

## MACS MAINTAIN LEAD WITH WIN

**Ft. Myer Offers Stubborn Resistance Before Succumbing by 4 to 3 Score.**

Manassas completed the first half of its League schedule Sunday in a gratifying though not so impressive manner, defeating the Fort Myer A. C. for its fifth consecutive win. The victory enabled the Macs to maintain their lead by a slim half game margin over Ballston, their nearest rivals, who also won, swamping Clarendon under a 17 to 4 score. Ft. Myer, the loser in each of its previous five games, offered the League Leaders unexpected opposition before taking it on the chin for the sixth straight time. With Wurdemann absent, the Macs presented a revised lineup, Kite and Dreyfus playing third and first, respectively, and M. Bradshaw doing the flinging. M. Bradshaw was soundly thumped during the first part of the game, giving up eight hits, all singles, in the first five innings. He steadied after the fifth, however, fanning five and not permitting a runner to advance beyond the initial sack.

Failure to hit in the pinches proved costly to the locals cause, nine men being left stranded on the bases, eight of whom had reached third. They collected nine hits, including three triples and a double, received three bases on balls and benefited by six alien miscues and yet were able to tally but four times. The Macs scored a run in the first, added two more in the second on a lone hit and scored their winning margin in the fifth in a like manner. Woodard opened the home half of the first with a walk but was erased at third as he attempted to force two bases on Lynn's single to center, the latter reaching second on the play. Vetter followed with a single to center and Lynn scored when H. Strassers throw bounded past third, Vetter moving up to second on the error. Saunders flied to right, Vetter going to third after the catch but the rally ended when N. Bradshaw fanned for the third out. Only one hit was necessary to push across a pair of runs in the second. Dreyfus opened the inning with a walk and scored when Kite met one of McKeever's pitches on the seam and lined it over the left fielders head for a triple. Kidwell loft-

## BULL RUN GRANGE GETTING READY FOR ANNUAL EVENT

Bull Run Grange has completed plans for August 10th, for what they hope will be the most successful Field Day and Tournament that they have ever held. Two baseball games and races and contests with prizes will make it a worthwhile day, to say nothing of the Tournament—here is a chance for the young men of the country-side to show their skill as horsemen.

The entry fee for riders is, very small, which entitles him also to the Coronation Ball at night.

Fort Humphrey's Band will furnish music during the day and a seven piece orchestra for the dance at night.

We all need a little fun as an antidote for the drought and the worries that beset the farmer.

## LAWN PARTY AT GREENWICH

The public is cordially invited to a lawn party at Greenwich School on Wednesday evening, August 1. The party is being given by the local 4-H Club for the benefit of Jamestown Short Course Fund.

## STORM DID DAMAGE

The heavy showers which arose just before dark last night did no little damage throughout the county, particularly south and west of Manassas. Hail fell in sections and some corn was badly stripped. Other report barns unroofed, silos overturned, stock killed and houses partially flooded by the high wind which accompanied the downpour.

Although there have been a number of stock killed by the heat no reports have come in of human fatalities.

## DR. J. C. McDOWELL TO ADDRESS GUERNSEY MEETING

Dr. J. C. McDowell, chief of the dairy herd improvement section of the U. S. Bureau of Dairying, will address the Virginia Guernsey dairymen at their annual summer meeting at V. P. I. on August 2. He will speak on "Dairy Adjustment That Will Pay in Virginia." The meeting is considered an important feature of the dairy program at the annual State Farmers' Institute, July 31 to August 2.

The improved system of record keeping and cow testing developed throughout the dairy herd improvement associations of the country under the supervision of Dr. McDowell is largely responsible for the great strides that have been made in dairy improvement during the past ten years. Dr. McDowell is well known among Virginia dairymen, not only for his intimate knowledge of the dairymen's problems but also for his philosophy of rural living and his wealth of homespun wit.

Prof. C. W. Holdaway, head of the dairy husbandry department at V. P. I., will deliver the address of welcome and outline briefly the Guernsey developments in the V. P. I. herd.

H. C. Bates, southern agent of the American Guernsey cattle club, will

discuss Guernsey cattle sales and what they should mean to a state association of Guernsey breeders. Mr. has also taken a direct part in developing 4-H dairy club work, and in distributing good cattle among farmers of the southern states, which activities have contributed to the well-being of many families.

C. T. Rice, of Oakton, Va., sales representative for many distant cattle buyers, is to speak on "The Essentials of Sound Guernsey Herd Development." Through his influence, Virginia dairy cattle have been sold into some of the leading dairy herds of this country, and into South American countries and the West Indies, where they have helped establish Virginia's reputation as a dairy state. Mr. Rice will bring to the meeting observations gained from his extensive travels.

T. Benton Gayle, president of the Guernsey association and manager of Sherwood Forest farm at Fredericksburg, will have charge of the program and preside at the business session.

The meeting will convene at 10 o'clock and adjourn at 1:30. A special dairy program sponsored by the V. P. I. dairy department as a part of the Farmers' Institute will follow.

A few weeks ago we published a request for old books and magazines for the boys at Camp Recovery. For a time the response was generous but the supply has dwindled to naught for the past two weeks. Let us remind our readers of this with the hope that they will rummage again and bring us more reading matter for our young friends.

## LEINBACH TALKS TO KIWANIS

**Club Accepts Haymarket Invitations.**

Huntun Tiffany, our leading code expert, made a compromise with his speaker last week and in return for the sudden demand required the speaker to use a minimum scale of time for the evening. There was no strike and no need of arbitration.

Reverend Leinbach chose his subject just as freely as he had been called on and gave the boys ten minutes of solid common sense talk which was keenly appreciated.

An invitation from the Guild at Haymarket was tentatively accepted for August 3.

Except for some by play between Frank and Bob and a big juicy lot of watermelon very little else happened.

## SACRED MUSIC FESTIVAL

Mrs. R. F. Logan and Miss Virginia N. Speiden attended the Sacred Music Festival at Massanetta Spring last week. This festival climaxed the summer session of the Massanetta School of Sacred Music, which is held annually under the direction of Dr. John Finley Williamson of the Westminster Choir School, Princeton, N. J.

The final concert was presented on Friday evening by a chorus of 2,000 voices, made up of choirs and vocal ensembles throughout the state, and directed by Dr. Williamson. This concert was held out of doors at sunset, the natural beauty of the location lending itself to the effectiveness of the beautiful music. During several numbers, the chorus was divided, singing antiphonally from two hill-sides. As the moon rose, the concert was brought to a close by the singing of "How Lovely is Thy Dwelling," from Brahms' Requiem. It is hoped that Manassas can send a representation to take part in this event next year.

## REVIVAL MEETING

A two weeks Revival Meeting at Calvary Church, beginning Monday night, August 13, will be held each night at eight o'clock. The pastor will be assisted by Rev. J. W. Brill, Martinsburg, W. Va., who is expected to be here August 15, and will preach each night thereafter. Rev. Brill was pastor of Manassas Charge from 1910 to 1916. His many friends here will welcome his visit to our midst, and all will want to hear his devout minister of the Gospel.

## BULL RUN IS LIVED AGAIN

**Dramatic Addresses and Loyal Southern Music Feature The Day.**

On Saturday last, seventy three years after the stirring battle that sent the Federal troops pell-mell over old Long Bridge, the descendants of the gray clad victors met to do honor to the deeds of their glorious fathers. Only four veterans responded to the roll, the oppressive heat keeping others away.

Hon. John W. Rust, president of the Board of Trustees of the Battle Park, presided as he has done for years previous. The singing of Dixie was led by a quartette composed of Mrs. J. L. Hatcher, Mrs. Robert Logan, Rev. John M. DeChant and Mr. Alvin Kline, with Miss Virginia Speiden at the little organ. They also sang a number of old Southern melodies.

The leading recitation was given by Miss Virginia Conner who gave Douglas Clark's "When the Camp Fires are Out." The sentiments were very touching and Miss Conner recited in a most approved manner.

Hon. Charles H. Brough, former governor of Arkansas during the World War, and at present chairman of the Boundary Commission at Washington, spoke on the "Glory of the Old South and the Greatness of the New." Governor Brough is an excellent speaker and his recitation of the idealism of the Virginia of yesterday and all that it means to posterity was indeed worth hearing. Bringing to them a picture of Virginia of today and the wonders that have been accomplished by her native sons, Governor Brough drew hearty applause.

Colonel Seymour Bullock, U. S. A., of South Bend, Ind., for years interested in the Bull Run Battlefield from a military standpoint, came at Mr. Rust's invitation. Speaking from the actual scene of action with the vision of one trained in military science, Colonel Bullock was full of praise for the cool reserve of the great Jackson maneuvering a defeat into a marvellous victory. Colonel Bullock was repeatedly interrupted by applause for his complimentary references to the Southern leaders.

The intense heat of the day had a depressing effect on the usual large crowd which often exceeds a thousand, and perhaps less than five hundred were there. The delightful luncheon which was served in the old picnic grove brought all the loyal Southerners present into close fellowship.

A feature of the day was the exhibit of the finished plans of the battlefield museum which were exhibited from the speakers' platform and explained by Mr. Hopkins, of the Sons of Veterans.

The speaking was still going on at about three o'clock when Colonel Sharwin, U. S. A., who had been giving the audience an interesting talk, also from a romantic as well as a military standpoint, was interrupted by the sudden approach of a heavy shower and the crowd reluctantly dispersed.

## JUNIOR WOMAN'S CLUB VERY ACTIVE

The Junior Woman's Club has been unusually active during the summer months, having sponsored several worthwhile things. Glasses were provided for several Bennett School children through the combined efforts of Miss Neel and the Club members. It has also been arranged for the Club girls to assist Miss Neel by having a playground while she is holding a class in the lower part of the county.

A sewing class has been sponsored by the Juniors, under the supervision of Miss Helen Lloyd. This was started to give the women of the town who are out of work some sewing and to make clothes for the needy. The project will be continued under the F. E. R. A. if funds are sufficient.

## NEW ROAD WORK

County Engineer Hubbard is to be congratulated on the swift and efficient manner in which the Centreville-Manassas road has been resurfaced and at the same time kept open and safe for traffic.

This is the third time that a completely new surface has been laid in four years, and is much the best treatment it has had, even considering the original construction.

The patrolmen on this road are very much to be praised. During the severe winter they watched every weak spot and doctored it.

## IN MEMORIAM

In loving remembrance of my dar-  
ling son, Charles McKinley Johnson,  
who departed this life one year ago  
today, July 26, 1933.

I little thought when you left  
home,

That you would not return,  
That so soon in death would sleep  
And leave us all alone.

In my heart your memory lingers  
sweetly,

Tender, kind and true  
There is not a day, Dear Charlie,  
That we do not think of you.

Loving Mother,  
Lucille Johnson

## CHRISTIAN SCIENCE

"God" was the subject of the Les-  
son-Sermon in all churches and  
societies of Christ, Scientist, on Sun-  
day, July 15.

The Golden Text was "Blessing,  
and glory, and wisdom, and thanks-  
giving and honour, and power, and  
might, be unto our God for ever and  
ever" (Revelation 7:12).

Among the citations which com-  
prised the Lesson-Sermon was the  
following from the Bible: "It is of  
the Lord's mercies that we are not  
consumed, because his compassions  
fail not. They are new every morn-  
ing; great is thy faithfulness" (Lam-  
entations 3:22,23).

The Lesson-Sermon also included  
the following passages from the  
Christian Science textbook "Science  
and Health with Key to the Scrip-  
tures" by Mary Baker Eddy: "What-  
ever inspires with wisdom, Truth, or  
Love—be it song, sermon, or Science—  
blesses the human family with  
crumbs of comfort from Christ's ta-  
ble, feeding the hungry and giving  
living waters to the thirsty" (p. 234).

## PRESIDENT CONTINUES

## FEDERAL SALARY SLASH

President Roosevelt by executive order continued for another six months the 5 per cent pay cut imposed on Government employees by the so-called "Economy Congress of a year ago. In justification of his action the President said the study of the cost of living throughout the country, made by the Bureau of Labor Statistics of the Department of Labor and other statistical agencies of the Government, upon which the President based his action, produced figures showing the cost of living during the six months ended June 30 last was 20.2 percent lower than the cost of living index for the base period of June 30, 1928. The economy act of 1933 which put into effect the 15 percent pay cut and payless furloughs throughout the federal service specified that the President every six months, following a survey of the living cost, should determine whether or not he was justified in continuing the cut or restoring all or a part of it to the employees.

During the past few months according to reports, a steady increase in postal receipts have been reported at many of the larger post offices throughout the country. This steady increase in revenue is attributed to the "Service Sales Campaign" inaugurated by the membership of the National Federation of Post Office Clerks according to J. B. Bryant, Secretary of the State Council. The Postal Employees throughout the country have quietly put forth the most active campaign in the history of their organization to boost the ever-ready and unlimited facilities of the postal service.

## POSSESSION

If we have a little dolly,  
Home-made, - - out of rags,  
And her gingham dress is dirty,  
And her stuffing inside sag;  
We sometimes long for better,  
And we seldom stop and say  
"I'm glad I've got you, Dolly,  
You're old but you can play."

And if we have a great big doll  
With yellow flaxen hair,  
And big blue eyes, and frilly dress,  
We do not seem to care;  
We put it in the attic  
With our toys and kiddie-car,  
And go away, forgetting,  
How fortunate we are.

If we have a little farmhouse  
Tucked safe among the hills,  
And we live on milk and honey,  
And with them pay our bills;  
We somehow can't make out  
With our simple little store,  
And we rack our brain and wonder  
How we can get some more.

And if we have a mansion,  
With sweeping lawns around,  
Where we can live in luxury,  
And sleep on silk and down;  
It seems that we just aren't satisfied,  
And we're bored with our lot,  
And we fail to thank the good Lord  
For the many things we've got.

If our meagre little savings  
Are put carefully in a can  
And kept behind a chimney stone,  
Safe from the sight of man;  
It's tiny sum annoys us  
And we ever plan and scheme  
To fill that can to flowing,  
And thus fulfill our dream.

Or if we put our money  
In a city bank's strong vault,  
And count the sum in thousands,  
Our income is at fault;  
It doesn't seem enough to us,  
Somehow we aren't content,  
And we must work to make some  
more—  
Our minds to that are bent.

And so it goes throughout the year—  
Be it with rich or poor,  
No matter how well off we are,  
We're always wanting more.  
It starts with us in childhood  
And goes with us through life;  
POSSESSION—ever wanting—  
Brings sin, and death, and strife.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the Bible selections, it will prove a precious heritage to them in after years.

TRUST HIM ALWAYS  
Commit thy way unto the Lord;  
trust also in Him.—Psalm 37:5.

**UNMASKING NAZI PROPAGANDA**  
The Washington Post says the congressional committee investigating German activities in the United States is doing an useful service in unmasking the invidious propaganda which has been employed to sell Hitlerism to America.

This is true. Hitlerism or Nazism has not been helped by trying to create favorable sentiment in this country through the propaganda methods it has used. If Hitlerism or Nazism is right and is rehabilitating Germany and putting that nation back on her feet, the American people and the American newspapers will soon find it out and expensively paid press agents will not be needed to tell us either.

American people, anyhow are becoming fact-minded about Europe. Europe's failure to pay her war debts, her building up of more great war machines, her incessant talk of war one day and peace the next have created among people a weary and doubtful frame of mind, and nicely-worded statements, appealing to the big heart of the American people from these propaganda bureaus, no longer stir emotions as they once did.

If European nations desire the confidence of the American people, the best way to get it is to make a sincere and earnest effort towards peace and towards governmental and business rehabilitation, and stop rattling the saber every time a mosquito bites Hitler on the ear, or when a speck of German dust drops on a French uniform, or when Mussolini boastfully tells the world of what he intends to do.

LOCAL GIRL COMPLIMENTED IN WASHINGTON PRESS BY PROMINENT BUSINESS MAN

Today we pay tribute to another "first." Miss Mattie B. Weir is the first woman to hold the position of collection teller, to which she was recently promoted in the banking division, Treasury Department.

We compliment Miss Weir with today's marvelous bouquet, however, for other and even better reasons than upon the first feminine occupancy of her post. She is exceptionally conscientious and accurate, traits of primary importance in the work which she performs. Moreover, she is unusually considerate of personnel under her influence, a characteristic which is certain to draw high praise. Her contacts with people who have matters to transact with the Treasury are equally pleasant and agreeable.

Miss Weir, we congratulate you and wish for you much success!

## HOUSEKEEPERS ARE PATRIOTIC

Songs and Selections Given by Members at Recent Meeting.

Members of Bethlehem Good Housekeeping Club were delighted with the warm hospitality accorded them by Mrs. Eleanor C. Johnson and Mrs. Mary Lyons at the home of the former on North Main street Wednesday afternoon, July 18, 1934.

In the absence of the president, Mrs. Robert Hutchison acted as chairman. The usual routine of business was followed. Five dollars was donated to the rest room for window drapery. Mrs. W. M. Pierston was appointed to purchase the material.

Plans for the picnic to be held third Wednesday in August were completed. Members are requested to bring lunch, meet at the rest room at 3 p. m. and go in a party from there. For further particulars call Mrs. A. E. Spies or Mrs. T. J. Broadus.

A very fine patriotic program was introduced by Mrs. Robert Hutchison. Every one present experienced an extra heart throb and a thrill of peculiar joy and pride as the assembly stood in salute to the stars and stripes. While standing Mrs. Hutchison read a poem "Flag of Our Union" and with Miss Florence Kincheloe at the piano the "Star Spangled Banner" was sung in chorus.

Mrs. Lucy D. Washington read in her usual pleasing manner "Your Flag and My Flag." Mrs. Eleanor Johnson read a story describing the ringing of the Liberty Bell on July 4, 1776.

Mrs. Mary Lyons and Mrs. R. L. Byrd read selected poems by Edgar Guest. These were followed by a vocal selection "America the Beautiful" given by Mrs. T. J. Broadus.

In conclusion the assembly sang "America." The social hour followed when in truth, the guests were refreshed by a delicious ice course daintily served by the hostesses.

Mrs. G. W. Hartley and Mrs. J. H. Campbell of Washington were special guests of the afternoon. Other Club members present included Mrs. Hebe Jackson, Mrs. M. E. Hart, Mrs. W. M. Johnson, Mrs. Maud Kincheloe and Mrs. Nannie Middleton.

They spent the night with the bride's uncle and aunt, Mr. and Mrs. Grove Deeling, after visiting other relatives in Virginia they returned to the Kerlin home, where they expect to spend the summer. Their many friends wish them much success and happiness all through life.

ANNUAL FARM MEETING AT  
BLACKSBURG NEXT WEEK

The Institute of Rural Affairs, held annually at Virginia Polytechnic Institute at Blacksburg, will open Tuesday, July 31, and continue thru Thursday, August 2.

As in the past the programs will be divided into two sections. The standard of living section will devote its discussions largely to home problems and the economics section to farm problems.

Immediately on arrival at Blacks-

burg each person attending is asked to go to the registration booth directly in front of the quadrangle and register. Upon registration full information will be given as to quarters and meals. Arrangements have been made for those attending to occupy the military and non-military dormitories. A charge of only \$1.00 for the three days will be made for those occupying rooms in the military barracks for which bed clothing, towels and toilet articles must be furnished. Reservations may possibly still be made in the new Stone

Barracks for \$1.00 per day by communicating with Director John R. Hutchison.

Meals will be served at the college dining hall at 35c each or \$1.00 per day.

An unusually appropriate and interesting program has been planned.

Weeklies Surpass City  
Papers in Advertising  
Value, Editor Asserts

Country weeklies are highly desirable as an advertising medium because they are thoroughly read, points out a newspaperman who has made a study of the metropolitan and non-metropolitan press. City daily readers are headline readers, he notes:

"After thirty years' experience as an editor in various cities, including six years as managing editor of the New York Herald-Tribune, I have learned that the average city newspaper reader is a headline reader and that the average country weekly reader starts at the first line of column one, page one, and reads every line and every ad and every picture caption straight through to the last line of the back page. Then the paper is passed to some other member of the family, who does the same thing, and then to the neighbors, who do the same thing.

"This is so true I do not hesitate to say that an advertiser can, by using a weekly paper, reach every week four times as many people as that paper has subscribers. In the case of a city paper he could advertise for a year and not reach every subscriber.

"The reason is that the country weekly is read thoroughly by all the family and all the neighbors, and the city paper is read thoroughly by only a comparatively few subscribers."

## Food Market Advice

WITH the tremendous acreage of the Mississippi Valley brought-riden from Canada to the Gulf, wheat crops decimated, wells running dry throughout the pasture lands, meat prices are rising. But if you are a careful shopper, you will find many bargains.

Most cuts of Lamb have risen to the luxury class but some are still attractively priced. Beef, too, is going higher. Fore-quarter cuts, however, are cheap with the exception of rib cuts, which are moderate. Pork prices are rising but smoked hams are reasonable. Veal is moderately priced. Broiling Chickens usually come into season the first of June, but the cold late winter held them back. Fine Roasting, Frying or Stewing Chickens are available in place of Broilers.

A New Fish Day  
A large Eastern city is adding a second fish day, Tuesday, to the week. With this plan one may have fresher fish and more varied menus. Whether you favor Tuesday or Friday for fish or can enjoy two fish dinners in the week, a wide choice is possible.

The Shad season is drawing to a close, but they may still be enjoyed this week. Bluefish is especially good broiled or baked. Butterfish, Croakers, and Forgies are most often sauteed or fried and all are seasonable. Sea Trout and Mullet are also good choices. Shrimp are delicious in any number of ways but are much enjoyed in salads at this season.

Spring Comes North  
Northern Asparagus and Rhubarb share counters with the first southern Corn and Watermelon; Strawberries, with Apricots and Plums;

and Cherries with Melons. The arrival of Watermelon completes the melon group. Honeydews and Cantaloupes are plentiful and Honeydews have begun to arrive. Pineapples will be plentiful for nearly another month. It is rather between seasons for oranges, as Florida Valencias and California Navels are going out and California Valencias coming in. There is no shortage, however. Bananas are plentiful and cheap and a harmonizing influence in fruit cups and salads. Canned Red Bear Cherries are still best for pies as the big sweet cherries are better raw than cooked. Red Western Raspberries may be enjoyed with cream or made into sherbet, which is especially refreshing on hot days.

Cabbage is plentiful and inexpensive. It is now the only member of its family generally in the market. At this season it is especially enjoyable as slaw or in salads. Young Beets are attractive to serve whole while they are small and tender. Many of those in market have been grown in hot-beds and should cook rapidly. Uncooked shredded Beets are good in salads. Carrots and Peas go well with meats of delicate flavor such as chicken, young lamb or veal. Here is a party luncheon or supper menu made up from foods that our experts consider seasonable.

By EDWIN F. HILL

Edwin F. Hill

350,000 calls each day.

Telephone calls have increased about 7 per cent since January of this year in Maryland, Virginia, West Virginia and the District of Columbia, territory served by the Chesapeake and Potomac Telephone Companies. Users of the service in this area now make on an average 3-

350,000 calls each day.

Telephone installations are also increasing. For the first six months of the year there was a net increase of 13,000 telephones in this area, making a total of approximately 625,000 telephones in service.

This increase in telephone installations is comparable with the country as a whole, since there was a net increase of approximately 249,000 telephones for the first five months of this year as compared with a net loss of 672,000 for the same period in 1933. On June 1 of this year there were about 16,960,000 telephones in service in the United States as compared with 16,875,000 on the same date last year.

## Plum Jelly in Three Steps

10:00 o'clock... 10:30 o'clock... 10:45 o'clock

PLUM jelly, from fully ripe Damson plums, is one of the most delicious that can be made. Champion jelly makers, who win blue ribbons year after year at State Fairs, follow this recipe.

Ripe Plum Jelly  
4 cups (2 lbs.) juice  
7 1/2 cups (3 3/4 lbs.) sugar  
1/2 bottle fruit pectin

To prepare juice, crush thoroughly 4 pounds fully ripe fruit. Do not peel or pit. Add 1 cup water. Bring to a

boil, cover, and simmer 10 minutes. Place in jelly cloth or bag; squeeze out juice.

Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1/4 minute. Remove from fire, skim, pour quickly. Paraffin hot jelly. Makes about 11 glasses (6 fluid ounces each.)

## Future Virginia Farmers Enjoy New Fair

Agricultural students from the Rich Valley High school of Smith county, Virginia, visit the Administration building at the new World's Fair during their trip to the Exposition in Chicago. The group was selected as the best chapter of the Future Farmers of America organization in Virginia. They made the 800-mile journey in a school bus in two and a half days, and are under the guidance of James H. Brown, instructor in the school. They spent much of their time at the Food and Agriculture building and marveled a bit at the radio controlled tractor which was doing the work while the modern farmer sat in comfort on the porch. The educational features of the Fair, which are the greatest ever assembled in one place, were particular objects of their study. In the picture, front row, left to right, are: John Campbell, Lilliburn, Frye, J. B. McCarty, James H. Brown, K. V. Sloop, Glen Tolbert, Hugh Buchanan; second row, A. R. Whitley, Sanders Jones, John Ed Clark, Sam G. Buchanan, Campbell Burnop, Robert E. Buchanan; third row, Carson Ward, Thomas Buchanan, Edward Hill, G. W. Clear, James Pratt; fourth row, Graham S. Buchanan, Edward Buchanan, Berkley Holloway, Albert Worley, Robert M. Buchanan, Charles Hill.

## CATHARPIN

Mr. and Mrs. J. H. Tolley and Miss Mamie Baker of Hampton, and Miss Emily Baker of Newport News are spending a few days with Mr. and Mrs. R. A. Collins of Marble Hill, returning home on Wednesday of this week.

Mrs. W. S. Brower was visiting friends in Washington for several days last week.

Mrs. Samuel Skillman, nee Miss Virgie Hutchison, of Georgetown attended the funeral of Mr. I. I. Anderson on Wednesday of last week. Mrs. Skillman is well known and has many friends in the Catharpin neighborhood who remember her as of her girlhood days.

The heat wave of the past several weeks was broken on Sunday night by a refreshing shower of about 20 minutes duration which brought the thermometer from the nineties to a comfortable level of about 71 degrees on Monday morning. Cornfields and pastures were getting into a serious condition as well as gardens and everything that depends upon moisture for a living. Many feared we were entering another dry spell similar to the one of four years ago, but in the phraseology of an Eastern Shore provincialism it seems "We belong to have a dry spell each year" and we are hoping this has been it.

Mr. and Mrs. L. L. Lynn and daughter, Elizabeth, were Manassas visitors one day last week.

The community was called upon last week to witness the passing of one of its oldest and most highly respected citizens in the person of Mr. Ira Imri Anderson who departed this life early Monday morning, July 16, 1934. Recovering from a slight stroke of some months ago he seemed in fairly good health until the Saturday preceding his death when he was taken violently ill and was removed to the hospital in Washington where everything possible was done to relieve his suffering but to no avail until death relieved him. Mr. Anderson was married a little more than fifty years ago and had spent all his married life in the Catharpin neighborhood where he farmed and plied his trade as carpenter, being particularly noted as a barn builder, his last big job being the erection of the large barn for Mr. W. Holmes Robertson at Lawn Vale. A man after spending a half century in any useful line of activity is bound to leave behind him many memorials in brick, stone and wood which will remind the "living present" of the builder. Mr. Anderson wrought well and is remembered by many who profited by his skill. He leaves a wife and five grown children—to mourn his

loss. Was laid to rest in Old Mt. Zion cemetery on Little River turnpike on Wednesday, July 18, 1934, followed by a large concourse of friends and relatives.

## OCCOQUAN

Mrs. Baker has returned to her home in Colombia, Va., after visiting her daughter, Mrs. Fred Lynn.

Miss Esther Akers of Manassas is the guest of her aunt, Mrs. Carl Lynn.

Mr. Guy Fling left last week for Los Angeles, Calif., where he will remain for several weeks. He will be accompanied home by his nephew, Master Buddy Noxon, Jr.

Mr. and Mrs. John Kline, Jr., and daughter, have returned from a two weeks stay with friends in Pennsylvania.

Mr. R. J. Wayland and Mr. Charles Ruffner are spending a week at Colonial Beach.

Mrs. Roy Summers and children of Hershey, Pa., are guests of Mr. and Mrs. J. M. Kline, Jr.

Mrs. Edna Holmon, Miss Evie Toole and Mr. Bill Selecman have returned to Atlanta, Ga., after a stay of several weeks with Mr. and Mrs. John Selecman.

## NOKESVILLE

Mr. and Mrs. Roy Fitzwater of Washington, D. C. and sister, Dehila, of this town who spent the past week at Virginia Beach are now visiting friends and relatives in Harrisonburg Virginia.

Dr. C. B. Martin of this town was taken to the Emergency Hospital on Tuesday night of this week. At this time he is reported doing nicely.

Some of the 4-H Club boys and girls are attending the State Short Course at Blacksburg, Va. this week.

## G-3

Yes sir—people who got the new G-3 All-Weather before it was advertised and have driven this marvelous tire many thousands of miles, are singing its praises louder than our advertising does! Particularly do they insist that the new G-3 gives better than the "43% more non-skid mileage" we advertise! All we ask is, before you buy tires give us a chance to show you why G-3 users boost it even stronger than we do!

**ASTONISHING NEW "G-3" GOODYEAR ALL-WEATHER**

Look!—at No Extra Cost... 43% More Miles of real non-skid safety... Flatter Wider Tread... More Center Traction (16% more non-skid blocks)... Heavier Tougher Tread (average of 2 lbs. more rubber)... Supertwist Cord Body (supports heavier tread safely)!

Over 22,000 miles—still plenty of traction. —Iowa

Approximately 32,000 miles—still some traction left. —W. Va.

Usually wear out tires in 15,000 miles. No appreciable wear on front G-3's, little on rear, after 12,875 miles. —Georgia

Big Value—Low Price!

**GOODYEAR SPEEDWAY**

Built with Supertwist Cord... Center traction; tough thick tread; full oversize.

Other sizes in proportion expertly mounted on wheels.

Prices subject to change without notice. State sales tax, if any, additional.

Am a rural mail carrier—travel 50 miles a day—make 200 stops—three G-3's put on last fall still have more than half their non-skid left. Fourth tire, not G-3, almost smooth. —Ohio

## LEAD WITH WIN

Continued from page 1  
ed deep to left and Kite ambled home after the catch with the second run of the inning. The winning run was scored in the fifth after two were out when N. Bradshaw drew a pass and scored on Dreyfus' triple to left center.

The visitors scored their first run in the second when with one away, McKeever singled to left, stole second and continued on to third when Kidwell's throw went through Vetter into center field. He scored on Keys hit to left. They scored twice more in the fifth to raise their total to three. Bradshaw tossed out Beauchamp and then ran into trouble. Thompson and Cunningham followed with singles and they each moved up a base as N. Bradshaw tossed out White. Thompson scored on Keys second hit, a single to right and Cunningham followed him over the plate when Burke beat out a hit to Bradshaw.
