FIRE LADDIES GET ANNUAL FEED

Entertain Many Distinguished Guests.

Amid tables lovely with flowers placed in the many prize cups won by the local boys in the past or three years, the Manassas Fire Department gave its annual banquet at the Prince William Hotel on Thursday evening of last week.

Dr. George B. Cocke presided and introduced the guests who were Chief J. William Swan, of Culpeper, and his mate, T. I. Martin; E. C. Rouss, chief of Orange, and his deputy, O. T. Herndon; J. M. Duncan, chief of Alexandria, and the executive secretary of the same department, E. E. Lawler, jr.

Prior to entering upon the festivities, Dr. Cocke read a feeling and dignified tribute to the late lamented chief of the fire department, Albert Speiden.

Local guests included the mayor, corporation counsel, members of the town council, the police squad and the press.

The pretty red hats were quite a merry addition to the occasion. After everyone had dined sumptuously, the genial toastmaster again arose and started the ball to rolling by a hearty address of welcome.

Hon. Harry P. Davis, mayor, made the leading address, although he declared that his talk was to be merely a "preliminary bout." Harry always digs up some interesting history, and this was no exception. Harry told local stories of the days "before the fire" and gave illustrations of misplaced economics. Being of a statistical mind, the data he gave on fires and losses from fires was indeed interesting to note and to know.

Harry recalled the first fire gong (a drum from the driving wheel of some old locomotive) and compared with the present automatic alarm. He told many little anecdotes of the old department as he knew it thirty years ago, and regretted that but one of the old squad was now an active member of the department.

One of the most salient points in Mr. Davis' talk was his reference to the index to the local fire department as shown by the insurance rates.

James M. Duncan spoke on the training school being held at the Alexandria High School and urged every one to come on Mondays and Fridays while the school is being held.

Fire Chief Rouss, of Orange, said he just couldn't talk and then proceeded to show that he had the wrong dope. There was much meat in his remarks concerning responsibility of the fireman and the need of public co-operation.

"The great trouble with the success of the volunteer fire departments," he said, "is, I believe, the fact that many have oversold themselves. They operate so easily and efficiently that folks think they have plenty of resources on which to operate and do not want to go out to carnivals and spend a few dollars to help them on in a way that they really need."

Town Manager W. F. Cocke spoke of the water supply feature both as a present need and a future demand.

Others who spoke briefly were Mr. Lawler, from Alexandria, and Fire Chief Vetter of Manassas.

On invitation of Ben Pitts' representative, T. I. Martin, the entire department moved over to the Dixie Theatre and saw the last of a fine show.

KIWANIS VISIT TWIN CITY GIRLS

Woodbridge Baptist Church Acts as Host.

The Kiwanis Kids journeyed down to Twin City on Friday last to get a glimpse of George Dent and have Preacher's Nicholl's female charges stuff them with par excellent cuisine. They missed George but the cats were mighty good.

Dick Hynson had to Dairy Festival early so it was up to OD to speak. Bob Hutchison averred afterward that OD was half baked or maybe half something else. Anyway OD had a mighty pretty girl to eat supper with, and that ought to have helped him make a rattling good speech of thanks to the fair of Woodbridge and vicinity. Well, it wasn't so bad after all.

Dick Haydon looked at his watch about eight times and was quite sure each time that his program was a little late. A fine tip for all of us, and Dick can't get a copyright on it.

There was a fair-sized crowd besides the Kiwanis, and this made for more than anything else to please the club. They got tired of looking at each other once in a while.

This week the Dairy Festival has pushed the meeting back to Thursday, and we meet tonight. Al will have to make the rounds or have Jim do it, for nobody will remember.

JUNIOR WOMAN'S CLUB MEETS

Much Business Transacted.

The Junior Woman's Club of Manassas met during the summer at two called meetings: the first, on August 6 at the home of the president, Miss Frances Bushong, and decided to take charge of a food stand during the Dairy Festival and to see what arrangements could be made towards having a dance during the winter; the second, at the home of Virginia Conner on Sept. 3 when it was decided to produce "Henry's Wedding," a comedy, and the date was set for November 3-4.

The first regular meeting was held at the home of the sponsor, Mrs. J. P. Lyon, who also acted as hostess to the girls. The teachers were welcomed back after their summer vacation and then the business meeting was begun. After the reports of the different committees had been submitted the new committees were appointed for the next three months. It was also necessary for the president to appoint two new officers for the winter, Miss Christine Meetez, treasurer pro-tem, and Miss Pattie Hatcher, secretary pro-tem, to replace Misses Ann Bradford and Rose Ratcliffe, who were leaving in a few days to attend school.

It was felt necessary to send a delegate to the fourth district convention to be held in Fredericksburg on October 10 since this is the only Junior Club up to the present time in this district. Miss Marion Lynn and Miss Walter Conner were asked to attend this convention and give a report at the next meeting.

The next business was to find some way to have a float in the Dairy Festival parade but due to the present financial condition of the club it was doubtful if this could be carried out. It was the wish of every member of the club that they be represented and Miss Helen Lloyd was named to investigate and make arrangements for this.

The president said that Mrs. Aylor, the fourth district chairman, had been asked if she would speak to the club in October. Mrs. Aylor had already expressed a desire to come here at some time and it is hoped that the date set will be convenient for her. She will be prepared to answer any questions or straighten out any difficulties for her "Juniors." It was urged at the state convention

MACK MAULERS ENGAGE CELTICS

Journey to Alexandria Sunday to Play Strong St. Mary's Team.

The local baseball team will step into fast company this week-end when they go to Alexandria on Sunday to meet the strong St. Mary's Celtics nine of that city.

Several new players have been added to the team in an effort to strengthen it. Stankus, star hurler for the William and Mary College nine for the past several seasons, will do the hurling for the Macks.

This is only the second occasion on which the Macks have been away from home to play this summer, and the Celtics are the strongest team which they have met this year.

From all reports the team will carry along with them a large group of supporting fans. Indications are that more than a hundred rooters and supporters of the local team will be present on Baggett Field Sunday to urge them on to victory.

Manassas line-up: Woodard, cf; Reid, ss; Kline, ss; Vetter, 2b; Mohler, 2b; Saunders, rf; Bradshaw, 3b; W. Kite, 3b; Lyons, lf; Chapura, lf; Collins, c; Nixon, c; Lynn, c; Polen, p; Gardner, p; Sankus, p.

that the Junior clubs throughout the state should study during the fall some time "Robert's Rules for Order" and this book has now been obtained and an entire meeting will be devoted to this.

The business meeting closed with a report by Miss Esther Warren Pattie of the farce-comedy to be held in the high school auditorium in November. The characters were discussed and the synopsis was briefly told. The club is very anxious to make this play a huge success so that they may continue the aid they have been giving to charities. Since the organization of the club charity has been the main object and this work has been temporarily dropped due to lack of funds. Miss Virginia Conner, the general chairman of the play is asking the support and co-operation of the townspeople to make this a success. Don't forget the dates—November 3-4.

SENATOR HARRY F. BYRD

SCHOOL FAIR AT BRENTSVILLE

Future Farmers of Virginia Will Hold Exhibit Oct. 20.

The Brentsville District school fair will be held at the Nokesville High School Friday, October 20, during the afternoon and night. The local chapter of Future Farmers of America which is composed of boys regularly enrolled in a class in vocational agriculture in the high school will sponsor the fair. The 4-H clubs and Women's Club will be the principal contributors to the fair.

A central committee consisting of Mr. M. Seese, chairman, Mesdames M. M. Free and E. C. Spitzer and Messrs. M. J. Sheppard and J. F. Hale has arranged for exhibits in the following classes: dairy cattle, poultry, turkeys, dairy products, corn, small grain, truck crops, home baking, hand work, canned goods, clothing and flowers. A superintendent has been appointed for each department.

A very interesting program of entertainment is being arranged for the afternoon and evening of the fair. The persons responsible for the fair wish to urge each citizen of the locality to do his or her part in a whole-hearted manner in order that the efforts may be justified by the results obtained.

A complete list of articles to be displayed in each class will be posted in public places throughout the district and distributed by the superintendents of each department.

CHEVROLET FURNISHES HOST CARS TO LEGION

When the American Legion convention gets under way in Chicago next week leading officials of the organization will find at their disposal fifty special automobiles provided by the Chevrolet Motor Company.

The cars furnished by Chevrolet all will be Master Six Sedans finished in dark Baker blue with gold wheels and appropriate lettering. Each car will be provided with its own driver wearing a white uniform and sailor cap.

Cars will be dispatched from a central point at the call of designated Legion officials and will transport them to any points within reasonable limits of the city for the duration of the convention.

On the doors of the cars will be the Legion seal carrying the lettering: "National Legion Convention." Tire covers in the rear will also have the designation: "Official Legion Chevrolet."

The company decided to provide cars for the Legionnaires, officials said, following the success of a similar venture when the National convention was held at Detroit two years ago.

The De Luxe Five Window Coupe is such a smart and graceful car for a woman. Ford V-8 prices are \$490.00 and up, f. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra. Convenient UCC terms.

POWERFUL
Oversize
BRAKES

One reason
the new FORD V-8 is so safe and dependable . . .

Sixty miles an hour—a crossroad—press the brake pedal of your Ford V-8.

Within a few seconds you are down to fifteen, ready for any emergency.

As a matter of fact, you can bring your Ford V-8 from sixty to a complete stop in from 175 to 200 feet. At city traffic speed, you can stop almost within a car length—a remarkable factor of safety in crowded districts.

Ford V-8 brakes are oversize. They are larger than the brakes on many cars of far greater size and heavier weight. If you are technically minded, the Ford V-8 brake area is 186

square inches—compare that with other cars. And the brake action is so easy. Moderate pedal pressure gets the results—main force pushing is not required.

Take out a Ford V-8 for a demonstration drive. Speed it up and stop it. Note the low center of gravity. Examine the double channel, X-type frame and one-piece, all-steel body. Notice that safety plate glass is used throughout in all De Luxe models. You will see for yourself why—

HAYMARKET

Funeral rites for Mr. James Edward Carter who passed away at the home of his son, Rev. J. T. Carter of Clarksburg, W. Va., were held at St. Paul's church, this village, on Saturday morning with interment in the family plot in the churchyard. The ritual was read by the rector of the church, Rev. W. F. Carpenter, and several familiar hymns were sung by the choir.

Mr. Carter was a native and almost lifelong resident of this community, being the son of Mr. and Mrs. Winston L. Carter, late of Erin Dale farm, Haymarket, where he was born and reared. He is survived by three sons and three daughters, Mrs. Edward Watson of Hickory Grove, Mrs. Carter Davis of West Virginia, and Miss Sarah Carter of Leesburg; Winston L. Carter, 2nd, who owns and lives at the old home Erin Dale farm; Willie Carter of Detroit and Rev. J. T. Carter of Clarksburg, W. Va., with whom he had for several years made his home. His wife who died some years since was Miss Adaline Thornton Bronaugh of Prince William.

The Misses Price who have for some years lived in Washington and Alexandria will shortly return to Haymarket, having bought what is still known as the "Bragg's Home," where they will reside.

The ladies of St. Paul's Church Guild have decided upon Tuesday, Oct. 24, for their annual bazaar and supper.

Billie Garrett, son of Mr. and Mrs. J. W. Garrett, who graduated from

Haymarket High School in June, has entered the V. P. I. at Blacksburg for the ensuing session.

Mrs. Anne L. M. Fuller of Baltimore is spending September with friends at Meade Croft. Mrs. Fuller was a summer resident of Haymarket for a number of years, and is receiving a warm welcome from old friends and acquaintances after an absence of five years.

COUNTY AGENT'S COLUMN

How to Control the Smuts of Barley.

The new, dry treatment of barley for smuts is rapidly taking the place of the wet formaldehyde treatments. It is more popular because there is no soaking or wetting of the grain and no injury to germination. The treatment is a simple one. Use two tablespoonfuls of Ceresan dust, and mix thoroughly for two minutes with each bushel of seed barley. The barley is then ready to be planted or stored as desired. Before being treated, however, barley should be cleaned thoroughly in a fanning mill.

This material will be available for small lot purchases at your local dealers. If, however, your local dealer does not carry it, he will be glad to obtain the same on request.

How to Control Stinking Smut of Wheat.

First, clean the seed wheat thoroughly in a fanning mill; then place it in a mixer, add two ounces of copper carbonate dust (two heaping tablespoonfuls) to each bushel of grain, and mix for at least two minutes. The wheat is then ready to be planted or stored as desired.

These figures are based on the latest retail registration figures from R. L. Polk & Company (all states for six full months). Since January first, Chevrolet has sold in excess of 425,000 passenger cars and trucks.

Can there be any
stronger recommendation
for a car than this

America can't be fooled when it comes to spotting the best "buy" in any field. America knows too much about motor cars for that. So when one certain car wins almost as many buyers as the next two put together, you know the answer: IT MUST BE BETTER. And that's what the new Chevrolet Six most certainly is.

Better looking—it has long, sleek, aer-streamed lines—Fisher's smartest styling. Chevrolet has better bodies—they're built not just of steel alone, but of steel reinforced by a sturdy hardwood frame. Chevrolet has a better engine—

six cylinders for lowest gas and oil consumption, cushion balancing for killing vibration. And Chevrolet gives better value—a long line-up of features, including the Starterator, Syncro-Mesh gear-shift, Free Wheeling, which no other low-priced car can match.

Now, in September, is the time to start thinking about a new car for winter! And when you do so, think of the way Chevrolet is leading all other cars in sales. What more could you possibly ask as a recommendation for a car than that?

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.
STRENGTH AND WISDOM:
With God is strength and wisdom; the deceived and the deceiver are his.—Job 12:16.

ACHIEVEMENT

On Saturday there will be celebrated in the town of Manassas the third annual Piedmont Dairy Festival. Ambitious in its conception, unique in its atmosphere and happily concluded in its honest intentions to promote the dairy industry everywhere, but more particularly in Northern Virginia.

With the experience of two former occasions, President Dick Hynson and Manager Frank Cox, of the Association, have broadened the scope of this year's performance to a most remarkable degree. Only fair weather needs to crown the apparent success of everything.

Thousands will visit us and go away with pleasant recollections but few will pause to think of the immense amount of real sacrifice that has brought about this innovation for Manassas and Prince William County. We should have genuine pride in the men and women who have made possible the success of the Third Piedmont Dairy Festival.

Particular praise is due Mrs. Robert Smith whose untiring zeal has been an inspiration to her fellow workers.

FORD PRODUCTION UP

Productions of Ford cars and trucks in September has been scheduled at the same high daily rate as in August, it was announced at the offices of the Ford Motor Company, Detroit. This situation, it was said, is unprecedented. August production was the greatest for the year to date.

August retail deliveries of Ford cars and trucks reached the greatest volume for the year thus far, and were 41 per cent greater than August 1932, indicating the rising volume of Ford sales during a time when usual sales volume registers a decline.

The retail sales volume of Ford passenger cars in August was the largest since June 1932 and the retail sales of Ford trucks the greatest since October 1931.

Daily sales volume in August is being maintained in September, it was said, on the basis of reports of sales by dealers for the first six business days.

PASTOR ARRIVES

Rev. John M. DeChant, of Philadelphia, arrived yesterday to take up his work as pastor of the Presbyterian church. He brings a family consisting of his wife and three children and is already finding a cordial welcome to his new field.

He will preach his first sermon Sunday, Oct. 1, at 10 a.m. Sunday school will be at 9 o'clock and will include the annual rally day exercises.

C&P EMPLOYEES

WIN EMBLEMS

Two employees of the Alexandria office of the Chesapeake and Potomac Telephone Company of Virginia have just been awarded emblems in recognition of long services with the company, according to a statement made by T. Q. Duggins, manager. Lawrence E. Roland, commercial superintendent of the telephone company in this area, received an award for ten years' service, while Agnes C. Perkinson was awarded for five years' service.

In addition, 125 other employees of the telephone company in Virginia have been awarded gold service emblems during this period. One employee was rewarded for twenty-five years' service; sixteen for twenty years' service; twenty-three for fifteen years' service; twenty-seven for ten years' service. The combined service records of these women and men total 1,265 years.

MRS. GILREATH
ADDRESSES WCTU

Mrs. Lewis Gilreath of Charlotte, N. C., national W.C.T.U. evangelist, spoke in the Methodist church on Thursday night to an attentive audience.

Her topic was on the benefits to the country from Prohibition and telling of some of the dreadful times before Prohibition and how these dreadful times will come back if the Eighteenth Amendment is repealed. They say the saloons will not come back but since beer has come the saloons are already here.

Mrs. Gilreath has traveled extensively and she knows whereof she speaks. For a number of years she lived in Kentucky before Prohibition and she could tell of the large distilleries stretched over the blue grass fields of Kentucky. She lived near a large distillery and she has seen the trains go out with their long line of cars all filled with barrels of liquor and yet the wet people say there is as much liquor in the country now as before Prohibition. She says it is not true. Now an auto will carry several gallons or a truck several barrels but you do not see whole train loads of it being hauled.

Mrs. Gilreath plead with the people to think of the danger to the young people and the homes that will be ruined if the flood of liquor is let loose in our land again and she said, "Oh! people keep Virginia dry. The state that stands above all other states in the nation, who is called the Mother of Presidents. Don't disgrace her fair name by voting to bring back the legalized liquor traffic."

Mrs. Gilreath also spoke on Saturday afternoon at the missionary rally in the Baptist church, and as she pictured some scenes that had come under her observation there were not many dry eyes in the audience and all felt that through prayer and each one doing his and her part, right will prevail for God has promised he will not forsake his own.

WIVES GIVEN FEAST

The Postal Clerks of Manassas gave their families a rare treat on Saturday last. All were invited to spend the day at Mr. O. O. Holler's cottage at Lake Jackson.

Boat riding, fishing, bathing and many other sports were engaged in. However, the big event of the day was the dinner. This was planned, prepared and served entirely by the husbands under the able direction of Mr. C. W. Boyles. Ham sandwiches, Brunswick stew, potato salad, iced tea, and coffee were served in abundance.

The Postal Clerk's Wives Club is deeply grateful to all who helped to make the day a success.

NEW IMPROVEMENTS
BY C&P TELEPHONE

Improvements to the telephone system throughout the state involving expenditures of \$500,000 have just been authorized by the board of directors of the Chesapeake and Potomac Telephone Company of Virginia, according to a statement made by Charles H. Weber, general manager of the company.

Included in this appropriation is an item of about \$315,000 covering the construction for the last quarter of the year of pole lines, wire, cable extensions, installation of telephones, private branch exchange switchboard systems on the subscriber's premises, and other work of a general routine nature, necessary to provide new telephone service and to keep the company's plant in a good serviceable condition.

ALL DETAILS FOR NEW COUNCIL ARE READY

Mrs. Clinton A. Lane, of Vienna, and president of the crack Vienna drill team, yesterday morning notified George D. Baker, organizer of the new Prince William County council, Daughters of America, that her team would be here to install the new council on the evening of October 7, in Conner's Hall, Centre street, Manassas.

A general invitation has been issued to all members of the order in this area to attend and witness the ceremony.

Mr. Baker is urging all those who have not paid their fee to have it on hand as soon as possible. Charter members will have the privilege of signing up until the 7th if Mr. Baker is allowed to keep the charter roll here. After the 7th, candidates may join only as new members of an established council.

The work of the Daughters of America as the woman's auxiliary is well known throughout Virginia, and any women not now actively associated with some other fraternal body will do well to seek membership in this order.

MEETING OF HORTICULTURAL SOCIETY

The September meeting of the Aldie Horticultural Society took place on Friday, the 22nd, at Dublin, the attractive home of Miss A. M. Ewell, near Hickory Grove. Sixteen members were present.

This society has for some time been a source of great interest in two counties. Though most of its members live in Loudoun it has several in Prince William. Mrs. Floyd Harris of "Stoke," near Aldie, is president, and there are now two associate secretaries, Mrs. Milton Hutchison and Miss A. M. Ewell. Miss Flanagan, teacher of botany at Foxcroft School, adds much to the interest of the meetings. She brought on this occasion some beautiful flowers, as also did Mrs. Harris, from her lovely garden at Stoke. The latter gave an interesting talk on fall crocuses, and showed some fine specimens of the same. These beautiful flowers, of various delicate shades, belong to the amaryllis family, and should be more generally known. After the flowers were thoroughly discussed, it was proposed that some vegetable recipes should be exchanged. Mrs. Henry Fairfax gave one for a soup mixture, said to be delicious, and Mrs. John Moore Berkeley gave a time-honored one for corn fritters. These recipes were included in the minutes.

After the meeting adjourned refreshments were served, and the enjoyment of Miss Jennie Ewell's honey cakes proved the value of an old Virginia recipe.

Things in lighter vein closed the meeting. Miss A. M. Ewell read a poem on "Yarrow," which was much appreciated. There was some lingering in the boxwood garden, and much pleasant chat, then adieu.

The October meeting will be in Loudoun, at Miss Flanagan's summer home near Leesburg.

BELL-BOWIE

Miss Elizabeth Lee Bowie, only daughter of Mr. and Mrs. Robt. Lee Bowie, and Mr. Garland V. Bell, only son of Mr. and Mrs. Robt. Lee Bell, all of Washington, D. C., were married in St. Mark's Episcopal church Sept. 11, at 8 p.m.

Immediately after ceremony they held a reception at Hamilton Hotel and later left for a honeymoon trip to the Fair at Chicago.

They will on their return make their home with the groom's parents.

BENJAMIN FRANKLIN IDEN

Dr. B. F. Iden, aged 87 and a life-long worker among the people of Prince William, died last Thursday as the result of broken hip and severe shock following a kick from a horse which he was assisting to harness. He was a man of such remarkable vitality that it was at first thought that he would be able to pull through. The funeral on Sunday was attended by an immense crowd, not a few of whom represented children whom Dr. Iden had helped usher into this life. One of these has written a beautiful testimonial which is printed herewith:

THE MEMORIAL HE BUILT

Full was the measure of service He gave; Unselfish, devout, in full duty bound. Steeped in compassion and sympathy rare; His faith all-inspiring; His ministering sound.

Nor petty excuse; nor personal weal Encompassed his will to answer the call.

The urge and the impulse of relief was His code. His motto—Unswerving devotion to all.

Above His belief in scientific aid, The God of His faith was first to command.

His ally, the Mentor who guided his skill; Consultant, Advisor in each case at hand.

From cabin to mansion; from pauper to peer; His highway to duty was rugged but plain.

No query he made as to fee or reward. His charity exceeding His personal gain.

At noontime; at midnight; in blustering gale; Chilled by the torrents, with saddle-packs wet.

Straightforth He forded the menacing streams, Consoled and emboldened in victories met.

No splattering stain adheres to His shield.

Beclouding His deeds with petty disdain. No race and no creed inspired denial: His mission to mankind His only refrain.

And hundreds now living will calmly attest

His long years of service are crowned with this seal:—

A call seldom found Him too self-bound or frail To respond like the Master with charitable zeal.

No classic memorial in marble or bronze, Carved and embellished; priceless or rare,

Will outlive His record on LIVING AND GIVING;

The monument He builded with infinite care!

—By One at Whose birth he presided and Whose Career He Inspired.

NOKESVILLE

The Brentsville District Community Association will hold its regular monthly meeting next Tuesday night, Oct. 3.

At this time we are going to give a reception to our teachers and we want the affair to be a real get-together for the teachers and parents. Each school of the district is going

to be called upon to present some number, a song, play, recitation or some other form of entertainment.

Each teacher of the district is invited and urged to be present and we want a good number of parents to be there to greet them.

The selections of the nominating committee are about complete and will be announced at this meeting.

PROLOGUE

A mother and child are talking. The child has found a four-leaf clover and makes a wish—"I wish you would tell me the story of the cows—I want to know all there is to know about cows in this whole wide world."

The mother begins her story while the child sits revelling in the mysterious story that he hears.

(The story is depicted as she tells it)

EPISODE I.

Ancient Beliefs

Ancient herdsmen believed that the moon, with her gold-tipped horns, was the giver of abundance and they called her the "Moon Cow."

The Egyptians worshipped a cow goddess whom they called "Hathor." She was a symbol of Health, Strength and Abundance.

The Jews for generations were expert dairymen and they believed that their health and happiness were mainly due to the foods that they ate. Besides milk which they drank habitually, they used great quantities of butter and cheese.

David represents the lithe and happy youth who became the cherished king of his people.

The Hebrews of old dreamed of their "Promised Land" flowing with milk and honey. This search for new land was the chief cause of migration of all peoples—North, East and West—and as the ages roll by we find herds of dairy cows reaching out across Europe.

The Dutch were superstitious about the cows that failed to give their milk and milk that failed to churn. They thought that an evil spirit was loose about their homes.

EPISODE II.

Early American Customs

Governor Bradford gave a cow and two goats to every six persons. Captain Miles

Standish carried the joyful news to all Plymouth.

Daniel Boone blazed the trail into the West and made friends with the Indians. He was adopted by "Old Blackfish" of the Shawnee Tribe and called "Sheltowee," meaning "Big Turtle."

Scouts follow the path of Daniel Boone for his creed and theirs was the same.

Many Pioneers went West and took their cows with them. Hosts of others followed. Now this vast land from sea to sea is flying the flag of freedom, the banner of a new and mighty Republic.

Virginia rejoices in her healthy youth and there is beauty in her works of art. Our forefathers forebore many hardships in making Piedmont Virginia an outstanding dairy section. Verily Piedmont Virginia has become the land of Health and of Happy Childhood. Beauty reigns as of always and is escorted by Health, Happiness, Strength, Vigor, Vitality and Endurance.

EPISODE III.

Modern Ideas

Down through the course of history we have been "Following the Milky Way." Milk has been the life-sustaining food for all great Nations.

Uncle Sam leads representatives from each nation where dairy products are used abundantly—Mexico, Canada, Argentina, Greece, Egypt, Holland, England, Brazil, Ireland, Russia, Hungary, Germany, France, Switzerland, Austria, Italy, and Arabia.

FINALE.

The child asks his mother to name them over again that he might find if he can visualize the pictures. As she names the characters, they appear. When all have assembled, the child is awakened from the spell and crowned "Lord of the Cows." He promises always to "Follow the Milky Way."

BYRD TO CROWN
FESTIVAL QUEEN

It was announced by festival authorities that Regina III, Queen of the third annual Piedmont Virginia Dairy Festival, will be crowned by Senator Harry Flood Byrd, Virginia's junior senator, and her former governor. The presence of Senator Byrd in Manassas on September 30 will add a great deal to the attractiveness of the festival, and will materially increase the impressiveness of the coronation exercises.

The committee in charge of arrangements for the great "Milky Way" parade have been very successful in securing well-known organizations to participate in this feature. The parade will not be wanting in its music supply, as the following organizations have accepted invitations to be present: The Boys Independent Band of Washington; The Fredericksburg High School Band; The Culpeper Municipal Band; The Washington and Lee High School Band; The Linton Hall Band; The Alexandria American Legion Drum and Bugle Corps; The Richmond Blues, and the Alexandria Band. These, together with several other bands will be stationed at various places throughout the parade. In addition to these outfits, all the schools of the eleven participating counties will have representatives in the line of march, as well as the 4-H clubs, the Future Farmers and like organizations. Fire departments from all of the counties will have equipment and representatives in the parade, and it is expected that there will be more than a score of floats on display. In addition to these, Mr. E. E.
