CHRISTMAS DRIVE BY KIWANIS CLUB

Weekly Session Features Christmas Meetze as Speaker.

Hon. C. J. Meetze, former Representative of the House of Delegates in Prince William County and a nationally known figure in fraternal and business organization work, was the guest speaker at the Kiwanis Club last Friday night.

Chris complained that his host, Mr. E. R. Conner, had taken him entirely by surprise, so he proceeded to switch the tables and Ed was forced to be at a retreat on one occasion. For the balance of the evening he must have thought someone was going to photograph him, for Chris couldn't get him to look up at all.

Chris is not a bad one in the matter of story-telling and pun-making. His exposition on Ed's style of chicken carving was very realistic. The only trouble with Chris' speech was that he was due at the preacher's pounding and felt constrained to limit his remarks.

Bill Lloyd is still on the trail of committee reports, with O. D. insisting on action. O. D. claims that he is being unmercifully prodded by the "higher-ups" and wants his slate cleaned very speedily.

Meanwhile, the Christmas drive is making real progress with Fred Hynson, Arthur Boatwright and others putting in their usual amount of surplus energy toward its success. A more unified effort is being made this year to have the business houses cooperate in the matter of collecting used toys and useful articles. Recognition of this fact is printed in the columns of this issue of The Journal.

W. T. C. U. HOLDS RED LETTER DAY

Cause of Temperance Is Advanced.

The Woman's Christian Temperance Union met with Mrs. F. Saunders in November with seventeen members present. "Red Letter Day" was observed, and after the devotional and business period two excellent addresses were given by Rev. W. M. Compton and Rev. Mr. Kable, a visiting minister of the Church of the Brethren.

Mr. Compton spoke on the "effects of repeal on community, state and nation," and gave many facts both from observation and press quotations showing the deplorable situation existing in the large cities and communities since repeal. Beer signs everywhere and alcoholic drinks sold in bar rooms, stores and filling stations. Accidents increasing. We were counseled to use our influence against this condition by "buying dry, reading dry and eating dry."

Mr. Kable, who is a leader and organizer of young people and has traveled extensively in that capacity, talking to thousands of young people in camps and community centers, gave "Education" as the great need in saving the girls and boys from the drink habit and the smoke habit which he considered closely allied and almost as hard to overcome. Educate the rising generation as to the harmful effects of the two evils on character, health and also the waste of money. Scolding, said the speaker, did no good, better to appeal to their reason.

Mrs. Lewis and Miss Thomasson each sang a solo.

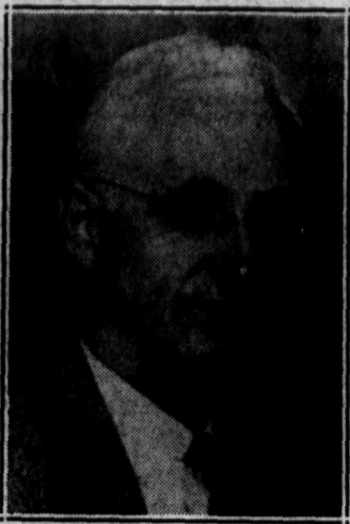

The following Friday the Bi-County W.C.T.U. had an all-day meeting in the Presbyterian Church. Officers were elected for the following year. Mrs. Round, who has served efficiently as president for several years, resigned on account of unimproved health, and Mrs. R. L. Sudd was elected to fill her place. Other officers are: vice-president, Mrs. C. H. Mark; secretary, Mrs. Sines; treasurer, Mrs. T. J. Broadbuss.

Mrs. Sudd presented a very interesting program. Nine ministers were present at this meeting and took part.

The presiding officer gave the scripture reading in the morning. Rev. Mr. Compton led in prayer. A solo by Rev. J. M. DeChant, accompanied by Mr. Carper. Mrs. Chas. (Please turn to page 10)

CHRISTMAS ENTERTAINMENT

The Baptist Church of Manassas will put on a Christmas playlet in the church Friday evening, Dec. 21, at 8 o'clock, the title "Ourselves and Others." The public is cordially invited to enjoy the evening with us.

HUNTON TIFFANY.
Who will head the Kiwanis for the coming year. Mr. Tiffany is very active in all civic enterprises.

U. D. C. HEARS STATE PRESIDENT

Children of Confederacy Organize Local Chapter.

The Manassas Chapter, U. D. C., met Dec. 5 at the high school, with Mrs. Nottingham, division president, as their distinguished guest. Other guests were Mrs. M. Gill Bowen, president of the Bowen-Martin Chapter of Remington, and Mrs. Payne, Miss Payne, and Mrs. Brittle, all of Remington.

Mrs. Cary and Mrs. Coleman were unable to attend as anticipated, on account of illness.

Mrs. Nottingham addressed the chapter in her delightful manner, and expressed her thanks for its loyalty, and excellent historical work. She read an extract from a letter to our recent historian, Mrs. Hibbs, by Mrs. Cary, saying that it was hard to decide whether the State Historical Prize was won by Richmond or Manassas.

Mrs. Nottingham spoke of the beautiful ceremony in the St. John's Cathedral in New York City, at the general convention, by the Dean of the Cathedral, originally from Massachusetts, who "deemed it a privilege to address the Daughters of the Confederacy." He said no cause was "lost" which had such men, and such principles, and that the Daughters are carrying on and honoring those principles. Virginia again won the Raines banner which is given for the most outstanding work along all lines. Virginia's offering to the 40th anniversary of the founding of the United Daughters of the Confederacy was the largest of all the states, North Carolina being second. Part of Virginia's offering is being used in relief work, and the Jefferson Davis Historical Foundation. An oil portrait of Lee was given to Camp Humphrey Engineer School, and to the Command Staff School, at Fort Leavenworth, Kans., and copies of the portrait to be sent to a number of other schools in the South and West.

At the close of her address a Children of the Confederacy Chapter was organized, composed of about forty boys and girls. Mrs. Grace Hite and Mrs. Madie Hibbs, sponsors. The Manassas Chapter is deeply indebted to these two ladies for this splendid work. The following officers were elected: President, Elizabeth Davies; vice-president, Mildred Parrish; secretary, Althea Hooff; treasurer, Bobbie Byrd; registrar, Leonard Lonas; historian, Marie Bauserman.

The remaining officers will be elected later, and committees appointed. It was a very enthusiastic meeting and they look forward to an interesting year. The name of the chapter will be announced later.

Mrs. R. S. Hynson, efficient hospitality chairman, served refreshments during the social hour, which were enjoyed by all.

GUESTS AT MRS. GALLAGHER'S TEA

Mrs. Hunton Tiffany and Mrs. Wm. Hill Brown were among the guests at the tea given by Mrs. Bernard Gallagher at the Wardman Park Hotel to present her cousin, Miss Charlotte Ashby Brown, to Washington's exclusive social set.

Mrs. Gallagher had assisting her ladies from residential society and the Diplomatic Corps.

Miss Brown is well known to the young people of Manassas where she has frequently been the guest of her cousin, Mrs. Wm. Hill Brown, Jr.

JUNIOR WOMAN'S CLUB PLAY FRIDAY

"Girl Shy," the three-act farce, will be presented by the Junior Woman's Club Friday at 8 o'clock at the Manassas High School auditorium at 8:15 p.m.

An excellent cast, including Jenkyn Davies, Lucy Arrington, Sedrick Saunders, Esther Warren Pattie, Bobby Davis, Helen Lloyd, Rose Ratcliffe, Edgar Rohr, Virginia Conner, Jack Ratcliffe, Jack Merchant and Frances Bushong, will produce the play, while special numbers will be given by several girls' choruses directed by Miss Virginia Frazier. The club has also been very fortunate to obtain the quartette from the C.C.C. Camp to sing. This group has obtained a very good reputation for their vocal renditions, and everyone who has not heard them should take this opportunity.

The play itself is extremely interesting—there is a masked ball, a kidnapping, and mixed in with that are clever lines, and many laughs.

Do not miss the Junior Woman's Club play!

UNIVERSAL BIBLE SUNDAY

December 9 will be observed as Bible Sunday in every country of the world where the Bible has been introduced. This year's observance is of particular interest because 1934 marks the 400th anniversary of Martin Luther's translation of the Bible. Luther worked with the original Greek and Hebrew tongues and after 12 years of effort gave to his countrymen the entire Bible in their own language, German. The work was published in 1534.

Wherever the Roman Catholic Church had gone, the Latin Bible was used and very few copies were in existence. The average price of a Latin Bible was \$300.00. Before Luther's death in 1546, his German Bible had sold over a million copies and the price had come down to an average of \$5.00 per copy.

The publication of Luther's Bible proved to be a boon to the printer's trade. It stimulated reading all over Europe. In 1535 the Bible appeared in English, based largely on Luther's work. Later on it was translated into French, then Danish, Swedish, Dutch, Polish and Spanish. Today the Bible, or some part of it, is available in 940 languages and dialects. Almost everyone in the world, no matter what language or dialect he speaks, may read the Bible in his own tongue. The 400 years since Luther's translation was published have been a kind of second Pentecost, largely because of the devout and consecrated efforts of one man. Many of our churches will observe Universal Bible Sunday this week.

GOOD WORK

Last Friday evening a fire scare at the Dixie Theatre gave patrons a momentary scare until they realized that the projection apparatus is housed in a fire-proof booth. Mgr. Franklin Hibbs, who is also one of the most competent members of the Manassas Volunteer Fire Department, is receiving deserved congratulations upon the marriage of their daughter, Dorothy Virginia, to Mr. Charles E. Lunsford, September 22, 1934, at Bedford, Pa., Rev. Caldwell-expensive projection apparatus from damage when a film became ignited.

TALKS GIVEN BY BANKER

Local Official Lecturing on Business Themes.

A very interesting series of talks on "Banks and Banking as a Profession" is being given at the high school assembly by Hon. Harry P. Davis.

The theme of next week's lecture, "The Qualities Essential to Success in Business," which is to be given next Tuesday from 11:45 to 12:15, should be of much interest to the public as well as the school.

The address at the annual Thanksgiving program was made by the Rev. C. B. Jones, pastor of the Baptist Church.

Mr. Jones made an urgent appeal to the boys and girls to make as full use as possible of the rich educational opportunities open before them. In large measure the right or wrong use of these opportunities meant the success or failure of their future life.

WORKERS COUNCIL MEETS

The County Sunday School Workers Conference which was held at the Manassas Presbyterian Church was, as many have said, "Quite a success." A large number of Sunday schools were represented and much interest was manifested.

Plans are being made to have a Leadership Training School in Manassas, beginning about the last of January. We hope every minister and superintendent in the county will co-operate and make this school a real success.

We often wonder how our county would measure up to a test that has been given in many states in recent years. Almost without exceptions these tests reveal that the majority of the people are woefully ignorant of the common facts of the Bible and the right kind of leadership.

Do you know that a high school Bible test was given in two hundred thirteen high schools with a total of 18,434 students who attempted to answer twenty questions?

One of the questions was, name three of the prophets of the Old Testament. This was missed by more than 16,000 of the 18,434 students taking the test. There were more than 12,000 students who were unable to name four gospels and nearly 10,000 who were unable to name three of the apostles.

I am giving you only a few of the questions. Do these facts clearly indicate that boys and girls have been sufficiently educated in the Bible and daily religious training? Are they being sufficiently prepared for a growing acceptance and application of the standards of the Bible in private and national life? Shall we grasp the opportunities as they are presented to us?

Mrs. L. J. Bowman,
Sec'y Co. S. S. Association.

CATHARPIN

Thanksgiving Day, "outwardly,"
was just about everything a visiting
guest did not want—wet, muddy,
windy, slippy; but "inwardly," from
all indications and reports, every-
thing must have been of a high order
as some of the following items will
attest.

Mr. and Mrs. J. H. Akers of Rock
Hill, together with a great big, fat
turkey, entertained their friends on
Thanksgiving day to the FULL satis-
faction of all concerned. After the
roll was called and all comfortably
seated around the festive board, the
following were found to be present:
Mr. and Mrs. Wade Akers and
daughter Elaine, and Mr. J. W. Polen,
all of Washington; Mr. and Mrs. L.
L. Lynn and daughter Elizabeth and
Mrs. Etta P. Lynn, all of Catharpin.
Of the fullness of the stomach the
mouth uttereth satisfaction. This,
then, accounts for the many "thank-
yous" showered upon the host and
hostess at time of departure.

Speaking of Thanksgiving—Did you
read that little piece of poetry in last
week's Journal under the caption,
"The Farmer's Thanks"? You
DIDN'T? Well now, before Thanks-
giving is entirely forgotten again for
another year, just look it up and read
it. It's good.

Mr. and Mrs. W. S. Brower and
family enjoyed Thanksgiving dinner
with Mrs. Brower's mother, Mrs.
Larkin, of the Larkinton estate near
Wellington. When this "roll" was
vocalized, it was found that twenty-
eight had answered to their names;
thus a big reunion was enjoyed by all
assembled guests. Oh yes! We for-
got to say that two big, fat turkeys
were also present "in person"—for
a short time.

Mr. and Mrs. B. O. Sowers and
daughter of Washington were
Thanksgiving guests at the home of
Mrs. Sowers' parents, Mr. and Mrs.
Luther Griffith.

Mr. S. B. Sanders of Washington
was the guest of his sister, Mrs. C.
F. Brower, a few days last week.

Much to the sorrow of many pa-
trons, Mrs. Marshall, erstwhile teacher
of the Catharpin school, found it
necessary to resign on account of
sickness in her family. Miss Vir-
ginia Hill of Roanoke will succeed
her for the remainder of the term.

The many friends of Mrs. Hulda
Swart Collins, wife of F. H. Collins
of the Sudley neighborhood, sent her
a large Thanksgiving box filled with
all and sundry the delectable dainties
suitable for a sanitarium patient to
have; this, together with many post
cards, no doubt served to brighten
the hours and make glad the heart of
one many weeks absent from home
and friends. This, however, must not
be construed to mean that Hulda is
downcast in spirit. She is one of the
bravest and hardest fighters against
her ailment we have ever known. Re-
cent reports say she is gaining in
weight and the hope of her many
friends is that she may still continue.

The report of Supervisor Buck of
the Emergency Education program
shows that Virginia has a surplus
of 2387 unemployed teachers, most
of whom have applied for direct Gov-
ernment relief because they have no
work. Of course this is just too bad,
but, what is to be done about it? Sup-
pose we just stop a moment and take
a look at the wheat-corn-hog-cotton
situation throughout the country.

They tell us we are producing more
of these commodities than we need;
that the markets are glutted with

great surpluses which, in turn, are
producing hard times and panics.
Then, as a relief, they tell us to cur-
tail production and bring the output
down to an equilibrium sufficient to
meet the demands, and then all shall
be well.

So we are just wondering that if
"curtailment" is the great cure-all or
panacea for over-production of farm
commodities, why a little dose of it
might not be good for the over-pro-
duction of teachers. We have four
State Teachers' Colleges which are
turning out their products by hun-
dreds each year and dumping them
on a retreating market, caused in
most part by centralization, thus re-
ducing the number of teachers need-
ed. These two activities—reducing
the number of teacher positions and
increasing their production—are not
in juxtaposition. If the colleges keep
on producing and adding to the sur-
plus, wherein do they differ from the
farmer who keeps on producing
wheat, corn, hogs, cotton, etc. when
what he has is already too much? If
the farmer faces ruin by over-pro-
duction, should not the same philoso-
phy apply to the State Teachers'
Colleges?

Like Will Rogers, we see by the
papers that the PWA has just added
three new dormitories to the Fred-
ericksburg college which indicates an
expected increase in student body,
and we presume that all other col-
leges are likewise making prepara-
tions for larger enrollments. Popu-
lation, of course, is increasing and
more young people available, but
what is to be done with the surplus
next year, and the next, when teacher
positions are already at the peak?

In the overproduction of teachers,
Virginia is just keeping pace with
all other states which are doing the
same thing. People are prone to
grasp an idea and then rush pell-mell
into it without due regard, some-
times, to what comes after. This was
done during the 'World War. We
built factories, shops, etc., at a great
expense with the idea that it was
going on forever only to realize later
that things had been greatly over-
done; and this over-stepping many
claim, was the cause of present eco-
nomic conditions. We hear much
these days about "regimentation,"
"bureaucracy," "goose-step," etc.,
etc., etc. all referring to too much
authority being placed in one per-
son, bureau, or what have you? Well,
we are not well enough posted on all
these things to offer much advice but
to the layman it does seem that
there should be regulation of some
sort, somehow, some place, to keep
things in proper alignment and save
the taxpayer. As we all know, pol-
itics cannot do it; so where shall we
turn?

Mr. Sandy Beaumont, an old resi-
dent of the Catharpin neighborhood,
is now a patient in the Warrenton
hospital suffering from an infected
toe caused by a bruise to that mem-
ber some days ago.

Mr. Henderson Supplee of Hamp-
ton, N. J., is spending the week hun-
ting in the neighborhood. This is his
second visit to the Brower family
since the opening of the hunting sea-
son.

The Misses Mildred and Roberta
Smith, of Atlanta, Ga., are spending
their Thanksgiving vacation with
their parents, Mr. and Mrs. A. W.
Smith, of near Gainesville, Va.

Mr. and Mrs. Carl Mundy of Wash-
ington were visiting relatives and
friends in the Catharpin sector on
Sunday last.

Mr. and Mrs. E. A. Willis of Clar-
endon, Va., were Sunday guests of
Mrs. Willis' parents, Dr. and Mrs. C.
F. Brower, of Lone Oak. Returning
home they were accompanied by Mrs.
Brower who will visit the suburban
city for a few days.

CHRISTIAN SCIENCE

"Ancient and Modern Necromancy,
Alias Mesmerism and Hypnotism,
Denounced" was the subject of the
lesson-sermon in all churches and so-
cieties of Christ, Scientist, on Sun-
day, December 2.

The golden text was "Beloved,
follow not that which is evil, but that
which is good. He that doeth good
is of God; but he that doeth evil hath
not seen God" (III John 1:11).

Among the citations which com-
prised the lesson-sermon was the fol-
lowing from the Bible: "Wherefore
take unto you the whole armour of
God, that ye may be able to with-
stand in the evil day, and having done
all, to stand" (Ephesians 6:13).

The lesson-sermon also included
the following passages from the
Christian Science textbook, "Science
and Health with Key to the Scrip-
tures" by Mary Baker Eddy: "It re-
quires courage to utter truth; for the
higher Truth lifts her voice, the louder
will error scream, until its in-
articulate sound is forever silenced
in oblivion" (p. 97).

LURKING DANGERS

Another illustration of the appalling number of deaths attributable to railroad crossings was brought near home Thanksgiving Day, when the lives of a man and his wife from Philadelphia, were snuffed out on the Norfolk and Western crossing at Gaylord. This tragedy, from all accounts, appears not to have been the fault of either the driver of the car or of the engineer of the train. The ill-fated couple, it has been said, saw the train in time, and attempted to bring their car to a stop before crossing the track. Slippery roads rendered the brakes worse than useless.

The engineer saw the car and thought it was going to stop. Not until he saw it swerve and slide onto the tracks did he suspect the impending collision. Then it was too late.

An overhead pass on this heavily traveled highway from Virginia into West Virginia would have resulted in two more useful persons going about their usual duties today, and have kept them with their loved ones.

At this particular crossing, buildings and a small hill obscure the vision when the trains are headed south, in that respect it is a particularly dangerous crossing.

Railroad crossings are being eliminated slowly in Virginia. It would be a fine thing if the large railroads which cross our state and the State Highway Commission could arrive at some mutually amicable agreement, and speed up this much needed improvement. It would result in the saving of many lives annually which today are charged up to railroad crossing accidents. — Winchester Star.

brought under control in any foreseeable time. As automobile traffic grows heavier, more and more common becomes the story in the papers of the finding of a body or an injured person in the streets, the victim, supposedly, of some moron who had hit and run.

Not all accident stories, however, are of such nature. For instance, we have just run across this from Regina, Sask.: "A small terrier, hit by an automobile here today, lay in the street in pain. A collie saw him, caught him by the neck and carried him to the sidewalk out of the path of other cars."

Dogs keep their thoughts to themselves. At any rate, they do not express them in language which men understand. That is probably unfortunate. It might do a lot of motorists good if they could only know what the Regina collie was thinking about the hit-and-run dogs as he rescued the injured terrier. And if he was saying to himself that the more he saw of men, particularly men at the wheel, the more he admired dogs, could one blame him? — Exchange.

A LITTLE CHILD IS WAITING

Somewhere in the country, Or in the city slums, There's a little child whose waiting For the night when Santa comes.

His little face pressed tightly Against the window glass, Looking for someone to bring him Food and clothes at last.

Shivering in the cold, bare room, Clothed in scanty rags, He looks and waits for Santa With his over-flowing bags.

And so he'll stand on Christmas Eve And peer into the dark, Listening for the sleigh bells With pounding little heart.

YOU wouldn't disappoint him; Have Santa pass him by? YOU wouldn't have him suffer, And hear his plaintive cry?

You'd want to make him happy, To fill his heart with joy, To give him food and clothing, And candy and a toy!

Somewhere in the country, Or in the city slums, There's a little child whose waiting— Won't YOU see that Santa comes? —A Junior Subscriber.

To the Editor:

Are we facing a breakdown of the capitalist system? Each day and week finds increasing number of wage-earners out of employment.

Today, every city in the United States, and every county in every State, jobless men and women by the thousands are fighting the grim battle against want and starvation, while factories work on part time or not at all and the farmer is being paid to plow under all surplus crops. Millions of our people are hunting in vain for jobs without success, while other millions are, only partly employed.

Unemployed and poverty are inevitable products of the present system. Under our present capitalist system the few own our industries. The many do the work. The wage-earner and farmer are compelled to give a large part of the product of their labor to the few. The many in the factories, mines, shops, and various other farms of production, obtain but a scanty income and are able to buy only a part of the goods and other products that can be produced in such abundance in our mass industries.

Goods pile up. Factories close. Men and women are discharged. The nation is upset in every department. In a country with natural resources, machinery and trained labor sufficient to provide security and plenty for all, finds masses of the people in dire want and thousands destitute.

From the poverty, insecurity, unemployment, the economic collapse, the waste and the wars between capital and labor, only the united effort on the part of all the groups to reach reasonable agreements can we expect to recover from the past four years of misery and want in the midst of plenty.

The purpose of governments is ostensibly to insure life, liberty and the pursuit of happiness of the useful members of society.

Whenever a society fails in or becomes destructive of these ends, it has self-evidently outlived its usefulness, rendering it imperative for the exploited and oppressed class to organize for its own protection and dispose of an out-worn system.

The Ages has been a struggle for progress, and also taking the form of struggle for power between con-

882 TEACHERS
GIVEN JOBS

801 Projects, With 18,244 Pupils, Being Conducted.

Eight hundred and eighty-two unemployed school teachers in Virginia have been given work on emergency education projects to date.

1,023 emergency education projects have been approved, and that it is hoped to get all of these in operation during the next few weeks. The projects, planned by State and local education officials, are financed through the FERA.

Of the 882 who have been given jobs, 132 have been employed since November 1, when the payroll totaled 750, Mr. Buck said. At that time there were approximately 801 classes and 18,244 pupils enrolled.

The FERA school projects are divided into four groups—elementary classes for adult illiterates in reading, writing, arithmetic, spelling, civics, geography and Americanization; vocational training classes; vocational rehabilitation classes, and classes in general adult education.

Nearly 100 different subjects are taught in the various FERA classes and instruction is offered in everything from barbering to broom manufacturing and from violin playing to the making of artificial limbs. Five languages, three law courses and six social science courses are offered.

The projects, which average approximately one to each teacher, have enrolled in them a minimum of 20 students each. They have been started in an effort to provide relief for some of the more than 2,000 unemployed school teachers in Virginia, many of whom are in need.

The general object of the above styled cause is to enjoin and restrain H. Thornton Davies, Trustee, from making sale of certain property known as Beverly Mills, as set forth and described in a certain deed of trust executed by C. C. Furr, J. N. Kerr, M. P. Furr and Audrey F. Kerr, as of May 20, 1929, and recorded in deed book 87, folio 3, securing R. B. Swart the sum of \$6,000.00, with interest from May 20, 1929; to ascertain what real estate C. C. Furr, J. N. Kerr, and Audrey F. Kerr are seized and possessed, where located, and the liens binding the same in the order of their priorities; to ascertain whether or not any of the 12 acre tract known as Beverly Mills is located in Fauquier County, and if so, what portion thereof; to ascertain whether or not the land advertised for sale by H. Thornton Davies, Trustee, covers any portion of the real estate of said Furr and Kerrs, taken by the State Highway Commission for the use and benefit of the Commonwealth of Virginia, as a highway; that all creditors of C. C. Furr and J. N. It appearing by affidavit filed according to law that Robert B. Swart, one of the defendants in this cause, is not a resident of the State of Virginia; that the said Robert B. IN THE CIRCUIT COURT OF PRINCE WILLIAM COUNTY, VIRGINIA

The Fauquier National Bank v.

R. B. Swart, et al.

IN CHANCERY

The general object of the above styled cause is to set aside and annul a certain deed executed by Robert B. Swart, dated August 16, 1932, recorded in deed book 91, at folio 181, whereby the said Robert B. Swart conveyed two tracts of lands in Gainesville Magisterial District, the first containing 175 acres, more or less, and the second 107 acres, more or less, the two tracts containing in the aggregate 282 acres, more or less, to John Cameron Crewe; also a certain other deed located as aforesaid and executed by said Robert B. Swart as of February 18, 1933, and recorded in said deed book of Prince William County Clerk's Office, folio 489, whereby the said Robert B. Swart conveyed to John C. Crewe a tract of 333 acres, more or less, said two deeds, or copies thereof, being filed with papers in this cause and marked, respectively, "Exhibit A" and "Exhibit C," said "Exhibit C" having been made subject to a deed of trust therein mentioned, which said "Exhibit C" also conveyed and transferred certain livestock and farming machinery therein mentioned, upon the ground that said two deeds were fraudulent and without valuable consideration for the purpose of hindering and delaying said complainant in the collection of a debt due by said Robert B. Swart to said The Fauquier National Bank of Warrenton in the amount of \$9,700.00, with interest from January 1, 1934, and to make sale of said two tracts of land and livestock and farming implements, and the proceeds derived therefrom applied to the payment of said debt, also counsel fees for instituting and conducting said suit and for a decree, or judgment, against the said Robert B. Swart for any balance that may be due on complainant's said demand, and for general relief.

It appearing by affidavit filed according to law that Robert B. Swart, one of the defendants in said cause, is not a resident of the State of Virginia, the other non-resident defendants having filed an answer in said cause, that the said Robert B. Swart's last known address was 4016 14th Street, N. W., Washington, D. C.; it is therefore ordered that the said Robert B. THE OIL INDUSTRY'S LEADER SCORES ANOTHER GREAT TRIUMPH!

Attention, motorists!

Aerotype ESSO... the new motor car fuel... is here!

And the 30,000 ESSO Dealers and Stations from Maine to Louisiana will celebrate its introduction!

NEW IN WHAT IT IS AND DOES

Aerotype ESSO is a radical departure in motor car fuel!

In extremely high anti-knock rating and general efficiency it resembles the powerful fuels used for flying!

In fact, it is modeled after U. S. Army Fighting Grade Aviation Fuel... hence its name!

CASH REFUND GUARANTEED

Aerotype ESSO is offered on a MONEY BACK basis... unconditionally GUARANTEED to SATISFY!

The world's leading petroleum organization stands squarely behind that guarantee!

Aerotype ESSO is sold with the understanding that it will OUTPERFORM any other representative motor car fuel on the market... regardless of price!

You alone are to judge and determine its merits... your word is final!

All we ask is that you test Aerotype ESSO and convince yourself of its ability... that you base your opinion on facts, not claims!

Give Aerotype ESSO a chance to prove—

... that it is the "fastest firing," quickest-starting motor car fuel you've ever used!

... that it attains peak performance efficiency in less time and with less "warm up"!

... that sub-zero weather does not faze it... nor do sudden changes of temperature or altitude!

... that it has more power... more "anti-knock"... not even the slightest "ping" under the hardest pull!

... that its acceleration and get-away excel anything you've previously experienced!

IN SHORT, that for luxury, comfort, and trouble-free operation Aerotype ESSO surpasses any other motor car fuel you've ever used!

BUY AT THIS SIGN
This sign identifies the 30,000 ESSO Dealers and Stations from Maine to Louisiana, who represent the products and services of the world's leading oil organization.

JOHN WAYNE IN "BLUE STEEL" HITS A NEW PEAK IN THRILLS

John Wayne, screen favorite of Western fans throughout the country, offers another of his thrilling portrayals, teeming with action, thrills, and suspense, in "Blue Steel," a Lone Star Production, which comes to the Dixie Theatre in Manassas next Friday, Dec. 14.

Steadily emerging from the mass of Western players that formerly graced the screen, Wayne has gradually forged to the front in the race for honors among this type of actors, until today he stands at the top and ranks as the premier of them all.

"Blue Steel," written and directed by Robert N. Bradbury, is the gripping story of a government officer sent to Yucca City to uncover a band of outlaws which has been the cause of much terrorism among the citizens.

Aided by Betty Mason, daughter of a pioneer who has been murdered by the outlaws, Wayne, as the officer, thru a series of colorful exploits, climaxed by a thrilling chase thru the hills, manages to rid the town of the outlaws and restore peace to the community.

VIRGINIA'S DEATH RATE FROM FIREARMS HIGH

With a death rate of 3.8 per 100,000 from firearms accidents, Virginia has one of the worst records of the 48 States in the number of persons killed while hunting, according to a recent statistical bulletin of the Metropolitan Life Insurance Company.

A total of 3,000 persons are killed annually in the United States in firearms accidents and the United States as a whole has a death rate of 2.4 per 100,000 as compared with .2 for England and Wales, the bulletin states.

Adult males, it is found, account for 72 per cent of the total deaths, while children under 15 years of age are the victims in 20 per cent. The remaining 8 per cent occur among adult females.

Nevada has the highest death rate from shooting accidents, Rhode Island the lowest. Virginia ranks sixteen from the top.

IN DIXIE

We may be lazy. We may be slow. We may be snobbish and a whole lot more!

In Dixie.

We're not progressive. We talk real bad.

We're always bragging of what we've had.

In Dixie.

We bank on kinship—our cousins and such.

There are so many things that we do too much!

In Dixie.

We may do all these things—and yet there's something that you can't forget.

About Dixie.

And folks from all over flock down here.

May be fried chicken. May be atmosphere.

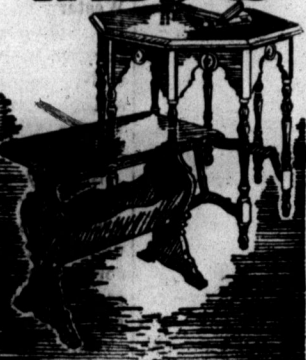

Anyway it's Dixie.

AMAZING MAKE-UP VEILS IDENTITY OF "MAN WITH 2 FACES"

The playing of dual roles by film actors is not unusual in pictures, but a most amazing double characterization is enacted by one of the members of the cast in the First National picture, "The Man With Two Faces," coming to the Dixie Theatre in Manassas next Monday, Dec. 10.

It is amazing because, while almost always the spectator knows who has the dual role, in this instance it is impossible to detect the man with two faces until he reveals himself by removing his disguise.

The eyes of the real slayer are almost shaped, but by inserting wax under the lids they are made to appear round. Even the person's height is changed by a subtle artistry. In no way does "Mr. Chautard" resemble any of the players. It is the problem of the police to discover who is "Mr. Chautard," whether he is a man, or a woman disguised as a man, and this is the intriguing part of the drama which is eventually revealed.

W. C. T. U. HOLDS RED LETTER DAY

(Continued from page 1)

Mark of Nokesville presented "The Continuing Need of the W.C.T.U." Congregational singing, Mrs. Baker, organist.

Free lunch was served at noon and a social hour much enjoyed. The afternoon devotional was given by Rev. Mr. DeChant.

The children had a place on the program, and recitations were given by Roberta Sadd, Howard Cooksey and John Broadus. Miss Jessie Mae Connor sang very sweetly, "God Speed the Day."

Rev. C. B. Jones gave a convincing address on conditions as they are "since Repeal." Has been an ardent prohibitionist, and has traveled extensively as a temperance lecturer, and has reason to believe he has had many converts among the thousands he has addressed through our western states. He said conditions were a thousand times worse since repeal. The worst feature is "it has made bar maids of our girls, and their mothers and fathers voted for it, and church people permitted it!"

Rev. Mr. Taylor said he found a change of opinion, some who were for repeal, now see the evil of it, and want prohibition. They confess things are "much worse than they expected."

Rev. W. M. Compton spoke of the vast sum of money being spent by the Government to suppress crime, largely caused by drunkenness. Rev. Mr. Miller in a short talk gave encouragement to the W.C.T.U. Mr. J. J. Murphey leaves no doubt in the minds of his hearers where he stands on the temperance question. He gave quotations as to conditions in our National Capital and elsewhere.

Hon. C. J. Meetz gave a stirring and eloquent address. Has given, is giving and still will give of his best to the cause of temperance.

Our nonagenarian minister, J. Halpenny, was present at the meeting and can testify to the wholesome effects of a long life of abstinence from alcoholic drink.

Rev. Mr. Cook arrived too late to take part on program. Rev. C. H. Mark offered prayer at the noon hour, and Rev. Mr. Kesner pronounced the benediction.

CIRCUIT COURT PROCEEDINGS

W. Hill Brown, C. A. Sinclair and H. T. Davies appointed a committee to investigate the application of Charles Richard Wilson for a certificate to practice law before the local court. The same reported and the certificate was granted.

True bills were returned against Olaf Pearson, Benjamin Spires, Harold McInteer and John Annello and Willie Arrington (F. M. Lynn, foreman of grand jury).

The case against Steve Vayder was nolle prossed.

Case of Benjamin Spires set for Dec. 14.

Case of Olaf Pearson, Dec. 13.

Case of Harold McInteer, continued

GAINESVILLE

We regret to note the death of Mr. Stuart Carter, a lifelong resident of Prince William County, at the residence of his daughter, Mrs. John Johnston, Lyon Village, Va., November 23.

Mr. Carter was the son of the late Winston and Maria Nelson Carter. He is survived by two children, Edward of Gainesville and Mrs. John Johnson of Lyon Village.

Mr. and Mrs. Theodore Shultz arrived by motor from their old home in North Dakota last week, to take up residence in Prince William County and are living at Gainesville. Owing to drought and high winds, Mr. Shultz reports crop failure for the past two years as well as cattle losses, which were not so great owing to the purchase of the cattle by the government at twenty dollars per head.

Mrs. Lester Pettrey of Clarksburg, W. Va., and Mr. and Mrs. MacCeney of Washington have been visiting Miss A. D. Marsteller.

Mr. William Sweeney and sister, Miss Mabel of Washington, visited home folks here last week-end.

Professor and Mrs. McCord of Falls Church visited Mr. and Mrs. Theodore Shultz last week and the party were guests of Mrs. Carl Glaetli at Catlett on Sunday.

Buckhall 4-H Club will meet Saturday, December 15, at 2:30 o'clock, at the school building.

H. D. LEADERS TO PLAN "HOUSE FURNISHINGS"

Miss Mary B. Settle, house furnishings specialist for V. P. I., extension division, will meet with the leaders of the home demonstration groups on Friday, December 14, to make plans for the course in House Furnishings. Topics to be taken up by Miss Settle are "Color and Design" and "Selection and Arrangement of Furniture." With these topics the program in house furnishings will be begun in Hickory Grove, Greenwich, Nokesville, Aden, Dumfries and Bethel Home Demonstration groups at December and January meetings.

The following women who have been selected to serve as community leaders in the house furnishings project for the year are expected to attend the meeting: Mrs. John Ellis, Mrs. Raymond Ellis, Greenwich; Mrs. A. COMMUNICATIONS TO THE COUNTY AGENT'S COLUMN

EDITOR

(continued from page 4)

tending forces or classes. Whenever a ruling class has fulfilled its usefulness, and its interest ceased to be in harmony with social justice, it has always been supplanted by the class below. The past few years has demonstrated this fact and it is only necessary to take one look at some of our neighbors across the pond.

The United States is now going thru a process of evolution which every citizen hopes that in the end, prosperity, security and happiness for all will have been the price paid for a new liberty.

Cordially,

H. O. RUSSELL

Editor,

Manassas Journal.

Dear Sir:

I frequently travel between this county and Richmond and almost every time I witness an accident of some kind upon the roads. The stretch of road between Washington and Richmond is undoubtedly the most heavily travelled in the entire State.

Telephone communication thereon is very poor and a great majority of the traffic is through traffic. When these accidents occur, traffic jams are a natural consequence and often there is no one available to take charge of the situation.

I have in mind an instance which took place in lower Caroline on Tuesday of this week in which a car bearing a Connecticut license and whose occupants were mostly ladies, was side-swiped by a driver on one of the hills. Two of the women were badly cut and the third had her arm broken. I stopped at Gollansville but found there a rural telephone line which was in use and there was no emergency method of transmitting the message. At Ashland, I found the Town Sergeant who phoned into the State Capitol for help. When I was on the outskirts of Richmond I met a State officer hurrying northward, evidently assigned to this particular case. He probably arrived on the scene fully an hour after the trouble occurred.

There should be either places where the public can call up traffic officers or else there should be police substations similar to the ones of the Baltimore boulevard where there are three in a forty-mile stretch and where the traffic is not a great deal heavier than it is on the Jefferson-Davis Highway between Richmond and Washington. Substations would make it unnecessary for the traffic officers to hang around gas stations as their headquarters and would afford a place where a person could be given treatment and where a desk sergeant could be kept to handle traffic cases instead of the possibility of having them held over for a police justice the following day.

One station half way between Ashland and Fredericksburg and another half way between Fredericksburg and Alexandria would, to my mind, greatly alleviate a condition which needs attention and should have it at once.
