## TIFFANY NEW KIWANIS HEAD

### Annual Election Features Club's 10th Birthday.

Huntton Tiffany, vice-president of the Manassas Kiwanis Club, will wield the gavel next year, succeeding O. D. Waters, who has piloted the club through the current year.

The birthday anniversary was celebrated while Bob, Rat and others were trying to cull out the successful nominees for candidacy in the directorate. Most everybody must have nominated someone else. This elimination contest finally resulted in the naming of Hooff, Lynn, Trusler, Ratcliffe, R. S. Hynson, Sigman and Cocke.

The vice-presidency was a one-vote majority for Dick Haydon over Bill Lloyd. Ledman and Bradford were kept in their jobs without discussion.

In the absence of Poet-laureate Ed Conner, Frank Sigman sprang a real surprise in the poetic realm by visualizing the history of the club in the Longfellow type prose-poetry. It was genuinely appreciated.

Not to be outdone, Past President Fred rose to a point of personal privilege and lauded the past deeds of the club.

As a result of his talk, President O.D. appointed the Christmas committee which will again lean heavily on Arthur Boatwright.

### LOCAL AGRICULTURAL CLASS STAGES PLEASANT EVENING

On Wednesday evening the Harry Sanders Chapter of the Future Farmers of America entertained the parents and friends of its members at a Brunswick Stew. Long tables were provided in the agricultural building and 125 persons ate stew to the complete satisfaction of their appetites.

At 8 o'clock the group assembled in the auditorium of Manassas High School for a program which was arranged by the Future Farmer boys. President John Waters presided over the meeting and opened with the regular Future Farmer ceremony. The presiding officer then extended a welcome to those present, after which there was music by Mr. Kline. Samuel Hottle gave a talk on the Future Farmer organization and its work. This was heartily received by all present. A most delightful feature of the evening was a dance rendered by Miss Ellen Bisson with Mr. Cleveland Fisher at the piano. Supt. R. C. Haydon introduced Mr. D. J. Howard of Winchester who spoke in behalf of the state supervisory staff.

The address by Mr. Howard was inspirational and very instructive. The boys seemed very much pleased to have one of his position pass such favorable comments upon the work they are doing. The young farmers were urged to build for a future, wholesome and more abundant life on the farm.

The future farmer creed was given by Gilbert Rollins in a most effective manner. Everyone seemed to catch the spirit of the occasion. At the close of the program the president adjourned the meeting with the regular closing ceremony and all agreed that the Future Farmer boys were closer to their parents and friends than on any previous occasion.

### FATAL SHOOTING AT WOODBRIDGE

Dumfries, Va. (Special to Journal) Eddie Walsh was shot and killed in Woodbridge early Monday morning.

He was killed by a fellow who worked in the lunch room with him. Pierson ordered him out. Walsh refused. A friend finally made him go. When he got to the door he was shot three times in the head and shoulders.

It is said that Pierson still had the gun in his hand when the sheriff reached there.

Mr. Walsh is well known at Triangle having lived in the county for ten years. His wife, a Miss Amidon, has been dead some time.

### DANCE PLANS COMPLETE

The plans for the Manassas High School Athletic Association dance on Friday, November 9, have been completed. The entire school is taking an active interest in this affair and it promises to be a big event of the school social calendar. The committee in charge of this dance has engaged a popular Winchester orchestra to furnish the music.

### AMERICAN EDUCATION WEEK

The Manassas schools will take part in the observance of the country wide celebration of Education Week, November 5-11. The programs will be built around the theme, "Education for Tomorrow" and the week's celebration will be sponsored as usual by the National Education Association, the United States Office of Education and the American Legion.

Parents are especially invited to visit their schools any day throughout the week. On Friday from 11:30 to 12:30 a combined Armistice Day and Education Week celebration will be held at the high school to which the public is invited.

On Sunday, November 11, the ministers of the Manassas churches will preach to their congregations on the theme assigned for the day, "Enriching character through education."

## GRANGE HEARS GOVERNOR PEERY

### Executive Praises Farmers Organization.

The principal address before the annual meeting of the Virginia Agricultural Grange, held last week at Richmond, was delivered by Governor George C. Peery and was received by the three hundred members present with prolonged applause.

"Few better influences could be spread throughout the State than that of the Virginia Grange," said his excellency. "It is an influence which makes for better business, for better homes and for better morals. It is a liberating influence, in every sense of that word, one hedged about by no exclusion based upon either social, political or denominational restrictions."

"I know of no society, or organization, in the State more thoroughly American than is The Grange. In it is to be found a fellowship of the noblest character. It operates for the best interests of the locality, of the State, of the nation. It works for and defends the liberties and the rights of the man, the woman and the child."

"I join with you in your just pride of the State Grange in Virginia. It is an organization worthy at the same time of your admiration, confidence and support."

"In the agricultural brotherhood of The Grange there is recognized no North, no South, no East, no West."

"The principles it teaches underlie all true politics, all true statesmanship, and, if properly carried out, will tend to purify the whole political atmosphere of our country."

"It is the desire of The Grange to bring all producers and consumers, farmers and manufacturers, into the most friendly relations possible."

"It stands for a proper equality, equity and fairness, protection for the weak, restraint upon the strong, for justly distributed burdens and for justly distributed power."

"The Grange longs to see the antagonism between capital and labor removed by common consent, and by an enlightened statesmanship worthy of our age."

"It is opposed to excessive salaries, high rates of interest and to exorbitant profits in trade."

"It stands for the cause of better and of wider education among the children of the whole country, and proclaims its purpose to inculcate a proper appreciation of the abilities and true worth of woman by admitting her to equal membership and privileges in its Order."

"The high purposes and ideals set forth by The Grange in its declaration of principles have been lived up by its membership with the result that as an organization it enjoys the admiration and confidence of the nation."

"As governor of Virginia I welcome you in annual session at Richmond, the seat of our state government, and compliment you upon the strides made by your body during the present year. A farmer myself, I feel a brotherly interest in all problems which confront the farmer, and I think you will agree with me that these problems are diversified and almost unending."

"With a united front, however, the difficulties, even of the farmer, may be combated. And I am here to prophesy that, when the difficulties of the farmer have been honestly and properly adjusted, the depression will not linger long in our land."

Don't forget the U. D. C. benefit play, Manassas High, Nov. 1 and 2.

## Haymarket High School Wins First Honor in Attendance for First 6 Weeks Ending Oct. 16

Exceptional Records: Brentsville, Occoquan High, Calharpin, Dumfries, Bennett and Greenwich.

Honorable Mention: Quantico, Cherry Hill, Manassas High, Woodbine, Nokesville High, Woodlawn, Bethel, Antioch, Hayfield, North Fork and Forest Hill.

One of the main objectives being worked on in all of the schools during the present session is increased attendance. Following is the attendance record of the County Schools for six-week period ending October 16, 1934:

Rank	School	Percentage of Attendance	Teacher or Principal
1.	Haymarket High	96.9	W. L. Lynn, Jr.

5.	Greenwich	96.0	Orville Hersch
6.	Dumfries	96.0	Samuel E. Patton
7.	Bennett	95.4	Grace L. Hite
8.	Quantico	94.9	Patricia Sled

23.	Quantico (col.)	81.0	Ethel Mitchell
24.	Manly	79.0	Georgia Berry
25.	Neabsco	77.7	Margaret V. Stokes
26.	Cabin Branch	76.5	Winnie Walker
27.	Kettle Run	No Report	Dorothy Walker
28.	McCrae	No Report	B. Oswald Robinson
29.	Thornton	No Report	Katherine Toomer
30.	Brown	No Report	Bessie White
31.	Summitt	No Report	Ethel L. Davis

Reasons given most often for lack of attendance were sickness and farm work.

The above is an excellent showing. It is hoped that the parents, pupils, and teachers of each school will watch the attendance record each time and do everything possible to improve it. It is important that all schools get reports in promptly.

### GAINESVILLE SCHOOL PROJECT UP AGAIN

The matter of a Haymarket School has again been taken up by interested parties in Gainesville district and a PWA loan of \$14,000 has been applied for and granted. Before any final action is taken, however, the Board of Supervisors is giving those opposed an opportunity to appear before the Board at the next regular meeting on November 8 where they will be given ample opportunity to express themselves.

It is stated that a substantial majority of the taxpayers have already either signed the petition or they have expressed themselves strongly in favor of this movement.

There is no set time of day for any hearing but it would be preferable to hear those interested in the morning. It is stated that virtually the original plans will be carried out which were abandoned last spring. It is not yet known just how long it would take to prepare and approve plans, but it is believed that if construction is approved at this meeting, that work will be started early in 1935.

### CONGRATULATIONS

Mr. and Mrs. Stuart Monroe are receiving congratulations on the birth of a son, Stuart Benton. Stuart Benton is quite a husky young citizen.

### MANASSAS ENJOYS HALLOWEEN

Manassas last night was a profusion of leaves, false faces, greases, and ghosts of all sorts and sizes, not to mention the merry makers who gathered at diverse points to celebrate Halloween night.

The basement of the Presbyterian Church was a scene of festivity among the little folks under the direction of the Aid Society, while the young people divided their attentions between preparing for the play which is being staged at the Manassas High School this evening and tomorrow evening, and those who made merry at a delightful party given at Swavely School by Mrs. Swavely and under the direction of Prof. Gendell Reeves of the Swavely Faculty.

Some of the pranks enjoyed were hardly of the decent type and were rather given to rowdiness. One gentleman suffered a bad wreck by running into a barricade across the road east of Nokesville while one of the leading citizens of the town found an antiquated automobile roosting on his sod. There were numerous minor offenses destructive to property but of no special damage. The accident near Nokesville might have resulted seriously and those taking part in it may have time to reflect on such and not try this stunt again.

A turkey dinner will be given in Trinity Parish House on Wednesday next, Nov. 7, from 5:30 to 7:30 p.m.

Tuesday, November 6, is election day. Every loyal Democrat is expected to turn out and vote. Don't fail.

## SMITH PRAISES FUTURE FARMERS

### Congressman Is Guest Speaker at School Exercises.

The Nokesville Chapter of Future Farmers of America entertained the parents and friends of its members at a barbecue last night. One hundred and fifty persons were present. The food was served in the gymnasium of the Brentsville District High School at 6:30 in the evening. The menu consisted of barbecued beef, roast potatoes, cold slaw, lima beans, hot coffee, butter and bread, all of which was served in abundance.

The public turned out en masse to attend the recreational program in the school auditorium at 8 o'clock. Clifford Bear, president of the local chapter, presided over the meeting. The exercises began with the opening ceremony, after which President Bear gave the address of welcome to parents and friends. The Future Farmer organization and its activities were presented by Billy Hale. The president called upon Ivan Fountain to tell of his progress in agricultural work. The story was very interesting and showed how a small start with 15 hens three years ago has today grown to a flock of 207 select pullets and a house, modern in every respect, 16x40 feet, all of which is free of debt. In fact Ivan accumulated working balance. John Wood recited the Future Farmer Creed for the benefit of all new members and visitors.

Supt. R. C. Haydon introduced the Hon. Thomas H. Lion who presented the Hon. Howard W. Smith, representative from the 8th Virginia district, the principal speaker of the evening.

After witnessing the opening ceremony staged by the chapter officers, Mr. Smith told the boys that he had never before known just what the Future Farmer organization represented and congratulated them upon the high ideals embodied in the aims and activities of members. Speaking of the opportunities lying ahead of young farmers Mr. Smith said, "You young men are witnessing one of the greatest economic changes that the world has known. The future holds greater opportunities for young farmers than one can imagine." The speaker also urged the importance of co-operative effort among farmers.

Directing his remarks to the dairy situation Mr. Smith further emphasized the benefits of organized effort. It was noted that farmers in this area are today in much better position than their neighbors in other areas who have not been foresighted in practicing co-operation. In conclusion the boys were urged to keep their eyes open in order that they may know what is taking place from day to day in the agricultural program. All farmers were urged to inform themselves fully on the "NEW" in agriculture in order that they may enjoy the opportunities of the future.

After this inspiring address by Mr. Smith, the presiding officer took occasion to thank all those who co-operated in making the barbecue and meeting a success. The meeting was then closed with the usual ceremony of the chapter.

PLAY TO BE REPEATED

The Brentsville Community League gave their play entitled "The District School at Blueberry Corner," on Saturday night, Oct. 27, as announced. The play was a complete success and was liked so well by all who saw it that they were invited to carry it to Independent Hill. The invitation has been accepted and will be given at the O.F.A. Hall at Independent Hill Saturday night, Nov. 3, at 8 p.m.

Everybody come and treat yourself to a real good evening of fun. We will appreciate your help as we are working to get chairs to be used in the old court house at Brentsville.

### SCHOOL MEETING

**CONGREGATION "POUNDS"**  
PASTOR AT NOKESVILLE

On Wednesday evening, Oct. 24,  
while the pastor of the Methodist  
Episcopal Church, South, and his  
family were spending a quiet eve-  
ning in their own home, and trying  
to be real good, the door opened and  
about 40 to 50 people came in and  
took full possession, even went so  
far as to order the parsonage lady  
to sit still and keep quiet while they  
rammaged the kitchen looking for  
pans and kettles in which to fix their  
refreshments.

Now when we were permitted to  
move about and at last go to the kit-  
chen, we found the table, pantry and  
back porch loaded to capacity, with  
everything to make the inner man  
happy. I will not try to mention the  
good things left by these good peo-  
ple.

No preacher ever served a better  
people than I am serving now, but  
when you know the Hales, Frees,  
Flickingers, Woods, Manuels, Wal-  
ters, Williams, Paynes, Swanks,  
Smiths, Sheppards, Allens, Fitzwa-  
ters, Owens and many others you  
too will feel as I do.

The young people went to the yard  
for games, while we older folks sat  
in and talked freely. Then the cakes  
were cut, orangeade was passed un-  
til everyone was satisfied. After  
prayer by the pastor everyone filed  
out leaving the pastor and his wife  
no worse off for their coming, and  
all we had the courage to say was  
Thank you, good night, come again.

## POST-MORTEM PRAISES

I've noticed when a fellow dies,  
No matter what he's been,  
A saintly chap or one whose life  
Was darkly steeped in sin,  
His friends forget the bitter words  
They spoke but yesterday,  
And now they find a multitude  
Of pretty things to say.  
I fancy when I go to rest  
Some one will bring to light,  
Some kindly word or goodly act  
Long buried out of sight!  
But if it's all the same to you,  
Just give me instead,  
The bouquets while I'm living  
And the knocking when I'm dead.  
Don't save your kisses  
To imprint upon my marble brow  
While countless maledictions  
Are hurled upon me now.  
Say just kindly words to me  
While I mourn here alone,  
And don't save all your eulogy  
To carve upon a stone.  
What do I care if when I'm dead  
The Bloomingdale Gazette,  
Gives me a write-up with a cut  
In mourning border set.  
It will not flatter me a bit.  
No matter what is said,  
So kindly throw your bouquets now  
And knock me when I'm dead.  
It may be fine, when one is dead.  
To have the folks talk so,  
To have the flowers come in loads  
From relatives you know;  
It may be nice to have these things  
For those you leave behind,  
But just as far as I'm concerned  
I really do not mind,  
I'm quite alive and well today,  
And while I linger here,  
Lend me a helping hand at time,  
Give me a welcome cheer.  
Just change the game a little bit.  
Just kindly swap the decks,  
For I will be no judge of flowers  
When I've cashed in my check.  
—MICHIGAN TRADESMAN

## DUMFRIES SCHOOL NOTES

The Dumfries School has a total  
of 160 pupils. It is one of the high-  
est percentages in years.

Dumfries School is going to beau-  
tify the grounds with many different  
kinds of trees and shrubbery.

The seventh grade of Dumfries  
School is studying astronomy. Mr.  
Patton, the teacher, went to the  
State Teachers College in Freder-  
icksburg and got a telescope for us  
to look through. Due to the moon  
rising late the seventh grade got  
sleepy and went to bed.

The Dumfries school boys defeated  
the town boys in a game of baseball.  
The score was 15-5. Mr. Cline was  
the star pitcher. The previous Fri-  
day the town boys beat them 6-5.

The Dumfries School on Oct. 29  
had a telephone installed. Mr. Pat-  
ton thinks it will be convenient to  
call Manassas. The other teachers  
like it too. We are ready to say  
"Hello" to the world.

## SPEAKER LAUDS MRS. ROOSEVELT

Governor Brough Gives Lead-  
ing Address at Woman's  
Club Convention.

The Fourth District of Virginia Federation of Women's Clubs held its tenth annual meeting in the Lyon Park Community House on October 25. It was an all-day meeting and the attendance was large. Mrs. Francis L. Taylor of Berryville, Va., president of Fourth District, presided and Mrs. Nolan D. Mitchell, president of the Lyon Park Club, gave the address of welcome. Mrs. Eleanor Gary, treasurer, made the financial report and read the minutes of the last meeting.

Men were conspicuous at this meeting by their absence, yet the ladies were generous enough to accord one lone man a place on their program. The fortunate gentleman was Dr. Charles H. Brough, ex-Governor of Arkansas. His stirring and highly complimentary address could hardly have failed to win the hearts of the ladies. It is highly suggestive, and very much to the credit of the ladies, that the fine tribute Dr. Brough paid the new type of womanhood and leadership represented by Mrs. Franklin Delano Roosevelt received the loudest and most prolonged applause of all the ex-Governor's remarks. As Mrs. Roosevelt constantly urges that in club work and all other educational activities there should be fearless discussion of historical, social, political and industrial questions from every possible angle, the generous applause of the ladies suggests that in their club work they seek to emulate this tolerant and liberal attitude.

Space does not permit the mention of the individual numbers on the program, all of them interesting and enjoyable. The student of cultural growth, such as is stimulated by club work and the activities of citizens associations, is impressed by the poise and sureness the women have achieved in the brief period of their political emancipation. The chairmanship, the minutes, the reports, as well as the addresses by the women on the program indicate commendable progress and give promise that the time is near at hand when women will be as experienced and reliable leaders in all civic affairs as men have ever been. If they do not actually surpass the men it will be be-

cause their work, influence and competition are effective spurs to make men bestir themselves so as not to be outdistanced in the struggle to make the world a better place to live in.

The luncheon, served in the nearby Christian Church, was much enjoyed by the delegates and others in attendance.

The new officers are Mrs. N. R. Willis, of Fredericksburg, president, and Mrs. Robert Livingston, of Lyon Village, secretary. The next district meeting will be held with the Falls Church Club.

—The Commonwealth-Monitor.

Every year literally hundreds of college football players finish up their glamorous careers on various and sundry football teams throughout the country: are rewarded for their stellar abilities by being placed on honorary "All-American," "All-Eastern," and "All-this," that and the other" teams.

Their college days over with, they are forgotten, to make room in the spotlight for new faces and new names to usurp the headlines in the papers.

What becomes of these star football players? Some go into Wall St. and the brokerage business. Some go into businesses of various kinds. Others continue in sports by playing professional football, while still others go into coaching and manage to turn out players who become scintillating in their playing due to instructions of a former star player.

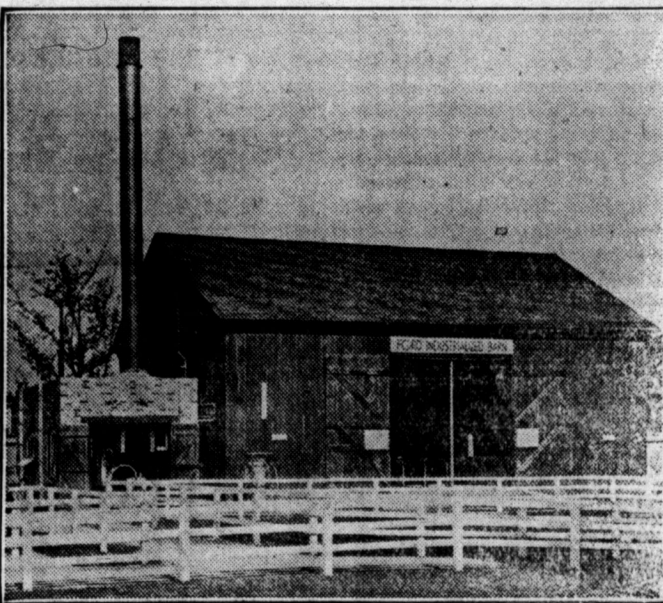

Hollywood, home of the motion picture world, has taken its share of these football heroes of yesteryear and has placed them in roles as assistant in production, technical advisers while some are making names for themselves as actors.

Included in this latter category is the name of John Wayne who is starring in the Lone Star Production, "West of the Divide," which opens at the Dixie Theatre in Manassas next Friday, Nov. 9.

## Industrialized Barn at Fair Draws Over 800,000 Visitors

Chicago.—An industrialized barn, one of the most unusual farm exhibits ever shown, awaits visitors to Chicago during Farm Week at the World's Fair from August 11 to 18. The barn is part of the 11-acre Ford exposition.

The building was originally erected in 1893, the year Henry Ford was born, on his father's farm in Dearborn, Michigan. It was brought plank by plank to the fair and re-erected to illustrate Mr. Ford's theory that the farmer can increase his income by processing crops for industrial use.

The barn at the fair is set in the middle of a soy bean patch and is completely equipped with machinery which extracts the oil from the beans and prepares the oil and meal so that they may be sold to manufacturers.

The Ford Motor Company has 17,000 acres in soy beans, and yet has to buy large quantities from farmers to meet its requirements. Each Ford car has twenty parts made of soy beans, including the steering wheel and engine parts. In addition, soy bean oil is used in manufacturing the body enamel which is used on all Ford cars. As a result of continuous experimentation, it is believed that the use of soy bean products will be greatly increased in future.

Since the World's Fair opened nine weeks ago, more than 800,000 persons have visited the industrialized barn, and a total of nearly

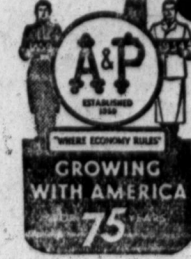

5,000,000 have gone through the entire Ford Exposition.

The Exposition is dominated by the huge Rotunda and Industrial Hall, forming a building 900 feet long. In the Rotunda is Mr. Ford's famous Drama of Transportation, a collection of sixty-seven vehicles starting with an ancient Egyptian chariot down to the modern motor car. In the Century Room is a reproduction of the first Ford car built in 1893 in a replica of the pioneer's little brick workshop completely equipped with his original tools and lathes.

Industrial Hall contains the machinery exhibits where visitors may see body-welding, die-casting, glass making, the weaving of upholstery, and many other processes illustrating how basic elements of the earth are combined by creative genius. Also in this hall is the air-cooled Little Theatre, with its Human Ford and the motion picture, "A Rhapsody in Steel."

On the lake shore is the 5-acre Ford Gardens, with the Roads of the World, a 2,000-foot oval consisting of reproductions of twenty-one historic roads including the Appian Way, the Street of the Wilderness, the Grand Sahara Caravan Route. At the south end of the gardens is the band shell and amphitheatre where the Detroit Symphony Orchestra will give free concerts every afternoon and evening during Farm Week at the fair.

Tuesday, November the 6th  
 For U. S. Senator  
**HARRY F. BYRD**  
 For Congress  
**HOWARD W. SMITH**  
**GO VOTE**

On Tuesday, Nov. 6, all loyal Democrats in this county are urged to go to the polls and vote for Harry F. Byrd and Howard W. Smith. Not that there is the slightest chance of defeat for either, but they deserve a full heavy vote of confidence for the efforts they have put forth for their constituents.

Some of us may be raw over the New Deal and some of us may be raw over other things, but we are Democrats first, last and always.

And the two men who are representing us in Congress most certainly deserve our warmest expression of appreciation.

So, be it rain or sunshine, march right down to the polls Tuesday and swell the vote for our Senator and Congressman. Don't let the old Eighth straggle behind.

We know our men are sure of re-election but let us make it big.

### THE AMERICAN SCHOOL (contributed)

The next time you pass a school pause a moment to think what that school means to humanity. Recall the long dark centuries when the masses were kept in ignorance—when greed and oppression ruled the world with an iron hand. From the very beginning of man's struggle for knowledge, self-respect, and the recognition of his inalienable rights, the school has been his greatest ally. We refer to the school as "common" because it belongs to us all; it is ourselves working together in the education of our children. But it is a most uncommon institution. It is relatively new. It is democracy's greatest gift to civilization. Thruout the world, among upward struggling peoples, wherever parents share in the aspirations of their children, the American common school is being copied. Let us cherish and improve our schools.

On Oct. 24, Mr. and Mrs. J. H. Rexrode attended the marriage of their daughter, Clara, in Washington, D. C., to Mr. Melvin W. Davis, also of Washington. After a visit to Baltimore, Philadelphia and New York City, the young couple will be home to their many friends at 3541 11th street N. W., Washington.

The Manassas Chapter, U. D. C., will meet Wednesday, Nov. 7, at 2:30 with Mrs. Robert Gulick, near Aldie. Miss Virginia Speiden will appreciate it very much if those having extra space in their cars will communicate with her. Also those having no way to go will please get in touch with her, so she can arrange accordingly.

Mrs. L. E. Pope, president, the Catholic Woman's Club, attended the field mass at Aquia, Va., Sunday, Oct. 28.

Mr. and Mrs. W. E. Trusler, Misses Janet Trusler and Virginia Conner spent last week-end in Williamsburg visiting William Trusler and Edgar Conner who are students at William and Mary College.

Mr. Geo. Darlington, wife and daughter of Lewisburg, W. Va., were recent visitors of their cousin, A. O. Bean, Prescott avenue.

Mr. Darlington is a civil engineer of several counties of his state. He finds the Skyland Drive and other works of the Old Dominion very interesting.

### NEW ARRIVALS IN MANASSAS

Miss DeChant, daughter of Rev. and Mrs. DeChant, Miss Baker, daughter of Mr. and Mrs. Dennis Baker, and Master Gregory, son of Mr. and Mrs. J. L. Gregory, who weighed 11 1/2 lbs. when he arrived.

### CHRISTIAN SCIENCE

"Probation after Death" was the subject of the lesson-sermon in all churches and societies of Christ, Scientist, on Sunday, October 28.

The golden text was "The last enemy that shall be destroyed is death" (I Corinthians 15:26).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Beloved, think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you: But rejoice, inasmuch as ye are partakers of Christ's sufferings; that when his glory shall be revealed, ye may be glad also with exceeding joy" (I Peter 4:12, 13).

The lesson-sermon also included the following passages from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness and death by the power of Spirit, as Jesus destroyed them" (p. 233).

### OCTOBER MEETING OF W.C.T.U.

The Woman's Christian Temperance Union met in October at the home of Miss Maggie Smith with fourteen members present.

Mrs. Harrell had charge of the devotional period and read the 66th Psalm. After prayer by the secretary, Mrs. Harrell sang "I will be true," the words of which were composed by Mrs. Amy Weech of Washington, who is state director of evangelism in the W. C. T. U.

A letter of sympathy was sent to Miss Isabelle Hutchison because of the death of her mother, who was a valued member of our union.

Miss Kincheloe gave a very interesting and comprehensive report of the W.C.T.U. state convention held in Roanoke in October. Mrs. Embrey also supplemented this report, both being delegates to this 52nd annual convention. Mrs. Howard Hogue of Lincoln, Va., was re-elected state president for the thirty-sixth time, having served consecutively since 1898.

There were 192 accredited voting delegates at this convention, representing 4000 due paying members, an increase over the 3,245 of last year.

Many speakers of note were present, perhaps the most prominent was the national president, Mrs. Ida Wise Smith. Because of her achievements she was named by the Governor of Iowa, her native state, as one of the most distinguished citizens of that commonwealth, as he termed it. Mrs. Smith is recognized as a speaker of "great charm and rare eloquence" and has been heard by many thousands in practically every state in the Union.

Mrs. Lem Gilreath, who is national W.C.T.U. evangelist from North Carolina, was an honor guest at the convention and spoke on "Rebuilding." She urged the women to wage the battle in their homes by bringing up their children in a Christian atmosphere, and by teaching them to abhor the evils of drink and immorality in general. Home is a factory, she said, in which the mother and father and God create a moral product.

Miss Eva Saunders of Calvary Baptist Church where the convention was held, and who is a returned missionary to Africa, spoke on "The House Beautiful"—the human body built by God and in which He would dwell.

A pleasing feature of the convention was the number of young people who took a prominent part in the program, and expressed their loyalty to the temperance cause. (May their tribe increase.—Sec'y).

A large number of awards were given to the essay contest winners. Music was rendered by the city chorus, prominent among the soloists was Mrs. Ruth Rodeheaver Thomas, and Mrs. Linger, the latter led the singing throughout the convention, and charmed her hearers.

The banquet, a feature looked forward to with pleasure by officers and delegates alike, was presided over by Mrs. Hoge as toastmaster, at which time and also in her annual address at the beginning of the convention gave her hearers much food for thought. Among other things Mrs. Hoge quoted published statistics showing that drunkenness had increased over a certain period by 50 per cent as compared with the corresponding period of 1933. We need, she said, to face the facts and plan our campaign of action. The most alarming situation she said was the creating of an appetite among the youth for alcoholic beverages. Her program of action included "more prayer, faith, a campaign of alcohol education, the advantages of total abstinence, more meetings, etc." She also urged the women to vote for dry men—to use every means to inform themselves as to where the candidates for election stood on the temperance question.

Resolutions were adopted relating to many reform measures; the first was the recognition of God as our Leader, and the last, a pledge to stand for rigid warfare against the drink habit and the liquor traffic.

Excerpts could be given from many more addresses by prominent speakers, but space forbids. We do not want to impose on our courteous editors who have never yet refused to give space in their columns to WCTU articles!

The delegates reported a most gracious welcome was extended to delegates and visitors.

Portsmouth invited the convention to meet there in 1935.

### "BATTLES IN THE NIGHT"

Donald Craig, well known Washington writer, contributes "Battles in the Night" to the Magazine of The Washington Star for Sunday, November 4. This is a story of Virginia, and Maryland battles that are taking place almost every night—battles to the death—and battles that last until dawn. ### Fires on Morro Castle and at Nome, Alaska, Received Help of Red Cross Workers

A number of tragic and unusual disasters have recently called for Red Cross relief.

Included in them have been a flood in Kentucky, following a series of cloudbursts in August; epidemics of disease which threatened several sections, including some caused by drought conditions. Red Cross workers found much to do for the survivors of the Morro Castle fire and for those engaged in rescue work; and Red Cross relief went by airplane to Alaska when the famous old gold camp, Nome, burned in September.

### WINTER'S COMIN' NIGH

When you wakes in early mornin'  
 For to do the waitin' chores,  
 An' you kinna see the bed-post  
 An' you bump agin the doors;  
 Sure you know the season's changin',  
 An' you have a heavy sigh,  
 For there's every indication  
 That winter's comin' nigh.

When the pumpkin's turnin' orangish  
 An' the corn is in the shock,  
 An' the sod that's trampled under  
 foot

Gets hard as quarry rock;  
 Then you'd better be preparin'  
 For to set up high and dry,  
 Cause pretty soon you'll opine  
 How as winter's comin' nigh.

When roofs is glistenin' white as  
 snow

With mornin's coat of frost,  
 An' trees begins to lookin' bleak  
 Because of leaves they've lost;  
 It's time to get your heavies out  
 An' lace your shoe-tops high—  
 The cold wind tells us mighty plain  
 That winter's comin' nigh.

OCCOQUAN LEADING  
IN SOCCER LEAGUE

Soccer is reaching an exciting point in the local high school league.

Last Friday, Occoquan maintained its lead in a tight game with Nokesville, the scoring going in to two extra periods in an effort to break the tie which stuck.

While this was going on, Manassas tied with Nokesville for second

place by scoring a 2-0 win over Haymarket.

This leaves Haymarket trailing but showing spirit that gives it a chance yet, that team exhibiting vast improvement in the Manassas game.

At Occoquan a regular athletic club has been organized with W. S. Lynn as president and Robert McCollum as manager-coach. They are specializing in soccer right now and invite challenges from teams any-

where within fifty miles.

Next Friday evening, November 9, this club will give an oyster supper at the Odd Fellows Hall at Occoquan to raise funds.

RED CROSS AGENCIES  
SAFEGUARD HEALTH

First Aid, Life Saving, Nursing Care, Promote Health and Safety

Five outstanding services make up the health-conservation program of the American Red Cross, according to the annual report just issued in Washington. These services are first aid and life saving, which together have trained more than a million persons; nursing, with an active enrollment of 36,133 registered nurses; Public Health Nursing, conducted by 750 nurses in 424 chapters last year; and Home Hygiene, which has taught more than 709,000 men and women simple ways of caring for the sick at home.

"The achievements of the Red Cross in public health nursing place it among the leaders in this field," said James L. Fieser, vice chairman in charge of domestic operations. "This service was organized in 1919 to meet needs developed by the World War and the ravages of the flu epidemic which in 1918-1919 took so great a toll of life."

"Since that time Red Cross nursing services have been pioneers in more than one half of the counties in the United States. Many services we established were taken over later by civic, state and federal agencies, and the Red Cross continues to establish services in other new fields. Red Cross nurses made more than a million visits to patients last year, and 629,025 children in schools were inspected."

"Red Cross courses in home hygiene and care of the sick are especially important in times of depression, because they teach families to maintain hygienic conditions in their own homes and to recognize symptoms of illness

## Trained to Save Lives

First aid certificates were issued by the Red Cross last year to 130,972 persons who finished the course of instruction put on by the chapters. Included in this list were more than 70,000 foremen, time clerks and other key employees on Federal Civil Works projects. Further evidence of the government's endorsement of the first aid program is found in projects now under way where Red Cross chapters, at the request of the War Department, are giving first aid instruction in CCC camps. Where it has been requested by Army engineers the same instruction is also made available to key men working on federal water conservancy and flood control projects.

## CATHARPIN

Mr. and Mrs. W. Holmes Robertson and daughter, Rita, were recent guests of friends in Berryville, Va.

Mrs. W. S. Brower took her two little girls, Bettie and Frances, to Washington last week for tonsil operations. It seems about every child in the neighborhood has either had the operation or is standing in line ready. The little kiddies are certainly having their share of hospitalization just now.

Mrs. P. S. Buckley is now on a visit to her daughter, Mrs. Sidney T. Lawler, of Faulkner, Md., where she expects to remain for the better part of the winter.

Oakwood had as dinner guests on Tuesday of last week Messrs. Harry E. Goehring, W. S. Finney, J. K. McDonald and Ray E. Feather of Pittsburgh, Pa. These gentlemen were attending the American Bankers' Association in Washington and ran out for the day to renew old acquaintances. Also Messrs. H. E. Hyatt and C. P. McDonald of Norton, Va., were week-end guests among the oaks of Oakwood.

Mr. and Mrs. T. O. Latham of Snow Hill together with their daughter, Marguerite, and son, Carroll, were dinner guests of Mr. and Mrs. W. Holmes Robertson on Sunday last.

The annual bazaar and supper came off last week at Sudley as per schedule and all delighted with results. It seemed like old times had again returned since the financial end of it fully met expectations to say nothing of the social side of the equation. Since the idea of serving both dinner and supper has been in vogue it seems to have divided the crowd to the advantage of all by somewhat relieving the congesting at night. A country supper is somewhat different from large town and village affairs since the people do not leave immediately they have eaten but remain for a good, old-fashioned visit and "chat" with friends; in fact many come for the "reunion" part of it as much they for the eats. Thus the social element is a very valuable sideline and seemingly much enjoyed by all.

Usually everything has its funny, or, as some call it, its "crazy" side. There were about a dozen members of the Woman's Missionary Society at the church all day making such preparations as were necessary for the bazaar, and after the dinner hour had passed, they found themselves seated around the stove talking. This, of course, was very unusual, but it did happen. During the conversation some one asked the question—"What would you do if you had a million dollars?" This naturally elicited much comment and speculation. One replied—"If I had a million dollars I'd go right to Washington and get a permanent." Another thought she would get her house painted while another thought she would go to Europe for a visit. Finally one spoke up and said, "Do you know where I'd go if some one gave me a million?" All pondered a bit and held their collective breaths; then the answer—"TD GO PLUM CRAZY." This broke up the meeting in an uproarious postlude that could almost be heard down at Stone House. If any one thinks these women do not have a good time when they get to a supper or a quilting bee, they, the thinker, is a subject for revision. The only thing wrong about this convivial "tete-a-tete" was the absence of Mrs. E. May Dogan who can start things going about as fast as any one we know of. Yes, every one had a good time; what more do you want?

## NEW MCCOY FILM IS ACTION THRILLER OF FIRE-FIGHTERS

The latest of Tim McCoy's adventurous exploits on the silver screen involves a series of thrill-packed, exciting escapades as a member of a large metropolitan fire fighting force in the new Columbia film, "A Man's Game," opening tomorrow at the Dixie Theatre in Manassas.

Written especially for McCoy, the film relates the tale of an adventurous young scion of great wealth who enlists in the fire department when his father disowns him following a serious automobile accident. Summoned to a factory fire, Tim and his friend, Ward Bond, rescue a young

girl—and immediately afterwards the two start intense rivalry for the girl's affections.

Complications of high dramatic intensity set in when Tim secures a job for the girl in his father's office and a rascally cashier frames her to make it appear that she absconded with funds in his possession.

The film is climaxed by a sensational fire, the scenes of which were secured in Los Angeles recently when the Crystal Palace Ice Rink was destroyed in flames at a loss estimated at \$100,000.

**"GRAND CANARY" BLENDS  
DRAMA WITH SCENERY**

Tense drama, enacted amid settings of vivid beauty!

This, advanced reports declare, describes "Grand Canary," Jesse L. Lasky's latest production for Fox Film, which comes to the Dixie Theatre in Manassas, next Wednesday. In the stellar role appears the popular Warner Baxter, while opposite him will be seen Madge Evans, who also was his screen sweetheart in "Stand Up and Cheer."

"Grand Canary" was produced from the recent best-selling novel of the same name, by A. J. Cronin. It was filmed against authentically reproduced backgrounds of Black Canary, one of the picturesque Spanish-controlled Canary Islands, and the settings are said to strike a new note in exotic beauty.

The picture takes its title from the setting on one of the Canary Islands, the action of the story bringing together the characters on the Spanish isle during the yellow fever epidemic. Baxter's role is that of a doctor who is cast by coincidence in the midst of two epidemics, one love, the other yellow fever.

**BARTHELMESS CAREER MOST  
REMARKABLE IN FILM DOM**

Few motion picture stars, however successful, can point to a screen career that will match that of Richard Barthelmess, star of the First National production, "Midnight Alibi," which comes to the Dixie Theatre in Manassas next Monday.

Barthelmess has been a star for more than fifteen years. He has seen scores of meteoric stars ascend to the zenith and fall below the horizon. Meantime, his popularity has steadily mounted.

When he decides to step out of his stellar role, it will be, in all probability, to fulfill another ambition—to become a director for a producer of pictures.

"Midnight Alibi" just to keep the record straight, is the fifty-first picture in which Barthelmess has been a star.

He believes that some of his best work, some of his most significant achievements lie ahead of him. Those who know Dick Barthelmess best concur in the belief.

In "Midnight Alibi," one of the most unusual stories Barthelmess has ever undertaken, Dick makes a radical departure in playing two distinct characters. Neither has any relation to the other, except as each plays a vital part in the life of Abigail Ardsley, once the belle of New York, later an aristocratic white-haired recluse who breaks her silence of nearly half a century to save the life of the young gambler chance has thrown across her path.

Helen Lowell has the role of Abigail Ardsley while Ann Dvorak is the youthful heroine of the dramatic story.

## ARMISTICE DAY CELEBRATION

Exercises Near Fredericksburg  
of Special Interest.

Armistice Day in Fredericksburg, Va., will be marked by an all-day celebration, divided into two parts, the first when World War veterans in the C.C.C. Camp near Spotsylvania Court House hold exercises in the morning, and the second in the afternoon when six unknown Federal soldiers, found in shallow graves on the battlefields, are reinterred with religious and military ceremonies in the National Cemetery in Fredericksburg, increasing the number of Civil War dead who sleep there to 15,270.

The bodies of the soldiers were found upon the Wilderness and Chancellorsville fields by C. C. C. workers in the Fredericksburg and Spotsylvania County National Military Park area, and were identified as Union soldiers by buttons found with them. George A. Nelson, superintendent of the National Cemetery, secured permission to bury them from the War Department and planned the funeral, which will be under the auspices of the Bowen-Franklin-Knox Post, American Legion, with Rev. R. V. Lancaster officiating. An offer of Wheeler and Thompson to take charge of the funeral was accepted by Post Commander John T. Walsh, there being no Government funds available to bury Civil War veterans.

At M. P. Camp No. 1, at the Bloody Angle, scene of the severest fighting of the Spotsylvania Campaign, almost 200 World War veterans will form at 10 a.m., for a fitting ceremony including music and an address, and at five minutes of eleven Armistice Silence will begin. This will be broken by a bugle blowing taps with an "echo" in the woods, after which, for the first time in sixty-four years, the Spotsylvania woods will reverberate again to the roar of cannon as Battery F, 111th Field Artillery, fires a 21 gun salute. Following, Robert Fechner, National Director of the C.C.C., will make an address, and after amusements a special din-

ner will be served. The program is being arranged by Lieut. Leslie I. Neher, Adjutant, Capt. Harry E. Thomas, Camp Commander, Dr. H. B. Dameron, Lieut. Ralph F. Miles, and the Historical Staff of the Military Park in Fredericksburg.

Most important on the program for the day is a trip over the battlefields in the afternoon, after the soldiers' funeral, when the C.C.C. men, citizens and visitors will be conducted to places where the battle reached its heights and told of the story of the struggle at Fredericksburg, it being possible only to tour that field. Ranger-historians of the National

Park Service will act as guides on the trip.

## Science Reveals Why Eyesight Fades As Birthdays Increase

Of all men and women past 60 years of age, 83% have defective eyesight. Such is the penalty that man pays for his compromise with nature. Neglected teeth may be replaced, but damaged eyesight at best can be only partially restored. Good light and properly fitted eyeglasses are a great boon to old people. Since the pupils of their eyes are only one-third as large as those of young people, they need at least three times as much light in order to have an even break in seeing.

The average child is born with normal sight. All too soon, however, he begins to use his eyes for close seeing tasks, such as looking at pictures or playing with toys; often under poor lighting. Eyestrain and ocular defects are quick to result. No child should be permitted to use his eyes for close work under any but the best of visual conditions. Abundant, glareless light should always be provided, and the child's eyes examined frequently by a competent specialist.

Thousands of young men and women in schools and colleges throughout the country are needlessly wearing out their eyes long before their time by reading and studying for long hours under poor visual conditions. Surveys show that 40% of college students' eyes are defective. What a sad commentary that in fitting himself for the battle of life, the student is unconsciously imposing a serious handicap on himself.

Nature never intended children's eyes to be used for reading, writing and study. She intended that eyes be used for looking at distant objects, under large amounts of natural daylight. When a child does close visual work indoors under inadequate and glaring light in defiance of Nature's laws, he pays the penalty in eye defects. Statistics show that one out of every five children in grade school has defective vision.
