plans for the second section, south of Front Royal, will be ready to submit for contract by July 15. Plans for the first section were completed almost two months ago.

A preliminary survey over the third section extending to Panorama was partly completed last winter before the transfer of the engineers to Front Royal to begin the survey at the northern terminus of the drive. A small group of engineers is now engaged in flagging and preliminary surveying the third section. Survey work on this section will be pushed, upon completion of the second section. Plans are expected to be ready for the entire 32 miles from Front Royal to Panorama by September 15.

For the past three weeks 22 stone masons have been engaged in building guard rails along the completed highway from Panorama to Spottswood Trail. Assisting are 22 helpers from the C. C. C. camps in the park area. About one and one-half miles of guard rails, which are stone walls two feet high and two feet wide, finished to line, are already built. These will be completed for 15 miles.

"HELLO TROUBLE" A DARING BUCK JONES WESTERN

Packing the wallop of twenty mules, "Hello Trouble," Buck Jones' latest Western picture, is coming to the Dixie Theatre next Friday, July 14. To this reviewer, "Hello Trouble" easily takes first rank among all the pictures this famous star has made.

"Hello Trouble" not only has plenty of fast shooting, hard riding, rough and tumble fighting, and beautiful scenery but it has what so many Westerns seem to lack — a carefully developed dramatic plot.

Columbia has given its popular he-man star a splendid supporting cast. The raven-haired Lina Basquette, former Ziegfeld Follies beauty, is the heroine. Wallace MacDonald and Alan Roscoe, two leading character actors, are the ringleaders of the band of rascals which forces Buck to get his pair of six-shooters into effective action. Other well-known character actors are Ruth Warren, Otto Hoffman, Ward Bond, Lafe McKee, Spec O'Donnell and King Baggett.

As the picture opens, Buck is a Texas ranger assigned to capture three outlaws who are heading for the Mexican border with stolen horses. They prefer to shoot it out with him and all die, including a friend of Buck. Sick at heart over the death of his friend, Buck resigns his commission with the Rangers, packs away his guns and goes to an Arizona cattle ranch, hoping for a peaceful life.

It happens that a band of outlaws has secretly discovered silver on the ranch for which Buck is headed. They are trying to buy the ranch. Just as Buck arrives, his old benefactor, the owner of the ranch, is mysteriously shot dead.

The death of the old man leaves Buck and Janet Kenyon, an Eastern girl, the sole owners of the ranch. Buck has been observing the situation keenly and has sensed the secret doings of the gang. When the girl stumbles upon the outlaws taking silver from her ranch, they kidnap her. Buck comes to the rescue and by a daring trick gets her away from her captors, but is pursued and cornered by the outlaws. An exciting pistol duel follows, with the girl crouching behind a huge boulder loading Buck's pistols. The Sheriff's posse arrives just in the nick of time as Buck's ammunition is gone.

NORMAN DERR IS DROWNED

Son of Agricultural Agent of Fairfax County Dies.

On Saturday afternoon Norman S. Derr, son of County Agent H. B. Derr, was drowned while swimming with a friend in the Potomac River near Great Falls. The body was located Monday afternoon near Chain Bridge and brought to Fairfax where funeral exercises were held on Tuesday. Interment was in the Fairfax cemetery.

The Fairfax Fire Department rushed to the scene of the tragedy and joined those who were making every possible effort to locate the body, but the swift current, following the recent rains, was so strong that searchers were unsuccessful. Finally the body was seen below Chain Bridge and recovered.

Young Mr. Derr, who was recently married, was highly esteemed and his sacrifice to the treacherous waters that have claimed so many victims, is matter of universal regret.

STONEWALL A. C. TAKES TWO

The Stonewall A. C. opened its baseball season with a double victory over the Fauquier Springs nine which defeated the Manassas "Macks" early in the season.

Fresh from a victory over the Warrenton "Wonders," Fauquier took a one-run lead in the first inning of the opener. Stonewall retaliated with two runs in her half and was then not seriously threatened until the 9th when her opponents staged a one-run uprising. This was stopped by two flashy infield plays and the game ended 6-4.

Pounding out seventeen hits in the nightcap Stonewall traveled ten innings to win, 7-6. Going into the last half of the ninth the Manassas boys pushed across two runs to tie the score at 6 all. They then held their opponents scoreless and added the winning marker on three consecutive singles in the tenth.

"BONDAGE" NEW FOX DRAMA REVEALS A POWERFUL STORY

"Bondage," the new Fox film coming to the Dixie Theatre next Wednesday, tears down a curtain that has long concealed a hidden part of our lives. Simply and effectively it unravels a girl's life and in the doing narrates one of the most strikingly dramatic portraits of the motion picture season.

In this production depicting the hardships experienced in a community by a group of unmarried mothers, Dorothy Jordan, in the role of the unwed "Judy Peters" comes of dramatic age and gives a portrayal that for sincerity ranks with the finest on the silver screen. The tumultuous experiences of a girl against whom society has pitted itself with an unrelenting conscience are those of hundreds of similar cases that up until now have been prominent because of their absence from our daily news and discussions.

So delicately is this motif spun and to such a climactic height does it rise that for a moment one feels that life itself has been translated literally on the screen. Its types are so true and finely drawn that for once the cinema gives us a documentary work rather than an idyllic portrait.

The story is as simple or as complex as life. The girl submits to the knowing cosmopolite. Her degradation is a matter of time and finally she wanders off into the fog of dependency. She is redeemed by a young doctor who watches her life from the sidelines.

As the doctor, Alexander Kirkland does admirably. But full laurel wreaths are due Dorothy Jordan whose refreshing beauty and sincerity of manner in this drama elevate her to certain stardom.

Telephone Experts Improve Talking Motion Pictures

Talking motion pictures, a by-product of telephone communication, were introduced by the Western Electric Company in 1928. The sounding, recording and reproducing equipment was a development of the Bell Telephone Laboratories. Five years later noiseless recording was introduced. Now wide-range recording and reproduction which begins where noiseless recording left off is in operation.

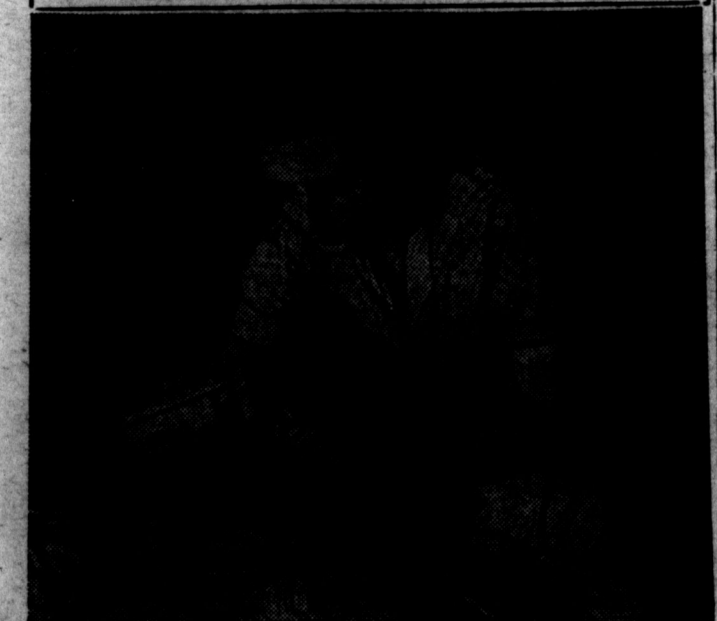

An example of this type of reproduction was carried out in producing the picture "Cavalade."

Wide range in pitch goes down to the very limit of audibility where sounds are physically felt rather than heard by the ear and up near the point where the ultra-treble fades to nothingness. Sounds ranging from a

whisper to the earth-rocking crash of thunder may now be heard with stirring realism. Sound ranging in pitch from the low notes of drum and organ to those created by the highest pitched instruments in a symphony orchestra are reproduced with practically all the brilliance, color, timbre and beauty of the instruments themselves. Voices are given the roundness, the individuality, the exact human tones which determine the true personality and charm of the speaker's voice.

The simple operation of this wide range recording and reproduction equipment leaves but little doubt of its rapid acceptance by the motion picture industry.

Is Spilling Salt Sign of A Fight?

THAT old superstition of spilt salt being the prelude to a fight, has a very real origin, according to Miss Emily Banks, head of the Worcester Research Bureau, who points out that when hungry hubby starts to season his evening meal, he is apt to get a bit vexed if the salt doesn't pour.

"When setting the table a salt cellar should be provided at each place," states Miss Banks. "This makes it easy for each person to add readily any desired amount of seasoning. The best type of salt to use for table use should not only be pure but free pouring as well in order to save the temper of your

guests. The convenient spout on each moisture-proof carton of Worcester iodized salt, for example, makes it very easy for you to refill salt cellars.

"The purity of table salt is also an important consideration. Pure salt seasons right through instead of just remaining on top of your food. It improves the flavor with your cooking. Food without salt would not keep you alive for salt is essential to the formation of gastric juices. Without gastric juice there can be no digestion and without digestion there can be no nutrition."
