## FORESTRY REPORT TO SUPERVISORS

### Warden Russell Urges Greater Care in Reporting Fires.

The Members of the Board of Supervisors

Prince William County, Virginia Gentlemen:

I beg to submit a report on fire protection and fire suppression work as carried on in Prince William County during the calendar year 1934. This report is for the information of the members of the Board of Supervisors, other county officers, chief forest warden and all persons interested in fire control and conservation activities. In commenting on the work in the county during 1934, it might not be out of place to say that compared with the work of former years the results have been highly satisfactory. We have been very materially aided in the work, however, (both as a means of reducing annual burned over area and in reduction of suppression costs) by the Emergency Conservation Work that has been done in the county during the past two years. This has been of great assistance, not only as a means of immediate fire suppression relief but also as a means of providing us with fire protective facilities thereby affording us potential means of reducing our fire suppression costs in the future. It is scarcely possible in this letter to give a list of protective improvement facilities constructed within the county during the past two years through this Emergency Conservation Work. In case the Board of Supervisors and other officers of the county are interested in a detailed statement of the improvements constructed and planned for the county I would be more than glad to appear before the Board in session at some convenient time and outline the completed work and proposed work in detail to the Board. I would be gratefully appreciate any comments or suggestions the Board or other officers of the county might make concerning the work at any time. Please be assured that your interest in the work is my interest and is greatly appreciated.

The total expense vouchers for the work in Prince William County during the calendar year 1934 amounted to \$37.25. Of this amount, \$17.25 was paid out of State and Federal funds for forest warden services and travel on fire prevention and fire suppression activities. The balance, \$20.00, was charged and billed to the county in accordance with the provisions of Section 541 of the Code. This represents the cost of fire suppression services, provisions and travel employed by the chief and local forest wardens of the county in the suppression of fires during the year.

The forest fire record for the year in Prince William County as reported by the forest warden organization is as follows:

Number of Fires: 5.  
Acreage Burned: 41 1-2.  
Estimated Damage: \$113.00.  
Causes: Brushburning, 2; Miscellaneous, 2; Unknown, 1.

Of the total forest area protected in the county, consisting of approximately 147,144 acres, three hundredths of one per cent was burned over during the year. The average size of the 5 fires which burned in the county during the year was 8.3 acres and were suppressed at an average cost of eight cents per acre.

The Virginia Forest Service wishes to express its thanks for and its appreciation of your co-operation and support in this important work, thereby making possible our excellent record for 1934. We solicit your continued co-operation and help in the future as you have given it in the past.

Very sincerely yours,  
J. M. RUSSELL.

WILLIAM P. SHAW

William P. Shaw, aged fifty-four, was killed in an automobile accident on Saturday, February 23, that occurred when the car in which he was riding was struck by a Pennsylvania line train.

Mr. Shaw was born in Charles County, Md., in 1881, and was a resident of Manassas for many years.

He is survived by his wife, Mrs. Emma Shaw; four children, Willard, Eula and Russell Shaw of Manassas, and Mrs. Emory Russell of Washington, D. C.; three brothers, Mr. Orvid Shaw of Trenton, N. J.; Mr. Justin Shaw, Washington, and Mr. Hallie Shaw, White Plains, Md.

Funeral services were held Tuesday morning at Waldorf, Md., and interment in Piney Church cemetery in Waldorf.

## SELUM, THIRTY-FIVE-YEAR-OLD HORSE, DEAD

Selum, the thirty-five-year-old horse, which for many years so faithfully delivered goods for his owner, E. R. Conner, died Wednesday night at the home of Mrs. Mary V. Conner, where he had been retired since automobiles came to take the place of delivery wagons. Selum will probably be remembered by many business men, lawyers and doctors who made their start in life by delivering goods with this horse twenty-five or thirty years ago. No animal ever lived more faithful and useful than a good horse, and Selum was one of the best.

## MACS TO PLAY ALEX. FIREMEN

### "Doc" Dreifus, Manassas Pitcher, Plays on Opposing Team.

On Tuesday, March 12, the Manassas A. C. will meet one of the outstanding teams of northern Virginia on the local court, the team of the Columbia Engine Company of Alexandria. Composed of several former college stars, this team has made an enviable record this season.

Featured in the Alexandria lineup will be "Doc" Dreifus, pitching star on the MAC nine last season. It will be unusual to see "Doc" on the opposing team and a record crowd is expected out to welcome him in spite of his position with the enemy. "Doc's" reputation as a basketball player is as good or better than as a baseballer and next Tuesday night will tell.

## DRAMATIC CLUB WILL GIVE PLAY

### "Grandma Pulls The String" Will Be Presented March 8.

The one-act play, "Grandma Pulls The String," will be presented Friday night, March 8, in the school auditorium. This play promises to be most entertaining and interesting. "Grandma," to be played by Virginia Hurst, is conveniently deaf, hearing only what she cares to hear. Eula Slusher takes the part of Mrs. Cummings, who wants to do everything she can to help her children, and wishes there was some way to keep Grandma from meddling.

Hildegard, who has begun to explore life and loves to read love stories and adores the movies, will be portrayed by Virginia Newman.

Romance incomes itself into this comedy, with Julia Cummings and William Thornton on the verge of getting married. Mary Cocks and Nelson Lynn act the parts of the young lovers. Nona, who is Louise Kincheloe, is very sophisticated and had experienced two years ago the same thing that now confronts Julia.

As this play is to be presented in preparation for the three-act play which will be given later in the year, there will be no charge. Everyone is invited to attend this performance of the Dramatic Club, as it is the last performance to be presented before the three-act play which will be given March 29.

## NEXT HIGHWAY HEARING AT CULPEPER, MARCH 25

The legislative commission considering changes in the present State highway system, primary and secondary, which held a public hearing in Newport News on Monday, has three other similar hearings scheduled, according to William R. Shands, State research director and secretary of the commission.

The next open hearing will be held at Culpeper on March 25 to consider proposed changes in the Culpeper-Fredricksburg Highway districts. On April 15 the commission will meet in Lynchburg to take up questions concerning the Lynchburg-Staunton districts, and on May 20 it will meet in Wytheville to take under advisement any recommendations involving the Bristol-Salem districts.

The commission is headed by W. O. Rogers of Waverly, former State Senator and now treasurer of Sussex County.

## MINISTERIAL ASSOCIATION

The Manassas Ministerial Association met this morning and held an interesting session. Matters pertaining to the religious life of the community were discussed.

It was decided to hold union services on Good Friday, April 19. The business concerns of Manassas, as last year, will be invited to close from 2 to 3 p.m. to permit all to attend services.

## U. D. C. JUNIORS ARE PROGRESSING

The Manassas Chapter, U. D. C., met Wednesday at the home of Mrs. E. H. Marsteller. Mrs. Johnson and Mrs. Waters assisted in entertaining. The attendance was large, among the guests were Mrs. Jacobson, formerly of Washington, Mrs. Hubbard, and Mrs. St. Noble, of Washington, and London. Mrs. Lonas, chapter president, presided over the meeting.

Mrs. W. A. Newman, historian, reported three lectures had been made on Sidney Lanier, two at the Bennett School and one at the Occoquan High School. The president expressed her appreciation and that of the chapter to Mrs. Harry Love, who gave these lectures.

Mrs. Hibbs gave a glowing report of the Junior Chapter, thirty-nine papers having been filled out, and seal affixed, and one or two other papers almost ready.

Mrs. Hibbs spoke of the splendid work of Mrs. Grace Hite and her interest in this Junior Chapter, and of the interest aroused in the chapter itself. Mrs. Lonas expressed the appreciation of the chapter for the work done by Mrs. Hite, Mrs. Hibbs and Mrs. Dowell in the formation of this U. D. C. Chapter. The chapter is busy trying to win a \$2.50 prize, offered by the State for the U. D. C.

The second volume of Lee's Biography by Dr. Freeman is to be purchased through the chapter, and presented to the library.

The names of Mrs. T. E. Didiak

and Mrs. St. Noble were presented for membership. Mrs. Jacobson is going to unite with this chapter, through a demit from the Dixie Chapter in Washington.

The historian reported the third-year high were working on the State prize essay—topic, "The Confederacy."

Mrs. Johnson, librarian, delighted the chapter by saying there were fifty-four books in the library available for reference on that topic.

Mrs. Marsteller informed the chapter that a marker is to be placed at the Council Tree, which is on the property formerly owned by the late Dr. A. Marsteller.

Mrs. Kasehagen told of her enjoyment as a delegate to the Gen. U. D. C. convention in New York last fall and of attending the Semi-Sesquicentennial of Zachary Taylor, at the Waldorf-Astoria. She presented a scrapbook compiled of interesting happenings at the convention to the chapter for which she was warmly thanked.

In the historical hour a poem by Sidney Lanier, "My Springs," was read by Miss Elizabeth Marsteller, and Mrs. C. M. Larkin read a most interesting paper, "A Yankee Girl's Impression of Jefferson Davis." This girl visited Fortress Monroe while Davis was imprisoned there, and paid high tribute to his character and friendship. At the close of this reading refreshments were served by the hostesses, and a social time enjoyed.

## DAIRYMEN TO HAVE FEEDING SCHOOL

### Educational Program Discussed at Meeting.

At a meeting of dairymen at the county agent's office, Wednesday of last week, existing problems were discussed at length and suggestions made for a program of dairy improvement for Prince William County.

The Bang's disease came in for the most discussion. Spirited arguments for and against the area test, in which all cattle of the county would be tested for the disease, showed a divided opinion but the group was unanimous in recommending the use of control measures as separating young from old stock and isolating cows in maternity stalls at calving time.

The raising of all herd replacements, from the standpoint of disease control, herd improvement and economy was advocated.

Organized breeding, through enrolling sires in the bull registry project, bull exchanging and keeping of proven sires in the county as long as they are useful, was discussed at length. At present, twenty-three sires are enrolled in this project and are in the process of being favorably or unfavorably proven. These, and others that will be enrolled, that show themselves capable of bringing about improvement in offspring over their dams would be kept in the county and those proving inferior sent to the butcher.

After a discussion of feeding, a tentative date was set for a County Dairy Feeding School. If enough men enroll to justify holding the school, this will be held on March 13 and 14.

## MANASSAS HIGH SCHOOL ASSEMBLY

An assembly program of very unusual interest was presented at the high school last Friday afternoon, the speakers being Mrs. Guthrie, superintendent of the District Home, and Mrs. Marion Lewis, in charge of the Federal Relief work in Prince William County.

Mrs. Guthrie spoke on Social Service as a Career which she explained in detail. This was followed by an unusually interesting discussion of the Federal Emergency Relief work in the county by Mrs. Marion Lewis.

## SUNDAY SCHOOL MEETING

Everyone who is interested in Sunday school work is urged to attend the Institute at Nokesville Church of the Brethren, Monday night, March 11, at 8 o'clock.

There will be a very important meeting of the Manassas A. A. Wednesday, March 13, at the Town Hall at 8 p.m. All baseball lovers are urged to be present to assist in laying plans for the coming season.

## LOCAL W.C.T.U. HONORS FAMOUS WOMAN

The Woman's Christian Temperance Union observed "Frances Willard Memorial Day" at the home of Miss Maggie Smith on Feb. 27. Many beautiful tributes to this gifted woman were read from the "Union Signal," among which was a poem composed by Katharine Lent Stevenson on the "Statue of Frances Willard" which stands in Statuary Hall in the Capitol of our country. Also an article from the same paper, "The Story of the State" by Anna DeYo, a gifted writer in which she tells of the death of Frances Willard which occurred in New York City. When the funeral train reached Chicago the flags of the city were at half-mast in respect to the memory of the "city's most honored woman." At Washington, D. C., Miss DeYo tells us a similar tribute was paid on the day of her burial. And in Evanston, Ill., her home, "the flags carried their mute message from the hour of her death." Miss DeYo says "It remained for the legislative wheels of the Federal Government to be stilled for the first time in paying tribute to the memory of a woman, when on Feb. 17, 1905, the United States Congress formally accepted from the state of Illinois the statue of Frances Willard, placing it in Statuary Hall under the dome of the National Capitol." She was referred to as "Illinois' most illustrious citizen and distinguished for civic service in Europe and America."

Quoting again from the Union Signal "a commemorative service by the children preceded the formal acceptance of the statue by the Congress, where two thousand pairs of childish hands of the school children of the City of Washington dropped their blossoms at the foot of the white marble statue." The like of which has never been seen there before or since.

"Stand, radiant soul!

Here, in the center of our nation's heart,  
Forever of its best life thou'st a part  
Here thou shalt draw thy land to  
what thou art  
Stand, radiant soul!"

We, the members of the Manassas W.C.T.U. pledge our loyalty and support to that for which this noble woman stood.

## TO DISCUSS CO-OPERATIVE MILK HAULING

A meeting of dairymen has been called by parties interested in co-operative milk hauling on Friday, March 15, 1935, at the Manassas High School auditorium. Experts in co-operative marketing and farmers co-operatives from Richmond and Blacksburg have been invited to address the meeting. Those interested in the proposition advance the claim that such cooperative enterprises are profitable and invite the dairymen of the county to attend.

## NOTICE

There will be a bingo party given by the Children of Confederacy, March 16, from 6 o'clock to 10, at the home of Dr. W. F. Dowell. Refreshments will be served.

## OWEN LYNCH APPOINTED

### Popular Democrat Selected for Alexandria Post Office.

Announcement was made yesterday by Hon. Howard W. Smith that Mr. J. Owen Lynch had been recommended as Postmaster for Alexandria City. Mr. Lynch was born at Nokesville in Prince William County and has many relatives and friends here.

The selection evidently is regarded as a very appropriate one as Mr. Lynch is recognized as worthy in every way for recognition by the Democratic party.

## BIDS CALLED BY LOCAL BOARD

### Early Date Indicates Prompt Start on Work.

The county school board met yesterday with all members present.

The biggest piece of business was the formal calling for bids on the Haymarket High School, an advertisement of which is printed in other columns.

Mrs. Virginia Lewis made a very satisfactory report on Emergency Educational work in the county. The board congratulated her heartily on the work as described in her report. One piece of industrial work by Margaret Twones, colored clothing worker, was exhibited and approved.

Two forty-dollar libraries were ordered, one for Greenwich and one for Woodbine.

Two applications for bus drivers were received and filed to be taken up at a later meeting.

## STUDENTS ACT LIFE PROBLEMS

### Playlet Given at Kiwanis Meeting.

Not to be outdone by the boys' and girls' committee, the vocational guidance committee got into action last week with an excellent performance of lecturing and histrionics.

In connection therewith two dignified members of the club were drafted into impromptu parts in the playlet which demonstrated the difficulty of choosing professions. They were Edgar Parrish as the young man's father and Ernest Trusler as a Kiwanian.

Frank started the works by reading a paper describing the general dilemma of the situation and how the average small town is unable to cope with the problem.

Three of the high school students, namely, Eula Slusher, Irma Ball and Alden Dodson, took the part of young people of their own age and described their problems and the subsequent success that was afforded the young man who consulted the proper authorities in choosing his vocation.

In all, the little play, which was entitled "Vocational Guidance," occupied four scenes, all of which passed unusually smoothly and the young people behaved very unaffectionately.

Frank and his charges got quite a hand after the conclusion of the evening.

According to unauthorized advice it is reported that Ed Hill, International Trustee, will be on the job tomorrow night with another of his charming programs.

## FEDERAL RELIEF

Federal grants totaling \$1,057,395 have been allowed by the Federal Government for general relief work in Virginia for the month of March. This allotment exceeds February by \$42,904 and is \$286,722 greater than January, indicating a steadily increasing amount of public relief.

## BYRD AGAINST PUBLIC WORKS

### Cites Failure of Virginia in Using the Plan.

Senator Byrd in an interview regarding the proposed Five Billion Dollar Public Works Bill said:

"The plan to revive prosperity by expanding borrowed public funds to construct public works," he said, "is not new and has never been successful in any country."

Cites Virginia Example.

He said Virginia tried that plan 100 years ago and "the state still owes more than one-third of the debt then incurred but the public works then constructed have long since passed away."

"From 1820 to 1861," he said, "Virginia issued state bonds for \$33,000,000. This sum was mainly expended for the construction of canals and railroads and much smaller amounts for turnpikes and toll bridges. The projects were supposed to be self liquidating."

"Today, Virginia has left only the stock in the R. F. and P. Railroad, valued at \$1,368,744. Nearly thirteen millions of the original bonds are still outstanding. More than one hundred millions of interest has been paid on these bonds. At the conclusion of the War between the States, when Virginia was devastated like France and Belgium in the late war and West Virginia was taken by the force of arms, Virginians found themselves saddled with a huge bonded indebtedness for public works which had even then become nearly valueless. Undismayed by this staggering debt and despite our impoverished condition, to the eternal honor of Virginia this debt was financed without repudiation by sacrifices nearly as great as the war itself.

Don't Mortgage Future.

"National prosperity can never be restored by a public works program on borrowed money. If the pending five billion dollar public works bill is passed the federal debt will increase to the extent of eighteen billions in five years.

"Virginia's share of this public debt incurred since the beginning of the depression will be \$500,000,000. It is in fact more because Virginia is the seventh tax paying state in the union and pays more federal taxes than fifteen other states.

"I am opposed to mortgaging the future welfare of our children, grandchildren and even generations to come. The time has come to reduce the spending orgy at Washington and to install economy, efficiency and simplicity in our public affairs."

Favors Reduced Interest Rate on Farm Loans.

Senator Byrd further said: "I voted to reduce the interest rate on farm loans made by the Federal Land Banks from 4 1-2 per cent to 3 1-2 per cent. I am glad this amendment passed the Senate and hope it will be adopted by the House. I think the most practical thing we can do to improve the condition of the farmer in debt is to make it possible for him to pay his debt. Therefore a reduced interest rate will be valuable and is warranted by the conditions existing."

## THE MESSAGE AND PROGRAM OF THE CHRISTIAN RELIGION

The course on "The Message and Program of the Christian Religion" will prove to be most interesting and practical. It will deal with applied Christianity in the life of the individual and community and nation. It will show Christ's teaching as touching the whole life of the nation, seeking to set up the kingdom of God on earth. It will touch the problems of evil and suggest remedies. It will challenge to Christian endeavor.

The teacher, the Rev. John M. DeChant, is the popular pastor of Manassas Presbyterian Church. He has had experience in rural and urban work. He is alive to the moral problems that confront church and state today. He has taught in Leadership Training schools before.

The school will be held Mondays and Thursdays, March 18 to April 4, at 7:30 p.m., in the high school building, Manassas, Va.

**UNION SERVICES**  
The Methodist and Presbyterian Churches have arranged a series of union services to be held on the Sunday nights during Lent. The first of these will be held in the Methodist Church on March 10 at 7:30 p.m. Rev. Compton will conduct the service. Rev. DeChant will preach on the theme: "The Grace of God Sufficient for our Needs." II Corinthians 6. Everyone will be most welcome at these services.

**CATHARPIN**  
The second quarterly conference of the Gainesville and Sudley churches will be held at the parsonage on Saturday, March 9, at 10 a.m. All official members are requested to be present. Services at Sudley have been very intermittent during the past few weeks owing to bad weather conditions, roads, etc., which, of course, no one could help however much they desired it otherwise. It must not be forgotten, however, that each quarterly conference has its obligations to meet and everyone should feel interested.

Dr. and Mrs. C. F. Brower of Lone Oak are in Roanoke for a fortnight's visit with their daughter, Mrs. Hollman Willis of that city.

Mrs. W. S. Brower and Miss Virginia Hill were Washington shoppers on Saturday last, dining at the Hob Nob, the restaurant owned and operated by Mr. Meredith Polen, well-known former resident of Catharpin neighborhood. As we have often said, if the Catharpinites were taken out of Washington the city would be almost depopulated. You can find them in business on almost every street.

Mrs. Frank Lee Hoffman, whose illness and hospital experience have been noted in this column, returned to her home on Sunday much improved and every prospect of complete recovery. After sufficiently recovering from her operation for stomach trouble. Mrs. Hoffman was taken to the home of Mrs. Mills, nee Miss Mary Hoffman, where she has been resting for the past several weeks. Her many friends are glad to welcome her home again.

Catharpin neighborhood has been free from many of the things that have afflicted other sections such as holdups, robberies, kidnapping, etc., but just lately she seems to be coming into the limelight. Two "hold-ups," one near Sudley and one on the Gainesville road, were experienced last week. In both instances, negroes were the robbers and white men the victims. It is reported that the two negroes near Sudley received some money. The other attempted holdup was lone-handed and the man attacked knocked his assailant so dead that escape was easy. These are the only instances to the knowledge of the writer that have ever occurred on the public highways in this community. Robberies of meat houses, chicken coops, corn cribs and the like have been regular occurrences ever since nature ordained that mankind should become hungry, but the "highwayman" thus far is a new experience.

We have often wondered just what the outcome of the present situation is going to be. The country is full of the unemployed; as many from choice as from necessity. While there are many, no doubt, who would welcome an opportunity to work, there are just as many who do not want to work, never did work and never will if it can be helped. All, however, must eat and they will have it; some by thievery, some by the holdup method, some by gambling, bootlegging—any way in the world except by honest labor. So it is time somebody was getting in control of things, else the worst is yet to come.

The country is too much in the hands of what is generally spoken of as "mob rule." Senator Byrd touch-

ed on that subject very pointedly in his address in the Senate against too much spending when he said, "It is not fanciful to predict a day when those placed on public rolls to receive cash from the Treasury may consolidate with existing pensioners and employees and form a body of political influence that will control Congress in more liberal appropriations to the members of such groups." You know that very thing is going on just now and has been practiced in recent years when a body or group of people, actuated by a desire to receive something, or do something, have marched on the law-making bodies in great numbers seeking to force them to certain actions, all regardless of the law makers oath of office to do the best their judgment dictates for the general good of all the people. As Senator Byrd says, "Should this happen the ultimate end will be the inability of the taxpayers to carry the load." When people begin to coerce, then it is time to get control. When loafers get the notion they can force things, right or wrong, then trouble begins, and we are having some examples of it right now in the Catharpin neighborhood.

Mr. and Mrs. L. K. Lynn and Mr. and Mrs. John Adams of Manassas were visiting at the E. N. Pattie home on Sunday last.

Mrs. Henry Jennings of Winchester and Miss Edith Morrison of Berryville spent Saturday with Mr. and Mrs. W. Holmes Robertson. On their return home were accompanied by Mr. Reginald Morrison and Miss Ann Robertson for a short visit.

Miss Lizzie McIntosh of near Catharpin, who has been confined to her room for the past week suffering from general debility, is now much improved and able to be around again.

Miss Mildred Smith of Atlanta, Ga., is now on a short visit with her parents, Mr. and Mrs. A. W. Smith of near Gainesville.

Mr. and Mrs. Mills of Washington were Sunday guests of Mrs. Judson Hoffman and family last week.

A few weeks ago, during the heavy snow and very cold weather, Mr. W. Holmes Robertson received a shipment of 300 young hogs from the West but owing to snow drifts the shipment could not be moved from Gainesville upon arrival. Part of the herd was sent directly to market and the remainder held until later when they were taken to his farm at Lawn Vale. The herd has since developed pneumonia and are dying in large numbers. The ailment evidently being contracted by reason of the very bad condition of the weather during shipment.

The "open season" is now on for the plow and many there be who are availing themselves of the opportunity of turning up the sod. But, so far, there is one thing missing; a thing that for the past several years had almost become a household word—the tractor. Old Dobbin seems to be the man of the hour just now while the tractor is resting comfortably in the implement shed covered up with a lot of junk which the farmer thinks may be of use some day if he keeps it long enough. Perhaps the tractor will come unto his own later on, but it looks as though "tractor enthusiasm" is not quite as keen as it once was.

Mrs. Mary E. Wilkins has been confined to her bed for the past week suffering from kidney trouble but at present writing is somewhat improved. Her friends have been quite anxious about her condition.

Mr. and Mrs. Tuttle C. Palmer were week-end visitors at the home of Mrs. Palmer's parents, Mr. and Mrs. John Sloper of near Catharpin. Mr. Palmer is stationed on the USS Vega and left on Tuesday to join his ship now located in Southern waters. Mrs. Palmer is remaining longer for a visit with parents and friends.

There is a momentous question bothering our potato planting population which must soon be settled. There are those who think the proper and only time to plant potatoes is on St. Patrick's day but this year St. Pat has chosen to visit us on Sunday, so it is a case of either breaking the Sabbath or breaking tradition; so which shall it be? Well we shall just let the devotees of the idea settle it for themselves. We can't just do everything.

**BIBLE THOUGHT AND PRAYER**  
If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

**REAL PEACE:** Wisdom's ways are ways of pleasantness, and all her paths are peace.—Proverbs 3:17.

**THOUGHTS FOR LENT**

There are always three steps from an old life to an ew one. The mystic called them Negation, Purification, Unification. Paul called them: "Put Off"; "Be Renewed"; "Put On." We must put off, as we go on, so many old things. Some of them are outgrown, some of them are never right at all; useless habits, unfulfilled hopes, the selves we once were, the selves we never should have been. We need as often and as constantly to be renewed in mind and motive—the deep springs of life and action. Then we can begin to put on new hopes, new motives, new goodnesses, new lives—perhaps to begin with only in a desire or a dream or a purpose. But these seemingly slight things may become deeds and characters and destinies. On Ash Wednesday, we stand, as Dante stood, at the foot of these three steps and for us, as for him, the confession of our many faults is the first not easy steps to climb but they are the steps to life.

Prayer: Grant unto us, Our Father, before whom Thou has set the ascending ways of life, the courage and wisdom to put off what we ought not to carry further even though we cherish it dearly. Quicken within us a new spirit and the power to put on, in what we are and what we do, the new nature the divine pattern of Thou hast shown us in Thy Son Jesus Christ, in Whose Name we make our prayer. Amen.  
—Prepared by the Federal Council of Churches of Christ in America.

**GOOD ADVICE**

If money is an important factor in life, why not heed the advice of your banker?

He unhesitatingly urges that you deposit regularly in this friendly bank. It is not how much but how consistently you make deposits that counts.

Why not be prepared to meet the emergencies and opportunities of the future by building up a substantial balance here where your deposits are protected by Federal guarantee.

**ALLISON-HOGSED**

A marriage of interest to a host of friends was that of Miss Kathryn Hogsted of this city and Mr. Paul E. Allison of Manassas, Va., which was solemnized on the morning of Saturday, Feb. 16.

Mr. Allison is a son of Mr. and Mrs. J. M. Allison of Manassas, Va.

Following a motor trip Mr. and Mrs. Allison will make their home in that city, where the bride-groom is employed by the State Highway Commission.—The Gainesville, Eagles, Ga.

On February 23 a reception was given at the home of the groom's parents.

A delicious buffet supper was served during the course of the evening. There were 35 guests present. The bride was the recipient of many beautiful and useful gifts.

Their many friends wish Mr. and Mrs. Allison much happiness and prosperity.

**IN MEMORIAM**

In sad but loving remembrance of my great uncle, Wellington Gordon Bailey, who departed this life six months ago, March 4, 1929.

You are gone but not forgotten, dear uncle,

As you rest beneath the sod, Although you could not speak to me or could not say Good-bye, I hope your thoughts were with me when you were called to die,

A precious one from us has gone, A voice I loved is stilled.

A place is vacant in our home that never will be filled.

**LABOR**

There's a force that moves this world of ours  
And makes it go around,  
That reaches from above the clouds  
Down deep into the ground.

It feeds the fires in rushing trains  
And speeds them on their way;  
It digs great holes in mountainsides  
And paves the state highway.

It plants our crops of corn and rye  
With which to feed the stock;  
It propels huge barges down the bay  
And loads them at the dock.

It turns the wheels in factories  
And provides the world with wares;  
It's the power behind the office desk  
Controlling government cares.

Each one of us must do his part  
To keep this force in sway,  
For labor is the bread of life,  
And with our life we pay.

—A Junior Subscriber.

**BROODING**

Brooding over trouble hatches trouble,  
What are you sitting on, sitting on?  
Change your eggs!

Brooding over love brings love,  
Brooding over hate brings hate.  
So beware!

This is the law of the Universe:  
Chickens come home to roost.  
Have a care!

Better find you a turtle dove's nest  
And steal her eggs away.  
Then sit tight!

**VIRGINIA MAE GORDON**

On Sunday, February 3, Virginia Mae, daughter of Vernon and Margaret Gordon, was born on Sunday, February 17 the angel of death took her sweet spirit to be forever with Jesus. While her stay with us was short, it was long enough to impress us with the gentleness and sweetness of her spirit. It was long enough to leave an aching void in our hearts, a vacancy in our home and a loneliness upon our spirits when she went away.

While we rejoice that she will be spared the pain, the trials and the hardships that often attend this life, we cannot but grieve our loss as we miss seeing her bud into happy girlhood. We further rejoice that Jesus has opened the way for us to go to her when we too shall have crossed the river of death.

I bowed beside the bier  
Of the babe whose life was done;  
And I whispered, "Why, O Father,  
dear,  
Must it end when scarce begun?"

A whisper came as a garland I placed  
Upon the mound at my feet.  
"What would your garland be," it  
said,

"Without the rosebuds sweet?"

"What would the birdnests be  
Without the birdies in May?  
What would the meadows be  
Without the lambs at play?"

"What would this world be  
Without the babies fair?  
What would Heaven be  
Were there no babies there?"

"So here and there are plucked  
Lambs for the Heavenly fold,  
One by one they're called  
Babes to the City of Gold."  
The Family.

**U. S. NOT TO TAX VIRGINIA LIQUOR PROFITS**

Virginia will not have to pay a federal income tax on the profits from its state liquor stores.

This matter of concern to state officials since the internal revenue bureau ruled last year that Oregon must pay an income tax on its liquor-earnings was cleared up Wednesday by a new treasury ruling.

**The Willingness of a Bank to Loan**  
—is limited only by the fundamental rules of good banking practice.  
IN making loans a bank uses primarily the money of others—its depositors. As custodian of this money it is obligated to obtain adequate assurance that its borrowers are responsible and its loans are safe. Furthermore, a large part of a bank's deposits are subject to withdrawal on demand and it must always have ample cash available.  
For this reason preference is given to commercial loans for current business activities, because their cash proceeds are sufficient, within a specified period, to repay the loan. These repayments, together with new deposits, enable the bank to meet the requirements of depositors and to make fresh loans.

## BIG MUSICAL SPLURGE IN "GAY DIVORCEE"

"The Gay Divorcee," adapted for the screen from the international stage hit, is said to be the most ambitious production of the season from a musical standpoint.

Numbers by five celebrated song makers are presented: "Night and Day," by Cole Porter, the hit song from the play; "Don't Let it Bother You," written especially for the screen by Gordon and Revel; "Looking For a Needle in a Haystack," and "The Continental," by Con Conrad and Herb Magidson, and "K-nock Kneez," by Gordon and Revel.

Gordon and Revel wrote music and lyrics for "Broadway Through a Keyhole," "We're Not Dressing," "Here Comes the Bride," and many other screen hits.

Conrad and Magidson wrote the current hit, "Yes Sir I Love Your Daughter." Conrad himself wrote "Memory Lane," "Margy," "Lonesome and Sorry" and the "Champagne Waltz."

The employment of so many brilliant music makers on one production is declared to have established a new precedent.

Fred Astaire, star of the original play, is co-starred in the film with Ginger Rogers.

### MILES OF DRAPES NEEDED TO SCREEN "MME. DU BARRY"

The Warner Bros. studio was swamped with draperies during the production of the comedy drama, "Madame Du Barry," which comes to the Dixie Theatre in Manassas on Monday and Tuesday next week, with Dolores Del Rio in the stellar role.

The eighteenth century was an era of draperies, as Miss Del Rio, Reginald Owen, Verree Teasdale, Osgood Perkins, Victor Jory and other leading members of the cast discovered. Literally miles of draperies were used in the picture.

### LAND BANK'S COLLECTIONS ARE EXCELLENT

Collections of installments on Federal Land Bank loans in the Baltimore district in October amounted to 99 per cent of the maturities during the month, according to a statement received by M. Bruce Whitmore, secretary-treasurer of the Prince William County National Farm Loan Association, from Chas. S. Jackson, president of the Baltimore land bank. During the first ten months of 1934 collections amounted to more than 80 per cent of the maturing land bank loan installments, as compared to 66 per cent during 1933, according to the statement. Pennsylvania, Delaware, Maryland, Virginia, West Virginia and the District of Columbia are included in the Baltimore farm credit or land bank district.

"Payment of loan installments by tobacco, peanut and cotton farmers has been made more promptly than for several years," Mr. Jackson said. "Judging from the prompt collections of loan installments and the higher prices received from the sale of tobacco farms it looks like tobacco farming is again becoming a profitable business. While cotton prices could be better, so far the prices received are well above the cost of production."

"Collections of installments on the first and second mortgage loans made by the Land Bank Commissioner during the past year and a half under the farm debt refinancing program have also been very satisfactory," Mr. Jackson said. "Over 96 per cent of all installments maturing from June 1, 1933 through Oct. 31, 1934 had been collected by the latter date." Mr. Whitmore said that more than \$100,000,000 of Federal land bank and Land Bank Commissioner's loans are now outstanding in the Baltimore district, representing over 44,000 farm mortgage loans.

IT WAS—  
March 12, 1849

That the original act of incorporation was granted to the MUTUAL FIRE INSURANCE COMPANY OF LOUDOUN COUNTY, after a group of leading citizens had gathered to found a new company dedicated to Mutual protection.

Home loving pioneers of a young republic they saw in this mutual undertaking the beginning of a great public service. No doubt it was then agreed that the only dividend to be paid was not to a stockholder, but instead to the policy holder, in the form of cheaper insurance.

In fulfillment of this great ideal the MUTUAL FIRE INSURANCE COMPANY OF LOUDOUN COUNTY has paid to its policy holders since 1851, \$2,741,934.83 in the State of Virginia alone.

The agents of this Company represent a strong mutual company with a background of success through every crisis of the past 85 years.

The fact that American property to the extent of thirty-seven billion dollars is protected in Mutual Companies is an indication of the stability and strength of the Mutual plan.

The MUTUAL FIRE INSURANCE COMPANY OF LOUDOUN COUNTY finished the year 1934 with assets totalling \$579,988.83 (valued at current market).

New insurance written during 1934 was \$802,826.00 and total amount of insurance in force January 1, 1935 was \$29,847,605.

**RELIEF BURDEN IN STATE GROWS**

**Increase of 1.07 in January Rolls over December Reported.**

William A. Smith, director of the VERA, this week asserted Virginia's relief population is mounting steadily.

He said it was caused by the closing of industrial plants in several sections of the state and by poverty of many engaged in the seafood industry.

"There is a marked increase in the cases in counties affected by the sea-

food industry," Smith reported. "A number of industrial plants are closing down here and there in other sections of the State, with the result that there is a marked increase in the number of industrial workers on relief rolls."

"One of the problems with which we are confronted is the fact that many industries are working their employees insufficient hours to provide a living income, although in many instances, these employees are required to report to work daily whether or not work is given them."

Continuance of the depression has struck a hard blow to the Bible industry, the commerce department at Washington reports.
