MANASSAS, VIRGINIA THURSDAY, AUGUST 1, 1935

SUBSCRIPTION \$1.50 A YEAR

A. B. C. MONEY FOR LOCAL USE

Distribution on Basis of Population to Be Made This Week.

It was announced in Richmond Wednesday by Sidney B. Day, assistant comptroller, that warrants would be mailed this week to the cities and counties of Virginia sharing in the amount of state revenue in excess of the \$1,675,000 which was reserved to the State by the General Assembly.

At the time of the passage of the law, the cities made a strenuous fight to retain the larger proportion of the profits on the grounds that the liquor sales were mostly in the metropolitan areas. Hon. Geo. C. Herring, who represents Prince William and Stafford Counties in the General Assembly, was author of the amendment which permitted the return of this money to the localities.

The present distribution of funds from Richmond is one of the first fruits of this fight for the counties and it is predicted that a still greater proportion of state funds will be returned to the counties if the men now in the lower branch of the General Assembly are largely returned.

The present law provides that after the basic \$1,675,000 is reserved to the state, all remaining shall be divided in the ratio of two-thirds to the localities and one-third to the state.

The amounts to be sent to nearby localities is reported in press dispatches as follows:

Arlington, \$10,204.89; Caroline, \$5,749.03; Culpeper, \$3,278.11; Fairfax, \$3,265.70; Fauquier, \$7,412.92; Loudoun, \$5,321.50; Loudoun, \$6,224.73; Madison, \$3,504.86; Orange, \$4,004.04; Prince William, \$4,562.34; Spotsylvania, \$3,937.09; Stafford, \$3,151.71.

CONVICT CAMP LOCATES HERE

Assigned to Prince William For Work on Secondary System.

On Tuesday of this week work began on locating Secondary Convict Camp No. 21 in Prince William County. The site selected is on the Manassas-Buckhall road known as Route 612. The convict barracks will be on the Goode farm and the State highway unit across the road on the Young place.

The maximum capacity of the camp will be sixty men, and the present personnel will number around fifty. An experienced superintendent will be placed in charge of the road work by the highway department and he will have from 3 to 5 foremen.

Sergeant Worley, who is in charge of the prisoners, was in Manassas several times this week making preliminary arrangements, and incidentally making a most pleasing impression upon the community by his agreeable personality and business-like methods.

Under the plan used in operating these convict camps the State Penitentiary feeds, clothes and guards the men, while the road work itself is supervised by the State Highway Department. Under a federal ruling convict labor cannot be used on any project financed in whole or in part by the Federal Government. Under this ruling this camp cannot work on any federal aid road.

KIWANIS NOT TO MEET IN AUGUST

A very subdued group of Kiwanians met last Friday evening, and after some discussion of the health situation, decided to be in accord with the other organizations of the county and suspended their meetings during August. Thus the club adjourned after having met continuously without interruption for almost eleven years.

The underprivileged child committee will continue to function and a report was had to show that the work is prospering very successfully.

GRADUATES OF WASHINGTON BUSINESS COLLEGE

Two of the youngsters at Aden were graduates at a leading Washington business college this past week, the same being Earle Franklin Seese who received a Bachelor degree in commercial science and Hazel Blanche Bowman who received a regular diploma. Bynum Armfield, Jr., of the Floris community also received a commercial of science degree and graduated with high distinction.

ELECTION RETURNS

The Journal Office will be open from 7:45 until 9:30 o'clock on the night of the August Primary to receive election returns.

The management of the paper would appreciate it very much if one of the judges or clerks of each precinct would phone in their returns as early as practical, bearing in mind the fact that some of our exchanges close at about 8:00 o'clock.

JUDGE SMASHES LIQUOR CARGO

Auto Overturns And Reveals Liquor Supply.

On Tuesday an automobile apparently proceeding at a high rate of speed on the Jefferson Davis Highway, five miles south of Stafford Courthouse, left the road, overturned and plunged down a steep embankment. A witness declared that following the accident a man was seen to crawl from beneath the wreckage and plunge into the heavy forest.

Judge Frederick W. Coleman, who presides over the Circuit Court of Stafford County, enroute to Washington early in the morning, observed the wreck and stopped to investigate. He found a large quantity of "corn" liquor in jars and ordered his chauffeur to destroy the cargo. With the help of a county sergeant and two garagemen, every jar was said to have finally been broken and the big supply soaked mournfully into Stafford soil.

Ownership of the car remains a problem for the State authorities to solve, as the driver, if injured in the accident, was not sufficiently incapacitated to prevent his escape.

RECENT CONVICTION IN POLICE COURT

Among recent convictions in the Trial Justice Court at Manassas, Judge Wm. Hill Brown, Jr., presiding, the following:

Willie Sykes, Quantico, arrested by County Officer C. C. Wittner on charge of operating a numbers game. 6 months in jail.

Raymond Barriere, Washington, arrested by Officer C. C. Wittner for drunkenness and disorderly conduct. Fined \$10 and costs.

Kenneth Patterson, arrested by County Officer C. C. Wittner on charge of operating a car under influence of liquor and possession of a stolen car belonging to P. F. Brookens, of Hyattsville, Md. Fined \$100 and costs and 6 months in jail. Must answer to District of Columbia charges of automobile theft when liberated.

Jessie Wolfrey, operating on dead tag and under influence of liquor, arrested by Officers Wittner and Clark. Fined \$100 and costs and 6 months in jail.

Norman Tuell, Fairfax County, drunkenness on public highway, fined \$10 and costs.

Emmett W. Payne, Washington, drunkenness and disorderly conduct, forfeited \$25 collateral.

Sam Hoffman, Spotsylvania County, violations of motor vehicle regulations, fined \$12, with costs.

GOVERNOR GIVES CONSIDERATION TO OLD AGE PENSION

Governor Peery is giving deep consideration to a Virginia old age pension plan for recommendation to the 1936 General Assembly, but financing it is a worry. He revealed this worry when he called upon Senator Byrd while on a trip to Washington. During a conversation he said that "most of the candidates for Democratic nomination to the Legislature seem to favor the pensions, but not one has advanced a method of raising the necessary revenue for financing a plan."

The governor said estimates for financing an old age pension system ranged from \$58,000 to \$20,000,000 a year. It was pointed out that \$20,000,000 is more than the present general budget of the state.

Not only have plans for raising the necessary revenue for financing such a plan been scarce, but the governor said there seems to be almost unanimous opposition to a state sales tax.

"I have got six months to figure it out," the governor said.

JOURNAL REPRESENTATIVES IN HOLLYWOOD

Advices have been received that Messrs. John Vanderbilt Wurdemann and Dixon Hospital are featuring in Hollywood.

TO THE VOTERS IN PRINCE WILLIAM

The campaign is very nearly diences by his clearness of over.

In Prince William the voters have been afforded excellent opportunity to meet the aspirants for political honors and the meetings, in the main, have been pleasant.

The situation with regard to the legislature is one that calls for grave thought and careful action on the part of the voters. Numerous opportunities are before us and we are beset with possibilities of increased taxation which none of us particularly relish. We should have seasoned legislators in Richmond who will fearlessly stay on the job.

The public hearings of the gentlemen who are asking our votes have clearly brought certain situations to light.

Apparently Mr. Rust, the present State Senator, is not in accord with his delegates. Mr. Mackall from Fairfax County is openly opposing him.

It has been publicly charged that Mr. Rust during the redistricting laid down flat on his colleagues and helped them very little—some say not at all.

Mr. Rust has further been accused of not voting on important issues and apparently this has been sustained, notwithstanding his vigorous denial.

Mr. Reid served creditably for eight years in the Virginia legislature. He has made a very favorable impression on his au-

speech, directness, and obvious knowledge of the issues to come before the next legislature. He seems to be in accord with the delegates from this Senatorial district. Mr. Reid states that he was selected chairman of the 8th district group which saved the entity of our district.

Now, with regard to the delegates, Mr. Herring, the candidate for re-election, has faithfully served his constituency and is on such committees as should be of great help to the counties he represents. He has done much to forward measures that aid business and bring state and federal money into our enterprises. He also worked faithfully for the preservation of the 8th district and has in many capacities served both Stafford and Prince William in an acceptable manner.

The gentleman opposing him seems to offer himself to the people on the grounds that he wants a chance to learn how to legislate, that he loves all people, living and dead, except "Pickle Dick" Moncure, and that he worked very hard to help educate his father's family of eleven children, all of whom, by the way, are older than he.

His plea that Stafford desires the next delegate to be from that county apparently is not borne out by prevailing reports from Stafford. They are very favorable to Mr. Herring.

BYRD URGES ROAD WORK

A letter to Works Progress Administrator Harry L. Hopkins sent by Senator Byrd urged that as much money as possible be given to farm-to-market roads. Senator's letter follows:

"My dear Mr. Hopkins: "I am writing to express to you the hope that you will allocate as much of your funds as possible for the impossible and construction of the roads, especially the farm-to-market roads.

"Many of us differ as to the necessity or desirability of the expenditure of large sums for relief, but I say it confidently that the best returns that can be secured from such expenditures and the best way to give employment to the people in each locality is on road improvement, especially of those roads that have not enjoyed adequate funds for so-called farm-to-market roads.

"I know that your purpose is twofold; one is to give employment and the other is to obtain such benefits and advantages that may be possible

by the expenditure of this relief fund and so far as rural sections are concerned, I know of no better way to accomplish these two than to spend as large a fund as may be consistent with your program on the improvement of the public road system.

"With best wishes, I am

"Cordially yours,

"HARRY F. BYRD."

U.D.C. MEETING POSTPONED

The regular meeting of the Manassas Chapter, United Daughters of the Confederacy, which was to have been held at the home of Mrs. Robert H. Hutchison on August 7, has been postponed until later in the month. Notice of the new date will be published in the Journal the week previous to the time set.

LIBRARY CLOSED

The public is advised that the library at the high school will be closed during the month of August and will re-open the first Thursday in September.

Ballston Comes Here to Play M. A. C. Sunday

On Sunday, Aug. 4, the Ballston A. C. will cross bats with the Manassas A. C. on Swavely field at 3 p.m. Ballston has already won the first half of the Northern Virginia League this year. They have beaten the Macs twice and the Macs are out this time for revenge with a capital R.

Manassas and Ballston are tied for first place in the second half play so far and Sunday one of these teams will have to take a back seat.

Manassas has added three new players to their team; these three are Jim Tennant, who pitched a no-hit, no-run game against the White Star team last Sunday and who formerly played with Albany and Baltimore of the International League; Clay Shedy, formerly of the Baltimore and Toronto of the same league, and Jimmie Blackwell, formerly with the Fredericksburg Elks and the Sandson A. C. of Richmond.

The probably line-ups: Manassas A. C. Ballston A. C.
Woodard, r.f. Wolverton, c.f.
Lynn, c.f. McQuinn, 2b.
Vetter, 2b. Tonker, l.f.
Shedy, 1b. Miller, s.s.

Saunders, l.f. Spitzer, 3b.
Blackwell, s.s. Ball, 1b.
Buckner, c. Bowman, c.
Tennant, p. Owens, p.
Dreifus, p. Hull, p.
Duff, p.

Come out and help the boys at 3 p.m. Sunday on Swavely field.

Mac's Defeat White Star as Tennant Hurls No-Hit Game.

The Macs put themselves into a tie for first place in the Northern Virginia League last Sunday by turning back the White Star team on their diamond at Ballston by the

score of 5 to 0. Burly Jim Tennant, new hurler for the Macs, let the White Star lads down without a single hit, striking out thirteen, and allowing no man to advance further than second base. Only two balls went to the outfield and these were easily fielded by Saunders in left field.

The locals were off in a big way, scoring all of their runs in the first inning on hits by Woodard, Vetter, Shedy and Tennant, and passes to Blackwell and Brenner. From then on they garnered 7 more hits off Rector, one a triple by Saunders, but these were scattered and a couple of double plays executed by the opposition prevented further scoring.

The score:

A CHALLENGE

Several days ago the fire siren sounded and in less than five minutes the engine was rushing down the street. The blaze was put out at once and a dangerous fire hazard eliminated almost as soon as started.

We would like any of our exchange papers to beat this. We do not believe there is a fire company anywhere that equals the fire fighters of Manassas. Our fire departments is one of our big assets.

FATAL SHOOTING AT LEESBURG

Federal Agent Kills Moonshiner at His Still.

Delmas Duncan, about 23, was shot and killed Wednesday afternoon by John Millan, of Fairfax County, a Federal agent, at a whisky still on Broad Run, a stream about 15 miles southeast of Leesburg.

Millan said Duncan, who ran from the still and was pursued by the Government agent, turned on him and snapped a .38 calibre revolver in his face.

The officer's own .45 calibre service pistol roared twice, and Duncan fell dead with two bullets in his body.

Millan and another agent, John H. Lemmon, arrested Jack Mann, a youth, who was at the still, and took him to jail at Herndon. He will be brought to the Loudoun County jail in Leesburg later, the officers said. Duncan's body was brought to an undertaking establishment in Leesburg.

The shooting occurred as the officers surprised Duncan and Mann at an illicit still going full blast in a densely-wooded ravine bordering the stream.

The two raiders said they found a quantity of yeast, meal, sugar and ground rye at the still, which was located in a wild section of Loudoun.

Millan has operated in this section for some time and was with Clarence McClary, Alexandria policeman, when the latter was shot dead several months ago by Thomas Quesenberry, one-eyed mountain rifleman.

FIELD DAY POSTPONED

The Field Day sponsored by the Bull Run Grange and scheduled to be held August 10 has been indefinitely postponed due to the increasing cases of infantile paralysis in the State.

It is anticipated that everyone will watch for the date of this big event which will take place some time in the future. The committees in charge had made extensive preparations for a big celebration and there were many expressions of regret that the event had to be postponed.

VACATION MARRED

While en route to Ocean View and Virginia Beach, Va., this week, the car of Mr. and Mrs. B. F. Knox upset on a hill near King George Court House as a result of a tire blowout.

Mr. James Knox, who was driving, reports that they were making a very moderate rate of speed when the tire blew out.

Mrs. Knox was thrown out of the machine and injured considerably. She was given medical aid and is now resting at her home.

The family had planned to stay the month of August at the seaside resorts.

BIG TUNNEL TO BE BUILT

The tunnel line through Black Rock on the Skyline Drive, 11 miles east of Grottees, will be located shortly. A force of 14 men under W. P. Davis, engineer of the Bureau of Public Roads, has been working on the project for about four months. It has been necessary to locate several lines before deciding on the one to be used, it was said.

The tunnel is similar to the Mary's Rock tunnel at the Panorama end of the completed section but more than twice as long, being around 1,500 feet in length. It will be hewn from solid rock. No work has been done at all on this section as it is on the southern extension toward Waynesboro, which litigation is holding up. However, the road plans are ready to be advertised when litigation is settled, and it is proposed to also get the plans and specifications ready for the tunnel.

PARALYSIS IS NOT ALARMING

Total of 299 Cases for State Calls for Precautions Where Young People Are Concerned.

With no cases definitely reported from Prince William County, and with the state-wide situation not alarming, much of the public apprehension which was felt in the earlier stages of the epidemic has been allayed.

Precautionary measures are being taken by County Boards of Health throughout the State, particularly along lines of closing places of gathering to young people. Children under 16 years of age are being generally forbidden from attending places of congregation, but gatherings of adult persons have not been widely restricted throughout the State. In some localities a wave of alarm has been the occasion of extra stringent regulation, as in Prince William, where the motion picture theatre was closed while the general procedure throughout the State has been merely to restrict attendance at such places of amusement to adults.

The closing of dance halls and other adult gatherings, however, has been very general.

Owing to the fact that the health authorities have not seen fit to issue bulletins to the public on the situation, press reports which are generally accurate, have been relied upon by the public in watching the progress of the epidemic and in drawing conclusions as to the gravity of the situation. These reports indicate that there is no occasion for general alarm but that it is wise under the possibilities, to heed carefully recommendations of health officials.

It is not felt that the 299 cases throughout the state reveal a situation calculated to cause great apprehension, when considered in the light of the extremely low percentage of state population which this represents. Prince William County, so far, is extremely fortunate in having had no case reported.

P. W. A. SPENDS \$1,012,889 IN VA.

Haymarket Gets \$45,000 For School.

K. L. Black, inspection engineer for the Virginia PWA, this week said construction is under way on projects costing \$1,012,889 in eleven Virginia cities and counties. They are:

Battlefield School, Hanover County, \$60,000; Washington, Va., water works, \$25,000; University of Virginia Hospital addition, \$208,500; Dickenson County schools, \$103,200; Front Royal municipal building, \$36,500; Front Royal courthouse, \$50,000; Danville schools, \$332,189; gym for Norfolk extension of William and Mary, \$100,000; Mineral, Va., water works, \$30,000; Stanley, Va., water works, \$23,000; Haymarket school, Prince William County, \$45,000.

FREDERICKSBURG FIGHTS BELT ROAD CONSTRUCTION

The City of Fredericksburg this week is waging a strenuous fight to prevent the routing of the Jefferson Davis Highway around the City. The City Council, Chamber of Commerce and many other civic bodies are memorializing the Highway Department and otherwise urging the Commission not to build a detour which they believe will injure the business of the community.

Disinterested observers, however, point out that this kind of a contest has been so often waged without avail that it is widely believed that the Highway Department will go right along with the detour plan, regardless of the pressure brought to bear.

Communities which have had big arterial highways deflected from their business sections, in many sections of the country, have finally, in many instances, discovered that the deflection of the inter-state traffic really was helpful to the business in permitting farmers and others locally interested in doing business in the town to find a place to stop.

It is claimed by those opposing the detour that more than a million and a half dollars is taken annually by 58 business firms in Fredericksburg which specialize in business based on highway traffic.

visiting relatives in Haymarket.

The Antioch folk were delighted to have their pastor, the Rev. V. H. Councill, with them on the second Sunday, after an absence of several months, due to illness. He was accompanied by a former pastor, the Rev. T. D. D. Clark, of Manassas, who delivered the morning sermon.

We deeply regret having to announce the indefinite postponement of the annual all-day meeting and home coming day, which has become a yearly event at Antioch Church on the second Sunday in August, but in compliance with the opinion handed down by the County Board of Health, it is deemed wise to dispense with all "meetings" for the time being. Sunday school is also being discontinued for a while.

FORD MAKES THE GRADE

Figures announced last week by officials of the Ford Motor Company show that, during the first six months of the year, 634,961 units were sold in the United States. This is nearly two-thirds of the 1,000,000 cars and trucks which Ford is building this year. This figure does not include foreign sales.

In June alone 100,882 units were sold. This is the best sales record for June which Ford has experienced since 1930—and the fourth consecutive month this year that Ford sales have topped 100,000. During the first six months this year, Ford paid out \$88,727,568 in wages and spent \$374,368,873 for raw materials, a great part of which was for wages in other industries, officials said.

MINNIEVILLE

The news from here is scarce.

Farmers are threshing wheat. The crop is yielding very well. Corn is looking much better since the nice rain on Friday. It has been very dry.

Young Master Eddie Seaton, of Washington, has been visiting his aunt, Mrs. Stapler, for a few days.

Mr. Richard Barnes has returned having been away for treatment. Mr. Barnes seems much better and is looking fine.

Mr. J. T. Clarke spent Sunday night with his parents.

On August 6, at 2:30 p.m., Elder W. T. Greene, of Georgia, will preach at the Primitive Baptist Church here. Come out and hear Elder Greene. You will like him.

Mrs. Carrie Curtis entertained quite a few relatives and friends at her home on Sunday.

Most of the company were her brothers and sister and their families. A bountiful lunch was served on the lawn. Croquet and music were enjoyed by all. Ice cream was served later. Everyone reported having a nice time.

Elder Miller will preach here the second Sunday in August at 11 o'clock, and Saturday at 2:30.

GAINESVILLE

Miss Frances Bell Smith has returned home after a week's visit with Sergeant and Mrs. May, of Quantico.

Miss Virginia M. Piercy was Sunday guest of her friend, Miss Frances Robertson, of "Lawn Vale."

Master Palmer Smith, jr., spent Sunday with his cousins, Messrs. Artmus and Andrew Smith.

Mr. and Mrs. William Corder and two small children, of Washington, and Mr. and Mrs. Ernest McCuin spent Sunday with the E. M. McCuin family.

Mrs. Thomas Piercy was a caller at Mrs. Palmer Smith's home Wednesday afternoon.

OCCOQUAN TEAMS

DEFEAT VA. WHITE SOX

The Occoquan Grays and Occoquan A. C. collaborated Sunday and in so doing, defeated the Va. White Sox, 11 to 4. Four of the Occoquan A. C.'s took part in the fray. Shepherd pitched well for the Grays, allowing 1 hit in the 5 innings he worked, and deserves the credit he receives. Whether the benching of four members of the regular Grays team was practical or not can best be judged by the box score. The four A. C.'s were at bat for a total of 12 times which netted 1 hit and 2 runs. They also contributed 1 error. Seven Grays were at bat a total of 27 times and collected 12 hits and 9 runs. How did the shake-up pay?

O'Malley started for the Grays and pitched 4 innings, allowing 5 hits but his wildness caused his downfall. Ralph Shepherd, a splendid pitcher, went in and allowed just one hit and no walks the rest of the way. "Finn" Pearson with 4 for 5 was the big gun of the Grays. D. Shepherd, Selemman, Hinton and Marshall collected 2 hits each.

The Grays play Nokesville at Occoquan on Saturday at 2:30 p.m. The Grays journey to Forestville on Sunday.

ADORABLE SHIRLEY AGAIN CAPTIVATES MOVIE FANS IN SUPERB FOX PICTURE

Shirley Temple's new picture, "Our Little Girl," opens next Wednesday at the Dixie Theatre in Manassas. The transports of delight from young and old prove once more what a hold this wonder child has on the movie public.

If is an amazing performance she gives here. Without exaggeration "Our Little Girl," an emotional story that might happen in any home, can be called her greatest picture to-date. The rich spontaneous art she displays here rebuilds our faith in all that goes to make life a joyous adventure.

All through the picture this reviewer kept thinking of the tribute which Irvin S. Cobb the writer paid Shirley, on the occasion of the Academy Award. Said he: "You have made more people happy and made more children laugh than any child your age in the history of the world."

Truer words were not spoken to describe the charm and glamor cast by this amazing youngster.

By this time one takes for granted the splendid natural acting accomplishments of Shirley. But how she can sing! In this compelling picture Shirley sings a song which bears the title of the picture. She captivates young and old, tugs the heart strings with her unassuming but perfect art, singing with the same rich humanity that holds her audience when she is acting.

Shirley plays an adorable little charmer who touches the heart one instant and sends you into gales of mirth the next.

"Our Little Girl" is easily Shirley's greatest acting performance!

Another outstanding feature is the

circus, complete with clowns, acrobats, wild animals, elephants and all. "Poodles," Hanneford famous clown and rider, heads the circus cast. There's thrills galore here, as the "Clarksonians" leap from swing to swing, while the clowns Hambone, Oscar, Dumbell and Smiling Sambo cavort.

NOKESVILLE

Mr. and Mrs. H. P. Swank, Mr. and Mrs. Horace Smith and Mr. Ted Hoover were Sunday guests of Mr. and Mrs. Will Herring.

Miss Edna Mae Swann, of Maryland, is visiting Mrs. Eugene Herring.

ALONG THE POTOMAC

John Clagett Proctor, noted historian of the District of Columbia, tells of early excursion trips down the Potomac and recalls historic vacation places near Washington. Famous boats and nearby beaches and resorts are brought to memory, with interesting anecdotes of the Capital's water front of days gone by. ALCOHOL THE DECEIVER:

SONGS THAT LIVE

A little more than 100 years ago there was born near Pittsburgh, Pa., Stephen Collins Foster, whose best known songs have stirred the emotions of four generations, and live today in the hearts of his countrymen as do those of no other American.

Millions who have sung and heard them never knew the name of their author, who was of a quiet and retiring disposition, delicate as a child and never robust.

He began writing songs at the age of 13, and by the time he was 20 his compositions had gained considerable favor. He wrote in all about 125 songs, of which the most famous have a Southern setting, although he was born, lived and died in the North.

Among Foster's songs which had a universal appeal may be mentioned "Old Black Joe," "Old Flocks at Home," "Massa's in the Cold, Cold Ground," and the exquisite vocal quartette "Come Where My Love Lies Dreaming." These and others have been popular on both sides of the Atlantic and their words have been translated into many tongues. Great musicians incorporated several of these melodies into elaborate concert fantasies.

Foster wrote both words and music of his songs, which made an epoch in popular music. He died in New York in 1864, but his plaintive haunting melodies seem destined for immortality.—Waynesboro News-Virginian.

INTELLIGENT EATING

One reason why public health has held up surprisingly well during the depression years may be the better understanding of dietetics. Home economists and diet authorities studied ways and means of providing the essential nutritional elements in meals at minimum costs. Every effort was made to get into the relief baskets the foods which would give the most health and strength for the amount consumed and the money spent.

The public has been learning about vitamins, dairy products, vegetables and fruits, before the depression began. Better refrigeration and market facilities were making it possible to eat wholesomely the year around. People were learning that the felt better and worked

ked better and had less illness when they ate fewer heavy, rich foods even when they could afford them. A start had been made toward building undernourished children by means of mid-morning milk and crackers in public schools. All of these beginnings received more attention and were pushed harder as the relief problem grew.

Depressions are not to be encouraged as a stimulus to good health, but it is reassuring that intelligence in the application of relief has warded off to some slight extent the evils of undernourishment which might have been expected.

To the People of Prince William County:

Owing to certain issues or questions which have been raised in the coming election, I take this opportunity to express my views.

1. As to whether Mr. Russell's election will be a popular selection, or whether Mr. Robertson will qualify as his deputy, I am not concerned or interested.

2. If the people elect Mr. Russell on the 6th of August, showing that they desire him, with Mr. Robertson as his deputy, both of whom are without experience and both of whom are less active than my force (consisting of myself and three deputies with considerable years of experience), I will abide by the result and do what I can to aid them in the execution of their duties. But in these times, I do not think or believe they will surrender the experienced for the inexperienced.

3. I will support the present laws as fairly and impartially as I have the laws heretofore, and do my very best for the welfare of the people at large, especially for the youth of the land.

4. My efforts have been confined strictly to my own election, having in no way interested myself, either directly or indirectly, in behalf of any candidate for any other office, and I will continue to do so.

5. I am a candidate of my own volition, not having been sponsored by any body or group, so that I may be free to act, as heretofore, fairly and impartially to all.

Owing to my duties as sheriff, I will not be able to see everybody in person, so I avail myself of this opportunity to thank them for their support and co-operation heretofore, and the support and co-operation which I am confident they will render me on election day, pledging the same service as heretofore that they may know exactly what they will receive upon my re-election.

Respectfully,

J. P. KERLIN.

Mr. and Mrs. C. C. Lynn, Miss Sarah Pitts and Messrs. Percival Lewis and Frank Cox are in Blacksburg this week attending meetings of the home department workers and State Farmers Institute.

Mrs. Lena E. Sadd is having a bungalow built in West Manassas.

MIDSUMMER IN THE GARDEN

Midsummer in the garden is a race between the gardener and his enemies. Which is ahead, the gardener, or the weeds and pests? As you look through many of the home grounds, the gardener is seen to be limping badly and a good deal out of breath.

But the weeds and pests are going strong. The weeds can live on soil where your plants will die, even after long and tender coaxing. When you dispose of one crop of those wicked bugs, next morning an equally powerful army are feasting on your plants, growing fat and sportive on the soil enriched by your fertilizer and faithful watering.

The sun is a lot hotter in midsummer than in April. It seemed so nice to spade up that garden plot in those stimulating spring days. But how does it go with the thermometer in the nineties, and the sweat running off your ruddy face?

The experienced gardener has an answer to such objections. He gets up early in the morning when the air has the tonic quality of spring. Or he labors in the cool of the evening, when the sun's fierce heat has abated. He hoes down the weeds before they get to a saucy and impudent height, where he can't rip them out without endangering his plants.

You have confidence in a man who presents a clean and well cared for garden. It shows he is faithful and industrious. When you see such a display of carefully tended vegetables and flowers, you believe that the man who possesses them will do well in any occupation that he chooses. He is adequate for anything he dare try out. If a boy wants a job, let him show what he can do on a garden. If he keeps it well, he has given a recommendation better than anything you can get on paper.

Dr. Jewett and the Faraday Medal, face and reverse, above and below.

Dr. Frank B. Jewett, vice president of the American Telephone and Telegraph Company and president of the Bell Telephone Laboratories has just received the Faraday Medal, the highest honor bestowed by the Institution of Electrical Engineers of London, "for notable scientific achievement in electrical engineering, or for conspicuous services rendered to the advancement of electrical science." The medal was presented Dr. Jewett by Dr. W. M. Thornton, president of the Electrical Engineers at a meeting held in London.

In the presentation of the medal to Dr. Jewett, attention was called to his outstanding contributions to communication developments and to the extension of telephone service in America until it had become continent-wide in its reach and to the extension of overseas radio telephone service. Dr. Jewett is the first American-born scientist to receive the Faraday Medal.

LEGAL NOTICES

PUBLIC SALE OF REAL ESTATE

Under and by virtue of a decree of the Circuit Court of Prince William County entered at its June, 1935, term, in the suit of Willie Fairfax against Effie Beavers et als. therein pending, the undersigned commissioners of sale therein appointed will proceed to sell at public auction to the highest bidder on

SATURDAY, AUGUST 3, 1935, at eleven o'clock a.m. in front of the Court House in the Town of Manassas, aforesaid County, all that certain lot or parcel of land, with dwelling, etc., thereon, lying and being situate near Hoadly, in Occoquan District, said County, described by metes and bounds in deed book 57, page 295, and known as the Fairfax place, containing, more or less, 13 1/2 acres.

This will make a nice home for any person desiring one, and should be inspected before day of sale.

Terms: One-half cash day of sale, and the remaining one-half within one year, the purchaser executing interest-bearing note therefor at time of sale, and title to be retained until purchase price paid in full.

H. THORNTON DAVIES,
J. JENKYN DAVIES,
Commissioners of Sale.

I, G. G. Tyler, Clerk of the aforementioned Court, do hereby certify that bond, with security, has been executed as required by the aforesaid decree of sale.

8-5 GEO. G. TYLER, Clerk.

COMMISSIONERS' SALE

Under and by virtue of a decree entered by the Circuit Court of Prince William County, Va., on June 26, 1935, in the chancery cause therein pending, under the style of The Bank of Nokesville, Inc., v. Otto W. Hedrick et al., the undersigned commissioners of sale, therein appointed, will offer for sale, at public auction, on

SATURDAY, AUGUST 17, 1935, at eleven o'clock, A. M., in front of the Peoples National Bank of Manassas, in Manassas, Virginia, a tract of land situate near Valley View Church, in Brentsville Magisterial District, Prince William County, Va., adjoining the lands of Samuel Huff, the Bear estate, Walter Liskey, D. S. Diehl and the county road, containing 101 acres, more or less, and being the same land on which the late Samuel Hedrick resided at the time of his death.

The said tract of land has on it a commodious dwelling house and all necessary outbuildings and is exceptionally well located in a prosperous farming community.

TERMS OF SALE: One-third cash and the residue in one and two years' time, evidenced by the interest bearing notes of the purchaser, title to be reserved until all of the purchase price has been fully paid, with the right to the purchaser to anticipate all or any of the deferred payments, the buildings to be insured at the cost of the purchaser for the benefit of the bonded commissioner, and taxes to be apportioned as of the day of sale.

C. A. SINCLAIR,
THOS. H. LION,
T. E. DIDLAKA,
Commissioners of Sale.

T. E. Didlake has executed bond, as commissioner, with security, as required by the decree entered in the foregoing case.

GEO. G. TYLER, Clerk.

PUBLIC SALE OF VALUABLE FARM

Under and by virtue of two certain deeds of trust, dated April 22, 1930, and May 1, 1930, duly recorded in deed book 88, pages 2-3 and 70-1, respectively, in the clerk's office of Prince William County, Virginia, (being executed by Henry B. Godfrey and wife), the undersigned trustee therein named, having been so directed by the holders of the notes secured in said trusts, respectively, in the payment of which said notes and interest default has been made, will proceed to sell for cash at public auction to the highest bidder, on

SATURDAY, AUGUST 17, 1935, at eleven o'clock a.m. in front of the Court House in the Town of Manassas, in the aforesaid County and State, all that certain farm, lying and being situate near Gainesville, on the Gainesville-Catharpin road, in Gainesville District, aforesaid county, adjoining the said road and the lands of Winter Owens, W. Holmes Robertson, Gaines, and others, containing, more or less, 230 acres.

This property has upon it a nice dwelling, a new dairy barn, and other necessary dairy buildings, and should be inspected before day of sale.

This property will be sold subject to two prior deeds of trust, the exact nature of which will be given at the time of sale.

H. THORNTON DAVIES,
Trustee.

FUN-MELODY FILM
FEATURES BERNIE'S BAND

Ben Bernie and his lads make their screen debut in "Shoot the Works," the Paramount feature film which will be shown on Monday and Tuesday at the Dixie Theatre in Manassas.

Surrounded by a fine cast headed by Jack Oakie, Dorothy Dell, Arline Judge, Alison Skipworth and Roscoe Karns, Bernie's orchestra plays six new hit tunes by the combined teams of Rainger and Robin and Gordon and Revel. They include "With My Eyes Wide Open, I'm Dreaming," "Do I Love You?" "In the Good Old Winter Time," "Take a Lesson from the Lark" and "Were Your Ears Burning?"

Wesley Ruggles, who directed "College Humor" and "Bolero," wielded the megaphone on "Shoot the Works," an adaptation of an original play written by Ben Hecht and Gene Fowler.

"Shoot the Works" is a comedy-melody-romance about a broken-down side-show troupe, the Nicky Nelson Enterprises, which survives extinction because it has a flagpole sitter and a stuffed whale.

Jack Oakie, as Nick Nelson, is preparing to launch a vaudeville act with Arline Judge. With the aid of Bernie and his "lads," they manage to win fame and fortune.

GAME AND INLAND FISHERIES
PUBLISH VALUABLE BOOKLET

A long-felt need of providing the public and especially sportsmen with information regarding fishing in Virginia has been adequately supplied by the Commission on Game and Inland Fisheries in a very creditable publication entitled "Virginia Fishing Streams and Ponds."

Not the least of Virginia's attractions is her fishing, and this publication emphasizes this particular phase of her advantages. The unsurpassed opportunities afforded by the streams and ponds in Virginia has begun to attract in large numbers followers of Isaac Walton throughout the breadth of the country. Naturally requests for information have been pouring in to the Commission on Game and Inland Fisheries, and the inquiries received by the State Department of Publicity along this line have been referred promptly to them.

Quick to recognize the necessity of supplying concise information in booklet form, Chairman C. H. Nolting and the members of his Commission answered with the recent publication, which will be of the greatest benefit to those wishing to fish in the waters of the State.

This booklet gives complete information regarding fishing regulations, licenses, etc.; location by counties of the various streams and ponds throughout the State; the kind of fish with which they are stocked; and also supplies the names of the game wardens; and information as to where the visiting fishermen may stop for food and lodging within the vicinity of the particular stream.

This constructive and helpful piece of work by the Commission on Game and Inland Fisheries will undoubtedly be received with much appreciation and commendation by the lovers of this sport throughout the State and Nation, and by those interested in seeing Virginia move forward with her sister states in every development.

A spirit of the most commendable co-operation was exemplified by Chairman Nolting and his Commission in supplying 5000 copies of this publication both to the office of the Conservation Commission in Richmond, and to the Virginia State Tourist Bureau in Washington, for answering the numerous inquiries received daily.

CORRECTION OF A RUMOR

It having been brought to the attention of the undersigned, Thos. M. Russell and Andrew S. Robertson, that a statement, which is untrue and unfounded in fact, has been made and industriously circulated throughout the county, to the effect, that if Thos. M. Russell should be favored with the nomination and election at the approaching elections, for the office of Sheriff, that Andrew S. Robertson would not qualify as deputy.

We appreciate that such rumors are circulating for the effect upon the minds and to mislead our good people. With the sole purpose of correcting the foregoing and similar rumors that have or may be made, permit us to make the following statement:

We, the undersigned, hereby pledge our citizens, that in the event Thos. M. Russell receives the nomination and election for that high office at the approaching elections, that Andrew S. Robertson will qualify as his deputy for the term beginning January 1, 1936, by and with the consent of the Circuit Court of Prince William County, and that each will faithfully devote their best efforts in the impartial and merciful discharge of the important duties of that office.

Having made the foregoing statement that the good people of the county may know the facts, we, the undersigned, request your support for this honorable and important position, with the promise that if elected you shall have the best efforts within us and give you no cause of complaint in your selection in favoring us.

Respectfully,
THOS. M. RUSSELL
ANDREW S. ROBERTSON

I, R. Jackson Ratcliffe, a notary public for the county aforesaid, in the State of Virginia, do certify that Thos. M. Russell and Andrew S. Robertson, whose names are undersigned to the foregoing writing bearing date on the 29th day of July, 1935, have acknowledged the same before me, in my county aforesaid.

My commission expires on the 12th day of January, 1938.

Given under my hand this 29th day of July, 1935.

POLITICAL ADVERTISEMENTS

FOR SHERIFF

To the Democratic Voters of Prince William County:

Subject to the primary to be held the 6th of August, I respectfully announce my candidacy for Sheriff of said County.

In doing so I can only pledge the same impartial and efficient discharge of my duties as heretofore.

My present deputies will continue with me.

My duties may prevent me from seeing each of you before the election, but you all know me, and under these conditions I sincerely solicit your support, which you have so generously heretofore given me.

I now thank you for past aid as well as your help which I feel confident I will receive in this election.

J. P. KERLIN

FOR SHERIFF AND DEPUTY

To the voters of Prince William County:

Owing to the fact that so many erroneous reports have been circulated as to who may, or may not, be my deputy if elected, I deem it my duty to announce same at this time to prevent the voters from being victimized by false propaganda.

I hereby beg to announce Mr. Andrew S. Robertson, of Wellington, as my deputy, for the entire county, and both of us pledge ourselves to faithfully perform the duties of this important office in a fair and impartial manner.

Mr. Robertson has been a lifelong resident of this county and has served his people in many important capacities. He was elected supervisor of Manassas Magisterial District in 1919 and after qualifying for this office he received the appointment as postmaster at Wellington, which necessitated his resigning as supervisor.

He was elected in 1923 as Justice of the Peace in his district and served several years with credit and honor, he also served a number of years on the County Democratic Committee.

Mr. Robertson has served for 15 years on the Board of Directors of the National Bank of Manassas, and is recognized not only by his fellow-directors, but by the general public as a successful and far-sighted business man whose character and moral standing are above reproach.

Respectfully,

T. M. RUSSELL.

FOR DEPUTY SHERIFF

To the Democratic Voters of Prince William County:

Having been solicited by my good friend, Mr. Thos. M. Russell, candidate for the office of Sheriff of Prince William County, and urged by a number of qualified voters of this county to join with Mr. Russell as Deputy Sheriff, and share with him the responsibilities of this important office, I hereby announce my candidacy as Deputy for Mr. Russell and trust we may receive your generous support at the primary to be held throughout the county on August 6, 1935, for which we shall both feel ever grateful.

Respectfully,
ANDREW S. ROBERTSON.

FOR SUPERVISOR OF MANASSAS DISTRICT

To the Democratic Voters of Manassas District:

As a representative of Manassas District on the Board of Supervisors of Prince William County since October 24, 1930, I have tried at all times to be familiar with the condition of the county affairs and to support such movements and proposals as seemed best for all. If I have earned your approval by my work as supervisor I shall appreciate your support in the primary on August 6.

7-6

To the Voters of Occoquan Magisterial District:

I am herewith announcing my candidacy for nomination for the office of SUPERVISOR for the said District subject to the Democratic Primary to be held August 6, 1935.

I do not believe that I need any special introduction to you as I have lived and worked among you all my life and my capabilities as a citizen, business man and farmer are an open book before you.

You are my neighbors and it would give me the greatest pleasure to be able to serve you in the position which I now seek.

You may be rest assured that I shall exert my utmost at all times to represent the best interests of this District and County on the honorable Board of Supervisors.

Sincerely yours,

G. C. RUSSELL,
Woodbridge, Va.

of Arlington County

An experienced legislator who served his county as delegate to the General Assembly for eight years.

A lawyer and business man of poise and good judgment.

He will work for your roads and schools and all progressive measures. He will oppose all noxious and unnecessary taxation.

You will always know where he stands on everything and he will labor to serve Prince William just as much as his own County.

CATHARPIN

Just now politics seems to have full right-of-way and all breathlessly awaiting August 6 to see "Who's Who," and to express themselves at the polls. Gainesville district has such good men running for supervisor that she has about decided to elect all three of them. You know it is awful hard, sometimes, to differentiate, since any one of them would do if the other "dear souls" were away. But whoever may be elected will have the support of all while in office. Of course he will get his kicks and bumps and thumps and everything that goes with the position, because that is what we elect him for. How in the world could we ever get along if we did not have some body to fuss with? The county offices are not quite so interesting since the candidates are not so well known, but all will find co-operation once they are elected.

Mr. C. P. McDonald, Jr., of Houston, Tex., visited his grandparents at Oakwood several days last week while on his summer vacation among home folks back in "Old Virginny." "Junior" graduated from V. M. I. in civil engineering, class of 1934, and is now employed by a large company in the Texas oil fields and located in Houston. He says the thermometer usually stands at 110 each day, yet we complain when it gets into the nineties. The Texans speak of Virginia as "Up North." Funny isn't it?

There is a little story tucked away within the lids of an old, old book with which, perhaps, we should all be more familiar. It runs something like this: Once upon a time, there was a man sent out to find a king and was directed to the house of one having 8 sons. Upon arrival and his mission made known, the father called forth his sons, one by one, to pass before the judge for inspection; they all looked good and promising but the first was rejected, likewise the second and the third and fourth until seven had passed along and no one chosen. The judge, looking somewhat bewildered and nonplussed, asked, "Are here all thy children?" When told there yet remaineth one, the youngest, he said: "Send and fetch him, for I shall not sit down until he come." When he was come he was chosen because he was the right one.

This little story seems to parallel one that is being enacted, not away across the ocean on the Eastern shores of the Mediterranean Sea, but right here in the United States of America, where not a king but an idea is needed to bring prosperity back to the nation. Many ideas have been advanced which were supposed to be the needed panacea for all governmental ills, received their alphabetical appellations, passed on before the judge, but, like the sons of old, are being rejected, one by one, until confusion seems worse confounded. They all looked good but something seems to be lacking; so the same old question, "Are all thy alphabetical ideas here?" No, there yet remaineth one, the oldest, the STAC—Study The American Constitution. "Send and fetch him, for we can not prosper till he come."

As per resolutions adopted by the Board of Health, there will be no services of any kind in the Sudley church during the month of August unless the restriction be sooner lifted. We think this a very wise thing to do for all concerned. August being a very hot month when preachers usually take a vacation anyway, this cessation seems to work in pretty well since it gives the congregation a little vacation also. The only disadvantage, perhaps, is the fact that the Methodist Conference is only about 60 days away and this is the time usually devoted to making collections, making reports and various other things too numerous to mention. However, the people fully understand what is required and it is hoped all will feel it a personal duty to call upon his or her steward and see just how nicely he or she will receive you. Do this, won't you?

Owing to the fear regarding infantile paralysis, the congregation at Sudley last Sunday morning was very small but the sermon from the text—"I pray thee let me glean and gather after the reapers among the sheaves," was very large. Of course, you all know that RUTH said that and that it was inspired from a real desire to glean. You know also that there are fields and then there are "fields." They are not all corn fields nor yet are they all wheat fields, but there is a variety of them and among them is one you might call a religious or church field much in need of gleaners. There are also gleaners and then there are "gleaners." Usually there are enough to gather the corn and the wheat and all the others, but there seems to be a dearth of them in the religious field; so much so that much of the crop is going to waste, very little being gathered in comparison to the number of "hired gleaners." The Methodist church, alone, has ten million of them but the number gleaned, while appar-

ently large, numerically, is very small compared to possibilities. The whole Christian church, including every denomination, during the past year, has "gleaned" only about one-fourth of one per cent of the number of potential gleaners. Looks like a lot of lazy "gleaners" have been "hired," doesn't it? Perk up a bit and see if you are one of them.

The Rev. Charles F. Phillips, former pastor at Sudley, together with Mrs. Phillips and little daughter, Barbara Lee, were calling on friends in the Sudley and Gainesville neighborhoods on Monday and Tuesday of last week. Mr. Phillips is now pastor of the Frederick Ave. M. E. Church, Baltimore, and the family was "trekking" to Lexington, Ky., where they will spend several of their four weeks vacation with the Ragans, parents of Mrs. Phillips, who live in that city. As usual, they met with a cordial reception among old friends.

Mr. and Mrs. Raymond L. Briggs and daughter and Mr. and Mrs. Sterner, all of Washington, were Belle Farm visitors one evening last week. Miss Alice Perry, of Chevy Chase, Md., was an Oakwood visitor on Wednesday of last week.

People are "hibernating" very closely these days. In passing along the highway children are seen parked within their own front and back yards with but few if any, visiting children among them. Well, that's the way to do it. Virginia boasts of her health record and the reason she can boast is because the State Board of Health is always on guard and the people generally obey instructions; nor must our own County Board of Health be overlooked, nor our county nurse. After all, it is our own county organizations that do the real work when an epidemic of any kind should break out. So it is to them we are much indebted for good health regulations. The County Nurse's report in last week's Journal should be read by all in order to really understand how much value she is to the county. When it is understood that the mileage traveled in Prince William County would carry her half around the globe, then it may be better understood just how much she is doing in the interest health among both children and grown-ups in her territory. Read the report.

NEW TRI-CHARACTER TECHNIQUE USED IN MAKING MCCOY FILM

Triple-character!

An odd phrase, but it's Hollywood's latest development in the production and presentation of western pictures. The new treatment, which has proved immensely popular, is evident in Col. Tim McCoy's new picture, "The Revenge Rider," coming next Friday, August 9, to the Dixie Theatre in Manassas.

The old method of western picture construction had all the action of the film center around the star. But after constant experimenting, the Columbia studios devised the "triple-character" development to increase

dramatic power and to augment suspense for the audience.

As in "The Revenge Rider," all of the action does not center around Tim McCoy, but cleverly involves two of the supporting players, Robert Allen, ex-Broadway leading man, and Frank Sheridan, veteran stage and screen star.

Allen and Sheridan portray aides to McCoy in helping to devise and carry out strategies against cattle rustlers

suspected of murdering McCoy's sheriff brother. While McCoy pursues his methods of trailing the suspects, Sheridan and Allen contribute important bits of action, making "The Revenge Rider" a three-man, instead of a one-man, action picture.

BREAKFAST

Begins Business

And Makes or Breaks the Day

EVERY morning in his office a man begins doing business on the breakfast that he has eaten that day. If it was a good breakfast, with nice fresh vacuum packed coffee, and other foods that appealed to him, he's all set for a successful day. But if it was one of those unimaginative breakfasts, so like yesterday's and tomorrow's that it's hard for him to remember what he ate, he won't be feeling so peppy and well.

So why not plan your breakfasts in advance, not only for variety's sake, but for the sake of the family budget? That won't be so prosperous either if it's one of those monotonous breakfasts, for the breadwinner of the family won't be able to "bring home the bacon", and that's a mighty nice thing to have, at breakfast especially.

How to Plan Them

The way to plan better breakfasts is, first of all to remember that there are a great variety of fruits in addition to oranges and many kinds of cereals beside oatmeal, that eggs make excellent breakfast dishes but not the only possible ones, and that there are many different kinds of hot breads.

Toast tastes fine—occasionally—but how about muffins, biscuits, Johnny cake, corn sticks, fruit

bread and rolls? And bacon is a grand breakfast meat, but how about chicken or turkey hash, sausages, chipped beef, corned beef, ham and meat loaf, to say nothing of the fish such as codfish balls, tuna, salmon, mackerel, creamed codfish, codfish flakes and fish croquettes? You can see that a great variety is possible in this meal, and to make it even simpler here's

A Sample Breakfast

Prune and Pineapple Bracer
Fried Noodles with Bacon
Johnny Cake
Coffee

The way to make the bracer is to combine two cups of bottled prune juice with the contents of a No. 2 can pineapple juice and one-tablespoon lemon juice. Combine these the night before and let them chill overnight. These proportions will make enough bracer to brace eight.

And, one more word of advice to the busy housewife. This planning of breakfasts with so many different ingredients during a week may seem to you burdensome, but do you realize that a great majority of the ingredients we have mentioned can be bought in convenient canned form?

LARGE FORCE TO MOVE FROM QUANTICO TO SAN DIEGO

Shifts within the Marine Corps which will see the Fleet Force headquarters transferred from Quantico to San Diego and recruits brought from Parris Island to Quantico for training are expected to take place within the next few months.

Plans for moving the Fleet Marine Force headquarters to the West Coast have been drafted by Maj. Gen. John H. Russell, Marine Corps Commandant, and his staff and have been submitted to Admiral Joseph M. Reeves, commander of the fleet, for approval. The transfer involves 50 officers and 600 men.

Two reasons have been advanced for the change. First, officers believe the Fleet Force should be based nearer the fleet with which it operates. The recent war games in the Pacific also are thought to have a strong bearing on the decision.

Secondly, the lack of suitable quarters for officers in the vicinity of Quantico was a large determining factor. Some officers and their families are obliged to live in tourist camps and many commute as much as 45 miles from Washington or 20 or more from Fredericksburg. In San Diego plenty of houses are available within ten minutes ride of the post.

MUST LEAVE STATE FOR BEATING CHILD

Harry Gregory, 37, and his wife, Jean, 19, convicted child-beaters, this week were under a promise to the court in Alexandria to leave the state and stay away two years.

Jail sentences imposed upon them, after they changed their minds about taking a public whipping instead, were suspended by Police Court Judge Reese Duncan after the couple gave the promise that they would get out of the State two years.

Gregory had been sentenced to serve 12 months in jail and his wife was sentenced to serve 60 days.

The whipping of little Rose Mary, three and a half years old, whom they had taken from the Washington Orphanage, attracted wide attention several weeks ago.

Miss Lucy LeGallais has returned from summer school at Williamsburg, Va.

Work is being rapidly pushed on Mr. Walter Menefee's house.

No rain for nearly three weeks and practically none for a whole month. The gardens are beginning to suffer.

The Guild of St. John's will meet next week.

Mr. and Mrs. Cecil Cross have returned from a delightful tour of the West. Mrs. Cross visited her sister whom she had not seen since a child.

ADVANCING FOOD PRICES

Everywhere we are told and figures prove it that food prices have advanced, but wheat flour is really much lower than it was a few months ago.

With bread a staple food, your table need not cost any more than it did then.

You need not stint yourself in the use of bread, biscuits, pastry, and cake.

For best results be sure to use WHITE ROSE FLOUR.

A NOVEL OF THE OLD SOUTH

By H. J. Eckenrole

The story of Buck Musgrave, Southern gentleman, who devoted himself, before the Civil War, to the serious pursuits of life, particularly horse-racing, cock-fighting and hard drinking. The searing changes which the War brought to this son of the Old South, and his changed outlook in the Reconstruction period are presented with dramatic force.

The author is State Historian of Virginia. He knows and understands the people of whom he writes, and he treats of the Musgraves as well as the "poor whites" with honesty and vigor. The manners and customs of the time just before and after the Civil War are presented from a fresh viewpoint in this fine novel of the life, loves and adventures of Buck Musgrave, who betrayed his traditions, but found a renewed and finer life under a new code.
