POLITICS HOLD LOCAL STAGE

Candidates Are Rounding Up Their Campaigns.

Political activities in Prince William County are getting to a decidedly more interesting stage than efforts of the early season would have foreshadowed. In the past two weeks various candidates have made their appearance on speakers' platforms and stated their cases directly to the voting public.

Among the county officials, Sheriff Kerlin is the only one receiving opposition. In the several instances on which he has appeared he has spoken with considerable feeling and evident sincerity in urging his retention in office. His chief defense has been the conduct of his office, especially in the past term, giving much praise to his deputies. In opposition, Mr. Tom Russell has confined himself to very brief statements. His progress in the campaign appears to be satisfactory to him and he is pushing an active canvass. Mr. Kerlin's friends, particularly in the north and western section of the county, are registering very little concern over the situation expressing the confident opinion that Mr. Kerlin will run fully as well as he did four years ago.

In the delegates' contest Mr. Herring is defending the attacks of his adversaries very capably, citing his legislative record in detail and specifying some of the things he intends to initiate and carry on in the next session of the Assembly.

The most dramatic feature of the campaign occurred Saturday night at Brentsville in Mr. Herring's open charge that Senator Rust is interfering in behalf of his opponent, Mr. Moncure. Mr. Rust attempted to answer him from the crowd but was called out of order by the presiding officer.

Mr. Moncure is directing the whole force of his attack upon Stafford's claims for the delegate this time. In reply to that on Saturday evening Mr. Herring cited a number of leaders in Stafford County, who are supporting him, naming practically all of them. This apparently excited the resentment of Mr. Moncure to no little extent and he became quite melodramatic.

Mr. Reid has come into the county in the past two weeks and promoted a decidedly strenuous campaign which has had a somewhat disconcerting effect on Senator Rust's backers.

Senator Rust points to the fact that he is a Prince William man of several generations standing and lays claim to the allegiance of the voters on this point. He has been rather sarcastic in reference to Mr. Reid's origin, that gentleman admitting that he is a native Irishman who came to this county with his parents at the age of five years.

Mr. Painter, a candidate of seemingly doubtful political background, but no little resourcefulness in his thought and speech, speaking at Brentsville Saturday night, declared that he had nine uncles in the Confederate Army, several of them with Stonewall Jackson, but that he felt that if this be the only claim to preference, politically, both he and Mr. Rust should retire in favor of Mr. Reid.

Mr. Rust, who carried Prince William County by a very heavy majority in 1931, feels confident of repeating his victory here but there is no denying the fact that Mr. Reid will receive a considerable vote, the proportion of which is yet doubtful. The latter's activities have echoed in other parts of the district and stamp him as a dangerous contender.

One of the most harmful factors to Senator Rust's candidacy is the impression which has resulted from the public speeches and that is the distinct idea that he is not in harmony with his delegates. Senator Rust has vigorously resented this in his remarks on every public occasion.

Mr. Reid has declared in favor of rural electrification, social securities, legislation and in a fairer distribution of funds for schools and secondary roads.

The spectre of the sales tax has also come into the open and Senator Rust has denied that he is in favor of such legislation although Mr. Reid declares that Senator Rust has been an advocate and did nothing to prevent a favorable report on the subject while he was a member of the legislative commission that made its recommendations to the Assembly, which report Mr. Reid states was nothing but sales tax propaganda.

JULY W.C.T.U. MEETING

The Woman's Christian Temperance Union will meet with Mrs. Bertha Embrey at 339 West street, Wednesday, July 24, at 3 p.m. Each member should try to be present and if you have not paid your dues this year please have them in by this meeting. Reports all have to be in by September. Plans for the coming year will be discussed and a report from the institute given. The speakers at the institute held in the Presbyterian Church July 10 were Mr. and Mrs. Hoge of Lincoln and Mrs. Shepherd and Mrs. Strickler of Norfolk, also the ten ministers of different denominations who were there during the day. They all brought helpful, instructive and timely messages.

INSTITUTE OF RURAL AFFAIRS

Interesting Program at Blacksburg, July 30-Aug. 1.

A different and probably more interesting type of program is offered those attending the annual Institute of Rural Affairs at Blacksburg from July 30 thru August 1. The central theme of the program this year will be "Adjustments Affecting Rural Life."

Some of the topics which will be discussed by national leaders are "Population Trends Affecting Agriculture"; "The Effect of Recent Monetary Changes on the Income of Farmers"; "The Future of Agriculture in the United States"; "Future Adjustments of the Farm Home"; "An Appraisal of the Agricultural Adjustment Program," and "The Importance of Foreign Markets to the Farmers of the United States."

As in past years, the afternoons will be given to tours of inspection of experimental work at the V. P. I. Experiment Farm and poultry, dairy, horticulture, crops and other special programs for both men and women.

The Harrisonburg band, the White Top Mountain Musicians and other organizations have been engaged for the session. A visit to Mountain Lake is usually made by those attending the Institute.

Arrangements have been made for those attending to use the military and non-military dormitories. Those taking their own sheets, blankets, etc., may secure lodging for the entire period of the institute for the nominal charge of \$1.00. Furnished rooms, when reserved by writing to John R. Hutcheson, Blacksburg, Va., are available for 50 cents per day. Meals will be served at the V. P. I. dining hall for 35c each or \$1.00 per day.

Full information as to quarters, meals, place of programs, etc., may be obtained at the registration booth on the V. P. I. campus, upon arrival at Blacksburg.

CHURCH BENEFIT AT BETHEL

A chicken dinner will be held at Bethel Church on Saturday, July 27, beginning at 6 o'clock. A special musical program has been arranged and ice cream and other refreshments will be on sale during the evening.

Benefits derived will go to the church. Everyone has a cordial invitation to come and enjoy a pleasant evening.

MAN STUNG BY BEE, STEPS ON SNAKE, BITTEN BY DOG

Nathan Brown, Carroll County, Ga., farmer, was stung by a bumblebee. Writing in pain, he dashed to his house for first aid.

On the way, he ran across a green snake, which bit him on his foot. Then he headed for town for medical attention. On the way, a bulldog bit him.

There is considerable tension in the air, however, and charges of any nature may be expected from any of the candidates this evening.

Mr. Reid declares that he has information that Senator Rust failed to vote on numerous school bills while actually present in the legislature and also on bills that prohibited the sale in the open market of convict goods produced in other states.

Senator Rust's greatest concern, apparently, seems to be that he may be drawn into the Moncure-Herring contest. This evening's meeting will determine the outcome of that feature.

The vote in Prince William will probably reach 1800 and possibly 2,000.

FALLS CHURCH TAKES TWELVE-INNING GAME FROM MACS BY SCORE OF 2 TO 1

Lyons Scatters Thirteen Mac Hits to Best Tennant in Brilliant Pitchers' Battle.

After twelve innings of the most exciting baseball of the current season, the Macs finally succumbed to the Falls Church nine. Big Jim Tennant, the Macs' latest acquisition, pitched in brilliant fashion and only the worse kind of breaks prevented him from sending the local team off to a flying start for the second half of the season. He allowed but five hits, his fast ball being particularly effective during the early innings, eleven of the opposing batters going down on strikes.

Lyons, given excellent support, was particularly effective in the pinches. Although the Macs collected thirteen hits, including three doubles, it was not until the ninth that they were able to score.

To Tommy Kite fell the role of both hero and goat. Charged with three errors of commission and one of omission, he had the misfortune to commit one of each variety in the seventh giving Falls Church its first run. In the seventh with one out he bobbed Clark's grounder to put the runner on first. Hillary fanned for the second out. Kite then fielded Lyons' grounder and with an easy force play at second, elected to try for the batter at first. Lyons beat the throw, however, and Via followed with a double into left to score Clark. Tennant then fanned Gibson for the final out of the inning.

In the ninth with the Macs trailing by a single run and two out, Saunders slammed one of Lyons' pitches into the high grass in deep right for a double and Kite followed suit with one in right center to tie the score. Manassas threatened in both the tenth and eleventh innings, each time having men on second and third before Lyons could retire the third man. Falls Church filled the bases with one out in the ninth on a pair of walks and an error but Tennant fanned Gibson for the fourth time and forced Fox to sky out to Vetter. Falls Church scored the winning run in the twelfth after two were out on a

double by Fox and a bat-handle loop over third which struck the foul line and went for a double.

Lyons and Saunders each collected three hits to lead the Macs' attack while Fox connected for a pair of hits for the winners. Via accepted three chances in the field, two of which were of the difficult variety and on two occasions threw out runners at the plate when they attempted to score from second on hits to right field.

Next Sunday the Macs play Middleburg on Swavelly Field and it is anticipated that a large crowd will be on hand to watch Tennant try to put the Macs back in the race.

SENATOR BYRD SPEAKS ON AAA

Senator Byrd issued last week the following statement with respect to his position on the AAA legislation:

"The Agricultural Adjustment Act was passed upon the principle of voluntary co-operation between the farmers and the government or the extent at least that seventy-five per cent of the producers of a given product must approve the marketing plan or any licensing provisions.

"I voted for the original AAA and the tobacco legislation, as both provided for approval by a substantial majority of the producers of a given community.

"The legislation now pending establishes what is virtually a universal licensing system for all agricultural products. If enacted into law this licensing system can be imposed in certain instances without obtaining the approval of a majority of the producers of a given product. The licenses are called 'orders' but the effect is the same. In fact, a majority of the handlers of a given product can impose a licensing system upon the producer, and one provision actually permits the handlers to fix minimum prices for the producer.

"When we recall the varying conditions in this country and the divergence of interest between the producers of different sections, the danger of this can be readily realized. The farmer himself can be individually licensed without an opportunity to vote if he prepares for market a product grown on his own land and there becomes a distributor. Voluntary action by the farmers is one thing and arbitrary action by the government is another.

"I want to preserve the principle of the right of the farmer to express himself, as embraced in the original farm legislation, and to this end have offered amendments to make it clear that no licensing provision can be imposed without the approval of seventy-five per cent of the farmers producing a given commodity.

"Tobacco and other basic commodities have special legislation."

LEAGUE EVENTS PROVE POPULAR

Clarke Nalls and Anne Smith Baby Show Winners.

The school and civic league of the Haymarket Community held a very successful Field Day last Saturday afternoon. The morning session was devoted to a baseball game between two Haymarket girls' team, the Blues and Reds. The two teams tied.

The baby show of high noon was the real event of the day. Little Ann Marie Smith, infant daughter of Mr. and Mrs. Charlie Smith, won first place in the contest for babies under one year of age and little Clark Nalls, nineteen-month-old son of Mr. and Mrs. Edward Nalls of Gainesville, won first place in the contest for babies from one to three years old.

In the athletic races which took place after dinner the following results are noted: For the fifty-yard race for boys up to ten years of age, Mr. Bolen Robertson won first place. Maco nPiercy won first place in the fifty-yard race for boys over ten years of age. There was also a race between the boys and girls, the boys being victorious. The suitcase race was won by Miss Esther Clarke.

The final event of the day came with the baseball game between Haymarket and Nokesville. This was a very exciting game. Although the Nokesville team played a good game, Haymarket was victorious with a score of 8 to 6.

The food stand was a center of interest at all times during the day and the airplane provided considerable sport.

A neat sum was realized from the activities of the league which will need more funds than ever this coming year.

SANITATION CAMPAIGN IN DUMFRIES

A report on the sanitation campaign sponsored by the Home Demonstration Club of Dumfries, was given at a recent meeting by Mrs. Robert Mooney, chairman of the sanitation committee. This report showed eight sanitary toilets built by FERA labor, one toilet bought by the Home Demonstration Club and installed by FERA, three sanitary toilets built by private individuals, three septic tanks completed by FERA, and seven septic tanks completed by private individuals, eight complete bathrooms installed and 8 houses completely screened, three porches screened, and six wells tested; seventeen electrical refrigerators installed.

The club also sponsored a clean-up campaign in connection with Better Homes Week. Reports show a 100 per cent of backyards cleaned, many outbuildings whitewashed and eight kitchens completely refinished.

Mr. Noel Lynn, who is in charge of the FERA construction project, will be back in the district again during this month. Anyone wishing a septic tank or sanitary toilet installed should see Mrs. R. L. Mooney, Triangle, at once. Work on these projects is done absolutely free the individual only having to furnish the building materials.
