

FLOWER SHOW PRIZE WINNERS

Mrs. Swavely Wins Premier Award.

The annual flower show and exhibit of the Manassas Woman's Club Garden Section was held on Wednesday of this week, in the Parish Hall here. In spite of the fact that the recent cold weather has retarded somewhat the blooming of many of the flowers, the classes were well filled with entries in forty-six of the forty-nine classes listed.

The iris were particularly beautiful and some very fine specimens displayed in the named classes, while the collections showed great variety and many unusual and rare specimens though of unnamed variety.

Table decorations were another class, which came in for a great deal of comment, as well as the class for living room decorations, which were a new feature this year. Old-fashioned bouquets added another charming touch. The prize for the outstanding exhibit in the show was awarded to an arrangement in this class entered by Mrs. Eli Swavely.

All classes for roses were filled and some unusually fine specimens exhibited here in view of the lateness for the bloom.

The show, which was well attended and a fine success from every standpoint, is rapidly growing to be one of the outstanding shows of this section.

The general chairman was Mrs. Ayleene Guthrie who had the following assistants: Time and place, Mrs. Margaret Lewis; placing flowers, Mrs. Steele; classifying flowers, Mrs. C. C. Lynn; soliciting prizes, Mrs. Eli Swavely; plant sales, Mrs. Lloyd; decorating, Mrs. Guthrie; selecting judges, Mrs. Guthrie; floor, Mrs. Joe Lyon.

RECEIVES APPOINTMENT

HAWES DAVIES

On Monday of this week, Hawes T. Davies, whose appointment was confirmed by the Senate last week, received his Presidential commission as postmaster of Manassas for a four-year term.

MISS THOMPSON EXPLAINS PLAN

Emergency Relief to Help Folks to Help Themselves.

Mrs. Ruth W. Thompson, area administrator for the Virginia Emergency Relief Administration, was in Warrenton, Va., recently, in conference with the Fauquier office. Mrs. Mary T. Daffan, senior case worker, in charge, and stated, great effort is being made to reduce the large number of families in the State of Virginia receiving aid, and quoted William A. Smith, administrator, as saying "not one family will remain on relief this summer, for whom even a temporary job can be found."

Mrs. Thompson further stated, the desire was great to cut Virginia's case load just in half, and urged the families of her area, to realize the set-up was to aid in the rehabilitation of people, and not to function, continuously, as a means of support.

The proposition seems to be a case of "helping those who help themselves" and the organization which aided 9.3 per cent of all the people in the state, during the month of March, is to provide work for those apparently unable to find work for themselves.

Needless to say, it is a man-sized job, an endless proposition, but through well set up relief offices, in the State, the organization has functioned through a long hard winter, with a very large case load, for each office.

At present time, while there is a demand for farm labor, and when the season offers less hardships, the several offices, of Mrs. Thompson's area, will make an increased effort, to get many people off the relief rolls and into positions where they can earn their own support, rather than, take on more, which apparently seems the idea, with the increasing demand, on her county offices.

LEADERSHIP TRAINING CLASS AT ADEN

Beginning Monday night, June 3, and continuing each night throughout the week, a standard leadership training course will be held at Calvary U. B. Church. Rev. J. R. Hinkle, pastor of the United Brethren Church at Riverton, W. Va., will be the instructor. The course taught will be The Life of Christ. The class will be fully accredited by the International Council of Religious Education, and credits will be issued to those completing the required work. Pastors, Sunday school teachers and workers from all churches are not only invited but urged to attend.

CLOSING OF MISSION AT ALL SAINTS

The mission being conducted this week by Father Hasson, S.M., in All Saints Church has been well attended by the Catholic people of Bristow, Gainesville, Minnieville, Hoadly and Manassas. The mission will close on Sunday afternoon at 3:30. At that time there will be a procession of the children of the parish. Miss Jean Akers will read the Act of Dedication to the Blessed Virgin Mary. The subject of Father Hasson's sermon will be "Why Catholics Honor the Blessed Virgin Mary." Immediately following the sermon there will be the solemn renewal of Baptismal Vows, the conferring of the Papal Blessing and Solemn Benediction of the Blessed Sacrament.

MANASSAS WINS THIRD STRAIGHT GAME DEFEATING HERNDON 9 TO 2

Hammersley, Given Excellent Support, Blanks Foe Until Ninth, Allowing But Five Hits.

The Macs journeyed to Herndon Sunday and took the latter nine for a ride on their own toboggan, finishing on the long end of a 9 to 2 score. Rumors were current that the Herndon folks had gotten their fingers on a sizeable stack of alphabetical money and had used it to good advantage lifting the right side of the playing field back in the diamond where it belonged. The rumors proved groundless. Right field, in case you are interested, still slopes away at a dizzy angle and finally gives up and falls in a branch or fades away in a clump of bushes, we forget which.

Hammersley, in his first start of the season, limited the opposing batters to five hits and thanks to a stumbling, falling one-handed stab by Saunders of Bean's long drive, held them runless until the ninth. Herndon filled the bases in this inning on a single, a walk and a hit batsman. One run scored on Robey's scorching grounder on which Brenner made a brilliant back-handed stop close to the middle sack for a force-out and the second run crossed the plate when Vetter bobbled Gardner's grounder. Ross, however, forced Gardner at second, Brenner to Vetter, for the last out of the game leaving the Macs out in front by a comfortable margin.

Brenner sent the Macs into the lead in the third when he laced one of McDaniels' pitches into deep left for a home run, Kite being on base at the time. They picked up another run in the following inning on Saunders' double, an error by Robey and Wurdemann's single. Only two hits were needed to raise the total to six in the sixth. With two out, Saunders reached first when Robey dropped his looper and he came all the way home when Wurdemann's single went through Robey, this being the latter's fourth error. Woodard walked, went to third on Kite's single and scored the third run of the inning on Ross's error. The Macs added two more runs in the next inning on hits by Brenner, Vetter and

Wurdemann and scored their final tally in the eighth on a double by Brenner, a single by Vetter and Bean's error. Wurdemann with four hits and Brenner and Vetter with three each led the locals' attack. Ross collected a pair of hits, one of which was a double, for the losers.

Next Sunday the Macs meet the Ballston nine on Swavely field in what promises to be one of the hardest fought games of the current season. Each team has won three games and are now tied for the lead in the Red Section of the league.

The following list has been announced by Miss Margaret Lynch, chairman of the Poppy Day: Miss Mary Lynch, chairman of poppy sales, and Misses Elizabeth Davies, Elizabeth Lloyd, Shirley Hynson, Jessie Lee Bolding, Edla and Margaret Blakemore, Mildred Parrish, Mary Aileen Cannon, Dorothy Evans, Jean Akers, Julian Bean, Mattie Cannon, Martha Grimes, Dorothy Linton.

FARMERS URGED TO VOTE ON WHEAT REFERENDUM SAT.

All wheat farmers of the county are asked to vote on the question of whether they are in favor of a wheat adjustment program to follow the present one, which expires at the end of this year. The recorded vote needs to be heavy enough to indicate clearly whether or not wheat producers want to continue with the program.

Polling places will be open Saturday, May 25, from 9:00 a.m. to 4:00 p.m. at the following places:

Alvey's Store, Catharpin, for Catharpin Community, Chas. R. McDonald, chairman.

Bank of Haymarket, for Haymarket Community, W. M. Jordan, chairman.

Nokesville Post Office, for Brentsville District, J. A. Hooker, chairman. Manassas Post Office, Assembly Room, for Manassas District, W. M. Johnson, chairman.

Because of contract signers being widely separated in the county subdivision comprised of Occoquan, Coles and Dumfries Districts, of which J. L. Dawson is chairman, ballots have been mailed to signers in those districts. A ballot box will be provided at the Assembly Room of the Manassas Post Office where non-signers from those districts may cast their ballots Saturday.

This is a question of importance to all wheat growers, who are urged by Mr. Charles R. McDonald, chairman of the Prince William Wheat Production Control Association, to vote either yes or no on the question Saturday.

BENNETT PUPILS YOUTHFUL STARS

Operetta Is Pleasing Success.

The Bennett School pupils last week introduced a species of light opera to the friends and relatives of the pupils which was extremely delightful.

The leading players were Marvin Gillum as "Boy Blue" and Molly Leachman as his sweetheart.

The theme of the play was the famous sleepyhead proclivities of Boy Blue. The wonderful exploits he had on his dreamland fishing trip and his sleep resisting ability formed a charming setting for the play.

There were six choruses; the Hayfield children consisting of Molly Leachman, Marvin Gillum, Shirley Davis, Billy Blakemore, Betty Jean Harvey, Frank Parrish, Helen Slusher, Harold Lion, Elizabeth Merchant, Robert Robinson, Dorothy Breeden, Roger Cross, Jr., Lelia Dowell, Calmen Bolding, Virginia Bradshaw, Tommy Athey, Marie Bauserman and Avery Carter.

The fireflies were William Young, Everett Jones, Jack Leachman, Oden Breeden, Bobbie Lion, Marvin Albrite, Junior Roseberry, Sidney Park, John Rollins, Harold Hersch, Clarkson Ritenour, Wallace Bolding, Frankie Papa, Joe Lonas, and Robert Collins.

The echo elves were Donna Marie Harris, Gloria Ann Herndon, Christine Miller, Margaret Mays, Mildred Cross, Norma Albrite, Roberta Sadd, Mary Leonard, Dorothy Stinnette, Jany Mauck, Theresa Hummer, Fannie Mae Turner, Mary Alice Slusher.

The musical frogs were Tomyns Monaghan, Glen Alvin Slusher, Johnny Bigelow, John Broadus, Caton Merchant, Dicky Haydon, Robert Swank, C. H. Wine and Billy Mock.

The last named group performed especially natural. The Katy-She-Dids were Nancy Leachman, Aileen Miller, Frances White and Helen Kane. The Katy-She-Dids were Mary Mason Davis, Virginia Paps, Wilma Kline, and Torrence Johnson.

The interlude between acts consisted of two rhythm band selections. The first was the Stein Song by Miss Polen's room and the second by Miss Ethel Robinson's first grade. The tiny handmaster, little Miss Betty Jane Alexander, was so perfect in her movements and self-possession in her technical attitude that the audience demanded an encore.

KIWANIS CLUB TO BE HOSTS TO GRADS

As announced, Mr. Otis O. Holler, president of the Prince William Game and Fish Protective-Association, was the guest speaker of the Kiwanis Club last Friday evening.

Mr. Holler's talk was out of the usual line of entertaining features and was very original and interesting, his defense of the fisherman being particularly humorous. Mr. Holler also worked in some poetry after explaining, upon inquiry, that Ed Conner did not write it.

His speech was so well received that one might expect most of the personnel of the club to be seen fishing in the near future.

There were a number of miscellaneous discussions, all directed at some plan to raise money for the underprivileged children.

Tomorrow evening the club will have as its guests the graduation class of Manassas High School and the faculty. They will meet at the Prince William Hotel as usual.

PR. WM. BOY AWARDED HIGH 4-H CLUB HONOR

Egbert W. Thompson, Jr., Woodbridge, Va., was recently chosen by the State 4-H Club Department as one of the two boys to represent Virginia at the 1935 National 4-H Club Camp, to be held June 13 to 19 in Washington, D. C.

Chosen by the extension service of their state college of agriculture, two boys and two girls from each of the forty-eight states are awarded this highest honor which can come to 4-H club members.

The 1935 camp, ninth annual event of its kind, will be pitched on the grounds of the United States Department of Agriculture. From "Reveille" each morning until "Taps" each night, the camp will be the "4-H Crossroads of the Country" where New Hampshire and Texas, Florida and Washington, Mississippi and North Dakota will exchange viewpoints on 4-H procedure and accomplishment.

To these young folks from the farms, representatives of 925,000 4-H club members, the Department of Agriculture will act as host.

CATHARPIN

We are wondering if any one ever heard of a "chain letter"? If you have not, you are in a mighty good position to do so. According to reports the West is so overrun with them that the Post Offices are running many hours behind in making deliveries. They range all the way from 10 cents to 10 dollars and sometimes the crook who invents them gets away with some money before being caught; the money of course coming from the one foolish enough to pay any attention to them. If we were advising you we would say that the quicker you get yours in the stove the better it will be for all concerned. We should always remember that we can not get things for nothing; they must be paid for, either in cash, labor or in jail.

Mrs. E. S. Clary of Lawrenceville, Va., is on a two weeks' vacation visit with her sister, Mrs. J. W. Alvey, of Catharpin.

Mr. T. O. Latham's big truck went down Catharpin way on Friday of last week with 21 large porkers, on its way from Snow Hill to the Baltimore markets, all of them weighing better than 200 pounds. The price level for the day was around 10 cents. There is no use talking; those who have something to sell from the farm can do so to good advantage.

Corn planting is over thruout this section and farmers were busy last week disking, harrowing or cultivating to break the crust formed by recent rains. The cool weather has also been detrimental to our roasting ear prospects.

Mrs. C. F. Brower of Lone Oak is in Purcellville this week visiting her son, C. F. Brower, jr., and family of that city.

The published minutes of the regular meetings of the Board of Supervisors each month is rapidly becoming a matter of general interest to the people, who, before such publications, knew nothing whatsoever about the business and financial interests of the county. The Board of Supervisors, being the highest constituted authority in the county, naturally appeals to the people direct, and its acts are the acts of the people's representatives, and the expense of publishing same is as legitimate as any other item in the budget; in fact, as is well known, an employee's first duty is to report to his employer all and sundry the things pertaining to the business he transacts, so the Board of Supervisors, being the people's agent, should keep them informed as to all official acts.

For a long time no such publications were made, and naturally, people, not knowing anything about what was going on at the county seat, forgot that such a place existed until perhaps a murder trial was in prospect, or some one from his own "Home Town" was being tried for bootlegging. This ignorance on the part of Mr. and Mrs. John Citizen as to their county's business has been happily obviated by the present Board of Supervisors by the full and complete publication of all its acts. For this many are thankful.

If the board could only hear some of the "Quilting Bee" conversations it would be more fully understood this appreciation. It is usually supposed that quilting-frame conversations mostly concern pickles, bed-ticks, goose feathers, applesauce and gossip, all of which they do know how to do and do it; but as they themselves say, "the men are not one whit better." So there you are; there's no use fighting over that. But, to confine them to these subjects alone, is certainly a mistake. They are smart enough to know a good thing when they see it and to appreciate it, and when their public officials get their appreciation, something has been accomplished. They belong to that class of women known as "mothers" who were so highly honored in all the churches on Mother's Day, and there are among them some mighty good thinkers. They do not think in terms of "politics" but of "policy" and can safely be trusted with all details relative to county, State or National Government.

Mr. and Mrs. J. S. Tribble and children of Tecumseh were Oakwood callers on Sunday evening last.

Mr. and Mrs. L. J. Pattie and Mr. and Mrs. Edward Smith spent Sunday in the Capital City visiting at the home of Mr. and Mrs. Raymond Briggs.

Mr. and Mrs. Raymond Fletcher of arrenton, Mrs. Lewis Corbin of Catlett, and Mr. and Mrs. Douglass McIntosh of Hickory Grove were recent visitors to friends in the community.

As per announcement county agent F. D. Cox attended the farmers' meeting at Catharpin on Monday night and distributed all forms and regulations governing the election to be held on Saturday, the 25th, when all wheat reduction signers may have an opportunity to express themselves as to the proposed extension of the present program for another four years. The Agriculture Department desires that the wheat growers themselves shall decide whether or not they wish to continue the present arrangement. All signers have received due notice and it is hoped every one will vote yes or no as seemeth to him best so that the Department may know your wishes.

**OCCOQUAN GRAYS
BLANK FRANCONIA**

It took the Occoquan Grays just one hour and twenty-three minutes to hand Franconia 9 successive "goose eggs" and shut them out, in a thrilling game Sunday on the Grays' diamond.

Wade Breen pitched a good ball game, allowing just three Texas League singles over the nine-inning stretch. The Grays collected 7 hits. Manager Marshall collected three of these. He doubled in the fourth inning driving in two runs and what proved to be enough to win the game. Only once did Franconia even threaten. A single, error and an infield out placed runners on second and third with two gone. The next batter flied out to Reid in left field to end the threat.

Cardwell pitched well for the losers but his team couldn't produce runs, and that is what still wins ball games. Only five balls went beyond the Gray's infield.

This is the first shutout registered in the "Old Dominion League," and we expect a record in regard to playing time.

The Grays have now won two and lost two in the league. Sunday they travel to Bailey's Cross Roads for what promises to be the hardest-fought game as yet, with the strong Va. White Sox.

The Grays are proud of the public's attendance and support and are doing their best to give it good ball games. Large crowds are attending and that helps your team along. Keep coming!

CHRIST FOR ALL—ALL FOR CHRIST
The Word of God
 BIBLE THOUGHT AND PRAYER

GOD'S GENEROSITY: O God, let all the people praise thee. Then shall the earth yield her increase; and God shall bless us. And all the ends of the earth shall fear him.—Psalm 67: 5-7.

SPANK OR NOT?

In respect to spanking, the worm seems to be turning—said worm being the parent. The last generation of children, for the most part, have had their way. And if you believe some critics, the results speak for themselves. So in child culture, as in government, the human race seems to be turning again to force.

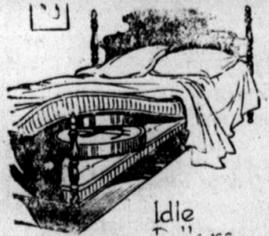

"I believe in the good, old-fashioned spanking by the parent's bare hands," says one authority whose specialty is educating parents. Another, addressing the Illinois Federation of Women's Clubs, declares: "Children needs less coddling and more lickings. The woodshed may be gone, but we have the garage, and it is too little used for chastisement of the erring child."

Gentler voices, though, still make themselves heard. According to an expert of the University of Minnesota, "it depends entirely on the child and on the parents." Which seems to mean, "Let conscience be your guide." Or maybe common sense.

At a recent meeting of the American Psychiatric Association, it was urged that children's "full personality" can only be developed by letting them have their way, even when they want to use a hatchet on the piano. Such a theory may lead to awkward social complications. Suppose your child wants to use the hatchet on your neighbor's piano?

ORATORICAL CONTEST AT INDUSTRIAL SCHOOL
 On Wednesday evening a declamation contest was held at the Manassas Industrial School. Mr. W. H. Lamb, editor of The Manassas Journal, acted as spokesman for the judges and presented the prizes.

A representative of each class competed for honors in a spirited contest which was much enjoyed by an appreciative audience. The school was highly complimented upon its splendid work. The winners were: first, Miss Mollie Evans; second, Miss Theresa Wells; third, Miss Mary Gaskins; and fourth, Miss Gladys Williams.

A CORRECTION

In our issue of last week upon information kindly sent us from a Montana newspaper on the death of Mr. C. B. Wilson, an error caused the notice to read that his surviving wife was Miss Janie Hulfish, "daughter of G. A. Hutchison." The statement should have read "daughter of G. A. Hulfish." The late Mr. G. A. Hulfish lived many years ago at Haymarket and was a well-known and highly-esteemed citizen of Prince William County.

TOURIST BUREAU FOR VIRGINIA ASSURED

The State Commission on Conservation and Development has consummated definite plans to establish a Tourist Bureau in Washington. Two locations are available, both situated at points where many thousand visitors pass each day seeking travel information.

Chairman Wilbur C. Hall spent several days this week in Washington conferring with the most competent traffic heads of the Capital City relative to the location and establishment of this bureau.

A larger number of tourists come to the National Capital than any other city in the United States. Many of these visitors would tour Virginia if they had proper information, to render which will be the principal service of the bureau to be established by the State Commission on Conservation and Development.

The literature distributed and the information given out will cover the State completely, historically, scenically and recreationally, thereby enabling the tourists to map out intelligently their travels through the Old Dominion.

The effective advertising done by the Commission and its large distribution of publications through the past several months have materially

increased the number of visitors to the State. Inquiries have been received from every section of the Nation, and the large number of requests from the leading travel bureaux of many states for literature on Virginia have been supplied by the Commission.

The Commission on Conservation and Development will meet in the next few days, and will decide definitely as to the location and set-up of the bureau, which in informed circles is regarded as a major move for the better advertising of the State.

4TH DIST. U. D. C. UNVEIL MARKER

Ladies Meet in Historic Fairfax Courthouse.

On Thursday evening the members of the twenty-six chapters of the north division of the U. D. C. gathered in the Historic Court House at Fairfax for the annual meeting of the Fourth District.

Mrs. Robert A. Hutchison, chairman of the district, presided and the leading speaker of the evening, Honorable R. Walton Moore, was introduced with brief remarks by State Senator John W. Rust who himself had previously made the address of welcome. Mrs. Hutchison, who made the response to the speech of welcome; Mrs. Severn Nottingham, State president, and Mrs. Bessie Cary also spoke. The old court house was attractively decorated with flowers and there was a profusion of Confederate flags of all sizes.

Mr. Moore's talk largely dwelt on the War Between the States as bearing on northern Virginia and Fairfax County in particular. He reminded the group that Virginia was pro Union and in the convention only one delegate in northern Virginia was outspoken a secessionist, but that when the call for troops came there was little choice left. A large part of Mr. Moore's talk was devoted to the exploits of John Singleton Mosby, the great raider, and the creator of "Mosby's Confederacy."

The session on Friday was devoted to routine discussion which was interrupted at noon by a most delicious repast served by the young ladies of the Fairfax Chapter. Later in the day a Confederate marker was unveiled in the Confederate lot in the Fairfax cemetery. Mayor Lindsay Carne, of Fairfax, presided and little Miss Waring drew the unveiling cords.

EDGAR SEYMOUR BROCKETT

Mr. Edgar Seymour Brockett died suddenly from a heart attack Thursday night, May 16, at his home, "Twin Oaks," Woodbridge, Va.

Mr. Brockett was born in Petersburg, February 2, 1859. He was the son of the late Major Edgar Longdon Brockett and Georgeanna Catherine Seymour.

His earlier years, after the War Between the States, were spent in Alexandria. When a young man he lived in New Orleans and northern Louisiana for many years. Later he returned to Alexandria, where he married Florence Remington and where he was engaged in business until he moved to Prince William County in 1905. He has been a resident of this county for the past thirty years.

Mr. Brockett has always taken a deep interest in the affairs of Prince William County. For seventeen years he served as a faithful and loyal member of the Prince William County School Board, from which he resigned in 1931, owing to ill health. He was a member of the Democratic Committee of Prince William County up to the time of his death.

Funeral services were conducted on May 18 at Pohick Church by the Alexandria Washington Masonic Lodge, to which he had belonged for nearly forty years, and the Occoquan Lodge of which he was a charter member.

Mr. Brockett is survived by his widow, Florence Remington Brockett; one son, Edgar Longdon of Atlanta; three daughters, Virginia of Madison, Georgie and Burnetta of Woodbridge, and one granddaughter of Atlanta.

THE WHEAT REFERENDUM

The program of procedures should be known by all wheat growers, therefore it will be well to clip this article for reference. Polling places in districts will be published in next week's local newspapers.

1. Lists of all potential wheat growers are being prepared for each magisterial district. Lists will contain names and addresses of all contract signers, and all non-signers, so that committeemen in charge of polling places will know exactly how to record ballots.

2. Both landlords and tenants may vote, but in partnership cases, only one member may vote.

3. Absentee producers may have

ballots mailed to them in advance of the voting by notifying the County Agent in advance.

4. May 25 is election day. Polling places will be open from 9 a.m. to 8 p.m.

5. Each potential wheat grower will be sent a copy of Wheat Circular No. 1, "Facts About Wheat," and a circular letter naming polling places, not later than May 20.

6. The Community Committeemen for all communities will be called to the county seat by May 15 to receive final instructions for conducting the referendum.

7. The purpose of the referendum is to determine from farmers themselves, if they want a wheat production adjustment program after 1935.

8. Here is a little table that may well be considered:
 FROM 1929 to 1933
 Prices Declined — Agricultural Products, 60%; Machinery for Farms 6%.

Production Declined — Agricultural Products, 6%; Machinery for Farms, 63%.

When the wheat acreage reduction program became effective, wheat rose to 85c, after being as low as 43c before the program became effective. This applies to Virginia.

INTERESTING ADDRESSES AT MANASSAS HIGH SCHOOL

Two valuable assembly addresses have been given lately at the high school by Mr. Lamb, editor of the "Manassas Journal," and Mr. Love of the high school department of agriculture.

Mr. Lamb, who was for a number of years in the government forest service, took as his theme the value and importance of the country's forests. He urged the necessity of cultivating a wider knowledge and a greater love of trees in the public mind. Their value as one of the major economic products of the country, he said, was more than balanced by their immense importance in regulating rainfall, conserving moisture in the soil and preventing soil erosion. The rest and refreshment given by the beauty of trees was also no small factor in the charm and attractiveness of the countryside.

Mr. Love spoke along similar conservation lines but with special refer-

ence to the important part played by the profession of agriculture in the conservation of the country's resources. He referred to the great need, first for agricultural statesmen—men of enough training and vision to do the large scale planning, now so necessary to check the present appalling waste of the country's forest and minerals, animal life and fertile soils. Next there was need for the agricultural engineer for the construction work necessary in this conservation policy. Again there was need for the trained agricultural worker in the conservation work of the government experiment station, need also for him as manager of the

large scale farm, and, above all, need for time in the successful carrying on of the average home farm.

In addition to the excellent assembly talks, many other activities have been going on at the high school in the last two weeks. Open House Day was held on May 1 by the home economics department, in which the Manassas and Nokesville classes exchanged visits, and both classes entertained their parents at luncheon in Manassas. An extremely interesting feature of the day was the exhibit in several of the homes of really beautiful specimens of home-made furniture—likethe fine crafts work of the medieval guilds.

There are 15,000 Banks

—composing the present American banking structure.

THEY are neighborly banks—their interests and their activities are based on those of the citizens of their Community.

They have intimate, first-hand knowledge of local affairs, are responsive to local financial needs and are diligent to aid in maintaining sound local business conditions.

In addition to this local touch which is characteristic of American banking, these 15,000 banks are bound together by many ties of common practices and voluntary working relationships and associations.

Through these means they interchange information and experiences that promote and broaden scientific banking progress and render service reaching beyond their own localities.

This bank participates fully in the field of inter-bank co-operation.

And an affidavit having been made and filed according to law that the defendant, J. E. Cobb, is not a resident of the State of Virginia, and that his last known address was Henderson, North Carolina, and an application having been duly made for this order of publication;

It is, therefore, ordered that the said Defendant, J. E. Cobb, do appear here within ten days after due publication of this order and do what is necessary to protect his interests in this suit.

It is further ordered that a copy of this order be published once a week, for four consecutive weeks, in The Manassas Journal, a newspaper published and circulated in the aforesaid County; a copy mailed by the Clerk of this Court, by registered mail, to the aforesaid defendant at the address given in the said affidavit, and a copy posted at the front door of the courthouse of the said County on or before the 27th day of May, 1935; that being the first Rule Day after this order was entered.

BROAD RUN

One summer's night I stood alone,
 On the bridge that spans Broad Run,
 And gazed on the slowly rising moon,
 As she her nightly course begun.

Above the eastern hills she soared,
 In all her queenly majesty;
 And on the sleeping landscape poured
 Her mellow light of mystery.

I leaned on the rail of that old bridge
 And gazed on the stream below;
 Where the moonlight capped each
 wavelet's ridge
 With a crown of silvery glow.

No sound was heard save the gurgling
 voice
 Of the water moving along,
 Dashing the rocks that lie in its
 course—
 When it breaks into lilting song.

Along the banks the alders grow,
 And stately elms and sycamores,
 Spread their protecting limbs, and
 throw
 Their shadows o'er the moss grown
 shores.

Some distance farther up the stream,
 Where hills arise on either side;
 A ledge of rugged rocks was seen,
 O'er which the sparkling waters
 glide.

I watched the changeful shadows
 play,
 On the water's dimpled face;
 Where the water lilies broad leaves
 sway,
 With a lythe and gentle grace.

And I looked away o'er the meadow
 green,
 To the village near the hill
 Where the old gray mill is plainly
 seen

In the moonlight, now so still.
 The blacksmith shop on the corner
 stands,

Where it has for many a day;
 Beneath the sycamore whose limbs
 expand
 Above the roof, where the shadows
 play.

The church on the hilltop stands
 alone,
 As a sentinel still on guard;
 Keeping watch o'er the graves of
 those now gone
 Who sleep in the old churchyard.

The friends I knew in other years,
 Years long since passed away;
 And mine eyes are dimmed with sil-
 lent tears
 As memories backward stray.

Oh, the oftentimes we gathered there,
 As the path of life we trod;
 And voices joined in song and pray-
 er,
 In the hallowed house of God.

G. C. WRIGHT
This community was shocked and grieved last Monday, May 13, when news came that Mr. G. C. Wright of Kopp, Prince William County, and son of the late E. T. and Julia Murphy Wright, had been called to that better land.
His funeral took place at Belle Haven Church last Wednesday, Rev. J. M. Taylor officiating. Interment was in the family burying ground in Stafford County.
Pallbearers were Elmer DeWitt, Thomas Woolfenden, Lewis Southard, Luther Carter, Walter Woolfenden and Mr. Vaughn.
He leaves a widow who was Miss Nettie Heflin of Stafford County and two daughters, Virginia and Letty Wright, besides many relatives and a host of friends to mourn their loss in the passing of this man—always ready and willing to lend a helping hand to neighbor and friend. Now he has his reward.
He had been called upon to assist two ladies from Manassas out of a mire, and as usual "Clevy" went willingly to assist; but his summons had come and he fell while at the work.
This community extends its sympathy to his family in this hour of sadness.

BUCKLAND

We are very sorry to report that Mrs. E. B. Carter has not been so well since her return home.

Mrs. Ludwell Glascock and Mrs. Welton Graham accompanied Mrs. Edward Downs, of New Baltimore, to Warrenton on Friday, to attend the May Day pageant, presented by the pupils of Warrenton school which was most beautifully rendered and which received much comment.

Mr. Alvin Fowler has accepted a position with the Peoples Drug Stores in Washington, and took up his new duties last week.

Miss Mary Lee was a guest of relatives here recently.

Mrs. J. T. Fletcher, of Fairfax, formerly a resident of Buckland, accompanied by relatives, visited Mr. and Mrs. Silas Russell on Sunday.

Miss Mary Ella Graham, who spent the past week with relatives in Washington, returned home on Saturday.

News was received here this week that Ray Henry, small grandson of Mr. and Mrs. Ludwell Glascock, of this place, is seriously ill at his home in Hopewell, Va., of scarlet fever, and little hope is held for his recovery.

Mrs. J. Welton Graham and son, Junior, were Washington shoppers on Saturday.

MISS LUCY F. BERKELEY

In the death of Miss Lucy Fontaine Berkeley, which took place in Washington, D. C., on Tuesday, May 7, Prince William County, lost one of its best and most valued representatives.

Miss Berkeley's father was Col. Edmund Berkeley of Evergreen, one of our most honored veterans of the War Between the States, and her interest in his military record led to the founding of the Eighth Virginia Regiment Chapter, Daughters of the Confederacy, which made and kept her its president for more than thirty years, during which time she held the chapter together by her unflinching sympathy, tact and good judgment, as well as by the love which each and every member felt for her.

During this time was built the Confederate Memorial Hall at Hickory Grove, which all feel to be not only a help but an honor to the neighborhood, and the chapter has played a most creditable part in many ways. Though the latter part of Miss Berkeley's life was spent largely away from her old country home her heart remained with these old friends who now deeply deplore her loss.

Miss Berkeley was a lady of the Old School, and most exemplary in all the relations of life. She was for many years one of the most active members of St. Paul's Episcopal Church, Haymarket, and was laid to rest in its beautiful old churchyard on Friday, May 10. Many relatives and friends were present, and many lovely flowers testified their affection. After life's long and faithful service she sleeps well!

The Eighth Va. Regt. Chapter lately sustained another loss in the death of Mrs. Ludwell Hutchison, long associated in the good work with "Miss Lucy." In the memory of these two we will find renewed inspiration.

A. M. Ewell, Historian,
Eighth Va. Regt. Chapter U.D.C.

PIEDMONT CONVOCATION

The 134th semi-annual meeting of the Piedmont Convocation was held in St. Paul's Church, Haymarket, on Tuesday, May 7, beginning with a celebration of holy communion at 10 a.m.

At 11:15 the dean, the Rev. H. J. Miller, opened the first business session with appropriate prayers. The treasurer, the Rev. P. F. Hall, reported a comfortable balance from which assistance was given to the Rappahannock Summer School and two scholarships for the V. P. I. summer school for rural ministers. The Rev. Paul D. Bowden reported a

heavy deficit in funds of the Diocesan Missionary Society which created a serious prospect for this important work in the near future. The two-year term of the Rev. H. J. Miller as dean having expired, the Rev. H. A. Donovan was elected to that office. The Rev. W. F. Carpenter as secretary and the Rev. P. F. Hall as treasurer were re-elected.

At 12:20 the Rev. Malcolm S. Taylor, D.D., led a discussion on "A Plan for Christian Living" based on Christ's two-fold summary of the law with "Close to Christ and Forward with Him" as a motto.

At 1 p.m. the members adjourned to the parish hall where the ladies served a delicious and generous luncheon.

Reassembling for business at 2 p.m., many important items were attended to after which the dean handed the meeting over to the field board. Dr. Osborne, the chairman, presided and called upon Bishop Tucker who gave a most interesting address. The Bishop was followed by Mr. Bernard Chamberlain, a layman from St. Paul's Memorial Church, Charlottesville.

The concluding feature was a very illuminating address by Dr. Taylor on the Holy Spirit.

The attendance was gratifying and all agreed that the meeting was a decided success.

This map does not pretend to locate the SOURCES of farm products, except in a general way.

"I foresee the time when industry shall no longer denude the forests which require generations to mature, nor use up the mines which were ages in making, but shall draw its raw material largely from the annual produce of the fields... I am convinced that we shall be able to get out of yearly crops most of the basic materials which we now get from forest and mine."

Henry Ford

THE map above tells only part of the story—the little-known story of the inter-relation of the Ford V-8 car and the farm.

The figures in the map are based on what will be used this year if the Ford Motor Company reaches its intended production of 1,000,000 cars and trucks.

- WOOL goes into upholstery, floor coverings, lubricants and anti-rust preparations.
- LEATHER goes into upholstery—and in addition, glues are made from cow hide, and from cow's milk... Other parts of cattle, through other processes, yield stearic acid, greases, glycerine (for shock absorbers and body enamel) and soap chips (used in washing machined parts and bodies before painting).
- HOGS furnish lard oil, oleic acid and brush bristles.
- GOAT'S HAIR (Mohair) goes into upholstery.
- BEEWAX goes into electrical imbedding compounds.

- COTTON goes into tires, batting, cloth, battery box, timing gears, brake linings and, not least important, into Safety Glass. (Every Ford V-8 car built this year will have Safety Glass in every window, at no extra cost to the car buyer... Cotton, in the form of cellulose acetate, is the central part between the two sheets of glass that make up every finished sheet of Safety Glass.)
- CORN yields butyl alcohol (for enamel finishes and other purposes) and starch (for stiffening cotton linings).
- LINSEED OIL is the basis for paint—is used in foundry cores—and is one of the ingredients of the beautiful, synthetic baked enamel finish on a Ford V-8.
- SUGAR CANE yields molasses for solvents, anti-freeze and shock absorber fluids.
- CASTOR OIL goes into lacquers and artificial

leather suitable for rumble seats, where real leather would be damaged by exposure to the weather.

TUNG OIL is part of the top material used in Ford cars and is also used in brake linings.

TURPENTINE is used in paints, adhesives and solvents.

SOY BEANS are used in making cores for metal castings in our foundry and are also an important part of the baked enamel finish of a Ford V-8 and of the plastic knobs and buttons in the car's interior.

LUMBER is used for packing purposes. It is not used for any structural part of the Ford car, which has a welded, all-steel body, reinforced with steel, for maximum safety.
