LEACHMAN IS RE-NAMED HEAD

Young Democrats Hold Live Meeting.

There was an enthusiastic meeting of the Young Democrats of Prince William County on August 28 in the Court House at Manassas. The total membership now numbers 82.

After the adoption of a constitution and a set of by-laws the club elected the following officers:

President, William Leachman; vice-president of Manassas district, Noel Lynn, Jr.; secretary-treasurer, J. Jenkyn Davies; vice-president of Gainesville district, Mrs. William S. Brower; vice-president at-large, M. M. Ellis.

The vice-presidents of the remaining districts will be elected at meetings held in such districts.

After the voting the club was addressed by Mr. King, president of the Fairfax County Young Democratic Club, who urged support of President Roosevelt's N. R. A. program.

On motion from the floor the resolutions committee was directed to draw up a resolution pledging support of the N. R. A. program.

The meeting then adjourned to meet at Occoquan High School Sept. 5. The next regular meeting will be held in Manassas on Sept. 12. All interested are invited to attend.

HORNINGS AGAIN BEAT MANASSAS

Jewelers Now Have Won Three Out of Four Games Played with the Macks.

The Horning Jewelers of Washington, D. C., once more proved their superiority over the Manassas Macks in the fourth game of a series between the two teams, last Sunday, the former having previously won 2 out of 3.

The Macks outthit the Jewelers, 16 to 9, but when it came to bringing runs in, the Jewelers' timely hitting told. The Macks had about 20 men on bases but could bring in only six runs.

The Macks took the lead at the outset of the game when they scored 2 runs with two singles and three doubles. Better base running might have enabled them to score at least 4 runs in that inning with such a bombardment of hits.

In the next inning, the lead changed hands when the Jewelers tallied 3 runs on 3 singles. They added 4 runs in the 6th inning. An error was responsible for 2 of them.

The Macks nearly snatched the game away from the Jewelers in their half of the ninth when they filled the bases with none out. However, our catcher, who had previously hit safely twice and flied out once, chose this particular time at bat to strike out. Then his battery mate hit a long fly to the Jeweler centerfielder, scoring a run, but that's all because a double play resulted when the centerfielder relayed the ball to the third baseman to catch the baserunner coming from 2nd base.

The final score was 7 to 6. The lineup was as follows:

For the convenience of growers, F. D. Cox, county agent, and Harry M. Love, agricultural instructor for Manassas and Nokesville High Schools, are meeting those needing assistance in filling in the application forms and to explain anything about the plan that may not be understood at the following places:

4-H MEMBERS ENJOY OUTING

The 4-H Club delegation report an interesting week at Jamestown 4-H camp. Little of the storm, except for heavy rain, was felt at the camp and with the exception of two of the tours which were abandoned on account of road conditions the program for the week moved along with little interruption.

Camp organization was taken care of by the club group which was divided into two tribes, the Pamunkeys and the Seminoles. Under the leadership of Wilda Bourne as chief, Geraldine Shepherd, scribe, and Mrs. John Clark and Tom Tyler as counselors the Pamunkey tribe scored highest in work and play.

The Pamunkeys earned fifteen notches on their totem pole while the Seminoles made eleven. Fine leadership for the Seminole tribe was shown by Leslie Bourne, who served as chief and Elizabeth Allen, scribe.

Geraldine Shepherd edited the camp paper, Northern Virginia Echo, which recorded daily the activities and news of the camp.

Well-made stools, attractive silver bracelets, full bug collections and enlivened interest in forest crops make it evident that Prince William boys and girls worked well and advantageously while in camp.

A tour of Williamsburg with Miss Mabel Massey as guide was one of the highlights of the week. The county group also visited the Capitol, museum and the White House of the Confederacy on their trip through Richmond.

Leslie Bourne was elected president of the short course for 1934 camp. With the help of club members he hopes to make this the best in the history of northern Virginia short courses.

LABOR DAY GAMES AT MANASSAS

Two good ball games are being arranged for Labor Day in Manassas. The first, at 1:30, will be between Hickory Grove and Stonewall A. C.

The second game will be with Aldie if arrangements can be completed. In any event a good game will be scheduled. The place will be Swavely Field.

STATE BOARD OF EDUCATION MEETS TOMORROW

The State Board of Education will be in session in Richmond tomorrow to consider Federal aid matters and the subject generally of loans for public school projects.

HOW VIRGINIA WILL SETTLE THE REPEAL QUESTION

Saturday, September 2, is the last day on which candidates may file for the Repeal Convention. The following form, or at least its essentials, must be used and placed in the hands of the Secretary of the Commonwealth before midnight next Saturday:

"I, _____, of the County of _____, declare myself to be a candidate for nomination as candidate for the office of delegate to the convention called by the General Assembly to ratify or reject an amendment to the Constitution of the United States for the Repeal of the Eighteenth Amendment and for the prohibition of the transportation or importation into any State territory or possession of the United States for delivery or use therein of intoxicating

liquors in violation of the laws thereof.

"I (do or do not) favor the ratification of the said amendment."

From those who file throughout the State selection of thirty candidates for Repeal and thirty against will be made by a committee composed of the Governor, Lieutenant Governor, Speaker of the House, one Democrat, one Republican named by the Governor.

On the ballot to be used October 3 will be the words, "For Ratification (for repeal)" and "Against Ratification (against repeal)." Whichever group receives the majority vote will be seated in the convention on October 25 to decide Virginia's final action on the question of Repeal of the Eighteenth Amendment.

HOMEMAKERS TO GO TO DAVIS BEACH

Meeting Date Changed on Account of School Opening.

The September meeting of the County Homemakers Association will be held at Davis Beach on Thursday, September 7. Lunch will be served at 12:30 and following that the business and recreational programs will be held. One of the features of the afternoon will be the bathing beauty contest in which all women and girls may compete.

The Bethel Home Demonstration Group is sponsoring a flower show which will be held at Davis Beach and will be an added attraction on the day's program.

BRENTSVILLE LEAGUE MEETING

The Brentsville District Community Association will meet in the high school auditorium Tuesday, Sept. 5, at 8 o'clock.

Attendance at the last several meetings has been exceptionally poor, due to work, weather, weariness and what-nots.

This will be the last regular meeting under the "Shepherd" administration and this dynamic gentleman would like for it to go over with a bang. And so, he has arranged to have an unusual program of the kind that we all enjoy.

The Calverton string band is going to be on hand to do its "stuff" and your entertainment assured.

We now have our record chart and we would like to check and double-check our year's work. Therefore its necessary that all committee chairmen be present.

And lest we forget, these chairmen are Mark Kerlin, Mazzyk Wood, Mrs. M. J. Shepherd, John Harpine, Miss Evelyn Kerlin and Frank Foster.

Everybody should, ought and must come either for business or pleasure, or both.

JOURNEY TO KI-WANIS CELEBRATION

Headed by Messrs. Richard Hynson and Mackall Ellis, two cars loaded with enthusiastic Kiwanians motored to Bay Ridge on Tuesday to help Governor Ed Hill celebrate the 15th annual birthday celebration of the Capital District.

Several hundred attended and the feed and speeches were greatly enjoyed.

MOVES TO NEW HOME

J. E. Bauserman, who has been principal at Centerville for the past two years, this morning moved to Groveton, below Alexandria, where he will have charge of the new school at that point. He will have a large faculty to assist him.

RELEASED AFTER KILLING

Binford Newman, of Egato, near Fairfax, was yesterday released by Police Judge Paul E. Brown, after having shot his father to death in a fracas on Monday night in which Mrs. Newman's life was said to have been threatened, and also Binford's.

The mother and children all testified in Binford's favor. A number of the neighbors were present, and there seemed to be no sentiment whatever against the lad.

Newman was a Spanish War veteran who had been living in the community about ten years. He drew a pension and is said to have been intoxicated more or less since his last check arrived.

COMMITTEE FAVORS SCHOOL PROGRESS

Public Schools Regarded as More Important Than Road Building.

House Floor Leader Ashton Dovell is authority for the statement that a change of policy is coming over the General Assembly in the matter of relative importance of schools and roads in the eyes of the appropriating body. Up to the present time road building has been the major project of the State. Nothing has been allowed to cut into the gasoline tax for roads and the welfare of the public school system has been secondary.

Facing the prospect of cutting the school term to eight months legislators have apparently awakened to the realization that our boys and girls are more important than any other possession. We can make up deficits, but the time lost from school is a permanent handicap to our future citizenship. At last this would appear to be the latest viewpoint of the Senate Finance Committee in recommending yesterday that all schools of the state be guaranteed a term of eight months, even if the state deficit should be increased.

The committee also recommended that the Governor restore half of the fifty percent cut which he has ordered in school and other general appropriations.

Commenting upon the serious situation of our school system, Delegate C. W. Moss stated yesterday, "We have definitely come to the parting of the ways. While roads are excellent and we should not hinder their construction, they are not worth so much that they justify depriving a generation of children of elementary education."

BEER LEGAL AFTER SUNDAY

General Assembly Will Probably End Session This Week.

After midnight, Sunday, September 3, the sale of beer will be legal in Virginia. After much contention about the tax rate the General Assembly almost unanimously adopted the beer bill. The vote was 94 to 0 in the House and 32 to 4 in the Senate.

The House had followed Governor Pollard's demand for a \$3.10 per barrel tax, with a one-cent per bottle. The Senate favored a barrel tax of \$1.50 and a half cent bottle tax. After a long contention the conference finally agreed upon a barrel tax of \$2.75 and bottle tax of one cent. In many respects the compromise was a real one because it seems to have been regarded as highly unsatisfactory by both groups of contenders.

The local retail tax is fixed as follows:

Cities of the first class, \$50.
Cities of the second class, \$25.
County and Towns, \$10.

The law permits counties to duplicate the tax required in incorporated towns, if desired. A number of Governor Pollard's proposals were voted down, such as the \$500 and other restrictions. Delivery to retailers on Sunday is forbidden but there is said to be no restriction in the law against Sunday sale by retailers.

In all probability the General Assembly will adjourn this week. Many proposals are being urged but the prevailing sentiment among legislators seems to favor early adjournment.

Emergency matters have been acted upon to a limited extent. A commission has been authorized to study the Congressional Redistricting situation and to report at the regular session this winter. Other measures introduced have included authorization for another vote by counties which did not go into the Byrd Road Plan last year, authority to permit the Highway Department to change the route of approach to the Arlington Memorial Bridge and a bill requesting President Roosevelt to remove the restrictions in the Oil Code forbidding payment of gasoline producers of part of the state tax, as has been done near the District of Columbia to permit D. C. prices near Washington.

BYRD PROPOSES REPEAL OF FEDERAL GAS TAX

Believes All Gas Tax Should Belong to the States.

United States Senator Harry Flood Byrd has urged in a recent speech in Washington immediate repeal of the Federal Gasoline Tax. He believes that a substantial part of the revenue now being collected by the Federal government from this source should be remitted to the states. Instead of the present overlapping method he would have all of the gasoline tax collected at the source by Uncle Sam and then rebated to the various states in proportion to their respective purchases.

Devotional the principal part of his address to local reforms, Senator Byrd stated that the many thousands of units of local government should be abolished. He also advocated:

A budget to be kept in balance by a central accounting office.

A central purchasing agency.

The segregation of local and state sources of taxation.

Transfer to the State of local activities that least interfere with local government.

Calling attention to the fact that taxation had increased from 8% of the national income in 1913 to 33% in 1933, Senator Byrd stated that the government now supports one-sixth of the population of the country. Counting school districts, there are over 200,000 governments in the United States.

CATHARPIN

The Century of Progress "bee"
 seems to be buzzing around a little
 just now in the Catharpin neigh-
 borhood and we would not be surprised
 if ere long some of our citizens would
 be taking up their course westward
 for the great city of livestock re-
 nown.

Mrs. W. S. Brower and children of
 Lone Oak left on Monday for a visit
 with Mr. and Mrs. Frank W. Brower
 of Price, Md.

Messrs. Roy and Archie Schaeffer
 and Mrs. Mary Schaeffer Ruble and
 children of Clarendon spent Sunday
 with their father, Mr. H. J. Schaeffer
 of Catharpin.

Mr. Henry Grill of Flushing, L. I.,
 has been spending a few days at Mt.
 Pleasant, the home of Mr. and Mrs.
 Walter L. Sanders, where Mrs. Grill
 and children have been visiting for
 the past several weeks. They all re-
 turned home on Wednesday.

Mrs. Mary Pattie Briggs is spend-
 ing some time with her cousins, Mr.
 and Mrs. Wade T. Akers in Washing-
 ton.

Mrs. Louise Ellison Sowers of
 North Carolina with her little daugh-
 ter are visiting relatives in the Cat-
 harpin and Stone House communities
 at the present time.

Oakwood and Six Acres joined
 lunch baskets and enjoyed a picnic
 dinner on Bull Run mountains up
 Antioch Way after Sunday school on
 Sunday.

The Sudley community in general
 and the Sunday school children in
 particular are much interested in the
 announcement that the classes of
 Mrs. Collins and the Misses Lida and
 Beulah Sowers have completed their
 program and will give an entertain-

ment in the lecture room of the
 church on Friday night of this week
 September 1 at 8 p.m., the program
 to consist of three one-act plays. At
 one time it was the custom to charge
 as an admission fee a penny for each
 inch of waist measurement; but dur-
 ing these strenuous times it was
 realized that that price would break
 a lot of us up so the "collar" meas-
 urement was substituted instead with
 a written guarantee that no one shall
 be choked to death trying to reduce
 the circumference of his Adam's
 apple in order to ascertain just how
 much is due. These young folks and
 their teachers have been very busy
 getting ready for this entertainment
 and we are sure it will be an enjoy-
 able event for all.

Mrs. Carrie Fetzter Swift and Mr.
 and Mrs. Meredith Polen of Wash-
 ington were visiting relatives in the
 neighborhood on Sunday.

Mrs. Jennie McIntosh and son, Lu-
 ther, were callers at the Palmer
 Smith home recently.

Well, just to be in the fashion, we
 joined with the rest of the country
 last Wednesday to indulge in one of
 the most destructive storms of wind
 and rain that it has ever been our
 displeasure to endure. The many fine
 corn fields which were so promising
 and so near harvest, were literally
 whipped into shreds and in many in-
 stances practically destroyed. It had
 often been remarked that "if nothing
 happened" this would probably be the
 banner corn year of all time for this
 particular neighborhood. But it
 seems "that something happened"
 and in the general survey on the
 "morning after the day before" if
 one were to judge by the down-cast
 countenances he met, he would cer-
 tainly consider the World Depression
 a mere incident in comparison. Well
 it just was too bad; that's all.

All day Wednesday from early
 morn 'till late at night the winds
 blew, rains descended and floods
 came; trees thrashed and shutters
 and tin roofs roared; cattle stayed
 in their sheds and the porker refused
 to venture forth for the day; the
 chicken, even, forgot his cunning and
 all seemed restless, sort of awed, you
 know as though something out of the
 ordinary was taking place. It re-
 minded one of that scripture quota-
 tion about "the wind bloweth where
 it listeth"; we were hearing "the

sound thereof" all right but little did
 we care "from whence it cometh or
 whither it goeth" just so it would get
 away from here with as little damage
 possible; but it kept on in open def-
 iance of the NRA for full 24 hours
 in succession spreading not encour-
 agement but destruction in its path;
 so to those of you who had no corn-
 fields to worry about and who com-
 plained about the amount of water
 you swept out of the front door or
 licked up with cloths from the win-
 dow sill we say "Peace, be still." You
 are lucky.

The immediate Sudley neighborhood
 becomes a little sensitive when these
 ever-recurring floods send in their
 visiting cards announcing their an-
 nual visit in order to keep up ac-
 quaintances. Upon this occasion,
 however, while the precipitation was
 perhaps greater than usual, it was
 distributed over more hours thus al-
 lowing its escape before the bottom
 lands became so deeply inundated as
 to break any records. Not so long
 ago the water on the Sudley flat was
 reported as 11 feet deep thus convert-
 ing the landscape into a good-sized
 lake deep enough to float an ocean
 liner providing said liner was not too
 big. At that time it floated a good
 sized building off its foundation out
 into the middle of a neighboring
 field, all, while the family slept and
 knew nothing of it until, like Noah's
 Ark, it rested on higher ground. This
 and many other reminiscences are
 told to keep unrecorded history from
 being forgotten. During the present
 flood when the water began creeping
 up closer and closer to Mrs. Wilkins'
 house she began regarding its action
 with suspicion, and when it reached
 within a few feet of her front porch
 she began to think it about time to
 surrender; so she and family packed
 up their visiting wardrobes and, re-
 gardless of wind and rain, decided
 that Mrs. Moss' home was the best
 place for people like them, and wend-
 ing their way over the hill reached
 this "City of Refuge" in safety where
 they were taken in and fondly cared
 for until next day when all danger
 had passed. Mrs. Wilkins still in-
 sists she wasn't afraid but just re-
 garded it a pretty good place to get
 away from just then. Fortunately
 the water did not reach the danger
 line so she found everything all right
 upon her return home next day.

CHRIST FOR ALL—ALL FOR CHRIST

The Word of God

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a precious heritage to them in after years.

A GOOD NAME THE BEST ASSET: A good name is rather to be chosen than great riches, and loving favour rather than silver and gold.—Proverbs 22:1.

THE DAIRY FESTIVAL

On September 30 the third annual Piedmont Virginia Dairy Festival will be held in Manassas. The various committees are hard at work and the indications point to the best celebration so far.

The Dairy Festival evidences the largest industry of this section of Virginia. Our dairy products are just as good as any in the world and we are proud of the splendid achievements of our enterprising dairymen. We are also very proud of Manassas and of Prince William County. It follows, therefore, that all patriotic citizens should unite in making this event historic in the record of local progress.

THE STRENGTH OF THE WEEKLY

Of late years there has been a growing realization of the permanent value of the community newspaper. Those who read them have always realized their worth. But time was when those who viewed from afar were inclined to look with disdain upon the weekly press as compared with the daily, particularly the large city daily.

It cannot be wholly accidental that during the past decade there have been so many articles in the national magazines and so many studies which call attention to the growth, both in size and influence, of the community newspaper.

The great daily newspaper of the cities have been forced to give more and more space to national and international affairs. Their leaders have demanded this coverage. These dailies have responded to the demand with thoroughness and intelligence. Today they are printing more and better news of the world at large than ever before in the history of journalism.

But because of this very development the town and countryside news has had to be neglected. Side by side with the demand for national and international news, is that for knowledge of one's friends, one's acquaintances, one's neighbors. This is the particular field of the community weekly, and it is in the fulfilling of this demand—

ATTRACTIVE!

There is this about a savings account: money seems to be attracted to money, and it may as well be yours that attracts as other people's! Your savings will attract continual savings. Bank these, or another's savings account will bank them! Someone banks every dollar minted. Do you—your share?

The Peoples National Bank
of Manassas

neglected by the dailies—that it has risen to new heights of achievement.

It is doubtful if the country publishers have availed themselves of their opportunities—yet. The community newspaper is destined to enlarge its audience steadily, thereby inevitably increasing its own stability and influence. It is no longer a choice between the city daily and the community weekly. Readers need both.—Loudon Times-Mirror.

WESTERN PICTURES

GAIN IN FAVOR

Of all the types of stores that have flashed across the world's picture screens, vivid, action packed westerns have stood the test of patron appreciation better than any other. The reason is simple. Almost always they are clean, virile and emotion inspiring. They alone, while providing entertainment for the adults, have been the one reliance which the theatres have had for generating juvenile attendance.

Like the enduring type of pictures, Hoot Gibson is one star who has remained continually prominent in patrons eyes. As an exponent of clean wholesome entertainment on the screen, Gibson acknowledges no rival. Of all the stars in Hollywood, his entertainment is the only kind that has never felt the affect of the censors. A remarkable record and one that is highly prized by the man who has been labeled the screen's most popular and best loved western star.

In "The Dude Bandit" latest Allied feature which comes to the Dixie Theatre next Saturday, Hoot once again gives a glowing demonstration of why western pictures have main-

tained their popularity. Vividly dramatic, finely romantic, full of comedy and packed with thrilling action, "The Dude Bandit" is approved entertainment from opening shot to final fade out. To see it is to know why westerns are now, always were, and always will be, the standard of popular entertainment.

CHIP OF THE OLD BUCK!

Buck Jones, famous Western star, whose latest Columbia picture "Sundown Rider," will show next Friday, and Saturday, Sept. 8 and 9 at the Dixie Theatre, has a thirteen-year-old daughter who may become one of the Western girl heroes of the screen. Her name is Maxime, and she is the only child of Mr. and Mrs. Jones.

She is a remarkable rider as well as an excellent swimmer. Maxime had her first ride atop a horse at the age of two.

She lives in Hollywood and now attends Junior high school. She reads Western stories and books in preference to others. She likes to draw horse pictures and is especially fond of her father's wonderful white horse, "Silver."

"DIVIDENDS IN DEATH"

Beverly Nichols, the famed English pacifist, has written a startling article for the magazine of The Washington Star, Sunday, September 3. He tells of how the war gods will not rest; how the fermenting of trouble between nations is kept up. Order your copy of next Sunday's Washington Star from your news-dealer today.

V. S. S. CHANGES NAME

The charter of the V. S. S., Virginia Seed Service, has recently been amended and this organization of stock feed co-operative buyers will hereafter be known as "Southern States Co-operative." In connection with the reorganization has also occurred an enlargement of the territory to include Maryland, Delaware and North Carolina. On account of this expansion the name "Virginia Seed Service" was deemed too limited in its character to apply to a co-operative institution serving several states.

In Chancery.

The object of the above styled suit is to construe the will of the late John Robert Tillett, which was admitted to probate in the clerk's office of the County of Prince William, State of Virginia, on the 17th day of June, 1920. And an affidavit having been made and filed by the plaintiff that the defendant, David Preston Robertson, is not a resident of the State of Virginia, and that his last known address was Marine Barracks, Quantico, Virginia, though he was formerly from Atlanta, Georgia, to which plaintiff also desires a copy of order of publication mailed by registered mail, and an application having been made for this order of publication,

Hog Reduction Plans.

Instructions received from the Agriculture-Adjustment Administration read as follows:

"Hog section announces plan for immediate operation. Emphasize this is designed specifically to meet immediate emergency and not be confused with permanent program and will not be repeated. Plan includes premium buying of pigs under one hundred pounds at regular markets at following prices: nine dollars fifty per hundred for pigs weighing from twenty-five to thirty pounds and price decreasing twenty-five cents per hundred for each five pound jump in weight down to minimum of six dollars per hundred for pigs weighing from ninety-five to one hundred pounds. Plan also includes premium buying of piggy sows at daily market price for packer sows plus four dollars per head without dockage. Such sows subject to inspection to qualify must appear ready to farrow within three weeks and weigh minimum of two hundred seventy-five pounds. Plan contemplates about four million pigs and one million sows which will remove from market this winter and next year around two billion pounds of potential pork thus bringing supply down near effective demand. Plan aimed not simply to raise prices but to prevent prices tobogganing still lower under distress conditions. Emphasize no need to rush pigs to market immediately because prices will not lower during buying period which will begin very shortly on a date to be announced by the Secretary and continue until about October 1. Packers state heavy receipts can be handled but it is highly advisable for shipper to communicate first with market before shipping in order not to glut the market. Packers handling and processing hogs at cost. Pigs over eighty pounds and better pars of sows processed for food such as salt sides cured pork and sold to federal relief administration at cost but all the rest will be tanked therefore not competing. Cost of this emergency program will be repaid to treasury department from receipts of processing tax to be levied on all hogs processed later but amount and date of such tax not determined."

SPECIAL CALL BY W.C.T.U.

A clarion call to all prohibitionists has been issued by Acting Secretary A. J. Dunning, of 2746 Vincent avenue, Richmond, to meet at the Y.M.C.A. in Richmond at 10:30 a.m., September, to nominate candidates for the General Election.

BUCKLAND

This section was visited on Monday afternoon by one of hardest wind and electrical storms which has hit here in many years. Trees were twisted off and uprooted, roofs were blown off and a large barn and all of its contents on Mr. Joe Luncford's farm near here was totally destroyed by fire after it had been struck by lightning. The Warrenton fire department were called but were too late to be of any assistance. Hail also did lots of damage to gardens and corn fields.

Mrs. E. B. Carter is visiting her son and daughter-in-law, Mr. and Mrs. Edwin Carter of Strasburg.

Miss Edith Yates, accompanied by her small nephew, Master Phillip Lee, spent a few days in Washington last week.

Mr. and Mrs. J. Welton Graham and son Junior were guests on Sunday of Mrs. Graham's parents, Mr. and Mrs. I. C. Jacobs of Thoroughfare.

Mrs. Gordon Luncford is spending a few days this week with friends in Washington.

Mr. and Mrs. A. B. Lee and daughter, Marion, and Mr. and Mrs. M. H. Sims, all of Washington, visited Mr. and Mrs. J. E. Graham recently.

Wayman Carter, 13-year-old son of Mr. Howard Carter, merchant of Warrenton, narrowly escaped drowning in the high waters of Broad Run at the mill dam here on Friday, while in swimming with some young companions. While trying to swim across the dam the swift waters carried his body beneath the broken timbers of the dam and his body lodged there. But for the heroic efforts of his companions and others who came to their aid, who held his head above the water for about two hours until arrival of the Warrenton Fire Department who succeeded in cutting him loose he would have died. He was given first aid here and later taken to the Fauquier County hospital, where he was treated for cuts and bruises as well as shock. His condition at this writing is reported as favorable.

Miss Shirley Fowler, who has spent the past several weeks with relatives at Lyon Park, returned to her home here on Monday.

GAINESVILLE

Do not forget the chicken supper at the parsonage on Sept. 7.

Mr. and Mrs. Noah Mayhugh of Bristol spent Sunday with Mr. and Mrs. V. M. Ellis.

There will be no preaching Sunday afternoon as Rev. and Mrs. Swecker

are on their vacation in West Virginia.

Mr. and Mrs. Arthur Wilson of Washington are the proud parents of a son born Sunday. Mrs. Wilson has been spending the summer with her sister, Mrs. C. H. Ellis. Mother and baby are both doing fine.

Mrs. C. H. Ellis made a business trip to Washington Monday.

Mrs. John Clark is spending some time in Washington this week.

M. Franklin Bodine of Washington spent the week-end with his parents, Mr. and Mrs. Willie Bodine.

Mr. and Mrs. V. M. Ellis were callers at Mrs. A. J. Beavers' on Saturday night.

WATERFALL

Too Late for Publication Last Week

Miss Audrey Nalls of Alexandria, who was a guest last week of Mrs. Howard Bell, is spending this week with Miss Mary Thomas at Woolsey.

Mrs. Charles Barnes of Washington is visiting her parents, Mr. and Mrs. R. R. Smith at "Hagley."

Miss Margaret Shirley and Mr. R. B. Gosson attended the sessions of the Potomac Association which met at the First Baptist church, Alexandria, on Wednesday and Thursday of last week.

Philip Thornhill was 7 years old on Wednesday, Aug. 22. His grandmother, Mrs. R. B. Gosson, entertained his friends, big folks and little folks, too, at a very delightful party at "Mt. Atlas," from 3 till 6. The birthday table was lovely with its candles and flowers and tempting goodies. Phil begins his school life with the coming term, and we wish him success in this great adventure!

Word has been received here of the sudden death in Balboa, Panama, of Mr. Stuart Thornton. Mr. Thornton was a son of the late Mr. Granville Thornton, who was for years depot agent at Thoroughfare. He is survived by his wife, who was formerly Miss Lula Bell, daughter of Mr. and Mrs. J. W. Bell, and by one daughter, Frances, and one son, Philip, all of Balboa, Panama.

Mr. and Mrs. S. R. Clark and Mr. Terrell and son of Baltimore, Mr. and Mrs. Charles Sinclair, Mrs. Arnold and Mrs. Myers of Washington were guests of Mr. and Mrs. G. A. Gosson during the past week.

Mr. J. W. Shirley of Warrenton visited at "Oakshade" on Monday. Mrs. DeWitte and the Misses Rhoda and Florence DeWitte, who

have been spending some time with Miss Flora Smith, have returned to their home in Washington.

The series of meetings, which were conducted at Antioch last week by the Rev. Mr. Clyde Hickerson of Russellville, Ark., assisted by the pastor, the Rev. V. H. Council, come to a close on Friday evening. The power and ability of the young preacher resulted in good attendance each evening, and in the addition of five to the church.

Our hats are off to you, Catharpin! We enjoyed your letter in the last issue of The Journal, and we are willing to acknowledge your leadership, since you are one of the few who "Give tribute to the living, knowing that

A little compliment about a hat is worth more to the soul than great things said
In solemn, stately tones about the dead."

IN MEMORIAM

In sad but loving remembrance of our dear husband and father, Walter C. Leonard, who departed this life two years ago today, August 23, 1931.

Two years ago he departed
Called by God who knows best
Leaving us all sad and broken hearted
To the land of eternal rest.

His weary hours, his days of pain
His weary nights are past
His ever patient, worn-out frame
Has found sweet rest at last.

God promised we should meet again
Upon that glorious day
When time and sorrow are no more
And the mists have rolled away.

FACE THE FACTS

Why worry about insurance when you can smile with us at the possibilities of property loss. Our rates are low—based upon the assessment feature.

Only once since 1869 have we had to call an extra assessment, and in the period from Jan. 1, 1920, to and including Dec. 31, 1932, the Company has paid out in fire losses over a quarter of a million dollars, without a contested claim.

We operate in twenty counties and serve over 3500 assured, giving them the benefit of mutual protection.

Our friends in Prince William are reminded that Mr. Tyson Janney, formerly of Occoquan and a former member of the Virginia House of Delegates, is President of our Company.

30,000 miles

"What a sweet-running motor, Jack. Is that speedometer right: 30,000 miles?"

"Sure. That's nothing for a Chevrolet. It's good for that much mileage and plenty more."

CHEVROLET That's when a low-priced car begins to show the stuff it's made of! And that's when you'll really begin to appreciate what it means to own a Chevrolet: How much better off you are, for instance, with a *Fisher body*—a staunch, solid, wood-and-steel* body that's built rigid and tight, and stays that way. How much money you save with a *SIX*—that uses the least amount of gas and oil of any full-size car. How much more economical it is to have a cushion-balanced engine, free from wearing, tearing vibration. Yes—at 30,000 miles, a Chevrolet Six owner looks back with satisfaction—on many months of saving money. And looks forward with confidence—to many tens of thousands of care-free miles to come!

HOG GROWERS ATTENTION

We have been notified that great quantities of pigs weighing less than 80 pounds have been rushed to the processing houses in the west. Permission to ship pigs or sows must be obtained from designated agent at authorized processing points. Each processing plant will only buy daily the agreed quota of animals and will buy no more. All hog raisers are urged to carefully read the following four rules and abide by them.

1. Not to try to sell or ship pigs or sows until ascertained that their usual market has been authorized to open or reopen for payments of premiums.

3. Not to try to ship hogs to markets where the producers do not ordinarily sell, but to wait until their own market does open or until they know definitely that it will not be authorized to purchase.

3. When their own market does open not to ship until they have

found out from their local shipper or some one else who knows that the market is authorized to pay premiums.

4. If they have sufficient feed to carry the pigs another week or two, to plan to delay their shipment for that length of time.

"The Emergency Purchasing Plan will be in effect until a total of four million pigs have been purchased or until October 1," said Dr. A. G. Black, chief of the Corn-Hog Producing Section. "There is ample time to deliver either pigs or sows to the market. The price schedule for various weights is such that there is little difference in net profit to the farmer on a given number of pigs near the close of the marketing period as compared with return from selling them now. The greater return from pigs at greater weights will bring enough extra money over at a slightly lower price per pound to offset the cost of extra feed required through the longer feeding period."

GENTLEMAN IS KNOWN BY THE WAY
HE TREATS HIS DOG, SAYS WRITER

In a month or so now we will begin to grow more intimate with our bird dog and our beagle. We will begin to bestow on them that friendship for which they are always so hungry and so grateful.

All dogs, and particularly the bird dogs, are creatures of the keenest sensibilities. The affection and attention of the man they love makes life bright for them, and his harsh word or neglect sends them away stricken and abashed.

I think a few men take into account what a dog suffers from cruelty and contempt.

Dogs languish under loneliness and neglect. No animal, including man, can express more joy than is manifest in every action of a pointer or setter when his master, dressed in his hunting clothes and with his gun

under his arm, lets slip his tether and sets him loose for the hunt.

Some high-strung dogs suffer horribly from fear. I have a neighbor and friend who owns a fine black pointer, now about ten years old. When a thunderstorm comes up, this dog is thrown into a perfect panic of terror.

At the first rumble of thunder he dashes into the house, and woe betide the screen door or screen window which stands in his way. Once in the house he covers under the piano in a trembling agony of apprehension till the storm is over. Yet this dog is not a bit gun-shy.

I think one may well detect the gentleman by the way he treats his dog. He is a fine gentleman indeed who treats his dog as well as the dog treats him.—Thomas Lomax Hunter—Richmond Times-Dispatch.

LOCAL UTILITY SIGNS
ELECTRIC CODE

Virginia Public Service Company One of First Utilities to Act.

The Board of Directors of the Virginia Public Service Company at a meeting held in Alexandria, Va., August 22, authorized the signing of the N.R.A. Codes applicable to its operation, its was announced Wednesday by F. W. King, chairman.

"The utilities in general has been somewhat delayed in formulating their codes because of the intricacies involved," said Mr. King, "but now that codes for the industry have been formulated, we want our customers and the people of the territory we serve to know that the Virginia Public Service Company will co-operate fully with the President's program."

Mr. King said the N.R.A. Codes will add considerably to the cost of operation. "But," he said, "we must stand squarely behind the President, who alone has offered any plan that holds out hope for recovery. We, along with other Virginia corporations, merchants and citizens, will do our part to make the program a success."

"By the very nature of the business, our company operates twenty-four hours every day in the year. Electric power must be there ready to serve the customer at any hour of day or night. Highly trained and skilled employees are required. As a consequence, the adjustment of hours and personnel presents many difficult problems which are now being studied by our operating department. The exact number of additional employees and the amount of additional operating costs, has not been determined."

The Virginia Public Service Company is a Virginia institution providing services to 375 communities in Virginia and West Virginia, with its main offices at Alexandria, Va.

OLD CHICHESTER WILL
OFFERED TO LIBRARY
GROUP IN FAIRFAX

An offer to sell to the Fairfax County Library Association what is described as a very early manuscript diary containing the will of Richard Chichester, dated 1793, and which is probably in Chichester's own handwriting, has been received by Mrs. M. D. Hall, president of the library association.

The letter was received from a resident of Portland, Me., who states that the will was originally picked up in Virginia during the War between the States by an Army captain from Bath, Me. The writer of the letter also says that the will, which contains 56 pages is in a good state of preservation in a clear legible handwriting. The Chichester family, one of the earliest in the county, owned a great deal of land, and was considered quite wealthy, and the writer

of the letter describes how the will disposed of a large number of slaves in addition to other property.

During the War between the States a number of valuable county records disappeared, among which was the will of Martha Washington. This document finally came into the hands of the late J. Pierpont Morgan, who was requested by the State to return it as being an official record. Morgan refused the request, and the State of Virginia brought suit in the

United States Supreme Court to enforce the demand. Before the Supreme Court had time to act in the matter, Morgan returned the will to the State, and it was again replaced in the office of the clerk of the court in Fairfax.
